This Proxy Statement and the accompanying proxy are being mailed or given to shareholders of the Company on or about May 4, 2007.

VOTING PROCEDURES AND SECURITIES

Your Vote is Very Important

Whether or not you plan to attend the meeting, please take the time to vote your shares as soon as possible. Your prompt voting via the Internet, telephone or mail may save us the expense of a second mailing.

Vote Required, Abstentions and Broker Non-Votes

Shares of Common Stock represented by proxy will be voted according to the instructions, if any, given in the proxy. Unless otherwise instructed, the person or persons named in the proxy will vote (1) FOR the election of the nominees for director listed herein (or their substitutes in the event any of the nominees is unavailable for election); (2) FOR the ratification of the selection of Moss Adams LLP as the independent accountants for the Company for the current fiscal year; and (3) in their discretion, with respect to such other business as may properly come before the meeting.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspectors of election appointed by the Company for the meeting. The number of shares represented at the meeting in person or by proxy will determine whether or not a quorum is present. The inspectors of election will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum but as unvoted for purposes of determining the approval of any matter submitted to the shareholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote by the inspectors of election with respect to that matter.

1

The cost of soliciting proxies will be borne by the Company. Proxies may be solicited by directors, officers, regular employees or other agents of the Company in person or by telephone. We have retained American Stock Transfer & Trust Company to assist in the solicitation of proxies. American Stock Transfer & Trust Company will charge approximately \$2,000 plus out-of-pocket expenses.

All holders of record of the Common Stock as of the close of business on April 27, 2007, are entitled to one vote for each share held at the Annual Meeting, or any adjournment thereof, upon the matters listed in the Notice of Annual Meeting. Cumulative voting is not permitted.

Other Business

4

DIRECTOR INDEPENDENCE

The Company's Corporate Governance Guidelines state that the Board intends that, at all times, a substantial majority of its directors will be considered independent under relevant AMEX and SEC guidelines. The Corporate Governance and Nominating Committee conducts an annual review of the independence of the members of the Board and its Committees and reports its findings to the full Board. Based on the report and recommendation of the Corporate Governance Committee, the Board has determined that each of the non-employee directors and nominees Messrs. Taubman, Ritter, and Oxley satisfies the independence criteria (including the enhanced criteria with respect to members of the Audit Committee) set forth in the applicable AMEX listing standards and SEC rules. Each Board Committee consists entirely of independent, non-employee directors.

For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationships (including vendor, supplier, consulting, legal, banking, accounting, charitable and family relationships) with WidePoint, other than as a director and shareholder. AMEX listing standards also impose certain per se bars to independence, which are based upon a director's relationships with WidePoint currently and during the three years preceding the Board's determination of independence.

The Board considered all relevant facts and circumstances in making its determinations, including the following:

No non-employee director receives any direct compensation from WidePoint other than under the director compensation program described in this proxy statement.

No immediate family member (within the meaning of the AMEX listing standards) of any non-employee director is an employee of WidePoint or otherwise receives direct compensation from WidePoint.

No non-employee director (or any of their respective immediate family members) is affiliated with or employed in a professional capacity by WidePoint's independent accountants.

No non-employee director is a member, partner, or principal of any law firm, accounting firm or investment banking firm that receives any consulting, advisory or other fees from WidePoint.

No WidePoint executive officer is on the compensation committee of the board of directors of a company that employs any of our non-employee directors (or any of their respective immediate family members) as an executive officer.

No non-employee director (or any of their respective immediate family members) is indebted to WidePoint, nor is WidePoint indebted to any non-employee director (or any of their respective immediate family members).

No non-employee director serves as an executive officer of a charitable or other tax-exempt organization that received contributions from WidePoint.

Non-management members of the Board of Directors conduct at least two regularly-scheduled meetings per year without members of management being present. Mr. Ritter serves as the presiding director of such meetings. Following an executive session of non-employee directors, the presiding director may act as a liaison between the non-employee directors and the Chairman, provide the Chairman with input regarding agenda items for Board and Committee meetings, and coordinate with the Chairman regarding information to be provided to the non-employee directors in performing their duties.

IDENTIFICATION AND EVALUATION OF DIRECTOR CANDIDATES

The Board has determined that its Corporate Governance and Nominating Committee shall, among other responsibilities, serve as the nominating committee. The Committee consists entirely of independent directors under applicable SEC rules and AMEX listing standards. The Committee operates under a written charter adopted by the Board of Directors. A copy of the charter is available at the Company's website, www.widepoint.com, or by writing to WidePoint Corporation, One Lincoln Centre, Oakbrook Terrace, Illinois 60181 c/o Corporate Secretary. The Committee is charged with seeking individuals qualified to become directors and recommending candidates for all directorships to the full Board of Directors. The Committee considers director candidates in anticipation of upcoming director elections and other potential or expected Board vacancies.

