PROXY STATEMENT FOR
2002 ANNUAL MEETING OF STOCKHOLDERS
To Be Held April 25, 2002

PROXY SOLICITATION AND VOTING INFORMATION

The enclosed proxy is solicited by the Board of Directors of Water Pik Technologies, Inc., a Delaware corporation, ("Water Pik Technologies," the "Company," "we" or "us") for use in voting at the 2002 Annual Meeting to be held at 9:00 a.m., Pacific Daylight Time on Thursday, April 25, 2002, at The Sutton Place Hotel, 4500 MacArthur Boulevard, Newport Beach, California 92660, and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This proxy statement and the proxy are first being mailed to stockholders and made available on the Internet at <http://www.waterpik.com> on or about March 22, 2002.

Who May Vote?

If you were a stockholder on the records of the Company at the close of business on March 8, 2002 you may vote at the annual meeting. On that day, there were 12,435,643 shares of our Common Stock outstanding.

How Many Votes Do I Have?

Each share is entitled to one vote. In order to vote, you must either designate a proxy to vote on your behalf or attend the meeting and vote your shares in person. The Board of Directors requests your proxy so that your shares will count toward a quorum and be voted at the meeting.

How Will The Board Vote My Proxy?

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form DEF 14A

A properly executed proxy received by the Secretary prior to the meeting, and not revoked, will be voted as directed by the stockholder. If the stockholder provides no specific direction, the shares will be voted FOR the election of the Directors nominated by the Board and FOR the proposal to ratify the appointment of the independent auditors. If any other matter should be presented at the Annual Meeting upon which a vote may properly be taken, the shares represented by the proxy will be voted in accordance with the judgment of the holders of the proxy.

We have not received timely notice of any stockholder proposals for presentation at the Annual Meeting as required by Section 14(a)-14(c) of the Securities Exchange Act of 1934 or by our certificate of incorporation.

How May I Vote?

Stockholders may complete, sign, date and return their proxy cards in the postage-paid envelope provided. If you sign, date and return your proxy card without indicating how you want to vote, your proxy will be voted as recommended by the Board of Directors.

How Can I Revoke My Proxy?

You may change your mind and revoke your proxy at any time before it is voted at the meeting by:

sending a written notice to revoke your proxy to the Secretary of the Company;

transmitting a proxy by mail at a later date than your prior proxy; or

attending the Annual Meeting and voting in person or by proxy (except for shares held in the employee benefit plans described below).

Voting by Employee Benefit Plan Participants

Participants who hold Common Stock in one of the Company's defined contribution savings or retirement or stock ownership plans may tell the plan trustee how to vote the shares of Common Stock allocated to their accounts. You may sign and return the voting instruction card provided by the plan. If you do not transmit instructions, your shares will be voted as the plan administrator directs or as otherwise provided in the plan.

Voting Shares Held by Brokers, Banks and Other Nominees

If you hold your shares in a broker, bank or other nominee account, you are a "beneficial owner" of Company Common Stock. In order to vote your shares, you must give voting instructions to your bank, broker or other intermediary who is the "nominee holder" of your shares. The Company asks brokers, banks and other nominee holders to obtain voting instructions from the beneficial owners of shares that are registered in the nominee's name. Proxies that are transmitted by nominee holders on behalf of beneficial owners will count toward a quorum and will be voted as instructed by the nominee holder.

Required Vote

The presence, in person or by proxy, of the holders of a majority of all of the shares of the stock entitled to vote at the Annual Meeting is necessary to constitute a quorum.

A plurality of the votes cast is required for the election of Directors so that the three individuals who receive the highest number of votes cast will be elected. The affirmative vote of a majority of the votes cast is required to ratify the appointment of the independent auditors. For these purposes, any vote characterized as an abstention is not counted as a vote cast. Broker non-votes, which relate to shares for which nominee holders do not obtain voting instructions from the beneficial holders, are not counted as votes cast.

