Microsoft Names Internet Gold's Subsidiary MSN-Israel as Top Sales and Marketing Performer for Q2 2005

Thursday July 28, 9:18 am ET

Internet Gold's Share of Israeli Internet Advertising: 25%

PETACH TIKVA, Israel, July 28 /PRNewswire-FirstCall/ -- Internet Gold (NASDAQ: IGLD , TASE: IGLD) today announced that Microsoft International has named MSN-Israel (owned jointly by Internet Gold-50.1% and Microsoft-49.9%) as its Top Q2 Sales and Marketing Performer, singling it out for excellence from the 38 MSN-affiliated portals around the world. The award was announced in the Microsoft's annual convention (MGB) held last week in Atlanta, Georgia.

"We are proud to receive this recognition from Microsoft," said Uri Adoni, CEO of MSN-Israel. "Our success shows what can be created when you combine the efforts of a talented and dedicated team with MSN's strong brand name and excellent technology."

MSN-Israel earned this award by delivering the highest revenue growth during the period compared to projections made originally at the beginning of Microsoft's fiscal year (July 2004). During the 12 month period from July 2004 to June 2005, MSN-Israel's revenues were \$6.5 million, 12% higher than forecast.

In addition to MSN-Israel as its main e-Advertising asset, Internet Gold holds several additional niche portals which together contributed approximately \$2 million to the Company's last 12 months revenues. As such, Internet Gold's market share of Israel's Internet Advertising has reached approximately 25%.

About Internet Gold

Internet Gold is a communications company that provides Internet access and related value-added services, international telephony, e-advertising, content and e-Commerce services throughout Israel to both residential and business customers.

Internet Gold's operations are carried out through four subsidiaries. Through MSN Israel, its (50.1% owned) joint-venture with Microsoft Corp. (49.9% owned), the Company operates several of Israel's Internet portals. Its fully-owned subsidiary, Internet Gold International, specializes in the provision of international Internet and communication services. Its fully-owned subsidiary, GoldMind, focuses on the provision of Internet value-added services. Through GoldTrade, its fully-owned e-commerce subsidiary, the Company has established itself as one of Israel's leading e-commerce providers.
