Form 10-Q

August 11, 2016

UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-Q

☒ QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended July 3, 2016

or

☐ TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number: 001-11796

Masonite International Corporation

(Exact name of registrant as specified in its charter)

British Columbia, Canada 98-0377314

(State or other jurisdiction of (I.R.S. Employer
incorporation or organization) Identification No.)

2771 Rutherford Road

Concord, Ontario L4K 2N6 Canada

(Address of principal executive offices)

(800) 895-2723

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See the definitions of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☒

Accelerated filer

☐

Non-accelerated filer ☐ (Do not check if a smaller reporting company) Smaller reporting company ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

Indicate the number of shares outstanding of each of the issuer's classes of common stock, as of the latest practicable date:

The registrant had outstanding 30,581,543 shares of Common Stock, no par value, as of August 8, 2016.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q contains "forward-looking statements" within the meaning of the federal securities laws, including, without limitation, statements concerning the conditions in our industry, our operations, our economic performance and financial condition, including, in particular, statements relating to our business and growth strategy and product development efforts under "Management's Discussion and Analysis of Financial Condition and Results of Operations." Forward-looking statements include all statements that do not relate solely to historical or current facts and can be identified by the use of words such as "may," "might," "will," "should," "estimate," "project," "plan," "anticipate," "expect," "intend," "outlook," "believe" and other similar expressions. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of their dates. These forward-looking statements are based on estimates and assumptions by our management that, although we believe to be reasonable, are inherently uncertain and subject to a number of risks and uncertainties. These risks and uncertainties include, without limitation, those identified under "Risk Factors" in our Annual Report on Form 10-K for the year ended January 3, 2016, and elsewhere in this Quarterly Report.

The following list represents some, but not necessarily all, of the factors that could cause actual results to differ from historical results or those anticipated or predicted by these forward-looking statements:

- our ability to successfully implement our business strategy;
- general economic, market and business conditions;
- levels of residential new construction; residential repair, renovation and remodeling; and non-residential building construction activity;
- the United Kingdom referendum to exit the European Union;
- competition;
- our ability to manage our operations including integrating our recent acquisitions and companies or assets we acquire in the future;
- our ability to generate sufficient cash flows to fund our capital expenditure requirements, to meet our pension obligations, and to meet our debt service obligations, including our obligations under our senior notes and our ABL Facility;
- labor relations (i.e., disruptions, strikes or work stoppages), labor costs and availability of labor;
- increases in the costs of raw materials or any shortage in supplies;
- our ability to keep pace with technological developments;
- the actions taken by, and the continued success of, certain key customers;
- our ability to maintain relationships with certain customers;
- new contractual commitments;
- the ability to generate the benefits of our restructuring activities;
- retention of key management personnel;
- environmental and other government regulations;
- our levels of indebtedness, including our obligations under our senior notes and our ABL Facility;
- limitations on operating our business as a result of covenant restrictions under our existing and future indebtedness, including our senior notes and our ABL Facility; and
- our ability to repurchase our senior notes upon a change of control.

We caution you that the foregoing list of important factors is not exclusive. In addition, in light of these risks and uncertainties, the matters referred to in the forward-looking statements contained in this Quarterly Report may not in fact occur. We undertake no obligation to publicly update or revise any forward-looking statement as a result of new information, future events or otherwise, except as otherwise required by law.

MASONITE INTERNATIONAL CORPORATION

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. Business Overview and Significant Accounting Policies

Unless we state otherwise or the context otherwise requires, references to "Masonite," "we," "our," "us" and the "Company" in these notes to the condensed consolidated financial statements refer to Masonite International Corporation and its subsidiaries.

Description of Business

Masonite International Corporation is one of the largest manufacturers of doors in the world, with significant market share in both interior and exterior door products. Masonite operates 64 manufacturing locations in 9 countries and sells doors to customers throughout the world, including the United States, Canada and the United Kingdom.

Basis of Presentation

We prepare these unaudited condensed consolidated financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") and applicable rules and regulations of the U.S. Securities and Exchange Commission ("SEC") regarding interim financial reporting. Accordingly, they do not include all of the information and notes required by GAAP for annual financial statements. In the opinion of management, all adjustments consisting of normal and recurring entries considered necessary for a fair presentation of the results for the interim periods presented have been included. All significant intercompany balances and transactions have been eliminated. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts in the financial statements and accompanying notes. These estimates are based on information available as of the date of the unaudited condensed consolidated financial statements; therefore, actual results could differ from those estimates. Interim results are not necessarily indicative of the results for a full year.

These unaudited condensed consolidated financial statements should be read in conjunction with the Company's Annual Report on Form 10-K for the fiscal year ended January 3, 2016, as filed with the SEC. There have been no changes in the significant accounting policies from those that were disclosed in the fiscal year 2015 audited consolidated financial statements, other than as noted below.

Our fiscal year is the 52- or 53-week period ending on the Sunday closest to December 31. In a 52-week year, each fiscal quarter consists of 13 weeks. For ease of disclosure, the 13- and 26-week periods are referred to as three- and six-month periods, respectively.

Changes in Accounting Standards and Policies

Adoption of Recent Accounting Pronouncements

In March 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2016-09, "Improvements to Employee Share-Based Payment Accounting", which amends ASC 718 "Compensation - Stock Compensation". This ASU simplifies several aspects of the accounting for employee share-based award transactions, including the accounting for income taxes, forfeitures, and statutory tax withholding requirements, as well as classification in the statement of cash flows. Under the ASU, an entity recognizes all excess tax benefits and tax deficiencies resulting from the exercise or vesting of a share-based award to an employee. It also allows an entity

to elect, as an accounting policy, either to continue to estimate forfeitures of share-based awards (as was previously required) or to account for forfeitures when they occur. Additionally, the ASU modifies the current exception to liability classification of an award when an employer uses a net-settlement feature to withhold shares to meet the employer's minimum statutory tax withholding requirement. This ASU is effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years; early adoption is permitted and varying types of application are required for the different aspects of the standard. We have adopted this guidance as of April 4, 2016. The aspect of the standard dealing with excess tax benefits and tax deficiencies was adopted using the modified-retrospective method, and resulted in an increase to previously-presented retained earnings of \$34.4 million as of January 3, 2016. It also resulted in a \$6.2 million income tax benefit recorded in the three months ended July 3, 2016; there was no impact on previously-

Table of Contents

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

presented income tax expense (benefit) for the three months ended April 3, 2016. As a result of the adoption of this standard, we have elected to account for forfeitures when they occur. The forfeitures aspect of the standard and the tax withholding aspect of the standard have each been adopted using a modified retrospective approach and had no impact on any previously-presented amounts. All other aspects of the standard were adopted using a retrospective approach and had no impact on any previously-presented amounts.

In September 2015, the FASB issued ASU 2015-16, "Simplifying the Accounting for Measurement-Period Adjustments," which amends ASC 805, "Business Combinations." This ASU eliminates the requirement to retrospectively account for measurement-period adjustments and instead recognize such adjustments in the reporting period in which the adjustments are determined. This ASU is effective for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years; early adoption is permitted and prospective application is required. The adoption of this standard did not have a material impact on the presentation of our financial statements. In April 2015, the FASB issued ASU 2015-04, "Practical Expedient for the Measurement Date of an Employer's Defined Benefit Obligation and Plan Assets." This ASU provides a practical expedient option to entities that have defined benefit plans and have a fiscal year end that does not coincide with a calendar month end. This ASU allows an entity to elect to measure defined benefit plan assets and obligations using the calendar month-end that is closest to its fiscal year end. This ASU is effective for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years; early adoption is permitted and prospective application is required. The adoption of this standard did not have a material impact on the presentation of our financial statements.

In February 2015, the FASB issued ASU 2015-02, "Amendments to the Consolidation Analysis," which amended ASC 810, "Consolidation." This ASU modifies the evaluation of whether limited partnerships are variable interest entities ("VIEs") and affects the consolidation analysis of reporting entities that are involved with VIEs, particularly those that have fee arrangements and related party relationships. This ASU is effective for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years; early adoption is permitted and either full retrospective or modified retrospective application is required at the entity's option. The adoption of this standard did not have a material impact on the presentation of our financial statements.

Other Recent Accounting Pronouncements not yet Adopted

In February 2016, the FASB issued ASU 2016-02, "Leases (Topic 842)", which will replace the existing guidance in ASC 840, "Leases." The updated standard aims to increase transparency and comparability among organizations by requiring lessees to recognize lease assets and lease liabilities on the balance sheet and requiring disclosure of key information about leasing arrangements. This ASU is effective for annual periods beginning after December 15, 2018, and interim periods within those annual periods; early adoption is permitted and modified retrospective application is required. We are in the process of evaluating this guidance to determine the impact it will have on our financial statements.

2. Acquisitions and Dispositions

2015 Acquisitions

On October 1, 2015, we completed the acquisition of USA Wood Door, Inc. ("USA Wood Door"), based in Thorofare, New Jersey. We acquired 100% of the equity interests in USA Wood Door for consideration of approximately \$13.7

million, net of cash acquired. USA Wood Door is a supplier of architectural and commercial wood doors in the Eastern United States providing door and hardware distributors with machining, resizing and value-added additions to both unfinished and prefinished doors in short lead times. The excess purchase price over the fair value of net assets acquired of \$8.9 million was allocated to goodwill and relates to the Architectural segment. The goodwill principally represents the anticipated synergies to be gained from the integration into our existing Architectural door business. Under Section 338 of the Internal Revenue Code, the acquisition was treated as if it was an asset purchase. Generally, the tax basis of the assets will equal the fair market value at the time of the acquisition and the goodwill is deductible for tax purposes. The USA Wood Door acquisition acts as an extension of our distribution network in North America.

Table of ContentsNOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

On August 5, 2015, we completed the acquisition of Hickman Industries Limited ("Hickman"), headquartered in Wolverhampton, England, for total consideration of \$88.0 million, net of cash acquired. We acquired 100% of the equity interests in Hickman through the purchase of all of the outstanding shares of common stock at the acquisition date. Hickman is a leading supplier of doorkits (similar to fully finished prehung door units) and other millwork in the United Kingdom and their business of providing doorkit solutions to the homebuilder market in the United Kingdom is a natural extension of our existing business in the United Kingdom. The excess purchase price over the fair value of net assets acquired of \$18.2 million was allocated to goodwill. The goodwill principally represents anticipated synergies to be gained from the integration into our existing United Kingdom business. This goodwill is not deductible for tax purposes and relates to the Europe segment. The Hickman acquisition complements strategies we are pursuing with our existing United Kingdom business.

On July 23, 2015, we completed the acquisition of Performance Doorset Solutions Limited ("PDS"), headquartered in Lancashire, England, for total consideration of \$15.7 million, net of cash acquired. We acquired 100% of the equity interests in PDS through the purchase of all of the outstanding shares of common stock at the acquisition date. PDS is a leading supplier of custom doors and millwork in the United Kingdom that specializes in non-standard product specifications, manufacturing both wood and composite solutions. The excess purchase price over the fair value of net assets acquired of \$3.1 million was allocated to goodwill. The goodwill principally represents the future expected value of the operations of the business. This goodwill is not deductible for tax purposes and relates to the Europe segment. The PDS acquisition complements our existing United Kingdom business.

The aggregate consideration paid for acquisitions during 2015 was as follows:

(In thousands)	USA Wood Door	Hickman	PDS	Total 2015 Acquisitions
Accounts Receivable	\$2,235	\$20,870	\$3,000	\$ 26,105
Inventory	1,677	11,090	1,438	14,205
Property, plant and equipment	2,600	14,057	5,684	22,341
Goodwill	8,921	18,215	3,145	30,281
Intangible assets	—	55,634	6,437	62,071
Accounts payable and accrued expenses	(1,654)	(23,972)	(2,218)	(27,844)
Other assets and liabilities, net	(81)	(7,918)	(1,762)	(9,761)
Cash consideration, net of cash acquired	\$13,698	\$87,976	\$15,724	\$ 117,398

The fair values of intangible assets acquired are based on management's estimates and assumptions including variations of the income approach, the cost approach and the market approach. Intangible assets acquired from the 2015 acquisitions consist of customer relationships and are being amortized over the weighted average amortization period of 9.6 years and 9.7 years for the Hickman and PDS acquisitions, respectively. The intangible assets are not expected to have any residual value. The gross contractual value of acquired trade receivables was \$1.7 million, \$21.0 million and \$2.6 million for the USA Wood Door, Hickman and PDS acquisitions, respectively.

