VOTING PROCEDURES

Your vote is very important. Your shares can only be voted at the Annual Meeting if you are present or represented by proxy. Whether or not you plan to attend the Annual Meeting, you are encouraged to vote by proxy to assure that your shares will be represented. You have a choice of voting by means of the Internet, by using a toll-free telephone number or by completing a proxy card and mailing it in the postage-paid envelope provided. Please refer to your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you. Please be aware that if you vote over the Internet, you may incur costs such as telephone and internet access charges for which you will be responsible. Also note that proxies submitted by telephone or the Internet must be received by 11:59 p.m., EDT, on May 9, 2004.

You may revoke your proxy at any time before it is voted by written notice to the Secretary of the Company, by submission of a proxy bearing a later date or by casting a ballot at the Annual Meeting. Properly executed proxies that are received before the Annual Meeting's adjournment will be voted in accordance with the directions provided. If no directions are given, your shares will be voted by one of the individuals named on your proxy card as recommended by the Board of Directors. If you wish to give a proxy to someone other than those named on the proxy card, you should cross out those names and insert the name(s) of the person(s), not more than four, to whom you wish to give your proxy.

Who can vote? Stockholders as of the close of business on March 26, 2004 are entitled to vote. On that day, 102,610,675 shares of common stock were outstanding and eligible to vote, and there were 117 record holders. Each share is entitled to one vote on each matter presented at the Annual Meeting. A list of stockholders eligible to vote will be available at the offices of Select Medical Corporation, 4716 Old Gettysburg Road, Mechanicsburg, Pennsylvania beginning on April 30, 2004. Stockholders may examine this list during normal business hours for any purpose relating to the Annual Meeting.

How does the board recommend I vote? The board recommends a vote FOR each board nominee and FOR ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors.

What shares are included in the proxy card? Each proxy card you receive represents all the shares of common stock registered to you in that particular account. You may receive more than one proxy card if you hold shares which are either registered differently or in more than one account. Each share of common stock that you own entitles you to one vote.

How do I vote by proxy? Most stockholders have three ways to vote by proxy: by telephone, via the Internet or by returning the proxy card. To vote by telephone or via the Internet, follow the instructions set forth on each proxy card you receive. To vote by mail, sign and date each proxy card you receive, mark the boxes indicating how you wish to vote, and return the proxy card in the postage-paid envelope provided. Do not return the proxy card if you vote via the Internet or by telephone.

How are votes counted? The Annual Meeting will be held if a quorum, consisting of a majority of the outstanding shares of common stock entitled to vote, is represented at the meeting in person or by proxy. If a broker holds your shares in street name, your broker will provide you with instructions on how to vote. Broker non-votes, votes withheld and abstentions will be counted for purposes of determining whether a quorum has been reached. Except for the election of directors, the affirmative vote of the holders of a majority of the shares of common stock present in person or by proxy at the meeting and entitled to vote on a proposal is required to ratify and approve the proposal. Abstentions are counted in tabulations of the votes cast by stockholders on the proposals and will have the effect of a negative vote. Broker non-votes will have no effect on the approval or rejection of any proposal. Directors are elected by a plurality of the votes present or represented by proxy at the meeting and entitled to vote on the election of directors. Because directors are elected by a plurality of the votes cast, abstentions and broker non-votes will not affect their election.

Who will count the vote? The Company's Transfer Agent and Registrar, Mellon Investor Services LLC, will tally the vote.

Who is soliciting this proxy? Solicitation of proxies is made on behalf of the Board of Directors of the Company. The Company will pay the cost of preparing, assembling and mailing the notice of Annual Meeting.

proxy statement and proxy card. The Company will reimburse brokerage houses and other nominees for their expenses in forwarding proxy material to beneficial owners of the Company's common stock.

We have hired Mellon Investor Services LLC to assist with the distribution of proxy materials and the solicitation of votes at a cost of \$7,500, plus out-of-pocket expenses. In addition to solicitation by mail, solicitations may also be made by personal interview, telegram, telefax and telephone, including by members of the Company's management.

What if I can't attend the meeting? If you do not attend the meeting in person and you intend to vote, you must vote your shares by proxy, via the Internet or by telephone by the applicable deadline.

What is householding? If you and other residents at your mailing address own shares of common stock in street name, your broker or bank may have notified you that your household will receive only one annual report and proxy statement for each company in which you hold stock through that broker or bank. This practice is known as householding. Unless you responded that you did not want to participate in householding, you were deemed to have consented to the process. Each stockholder will continue to receive a separate proxy card or voting instruction card.

If you did not receive an individual copy of this year's proxy statement or our annual report, we will send a copy to you if you address a written request to Select Medical Corporation, c/o Investor Relations, 4716 Old Gettysburg Road, P.O. Box 2034, Mechanicsburg, Pennsylvania 17055 or call (717) 972-1100.

If you would like to receive your own set of the Company's future annual report and proxy statement, or if you share an address with another Company stockholder and together both of you would like to receive only a single set of the Company's annual disclosure documents, you should contact your broker or bank or you may contact the Company at the above address and phone number.

CORPORATE GOVERNANCE

Role of the Board of Directors

In accordance with the Delaware General Corporation Law and the Company's Restated Certificate of Incorporation and Amended and Restated Bylaws, the Company's business, property and affairs are managed under the direction of the Board of Directors. Although directors are not involved in the Company's day-to-day operating details, they are kept informed of the Company's business through written reports and documents provided to them regularly, as well as by operating, financial and other reports presented by the officers of the Company at meetings of the Board of Directors and committees of the Board of Directors.

