## Item 2.02 Results of Operations and Financial Condition

### MONARCH CASINO REPORTS RECORD BREAKING FIRST- QUARTER RESULTS

- Net revenue of \$37.8 million
- Income from operations of \$8.2 million
- EBITDA(1) of \$10.3 million
- Diluted EPS of 28 cents

RENO, NV - April 25, 2007 - Monarch Casino & Resort, Inc. (NASDAQ: MCRI) (the "Company"), owner of the Atlantis Casino Resort Spa in Reno, Nevada, today announced record first-quarter results for net revenue, income from operations, EBITDA(1) and diluted EPS.

The Company reported record net revenue for a first-quarter of \$37.8 million, a 6.1% increase over the first quarter of 2006, and announced that the gross revenue generated by each of its revenue centers was also the highest ever reported for a first quarter. Specifically, casino, food and beverage and hotel operations each drove gross revenue increases over the same quarter of the prior year of 4.9%, 7.8% and 13.2%, respectively.

The Company announced quarterly income from operations of \$8.2 million, EBITDA(1) of \$10.3 million and diluted EPS of 28 cents, each of which were also the highest ever reported for a first quarter.

The Company reported a \$689 thousand, or 6.4%, increase in selling, general and administrative expenses over the same quarter of the prior year. The primary drivers of this increase were increased marketing and promotional expense and increased payroll costs.

The Company announced that it remained debt-free during the quarter and increased its cash balance to \$44.2 million as of March 31, 2007.

Monarch's CEO and Co-Chairman John Farahi commented on the Company's performance:

"These results represent another in a series of record breaking quarters for our team. We are very pleased. This sustained, strong performance is a tribute to our team's efforts and ability to deliver a high-quality experience to our guests." Mr. Farahi added, "We remain on-track to break ground on our previously announced expansion in the second quarter and expect construction to be completed in the second quarter of 2008."

Monarch Casino & Resort, Inc., through its wholly-owned subsidiary, owns and operates the tropically-themed Atlantis Casino Resort Spa in Reno, Nevada. The Atlantis is the closest hotel-casino to, and is directly across the street from, the Reno-Sparks Convention Center. The Atlantis features a Sky Terrace, a unique structure rising approximately 55 feet above street level and spanning 160 feet across Virginia Street with no intermediate support pillars. The Sky Terrace connects the Atlantis to a 16-acre parcel of land owned by the Company, that is compliant with all casino zoning requirements and is suitable and available for future expansion and growth. Currently, the Company uses it as additional paved parking for the Atlantis. The existing Atlantis site offers almost 1,000 guest rooms in three contiguous high-rise hotel towers and a motor lodge. The Atlantis features approximately 51,000 square feet of high-energy casino space with 38 table games and approximately 1,450 slot and video poker machines, a sports book, Keno and a poker room, and offers a variety of dining choices in the form of nine high-quality food outlets.

This press release contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934 which are subject to change, including, but not limited to, comments relating to (i) future operating performance and (ii) future expansion plans. The actual results may differ materially from those described in any forward-looking statements. Additional information concerning potential factors that could affect the Company's financial results is included in the Company's Securities and Exchange Commission filings, which are available on the Company's web site.

(1) "EBITDA" consists of net income plus provision for income taxes, interest expense, depreciation and amortization less interest income. EBITDA should not be construed as an alternative to operating income (as determined in accordance with generally accepted accounting principles) as an indicator of the Company's operating performance, as an alternative to cash flows from operating activities (as determined in accordance with generally accepted accounting principles) or as a measure of liquidity. This item enables comparison of the Company's performance with the performance of other companies that report EBITDA, although some companies do not calculate this measure in the same manner and therefore, the measure as presented may not be comparable to similarly titled measures presented by other companies.