Cost of Proxy Solicitation

The Company pays the cost of preparing, assembling and mailing this proxy-soliciting material. We will reimburse banks, brokers and other nominee holders for reasonable expenses they incur in sending these proxy materials to our beneficial stockholders whose stock is registered in the nominee's name.

BOARD COMPOSITION AND PRACTICES

Information and Meetings

The Board of Directors directs the management of the business and affairs of the Company as provided in the Amended and Restated Bylaws ("Bylaws") of the Company and the laws of the State of Delaware. Members of the Board keep informed about the Company's business through discussions with the senior management and other officers and managers of the Company and its subsidiaries, by reviewing analyses and reports sent to them, and by participating in Board and committee meetings.

During 2001, the Board held five meetings, and the Board acted four times by unanimous written consent. In 2001, each Director attended at least 75 percent of the meetings of the Board and those committees on which he served.

Number of Directors

The Board of Directors determines the number of Directors. The Board currently consists of 7 members. Except as otherwise required under the Company's Bylaws, the Board shall consist of not less than 4 and not more than 10 members.

2

Director Terms

The Directors are divided into three classes and the Directors in each class serve for a three-year term. The term of one class of Directors expires each year at the annual meeting of stockholders. The Board may fill a vacancy by electing a new Director to the same class as the Director being replaced. The Board may also create a new Director position in any class and elect a Director to hold the newly created position until the term of the class expires.

Spin-Off Requirements

In connection with our spin-off in November 1999 from Allegheny Teledyne Incorporated, presently known as Allegheny Technologies Incorporated ("ATI"), we agreed (and our Bylaws provide) that, until our Annual Meeting of Stockholders in 2002, at least a majority of our Board of Directors must also be Directors of ATI.

PROPOSAL ONE ELECTION OF DIRECTORS

The Board of Directors has nominated for election this year the class of three incumbent Directors whose terms expire at the 2002 Annual Meeting.

The three-year term of the class of Directors nominated this year will expire at the 2005 Annual Meeting. The three individuals who receive the highest number of votes cast will be elected.

If you sign and return your proxy card, the individuals named as proxies in the card will vote your shares for the election of the three nominees named below unless you provide other instructions. You may withhold authority for the proxies to vote your shares on any or all of the nominees by following the instructions on your proxy card. If a nominee becomes unable to serve, the proxies will vote for a Board-designated substitute or the Board may reduce the number of Directors. The Board of Directors has no reason to believe that any nominee will be unable to serve.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF THESE NOMINEES FOR ELECTION AS DIRECTORS.

DIRECTOR COMPENSATION

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form DEF 14A

Members of the Board who are also employees of the Company do not receive any compensation for their services as Directors on our Board or its committees. Each Director of the Company who is not an employee of the Company receives an annual retainer fee of \$20,000. The non-executive Chairman of our Board of Directors is paid an additional annual fee of \$10,000. Each non-employee chair of a committee is paid an annual fee of \$1,500. Directors are also paid \$1,000 for each Board meeting and \$1,000 for each committee meeting attended.

7

The non-employee Directors also participate in the 1999 Non-Employee Director Stock Compensation Plan ("Director Plan"). The purpose of the Director Plan is to provide non-employee Directors with an increased personal interest in our performance.

Under the Director Plan, each non-employee Director receives a one-time grant of an option to purchase 5,000 shares of our Common Stock and a one-time grant of 3,000 restricted shares of our Common Stock. The one-time option and restricted share grants were made at the later of June 27, 2000 or the date the non-employee Director first became a member of the Board, and the grants vest over a three year period. Each non-employee Director also receives an option to purchase 1,000 shares of our Common Stock at the conclusion of each annual meeting of our stockholders. If a non-employee Director first becomes a Director on a date other than an annual meeting date, an option covering 1,000 shares of our Common Stock will be granted to such non-employee Director on his or her first day of Board service. The purchase price of the Common Stock covered by these options is the fair market value of our Common Stock on the date the option is granted. The Director Plan also provides that each non-employee Director will receive at least 25 percent of the annual retainer fee in the form of our Common Stock. Each Director may elect to receive a greater percentage of that fee in Common Stock.