Principles of Corporate Governance

The Board of Directors has undertaken a comprehensive review of the Company's corporate governance practices, committee charters and overall governance structure in light of the Sarbanes-Oxley Act of 2002 and the new rules adopted by the Securities and Exchange Commission (SEC) and the New York Stock Exchange (NYSE). In February 2004, the Board approved Corporate Governance Guidelines for the Company, which address issues responsive to the Sarbanes-Oxley Act and the new SEC and NYSE rules. These Guidelines, which are posted on the Company's Internet website, www.selectmedicalcorp.com, under the caption Corporate Governance, address the following matters, among others: director qualifications, director responsibilities, director orientation and continuing education, director compensation, Board performance evaluation, Board Committees, the conduct of Board and Committee meetings, access to officers and employees, management evaluation and succession planning.

Independence Standards

Pursuant to NYSE rules, at least a majority of the members of the Board are required to be independent directors. In addition, all members of the Audit Committee, Compensation Committee and Nominating & Corporate Governance Committee are required to be independent directors.

Under the independence standards adopted by the Board as required by NYSE rules, a director does not qualify as independent unless the Board affirmatively determines that the director has no material relationship with the Company, either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company. The Board considers such facts and circumstances as it deems relevant to the determination of director independence. To assist it in making its determination regarding independence, the Board considers, at a minimum, the following categorical standards:

No director who is an employee or whose immediate family member is an executive officer of the Company will be considered independent until three years after the end of such employment relationship.

No director who receives or whose immediate family member (as an executive officer of the Company) receives more than \$100,000 per year in direct compensation from the Company (other than director and committee fees and pension or other forms of deferred compensation for prior service, which compensation is not contingent upon continued service) will be considered independent until three years after he or she ceases to receive more than \$100,000 per year in such compensation.

No director who is affiliated with or employed by or whose immediate family member is affiliated with or employed in a professional capacity by a present or former internal or external auditor of the Company will be considered independent until three years after the end of the affiliation or the employment or auditing relationship.

No director who is employed or whose immediate family member is employed as an executive officer of another company where any of the Company's executives serve on that company's compensation committee will be considered independent until three years after the end of such service or employment relationship.

Table of Contents

No director who is an executive officer or an employee or whose immediate family member is an executive officer of a company that makes payments to, or receives payments from, the Company for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues will be considered independent until three years after falling below such threshold.

No director who serves as an executive officer of a charitable organization to which the Company has made charitable contributions in any single fiscal year exceeding the greater of \$1 million or 2% of such charitable organization's consolidated gross revenues will be considered independent until three years after falling below such threshold.

In addition, in accordance with SEC rules, no member of the Audit Committee is considered independent for purposes of Audit Committee service if he or she receives any consulting, advisory or other compensatory fee from the Company (other than director and committee fees and pension or other forms of deferred compensation for prior service, which compensation is not contingent upon continued service) or is otherwise an affiliated person of the Company. Furthermore, (i) each member of the Company's Audit Committee must be financially literate and (ii) at least one member of the Audit Committee must have accounting or related financial management expertise. For purposes of (ii) above, the Board considers any Audit Committee member who in the Board's business judgment satisfies the SEC's definition of audit committee financial expert to have the requisite accounting or related financial management expertise. Each of the independence standards is interpreted and applied by the Board in its business judgment and in a manner consistent with applicable NYSE and SEC guidance.

Applying these standards, which are intended to comply with the NYSE corporate governance rules and all other applicable rules and laws, the Board of Directors has determined that each of the following directors is independent: Russell L. Carson, David S. Chernow, Bryan C. Cressey, James E. Dalton, Jr., Meyer Feldberg, Thomas A. Scully and Leopold Swergold.

The Board of Directors has also determined that while LeRoy S. Zimmerman is not independent under the standards outlined above because he served as an employee of the Company from September 2000 until December 2001, Mr. Zimmerman would be considered independent under the NYSE's transition rule concerning director independence, which expires in November 2004 when the NYSE's three-year look-back provision becomes effective. Mr. Zimmerman's independence may be re-examined by the Board of Directors in January 2005, by which time three years will have passed since the date Mr. Zimmerman was last employed by the Company.

Stockholder Communications

Stockholders who wish to communicate with a member or members of the Board of Directors, including the chairman of the Nominating & Governance Committee or the non-management directors as a group, may do so by addressing their correspondence to the Board member or members, c/o the Secretary, Select Medical Corporation, P.O. Box 2034, Mechanicsburg, PA 17055. The Board of Directors has unanimously approved a process pursuant to which the Secretary will review and forward correspondence to the appropriate person or persons for response.

Recognizing that director attendance at the Company's Annual Meeting can provide the Company's stockholders with a valuable opportunity to communicate with Board members about issues affecting the Company, the Company encourages its directors to attend the Annual Meeting of Stockholders. In 2003, three of the Company's directors attended the Annual Meeting.

Meetings of the Board of Directors

The Board of Directors held eight meetings in 2003. Each of the incumbent directors attended an aggregate of at least 75% of the Board of Directors and committee meetings on which the director served. In addition, the non-management directors regularly meet in executive session without members of management present. In February 2004, the non-management members of the Board determined that each non-

Table of Contents

management member of the Board would alternate serving as presiding director of these executive sessions. The presiding director is responsible for setting the agenda for these executive sessions of non-management directors and for presiding at such meetings.

Committees of the Board of Directors

The Board of Directors has established three standing committees: the Compensation Committee, the Audit Committee and the Nominating & Governance Committee.