The following schedule represents the amount of net sales and net income (loss) attributable to Masonite from the 2015 acquisitions which have been included in the condensed consolidated statements of comprehensive income (loss) for the periods indicated subsequent to the acquisition date.

Three Months Ended July 3, 2016

Pro Forma Information

The following unaudited pro forma financial information represents the condensed consolidated financial information as if the acquisitions had been included in our condensed consolidated results beginning on the first day of the fiscal year prior to their respective acquisition dates. The pro forma results have been calculated after adjusting the results of the acquired entities to remove intercompany transactions and transaction costs incurred and to reflect the additional depreciation and amortization that would have been charged assuming the fair value adjustments to property, plant and equipment and intangible assets had been applied on the first day of the fiscal year prior to the respective acquisitions, together with the consequential tax effects. The pro forma results do not reflect any cost savings, operating synergies or revenue enhancements that the combined company may achieve as a result of the acquisitions; the costs to combine the companies' operations; or the costs necessary to achieve these costs savings, operating synergies and revenue enhancements. The pro forma results do not necessarily reflect the actual results of operations of the combined companies' under our ownership and operation.

Dispositions

Romania

On April 22, 2016, we completed the liquidation of our legal entity in Romania. As a result, we recognized a \$1.4 million cumulative translation adjustment in loss (gain) on disposal of subsidiaries from accumulated other comprehensive income during the three months ended July 3, 2016.

Table of ContentsNOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

Africa

On December 22, 2015, following a comprehensive assessment of Masonite (Africa) Limited ("MAL"), our South African subsidiary, the MAL Board of Directors approved a plan to enter into Business Rescue proceedings, the South African equivalent of bankruptcy proceedings in the United States, similar to a Chapter 11 reorganization. As a result of this plan, a Business Rescue Practitioner was appointed to manage the affairs of the business and we no longer maintain operational control over MAL. For this reason, we deconsolidated MAL effective December 22, 2015. During the second quarter of 2016, the Business Rescue Practitioner proposed a business rescue plan that would result in the sale of the business.

Subsequent to deconsolidation, we have used the cost method to account for our equity investment in MAL, which has been reflected as \$10.0 million in our condensed consolidated balance sheets as of July 3, 2016, and January 3, 2016, based on the estimated fair value of our portion of MAL's net assets on the date of deconsolidation. The fair value of the investment in MAL was determined using a discounted future cash flows analysis based upon management's view of the most likely outcomes of the Business Rescue proceedings. The resulting valuation is net of future disposal costs and third party fees, and is subject to the volatility of the South African Rand. This valuation was performed on a non-recurring basis and is categorized as having Level 3 valuation inputs as established by the FASB's Fair Value Framework. The Level 3 unobservable inputs include an estimate of future cash flows for the business.

France

On July 31, 2015, we completed the sale of all of the capital stock of Premdor S.A.S., Masonite's door business in France, to an investment fund managed by Perceva S.A.S., a Paris-based independent investment firm (the "Buyer"). Pursuant to a stock purchase agreement dated July 16, 2015, the Buyer acquired all of Masonite's door manufacturing and distribution business in France for nominal consideration. Premdor S.A.S. generated \$1.1 million and \$3.2 million of losses from continuing operations before income tax expense (benefit) during the three and six months ended June 28, 2015, respectively.

3. Goodwill and Intangible Assets

Changes in the carrying amount of goodwill were as follows as of the dates indicated:

(In thousands)	North			
	American Residential	Europe	Architectural	Total
December 28, 2014	\$ 2,891	\$ 19,008	\$ 77,300	\$ 99,199
Goodwill from 2015 acquisitions	—	21,360	8,921	30,281
Foreign exchange fluctuations	(56)	(1,062)	(192)	(1,310)
January 3, 2016	2,835	39,306	86,029	128,170
Measurement period adjustment	—	—	599	599
Foreign exchange fluctuations	24	(4,420)	223	(4,173)
July 3, 2016	\$ 2,859	\$ 34,886	\$ 86,851	\$ 124,596

During the three months ended July 3, 2016, we recorded a \$0.6 million increase in goodwill as a measurement period adjustment relating to the USA Wood Door acquisition, due to finalization of certain income tax-related items.

Table of ContentsNOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

The cost and accumulated amortization values of our intangible assets were as follows as of the dates indicated:

July 3, 2016

(In thousands)	Cost	Accumulated Amortization	Translation Adjustment	Net Book Value
Definite life intangible assets:				
Customer relationships	\$ 155,927	\$ (56,780)	\$ (11,623)	\$ 87,524

Other	12,280	(7,853)	(1,567)	2,860
	227,680	(96,233)	(8,308)	123,139
Indefinite life intangible assets:				
Trademarks and tradenames	111,538	—	(8,745)	102,793
Total intangible assets	\$ 339,218	\$ (96,233)	\$ (17,053)	\$ 225,932

Amortization of intangible assets was \$6.3 million and \$12.5 million and for the three and six months ended July 3, 2016, respectively, and was \$4.7 million and \$9.4 million for the three and six months ended June 28, 2015, respectively. Amortization expense is classified within selling, general and administration expenses in the condensed consolidated statements of comprehensive income (loss).

The estimated future amortization of intangible assets with definite lives as of July 3, 2016, is as follows:

(In thousands)

Fiscal year:

2016 (remaining six months)	\$ 11,188
2017	20,968
2018	15,789
2019	14,694
2020	12,333

Table of ContentsNOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

4. Accounts Receivable

Our customers consist mainly of wholesale distributors, dealers, homebuilders and retail home centers. Our ten largest customers accounted for 59.6% and 54.1% of total accounts receivable as of July 3, 2016, and January 3, 2016, respectively. Our two largest customers, The Home Depot, Inc. and Lowe's Companies, Inc., individually accounted for more than 10% of the consolidated gross accounts receivable balance as of July 3, 2016, and January 3, 2016. No other individual customers accounted for greater than 10% of consolidated gross accounts receivable balance at either July 3, 2016, or January 3, 2016. The allowance for doubtful accounts balance was \$1.6 million and \$3.1 million as of July 3, 2016, and January 3, 2016, respectively.

We maintain accounts receivable sales programs with third parties (the "AR Sales Programs"). Under the AR Sales Programs, we can transfer ownership of eligible trade accounts receivable of certain customers. Receivables are sold outright to third parties who assume the full risk of collection, without recourse to us in the event of a loss. Transfers of receivables under these programs are accounted for as sales. Proceeds from the transfers reflect the face value of the accounts receivable less a discount. Receivables sold under the AR Sales Programs are excluded from trade accounts receivable in the condensed consolidated balance sheets and are included in cash flows from operating activities in the condensed consolidated statements of cash flows. The discounts on the sales of trade accounts receivable sold under the AR Sales Programs were not material for any of the periods presented and were recorded in selling, general and administration expense within the condensed consolidated statements of comprehensive income (loss).

5. Inventories

The amounts of inventory on hand were as follows as of the dates indicated:

(In thousands)	July 3, 2016	January 3, 2016
Raw materials	\$167,059	\$145,856
Finished goods	72,833	69,045
Provision for obsolete or aged inventory	(5,955)	(6,508)
Inventories, net	\$233,937	\$208,393

6. Property, Plant and Equipment

The carrying amounts of our property, plant and equipment and accumulated depreciation were as follows as of the dates indicated:

(In thousands)	July 3, 2016	January 3, 2016
Land	\$25,306	\$25,316
Buildings	163,161	155,709
Machinery and equipment	570,216	551,264
Property, plant and equipment, gross	758,683	732,289
Accumulated depreciation	(224,247)	(198,055)
Property, plant and equipment, net	\$534,436	\$534,234

Total depreciation expense was \$14.8 million and \$29.4 million in the three and six months ended July 3, 2016, respectively, and \$14.4 million and \$29.7 million in the three and six months ended June 28, 2015, respectively. Depreciation expense is included primarily within cost of goods sold in the condensed consolidated statements of comprehensive income (loss).

Table of ContentsNOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

On June 6, 2014, an explosion occurred in the power plant of our Estcourt mill in South Africa which reduced the site's ability to generate steam and heat the kilns which, in turn, required the production lines to cease operating for several weeks. We were insured against property loss and business interruption, and we recognized partial payments of \$1.2 million in business interruption insurance proceeds during the three and six months ended June 28, 2015. These proceeds were recorded as a reduction to selling, general and administration expense in the condensed consolidated statements of comprehensive income (loss).

7. Long-Term Debt

(In thousands)	July 3, 2016	January 3, 2016
5.625% senior unsecured notes due 2023	\$475,000	\$475,000
Debt issuance costs for 2023 Notes	(5,813)	(6,232)
Capital lease obligations	1,407	88
Other long-term debt	390	—
Total long-term debt	\$470,984	\$468,856

Interest expense related to our consolidated indebtedness under senior unsecured notes was \$6.9 million and \$13.9 million for the three and six months ended July 3, 2016, respectively, and \$6.7 million and \$17.8 million for the three and six months ended June 28, 2015, respectively.

5.625% Senior Notes due 2023

On March 23, 2015, we issued \$475.0 million aggregate principal senior unsecured notes (the "2023 Notes"). The 2023 Notes were issued in a private placement for resale to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"), and to buyers outside the United States pursuant to Regulation S under the Securities Act. The 2023 Notes were issued without registration rights and are not listed on any securities exchange. The 2023 Notes were issued at par and bear interest at 5.625% per annum, payable in cash semiannually in arrears on March 15 and September 15 of each year and are due March 15, 2023. We received net proceeds of \$467.9 million after deducting \$7.1 million of debt issuance costs. The debt issuance costs were capitalized as a reduction to the carrying value of debt and are being accreted to interest expense over the term of the 2023 Notes using the effective interest method. The net proceeds from the 2023 Notes, together with available cash balances, were used to redeem \$500.0 million aggregate principal prior senior unsecured notes due 2021 (the "2021 Notes") and to pay related premiums, fees and expenses. Under the terms of the indenture governing the 2021 Notes, we paid the applicable premium, as described in the indenture, of \$31.7 million. Additionally, the unamortized premium of \$11.5 million and unamortized debt issuance costs of \$7.8 million relating to the 2021 Notes were written off in conjunction with their extinguishment. The resulting loss on extinguishment of debt was \$28.0 million and is recorded as part of income (loss) from continuing operations before income tax expense (benefit) in the condensed consolidated statements of comprehensive income (loss). Additionally, the cash payment of interest accrued to, but not including, the redemption date was accelerated to the redemption date.

We may redeem the 2023 Notes, in whole or in part, at any time prior to March 15, 2018, at a price equal to 100% of the principal amount plus the applicable premium, plus accrued and unpaid interest, if any, to the date of redemption. The applicable premium means, with respect to a note at any date of redemption, the greater of (i) 1.00% of the then-outstanding principal amount of such note and (ii) the excess of (a) the present value at such date of redemption

of (1) the redemption price of such note at March 15, 2018, plus (2) all remaining required interest payments due on such note through such date (excluding accrued but unpaid interest to the date of redemption), computed using a discount rate equal to the Treasury Rate, as described in the indenture, plus 50 basis points, over (b) the principal amount of such note on such redemption date. We may also redeem the 2023 Notes, in whole or in part, at any time on or after March 15, 2018, at the applicable redemption prices specified under the indenture governing the 2023 Notes, plus accrued and unpaid interest, if any, to the date of redemption. If we experience certain changes of control or consummate certain asset sales and do not reinvest the net proceeds, we must offer to repurchase all of the 2023 Notes at a purchase price of 101.00% of their principal amount, plus accrued and unpaid interest, if any, to the repurchase date.

Table of Contents

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

Obligations under the 2023 Notes are fully and unconditionally guaranteed, jointly and severally, on a senior unsecured basis, by certain of our directly or indirectly wholly-owned subsidiaries.

The indenture governing the 2023 Notes contains restrictive covenants that, among other things, limit our ability and the ability of our subsidiaries to: (i) incur additional debt and issue disqualified or preferred stock, (ii) make restricted payments, (iii) sell assets, (iv) create or permit restrictions on the ability of our restricted subsidiaries to pay dividends or make other distributions to the parent company, (v) create or incur certain liens, (vi) enter into sale and leaseback transactions, (vii) merge or consolidate with other entities and (viii) enter into transactions with affiliates. The foregoing limitations are subject to exceptions as set forth in the indenture governing the 2023 Notes. In addition, if in the future the 2023 Notes have an investment grade rating from at least two nationally recognized statistical rating organizations, certain of these covenants will be replaced with a less restrictive covenant.