During 2001, Messrs. Bozzone, McClelland, Ouchi, Queenan, Rohr and Cuneo each received, effective on the annual meeting date, an option to purchase 1,000 shares of our Common Stock. Mr. Cuneo also received, effective April 26, 2001, an option to purchase 5,000 shares of our Common Stock and a grant of 3,000 restricted shares of our Common Stock.

PROPOSAL TWO RATIFICATION OF INDEPENDENT AUDITORS

The Board of Directors, upon the recommendation of its Audit and Finance Committee, has appointed Ernst & Young LLP as independent auditors of the Company for its fiscal year 2002. Ernst & Young LLP was originally appointed to act as the Company's independent auditors in 1999, when the Company became an independent public company, and they served in such capacity during fiscal 1999, 2000 and 2001. Ernst & Young LLP is knowledgeable about the Company's operations and accounting practices as a result of past service as the independent auditors for ATI and the Board believes that the firm is well-qualified to act in the capacity of independent auditors.

The proposal to ratify the selection of Ernst & Young LLP will be approved by the stockholders if it receives the affirmative vote of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote on the proposal. If you sign and return your proxy card, your shares will be voted (unless you indicate to the contrary) to ratify the selection of Ernst & Young LLP as independent auditors for 2002. Broker non-votes will not be counted as being entitled to vote on the proposal and will not affect the outcome of the vote. If the stockholders do not ratify the selection of Ernst & Young LLP, the Board will reconsider the appointment of independent auditors.

It is expected that representatives of Ernst & Young LLP will be present at the annual meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE SELECTION OF THE INDEPENDENT AUDITORS.

OTHER BUSINESS

The Company knows of no business that may be presented for consideration at the meeting other than the two action items indicated in the Notice of Annual Meeting. If other matters are properly presented at the meeting, the persons designated as proxies in your proxy card may vote on such matters at their discretion.

STOCK OWNERSHIP INFORMATION

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended ("Exchange Act"), requires the Company's executive officers, Directors and persons who beneficially own more than 10 percent of a registered class of the Company's equity securities (collectively "Insiders"), to file with the SEC initial reports of ownership (Form 3) and reports of changes in ownership (Form 4 or Form 5) of Common Stock and other equity securities of the Company. These persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such reports furnished to the Company and written representations that no other reports were required during the year ended December 31, 2001, the Company believes that its Insiders complied with all Section 16(a) filing requirements in a timely manner.

Each person has sole voting and investment power with respect to the shares listed and each person's address is the address of the Company's corporate offices.

The following Report on Executive Compensation and the performance graphs included elsewhere in this proxy statement do not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this Report or the performance graphs by reference therein.

REPORT ON EXECUTIVE COMPENSATION

This report on executive compensation is furnished by the Personnel and Compensation Committee and the Stock Incentive Award Subcommittee of the Board of Directors (together referred to as the "Committee"). In some discussions of stock awards to the named officers in the Summary Compensation Table and other statutory insiders, the term "Committee" refers to the Stock Incentive Award Subcommittee.

Executive Compensation Principles

For 2001, the following principles have guided the Committee in establishing executive compensation programs:

Total executive compensation will be competitive in the aggregate, using industry and market comparisons, including data supplied by Hewitt Associates, William M. Mercer and Watson Wyatt, nationally recognized executive compensation consulting firms, to gauge the competitive marketplace.

Total executive compensation will be performance oriented, with a substantial portion of total compensation tied to internal and external measures of the Company's performance. Superior performance will significantly increase total compensation opportunities.

The program will promote long-term careers with the Company and its subsidiaries.

Compensation Components

As described in more detail below, the Committee has adopted policies and programs relating to base salaries, short-term incentives and long-term incentives intended to achieve the goals underlying the principles discussed above. For 2001, compensation consisted of the following components:

Base salary for all management positions will be at the industry or market median for comparable positions unless there are sound reasons for significant variations. Judgment is the guiding factor in base salary determinations, as well as other compensation issues.