The Committee considers director candidates suggested by members of the Committee, other directors, senior management and shareholders.

Preliminary interviews of director candidates may be conducted by the Chairman of the Committee or, at his request, any other member of the Committee and/or the Chairman of the Board. Background material pertaining to director candidates is distributed to the members of the Committee for their review. Director candidates who the Committee determines merit further consideration are interviewed by the Chairman of the Committee and such other Committee members, directors and key senior management personnel as determined by the Chairman of the Committee. The results of these interviews are considered by the Committee in its deliberations.

Director candidates are reviewed by the Committee based on the needs of the Board and the Company's various constituencies, their relative skills and characteristics, and their age and against the following qualities and skills that are considered desirable for Board membership: their exemplification of the highest standards of personal and professional integrity; their independence from management under applicable securities law, listing standards, and the Company's Corporate Governance Guidelines; their experience and industry and educational background; their potential contribution to the composition, diversity and culture of the Board; and their ability and willingness to constructively challenge management through active participation in Board and Committee meetings and to otherwise devote sufficient time to Board duties.

In evaluating the needs of the Board, the Committee considers the qualifications of sitting directors and consults with other members of the Board, the CEO and other members of senior management. At a minimum, all recommended candidates must possess the requisite personal and professional integrity, meet any required independence standards, and be willing and able to constructively participate in, and contribute to, Board and Committee meetings. Additionally, the Committee conducts regular reviews of current directors whose terms are nearing expiration, but who may be proposed for re-election, in light of the considerations described above and their past contributions to the Board.

The Corporate Governance and Nominating Committee has adopted a policy pursuant to which a shareholder who has owned at least 5% of the Company's outstanding shares of Common Stock for at least two years may recommend a director candidate that the Committee will consider when there is a vacancy on the Board either as a result of a director resignation or an increase in the size of the Board. Such recommendation must be made in writing addressed to the Chairperson of the Nominating Committee at the Company's principal executive offices and must be received by the Chairperson at least 120 days prior to the anniversary date of the release of the prior year's proxy statement. Although the Committee has not formulated any specific minimum qualifications that the Committee believes must be met by a nominee that the Committee recommends to the Board, the factors it will take into account will include strength of character, mature judgment, career specialization, relevant technical skills or financial acumen, diversity of viewpoint and industry knowledge. There will be no differences between the manner in which the Committee evaluates a nominee recommended by a shareholder and the manner in which the Committee evaluates nominees recommended

by other persons.

The Company did not receive in a timely manner, in accordance with SEC requirements, any recommendation of a director candidate from a shareholder, or group of shareholders that beneficially owned more than 5% of the Common Stock for at least one year as of the date of recommendation.

PROCESS FOR COMMUNICATING WITH BOARD MEMBERS

Interested parties may communicate directly with the presiding director for an upcoming meeting or the non-employee directors as a group by writing to WidePoint Corporation, One Lincoln Centre, Oakbrook Terrace, Illinois 60181, c/o Corporate Secretary. Communications may also be sent to individual directors at the above address.

DIRECTOR ATTENDANCE AT ANNUAL MEETINGS

The Company has adopted a policy that each director should attempt to attend each annual meeting of shareholders. With the exception of James Ritter, all members of the Board of Directors attended last year's annual meeting.

7

PROPOSAL ONE ELECTION OF DIRECTORS

The Company's Board of Directors is classified into the following three classes of directors, with approximately one-third of the directors serving in each such class of directors and with one class of directors being elected at each annual meeting of shareholders of the Company to serve for a term of three years or until the earlier expiration of the term of their class of directors or until their successors are elected and take office as provided below. Since the Company did not hold an Annual Meeting of Shareholders during 2005 the class II directors were re-elected at the last Annual Meeting of Shareholders of the Company held on June 28, 2006, to serve for the remaining two-year period until the Annual Meeting of Shareholders in the year 2008, while the class III director was re-elected to serve for the normal three-year period until the Annual Meeting of Shareholders in the year 2009. Therefore, to maintain the staggered terms of election of directors, Shareholders of the Company are voting upon the election of class I directors to serve for a three-year period until the Annual Meeting of Shareholders in the year 2010. On March 10, 2006, Morton S. Taubman was appointed by the Company's Board of Directors to fill the vacancy created by the resignation on March 7, 2006 of Norman Wareham as a class I director of the Company. On August 15, 2006, Ron Oxley was appointed by the Company's Board of Directors to expand the number of independent members of the Board of Directors. As a result of his appointment and the desire to maintain staggered terms Mr. Oxley has been nominated as a class I director.

