PROXY STATEMENT FOR 2001 ANNUAL MEETING OF STOCKHOLDERS

PROCEDURAL MATTERS

General

The enclosed Proxy is solicited on behalf of Nextel Partners, Inc., a Delaware corporation (the "Company"), for use at the 2001 Annual Meeting of Stockholders (the "Annual Meeting") to be held on May 1, 2001 at 10:00 a.m., local time, and at any adjournment thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at Meydenbauer Center, Room 401, 11100 NE 6th Street, Bellevue, Washington 98004.

These proxy solicitation materials were mailed on or about April 2, 2001 to all stockholders entitled to vote at the Annual Meeting.

Record Date and Outstanding Shares

Only stockholders of record at the close of business on March 15, 2001 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. The only outstanding voting securities of the Company are shares of Class A Common Stock, \$.001 par value (the "Class A Common Stock"), and Class B Convertible Common Stock, \$.001 par value (the "Class B Common Stock" and together with the Class A Common Stock, the "Common Stock"). The Class B Common Stock is convertible into shares of the Class A Common Stock at any time on a one-for-one basis upon a transfer thereof to a person other than Nextel Communications, Inc. ("Nextel"), a majority-owned Nextel subsidiary or a person or entity controlling Nextel, and is subject to restrictions on its transfer contained in the Company's amended and restated shareholders' agreement.

As of the Record Date, 165,213,992 shares of the Company's Class A Common Stock were issued and outstanding and held of record by 25,689 stockholders and 79,056,228 shares of the Company's Class B Common Stock were issued and outstanding and held of record by one stockholder, Nextel WIP Corp., a wholly owned subsidiary of Nextel ("Nextel WIP"). See "Security Ownership of Certain Beneficial Owners and Management" below for information regarding beneficial owners of more than five percent of the Company's Common Stock.

Revocability of Proxies

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time prior to its use by delivering to the Corporate Secretary of the Company a written instrument revoking the proxy or a duly executed proxy bearing a later date or by attending the Annual Meeting and voting in person.

Voting and Solicitation

Edgar Filing: NEXTEL PARTNERS INC - Form DEF 14A

The holders of the Company's Class A and Class B Common Stock are entitled to one vote per share on all matters on which they are entitled to vote.

This solicitation of proxies is made by the Company, and all related costs will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone.

Quorum; Abstentions; Broker Non-Votes

At the Annual Meeting, inspectors of election will determine the presence of a quorum and tabulate the results of the voting by stockholders. A quorum exists when holders of a majority of the total number of outstanding shares of Common Stock that are entitled to vote at the Annual Meeting are present at the Annual Meeting in person or by proxy. A quorum is necessary for the transaction of business at the Annual Meeting. The inspectors will treat properly executed proxies marked "ABSTAIN" or required to be treated as "non-votes" as present for purposes of determining whether there is a quorum at the Annual Meeting. A "non-vote" occurs when a broker or nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner of the shares. The six nominees for directors who receive a plurality of the votes cast by the holders of the Common Stock voting in person or by proxy at the Annual Meeting will be elected.

All shares entitled to vote and represented by properly executed, unrevoked proxies received prior to the Annual Meeting will be voted at the Annual Meeting in accordance with the instructions indicated on those proxies. If no instructions are indicated on a properly executed proxy, the shares represented by that proxy will be voted as recommended by the Board of Directors. If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named in the enclosed proxy and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. The Company does not currently anticipate that any other matters will be raised at the Annual Meeting. Signing and returning the proxy card does not affect your right to revoke your proxy or to vote in person at the Annual Meeting.

Deadline for Receipt of Stockholder Proposals

Stockholders are entitled to present proposals for action at a forthcoming meeting if they comply with the requirements of the proxy rules promulgated by the Securities and Exchange Commission (the "SEC"). Proposals of stockholders of the Company intended to be presented for consideration at the Company's 2002 Annual Meeting of Stockholders must be received by the Company no later than December 1, 2001 in order that they may be considered for inclusion in the proxy statement and form of proxy relating to that meeting. All notices of proposals by stockholders, whether or not included in the Company's proxy materials, should be sent to Nextel Partners, Inc., 4500 Carillon Point, Kirkland, Washington 98033, Attention: Corporate Secretary.