Short-term incentives under the Annual Incentive Plan ("AIP") are designed to provide a competitive award, based on industry standards and achievement of predefined performance measures. Under the general provisions of the AIP, target awards range from 20 percent to 60 percent of the base salary and up to 200 percent of the target award could be paid in the case of significant over-achievement. The majority of the award is based on financial performance achievement, with a smaller portion tied to the achievement of pre-established individual goals.

For 2001 and 2002, 60 percent of the annual incentive award for all participants is based on the achievement of predetermined levels of net income, 20 percent is based upon achievement of a predetermined return on average capital employed and 20 percent is tied to achievement of pre-established individual goals. The bonus column of the Summary Compensation Table contains the annual incentive award for 2001 for each of the Company's Named Executive Officers.

Long-term incentives for 2001 consisted of the following three components:

(1) *Stock Options* Stock options are awarded periodically to select key employees. The amount of the award generally depends on the executive's salary and is at levels generally perceived to be competitive.

(2) *Performance Share Plan* The Performance Share Plan ("PSP") provides grants of stock options with performance-based vesting and other performance awards that can be earned if specified performance objectives are met over a multi-year cycle, which generally lasts three years. At the beginning of each cycle, the Committee selects the eligible participants and approves the performance objectives. For corporate and business segment executives, performance is generally measured at the Company level. The amount of the award opportunity depends on the executive's salary at the beginning of the award period, and consists of a stock option award and a cash award determined as a percentage of the executive's salary. For the three-year performance period that began on January 1, 2001 ("Current Performance Period"), the categories of

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form DEF 14A

participants include the President and Chief Executive Officer, all other executive officers and senior business segment executives. The Committee reserves the right to expand, before the beginning of the second quarter of any performance period, the number of positions eligible to participate. During the Current Performance Period, the financial target is based on the achievement of cumulative three-year earnings per share. The PSP stock option award is equal to the level of the annual stock option grant for each participant. The PSP cash award opportunity ranges from 20 percent to 60 percent, depending upon the participant's position and base salary at the end of the performance period, with a maximum incentive equal to 200 percent of the target cash award. If the financial target is met during the Current Performance Period, the PSP options will become fully vested on February 15 of the year following the three-year measurement period. If the financial target is not met during the Current Performance Period, the PSP awards will vest at the rate of one-third each year beginning on December 31, 2003.

(3) *Stock Acquisition and Retention Program* The Stock Acquisition and Retention Program ("SARP") is designed to encourage key executives to acquire and retain Common Stock.

Under this program, certain key executives may purchase shares or designate already-owned shares of Common Stock that the Company matches with a grant of restricted Common Stock equal to 50 percent of the number of shares purchased or designated by the participant. The restricted shares will generally vest only if the participant holds the purchased or designated shares for five years. In addition, prior to the date that the restricted shares would otherwise vest, the restrictions will lapse if there is a change in control of the Company or the participant retires or dies.

Under the terms of the Company's SARP, for 1999, participants could make a one-time purchase or designation of a number of shares having a market price equal to a maximum of two times the participant's base salary. Those executives who purchased shares under the SARP during 1999 were not eligible to make additional purchases under the SARP during 2000. Two senior executives that did not participate in the SARP during 1999 made purchases under the SARP during 2000 equal to one times their base salaries. During 2001, seven executive officers made purchases under the SARP equal to one times base salary. For 2002, eligible SARP participants may purchase or designate a number of shares having a market price equal to a maximum of the participant's base salary.

The Company will loan a participant the funds to purchase shares under the program at an interest rate equal to the minimum rate necessary to avoid imputed interest income under the federal income tax rules. The purchased shares are pledged and held as security for these loans. If dividends are paid on the purchased and related restricted shares, they will be applied as loan payments. All purchases under the SARP to date have been made with loans from the Company pursuant to the terms of the SARP.