The indenture governing the 2023 Notes contains customary events of default (subject in certain cases to customary grace and cure periods). As of July 3, 2016, and January 3, 2016, we were in compliance with all covenants under the indenture governing the 2023 Notes.

ABL Facility

On April 9, 2015, we and certain of our subsidiaries amended and restated our asset-based revolving credit facility (the "ABL Facility") in order to extend the maturity date of the ABL Facility and amend certain other provisions. The amended and restated ABL Facility increased the revolving commitments to \$150.0 million from \$125.0 million and extended the final maturity date to April 9, 2020, from May 17, 2016. The borrowing base is calculated based on a percentage of the value of selected U.S. and Canadian accounts receivable and inventory, less certain ineligible amounts.

Obligations under the ABL Facility are secured by a first priority security interest in substantially all of the current assets of Masonite and our subsidiaries. In addition, obligations under the ABL Facility are fully and unconditionally guaranteed, jointly and severally, on a senior unsecured basis, by certain of our directly or indirectly wholly-owned subsidiaries.

Borrowings under the ABL Facility bear interest at a rate equal to, at our option, (i) the Base Rate, Canadian Prime Rate or Canadian Base Rate (each as defined in the Amended and Restated Credit Agreement) plus a margin ranging from 0.25% to 0.75% per annum, or (ii) the Eurodollar Base Rate or BA Rate (each as defined in the Amended and Restated Credit Agreement), plus a margin ranging from 1.25% to 1.75% per annum.

In addition to paying interest on any outstanding principal under the ABL Facility a commitment fee is payable on the undrawn portion of the ABL Facility in an amount equal to 0.25% per annum of the average daily balance of unused commitments during each calendar quarter.

The ABL Facility contains various customary representations, warranties and covenants by us that, among other things, and subject to certain exceptions, restrict Masonite's ability and the ability of our subsidiaries to: (i) pay dividends on our common shares and make other restricted payments, (ii) make investments and acquisitions, (iii) engage in transactions with our affiliates, (iv) sell assets, (v) merge and (vi) create liens.

The Amended and Restated Credit Agreement amended the ABL Facility to, among other things, (i) permit us to incur unlimited unsecured debt as long as such debt does not contain covenants or default provisions that are more restrictive than those contained in the ABL Facility, (ii) permit us to incur debt as long as the pro forma secured leverage ratio is less than 4.5 to 1.0, and (iii) add certain additional exceptions and exemptions under the restricted payment, investment and indebtedness covenants (including increasing the amount of certain debt permitted to be incurred under an existing exception). As of July 3, 2016, and January 3, 2016, we were in compliance with all covenants under the credit agreement governing the ABL Facility and there were no amounts outstanding under the ABL Facility.

Table of Contents

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)

8. Share Based Compensation Plans

Share based compensation expense was \$4.8 million and \$8.5 million for the three and six months ended July 3, 2016, respectively, and \$3.1 million and \$5.5 million for the three and six months ended June 28, 2015, respectively. As of July 3, 2016, the total remaining unrecognized compensation expense related to share based compensation amounted to \$20.2 million, which will be amortized over the weighted average remaining requisite service period of 1.9 years. Share based compensation expense is recognized using a graded-method approach, or to a lesser extent a cliff-vesting approach, depending on the terms of the individual award and is classified within selling, general and administration expenses in the condensed consolidated statements of comprehensive income (loss). All share based awards are settled through issuance of new shares of our common stock. The share based award agreements contain restrictions on sale or transfer other than in limited circumstances. All other transfers would cause the share based awards to become null and void.

Equity Incentive Plan

Prior to July 9, 2012, we had a management equity incentive plan (the "2009 Plan"). The 2009 Plan required granting by June 9, 2012, equity instruments which upon exercise would result in management (excluding directors) owning 9.55% of our common equity (3,554,811 shares) on a fully diluted basis, after giving consideration to the potential exercise of warrants and the equity instruments granted to directors. Under the 2009 Plan, we were required to issue equity instruments to directors that represented 0.90% (335,004 shares) of the common equity on a fully diluted basis. The requirement for issuance to employees was satisfied in June 2012, and the requirement for issuance to directors was satisfied in July 2009. No awards have been granted under the 2009 Plan since May 30, 2012, and no future awards will be granted under the 2009 Plan; however, all outstanding awards under the 2009 Plan will continue to be governed by their existing terms. Aside from shares issuable for outstanding awards, there are no further shares of common stock available for future issuance under the 2009 Plan.

On July 12, 2012, the Board of Directors adopted the Masonite International Corporation 2012 Equity Incentive Plan, which was amended on June 21, 2013, by our Board of Directors and further amended and restated by our Board of Directors on February 23, 2015, and approved by our shareholders on May 12, 2015 (as amended and restated, the "2012 Plan"). The 2012 Plan was adopted because the Board believes awards granted will help to attract, motivate and retain employees and non-employee directors, align employee and stockholder interests and encourage a performance-based culture built on employee stock ownership. The 2012 Plan permits us to offer eligible directors, employees and consultants cash and share-based incentives, including stock options, stock appreciation rights, restricted stock, other share-based awards (including restricted stock units) and cash-based awards. The 2012 Plan is effective for ten years from the date of its adoption. Awards granted under the 2012 Plan are at the discretion of the Human Resources and Compensation Committee of the Board of Directors. The Human Resources and Compensation Committee may grant any award under the 2012 Plan in the form of a performance award. The 2012 Plan may be amended, suspended or terminated by the Board at any time; provided, that any amendment, suspension or termination which impairs the rights of a participant is subject to such participant's consent and; provided further, that certain material amendments are subject to shareholder approval. The aggregate number of common shares that can be issued with respect to equity awards under the 2012 Plan cannot exceed 2,000,000 shares plus the number of shares subject to existing grants under the 2009 Plan that may expire or be forfeited or cancelled. As of July 3, 2016, there were 1,516,247 shares of common stock available for future issuance under the 2012 Plan.

Deferred Compensation Plan

We offer to certain of our employees and directors a Deferred Compensation Plan ("DCP"). The DCP is an unfunded non-qualified deferred compensation plan that permits those certain employees and directors to defer a portion of their compensation to a future time. Eligible employees may elect to defer a portion of their base salary, bonus and/or restricted stock units and eligible directors may defer a portion of their director fees or restricted stock units. All contributions to the DCP on behalf of the participant are fully vested (other than restricted stock unit deferrals which remain subject to the vesting terms of the applicable equity incentive plan) and placed into a grantor trust, commonly referred to as a "rabbi trust." Although we are permitted to make matching contributions under the terms of the DCP, we have not elected to do so. The DCP invests the contributions in diversified securities from a selection of investments and

Table of ContentsNOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

the participants choose their investments and may periodically reallocate the assets in their respective accounts. Participants are entitled to receive the benefits in their accounts upon separation of service or upon a specified date, with benefits payable as a single lump sum or in annual installments. All plan investments are categorized as having Level 1 valuation inputs as established by the FASB's Fair Value Framework.

Assets of the rabbi trust, other than Company stock, are recorded at fair value and included in other assets in the condensed consolidated balance sheets. These assets in the rabbi trust are classified as trading securities and changes in their fair values are recorded in other income (loss) in the condensed consolidated statements of comprehensive income (loss). The liability relating to deferred compensation represents our obligation to distribute funds to the participants in the future and is included in other liabilities in the condensed consolidated balance sheets. As of July 3, 2016, the liability and asset relating to deferred compensation each had a fair value of \$3.0 million. Any unfunded gain or loss relating to changes in the fair value of the deferred compensation liability is recognized in selling, general and administration expense in the condensed consolidated statements of comprehensive income (loss). As of July 3, 2016, participation in the deferred compensation plan is limited and no restricted stock awards have been deferred into the deferred compensation plan.

Stock Appreciation Rights

We have granted Stock Appreciation Rights ("SARs") to certain employees under both the 2009 Plan and the 2012 Plan, which entitle the recipient to the appreciation in value of a number of common shares over the exercise price over a period of time, each as specified in the applicable award agreement. The exercise price of any SAR granted may not be less than the fair market value of our common shares on the date of grant. The compensation expense for the SARs is measured based on the fair value of the SARs at the date of grant and is recognized over the requisite service period. The SARs vest over a maximum of three years, have a life of ten years and settle in common shares. We recognize forfeitures of SARs in the period in which they occur.

No SARs vested during the six months ended July 3, 2016. The total fair value of SARs vested was \$0.4 million in the six months ended June 28, 2015.

Six Months Ended July 3, 2016	Stock Appreciation Rights	Aggregate Intrinsic Value (in thousands)	Weighted Average Exercise Price	Average Remaining Contractual Life (Years)
Outstanding, beginning of period	891,147	\$ 36,681	\$ 20.07	4.9

18

Table of ContentsNOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

The value of SARs granted in the six months ended July 3, 2016, as determined using the Black-Scholes Merton valuation model, was \$2.0 million and is expected to be recognized over the average requisite service period of 2.0 years. Expected volatility is based upon the historical volatility of our public industry peers' common shares amongst other considerations. The expected term is calculated using the simplified method, due to insufficient exercise activity during recent years as a basis from which to estimate future exercise patterns. The weighted average grant date assumptions used for the SARs granted were as follows for the periods indicated:

	2016	
	Grants	
SAR value (model conclusion)	\$ 16.78	
Risk-free rate	1.6	%
Expected dividend yield	0.0	%
Expected volatility	26.2	%
Expected term (years)	6.0	

Restricted Stock Units

We have granted Restricted Stock Units ("RSUs") to directors and certain employees under both the 2009 Plan and the 2012 Plan. The RSUs confer the right to receive shares of our common stock at a specified future date or when certain conditions are met. The compensation expense for the RSUs awarded is based on the fair value of the RSUs at the date of grant and is recognized over the requisite service period. The RSUs vest over a maximum of three years and call for the underlying shares to be delivered no later than 30 days following the vesting date unless the participant is subject to a blackout period. In such case, the shares are to be delivered once the blackout restriction has been lifted. We recognize forfeitures of RSUs in the period in which they occur.

	Six Months Ended			
	July 3, 2016		June 28, 2015	
	Total	Weighted	Total	Weighted
	Restricted	Average	Restricted	Average
	Stock	Grant	Stock	Grant
	Units	Date Fair	Units	Date Fair
	Outstanding	Value	Outstanding	Value
Outstanding, beginning of period	526,930	\$ 49.31	543,373	\$ 34.56
Granted	283,772	45.74	192,653	61.38
Delivered	(228,090)		(70,557)	
Withheld to cover ⁽¹⁾	(59,374))	(9,128))
Forfeited	(6,659))	(49,482))
Outstanding, end of period	516,579	\$ 58.53	606,859	\$ 42.75

(1) A portion of the vested RSUs delivered were net share settled to cover statutory requirements for income and other employment taxes, at the individual participant's election. We remit the equivalent cash to the appropriate taxing authorities. These net share settlements had the effect of share repurchases by us as we reduced and retired the number of shares that would have otherwise been issued as a result of the vesting.

Approximately one-third of the RSUs granted during the six months ended July 3, 2016, vest at specified future dates with only service requirements, while the remaining portion of the RSUs vest based on both performance and service requirements. The value of RSUs granted in the six months ended July 3, 2016, was \$13.0 million and is being recognized over the weighted average requisite service period of 2.6 years. During the six months ended July 3, 2016, there were 287,464 RSUs vested at a fair value of \$8.4 million.

(Unaudited)

Warrants

On June 9, 2009, we issued 5,833,335 warrants, representing the right to purchase our common shares for \$55.31 per share, subsequently adjusted to \$50.77 per share for the \$4.54 per share return of capital in 2011. Of these, 3,333,334 had an expiration date of June 9, 2014 (the "2014 Warrants"), and 2,500,001 had an expiration date of June 9, 2016 (the "2016 Warrants"). During the six months prior to their respective expiration dates, the warrants provided the holders with a cashless exercise option. We have accounted for these warrants as equity instruments.