Compensation Committee. The Compensation Committee reviews and makes recommendations to the Board of Directors regarding the compensation to be provided to our Executive Chairman, Chief Executive Officer and our directors and reviews compensation arrangements for our other executive officers. The Compensation Committee also administers the Second Amended and Restated 1997 Stock Option Plan and the Amended and Restated 2002 Non-Employee Directors' Stock Option Plan. A copy of the charter of the Compensation Committee is available on the Company's Internet website, www.selectmedicalcorp.com, under the caption Corporate Governance. The Compensation Committee held four meetings during 2003. The compensation committee currently consists of three directors, Messrs. Carson, Cressey and Chernow, with Mr. Carson serving as chairman. The Board has determined that each member of the Compensation Committee is independent.

Audit Committee. The Audit Committee reviews and monitors our corporate financial reporting, external audits, internal control functions and compliance with laws and regulations that could have a significant effect on our financial condition or results of operations. In addition, the Audit Committee has the responsibility to consider and appoint, and to review fee arrangements with, our independent auditors. The Audit Committee also approves all audit and non-audit services to be performed by our independent auditors. In the exercise of these oversight responsibilities, it is not the duty of the Audit Committee to plan or conduct audits or to determine that our financial statements fairly present our financial position and results of operations or are in accordance with generally accepted accounting principles. Instead, such duties remain the responsibility of management and our independent auditors. Additional information about the Audit Committee and its responsibilities is included in the charter of the Audit Committee which is attached to this proxy statement as Appendix A, and is available on the Company's Internet website, www.selectmedicalcorp.com, under the caption Corporate Governance.

The Audit Committee currently consists of Messrs. Cressey, Dalton and Swergold, with Mr. Cressey serving as chairman of the committee. The Board has determined that each member of the Audit Committee is financially literate. The Board has also determined that each of Messrs. Cressey, Dalton and Swergold qualifies as an audit committee financial expert as defined in Item 401(h) of Regulation S-K and, as described above, that each is independent. The Audit Committee held 17 meetings during 2003.

Nominating & Governance Committee. In February 2004, the Board of Directors revised the mandate of the Nominating Committee by changing its name to the Nominating & Governance Committee and expanding its responsibilities to include oversight of the Company's corporate governance policies. Until February 2004, Messrs. Rocco Ortenzio, Robert Ortenzio, Carson and Cressey served as the members of the Nominating Committee. At that time, Messrs. Rocco Ortenzio and Robert Ortenzio resigned from the Committee in order to comply with NYSE and SEC independence rules. The Nominating Committee held one meeting during 2003.

The Nominating & Governance Committee evaluates and recommends candidates to the Board of Directors for membership on the Board, considers candidates for the Board that have been recommended by the Company's stockholders, and recommends candidates to fill vacancies on the Board that occur between annual meetings. The Nominating & Governance Committee is also responsible for oversight of the corporate governance of the Company and for leading the Board of Directors in its annual review of the Board's and management's performance. The Nominating & Governance Committee currently consists of Messrs. Carson and Cressey, both of whom have been determined to be independent by the Board of Directors in accordance with the corporate governance rules of the NYSE. A copy of the charter of the Nominating & Governance

Committee is available on the Company's Internet website, www.selectmedicalcorp.com, under the caption Corporate Governance.

Director Candidates Recommended by Stockholders

It is the policy of the Board of Directors and the Nominating & Governance Committee to consider director candidates recommended by the Company's stockholders. To be considered by the Nominating & Governance Committee, a stockholder recommendation of a director candidate must be made in writing and should be sent to the Nominating & Governance Committee in care of the Secretary, who will be responsible for submitting any recommendations received from stockholders to the Nominating & Governance Committee. In addition to including the name, address and phone number of the individual being recommended, the recommendation should include (i) the name and address of the stockholder making the recommendation, (ii) a representation that the stockholder is a holder of record, which should include the number of shares presently held and how long the shares have been held, and (iii) a description of any and all arrangements or understandings between the stockholder making the recommendation and the director candidate. Only recommendations received at least 90 days but no more than 120 days prior to the first anniversary of the Company's preceding year's annual meeting of stockholders will be considered.

In addition to any other qualifications the Nominating & Governance Committee may in its discretion deem appropriate, all director candidates, at a minimum, (i) should possess the highest personal and professional ethics, integrity and values, (ii) should have substantial experience which is of particular relevance to the Company, and (iii) should have sufficient time available to devote to the affairs of the Company. Each director candidate will be evaluated by the Nominating & Governance Committee based on the same criteria and in the same manner, regardless of whether the candidate was recommended by a Company stockholder or by others.

The Nominating & Governance Committee will conduct the appropriate and necessary inquiries with respect to the backgrounds and qualifications of all director candidates. The members of the Nominating & Governance Committee will also review the independence of each candidate and other qualifications of all director candidates, as well as consider questions of possible conflicts of interest between director candidates and the Company. Once the Nominating & Governance Committee has completed its review of a candidate's qualifications and conducted the appropriate inquiries, the Nominating & Governance Committee will make a determination whether to recommend the candidate for approval by the Board of Directors. If the Nominating & Governance Committee decides to recommend the director candidate for nomination by the Board of Directors and such recommendation is accepted by the Board, the form of proxy solicited by the Company will include the name of the director candidate.

Director Compensation

We do not pay cash compensation to our employee directors; however they are reimbursed for the expenses they incur in attending meetings of the board or board committees. Non-employee directors receive cash compensation in the amount of \$6,000 per quarter, and the following for all meetings attended other than audit committee meetings: \$1,500 per board meeting, \$300 per telephonic board meeting, \$500 per committee meeting held in conjunction with a board meeting and \$1,000 per committee meeting held independent of a board meeting. For each audit committee meeting attended, all members receive \$2,000 per audit committee meeting and \$1,000 per telephonic audit committee meeting. All non-employee directors are also reimbursed for the expenses they incur in attending meetings of the board or board committees. In addition, non-employee directors have been granted options under our Amended and Restated Non-Employee Directors' 2002 Stock Option Plan and will be eligible to receive additional option grants under such plan.