For 2002, the Committee intends to continue to closely examine compensation programs of comparable businesses within the Company's industry segment, as well as other relevant market data

12

from various industry sources, to determine whether the Company's current compensation plans are appropriate and further the best interests of the Company and its stockholders.

Compensation of Chief Executive Officer

The 2001 base salary and incentive compensation of Michael P. Hoopis, President and Chief Executive Officer of the Company, was established by the Committee in accordance with the general compensation principles described above.

Mr. Hoopis' base salary was \$450,000 during all of 2001. The Committee did not consider an increase in Mr. Hoopis' salary in October 2001, his annual salary review date, due to a company-wide wage freeze implemented in April 2001. When Mr. Hoopis' salary was last reviewed in October 2000, the amount set was intended to provide Mr. Hoopis with a base salary that reflects his special level of responsibility and unique skills and is competitive with comparable companies.

In addition to base salary, Mr. Hoopis' employment agreement provides for a \$240,000 signing bonus, payable in three annual installments. The final installment of \$80,000 was paid to Mr. Hoopis during 2001.

For 2001, the target opportunity for Mr. Hoopis' annual incentive was set at 60 percent of his base salary. Under the AIP, this would be the amount of the award if the Company and Mr. Hoopis achieved 100 percent of the financial and individual performance objectives. On January 24, 2002, the Committee determined the annual incentive awards under the AIP for 2001. The Committee's review of Mr. Hoopis' performance included an analysis of the Company's performance against targeted levels of net income and return on capital employed and a comparison of Mr. Hoopis' performance against the performance standards previously established by the Committee. The Committee determined that Mr. Hoopis' actual award under the AIP would be \$191,000. In determining the actual award, the Committee prorated the amount to reflect

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form DEF 14A

the Company's underachievement of targeted levels of net income and return on capital employed, and made a discretionary increase of \$9,647, in accordance with the terms of the AIP. The Committee further determined that Mr. Hoopis had met his individual performance goals for 2001.

Mr. Hoopis has been granted options to purchase Common Stock of the Company periodically during his tenure as President and CEO of the Company. Stock options are designed to provide long-term incentives consistent with industry and market comparisons. Mr. Hoopis also holds options to purchase 71,564 shares of Common Stock of the Company that were converted from options granted to him by ATI prior to the Company's spin-off from ATI. Mr. Hoopis' ATI-conversion options are fully vested at this time. On November 30, 1999, Mr. Hoopis received options to purchase 279,333 shares of Company Common Stock, the final 50 percent of which fully vested during 2001. In October 2000, Mr. Hoopis was granted an option to purchase 43,472 shares of Common Stock pursuant to the Company's PSP. Mr. Hoopis' PSP options vest in full on February 15, 2004 if the three-year financial target is met under the PSP, and vest at the rate of one-third per year commencing December 31, 2003 if the financial target is not met under the PSP. Mr. Hoopis received an option during October 2000 to purchase 43,472 shares of Company Common Stock and an option during October 2001 to purchase 43,472 shares of Company Common Stock, both grants being part of the Company's annual stock option grant to selected employees under the 1999 Incentive Plan. Mr. Hoopis' annual grant options vest at the rate of one-third per year commencing one year after the grant date.

Mr. Hoopis participated in the Company's SARP during 1999, 2001 and 2002. In November 1999, he purchased 108,108 shares of Common Stock and received a corresponding restricted stock grant of 54,054 shares pursuant to the plan. In May 2001, Mr. Hoopis purchased 56,922 shares of Company Common Stock and received a corresponding restricted stock grant of 28,461 pursuant to the plan. In February 2002, Mr. Hoopis purchased 48,166 shares of Company Common Stock and received a corresponding restricted stock grant of 24,083 shares pursuant to the plan. All of Mr. Hoopis' purchases under the SARP were made through loans from the Company in accordance with the terms of the plan.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code ("Code") imposes limits on tax deductions for annual compensation paid to a chief executive officer and the four other most highly compensated officers unless the compensation qualifies as "performance-based" or is otherwise exempt under the law. The Company's 1999 Incentive Plan is intended to meet the deductibility requirements of the regulations promulgated under Section 162(m). However, the Committee may determine in any year that it would be in the best interests of the Company and its stockholders for awards to be paid that would not satisfy the requirements of Section 162(m) for deductibility.