2

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth certain information with respect to the beneficial ownership of shares of the Company's Common Stock as of December 31, 2000 by:

each stockholder known to the Company to be a beneficial owner of more than 5% of the outstanding shares of the Company's Common Stock;

each of the Company's directors;

each of the Company's named executive officers; and

all of the Company's executive officers and directors as a group.

Edgar Filing: NEXTEL PARTNERS INC - Form DEF 14A

Beneficial ownership is determined in accordance with the rules of the SEC. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares subject to options, warrants and securities convertible into Common Stock held by that person that are exercisable as of December 31, 2000 or exercisable within 60 days thereof are deemed outstanding. Except as indicated in the footnotes to this table, the Company believes that each stockholder named in the table has sole voting and investment power with respect to the shares set forth opposite such stockholder's name, except to the extent shared by a spouse under applicable law. This table is based on information supplied by officers, directors, principal stockholders and Schedules 13G filed with the SEC. As of December 31, 2000, there were 244,071,230 shares of Common Stock outstanding, of which 165,015,002 shares of Class A Common Stock were outstanding and 79,056,228 shares of Class B Common Stock were outstanding.

**PROPOSAL ONE
ELECTION OF DIRECTORS**

General

The Company's Board of Directors is comprised of six directors. Pursuant to the Company's amended and restated shareholders' agreement, certain parties to the agreement, other than DLJ Merchant Banking, who together owned approximately 61% of the Company's outstanding Common Stock as of December 31, 2000, have agreed to vote their shares of Common Stock to elect as directors:

one person selected by Madison Dearborn Partners: currently, Andrew Sinwell;

one person selected by Nextel WIP: currently, Timothy Donahue;

one person selected by Eagle River Investments: currently, Dennis Weibling; and

the Company's chief executive officer: currently, John Chapple.

Prior to the initial public offering of the Company's Class A Common Stock, DLJ Merchant Banking had the right to designate two directors, one of whom was in turn designated by Madison Dearborn Partners, and all of the parties to the shareholders' agreement had agreed to vote to elect such designees as directors. On February 18, 2000, the shareholders' agreement was amended and restated in order to, among other things, terminate the obligation of the other parties to the shareholders' agreement to vote in favor of the DLJ Merchant Banking designee. The parties to the amended and restated shareholders' agreement agreed that DLJ Merchant Banking may nominate a director for election by the Company's stockholders, but that such nominee would otherwise be elected in accordance with the restated certificate of incorporation and bylaws. Andrew Rush was elected to the Company's Board of Directors as a result of his designation by DLJ Merchant Banking prior to the effective date of the amended and restated shareholders' agreement. In addition, a first amendment to the amended and restated shareholders' agreement was executed effective February 22, 2000 in order to, among other things, remove several stockholders from the amended and restated shareholders' agreement. The current parties to the amended and restated shareholders' agreement now include Nextel WIP, the DLJ Entities, Madison Dearborn Partners, Eagle River Investments, Motorola and all of the Company's senior management stockholders other than Donald J. Manning.

All directors will hold office until the next annual meeting of stockholders and until their successors are duly elected.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the Company's nominees named below. The proxies cannot be voted for a greater number of persons than the number of nominees named. In the event that any nominee of the Company is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who shall be designated by the present Board of Directors to fill the vacancy. It is not expected that any nominee will be unable or will decline to serve as a director. In the event that additional persons are nominated for election as directors, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many of the nominees listed below as possible, and in such event, the specific nominees to be voted for will be determined by the proxy holders.

Vote Required for Election of Directors

If a quorum is present and voting, the six nominees receiving the highest number of votes will be elected to the Board of Directors. Votes withheld from any nominee, abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. The Board of Directors has nominated John Chapple, Steven Dodge, Timothy Donahue, Andrew Rush, Andrew Sinwell and Dennis Weibling to serve as directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" EACH OF THE NOMINEES LISTED BELOW.

Nominees

The names of the nominees and certain information about them as of the Record Date are set forth below:

Based upon the audit committee's review of the audited consolidated financial statements and its discussions with management and Arthur Andersen, the audit committee recommended that the Board of Directors include the audited consolidated financial statements for the fiscal year ended December 31, 2000 in the Company's Annual Report on Form 10-K filed with the SEC.