There were no 2014 Warrants outstanding during any period presented. Activity relating to the 2016 Warrants was as follows for the periods presented:

	Six Months Ended	
	July 3, 2016	June 28, 2015
Outstanding, beginning of period	2,497,971	2,500,001
Exercised	(2,496,493)	—
Forfeited	(1,478)	—
Outstanding, end of period	—	2,500,001
Cash received for exercise (in thousands)	\$ 10,487	\$ —
Common shares issued	631,023	—

9. Commitments and Contingencies

For lease agreements that provide for escalating rent payments or rent-free occupancy periods, we recognize rent expense on a straight line basis over the non-cancelable lease term and any option renewal period where failure to exercise such option would result in an economic penalty in such amount that renewal appears, at the inception of the lease, to be reasonably assured. The lease term commences on the date when all conditions precedent to our obligation to pay rent are satisfied. The leases contain provisions for renewal ranging from zero to three options of generally five years each. Minimum payments, for the following future periods, under non-cancelable operating leases and service agreements with initial or remaining terms of one year or more consist of the following:

(In thousands)

Fiscal year:	
2016 (remaining six months)	\$ 10,072
2017	19,487
2018	18,064
2019	16,587
2020	14,383
Thereafter	84,433
Total future minimum lease payments	\$ 163,026

Total rent expense, including non-cancelable operating leases and month-to-month leases, was \$6.8 million and \$13.2 million for the three and six months ended July 3, 2016, respectively, and \$6.0 million and \$11.7 million for the three and six months ended June 28, 2015, respectively.

Table of ContentsNOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

We have provided customary indemnifications to our landlords under certain property lease agreements for claims by third parties in connection with their use of the premises. We also have provided routine indemnifications against adverse effects related to changes in tax laws and patent infringements by third parties. The maximum amount of these indemnifications cannot be reasonably estimated due to their nature. In some cases, we have recourse against other parties to mitigate the risk of loss from these indemnifications. Historically, we have not made any significant payments relating to such indemnifications.

From time to time, we are involved in various claims and legal actions. In the opinion of management, the ultimate disposition of these matters, individually and in the aggregate, will not have a material effect on our condensed consolidated financial statements, results of operations or liquidity.

10. Restructuring Costs

Restructuring costs were not material in the three or six months ended July 3, 2016. The following table summarizes the restructuring charges recorded for the periods indicated:

(In thousands)	Three Months Ended June 28, 2015			Total
	North America Residential	Europe & Other	Corporate & Other	
2015 Plan	\$—	\$ 415	\$ 519	\$934

Total Restructuring Costs	\$5,403	\$17,765	\$ 18,332	\$41,500

During 2015, we began implementing a multi-year plan to reorganize and consolidate certain aspects of our global head office (the "2015 Plan"). The 2015 Plan includes the creation of a new shared services function and the rationalization of certain of our European facilities, including related headcount reductions. The 2015 Plan was implemented in response to the need for more effective business processes enabled by the planned implementation of our new enterprise resource planning system as well as ongoing weak market conditions in Africa and Europe outside of the United Kingdom. Costs associated with the 2015 Plan include severance and closure charges and are substantially completed. As of July 3, 2016, we do not expect to incur any material future charges relating to the 2015 Plan.

Table of ContentsNOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

On August 20, 2014, the Board of Directors of Masonite Israel Ltd. ("Israel"), one of our wholly-owned subsidiaries, decided to voluntarily seek a Stay of Proceedings from the Israeli courts in an attempt to restructure the business (the "2014 Plan"). The court filing was made on August 21, 2014, and the court appointed a trustee to oversee the operation of the business and to attempt to restructure it. The action to seek court protection followed a comprehensive evaluation of the alternatives for the business, including an organized sale process that was ultimately unsuccessful. We determined that the subsidiary should be deconsolidated at that time, as it had become subject to the control of a court. We have had and will continue to have no continuing involvement with Israel subsequent to August 21, 2014, and Israel will not be considered a related party. As of July 3, 2016, pending the ultimate resolution of the Stay of Proceedings, we do not anticipate any material future charges related to the 2014 Plan.

During 2013, we began implementing plans to rationalize certain of our facilities, including related headcount reductions, in Canada due to synergy opportunities related to recent acquisitions in the residential interior wood door markets. We have also rationalized certain of our operations, including related headcount reductions, in Ireland, South Africa and Israel in order to respond to declines in demand in international markets. Additionally, the decision was made to discontinue sales into the Polish market subsequent to the decision to cease manufacturing operations in 2012 (collectively, the "2013 Plan"). Costs associated with the 2013 Plan include severance and closure charges, including impairment of certain property, plant and equipment, and are substantially completed. As of July 3, 2016, we do not expect to incur any material future charges for the 2013 Plan.

Prior years' restructuring costs relate to the closure of certain of our U.S. manufacturing facilities due to the start-up of our highly automated interior door slab assembly plant in Denmark, South Carolina, synergy opportunities related to acquisitions in the architectural interior wood door market and footprint optimization efforts resulting from declines in demand in specific markets, primarily in Europe. In response to the decline in demand, we reviewed the required levels of production and reduced the workforce and plant capacity accordingly, resulting in severance and closure charges. These actions were taken in order to rationalize capacity with existing and forecasted market demand conditions. The restructuring plans initiated in 2012 and prior years (the "2012 and Prior Plans") are substantially completed, although cash payments are expected to continue through 2019, primarily related to lease payments at closed facilities. As of July 3, 2016, we do not expect to incur any future charges for the 2012 and Prior Plans.

The changes in the accrual for restructuring by activity were as follows for the periods indicated:

(In thousands)	January 3, 2016	Severance	Closure Costs	Cash Payments	July 3, 2016
2015 Plan	\$ 774	\$ (111)	\$ 27	\$ 449	\$241
2014 Plan	442	—	—	16	426
2013 Plan	316	—	—	316	—
2012 and Prior Plans	858	—	—	286	572
Total	\$ 2,390	\$ (111)	\$ 27	\$ 1,067	\$1,239
(In thousands)	December 28, 2014	Severance	Closure Costs	Cash Payments	June 28, 2015
2015 Plan	\$ —	\$ 1,911	\$ 1,334	\$ 2,485	\$760
2014 Plan	839	—	—	319	520
2013 Plan	341	—	99	118	322
2012 and Prior Plans	1,153	—	—	326	827

Total	\$ 2,333	\$ 1,911	\$ 1,433	\$ 3,248	\$ 2,429
-------	----------	----------	----------	----------	----------

Table of ContentsNOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

11. Income Taxes

Income tax expense (benefit) for income taxes consists of the following:

	Three Months Ended		Six Months Ended	
(In thousands)	July 3, 2016	June 28, 2015	July 3, 2016	June 28, 2015
Current	\$3,050	\$2,238	\$4,892	\$3,737
Deferred	(195)	12,775	4,173	14,540
Income tax expense (benefit)	\$2,855	\$15,013	\$9,065	\$18,277

The effective tax rate differs from the Canadian statutory rate of 26.6% primarily due to changes in our valuation allowances, tax exempt income, and mix of earnings in foreign jurisdictions which are subject to tax rates that differ from the Canadian statutory rate.

We currently have deferred tax assets in certain jurisdictions resulting from net operating losses and other deductible temporary differences, which will reduce taxable income in these jurisdictions in future periods. We have determined that a valuation allowance of \$43.7 million and \$40.9 million was required for our deferred tax assets as of July 3, 2016, and January 3, 2016, respectively. A valuation allowance has been established on deferred tax assets resulting from net operating loss carry forwards and other carry forward attributes primarily in Canada, Chile, India, Mexico and Luxembourg. We expect to maintain valuation allowances on deferred tax assets arising in these jurisdictions until a sustained level of income is reached.

12. Supplemental Cash Flow Information

Certain cash and non-cash transactions were as follows for the periods indicated:

	Six Months Ended	
(In thousands)	July 3, 2016	June 28, 2015
Transactions involving cash:		
Interest paid	\$13,493	\$19,951
Interest received	137	340
Income taxes paid	4,918	3,538
Income tax refunds	402	9
Non-cash transactions:		
Property, plant and equipment additions in accounts payable	2,848	3,864

Table of Contents

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued) (Unaudited)

13. Segment Information

During the first quarter of 2016, we changed our reportable segments to align with changes in how we manage our business, review operating performance and allocate resources as a result of the deconsolidation of Africa and other internal reporting changes. All prior period information was recast to reflect this change. Our reportable segments are organized and managed principally by end market: North American Residential, Europe and Architectural. The North American Residential reportable segment is the aggregation of the Wholesale and Retail operating segments. The Europe reportable segment is the aggregation of the United Kingdom, Central Eastern Europe and France (prior to disposal) operating segments. The Architectural reportable segment consists solely of the Architectural operating segment. The Corporate & Other category includes unallocated corporate costs and the results of immaterial operating segments which were not aggregated into any reportable segment, including the historical results of our Africa operating segment. Operating segments are aggregated into reportable segments only if they exhibit similar economic characteristics. In addition to similar economic characteristics we also consider the following factors in determining the reportable segments: the nature of business activities, the management structure directly accountable to our chief operating decision maker for operating and administrative activities, availability of discrete financial information and information presented to the Board of Directors and investors.

Our management reviews net sales and Adjusted EBITDA (as defined below) to evaluate segment performance and allocate resources. Net assets are not allocated to the reportable segments. Adjusted EBITDA is a non-GAAP financial measure which does not have a standardized meaning under GAAP and is unlikely to be comparable to similar measures used by other companies. Adjusted EBITDA should not be considered as an alternative to either net income or operating cash flows determined in accordance with GAAP. Beginning with the third quarter of 2015, we revised our calculation of Adjusted EBITDA to separately exclude loss (gain) on disposal of subsidiaries. The revision to this definition had no impact on our reported Adjusted EBITDA for the three or six months ended June 28, 2015. Adjusted EBITDA (as revised) is defined as net income (loss) attributable to Masonite adjusted to exclude the following items:

- depreciation;
- amortization;
- share based compensation expense;
- loss (gain) on disposal of property, plant and equipment;
- registration and listing fees;
- restructuring costs;
- asset impairment;
- loss (gain) on disposal of subsidiaries;
- interest expense (income), net;
- loss on extinguishment of debt;
- other expense (income), net;
- income tax expense (benefit);
- loss (income) from discontinued operations, net of tax; and
- net income (loss) attributable to non-controlling interest.

Table of ContentsNOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

This definition of Adjusted EBITDA differs from the definitions of EBITDA contained in the indenture governing the 2023 Notes and the credit agreement governing the ABL Facility. Adjusted EBITDA is used to evaluate and compare the performance of the segments and it is one of the primary measures used to determine employee incentive compensation. Intersegment transfers are negotiated on an arm's length basis, using market prices. Certain information with respect to segments is as follows for the periods indicated:

(In thousands)	Three Months Ended July 3, 2016

14. Fair Value of Financial Instruments

The carrying amounts of our cash and cash equivalents, restricted cash, accounts receivable, income taxes receivable, accounts payable, accrued expenses and income taxes payable approximate fair value because of the short-term maturity of those instruments. The estimated fair value of the 2023 Notes as of July 3, 2016, and January 3, 2016, was \$489.4 million and \$484.3 million, respectively, compared to a carrying value of \$469.2 million and \$468.8 million, respectively. This estimate is based on market quotes and calculations based on current market rates available to us and is categorized as having Level 2 valuation inputs as established by the FASB's Fair Value Framework. Market quotes used in these calculations are based on bid prices for our debt instruments and are obtained from and corroborated with multiple independent sources. The market quotes obtained from independent sources are within the range of management's expectations.

Table of ContentsNOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

15. Earnings Per Share

Basic earnings per share ("EPS") is calculated by dividing earnings attributable to Masonite by the weighted-average number of our common shares outstanding during the period. Diluted EPS is calculated by dividing earnings attributable to Masonite by the weighted-average number of common shares plus the incremental number of shares issuable from non-vested and vested RSUs, SARs and warrants outstanding during the period.

Discontinued operations attributable to Masonite, net of tax	(0.01)	(0.01)	(0.01)	(0.01)
Total Diluted earnings per common share attributable to Masonite	\$ 1.06	\$ 0.42	\$ 1.64	\$ (0.58)
Incremental shares issuable from anti-dilutive instruments excluded from diluted earnings per common share:				
Warrants	—	—	—	2,500,001
Stock appreciation rights	—	—	—	420,137
Restricted stock units	—	—	—	415,113

The weighted average number of shares outstanding utilized for the diluted EPS calculation contemplates the exercise of all currently outstanding SARs and warrants and the conversion of all RSUs. The dilutive effect of such equity awards is calculated based on the weighted average share price for each fiscal period using the treasury stock method. For the six months ended June 28, 2015, no potential common shares relating to our equity awards were included in the computation of diluted loss per share, as their effect would have been anti-dilutive given our net loss position in that period.