Employment Contracts, Termination of Employment and Change in Control Arrangements

Effective October 23, 2001, the Company entered into amended and restated employment agreements with each of its seven executive officers, including the Named Executive Officers. The amended and restated employment agreements superceded and replaced the employment agreements that existed prior to October 23, 2001 ("prior agreements") between the Company and each of the executive officers. The amended and restated employment agreements are in substantially the same form and have a rolling one year term which is automatically extended for one month at the end of each month during the term unless written notice is given by either party. The amended and restated employment agreements also contain severance benefits in the event of termination of the executive as a result of death, disability, termination by the Company without cause or termination by the executive for good reason, including in the event of a change in control, and certain other benefits including but not limited to certain welfare benefits, vacation, auto allowance and tax preparation and financial planning services. All terms, such as "good reason," "change in control" and "welfare benefits," are defined in the agreements.

Mr. Hoopis has an employment agreement with the Company that provides for a base salary of \$450,000, which may be increased in the discretion of the Personnel and Compensation Committee, and a target bonus under the Company's AIP of 60 percent of his base salary based on corporate and individual performance. The employment agreement has the following severance benefits: (i) in the event of termination as a result of death, two times base salary and two times target bonus (calculated as if 100 percent of all corporate and personal performance objectives were achieved), (ii) in the event of termination as a result of disability, two times base salary, two times target bonus (calculated as if 100 percent of all corporate and personal performance objectives were achieved) and continuation of welfare benefits for the remainder of the term of the agreement, and (iii) in the event of termination by the Company without cause or termination by Mr. Hoopis for good reason, other than change in control, two times base salary, two times target bonus (calculated as if 100 percent of all corporate and personal performance objectives were achieved) and continuation of welfare benefits for two years or until covered by comparable welfare benefits.

Mr. Hoopis' employment agreement contains the following severance benefits in the event of termination by the Company without cause or resignation by Mr. Hoopis for good reason, either event occurring within two years after a change in control: three times base salary, three times target bonus (calculated as if 100 percent of all corporate and personal performance objectives were achieved), prorated bonus for the year of termination (calculated as if 120 percent of corporate and personal goals were achieved), prorated cash payment from the Company's PSP (calculated as if 120 percent of corporate and personal goals were achieved), vesting of all outstanding stock options, removal of restrictions on all restricted stock awards, vesting of any employer contribution to the non-qualified deferred compensation plan, outplacement services and continuation of welfare benefits for three years or until covered by comparable welfare benefits. In addition, Mr. Hoopis' employment agreement provides that the Company may defer payments that would exceed the cap under Section 162(m) of the Code, except in the event of termination for good reason within two years after a change in control. Mr. Hoopis' employment agreement also provides that any severance payments made shall be increased, if necessary, to eliminate the impact of any excise tax imposed under Section 4999 of the Code or special tax (not ordinary

income tax) imposed by any state or local authority.

Mr. Shortt has an employment agreement with the Company that provides for a base salary of \$260,000 and a target bonus under the Company's AIP of 45 percent of his base salary. Mr. Streufert has an employment agreement with the Company that provides for a base salary of \$240,000 and a target bonus under the Company's AIP of 45 percent of his base salary. Mr. Rasp has an employment agreement with the Company that provides for a base salary of \$208,111 and a target bonus under the Company's AIP of 45 percent of his base salary. Mr. Bisson has an employment agreement with the Company that provides for a base salary of \$201,400 and a target bonus under the Company's AIP of 45 percent of his

17

base salary. All of the base salaries of the Named Executive Officers may be increased at the discretion of the Personnel and Compensation Committee. The employment agreements for Messrs. Shortt, Streufert, Rasp and Bisson all contain substantially identical provisions to Mr. Hoopis' employment agreement with respect to severance benefits and other terms, except that the amounts for payment of base pay and bonus and continuation of welfare benefits in the event of termination are one year less than the amounts provided in Mr. Hoopis' agreement.

