**Report of Independent Registered Public Accounting Firm**

To the Participants and Administrator of the  
Unicare Savings Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Unicare Savings Plan (the Plan) at December 31, 2004 and 2003, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at Year End) at December 31, 2004 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting standards generally accepted in the United States of America.

**Valuation of Trust Investments and Income Recognition**

Shares of participation in the various funds, other than the PRIMCO Interest Income Fund, are valued based on quoted market prices as of the last business day of the year. The guaranteed investment contracts and the synthetic guaranteed investment contracts in the PRIMCO Interest Income Fund are stated at contract value, which approximates fair value.

Purchases and sales of securities are reflected as of the trade date. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. The average cost basis is used in determining gain or loss on Trust investments sold.

The Plan presents in the Statement of Changes in Net Assets Available for Plan Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

**Benefit Payments**

Benefit payments are recorded when paid.

**Administrative Expenses**

Investment management fees for all funds, excluding the Unilever N.V. Stock Fund, are paid by the Plan. All other administrative expenses are paid by the Company.

**Use of Estimates**

The preparation of financial statements in conformity with accounting standards generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent

## Unicare Savings Plan

### Notes to Financial Statements

December 31, 2004 and 2003

assets and liabilities at the date of the financial statements. These significant estimates include fair market values of investments. Actual results could differ from those estimates.

### Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits.

The Trust is exposed to credit loss in the event of non-performance by the companies with whom guaranteed investment contracts are placed. However, the Plan administrator does not anticipate non-performance by these companies. The Plan administrator believes that the risk to the Trust portfolio from credit loss is not material due to the diversified nature of the assets held.

### 3. Tax Status of the Plan

The Plan received a favorable tax determination letter, effective August 4, 2003, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

### 4. Investments Held by the Trust

The Trust primarily comprises the assets of the Unicare Savings Plan. The Trust also holds investments for a number of other Plans sponsored by subsidiaries of Unilever United States, Inc. The Plan has an undivided interest in certain assets of the Trust and sole interests in other assets of the Trust. Certain investment assets of the Trust and related earnings are allocated to the Plans participating in the Trust based upon the total of each individual participant's share of the Trust. On an overall basis, the Plan has a 92% and 91% interest in the investments of the Trust as of December 31, 2004 and 2003, respectively.

The Plan's approximate share of investments held by the Trust at December 31, 2004 and 2003 were as follows:

**5. Transactions with Related Parties and Parties-in-Interest**

The Unilever N.V. Stock Fund invests in shares of Unilever N.V. Stock. This fund is designed as a means of employees to participate in the potential long-term growth of Unilever.

Certain Trust investments consist of units in investment funds managed by Fidelity. Fidelity owns these investment funds, and is a party-in-interest as defined by ERISA. In the opinion of the Plan administrator, fees paid during the year for services rendered by parties-in-interest were based on customary and reasonable rates for such services.

**6. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, the participant's rights to their accrued benefits are nonforfeitable. Any unallocated assets of the plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

**7. Subsequent Events**

Effective as of the close of business on April 29, 2005, the Company has changed investment options of the Plan. All participant account balances on that date in Capital Guardian International Equity Fund and Capital Guardian Emerging Markets Fund were transferred to the Fidelity Select International Equity Portfolio and the Smith Barney Emerging Market Equity Fund Institutional (Y Class), respectively.