(Unaudited)

17. Variable Interest Entity

As of July 3, 2016, and January 3, 2016, we held an interest in one variable interest entity ("VIE"), Magna Foremost Sdn Bhd, which is located in Bintulu, Malaysia. The VIE is integrated into our supply chain and manufactures door facings. We are the primary beneficiary of the VIE via the terms of the existing operating principles with the VIE. As primary beneficiary via the operating principles, we receive a disproportionate amount of earnings on sales to third parties in relation to our voting interest, and as a result, receive a majority of the VIE's residual returns. Sales to third parties did not have a material impact on our condensed consolidated financial statements. We also have the power to direct activities of the VIE that most significantly impact the entity's economic performance. As its primary beneficiary, we have consolidated the results of the VIE. Our net cumulative investment in the VIE was comprised of the following as of the dates indicated:

(In thousands)	July 3, 2016	January 3, 2016
Current assets	\$11,377	\$9,987
Property, plant and equipment, net	14,480	15,638
Long-term deferred income taxes	8,288	9,121
Other assets, net	1,753	2,270
Current liabilities	(2,104)	(5,133)
Other long-term liabilities	(3,179)	(2,944)
Non-controlling interest	(5,519)	(4,981)
Net assets of the VIE consolidated by Masonite	\$25,096	\$23,958

Current assets include \$6.3 million and \$2.1 million of cash and cash equivalents as of July 3, 2016, and January 3, 2016, respectively. Assets recognized as a result of consolidating this VIE do not represent additional assets that could be used to satisfy claims against our general assets. Furthermore, liabilities recognized as a result of consolidating these entities do not represent additional claims on our general assets; rather, they represent claims against the specific assets of the consolidated VIE.

18. Subsequent Event

Africa

On August 10, 2016, MAL announced the closing of the transaction proposed as part of the business rescue plan by the Business Rescue Practitioner. It is anticipated that the first payment of 30 Rand per share will be made to shareholders on August 29, 2016, and that a further payment will be made within 60 days thereafter. Masonite owns 5.6 million shares of MAL.

MASONITE INTERNATIONAL CORPORATION

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") is based upon accounting principles generally accepted in the United States of America and discusses the financial condition and results of operations for Masonite International Corporation for the three and six months ended July 3, 2016, and June 28, 2015. In this MD&A, "Masonite," "we," "us," "our" and the "Company" refer to Masonite International Corporation and its subsidiaries.

This discussion should be read in conjunction with (i) the unaudited condensed consolidated financial statements and related notes included elsewhere in this Quarterly Report on Form 10-Q and (ii) the annual audited consolidated financial statements, including the accompanying notes and MD&A, which are included in our Annual Report on Form 10-K for the year ended January 3, 2016. The following discussion should also be read in conjunction with the disclosure under "Special Note Regarding Forward Looking Statements" elsewhere in this Quarterly Report on Form 10-Q. Our actual results could differ materially from the forward-looking statements as a result of these risks and uncertainties. Certain prior year amounts have been reclassified to conform to the current basis of presentation.

Overview

We are a leading global designer, manufacturer and distributor of interior and exterior doors for the new construction and repair, renovation and remodeling sectors of the residential and the non-residential building construction markets. Since 1925, we have provided our customers with innovative products and superior service at compelling values. In order to better serve our customers and create sustainable competitive advantages, we focus on developing innovative products, advanced manufacturing capabilities and technology-driven sales and service solutions.

We market and sell our products to remodeling contractors, builders, homeowners, retailers, dealers, lumberyards, commercial and general contractors and architects through well-established wholesale, retail and direct distribution channels as part of our cross-merchandising strategy. Customers are provided a broad product offering of interior and exterior doors and entry systems at various price points. We manufacture a broad line of interior doors, including residential molded, flush, stile and rail, louver and specially-ordered commercial and architectural doors; door components for internal use and sale to other door manufacturers; and exterior residential steel, fiberglass and wood doors and entry systems

We operate 64 manufacturing and distribution facilities in 9 countries in North America, South America, Europe and Asia, which are strategically located to serve our customers through multiple distribution channels. These distribution channels include: (i) direct distribution to retail home center customers and homebuilders; (ii) one-step distribution that sells directly to homebuilders and contractors; and (iii) two-step distribution through wholesale distributors. For retail home center customers, numerous Dorfab facilities provide value-added fabrication and logistical services, including pre-finishing and store delivery of pre-hung interior and exterior doors. We believe our ability to provide: (i) a broad product range; (ii) frequent, rapid, on-time and complete delivery; (iii) consistency in products and merchandising; (iv) national service; and (v) special order programs enables retail customers to increase comparable store sales and helps to differentiate us from our competitors. We believe investments in innovative new product manufacturing and distribution capabilities, coupled with an ongoing commitment to operational excellence, provide a strong platform for future growth.

Our reportable segments are organized and managed principally by end market: North American Residential, Europe and Architectural. In the six months ended July 3, 2016, we generated net sales of \$676.9 million or 67.5%, \$162.8 million or 16.2% and \$151.2 million or 15.1% in our North American Residential, Europe and Architectural segments, respectively. See "Components of Results of Operations - Segment Information" below for a description of our reportable segment change.

Table of Contents

MASONITE INTERNATIONAL CORPORATION

Key Factors Affecting Our Results of Operations

Product Demand

There are numerous factors that influence overall market demand for our products. Demand for new homes, home improvement products and other building construction products have a direct impact on our financial condition and results of operations. Demand for our products may be impacted by changes in United States, Canadian, European, Asian or other global economic conditions, including inflation, deflation, interest rates, availability of capital, consumer spending rates, energy availability and costs, and the effects of governmental initiatives to manage economic conditions. Additionally, trends in residential new construction, repair, renovation and remodeling and architectural building construction may directly impact our financial performance. Accordingly, the following factors may have a direct impact on our business in the countries and regions in which our products are sold:

- the strength of the economy;
- the amount and type of residential and commercial construction;
- housing sales and home values;
- the age of existing home stock, home vacancy rates and foreclosures;
- commercial building occupancy rates;
- increases in the cost of raw materials or any shortage in supplies;
- the availability and cost of credit;
- employment rates and consumer confidence; and
- demographic factors such as immigration and migration of the population and trends in household formation.

Additionally, the June 2016 referendum in the United Kingdom in which voters approved the United Kingdom's exit from the European Union has created uncertainty in European demand, particularly in the United Kingdom, which could have a material adverse effect on the demand for our products in the foreseeable future.

Product Pricing and Mix

The building products industry is highly competitive and we therefore face pressure on sales prices of our products. In addition, our competitors may adopt more aggressive sales policies and devote greater resources to the development, promotion and sale of their products than we do, which could result in a loss of customers. Our business in general is subject to changing consumer and industry trends, demands and preferences. Trends within the industry change often and our failure to anticipate, identify or quickly react to changes in these trends could lead to, among other things, rejection of a new product line and reduced demand and price reductions for our products, which could materially adversely affect us. Changes in consumer preferences may also lead to increased demand for our lower margin products relative to our higher margin products, which could reduce our future profitability.

Business Wins and Losses

Our customers consist mainly of wholesalers and retail home centers. In fiscal year 2015, our top ten customers together accounted for approximately 39% of our net sales and our top customer, The Home Depot, Inc. accounted for approximately 16% of our net sales. Net sales from customers that have accounted for a significant portion of our net sales in past periods, individually or as a group, may not continue in future periods, or if continued, may not reach or exceed historical levels in any period. Certain customers perform periodic product line reviews to assess their product offerings, which have, on past occasions, led to business wins and losses. In addition, as a result of competitive bidding processes, we may not be able to increase or maintain the margins at which we sell our products to our customers.

Organizational Restructuring

During 2015, we began implementing a multi-year plan to reorganize and consolidate certain aspects of our global head office (the "2015 Plan"). The 2015 Plan includes the creation of a new shared services function and the

rationalization of certain of our European facilities, including related headcount reductions. The 2015 Plan was implemented in response to the need for more effective business processes enabled by the planned implementation of our

31

Table of Contents

MASONITE INTERNATIONAL CORPORATION

new enterprise resource planning system as well as ongoing weak market conditions in Africa and Europe outside of the United Kingdom. Costs associated with the 2015 Plan include severance and closure charges and are substantially completed. As of July 3, 2016, we do not expect to incur any material future charges relating to the 2015 Plan. Once completed, the 2015 Plan is estimated to increase our annual earnings and cash flows by approximately \$6 million.

Foreign Exchange Rate Fluctuation

Our financial results may be adversely affected by fluctuating exchange rates. In the six months ended July 3, 2016, and June 28, 2015, approximately 34% and 39% of our net sales were generated outside of the United States, respectively. In addition, a significant percentage of our costs during the same period were not denominated in U.S. dollars. For example, for most of our manufacturing and distribution facilities, the prices for a significant portion of our raw materials are quoted in the domestic currency of the country where the facility is located or other currencies that are not U.S. dollars. We also have substantial assets outside the United States. Furthermore, there has been, and may continue to be, volatility in currency exchange rates as a result of the June 2016 referendum in the United Kingdom in which voters approved the United Kingdom's exit from the European Union. As a result, the volatility in the price of the U.S. dollar has exposed, and in the future may continue to expose, us to currency exchange risks. Also, since our financial statements are denominated in U.S. dollars, changes in currency exchange rates between the U.S. dollar and other currencies have had, and will continue to have, an impact on many aspects of our financial results. Changes in currency exchange rates for any country in which we operate may require us to raise the prices of our products in that country or allow our competitors to sell their products at lower prices in that country. Unrealized exchange gains and losses arising from the translation of the financial statements of our non-U.S. functional currency operations are accumulated in the cumulative translation adjustments account in accumulated other comprehensive income (loss).

Inflation

An increase in inflation could have a significant impact on the cost of our raw material inputs. Increased prices for raw materials or finished goods used in our products and/or interruptions in deliveries of raw materials or finished goods could adversely affect our profitability, margins and net sales, particularly if we are not able to pass these incurred costs on to our customers. In addition, interest rates normally increase during periods of rising inflation. Historically, as interest rates increase, demand for new homes and home improvement products decreases. An environment of gradual interest rate increases may, however, signify an improving economy or increasing real estate values, which in turn may stimulate increased home buying activity.

Seasonality

Our business is moderately seasonal and our net sales vary from quarter to quarter based upon the timing of the building season in our markets. Severe weather conditions in any quarter, such as unusually prolonged warm or cold conditions, rain, blizzards or hurricanes, could accelerate, delay or halt construction and renovation activity.

Acquisitions and Dispositions

We are pursuing a strategic initiative of optimizing our global business portfolio. As part of this strategy, in the last several years we have pursued strategic acquisitions targeting companies who produce components for our existing operations, manufacture niche products and provide value-added services. Additionally, we target companies with strong brands, complementary technologies, attractive geographic footprints and opportunities for cost and distribution synergies. We also continuously analyze our operations to determine which businesses, market channels and products create the most value for our customers and acceptable returns for our shareholders.

Acquisitions

•

USA Wood Door: On October 1, 2015, we completed the acquisition of USA Wood Door, Inc. ("USA Wood Door"), based in Thorofare, New Jersey. We acquired 100% of the equity interests in USA Wood Door for consideration of approximately \$13.7 million, net of cash acquired. USA Wood Door is a supplier of architectural and commercial wood doors in the Eastern United States providing door and hardware distributors with machined, re-sized and value-added additions to both unfinished and prefinished doors in short lead times.

Table of Contents

MASONITE INTERNATIONAL CORPORATION

Hickman: On August 5, 2015, we completed the acquisition of Hickman Industries Limited ("Hickman"), a leading supplier of doorkits (similar to fully finished prehung door units) and other millwork in the United Kingdom. We acquired 100% of the equity interests in Hickman for consideration of \$88.0 million, net of cash acquired. Hickman is headquartered in Wolverhampton, England, and their leadership in providing doorkit solutions to the homebuilder market in the United Kingdom is a natural extension of our existing business in the United Kingdom. Hickman's deployment of automation and product line leadership complements the strategies we are pursuing with our business.