Each of the Named Executive Officers has stock option agreements relating to each stock option award and restricted stock award agreements relating to restricted stock awarded in connection with purchases under the Company's SARP. Under the terms of the stock option agreements and restricted stock award agreements, upon a change in control, as such term is defined in the agreements, all unvested stock options will vest and all restrictions will be removed from restricted stock.

COMPARATIVE STOCK PERFORMANCE

The following performance graph compares the total stockholder return of an investment in the Company's Common Stock to that of the New York Stock Exchange Market Index and the Russell 2000 Index for the period commencing November 30, 1999, the date on which the Common Stock was first publicly traded, and ending on December 31, 2001. Due to the Company's diverse array of consumer products, no suitable peer group has been determined; accordingly, the Russell 2000 Index is included for comparison of issuers with the closest available market capitalizations to the Company. The graph assumes that the value of the investment in the Company's Common Stock was \$100 on November 30, 1999, the first day of "regular way" trading of the Company's Common Stock, in each of the Company's stock, the New York Stock Exchange Market Index and the Russell 2000 Index and that all dividends were reinvested. No cash dividends have been paid or declared on the Company's Common Stock. The historical information set forth below is not necessarily indicative of future performance. The Company does not make or endorse any predictions as to future stock performance.

In accordance with the rules of the Securities and Exchange Commission, this presentation is not incorporated by reference into any of the Company's registration statements under the Securities Act of 1933, as amended.

CERTAIN TRANSACTIONS AND RELATIONSHIPS WITH THE COMPANY

In connection with the spin-off, ATI and the Company entered into several agreements, some of which are described below and elsewhere in this Proxy Statement. At the time these agreements were negotiated and executed and during fiscal year 2001, certain of the Company's Directors and executive officers also served as Directors and executive officers of ATI.

Separation and Distribution Agreement. The Separation and Distribution Agreement provided for the principal corporate transactions required to effect the separation of our businesses from ATI, the spin-off and certain other matters governing the relationship among us following the spin-off. The agreement requires, among other things, that we complete an offering of our Common Stock and use the proceeds of such offering in compliance with the tax ruling, as amended, issued by the Internal Revenue Service in connection with the spin-off. We completed the required offering in January 2001. In addition, the Separation and Distribution Agreement provides that until the third Annual Meeting of our stockholders held following the spin-off, at least a majority of our directors will also be members of the Board of Directors of ATI. The agreement further provides that both ATI and the Company will each indemnify the other for liabilities arising from a breach of any of the agreements entered into in connection with the spin-off or the failure to pay or discharge the liabilities assumed by such party under the Separation and Distribution Agreement.

Employee Benefits Agreement. The Employee Benefit Agreement contains various agreements between ATI and us concerning employees, pension and employee benefit plans and other compensation arrangements for current and former employees of our business. It provides that we generally will be responsible for all compensation and employee benefits relating to our employees and that we will establish our own qualified and non-qualified retirement and equity compensation plans with arrangements that are similar to ATI's plans. However, it provides that we will not be required to establish or fund a defined benefit pension plan for our employees and that ATI will retain all liabilities relating to our employees under the ATI pension plan. In addition, it provides for the conversion of stock awards under certain ATI equity compensation plans, including options and restricted stock awards, into economically equivalent awards for our Common Stock. The agreement further provides for the termination of the ATI Performance Share Program and the payout of pro-rated awards, including shares of our Common Stock, by us to participants in the program who are our employees.