For audit services, the independent auditor will provide the Committee with an engagement letter during the March-May quarter of each year outlining the scope of the audit services proposed to be performed in connection with the audit of the current fiscal year. If agreed to by the Committee, the engagement letter will be formally accepted by the Committee at an Audit Committee meeting held as practicably as possible following receipt of the engagement letter. The independent auditor will submit to the Committee for approval an audit services fee proposal after acceptance of the engagement letter.

For non-audit services, Company management may submit to the Committee for approval (during May through September of each fiscal year) the list of non-audit services that it recommends the committee engage the independent auditor to provide for the fiscal year. The list of services must be detailed as to the particular service and may not call for broad categorical approvals. Company management and the independent auditor will each confirm to the Audit Committee that each non-audit service on the list is permissible under all applicable legal requirements. In addition to the list of planned non-audit services, a budget estimating non-audit service spending for the fiscal year may be provided. The Committee will consider for approval both the list of permissible non-audit services and the budget for such services. The Committee will be informed routinely as to the non-audit services actually provided by the independent auditor pursuant to this pre-approval process.

To ensure prompt handling of unexpected matters, the Audit Committee delegates to its Chairperson the authority to amend or modify the list of approved permissible non-audit services and fees. The Chairperson will report any action taken pursuant to this delegation to the Committee at its next meeting.

All audit and non-audit services provided to the Company are required to be pre-approved by the Committee. The Chief Financial Officer of the Company will be responsible for tracking all independent auditor fees against the budget for such services and report at least annually to the Audit Committee.

The foregoing report is submitted by the members of the Audit Committee.

Changes in Registrant's Certifying Accountant

By letter dated February 24, 2006, the Audit Committee of the Board of Directors of the Company informed the firm of Grant Thornton LLP that it was dismissed and would no longer serve as the Company's independent accounting firm effective February 24, 2006.

Grant Thornton LLP did not audit the Company's financial statements for the year ended December 31, 2005. During the fiscal years ended December 31, 2003 and December 31, 2004, subsequent nine-month period ended September 30, 2005, and through the dismissal of the firm on February 24, 2006, there were no disagreements between the Company and Grant Thornton LLP on any matters of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of Grant Thornton LLP, would have been referred to in their reports. Grant Thornton's reports on the Company's financial statements for the years ended December 31, 2003 and December 31, 2004 did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles. During 2005, Grant Thornton LLP concurred with the determination by management that the Company had material weaknesses in the design of its internal control over financial reporting as discussed below.

The material weaknesses in the Company's internal control over financial reporting identified at the end of each of the quarters in 2005 resulted from insufficient technical accounting expertise within the Company's accounting function to resolve non-routine or complex accounting and tax matters that occurred in connection with: (i) the Company's acquisition of Operational Research Consultants, Inc. (ORC) in October 2004; (ii) the determination of the proper accounting treatment of the financial instrument relating to the warrants issued by the Company to Barron Partners L.P. (Barron) in October 2004; and (iii) the determination of the proper accounting treatment of the shares of common stock issued and held in escrow following the acquisition by the Company of Chesapeake Government Technologies, Inc. (Chesapeake) in April 2004. The material weaknesses in internal controls resulted in: (i) the Company's late filing on April 19, 2005 (four days after the extended due date) of the Company's Annual Report on Form 10-K for the year ended December 31, 2004; (ii) the need to restate the recorded amount of the financial instrument at December 31, 2004 and March 31, 2005 due to the failure to mark-to-market such instrument at December 31, 2004; (iii) the need to reclassify the amortized costs relating to the ORC acquisition in cost of sales and not in amortization and depreciation, and to record the preferred stock issued to Barron as temporary preferred equity and not permanent preferred equity; and (iv) the need to restate the Company's financial statements for the year ended December 31, 2004 and the first three quarters of 2005 to reflect changes in the Company's accounting relating to the Chesapeake acquisition. The Chesapeake-related restatements: (i) eliminated the intangible asset associated with the acquisition;

(ii) reversed the related amortization expense; (iii) expensed as consulting fees the cost of the transaction attributable to the cost of issuance of the non-escrowed shares and other direct costs at the time of the acquisition; (iv) recorded and expensed as consulting fees in cost of sales the release of the shares from escrow at December 31, 2004; (v) expensed in cost of sales and recorded the value of those shares in equity meeting the contractual performance measures that would result in the release of those shares from escrow after the filing of the Company's Form 10-K for the year ended December 31, 2005; and (vi) recorded the shares in equity as common stock issuable until such time as they can be reclassified as common stock upon the release of the shares earned from escrow. In order to remediate the weaknesses in the Company's internal control over financial reporting, the Company employed a consulting firm in January 2005 with the requisite accounting expertise to resolve the above issues, which arose as a result of accounting comments raised by the SEC in connection with its review of the Company's periodic reports and its Registration Statement on Form S-1. The Company believes that the above material weaknesses in its internal control over financial reporting were remedied on January 19, 2006 upon the filing by the Company of amendments to its prior periodic reports containing restated financial statements reflecting the resolution of the above accounting issues.