PDS: On July 23, 2015, we completed the acquisition of Performance Doorset Solutions ("PDS"), a leading supplier of custom doors and millwork in the United Kingdom that specializes in non-standard product specifications, manufacturing both wood and composite solutions. We acquired 100% of the equity interests in PDS for consideration of \$15.7 million, net of cash acquired. PDS is based in Lancashire, United Kingdom, and is a producer of high quality niche product lines that complement our existing United Kingdom business.

Dispositions

- South Africa: On December 22, 2015, following a comprehensive assessment of Masonite (Africa) Limited ("MAL"), our South African subsidiary, the MAL Board of Directors approved a plan to enter into Business Rescue proceedings, the South African equivalent of bankruptcy proceedings in the United States, similar to a Chapter 11 reorganization. As a result of this plan, a Business Rescue Practitioner was appointed to manage the affairs of the business and we no longer maintain operational control over MAL. For this reason, we deconsolidated MAL effective December 22, 2015. During the second quarter of 2016, the Business Rescue Practitioner proposed a business rescue plan that would result in the sale of the business. On August 10, 2016, MAL announced the closing of the transaction proposed as part of the business rescue plan by the Business Rescue Practitioner. It is anticipated that the first payment of 30 Rand per share will be made to shareholders on August 29, 2016, and that a further payment will be made within 60 days thereafter. Masonite owns 5.6 million shares of MAL.

France: On July 31, 2015, we completed the sale of all of the capital stock of Premdor, S.A.S. Masonite's door business in France, to an investment fund managed by Perceva S.A.S., a Paris-based independent investment firm (the "Buyer"). Pursuant to a stock purchase agreement dated July 16, 2015, the Buyer acquired all of Masonite's door manufacturing and distribution business in France for nominal consideration.

Components of Results of Operations

There have been no material changes to the information provided in the section entitled "Components of Results of Operations" in our Annual Report on Form 10-K for the year ended January 3, 2016, other than as described below.

Segment Information

During the first quarter of 2016, we changed our reportable segments to align with changes in how we manage our business, review operating performance and allocate resources as a result of the deconsolidation of Africa and other internal reporting changes. All prior period information was recast to reflect this change. Our reportable segments are organized and managed principally by end market: North American Residential, Europe and Architectural. The North American Residential reportable segment is the aggregation of the Wholesale and Retail operating segments. The Europe reportable segment is the aggregation of the United Kingdom, Central Eastern Europe and France (prior to disposal) operating segments. The Architectural reportable segment consists solely of the Architectural operating segment. The Corporate & Other category includes unallocated corporate costs and the results of immaterial operating segments which were not aggregated into any reportable segment, including the historical results of our Africa

operating segment. Operating segments are aggregated into reportable segments only if they exhibit similar economic characteristics. In addition to similar economic characteristics we also consider the following factors in determining the reportable segments: the nature of business activities, the management structure directly accountable to our chief operating decision maker for operating and administrative activities, availability of discrete financial information and information presented to the Board of Directors and investors. The discussion of segment results herein is based on the new reportable segments.

Table of Contents

MASONITE INTERNATIONAL CORPORATION

Our management reviews net sales and Adjusted EBITDA (as defined below) to evaluate segment performance and allocate resources. Net assets are not allocated to the reportable segments. Adjusted EBITDA is a non-GAAP financial measure which does not have a standardized meaning under GAAP and is unlikely to be comparable to similar measures used by other companies. Adjusted EBITDA should not be considered as an alternative to either net income or operating cash flows determined in accordance with GAAP. Beginning with the third quarter of 2015, we revised our calculation of Adjusted EBITDA to separately exclude loss (gain) on disposal of subsidiaries. The revision to this definition had no impact on our reported Adjusted EBITDA for the three or six months ended June 28, 2015. Adjusted EBITDA (as revised) is defined as net income (loss) attributable to Masonite adjusted to exclude the following items:

- depreciation;
- amortization;
- share based compensation expense;
- loss (gain) on disposal of property, plant and equipment;
- registration and listing fees;
- restructuring costs;
- asset impairment;
- loss (gain) on disposal of subsidiaries;
- interest expense (income), net;
- loss on extinguishment of debt;
- other expense (income), net;
- income tax expense (benefit);
- loss (income) from discontinued operations, net of tax; and
- net income (loss) attributable to non-controlling interest.

This definition of Adjusted EBITDA differs from the definitions of EBITDA contained in the indenture governing the 2023 Notes and the credit agreement governing the ABL Facility. Adjusted EBITDA is used to evaluate and compare the performance of the segments and it is one of the primary measures used to determine employee incentive compensation. Intersegment transfers are negotiated on an arm's length basis, using market prices.

We believe that Adjusted EBITDA, from an operations standpoint, provides an appropriate way to measure and assess segment performance. Our management team has established the practice of reviewing the performance of each segment based on the measures of net sales and Adjusted EBITDA. We believe that Adjusted EBITDA is useful to users of the condensed consolidated financial statements because it provides the same information that we use internally to evaluate and compare the performance of the segments and it is one of the primary measures used to determine employee incentive compensation.

Three Months Ended July 3, 2016, Compared with Three Months Ended June 28, 2015

Net Sales

Net sales in the three months ended July 3, 2016, were \$514.0 million, a increase of \$37.6 million or 7.9% from \$476.4 million in the three months ended June 28, 2015. Net sales in the second quarter of 2016 were negatively impacted by \$8.0 million as a result of foreign exchange rate fluctuations. Excluding this exchange rate impact, net sales would have increased by \$45.6 million or 9.6% due to changes in volume, average unit price and sales of other products. Higher volume increased net sales in the second quarter of 2016 by \$30.1 million or 6.3% compared to the 2015 period. Average unit price increased net sales in in the second quarter of 2016 by \$14.0 million or 2.9% compared to the 2015 period. Net sales of components and other products to external customers were \$1.5 million higher in the second quarter of 2016 compared to the 2015 period.

Table of Contents

MASONITE INTERNATIONAL CORPORATION

Net Sales and Percentage of Net Sales by Principal Geographic Region

(In thousands)	Three Months Ended	
	July 3, 2016	June 28, 2015
North American Residential	\$349,929	\$305,826
North American Residential intersegment	(1,756)	(933)
North American Residential net sales to external customers	\$348,173	\$304,893

Europe net sales to external customers	\$82,215	\$77,074
Percentage of consolidated net sales	16.0 %	16.2 %
Architectural	\$81,592	\$78,488
Architectural intersegment	(3,946)	(2,477)
Architectural net sales to external customers	\$77,646	\$76,011
Percentage of consolidated net sales	15.1 %	16.0 %
Corporate & Other net sales to external customers	\$5,951	\$18,450
Net sales to external customers	\$513,985	\$476,428

North American Residential

Net sales to external customers from facilities in the North American Residential segment in the three months ended July 3, 2016, were \$348.2 million, an increase of \$43.3 million or 14.2% from \$304.9 million in the three months ended June 28, 2015. Net sales in the second quarter of 2016 were negatively impacted by \$5.1 million as a result of foreign exchange rate fluctuations. Excluding this exchange rate impact, net sales would have increased by \$48.4 million or 15.9% due to changes in volume, average unit price and sales of other products. Higher volume increased net sales in the second quarter of 2016 by \$42.5 million or 13.9% compared to the 2015 period. Average unit price increased net sales in the second quarter of 2016 by \$6.2 million or 2.0%. Net sales of components and other products to external customers were \$0.3 million lower compared to the 2015 period.

Europe

Net sales to external customers from facilities in the Europe segment in the three months ended July 3, 2016, were \$82.2 million, an increase of \$5.1 million or 6.6% from \$77.1 million in the three months ended June 28, 2015. Net sales in the second quarter of 2016 were negatively impacted by \$2.4 million as a result of foreign exchange fluctuations. Excluding this exchange rate impact, net sales would have increased by \$7.5 million or 9.7% due to changes in volume, average unit price and sales of other products. Average unit price increased net sales in the second quarter of 2016 by \$6.1 million or 7.9% compared to the 2015 period. Higher volume increased net sales in the second quarter of 2016 by \$1.1 million or 1.4% compared to the 2015 period. Net sales of components and other products to external customers were \$0.3 million higher in the second quarter of 2016 compared to the 2015 period. The change in volume includes the incremental impacts of acquisitions and dispositions.

Table of Contents

MASONITE INTERNATIONAL CORPORATION

Architectural

Net sales to external customers from facilities in the Architectural segment in the three months ended July 3, 2016, were \$77.6 million, an increase of \$1.6 million or 2.1% from \$76.0 million in the three months ended June 28, 2015. Net sales in the second quarter of 2016 were negatively impacted by \$0.4 million as a result of foreign exchange fluctuations. Excluding this exchange rate impact, net sales would have increased by \$2.0 million or 2.6% due to changes in volume, average unit price and sales of other products. Average unit price increased net sales in the second quarter of 2016 by \$1.7 million or 2.2% compared to the 2015 period. Net sales of components and other products to external customers were \$0.4 million higher in the second quarter of 2016 compared to the 2015 period. Lower volume decreased net sales in the second quarter of 2016 by \$0.1 million or 0.1% compared to the 2015 period.

Cost of Goods Sold

Cost of goods sold as a percentage of net sales was 78.4% and 80.1% for the three months ended July 3, 2016, and June 28, 2015, respectively. The primary reasons for the decrease in cost of goods sold as a percentage of net sales were the favorable impacts of increased volume on our fixed costs and an increase in average unit price. Material cost of sales, overhead and depreciation as a percentage of net sales in the second quarter of 2016 decreased by 0.5%, 1.6%, and 0.4%, respectively, over the 2015 period. Direct labor and distribution costs as a percentage of net sales increased by 0.5% and 0.3%, respectively, over the same period.

Selling, General and Administration Expenses

In the three months ended July 3, 2016, selling, general and administration expenses, as a percentage of net sales, were 13.4% compared to 12.3% in the three months ended June 28, 2015, an increase of 110 basis points.

Selling, general and administration expenses in the three months ended July 3, 2016, were \$69.0 million, an increase of \$10.2 million from \$58.8 million in the three months ended June 28, 2015. The increase was driven by a \$2.2 million increase in advertising expense, a \$1.9 million increase in professional fees, a \$1.8 million increase in personnel costs, a \$1.7 million increase in share based compensation expense, a \$0.9 million increase in depreciation and amortization expense, a \$0.8 million increase in travel expenses and other increases of \$1.6 million. These increases were partially offset by favorable foreign exchange impacts of \$0.7 million. The increased personnel costs were driven by a combination of wage inflation and investments in personnel. The increased professional fees primarily relate to investments in IT and digital initiatives.

Restructuring Costs

There were no material restructuring costs in the three months ended July 3, 2016, compared to \$1.0 million in the three months ended June 28, 2015. Restructuring costs in 2015 were related primarily to expenses incurred as part of the 2015 Plan.

Loss (Gain) on Disposal of Subsidiaries

Gain on disposal of subsidiaries was \$1.4 million in the three months ended July 3, 2016. This gain arose as a result of the liquidation of our legal entity in Romania. The gain is comprised of the recognition of the cumulative translation adjustment out of accumulated other comprehensive income (loss).

Interest Expense, Net

Interest expense, net, in the three months ended July 3, 2016, was \$6.9 million, compared to \$6.8 million in the three months ended June 28, 2015.

Table of Contents

MASONITE INTERNATIONAL CORPORATION

Other Expense (Income), Net

Other expense (income), net, in the three months ended July 3, 2016, was \$(0.8) million, compared to \$(0.6) million in the three months ended June 28, 2015. The change in other expense (income), net, is primarily due to unrealized gains and losses on foreign currency remeasurements. Also contributing to the change were our portion of dividends and the net gains and losses related to our non-majority owned unconsolidated subsidiaries that are recognized under the equity method of accounting and other miscellaneous non-operating expenses.

Income Tax Expense (Benefit)

Our income tax expense in the three months ended July 3, 2016, decreased by \$12.2 million compared to the three months ended June 28, 2015. The change in our income tax expense (benefit) is primarily due to the mix of income or losses within the tax jurisdictions with various tax rates in which we operate, income and losses in tax jurisdictions with existing valuation allowances, income tax benefits related to tax-exempt income and a discrete income tax benefit of \$6.2 million recorded in the three months ended July 3, 2016, compared to \$3.2 million of discrete income tax expense recorded in the three months ended June 28, 2015. Discrete items may occur in any given year, but are not consistent from period to period. The discrete benefit for the period is attributable to \$6.2 million of income tax benefit related to the adoption of ASU 2016-09 as of July 3, 2016. Our combined effective income tax rate is primarily the weighted average of federal, state and provincial rates in various countries in which we have operations, including the United States, Canada, the United Kingdom and Ireland and is affected by our ability to realize tax assets in certain jurisdictions.