Option Grants in Fiscal Year 2000

The following table sets forth certain information with respect to stock options granted to each of the Company's named executive officers during the fiscal year ended December 31, 2000. In accordance with the rules of the SEC, also shown below is the potential realizable value over the term of the option, the period from the grant date to the expiration date, based on assumed rates of stock appreciation of 5% and 10%, compounded annually. These amounts are mandated by the SEC and do not represent the Company's estimate of future stock price. Actual gains, if any, on stock option exercises will depend on the future performance of the Company's Class A Common Stock. In fiscal year 2000, the Company granted options to acquire up to an aggregate of 3,935,000 shares of Class A Common Stock to employees and directors, excluding options that were subsequently forfeited due to termination, all under the Company's stock option plan and all at an exercise price equal to the

Aggregate Option Exercises in Fiscal 2000 and Fiscal Year-End Option Values

None of the Company's named executive officers exercised any options in fiscal 2000. With respect to the Company's named executive officers, the following table sets forth information concerning exercisable and unexercisable options held as of December 31, 2000. The "Value of Unexercised In-the-Money Options at December 31, 2000" is based upon a price of \$16.81 per share, which was the reported last sale price of the Company's Class A Common Stock on the Nasdaq National Market on December 29, 2000, minus the per share exercise price multiplied by the number of shares underlying the option.

Executive Employment Contracts and Termination of Employment Arrangements

The Company has entered, through the Company's wholly owned subsidiary, into employment agreements with Messrs. Chapple, Thompson, Thaler, Aas and Satterlee in connection with their employment. Each received an annual base salary in fiscal year 2000 ranging from \$160,000 to \$175,000, with an additional cash payment of up to 50% of his then current base salary if certain performance targets were met. Upon completion of the build-out of initial portions and applicable optional portions of the Nextel digital mobile network on or before March 1, 2002, each may receive a raise in his base salary and a performance-based bonus. In addition, each has agreed that while employed by the Company, and for one year thereafter, he will not compete against, or solicit employees or business from, the Company or Nextel, or any of the Company's affiliates.

Each agreement has an initial four-year term and further provides that in the event the employee is terminated without cause or resigns for good reason, as defined in the agreements, the employee shall be entitled to receive up to one year's base salary plus an amount equal to the employee's most recent annual bonus.

Restricted Stock Purchase Agreements and Change of Control Arrangements

On November 20, 1998, the Company entered into restricted stock purchase agreements with each of Messrs. Chapple, Thompson, Thaler, Aas, Satterlee and Mark Fanning in consideration of their employment, which agreements were amended on January 29, 1999. The Company also entered into a restricted stock purchase agreement with Donald J. Manning on September 9, 1999. Pursuant to these agreements, the Company sold an aggregate of 8,834,994 shares of Class A Common Stock to these executive officers at a price of \$0.002 per share. These shares are subject to vesting provisions, and, subject to certain conditions, unvested shares may be repurchased by the Company for \$0.002 per share upon termination of the individual's employment, and vested shares may be repurchased by the Company upon termination for cause or

resignation without good reason at varying prices.

As of December 31, 2000, 64% of these shares had vested. Assuming continued employment with the Company, an additional 18% of the shares vest on each of December 31, 2001 and December 31, 2002. In addition, the vesting of the shares may be accelerated upon:

a change of control of the Company or Nextel;

11

termination of employment on account of death or disability, or by the Company without cause;

resignation for good reason as defined in the agreements; or

subject to certain conditions, upon the sale or other disposition by affiliates of DLJ Merchant Banking of 75% or greater of their Class A Common Stock.

Employee Stock Option Plan

The Company's nonqualified stock option plan was adopted by the Company's board of directors in January 1999 and was approved by the Company's stockholders in February 2000. This plan offers employees the opportunity to purchase shares of Class A common stock at a price equal to the fair market value of the stock as of the date of the option grant. The total number of shares that has been reserved for issuance under the plan is 16,545,354 shares of Class A common stock, provided that this number will be increased by the amount of shares repurchased by the Company under the restricted stock purchase agreements or the Company's shareholders' agreement. The options granted are exercisable for ten years. The options are generally non-transferable, and the right to exercise terminates concurrently with termination of employment. The plan contemplates the acceleration of vesting of some or all outstanding options upon a change of control of the Company.