On February 24, 2006, the Audit Committee of the Board of Directors of the Company engaged the independent accounting firm of Epstein, Weber & Conover PLC to serve as its new independent accounting firm effective February 24, 2006.

During the fiscal years ended December 31, 2004 and December 31, 2005 and the subsequent interim period, the Company did not consult with Epstein, Weber & Conover PLC regarding either (i) the application of accounting principles to a specified transaction or the type of audit opinion that might be rendered on the Company's financial statements or (ii) any matter that was either the subject of a disagreement or a reportable event.

Effective January 1, 2007, Epstein, Weber & Conover PLC combined its practice with Moss Adams LLP and therefore resigned as the independent registered public accounting firm of the Company. The Company was notified of such resignation on January 22, 2007. According to information provided to the Company, all of the partners of Epstein, Weber & Conover PLC have become partners of Moss Adams LLP.

From the date of engagement of Epstein, Weber & Conover PLC through January 22, 2007, there were no disagreements between the Company and Epstein, Weber & Conover PLC on any matters of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of Epstein, Weber & Conover PLC, would have been referred to in its report. Epstein Weber's report on the Company's financial statements for the year ended December 31, 2005 did not contain an adverse opinion or a disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope, or accounting principles.

On January 22, 2007, the Audit Committee of the Board of Directors of the Company engaged the independent accounting firm of Moss Adams LLP to serve as its new independent accounting firm effective January 22, 2007.

During the fiscal years ended December 31, 2005 and December 31, 2006 and during the subsequent period prior to the engagement of Moss Adams LLP as its new independent accounting firm, the Company did not consult with Moss Adams LLP regarding either (i) the application of accounting principles to a specified transaction or the type of audit opinion that might be rendered on the Company's financial statements or (ii) any matter that was either the subject of a disagreement or a reportable event.

COMPENSATION AND RELATED MATTERS

Compensation Discussion and Analysis

WidePoint is an IT Consulting and Identify Management Company. Since 2003, we have pursued several initiatives to expand the Company through internal growth and acquisitions of focused assets that will allow us to achieve growth in the commercial and government marketplaces. We have focused on the initiatives of building strengths within our people, processes, and certain technologies to expand our growth and market opportunities. WidePoint's executive compensation program is designed to promote these initiatives. The program includes a base salary, annual cash incentive programs and stock option plans designed to attract and retain qualified executives with the leadership skills and experience necessary to drive results, meet diverse strategic and operational challenges, and build long-term shareholder value. The program also attempts to motivate executives to achieve specific company goals, both financial and non-financial, reward and differentiate among

executives based on achievement of these goals, as well as for achievement of individual performance objectives and executive's effectiveness in driving process and functional excellence and in demonstrating strong commitment to integrity, compliance and learning in the workplace. The program further attempts to align the interest of the executive with those of shareholders by providing the appropriate balance of near-term and long-term objectives and fixed vs. variable (at-risk) compensation.

We describe WidePoint's executive compensation program below and provide an analysis of the compensation earned in 2006 by our named executive officers—the Chief Executive Officer (CEO), the Chief Financial Officer (CFO) and the other most highly-compensated executive officers. In 2006, they were Messrs. Komar, McCubbin, Mirabile, and Turissini.

The Compensation Committee consists of James Ritter, Ronald Oxley, and Morton Taubman, with Mr. Ritter serving as Chairman of the Committee. The Compensation Committee determines the compensation paid to the Chief Executive Officer and the other executive officers and consultants of the Company. The Compensation Committee believes that for the Company to be successful long-term and to increase shareholder value, the Company must be able to hire, retain, adequately compensate and financially motivate talented and ambitious executives. The Compensation Committee attempts to reward executives for both individual achievement and overall Company success.

Executive compensation is made up of three components:

Base Salary. An executive's base salary is initially determined by considering the executive's level of responsibility, prior experience and compensation history. Published salaries of executives in similar positions at other companies of comparable size (sales and/or number of employees) are also considered in establishing base salary.