ELECTION OF DIRECTORS

ITEM 1 ON PROXY CARD

The Company's Bylaws provide that the Company's business shall be managed by a Board of Directors of not less than five and not more than ten directors, with the number of directors to be fixed by the Board of Directors from time to time. The number of directors is currently fixed at ten (10) members. The Bylaws also divide the Company's Board of Directors into three classes: Class I, Class II and Class III. The directors in each class serve terms of three years and until their respective successors have been elected and have qualified. There are currently four Class I directors, three Class II directors and three Class III directors.

The term of office of one class of directors expires each year in rotation so that one class is elected at each annual meeting of stockholders for a three year term. The term of the three Class III directors, Russell L. Carson, Rocco A. Ortenzio and Leopold Swergold, will expire at the Annual Meeting.

Director candidates are nominated by the Board of Directors upon the recommendation of the Nominating & Governance Committee. The Nominating & Governance Committee has recommended the election of Russell L. Carson, Rocco A. Ortenzio and Leopold Swergold to the Board of Directors.

At the Annual Meeting, three Class III directors are to be elected. Each of the director nominees is currently a director of the Company. Each nominee has consented to being named as a nominee for director of the Company and has agreed to serve if elected. The directors will be elected to serve for three year terms and until their successors have been elected and have qualified. If any of the nominees should become unavailable to serve at the time of the Annual Meeting, the shares represented by proxy will be voted for any remaining nominees and any substitute nominee(s) designated by the Board of Directors. Director elections are determined by a plurality of the votes cast at the Annual Meeting (in person or by proxy).

If this appointment is not ratified by the stockholders, the Audit Committee may reconsider its appointment.

One or more representatives of PricewaterhouseCoopers are expected to be at the Annual Meeting. They will have an opportunity to make a statement and will be available to respond to appropriate questions.

AUDIT COMMITTEE

REPORT OF THE AUDIT COMMITTEE

OF THE BOARD OF DIRECTORS

Report of the Audit Committee to the Full Board of Directors of Select Medical Corporation.

The Audit Committee consists of three directors each of whom, in the judgment of the Board of Directors, was found to be independent as defined by the listing standards of the NYSE and the standards adopted by the Board. The Audit Committee operates pursuant to a written charter first adopted by the Board of Directors on May 1, 2001, and last amended on February 10, 2004. A copy of the charter is attached as Appendix A to this proxy statement.

The Audit Committee oversees the Company's financial reporting process on behalf of the Company's Board of Directors and has sole authority for the appointment, compensation, oversight, termination and replacement of the Company's independent auditors. Management is responsible for the Company's financial reporting process, including its system of internal control, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements. Our responsibility is to monitor and review these processes. It is not our duty or our responsibility to conduct auditing or accounting reviews or procedures.

We are not employees of the Company and we are not accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, we have relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements. Our oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of our Company's financial statements has been carried out in accordance with generally accepted auditing standards or that our Company's independent accountants are in fact independent.

In fulfilling its oversight responsibilities, the Audit Committee reviewed the Company's earnings releases, quarterly reports on Form 10-Q and the audited financial statements in the Company's 2003 Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America, their judgment as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee discussed with the Company's independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61. The Audit Committee received the written disclosures and the letter from the Company's independent auditors required by Independence Standards Board Standard No. 1. In addition, the Audit Committee reviewed and discussed with the independent auditors all significant relationships with the Company that might affect the auditor's independence, including the provision of non-audit services.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.

Table of Contents

In reliance on the reviews and discussions referred to above, the Audit Committee recommended that the audited financial statements be included in the Annual Report on Form 10-K for fiscal year ended December 31, 2003 for filing with the Securities and Exchange Commission. The Audit Committee has also appointed PricewaterhouseCoopers LLP as the Company's independent auditors for 2004.

EXECUTIVE COMPENSATION
REPORT OF THE COMPENSATION COMMITTEE
OF THE BOARD OF DIRECTORS
ON EXECUTIVE COMPENSATION

Report of the Compensation Committee of the Board of Directors on Executive Compensation

Role of Committee. The Compensation Committee consists of three directors each of whom, in the judgment of the Board of Directors, was found to be independent as defined by the listing standards of the NYSE and the standards adopted by the Board. The Compensation Committee establishes, oversees and directs the Company's executive compensation programs and policies and administers the Company's stock option plans. The Compensation Committee's objectives include (i) attracting and retaining exceptional individuals as executive officers and (ii) providing key executives with motivation to perform to the full extent of their abilities, to maximize Company performance and deliver enhanced value to the Company's stockholders.

The Compensation Committee reviews and approves generally all compensation and fringe benefit programs of the Company and also reviews and determines the actual compensation of the Company's executive officers, as well as all stock option grants and cash incentive awards to all key employees. The Compensation Committee also reviews and makes recommendations to the Board of Directors on policies and programs for the development of management personnel and management structure and organization.

Components of Executive Compensation. Executive compensation consists primarily of an annual salary, annual incentive bonuses conditioned upon the performance of the Company and long-term equity-based compensation in the form of stock options. The Compensation Committee believes that it is important to place a significant portion of an executive officer's total compensation at risk by tying executive officers' compensation directly to the performance of the Company.