Employee Stock Purchase Plan

The Company's employee stock purchase plan was adopted by the Company's board of directors in January 2000 and was approved by the Company's stockholders in February 2000. Initially, a total of 3,000,000 shares of Class A common stock has been reserved for issuance under the employee stock purchase plan. The employee stock purchase plan, which is intended to qualify under Section 423 of the Internal Revenue Code of 1986, is administered by a committee appointed by the Company's board. The Company's employees, including officers and employee directors, are eligible to participate in the employee stock purchase plan if they are employed for at least 20 hours per week.

The employee stock purchase plan is implemented by quarterly offering periods. The Company's board of directors may change the timing or duration of the offering periods. The employee stock purchase plan permits eligible employees to purchase shares of common stock through payroll deductions at 85% of the lesser of the fair market value per share of the common stock on the first day of the offering period or on the purchase date. Participants generally may not purchase shares if, immediately after the grant, the participant would own stock or options to purchase shares of Class A common stock totaling 5% or more of the total combined voting power of all of the Company's outstanding capital stock, or more than \$25,000 of the Company's outstanding capital stock in any calendar year.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), requires the Company's executive officers, directors, and persons who own more than ten percent of a registered class of the Company's equity securities to file reports of ownership on Form 3 and changes in ownership on Form 4 and Form 5 with the SEC. Executive officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file. Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons, the Company believes that, during fiscal 2000, it has complied with all filing requirements applicable to its executive officers, directors, and persons who own more than ten percent of a registered class of the Company's equity securities with the exceptions of the following: Each of Nextel WIP and Timothy Donahue was late in filing a Form 4 in connection with Nextel WIP's acquisition of shares of the Company's Class B Common Stock in September 2000; each of DLJ Merchant Banking and Andrew Rush was late in filing a Form 4 in connection with the

12

exercise by DLJ Merchant Banking of a warrant to purchase shares of Class A Common Stock in May 2000; and each of Madison Dearborn Partners and Andrew Sinwell was late in filing a Form 4 in connection with the exercise by Madison Dearborn Partners of a warrant to purchase shares of Class A Common Stock in June 2000.

Board of Directors Report on Executive Compensation

The Company does not currently have a separate compensation committee, and, instead, the entire Board of Directors makes compensation determinations. The following is the Report of the Board of Directors of the Company describing the compensation policies and rationale applicable to the Company's executive officers with respect to the compensation paid to such executive officers for the year ended December 31, 2000. The information contained in the report shall not be deemed to be "soliciting material" or to be "filed" with the SEC and such information shall not be incorporated by reference into any future filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act except to the extent that the Company specifically incorporates it by reference into such filing.

Compensation

The Board of Directors establishes the salaries of the executive officers by considering the Company's financial performance as measured by the Company's achievement of financial and operating goals including revenue growth, subscriber additions, operating cash flow results and timely completion of network construction. In 2000, the Company exceeded these objectives. The Board also considers the achievement of individual performance goals related to each executive officer's duties and area of responsibility. To a lesser extent, the Board considers the salaries of executive officers in similar positions at comparably sized peer companies. However, the executive officers' compensation has been weighted towards equity participation in the Company such that the officers have a substantial incentive towards achieving the Company's business objectives. As such, the salaries of the executive officers have remained below salaries of executive officers in similar positions in comparably sized peer companies.

Equity-Based Compensation

The Board of Directors views stock options as an important part of its long-term, performance-based compensation program. The Board of Directors bases grants of stock options to the executive officers of the Company under the stock option plan upon the Board's estimation of each executive's contribution to the long-term growth and profitability of the Company and on achievement by the Company of its primary business objectives: revenue growth, subscriber additions, operating cash flow results and network construction. The stock option plan is intended to provide additional incentives to the executive officers to maximize stockholder value. Options are generally granted under the stock option plan at the then-current market price and are generally subject to three-year vesting periods to encourage key employees to remain with the Company.