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form DEF 14A

Tax Sharing and Indemnification Agreement. The Tax Sharing and Indemnification Agreement allocates certain tax liabilities and obligations between ATI and us. This agreement provides that we will indemnify ATI and its directors, officers, employees, agents and representatives for any taxes imposed on, or other amounts paid by, them, or ATI's stockholders, if we take actions or fail to take actions that result in the spin-off not qualifying as a tax-free distribution. For example, the Company has agreed that for a two-year period following the date of the spin-off: (i) we will continue to engage in the Water Pik Technologies business; (ii) we will continue to own and manage at least 50 percent of the assets which we own directly or indirectly immediately after the spin-off; and (iii) we will not, unless we obtain the written consent of ATI, engage in a number of specified transactions. Transactions subject to these restrictions will include issuance of Water Pik Technologies common stock (or certain derivatives of our stock) in amounts which represent 40 percent or more of the outstanding Water Pik Technologies common stock, issuance of instruments other than Water Pik Technologies common stock (or derivatives of our stock) constituting equity for U.S. federal tax purposes, certain redemptions and other acquisitions of capital stock or equity securities of Water Pik Technologies, or the merger, dissolution or liquidation of Water Pik Technologies.

Kirkpatrick & Lockhart LLP. The Company used the law firm of Kirkpatrick & Lockhart LLP to perform services for the Company during 2001. Charles J. Queenan, Jr., an incumbent member of the Company's Board of Directors, is Senior Counsel to that law firm. See "Compensation Committee Interlocks and Insider Participation" on page 14.

19

PNC Bank, National Association. James E. Rohr, an incumbent member of the Company's Board of Directors, is a Director and executive officer of PNC Bank Corp., an affiliate of PNC Bank, N.A. W. Craig McClelland, an incumbent member of the Company's Board of Directors, is also a Director of PNC Bank Corp. PNC Bank, N.A. is one of five lenders under the Company's \$60,000,000 credit facility, having committed to lend up to \$12,500,000 under the facility.

Loans Under Stock Acquisition and Retention Program. Under the terms of the Company's SARP, eligible participants may deliver a promissory note, payable to the Company, as payment for the purchase price of shares of Common Stock purchased under the program. Each note has a term of not more than 10 years and is secured by the shares of Common Stock being purchased with the note. Interest accrues on the notes at a rate, as determined on the applicable purchase date, equal to the then applicable federal rate but not lower than the minimum rate necessary to avoid imputed interest under applicable federal income tax laws. The rate used for the five November 1999 SARP loans was 6.29 percent. The rate used for the one February 2000 SARP loan was 6.66 percent. The rate used for the one May 2000 SARP loan was 6.11 percent. The rate used for the seven May 2001 SARP loans was 5.36 percent. The rate used for the four February 2002 SARP loans was 5.52 percent.

In connection with the SARP, the following executive officers have delivered promissory notes to the Company: Michael P. Hoopis, Robert A. Shortt, Victor C. Streufert, Richard Bisson, Robert J. Rasp, Theresa Hope-Reese and Richard D. Tipton. In all cases, the promissory notes were incurred to pay the purchase price of Common Stock purchased under the SARP. The amount of indebtedness outstanding under the promissory notes as of February 28, 2002 were \$1,699,987 for Mr. Hoopis; \$1,009,977 for Mr. Shortt; \$929,979 for Mr. Streufert, \$581,382 for Mr. Bisson, \$707,999 for Mr. Rasp, \$381,085 for Ms. Hope-Reese and \$370,796 for Mr. Tipton.

Executive Officer Loan. On December 3, 2001, the Company loaned \$196,311 to Robert A. Shortt, an executive officer of the Company. The loan was intended to allow Mr. Shortt to refinance a promissory note owed by him to his former employer, CSK Auto Corporation. The interest rate on the promissory note is 4.99 percent. Payments are due monthly commencing December 1, 2004 and continuing for five years. The note is partially secured by 1,000 shares of CSK common stock owned by Mr. Shortt and 33,108 shares of restricted Company Common Stock owned by Mr. Shortt.