Table of Contents

MASONITE INTERNATIONAL CORPORATION

Adjusted EBITDA in our North American Residential segment increased \$9.0 million, or 19.3%, to \$55.7 million in the three months ended July 3, 2016, from \$46.7 million in the three months ended June 28, 2015. Adjusted EBITDA in the North American Residential segment included corporate allocations of shared costs of \$12.7 million and \$11.0 million in the second quarter of 2016 and 2015, respectively. The allocations generally consist of certain costs of human resources, legal, finance, information technology and research and development.

Adjusted EBITDA in our Europe segment increased \$4.7 million, or 58.0%, to \$12.8 million in the three months ended July 3, 2016, from \$8.1 million in the three months ended June 28, 2015. Adjusted EBITDA in the Europe segment included an incremental comparative decrease of \$0.3 million from the disposal of France in 2015.

Adjusted EBITDA in our Architectural segment decreased \$0.5 million, or 6.1%, to \$7.7 million in the three months ended July 3, 2016, from \$8.2 million in the three months ended June 28, 2015. Adjusted EBITDA in the Architectural segment included corporate allocations of shared costs of \$2.0 million and \$1.6 million in the second quarter of 2016 and 2015, respectively. The allocations generally consist of certain costs of human resources, legal, finance, information technology and research and development.

Six Months Ended July 3, 2016, Compared with Six Months Ended June 28, 2015

Net Sales

Net sales in the six months ended July 3, 2016, were \$1,003.3 million, an increase of \$92.4 million or 10.1% from \$910.9 million in the six months ended June 28, 2015. Net sales in the first half of 2016 were negatively impacted by \$20.9 million as a result of foreign exchange rate fluctuations. Excluding this exchange rate impact, net sales would have increased by \$113.3 million or 12.4% due to changes in unit volume, average unit price and sales of other products. Higher unit volumes in the first half of 2016 increased net sales by \$74.6 million or 8.2% compared to the same period in 2015. Average unit price increased net sales in the first half of 2016 by \$34.2 million or 3.8% compared to the same period in 2015. Net sales of components and other products to external customers were \$4.5 million higher in the first half of 2016 compared to the same period in 2015.

Net sales to external customers	\$1,003,290	\$910,893

North American Residential

Net sales to external customers from facilities in the North American Residential segment in the six months ended July 3, 2016, were \$676.9 million, an increase of \$98.7 million or 17.1% from \$578.2 million in the six months ended June 28, 2015. Net sales in the first half of 2016 were negatively impacted by \$14.4 million as a result of foreign exchange rate fluctuations. Excluding this exchange rate impact, net sales would have increased by \$113.1 million or 19.6% due to changes in volume, average unit price and sales of other products. Higher volume increased net sales in the first half of 2016 by \$92.6 million or 16.0% compared to the same period in 2015. Average unit price increased net sales in the first half of 2016 by \$20.0 million or 3.5% compared to the same period in 2015. Net sales of components and other products to external customers were \$0.5 million higher in the first half of 2016 compared to the same period in 2015.

Europe

Net sales to external customers from facilities in the Europe segment in the six months ended July 3, 2016, were \$162.8 million, an increase of \$10.7 million or 7.0% from \$152.1 million in the six months ended June 28, 2015. Net sales in the first half of 2016 were negatively impacted by \$5.0 million as a result of foreign exchange fluctuations. Excluding this exchange rate impact, net sales would have increased by \$15.7 million or 10.3% due to changes in volume, average unit price and sales of other products. Average unit price increased net sales in the first half of 2016 by \$12.9 million or 8.5% compared to the same period in 2015. Higher volume increased net sales in the first half of 2016 by \$1.3 million or 0.9% compared to the same period in 2015. Net sales of components and other products to external customers were \$1.5 million higher in the first half of 2016 compared to the same period in 2015. The change in volume includes the incremental impacts of acquisitions and dispositions.

Table of Contents

MASONITE INTERNATIONAL CORPORATION

Architectural

Net sales to external customers from facilities in the Architectural segment in the six months ended July 3, 2016, were \$151.2 million, an increase of \$8.3 million or 5.8% from \$142.9 million in the six months ended June 28, 2015. Net sales in the first half of 2016 were negatively impacted by \$1.3 million as a result of foreign exchange fluctuations. Excluding this exchange rate impact, net sales would have increased by \$9.6 million or 6.7% due to changes in volume, average unit price and sales of other products. Higher volume increased net sales in the first half of 2016 by \$6.3 million or 4.4% compared to the same period in 2015. Average unit price increased net sales in the first half of 2016 by \$1.3 million or 0.9% compared to the same period in 2015. Net sales of components and other products to external customers were \$2.0 million higher in the first half of 2016 compared to the same period in 2015.

Cost of Goods Sold

Cost of goods sold as a percentage of net sales was 79.1% and 81.5% for the six months ended July 3, 2016, and June 28, 2015, respectively. The primary reasons for the decrease in cost of goods sold as a percentage of net sales were the favorable impacts of increased volume on our fixed costs and an increase in average unit price. Material cost of sales, overhead, depreciation and distribution costs as a percentage of net sales in 2016 decreased 0.2%, 1.9%, 0.3% and 0.1%, respectively, over the 2015 period. Direct labor as a percentage of net sales increased by 0.1%.

Selling, General and Administration Expenses

In the six months ended July 3, 2016, selling, general and administration expenses, as a percentage of net sales, were 13.3% compared to 12.8% in the six months ended June 28, 2015, an increase of 50 basis points.

Selling, general and administration expenses in the six months ended July 3, 2016, were \$133.9 million, an increase of \$16.9 million from \$117.0 million in the six months ended June 28, 2015. The increase was driven by a \$6.4 million increase in personnel costs, a \$3.9 million increase in professional fees, a \$3.0 million increase in share based compensation expense, a \$2.5 million increase in advertising costs, a \$2.0 million increase in travel expenses and other increases of \$0.7 million. These increases were partially offset by favorable foreign exchange impacts of \$1.6 million. The increased personnel costs were driven by a combination of wage inflation and investments in personnel. The increased professional fees primarily relate to investments in IT and digital initiatives.

Restructuring Costs

There were no material restructuring costs in the six months ended July 3, 2016, compared to \$3.3 million in the six months ended June 28, 2015. Costs incurred in 2015 were related primarily to the 2015 Plan.

Loss (Gain) on Disposal of Subsidiaries

Gain on disposal of subsidiaries was \$1.4 million in the six months ended July 3, 2016. This gain arose as a result of the liquidation of our legal entity in Romania. The gain is comprised of the recognition of the cumulative translation adjustment out of accumulated other comprehensive income (loss).

Interest Expense, Net

Interest expense, net, in the six months ended July 3, 2016, was \$14.2 million, compared to \$18.5 million in the six months ended June 28, 2015. This decrease primarily relates to the refinancing of \$500.0 million of 8.25% senior unsecured notes for \$475.0 million of 5.625% senior unsecured notes issued on March 23, 2015.

Loss on Extinguishment of Debt

Loss on extinguishment of debt was \$28.0 million in the six months ended June 28, 2015. This charge represents the difference between the redemption price of our senior unsecured notes due 2021 of \$531.7 million and the net carrying amount of such notes of \$503.7 million. In addition to the \$500.0 million of principal, the redemption price included a make-whole premium of \$31.7 million and the net carrying amount included unamortized premiums of \$11.5 million, partially offset by unamortized debt issuance costs of \$7.8 million.

MASONITE INTERNATIONAL CORPORATION

Other Expense (Income), Net

There was no material amount of other expense (income), net, in the six months ended July 3, 2016, compared to \$(1.8) million in the six months ended June 28, 2015. The change in other expense (income), net, is primarily due to unrealized gains and losses on foreign currency remeasurements. Also contributing to the change were our portion of dividends and the net gains and losses related to our non-majority owned unconsolidated subsidiaries that are recognized under the equity method of accounting and other miscellaneous non-operating expenses.

Income Tax Expense (Benefit)

Our income tax expense in the six months ended July 3, 2016, decreased by \$9.2 million compared to the six months ended June 28, 2015. The change in our income tax expense (benefit) is primarily due to the mix of income or losses within the tax jurisdictions with various tax rates in which we operate, income and losses in tax jurisdictions with existing valuation allowances, income tax benefits related to tax-exempt income and discrete income tax benefits of \$7.3 million in the six months ended July 3, 2016, compared to \$3.2 million of income tax benefits recorded in the six months ended June 28, 2015. The discrete income tax benefits of \$7.3 million are primarily attributable to \$6.2 million of discrete income tax benefits related to adoption of ASU 2016-09 and \$1.1 million of discrete income tax benefits related to a change in tax rate. Discrete items may occur in any given year, but are not consistent from period to period. Our combined effective income tax rate is primarily the weighted average of federal, state and provincial rates in various countries in which we have operations, including the United States, Canada, the United Kingdom and Ireland and is affected by our ability to realize tax assets in certain jurisdictions.

Table of Contents

MASONITE INTERNATIONAL CORPORATION

Adjusted EBITDA in our North American Residential segment increased \$30.9 million, or 40.6%, to \$107.0 million in the six months ended July 3, 2016, from \$76.1 million in the six months ended June 28, 2015. Adjusted EBITDA in the North American Residential segment included corporate allocations of shared costs of \$25.4 million and \$22.1 million in the first half of 2016 and 2015, respectively. The allocations generally consist of certain costs of human resources, legal, finance, information technology and research and development.

Adjusted EBITDA in our Europe segment increased \$8.4 million, or 57.5%, to \$23.0 million in the six months ended July 3, 2016, from \$14.6 million in the six months ended June 28, 2015. Adjusted EBITDA in the Europe segment included an incremental comparative decrease of \$0.1 million from the disposal of France in 2015.

Adjusted EBITDA in our Architectural segment decreased \$0.1 million, or 0.8%, to \$12.1 million in the six months ended July 3, 2016, from \$12.2 million in the six months ended June 28, 2015. Adjusted EBITDA in the Architectural segment included corporate allocations of shared costs of \$3.9 million and \$3.2 million in the first half of 2016 and 2015, respectively. The allocations generally consist of certain costs of human resources, legal, finance, information technology and research and development.

Liquidity and Capital Resources

Our liquidity needs for operations vary throughout the year. Our principal sources of liquidity are cash flows from operating activities, the borrowings under our ABL Facility and accounts receivable sales programs ("AR Sales Programs") and our existing cash balance.

We believe that our cash balance on hand, future cash generated from operations, the use of our AR Sales Programs, our ABL Facility, and ability to access the capital markets will provide adequate liquidity for the foreseeable future. As of July 3, 2016, we had \$62.4 million of cash and cash equivalents, availability under our ABL Facility of \$137.3 million and availability under our AR Sales Program of \$29.1 million.

Cash Flows

Cash provided by operating activities was \$57.0 million during the six months ended July 3, 2016, compared to \$40.2 million in the six months ended June 28, 2015. This \$16.8 million increase in cash provided by operating activities was primarily due to a \$36.5 million increase in our net income (loss) attributable to Masonite, adjusted for non-cash and non-operating items, in the first six months of 2016 compared to the same period in 2015. This increase was partially offset by changes in working capital.

Cash used in investing activities was \$39.3 million during the six months ended July 3, 2016, compared to \$22.8 million in the six months ended June 28, 2015. This \$16.5 million increase in cash used in investing activities was driven by a \$20.2 million increase in cash additions to property, plant and equipment, due to investments to support additional volume compared to 2015, and other increases in investing outflows of \$0.6 million. Partially offsetting these increases in investing outflows was a year over year reduction in contributions to restricted cash of \$4.3 million. Cash used in financing activities was \$40.5 million during the six months ended July 3, 2016, compared to \$66.1 million used during the six months ended June 28, 2015. This \$25.6 million decrease in cash used in financing activities was driven by the receipt of \$10.5 million in cash from the exercise of warrants to purchase our common shares offset by \$46.6 million of cash outflow for the repurchase of shares of our common stock in the first half of 2016 and \$2.2 million of other financing outflows. These current year cash outflows were offset by prior year net cash uses of \$63.9 million related to the issuance of the 2023 Notes and the repurchase of the 2021 Notes (as described below).