Compensation of the Chief Executive Officer

John Chapple, the Company's Chief Executive Officer, received an annual salary of \$175,000 in 2000. Mr. Chapple's annual salary was approved by the Board of Directors by considering several factors including significantly out-performing corporate financial and operating goals for the fiscal year, the successful expansion of the Company into option territories thereby increasing the Company's total POPs to over 50 million, the timely construction of the Company's markets scheduled for launch in 2000, and the contribution of the Chief Executive Officer to the Company's strategic focus, market position and seamless operations with Nextel Communications. No set formula is used for this determination, and no particular function is weighted greater or lesser than the other.

Summary

The Board of Directors believes that the Company's compensation policies have been successful in attracting and retaining qualified employees and in linking compensation directly to corporate performance relative to the Company's goals. The Company's compensation policies will evolve over time as the Company moves to attain the near-term goals it has set for itself while maintaining its focus on building long-term stockholder value.

Compensation Committee Interlocks and Insider Participation

The Company does not currently have a compensation committee, and, instead, the entire Board of Directors makes compensation determinations. John Chapple, the Company's Chief Executive Officer and Chairman of the Board, participated in the Board's deliberations of

executive officer compensation in 2000. No interlocking relationship exists between any member of the Board of Directors and any member of the board of directors or compensation committee of any other company, nor has any such interlocking relationship existed in the past.

Certain Relationships and Related Transactions

Expansion Option Exercise

On September 27, 2000, one of the Company's subsidiaries entered into an expansion territory asset transfer and reimbursement agreement with Nextel WIP to acquire for approximately \$3.4 million certain assets, properties, rights and interests to be used in connection with the construction and operation of additional territories. As part of this expansion, the Company issued to Nextel WIP 1,273,602 shares of the Company's Class B Common Stock in exchange for the contribution of certain licenses and an extension of an operating agreement governing the build-out of the Nextel digital mobile network in the new expansion territory.

Amended and Restated Shareholders' Agreement

On January 29, 1999, the Company entered into a shareholders' agreement with Nextel WIP, DLJ Merchant Banking, Madison Dearborn Partners, Eagle River Investments, Motorola, the Company's senior management stockholders, and all of the Company's other stockholders prior to the initial public offering. In that agreement, the parties agreed to certain matters relating to the Company's management and operations and the sale, transfer or other disposition of the Company's capital stock by these stockholders and to provide Nextel WIP with certain preemptive rights to purchase shares of stock offered by the Company, DLJ Merchant Banking or Madison Dearborn Partners. In addition, pursuant to this agreement, the Company granted to the DLJ Entities and Madison Dearborn Partners certain demand registration rights and to all of the parties "piggyback" registration rights. This agreement was amended and restated in February 2000 in connection with the initial public offering of the Company's Class A Common Stock. The current parties to the amended and restated shareholders' agreement are Nextel WIP, DLJ Merchant Banking, Madison Dearborn Partners, Eagle River Investments, Motorola and all of the Company's senior management stockholders other than Donald J. Manning. The amended and restated shareholders' agreement terminates on January 29, 2014.

Registration Rights Agreement

Pursuant to a registration rights agreement dated effective February 2000, stockholders who had formerly been parties to the Company's amended and restated shareholders' agreement were granted rights to include, at the Company's expense, their shares of Common Stock in a registration of the Company's securities under the Securities Act of 1933 either for the Company's own account or for the account of other security holders exercising registration rights. These registration rights are subject to

the right of the underwriters of such an offering to limit the number of shares included in such registration.

Nextel Operating Agreements

The Company, through its principal subsidiary, entered into agreements with Nextel WIP that govern the build-out and operation of the Company's portion of the Nextel digital mobile network. Except as specifically set forth below, these operating agreements were executed on January 29, 1999 and, in some cases, were amended on September 9, 1999 and again on September 27, 2000, and have an initial term of ten years, which may be extended for up to an additional two and a half years and renewed for up to four ten-year renewal terms at the Company's option.

Joint Venture Agreement. The Company's joint venture agreement with Nextel WIP requires the Company to build the Company's portion of the Nextel digital mobile network on time, make it compatible with Nextel's systems, meet or exceed quality standards applicable from time to time to Nextel's subsidiaries operating in the United States, and offer a set of core service features and upgrade the Company's system to comply with future Nextel standards. This agreement imposes certain penalties on the Company if, among other things, it fails to implement an upgrade required by Nextel WIP.