Annual Salary. An executive officer's annual salary is established initially on the basis of subjective factors, including experience, individual achievements and the level of responsibility assumed at the Company. The Compensation Committee reviews an executive officer's annual salary periodically and makes adjustments based on each executive officer's past performance, expected future contributions, and the scope and nature of the responsibilities of the executive officer, including changes in responsibilities and market compensation practices. For certain of our executive officers, including our Executive Chairman and our Chief Executive Officer, annual salary is determined based on their respective employment agreements, subject to adjustments made from time to time at the discretion of the Compensation Committee.

Annual Incentive Bonus. The Compensation Committee believes that a portion of an executive officer's compensation should be tied to the achievement of the Company's performance goals in the form of an annual incentive bonus, in order to reward individual performance and overall Company success. In 2003, the Compensation Committee approved the Company's 2003 annual incentive compensation plan, which set forth an annual target bonus award for seven of the Company's executive officers, including the Company's five most highly compensated executive officers, as a percentage of each officer's base salary. The amount of the bonus paid to each executive officer was based on two financial performance-based targets for the Company, Return on Equity (ROE) and Earnings per Share (EPS), and the amount by which the Company's performance in 2003 exceeded those targets. Each executive officer participating in the plan was eligible to receive a multiple of their respective target bonus award. The multiple was determined by a matrix under which the multiple increased as the Company exceeded the performance targets by greater amounts, up to a maximum of 250% of each executive officer's target bonus award. An executive officer's target bonus award, together with those payable to other participating executive officers, could also be decreased proportionately based upon performance levels below the targeted levels of ROE and EPS for 2003 established by the Compensation Committee. For 2003, the Company's ROE and EPS exceeded target levels in an amount that resulted in a bonus payout equal to 250% of the target bonus award for each of the seven executive officers eligible to participate in the plan.

Table of Contents

Equity-Based Compensation. In addition to annual salaries and annual incentive bonuses, the Compensation Committee also grants stock options to executive officers and other key employees of the Company and its subsidiaries in order to focus the efforts of these employees on the long-term enhancement of profitability and stockholder value. Stock option grants allow executive officers to acquire shares of the Company's common stock at the fair market value in effect on the date of grant and in some cases vest over a specified period as determined by the Compensation Committee. In the case of options subject to vesting, the stock option will provide a return to the executive only if he or she remains an employee of the Company until the stock option has vested, and then only if the market value of the stock appreciates over the term of the stock option. The table entitled "Option Grants During the Year Ended December 31, 2003" summarizes the stock options granted during 2003 to the Company's five most highly compensated executive officers.

Executive Chairman Compensation. Rocco A. Ortenzio has served as Executive Chairman since September 2001. Mr. Ortenzio's compensation during 2003 was based in part on the employment agreement entered into in March 2000, which has subsequently been amended on August 8, 2000, February 23, 2001, April 24, 2001 and September 17, 2001. In 2003, Mr. Ortenzio was paid an annual salary of \$824,000, and was eligible to receive bonus compensation and stock options as determined by the Compensation Committee. In accordance with the Company's 2003 annual incentive compensation plan described above, Mr. Ortenzio had a target bonus opportunity equal to 80% of his annual salary, with the opportunity for a greater bonus to the extent the Company's performance exceeded the ROE and EPS targets established by the Compensation Committee. Under the plan, based upon the Company's 2003 performance, Mr. Ortenzio was paid a bonus equal to 250% of his target bonus opportunity, and therefore received a cash incentive bonus in the amount of \$1,648,000. During 2003, Mr. Ortenzio also was granted stock options to purchase 3,550,000 shares of our common stock. The use of stock options as a portion of Mr. Ortenzio's compensation accomplishes the Compensation Committee's objective that a significant portion of our executive's compensation be at risk and dependent upon our stock performance.

Chief Executive Officer Compensation. Robert A. Ortenzio has served as our President and Chief Executive Officer since September 2001. Mr. Ortenzio's compensation during 2003 was based in part on the employment agreement entered into in March 2000, which has subsequently been amended on August 8, 2000, February 23, 2001, and September 17, 2001. In 2003, Mr. Ortenzio was paid an annual salary of \$824,000, and was eligible to receive bonus compensation and stock options as determined by the Compensation Committee. In accordance with the Company's 2003 annual incentive compensation plan described above, Mr. Ortenzio had a target bonus opportunity equal to 80% of his annual salary, with the opportunity for a greater bonus to the extent the Company's performance exceeded the ROE and EPS targets established by the Compensation Committee. Under the plan, based upon the Company's 2003 performance, Mr. Ortenzio was paid a bonus equal to 250% of his targeted bonus opportunity, and therefore received a cash incentive bonus in the amount of \$1,648,000. During 2003, Mr. Ortenzio also was granted stock options to purchase 2,060,000 shares of our common stock. The use of stock options as a portion of Mr. Ortenzio's compensation accomplishes the Compensation Committee's objective that a significant portion of our executive's compensation be at risk and dependent upon our stock performance.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), limits our ability to deduct compensation in excess of \$1,000,000 paid during a tax year individually to our executive officers at year end. Certain performance-based compensation is not subject to such deduction limit. Awards of stock options under our Second Amended and Restated 1997 Stock Option Plan are designed to meet the criteria of performance-based compensation that is fully deductible under Code Section 162(m).