19

Stock Options. In 1997, the Company adopted the 1997 Stock Incentive Plan to provide stock option awards to certain executives of the Company and its subsidiaries. The Compensation Committee believes that the granting of stock options is directly linked to increased executive commitment and motivation and to the long-term success of the Company. The Compensation Committee awards stock options to certain executives of the Company and its subsidiaries. The Compensation Committee uses both subjective appraisals of the executive's performance and the Company's performance and financial success during the previous year to determine option grants. No stock option awards were granted to the executives of the Company for 2006 performance.

Bonus. The Company has also implemented a recurring annual incentive bonus program for certain of its named executive officers. Bonuses are typically linked to a percentage of base salary. Bonus potential is based on a number of individualized performance measures, including no less than 70% of the opportunity amount tied to the achievement of specified revenue and earnings targets based on approved budgets, for both the total Company and for each individual's specific area of responsibility.

The maximum bonus Mr. Komar could have received under the annual incentive bonus program for his performance during 2006 was \$115,000. For Mr. Komar, approximately 50% of such maximum bonus was subject to the achievement of specified gross revenues targets to be attained through a combination of internal growth and potential merger and acquisition activity, with a bonus of approximately \$4,000 earned at gross revenues of \$19 million, \$9,000 earned at gross revenues of \$25 million, \$14,000 earned at gross revenues of \$27.5 million, \$29,000 earned at gross revenues of \$30 million and \$57,000 earned at gross revenues of \$34 million. Mr. Komar also could have earned up to approximately \$29,000 of his maximum bonus payout upon the Company achieving specified targets for earnings before interest, taxes, amortization and depreciation (EBITDA), with approximately \$1,400 earned at EBITDA of \$3.75 million, \$4,300 earned at EBITDA of \$4.5 million, \$7,100 earned at EBITDA of \$5.5 million, \$14,400 earned at EBITDA of \$6.0 million, and \$29,000 earned at EBITDA of \$6.5 million. Mr. Komar could also have earned up to approximately \$29,000 of his maximum bonus payout upon executing a strategic plan and providing executive leadership as subjectively measured by the Compensation Committee, with the amount of such bonus ranging from approximately \$1,400 to \$29,000. Mr. Komar did not earn any bonus in 2006.

The maximum bonus Mr. McCubbin could have received under the annual incentive bonus program for his performance during 2006 was \$115,000. For Mr. McCubbin, 45% of such maximum bonus was subject to the achievement of specified gross revenues targets to be attained through a combination of internal growth and potential merger and acquisition activity, with a bonus of approximately \$2,600 earned at gross revenues of \$19 million, \$7,700 earned at gross revenues of \$25 million, \$13,000 earned at gross revenues of \$27.5 million, \$26,000 earned at gross revenues of \$30 million and \$52,000 earned at gross revenues of \$34 million. Mr. McCubbin also could have earned up to approximately \$35,000 of his maximum bonus payout upon the Company achieving specified targets for EBITDA, with approximately \$1,700 earned at EBITDA of \$3.75 million, \$5,200 earned at EBITDA of \$4.5 million, \$8,600 earned at EBITDA of \$5.5 million, \$17,300 earned at EBITDA of \$6.0 million, and \$34,000 earned at EBITDA of \$6.5 million. Mr. McCubbin also could have earned up to approximately \$29,000 of his maximum bonus payout upon providing investor relations and executive leadership as subjectively measured by the Compensation Committee, with the amount of such bonus ranging from approximately \$1,400 through \$29,000. Mr. McCubbin did not earn any bonus in 2006.

20

The maximum bonus Mr. Mirabile could have received under the annual incentive bonus program for his performance during 2006 was \$115,000. For Mr. Mirabile, approximately 50% of such maximum bonus was subject to the achievement of specified commercial revenues targets to be attained through a combination of internal growth and potential merger and acquisition activity, with a bonus of approximately \$2,900 earned at revenues of \$4.8 million, \$8,600 earned at revenues of \$7.5 million, \$14,400 earned at revenues of \$8.75 million, \$29,000 earned at revenues of \$10.25 million and \$57,000 earned at revenues of \$11.8 million. Mr. Mirabile also could have earned up to approximately \$23,000 of his maximum bonus payout upon the commercial operations achieving specified targets for EBITDA, with approximately \$1,200 earned at EBITDA of \$500,000, \$3,500 earned at EBITDA of \$600,000, \$5,800 earned at EBITDA of \$650,000, \$11,500 earned at EBITDA of \$750,000, and \$23,000 earned at EBITDA of \$825,000. Mr. Mirabile also could have earned up to approximately \$34,000 of his maximum bonus payout upon the achievement of certain stock price performance measures and executive leadership as subjectively measured by the Compensation Committee, with the amount of such bonus ranging from approximately \$1,700 through \$35,000. Mr. Mirabile did not earn any bonus in 2006.

The maximum bonus Mr. Turissini could have received under the annual incentive bonus program for his performance during 2006 was \$115,000. For Mr. Turissini, 50% of such maximum bonus was subject to the achievement by ORC of specified commercial revenues targets to be attained through a combination of internal growth and potential merger and acquisition activity, with a bonus of approximately \$2,900 earned at revenues of \$16 million, \$8,600 earned at revenues of \$20.5 million, \$14,400 earned at revenues of \$22.5 million, \$29,000 earned at revenues of \$25 million and \$57,000 earned at revenues of \$28 million. Mr. Turissini also could have earned up to approximately \$23,000 of his maximum bonus payout upon ORC achieving specified targets for EBITDA, with approximately \$1,200 earned at EBITDA of \$3.5 million, \$3,500 earned at EBITDA of \$4.5 million, \$5,800 earned at EBITDA of \$4.8 million, \$11,500 earned at EBITDA of \$5.2 million, and \$23,000 earned at EBITDA of \$5.6 million. Mr. Turissini also could have earned up to approximately \$34,000 of his maximum bonus payout upon the achievement of certain stock price performance measures and executive leadership as subjectively measured by the Compensation Committee, with the amount of such bonus ranging from approximately \$1,700 through \$35,000. Mr. Turissini did not earn any bonus in 2006.

Bonuses may be paid in cash or Common Stock or a combination of cash and Common Stock. No payments were made under this annual plan for 2006 operations.

In early 2006, the Compensation Committee recommended to the Board of Directors and the Board of Directors approved a compensation package for the Company's Chief Executive Officer, Steve Komar, Chief Operations Officer, Mark Mirabile, and the Company's Chief Financial Officer, James McCubbin, that included a base salary of approximately \$40,000 for Steve Komar, \$119,000 in 2005 for each of Mr. Mirabile and Mr. McCubbin, plus a possible bonus for each of them of up to 125% of their base salary. Mr. Turissini, the Chief Technology Officer of the Company and Chief Executive Officer of the Company's wholly owned subsidiary, Operational Research Consultants, Inc. (ORC), has a base salary of approximately \$225,000, plus a bonus as determined by the performance of ORC under an employment agreement entered into on October 24, 2004 as a result of the acquisition of ORC by the Company. Receipt of the bonuses were subject to the Company's achievement of certain performance criteria, including gross revenue and net income targets. In 2006, a cash bonus of \$59,452 was awarded to Mr. Komar, a cash bonus of \$59,452 was awarded to Mr. Mirabile, a cash bonus of \$59,452 was awarded to Mr. McCubbin, and a stock award bonus of \$12,219 was awarded to Mr. Turissini in 2006 relating to 2005 performance measures. Bonuses are awarded and paid in the year following the performance parameters period. If the performance criteria are not achieved or the executive is no longer employed by the Company (other than a for cause termination), a bonus may be awarded in the discretion of the Compensation Committee. No bonuses were awarded and paid in 2007 for amounts earned in 2006 as the performance measures were not met for the named executive officers.

The Compensation Committee is presently completing the 2007 compensation packages for these executive officers. The Compensation Committee considers certain achievements that executives provided in satisfying milestones in executing the Company's strategic goals and objectives of the Company.

Exceptions to the general principles stated above can be made when the Compensation Committee deems them appropriate and in the best interests of shareholders. The Compensation Committee regularly considers other forms of compensation and modifications of its present policies, and will make changes as it deems appropriate. The competitive opportunities to which the Company's executives are exposed frequently come from private companies or divisions of large companies, for which published compensation data is often unavailable and, therefore, the Compensation Committee's information about such opportunities is often anecdotal.

Section 162(m) of the Internal Revenue Code of 1986, as amended, establishes a limit on the deductibility of annual compensation for certain executive officers that exceeds \$1,000,000 per year unless certain requirements are met. The Company does not anticipate that any employee will exceed such \$1,000,000 cap in the near future but will consider whether any necessary adjustments are appropriate if it becomes likely that any executive officer's compensation may exceed the \$1,000,000 limit.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors has reviewed and discussed the above Compensation Discussion & Analysis with management and, based on such review and discussion, has recommended to the board of directors that the Compensation Discussion & Analysis be included in the Company's proxy statement.

Directors' Compensation

WidePoint's Director Compensation plan includes both cash consideration and non-cash consideration consisting of quarterly fees and stock option grants. It is designed to enable continued attraction and retention of qualified directors. It includes options under both the 1997 Directors Formula Stock Option Plan and additional other options under the Company's 1997 Stock Incentive Plan.

1997 Directors Formula Stock Option Plan. In May 1997, the Board of Directors adopted, and in December 1997 our shareholders approved, our 1997 Directors Formula Stock Option Plan (the Director Plan). Directors who are not employed by us and who do not perform services for us are eligible to receive options under the Director Plan. The Director Plan is administered by a committee that presently consists of Messrs. Komar and McCubbin. Options become exercisable when vested and expire ten years after the date of grant, subject to such shorter period as may be provided in the agreement. A total of 140,000 shares of Common Stock are reserved for possible issuance upon the exercise of options under the Director Plan. During 2005 there were no options outstanding under the Director Plan. On March 10, 2006, options to purchase a total of 12,000 shares of the Company's Common Stock were granted to Morton Taubman upon his appointment to the Board of Directors, of which options for 8,000 shares of Common Stock vested on March 10, 2006, options for 2,000 shares vested on March 10, 2007, and options for 2,000 shares will vest on March 10, 2008. These options expire on March 10, 2016. On August 16, 2006, options to purchase 12,000 shares of the Company's Common Stock were granted to Ronald Oxley upon his appointment to the Board of Directors, of which options for 8,000 shares of Common Stock vested on August 16, 2006, and options for 2,000 shares will vest on each of August 16, 2007 and August 16, 2008. These options expire on August 16, 2016.

23

1997 Stock Incentive Plan. Options were granted on December 13, 2003 by the Board of Directors under the 1997 Stock Incentive Plan to Mr. Ritter, who abstained from voting on such matter, to purchase (i) 50,000 shares of Common Stock at a price of \$0.13 per share through December 31, 2013, with all of these options vesting on December 31, 2004. Options were granted under the 1997 Stock Incentive Plan to Mr. Taubman upon his appointment as a Director and to serve as the Chairman of the Audit Committee, with such options being for the purchase of a total of 50,000 shares of Common Stock at a price of \$2.70 per share through March 10, 2016, of which options for 25,000 shares vested on September 10, 2006, and the remaining options for 25,000 shares vested on December 31, 2006. Options were granted under the 1997 Stock Incentive Plan to Mr. Oxley upon his appointment as a Director and to serve as the Chairman of the Corporate Governance and Nominating Committee, with such options being for the purchase of a total of 50,000 shares of Common Stock at a price of \$2.80 per share through August 16, 2016, of which options for 25,000 shares vested on August 16, 2006, and the remaining options for 25,000 shares vested on December 31, 2006.

Stock Options

1997 Stock Incentive Plan. In May 1997, the Board of Directors adopted, and in December 1997 our shareholders approved, our 1997 Stock Incentive Plan (the Plan), which provides for the award of a variety of equity-based incentives, including stock awards, stock options, stock appreciation rights, phantom shares, performance unit appreciation rights and dividend equivalents (collectively, Stock Incentives). The Plan is administered by the Compensation Committee and initially provided for the grant of Stock Incentives to our officers, key employees and consultants to purchase up to an aggregate of 10,000,000 shares of Common Stock at not less than 100% of fair market value of the Common Stock on the date granted. The vesting and exercisability of any Stock Incentives granted under the Incentive Plan is subject to the determination of and criteria set by the Committee. As of December 31, 2006, options to purchase a total of 3,103,262 shares of Common Stock under the Plan, at prices ranging from \$0.07 to \$2.80 per share, were outstanding, of which options to purchase 753,477 shares were presently exercisable. This does not include warrants to purchase a total of 1,333,333 shares of the Company's Common Stock as granted and vested to each of Messrs.

Komar, McCubbin, and Mirabile, which were not issued under the 1997 Stock Incentive Plan.

Employment Agreements and Compensation Arrangements; Termination and Change in Control Provisions

Mr. Komar. On July 1, 2002, we entered into an employment agreement with Steve Komar, our Chief Executive Officer and President. The employment agreement had an initial term expiring on July 1, 2003 with five renewable one-year options remaining. On July 1, 2006, the fourth of the one-year renewal options was exercised. The agreement provides for (1) a base salary of \$40,000 per year, (2) a home office/automobile expense allowance of \$500 per month to cover such expenses incurred in the pursuit of our business; (3) a phone allowance of \$100 per month to cover such expenses incurred in the pursuit of our business; (4) reimbursement for additional actual business expenses consistent with our existing policies that have been incurred for our benefit; (5) paid medical and other benefits consistent with our existing policies with respect to our key executives, as such policies may be amended from time to time in the future; and (6) performance incentive bonuses as may be granted annually at the discretion of the Compensation Committee of the Board of Directors.

24

The employment agreement also contains termination and change of control provisions as a result of (a) Mr. Komar's death or permanent disability which renders him unable to perform Employee's duties hereunder (as determined by the Company in its good faith judgment), (b) by Mr. Komar's resignation upon the expiration of the Employment Period, provided that Mr. Komar gives at least ninety (90) days prior written notice to the Company, (c) the termination of his employment at the convenience of the Board of Directors of the Company by unanimous consent (excluding the consent of Mr. Komar if Mr. Komar is also a director of the Company at that time) with at least ninety (90) days notice to be provided by the Company to Mr. Komar prior to the expiration of the Employment Period, (d) a change in control of more than 50% of the outstanding shares of the Company, (e) a sale or other disposition of a majority of the Company's base IT Staff Augmentation business, (f) the insolvency of the Company, or (g) a termination by the Company for Cause. In the event Mr. Komar is not in breach of the employment agreement and the Employment Period is terminated prior to the expiration of the then current term, then in certain events, termination payments may become payable by the Company as set forth in more detail below. In the event of the death or permanent disability of Mr. Komar, \$50,000 shall be paid to Mr. Komar or his estate and all granted but unvested stock options shall be immediately vested and the period of exercise extended for an additional two (2) years.

In the event of Mr. Komar's resignation, no termination payments or accelerated vesting of stock options shall occur. In the event of termination at the election of the Company, then \$250,000 will be due and payable by the Company to Mr. Komar as a severance payment, which payment will be paid in twelve (12) equal installment payments of \$20,833.33 each over the immediately subsequent 12 months following such date of termination and all awarded but unvested stock options shall be immediately vested and the period of exercise extended for the then remaining term of the option as provided under the option agreement. In the event of a termination occurring as a result of a change in control of more than 50% of the outstanding shares of the Company, then \$250,000 will be payable by the Company to Mr. Komar as a severance payment, which payment will be paid in one lump-sum payment within thirty (30) days of the date of such termination and all awarded but unvested stock options shall be immediately vested and the period of exercise extended for the then remaining term of the option as provided under the option agreement. In the event of termination as a result of a sale or other disposition of a majority of the Company's base IT Staff Augmentation business, then \$250,000 will be payable by the Company to Mr. Komar as a severance payment, which payment will be paid in one lump-sum payment within thirty (30) days of the date of such termination and all awarded but unvested stock options shall be immediately vested and the period of exercise extended for the then remaining term of the option as provided under the option agreement. In the event of a change of control of more than 50% of the outstanding shares of the Company that allows for the continuance of employment under his agreement, then a \$100,000 lump sum payment is immediately due to Mr. Komar, and any future payments under this agreement for termination as a result of a change of control greater than 50% of the outstanding shares of the Company or in the event of termination as a result of a sale or other disposition of a majority of the Company's base IT Staff Augmentation business shall result in a \$150,000 payment to Mr. Komar. In the event of the insolvency of the Company while Mr. Komar is employed by Company as Chief Executive Officer or similar position of control, then all obligations under this Agreement will immediately terminate except that the Company shall pay to Mr. Komar a termination payment of \$50,000.00 on such date of termination of employment and no further compensation or other payments beyond the insolvency date will be due or payable to Mr. Komar by the Company. In the event of a termination for Cause, no payments will be due or payable by the Company to Mr. Komar. Cause shall mean (i) the repeated failure or refusal of Mr. Komar to follow the lawful directives of the Company or its designee (except due to sickness, injury or disabilities), (ii) gross inattention to duty or any other willful, reckless or grossly negligent act (or omission to act) by Mr. Komar, which, in the good faith judgment of the Company, materially injures the Company, including the repeated failure to follow the policies and procedures of the Company, (iii) a material breach of this Agreement by Mr. Komar which is not cured within a 60 day period following formal notification by the Company, or (iv) the commission by Mr. Komar of an act of financial dishonesty against the Company that results in the conviction of a felony.

In the event of a change of control of more than 50% of the outstanding shares of the Company that allows for the continuance of employment under this agreement, then a \$100,000 lump sum payment is immediately due to Mr. McCubbin, and any future payments under this agreement for termination as a result of a change of control greater than 50% of the outstanding shares of the Company or in the event of termination as a result of a sale or other disposition of a majority of the Company's base IT Staff Augmentation business shall result in a \$150,000 payment to Mr. McCubbin.