This agreement also governs the transfer of licenses from Nextel WIP to the Company. To the extent that the Company requires additional frequencies to operate the Company's business, the joint venture agreement sets forth the terms under which the Company may acquire such frequencies from Nextel WIP, from third parties or from auctions of spectrum by the Federal Communications Commission. All of the frequencies the Company uses are subject to transfer restrictions and rights of first refusal in favor of Nextel WIP.

Additional terms of the joint venture agreement are as follows: Nextel WIP has agreed to assist the Company with securing vendor discounts; the Company has agreed to obtain Nextel WIP's approval prior to taking certain significant actions, including making a material change to the

Edgar Filing: NEXTEL PARTNERS INC - Form DEF 14A

Company's business objectives or technology; with limited exceptions, Nextel WIP has agreed that during the term of the joint venture agreement, Nextel and/or its subsidiaries will not provide digital mobile wireless communications services within the Company's markets; Nextel WIP has agreed to negotiate with the Company to give the Company the first right to own and operate businesses using the 900 MHz frequency in the Company's territories; and the Company is generally required to adhere to the same standards for pricing structure, advertising, promotions, customer care, telemarketing and related activities as the Nextel subsidiaries operating in the United States.

In the event of a termination of the joint venture agreement, Nextel WIP could, in certain circumstances, purchase or be forced to purchase all of the Company's outstanding stock. In such event, Nextel WIP, at its option, would be entitled to pay the purchase price therefor in cash or in shares of Nextel Common Stock. See " Certain Obligations Under the Company's Charter."

Other Operating Agreements. The Company has also entered into operating agreements with Nextel WIP with respect to: the license to certain Nextel trademarks and service marks; the ability of each company's subscribers to roam in the other's territory; the use of analog systems and services; access to telecommunications towers space; the provision of certain transition services, such as accounting, payroll and human resources services; access to certain back-office support and information systems; and telecommunications switching services. For the year ended December 31, 2000, the Company paid to Nextel WIP approximately \$23.9 million for such services and received from Nextel WIP approximately \$24.7 million in roaming revenue.

Agreement Specifying Obligations and Limiting Liability of, and Recourse to, Nextel. All of the Company's operating agreements are with Nextel WIP, not Nextel. Pursuant to the terms of the

15

agreement specifying obligations and limiting liability of, and recourse to, Nextel, the maximum cumulative, aggregate cash liability of Nextel and its controlled affiliates, other than Nextel WIP, for any and all actual or alleged claims or causes of action arising in connection with any aspect of the agreements governing or otherwise relating to the operating agreements is capped at \$200 million, subject to adjustments for amounts previously advanced. Some significant Nextel obligations, including any commitments that Nextel may make in the future to enable Nextel WIP to subsidize required upgrades and to buy the Company's stock from the Company's other stockholders under certain circumstances, will not be subject to the cap.

Certain Obligations Under the Company's Charter

The Company's restated certificate of incorporation, under certain circumstances, allows Nextel WIP, or allows holders of a majority of the Company's Class A Common Stock to cause Nextel WIP, to purchase all of the Company's outstanding Class A Common Stock. In any such event, Nextel WIP will have the choice of paying for any shares of Class A Common Stock in cash, in shares of Nextel Common Stock, or in a combination of cash and Nextel Common Stock. Events that trigger these rights and obligations include:

January 29, 2008, subject to certain postponements by the Company's Board of Directors;

If Nextel changes its digital transmission technology for the Company's frequency range, the change is materially adverse to the Company and Nextel WIP determines not to provide the Company free of charge the equipment necessary to provide the Company's subscribers with service comparable to what they had been receiving;

If Nextel WIP requires a change in the Company's business, operations or systems, the change is materially adverse to the Company, Nextel WIP does not subsidize the Company for the costs of such change and the Company declines to implement the required change; or

Termination of the Company's operating agreements with Nextel WIP as a result of the Company's breach.