- (a) The options granted to employees are either incentive stock options or nonqualified stock options and (other than those granted to Rocco A. Ortenzio and Robert A. Ortenzio) generally vest over five years at the rate of 20% of the shares subject to the option per year. The options granted in 2003 to Robert A. Ortenzio vest over three years at the rate of 33.33% of the shares subject to the option per year, and all options granted in 2003 to Rocco A. Ortenzio are currently exercisable. Unvested options lapse upon termination of employment. Options expire ten years from the date of grant.
- (b) We granted options at an exercise price equal to or greater than the fair market value of our common stock on the date of grant, as determined by our Board of Directors.
- (c) Based on the Black-Scholes option pricing model adapted for use in valuing executive stock options. The actual value, if any, an executive may realize will depend upon the excess of the stock price over the exercise price on the day the option is exercised, so there is no assurance that the value realized by an executive will be at or near the value estimated by the Black-Scholes model. The estimated values under that model are based on assumptions as to certain variables, including the following: (i) stock price volatility is assumed to be 45%; (ii) the assumed weighted average risk-free rate of return varies based upon the term and vesting period of the option. The rates range from 2.44% to 3.72%; (iii) dividend yield is assumed to be 0%; and (iv) an expected life of 4 years from each vesting date.

Employment Agreements

In March 2000, we entered into three-year employment agreements with three of our executive officers, Rocco A. Ortenzio, Robert A. Ortenzio and Patricia A. Rice. These agreements were amended on August 8, 2000, February 23, 2001, and, with respect to Rocco Ortenzio, April 24, 2001, and, with respect to Messrs. Rocco and Robert Ortenzio, September 17, 2001. Under these agreements, Messrs. Rocco and Robert Ortenzio are to be paid an annual salary of \$800,000 and Ms. Rice is to be paid a salary of \$500,000, subject to adjustment by our Board of Directors. In addition, these executives are eligible for bonus compensation. The employment agreements also provide that the executive officers will receive long term disability insurance. In the event Rocco A. Ortenzio's employment is terminated due to his disability, we must make salary continuation payments to him equal to 100% of his annual base salary for ten years after his date of termination or until he is physically able to become gainfully employed in an occupation consistent with his education, training and experience. We are also obligated to make disability payments to Robert A. Ortenzio and Patricia A. Rice for the same period; however, payments to them must equal 50% of their annual base salary. In addition, Rocco A. Ortenzio and Robert A. Ortenzio are each entitled to six weeks paid vacation. Patricia A. Rice is entitled to four weeks paid vacation.

Under the terms of each of these executive officers' employment agreements, their employment term began on March 1, 2000 and expired on March 1, 2003. At the end of each 12-month period beginning March 1, 2000, however, the term of each employment agreement automatically extends for an additional year unless one of the executives or we give written notice to the other not less than three months prior to the end of that 12-month period that we or they do not want the term of the employment agreement to continue. Each of these agreements was extended for an additional year on March 1, 2001, March 1, 2002, March 1, 2003 and March 1, 2004. Thus, in the absence of written notice given by one of the executives or us, the remaining term of each employment agreement will be three years from each anniversary of March 1, 2000. In each employment agreement, for the term of the agreement and for two years after the termination of employment, the executive may not participate in any business that competes with us within a twenty-five mile radius of any of our hospitals or outpatient rehabilitation clinics. The executive also may not solicit any of our employees for one year after the termination of the executive's employment.

These three employment agreements also contain a change of control provision. If, within the one-year period immediately following a change of control of Select, we terminate Rocco A. Ortenzio or Robert A. Ortenzio without cause or Rocco A. Ortenzio or Robert A. Ortenzio terminates his employment agreement for any reason, we are obligated to pay them a lump sum cash payment equal to their base salary plus bonus for the previous three completed calendar years. If, within the one-year period immediately following a change of control of Select, Patricia A. Rice terminates her employment for certain specified reasons or, within the five-year period immediately following a change of control, is terminated without cause, has her compensation reduced from that in effect prior to the change of control or is relocated to a location more than 25 miles from Mechanicsburg, Pennsylvania, we are obligated to pay her a lump sum cash payment equal to her base salary plus bonus for the previous three completed calendar years. In addition, if any of these executives are terminated within one year of a change of control, all of their unvested and unexercised stock options will vest as of the date of termination. A change in control is generally defined to include the following: the acquisition by a person or group, other than our current stockholders who own 12% or more of the common stock, of more than 50% of our total voting shares; a business combination following which there is an increase in share ownership by any person or group, other than the executive or any group of which the executive is a part, by an amount equal to or greater than 33% of our total voting shares; our current directors, or any director elected after the date of the respective employment agreement whose election was approved by a majority of the then current directors, cease to constitute at least a majority of our board; a business combination following which our stockholders cease to own shares representing more than 50% of the voting power of the surviving corporation; or a sale of substantially all of our assets other than to an entity controlled by our stockholders

Table of Contents

prior to the sale. Notwithstanding the foregoing, no change in control will be deemed to have occurred unless the transaction provides our stockholders with consideration equal to or greater than \$3.26 per share of common stock. Otherwise, if any of the executives' services are terminated by us other than for cause or they terminate their employment for good reason, we are obligated to pay them a pro-rated bonus for the year of termination equal to the product of the target bonus established for that year, or if no target bonus is established the bonus paid or payable to them for the year prior to their termination, in either case multiplied by the fraction of the year of termination they were employed. In addition, we would also be obligated to pay these executives their base salary as of the date of termination for the balance of the term of the agreement. Finally, all vested and unexercised stock options will vest immediately.

Under previous amendments to Rocco A. Ortenzio's senior management and employment agreements, we were obligated to pay premiums on life insurance policies held in the Rocco A. Ortenzio Irrevocable Trust, provided that Mr. Ortenzio remained an employee, director, consultant, advisor or independent contractor of ours. We were obligated under these arrangements to pay \$1.25 million in premiums for each of the years 2001 through 2010. Beginning in October 2002, after the enactment of the Sarbanes-Oxley Act of 2002, we suspended the premium payments that we were obligated to make pending clarification regarding the legality of making these payments. Under a related collateral assignment agreement, upon Mr. Ortenzio's death, or if the trust surrendered these policies, we were entitled to be repaid, at our election, by the trust for the amount of the premiums we have paid over the life of the policies. On December 10, 2003, we entered into a Termination of Collateral Assignment Split-Dollar Agreement by which the split dollar agreement and the collateral assignment agreement were terminated and the premiums paid by us on Mr. Ortenzio's behalf were refunded to us.

We previously entered into a deferred compensation agreement with Rocco A. Ortenzio, pursuant to which Mr. Ortenzio deferred all of his compensation, including his salary and bonus, earned between March 1, 1997 and December 31, 2000. This amount accrued interest at a rate of 6% from March 1, 1997 to December 31, 1999, and no interest thereafter. On December 22, 2003, we entered into a mutual termination agreement by which the deferred compensation agreement was terminated and all amounts credited to his account under the agreement were paid to Mr. Ortenzio on or before December 26, 2003.

In June 1997, we entered into a senior management agreement with S. Frank Fritsch, which remains in effect until terminated by either us or Mr. Fritsch. Under this agreement, Mr. Fritsch is entitled to an annual salary of \$130,000, subject to adjustment from time to time by the Compensation Committee. The Compensation Committee has increased Mr. Fritsch's salary on several occasions subsequent to entering that agreement. The Compensation Committee may also in its discretion award incentive compensation to Mr. Fritsch. Further, Mr. Fritsch is entitled to any employment and fringe benefits under our policies as they exist from time to time and which are made available to our senior executive employees. During the employment term and for two years after the termination of his employment, Mr. Fritsch may not solicit any of our customers or employees or participate in any business that competes with us in the United States.

In March 2000, we entered into change of control agreements with Mr. Fritsch and Martin F. Jackson, which were each amended on February 23, 2001. These agreements provide that if within a five-year period immediately following a change of control of the Company, we terminate Mr. Fritsch or Mr. Jackson without cause, reduce either of their compensation from that in effect prior to the change of control or relocate Mr. Fritsch or Mr. Jackson to a location more than 25 miles from Mechanicsburg, Pennsylvania, we are obligated to pay the affected individual a lump sum cash payment equal to his base salary plus bonus for the previous three completed calendar years. If at the time we terminate Mr. Fritsch or Mr. Jackson without cause or Mr. Fritsch or Mr. Jackson terminates his employment for good reason in connection with a change in control, Mr. Fritsch or Mr. Jackson has been employed by us for less than three years, we must pay the terminated individual three times his average total annual cash compensation (base salary and bonus) for his years of service. In addition, the agreements provide that all unvested stock options will vest upon termination. A change in control has the same definition as in the employment agreements of Rocco A. Ortenzio, Robert A. Ortenzio and Patricia A. Rice, as described above.

APPENDIX A

SELECT MEDICAL CORPORATION

AUDIT COMMITTEE CHARTER

PURPOSE

The primary function of the Audit Committee is to assist the Board of Directors in the oversight of the integrity of the Corporation's financial statements, the Corporation's compliance with legal and regulatory requirements, the independent accountant's qualifications and independence and the performance of the Corporation's internal audit function and independent accountants. The Audit Committee shall also prepare the Audit Committee Report required by the Securities and Exchange Commission (the "SEC") to be included in the Corporation's annual proxy statement.

The Audit Committee shall fulfill its oversight responsibilities by reviewing the following: the financial reports and other financial information provided by the Corporation to its shareholders, the SEC and others; the Corporation's systems of internal controls regarding finance, accounting, legal compliance and business conduct that Management and the Board have established; and the Corporation's auditing, accounting and financial processes generally. Consistent with this function, the Audit Committee should encourage continuous improvement of and adherence to these processes and systems. The Audit Committee's primary duties and responsibilities are to:

serve as an independent and objective party to monitor the Corporation's financial reporting process and internal control systems;

review⁽¹⁾ and appraise the audit efforts of the Corporation's independent accountants and exercise ultimate authority over the relationship between the Corporation and its independent accountants; and

provide an open avenue of communication among the independent accountants, financial and senior Management and the Board of Directors.

In the exercise of its oversight responsibilities, it is not the duty of the Committee to plan or conduct audits or to determine that the Corporation's financial statements fairly present the Corporation's financial position and results of operation and are in accordance with generally accepted accounting principles. Instead, such duties remain the responsibility of Management and the outside auditor. Nothing contained in this charter is intended to alter or impair the operation of the business judgment rule as interpreted by the courts under the Delaware General Corporation Law. Further, nothing contained in this charter is intended to alter or impair the right of the members of the Committee under the Delaware General Corporation Law to rely, in discharging their responsibilities, on the records of the Corporation and on other information presented to the Committee, Board or the Corporation by its officers or employees or by outside experts.

COMPOSITION OF THE AUDIT COMMITTEE

The Committee shall consist of three members of the Board. The members shall be appointed by action of the Board and shall serve at the discretion of the Board. The Board shall designate one member of the Committee to serve as its chair. With respect to each Committee member, the Board shall affirmatively determine that the member satisfies the requirements for independence imposed by the New York Stock

¹ Auditing literature, particularly, Statement of Accounting Standards No. 71, defines the term "review" to include a particular set of required procedures to be undertaken by independent accountants. The members of the Audit Committee are not independent accountants, and the term "review" as used in this Audit Committee Charter is not intended to have this meaning. Consistent with footnote 47 of SEC Release No. 34-42266, any use in this Audit Committee Charter of the term "review" should not be interpreted to suggest that the Committee members can or should follow the procedures required of auditors performing reviews of interim financial statements.

Table of Contents

Exchange or other appropriate governing body, Section 10A(m)(3) of the Securities Exchange Act of 1934 (the Exchange Act), and all rules and regulations promulgated thereunder by the SEC. Each Committee member must be financially literate, as defined by the Board in its business judgment, or must be able to become financially literate within a reasonable period of time after his or her appointment to the Committee. The Audit Committee chair must have accounting or related financial management expertise, as defined by the Board in its business judgment. If an Audit Committee member simultaneously serves on the audit committee of more than three public companies, the Board must determine that such simultaneous service does not impair the ability of such member to serve effectively on the Committee and must disclose such determination in the annual proxy statement.

Determination of the true, actual and effective independence of any Audit Committee member that has or had some relationship with the Corporation, will be made by the Board of Directors in accordance with the requirements of the New York Stock Exchange and the SEC, with weight given to both prudent principles and appearances.

The Audit Committee shall be designated and its membership appointed in accordance with and subject to the Corporation's Bylaws.

MEETINGS

The Committee shall meet at least four times annually, or more frequently as circumstances dictate. As part of its job to foster open communication, the Committee should meet at least four times annually with Management, the independent accountants and the internal auditors in separate executive sessions to discuss any matters that the Committee believes should be discussed privately. In addition, the Committee, or at least its Chair, should meet with the independent accountants and Management quarterly in advance of any earnings press release to review the Corporation's financials consistent with its responsibilities and duties.

The Committee shall report to the Board of Directors at each regularly scheduled Board meeting on significant results of its activities.

The Committee shall have the authority to establish its own rules and procedures consistent with the Bylaws of the Corporation for notice and conduct of its meetings, should the Committee, in its discretion, deem it desirable to do so.

The Committee may, in its discretion, utilize the services of the Corporation's regular corporate legal counsel with respect to legal matters or, at its discretion, retain other legal, accounting or other advisors if the Committee determines that such counsel is necessary or appropriate under the circumstances. The Audit Committee shall have sole authority to approve all fees and terms of engagement of such advisors, and the Corporation shall provide sufficient funding for the payment of any such advisors retained by the Committee.

RESPONSIBILITIES AND DUTIES

To fulfill its responsibilities and duties, the Audit Committee shall:

Documents/ Reports Review

Discuss with Management and the independent accountants the Corporation's annual and interim financial statements, earnings press releases, earnings guidance and any reports or other financial information submitted to the shareholders, the SEC, analysts, rating agencies and others, including any certification, report, opinion or review rendered by the independent accountants.

Review the regular internal reports to Management prepared by the internal auditors and Management's response.

Independent Accountants

Have sole authority for the appointment, compensation, retention, oversight, termination and replacement of the Corporation's independent accountants (subject, if applicable, to stockholder ratification). Such appointment shall satisfy Sections 10A(j) and (l) of the Exchange Act and any rules promulgated thereunder with respect to audit partner rotation and conflict of interest, respectively. The independent accountants shall report directly to the Audit Committee. The Corporation shall provide sufficient funding for the payment of the independent accountants.

Pursuant to Section 10A(i)(1) of the Exchange Act, pre-approve all auditing services and all non-audit services to be provided by the independent accountants, provided that the Audit Committee shall not approve any prohibited non-audit services set forth in Section 10A(g) of the Exchange Act.

Periodically, the Committee should review and discuss with the independent accountants all significant relationships such accountants have with the Corporation which might affect their independence. In connection with this review, the independent accountants shall provide the Committee with a written statement delineating all relationships between the independent accountants and the Corporation.

Review the performance of the independent accountants with both Management and the independent accountants.

Subject to the overall direction of the Audit Committee, the internal audit function will be managed on a day-to-day operational basis by the Chief Executive Officer.

Periodically meet with the independent accountants separately and privately to hear their views on the adequacy of the Corporation's internal controls, any special audit steps adopted in light of material control deficiencies and the qualitative aspects of the Corporation's financial reporting, including the quality and consistency of both accounting policies and the underlying judgments, or any other matters raised by them.

Obtain and review a report from the independent accountants at least annually regarding (a) the independent accountants' internal quality-control procedures, (b) any material issues raised by the most recent quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm, (c) any steps taken to deal with any such issues, and (d) all relationships between the independent accountants and their related entities and the Corporation and its related entities.

Financial Reporting Processes

Review with financial Management and the independent accountants the quality and consistency, not just the acceptability, of the judgments and appropriateness of the accounting principles and financial disclosure practices used by the Corporation, including an analysis of the effects of any alternative GAAP methods on the financial statements. This discussion shall cover the degree of aggressiveness or conservatism of both the accounting principles employed and the underlying judgments.

Approve any significant changes to the Corporation's auditing and accounting principles and practices after considering the advice of the independent accountants and Management.

Focus on the reasonableness of control processes for identifying and managing key business, financial and regulatory reporting risks.

Discuss with Management the Corporation's major financial risk exposures and the steps Management has taken to monitor and control such exposures, including the Corporation's risk assessment and risk management policies.

Periodically meet with appropriate representatives of Management and the internal auditors separately and privately to consider any matters raised by them, including any audit problems or difficulties and Management's response.

Table of Contents

Periodically review the effect of regulatory and accounting initiatives, as well as any off-balance sheet structures, on the financial statements of the Corporation.