Share Repurchases

On February 23, 2016, our Board of Directors approved a share repurchase program pursuant to which we may repurchase from time to time up to \$150 million of our outstanding common shares. Any repurchases under the program will be made in the open market, in privately negotiated transactions or otherwise, subject to market conditions, applicable legal requirements and other relevant factors. The share repurchase program does not obligate

us to acquire any particular amount of common stock, and it may be suspended or terminated at any time at our discretion. While the share repurchase program may take two years to complete, the timing and amount of any share repurchases will be

Table of Contents

MASONITE INTERNATIONAL CORPORATION

determined by us based on our evaluation of market conditions and other factors. Repurchases under the share repurchase program are permitted to be made under one or more Rule 10b5-1 plans, which would permit shares to be repurchased when we might otherwise be precluded from doing so under applicable insider trading laws. During the six months ended July 3, 2016, we repurchased 0.7 million of our common shares in the open market at an aggregate cost of \$46.6 million. Of these, we retired 0.3 million during the six months ended July 3, 2016; the remaining 0.4 million were subsequently retired on July 6, 2016. We have remaining capacity under this program of \$103.4 million.

Other Liquidity Matters

Our anticipated uses of cash in the near term include working capital needs, especially in the case of a market recovery, and capital expenditures. On a continual basis, we evaluate and consider strategic acquisitions, divestitures, and joint ventures to create shareholder value and enhance financial performance.

Our cash and cash equivalents balance includes cash held in foreign countries in which we operate. Cash held outside Canada, in which we are incorporated, is free from significant restrictions that would prevent the cash from being accessed to meet our liquidity needs including, if necessary, to fund operations and service debt obligations in Canada. However, earnings from certain jurisdictions are indefinitely reinvested in those jurisdictions. Upon the repatriation of any earnings to Canada, in the form of dividends or otherwise, we may be subject to Canadian income taxes and withholding taxes payable to the various foreign countries. As of July 3, 2016, we do not believe adverse tax consequences exist that restrict our use of cash or cash equivalents in a material manner.

We also routinely monitor the changes in the financial condition of our customers and the potential impact on our results of operations. There has not been a change in the financial condition of a customer that has had a material adverse effect on our results of operations. However, if economic conditions were to deteriorate, it is possible that there could be an impact on our results of operations in a future period and this impact could be material.

Accounts Receivable Sales Programs

We maintain accounts receivable sales programs with third parties (the "AR Sales Programs"). Under the AR Sales Programs, we can transfer ownership of eligible trade accounts receivable of certain customers. Receivables are sold outright to third parties who assume the full risk of collection, without recourse to us in the event of a loss. Transfers of receivables under these programs are accounted for as sales. Proceeds from the transfers reflect the face value of the accounts receivable less a discount. Receivables sold under the AR Sales Programs are excluded from trade accounts receivable in the condensed consolidated balance sheets and are included in cash flows from operating activities in the condensed consolidated statements of cash flows. The discounts on the sales of trade accounts receivable sold under the AR Sales Programs were not material for any of the periods presented and were recorded in selling, general and administration expense within the condensed consolidated statements of comprehensive income (loss).

Senior Notes

On March 23, 2015, we issued \$475.0 million aggregate principal senior unsecured notes (the "2023 Notes"). The 2023 Notes were issued in a private placement for resale to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"), and to buyers outside the United States pursuant to Regulation S under the Securities Act. The 2023 Notes were issued without registration rights and are not listed on any securities exchange. The 2023 Notes were issued at par and bear interest at 5.625% per annum, payable in cash semiannually in arrears on March 15 and September 15 of each year and are due March 15, 2023. We received net proceeds of \$467.9 million after deducting \$7.1 million of debt issuance costs. The debt issuance costs were capitalized as deferred financing costs and are being accreted to interest expense over the term of the 2023 Notes using the effective interest method. The net proceeds from the 2023 Notes, together with existing cash balances, were used to redeem the \$500.0 million aggregate principal of 2021 Notes (as described in the footnotes to the condensed consolidated financial statements) and to pay related premiums, fees and expenses.

Obligations under the 2023 Notes are fully and unconditionally guaranteed, jointly and severally, on a senior unsecured basis, by certain of our directly or indirectly wholly-owned subsidiaries. We may redeem the 2023 Notes under certain circumstances specified therein. The indenture governing the 2023 Notes contains restrictive covenants that, among other things, limit our ability and our subsidiaries' ability to: (i) incur additional debt and issue disqualified

MASONITE INTERNATIONAL CORPORATION

or preferred stock, (ii) make restricted payments, (iii) sell assets, (iv) create or permit restrictions on the ability of our restricted subsidiaries to pay dividends or make other distributions to us, (v) create or incur certain liens, (vi) enter into sale and leaseback transactions, (vii) merge or consolidate with other entities and (viii) enter into transactions with affiliates. The foregoing limitations are subject to exceptions as set forth in the indenture governing the 2023 Notes. In addition, if in the future the 2023 Notes have an investment grade rating from at least two nationally recognized statistical rating organizations, certain of these covenants will be replaced with a less restrictive covenant. The indenture governing the 2023 Notes contains customary events of default (subject in certain cases to customary grace and cure periods). As of July 3, 2016, we were in compliance with all covenants under the indenture governing the 2023 Notes.

ABL Facility

On April 9, 2015, we and certain of our subsidiaries amended and restated our asset-based revolving credit facility (the "ABL Facility") in order to extend the maturity date of the ABL Facility and amend certain other provisions. The amended and restated ABL Facility increased the revolving commitments to \$150.0 million from \$125.0 million and extended the final maturity date to April 9, 2020, from May 17, 2016. The borrowing base is calculated based on a percentage of the value of selected U.S. and Canadian accounts receivable and inventory, less certain ineligible amounts.

Obligations under the ABL Facility are secured by a first priority security interest in substantially all of the current assets of Masonite and our subsidiaries. In addition, obligations under the ABL Facility are fully and unconditionally guaranteed, jointly and severally, on a senior unsecured basis, by certain of our directly or indirectly wholly-owned subsidiaries.

Borrowings under the ABL Facility bear interest at a rate equal to, at our option, (i) the Base Rate, Canadian Prime Rate or Canadian Base Rate (each as defined in the Amended and Restated Credit Agreement) plus a margin ranging from 0.25% to 0.75% per annum, or (ii) the Eurodollar Base Rate or BA Rate (each as defined in the Amended and Restated Credit Agreement), plus a margin ranging from 1.25% to 1.75% per annum.

In addition to paying interest on any outstanding principal under the ABL Facility a commitment fee is payable on the undrawn portion of the ABL Facility in an amount equal to 0.25% per annum of the average daily balance of unused commitments during each calendar quarter.

The ABL Facility contains various customary representations, warranties and covenants by us that, among other things, and subject to certain exceptions, restrict Masonite's ability and the ability of our subsidiaries to: (i) pay dividends on our common shares and make other restricted payments, (ii) make investments and acquisitions, (iii) engage in transactions with our affiliates, (iv) sell assets, (v) merge and (vi) create liens.

The Amended and Restated Credit Agreement amended the ABL Facility to, among other things, (i) permit us to incur unlimited unsecured debt as long as such debt does not contain covenants or default provisions that are more restrictive than those contained in the ABL Facility, (ii) permit us to incur debt as long as the pro forma secured leverage ratio is less than 4.5 to 1.0, and (iii) add certain additional exceptions and exemptions under the restricted payment, investment and indebtedness covenants (including increasing the amount of certain debt permitted to be incurred under an existing exception). As of July 3, 2016, and January 3, 2016, we were in compliance with all covenants under the credit agreement governing the ABL Facility and there were no amounts outstanding under the ABL Facility.

Supplemental Guarantor Financial Information

Our obligations under the 2023 Notes and the ABL Facility are fully and unconditionally guaranteed, jointly and severally, on a senior unsecured basis by certain of our directly or indirectly wholly-owned subsidiaries. The following unaudited supplemental financial information for our non-guarantor subsidiaries is presented:

Our non-guarantor subsidiaries generated external net sales of \$426.3 million and \$835.6 million for the three and six months ended July 3, 2016, and \$388.6 million and \$751.4 million for the three and six months ended June 28, 2015, respectively. Our non-guarantor subsidiaries generated Adjusted EBITDA of \$60.1 million and \$110.5 million for the three and six months ended July 3, 2016, and \$51.6 million and \$81.1 million three and six months ended June 28, 2015, respectively. Our non-guarantor subsidiaries had total assets of \$1.3 billion as of both July 3, 2016, and January 3, 2016, respectively; and total liabilities of \$785.6 million and \$791.1 million as of July 3, 2016, and January 3, 2016, respectively.

Changes in Accounting Standards and Policies

Changes in accounting standards and policies are discussed in Note 1. Business Overview and Significant Accounting Policies in the Notes to the Condensed Consolidated Financial Statements in this Quarterly Report.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

For our disclosures about market risk, please see Part II, Item 7A., "Quantitative and Qualitative Disclosures about Market Risk," in our Annual Report on Form 10-K for the year ended January 3, 2016. We believe there have been no material changes to the information provided therein.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

We maintain disclosure controls and procedures as defined in Rule 13a-15(e) and Rule 15d-15(e) under the Securities and Exchange Act of 1934, as amended (the "Exchange Act"), that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and that such information is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

Management, with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective.

Changes in Internal Control over Financial Reporting

There have been no changes in our internal control over financial reporting during the fiscal quarter covered by this Quarterly Report that have materially affected, or that are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

We are involved in various legal proceedings, claims and governmental audits in the ordinary course of business. In the opinion of management, the ultimate disposition of these proceedings, claims and audits will not have a material adverse effect on the financial position, results of our operations, or cash flows.

Item 1A. Risk Factors

You should carefully review and consider the information regarding certain factors which could materially affect our business, financial condition or future results as set forth under Item 1A "Risk Factors" in our Annual Report on Form 10-K filed for the year ended January 3, 2016. There have been no material changes from the risk factors disclosed in such Annual Report on Form 10-K, other than as noted below.

The United Kingdom referendum to exit the European Union could adversely affect our business.

In June 2016, voters in the United Kingdom voted for a non-binding referendum in favor of the United Kingdom exiting the European Union, which, if passed into law, could adversely affect European and worldwide economic and market conditions. As a result of the referendum, there has been, and may continue to be, instability in global financial and foreign exchange markets, including volatility in the value of the Pound Sterling and the Euro. Uncertainty about global or regional economic conditions poses a risk as consumers and businesses may postpone spending in response to tighter credit, negative financial news and declines in income or asset values, which could have a material negative effect on the European housing market, particularly in the United Kingdom, and demand for our products in the foreseeable future.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(a) Unregistered Sale of Equity Securities.

None.

(b) Use of Proceeds.

Not applicable.

Table of Contents

(c) Repurchases of Our Equity Securities.

During the three months ended July 3, 2016, we repurchased 455,358 of our common shares in the open market.

	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Approximate Dollar Value of Shares that May Yet be Purchased Under the Plans or Programs
April 4, 2016, through May 1, 2016	32,381	64.38	32,381	131,888,695
May 2, 2016, through May 29, 2016	216,094	68.86	216,094	117,008,689
May 30, 2016, through July 3, 2016	206,883	65.78	206,883	103,399,853
Total	455,358	\$ 67.14	455,358	

On February 23, 2016, our Board of Directors authorized a share repurchase plan with no specified expiration date whereby we may repurchase up to \$150 million worth of our common shares. Any repurchases under the program will be made in the open market, in privately negotiated transactions or otherwise, subject to market conditions, applicable legal requirements and other relevant factors. The share repurchase program does not obligate us to acquire any particular amount of common stock, and it may be suspended or terminated at any time at our discretion. While the share repurchase program may take two years to complete, the timing and amount of any share repurchases will be determined by us based on our evaluation of market conditions and other factors. Repurchases under the share repurchase program are permitted to be made under one or more Rule 10b5-1 plans, which would permit shares to be repurchased when we might otherwise be precluded from doing so under applicable insider trading laws. As of July 3, 2016, \$103.4 million of common stock was eligible for repurchase in accordance with the plan.

Item 3. Defaults Upon Senior Securities
None.

Item 4. Mine Safety Disclosures
Not applicable.

Item 5. Other Information
None.

Item 6. Exhibits

The exhibits required by Item 601 of Regulation S-K are included with this Form 10-Q and are listed on the "Index to Exhibits" immediately following the Signatures.