The holders of a majority of the Company's Class A Common Stock may cause Nextel WIP to purchase all outstanding Class A Common Stock upon the occurrence of certain triggering events. If a triggering event occurs and a majority of the holders of the Company's Class A Common Stock determine to require Nextel WIP to purchase all of the Company's outstanding Class A Common Stock, all stockholders will be required to sell their shares to Nextel WIP. In any such event, Nextel WIP will have the choice of paying for any shares of Class A Common Stock in cash, in shares of Nextel Common Stock, or in a combination of cash and Nextel Common Stock. Events that trigger these rights and obligations include:

Change of control of Nextel;

If prior to January 29, 2003, Nextel WIP exercises its right under the amended and restated shareholders' agreement to preempt a public offering of the Company's stock by DLJ Merchant Banking or Madison Dearborn Partners and buys all of the Company's shares owned by DLJ Merchant Banking or Madison Dearborn Partners;

If the Company does not implement a change in the Company's business, operations or systems required by Nextel WIP, the change is materially adverse to the Company, and the Company's Board of Directors provides non-Nextel affiliated stockholders with the opportunity to require Nextel WIP to buy their shares of Class A Common Stock and a majority of the stockholders vote to do so; or

Termination of the Company's operating agreements with Nextel WIP as a result of a breach by Nextel WIP.

16

Holders of the Company's Class A Common Stock also have the right and/or obligation to participate in any sale by Nextel WIP of all of its shares of the Company's capital stock to a third party occurring after January 29, 2011. Pursuant to the amended and restated shareholders' agreement, prior to January 29, 2011, Nextel WIP cannot transfer its shares of the Company's capital stock to a third party. In the event that the holders of a majority of the Class A Common Stock elect to participate in such sale, then pursuant to the Company's restated certificate of incorporation, all holders of Class A Common Stock will be required to participate.

Other Transactions with Nextel WIP

Prior to January 29, 1999, the Company had limited financial resources and Nextel and Eagle River Investments funded the Company's operations. As of December 31, 2000, the Company owed Nextel WIP \$2.1 million in connection with these advances.

Motorola Agreements

Under the iDEN infrastructure equipment purchase and supply agreements and the subscriber purchase and distribution agreement between the Company and Motorola, the Company agreed to purchase, and Motorola agreed to sell, certain infrastructure equipment and related software and services required for the build-out of the Company's portion of the Nextel digital mobile network, as well as telephones and other accessories.

The Company obtained pricing for the Motorola equipment and telephones on financial and other terms that the Company believes are substantially similar to those obtained by Nextel. For the year ended December 31, 2000, the Company purchased approximately \$154.7 million of infrastructure and other equipment, telephones, warranties and services from Motorola.

DLJ Merchant Banking Relationship

Donaldson, Lufkin & Jenrette Securities Corporation served as an initial purchaser of the Company's senior notes and senior discount notes and received customary discounts and commissions in connection with each such offering. Donaldson, Lufkin & Jenrette Securities Corporation also acted as the Company's financial advisor and as arranger, and DLJ Capital Funding, Inc., an affiliate of Donaldson, Lufkin & Jenrette Securities Corporation, acted as syndication agent, under the Company's credit facility, and received customary fees and reimbursements in connection therewith. DLJ Merchant Banking and certain related parties, all of which are affiliates of Donaldson, Lufkin & Jenrette Securities Corporation, own a significant amount of the Company's equity through their affiliate, Credit Suisse, and are represented on the Company's Board of Directors. Donaldson, Lufkin & Jenrette Securities Corporation was a co-lead manager of the initial public offering of the Company's Class A Common Stock, and the Company may from time to time enter into other investment banking relationships with it or one of its affiliates. The aggregate amount of all fees paid to the Credit Suisse and the DLJ Entities in connection with the capitalization transactions in 1999 and 2000 was approximately \$27.5 million.

Other Transactions with Senior Management

Since its inception, the Company has entered into restricted stock purchase agreements with each of Messrs. Chapple, Thompson, Thaler, Aas, Satterlee, Fanning and Manning pursuant to which the Company has sold an aggregate of 8,834,994 shares of Class A Common Stock to these

executive officers at a price of \$0.002 per share. In addition, on January 29, 1999, Mr. Thompson obtained an interest-free secured loan of \$2.2 million from the Company, evidenced by a non-negotiable promissory note due and payable on January 29, 2003.

17

The Company has also granted options to purchase shares of Class A Common Stock under the Company's employee stock option plan to the following officers and directors on the date, for the number of shares and with an exercise price indicated opposite each person's name:
