MANAGEMENT INFORMATION CIRCULAR

This information circular (this Proxy Circular) is being furnished to the shareholders of Miramar Mining Corporation (the Corporation) in connection with the solicitation of proxies by the management of the Corporation for use at the annual general meeting of the shareholders of the Corporation (the Meeting) to be held in the Cheakamus Room at The Fairmont Waterfront Hotel, 900 Canada Place Way, in Vancouver, British Columbia on May 10, 2005 at the hour of 10:00am Pacific Time, for the purposes set out in the notice of the Meeting accompanying this Proxy Circular. This Proxy Circular is first being sent to shareholders of the Corporation on or about April 14, 2005. Unless otherwise stated, information contained in this Proxy Circular is given as at March 24, 2005 (except where indicated).

The solicitation of proxies for the Meeting will be primarily by mail but proxies may also be solicited personally or by telephone by employees of the Corporation or by agents retained by the Corporation. Employees of the Corporation will not receive any extra compensation for such activities. The Corporation may also pay brokers or other persons holding common shares of the Corporation in their own names, or in the names of nominees, their reasonable expenses for sending proxies and proxy material to beneficial owners of common shares of the Corporation and requesting authority to execute proxies in respect of such common shares of the Corporation. The Corporation will bear the expenses of such

solicitation of proxies.

No person is authorized to give any information or to make any representation other than as contained in this Proxy Circular and, if given or made, such information or representation should not be relied upon as having been authorized by the Corporation. The delivery of this Proxy Circular shall not under any circumstances create an implication that there has been no change in the information set forth herein since the date of this Proxy Circular.

APPOINTMENT OF PROXY AND DISCRETIONARY AUTHORITY

The persons named in the form of proxy accompanying this Proxy Circular are officers and directors of the Corporation. A shareholder of the Corporation has the right to appoint a person, who need not be a shareholder of the Corporation, other than the persons named in the form of proxy accompanying this Proxy Circular, as nominee to attend and act for and on behalf of such shareholder at the Meeting and may exercise such right by inserting the name of such person in the blank space provided on the form of proxy, or by executing a proxy in a form similar to the form of proxy accompanying this Proxy Circular. If a shareholder of the Corporation appoints one of the persons named in the form of proxy accompanying this Proxy Circular as the nominee of the shareholder and does not direct such nominee to vote either for, against or withhold from voting in respect of a matter or matters with respect to which an opportunity to specify how the common shares of the Corporation registered in the name of such shareholder are to be voted, the proxy will be voted for such matter or matters.

To be effective, proxies must be received by the Corporation c/o Pacific Corporate Trust Company, 10th Floor, 625 Howe Street, Vancouver, British Columbia V6C 3B8, prior to 5:00 p.m., Pacific Time, **on May 9, 2005** or, in the case of any adjournment of the Meeting, not later than 5:00 p.m., Pacific Time, on the business day prior to the reconvened meeting. Deposit of a proxy may be made by delivery through the mail, but the proxy should be mailed promptly in order to ensure timely deposit. A self addressed envelope is provided for the return of a proxy.

EXERCISE OF VOTE BY PROXY

The common shares of the Corporation represented by a proxy at the Meeting will be voted for, against or withheld from voting in accordance with the instructions of the holder of such common shares of the Corporation, so long as such instructions are certain, on any ballot that may be called for and, where the shareholder of the Corporation whose proxy is solicited specifies a choice with respect to any matter to be voted upon, the common shares of the Corporation represented by such proxy will be voted in accordance with the specification so made.

If no choice is specified in the proxy, the persons named in the form of proxy accompanying this Proxy Circular will vote for all of the matters proposed by management at the Meeting and described in the notice of the Meeting accompanying this Proxy Circular.

The form of proxy accompanying this Proxy Circular confers discretionary authority upon the persons named therein with respect to any amendment or variation to the matters identified in the notice of the Meeting accompanying this Proxy Circular and with respect to other matters which may properly come before the Meeting. Management of the Corporation knows of no matters to come before the Meeting other than those referred to in the notice of the Meeting accompanying this Proxy Circular. However, if any other matters which are not now known to management of the Corporation should properly come before the Meeting, the common shares of the Corporation represented by proxies given in favour of the persons named in the form of proxy accompanying this Proxy Circular will be voted on such matters in accordance with the best judgment of such person.

NON-REGISTERED HOLDERS

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are non-registered shareholders because the Common Shares of the Corporation they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. More particularly, a person is not a Registered Shareholder in respect of shares which are held on behalf of that person (the Non-Registered Holder) but which are registered either: (a) in the name of an intermediary (an Intermediary) that the Non-Registered Holder deals with in respect of the shares (Intermediaries include among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (CDS)) of which the Intermediary is a participant.

Edgar Filing: MIRAMAR MINING CORP - Form 6-K

Non-Registered Holders who have not objected to their Intermediary disclosing certain ownership information about themselves to the Corporation are referred to as NOBO s . Those Non-Registered Holders who have objected to their Intermediary disclosing ownership information about themselves to the Corporation are referred to as OBO s . In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Corporation has elected to send the notice of meeting, this information circular and the proxy (collectively, the Meeting Materials) directly to the NOBO s , and indirectly through Intermediaries to the OBO s .

The Intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to each OBO, unless the OBO has waived the right to receive them.

Meeting Materials sent to Non- Registered Holders who have not waived the right to receive Meeting Materials are accompanied by a request for voting instructions (a VIF). This form is instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a Non-Registered Holder is able to instruct the Registered Shareholder how to vote on behalf of the Non-Registered Shareholder. VIFs, whether provided by the Company or by an Intermediary, should be completed and returned in accordance with the specific instructions noted on the VIF.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the Common Shares of the Corporation which they beneficially own. Should a Non-Registered Holder who receives a VIF wish to attend the Meeting or have someone else attend on his/her behalf, the Non-Registered Holder may request a legal proxy as set forth in the VIF, which will grant the Non-Registered Holder or his/her nominee the right to attend and vote at the meeting. **Non-Registered Holders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered.**

REVOCATION OF PROXIES

A shareholder of the Corporation may revoke a previously given proxy by depositing an instrument in writing executed by the shareholder or his attorney authorized in writing, or, if the shareholder is a corporation, under its corporate seal by an officer or attorney thereof properly authorized, indicating the capacity in which such officer or attorney is signing, and deposited, together with the instrument so empowering the officer or officers or the attorney, or a notorially certified copy of such instrument, either at the registered office of the Corporation at any time up to and including 5:00 p.m., Pacific Time, on May 9, 2005 or any adjournment thereof, at which the proxy is to be used, or to the chairman of the Meeting on the day of the Meeting or any adjournment thereof before any vote in respect of which the proxy is to be used shall have been taken or in any other manner provided by law.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The Corporation is authorized to issue 500,000,000 common shares of which, as at March 24, 2005, 159,696,699 common shares were outstanding, each entitled to one vote on each matter voted upon by ballot at the Meeting. Each holder of record of common shares of the Corporation on March 24, 2005 was entitled to notice of the Meeting and is entitled to vote at the Meeting.

To the best of the knowledge of the directors and the senior officers of the Corporation, at March 24, 2005 no person or company beneficially owned, directly or indirectly, or exercised control or direction over voting securities carrying more than 10% of the voting rights attached to any class of voting shares of the Corporation other than Dundee Wealth Management Inc. which, together with its subsidiaries, affiliates and associates, owned or exercised control or direction over an aggregate of 25,580,717 common shares of the Corporation, which represents approximately 16% of the issued shares of the Corporation.

ELECTION OF DIRECTORS

It is proposed that the persons named below be nominated for election as directors of the Corporation. All of the proposed nominees are now directors of the Corporation and have been since the year set forth below. Management of the Corporation does not contemplate that any of the proposed nominees will be unable to serve as directors of the Corporation but, if that should occur for any reason prior to the Meeting, the persons named in the form of proxy accompanying this Proxy Circular have the right to vote for any other nominee of management of the Corporation. Each director will be elected to hold office until the close of the next annual general meeting of the shareholders of the Corporation or until his/her successor is appointed or elected. The following table sets forth certain information concerning the persons nominated for election as directors of the Corporation.

The Stock Option Plan does not provide for the granting of financial assistance, whether by way of a loan, guarantee or otherwise, by the Corporation in connection with any purchase of common shares from the Corporation. All options granted by the Corporation are currently exercisable for a five year term.

Executive Contracts

The Corporation has entered into employment agreements with the Named Executive Officers which provide in each case, other than the Chief Executive Officer, that if the Officer's employment is terminated by the Corporation,

other than for cause, the Officer will be paid severance of two times the Officer's then salary and benefits. The benefits provided by the company include automobile expenses, disability benefits, standard and extended health benefits and dental benefits, annual RRSP contributions and benefits under a supplemental executive retirement plan described below under Executive Retirement Plan. The Corporation's approach to determining salary, bonuses and granting stock options to executives is discussed below under the report of the Human Resources Committee of the Board.

Human Resources Committee

The annual base salaries and bonuses paid to senior management of the Corporation and the benefits offered by the Corporation in the financial year ended December 31, 2004, were determined by the Human Resources Committee of the Board of Directors comprised of four non-employee directors formed to administer the executive remuneration program of the Corporation. The Human Resources Committee in respect of the financial year ended December 31, 2004 was comprised of William E. Stanley (Chair), Catherine McLeod-Seltzer and Peter Steen. The Human Resources Committee has determined that the annual compensation paid to senior management of the Corporation should be equivalent to the industry standard paid to executives of comparable corporations in the gold mining industry in Canada.

The Human Resources Committee has formulated criteria to be used in determining the remuneration of senior management of the Corporation. The Human Resources Committee annually reviews independent salary surveys to assist it to determine executive compensation.

Human Resources Committee Report

Executive Compensation Program

Edgar Filing: MIRAMAR MINING CORP - Form 6-K

The Corporation's principal goal is to create value for its shareholders. The Corporation believes that directors, officers and employees should have their benefits aligned with both the short and long term interests of the shareholders. To this end, the executive compensation program formulated by the Human Resources Committee is comprised of three components: base salary, annual cash bonus and long-term incentive in the form of stock options. It is structured to be competitive with a select group of comparative North American gold mining companies. A portion of the annual cash bonus is directly related to the overall performance of the Corporation. The Human Resources Committee sets the executive compensation levels using the PricewaterhouseCoopers annual National Mining Industries Salary Survey. The survey is a competitive analysis of the compensation paid to mining executives in Canada.

Base Salaries

To ensure that the Corporation is capable of attracting, motivating and retaining individuals with exceptional executive skills, cash compensation is reviewed and adjusted annually, based primarily on individual and corporate performance as well as compensation practices of similar gold mining companies. In determining base salaries and bonuses, the Human Resources Committee took into account the financial performance of the Corporation for 2004.

The level of the base salary for each employee of the Corporation is determined by the level of responsibility and the importance of the position to the Corporation, within competitive industry ranges. The Human Resources Committee determines the base salaries and bonuses for senior management and employees of the Corporation. Named executive officers received salary increases of up to 10.35% during 2004.

Bonus

The Chief Executive Officer of the Corporation presents recommendations to the Human Resources Committee with respect to bonuses to be awarded to the other members of senior management and the other employees of the Corporation. The Human Resources Committee evaluates each member of senior management and the other employees of the Corporation in terms of their performance and the performance of the Corporation. The Human Resources Committee then makes a determination of the bonuses, if any, to be awarded to each member of senior management and to the employees of the Corporation, which are reported to the Board of Directors of the Corporation. In 2005, only one member of the executive management team received a performance bonus for work done in 2004.

Stock Options

The purpose of the Corporation's stock option plan is to develop the interest and incentive of eligible employees, officers and directors in the Corporation's growth and development by giving an opportunity to purchase Common Shares on a favourable basis, thereby advancing the interests of the Corporation, enhancing the value of the Common Shares for the benefit of all shareholders and increasing the ability of the Corporation to attract and retain skilled and motivated individuals.

Stock Options are granted in accordance with the stock option plan approved by the shareholders (outlined below) at an exercise price not less than the closing price of the Common Shares on the Toronto Stock Exchange on the business day immediately prior to the date of grant. Currently there are options to purchase an aggregate of 8,625,578, common shares granted to directors, officers and employees, representing approximately 5.40% of the issued shares of the Corporation on March 24, 2005.

Stock Option Plan

Edgar Filing: MIRAMAR MINING CORP - Form 6-K

The Human Resources Committee previously set a program for annual stock option grants under the Corporation's Stock Option Plan setting the number of options to be granted for each position within the Corporation. The Stock Option Plan is administered by the Chief Executive Officer of the Corporation within the program set by the Human Resources Committee, and is intended to advance the interests of the Corporation through the motivation, attraction and retention of key employees, officers and directors of the Corporation and subsidiaries of the Corporation and to secure for the Corporation and its shareholders the benefits inherent in the ownership of common shares of the Corporation by key employees, officers and directors of the Corporation and subsidiaries of the Corporation. Each grant of options under the Stock Option Plan is approved by the Board of Directors of the Corporation.

The number of common shares of the Corporation which may be subject to option under the Stock Option Plan in favour of any one individual and in the aggregate is limited under the terms of the Stock Option Plan and cannot be increased without shareholder and regulatory approval. Options granted under the Stock Option Plan have a maximum term of ten years and are exercisable at a price per share determined by the Board of Directors of the Corporation at the time the option is granted, which price may not be less than the closing price of the common shares on The Toronto Stock Exchange on the last trading day immediately preceding the date of grant of the option. The options initially granted under the Stock Option Plan were approved by the Board of Directors of the Corporation at the time of grant. All subsequent grants of options are reviewed by the Human Resources Committee and recommended to the Board of Directors for approval.

Compensation of the Chief Executive Officer

The process for the setting of the compensation of the Chief Executive Officer of the Corporation is the same as for the other members of senior management of the Corporation. The Chief Executive Officer's performance is evaluated by the Human Resources Committee relative to various objectives set for him and the Corporation.

The Human Resources Committee and the Board of Directors continue to be of the view that Mr. Walsh provides the leadership that permitted the Corporation to advance its initiatives in 2004 and in making their compensation decision, they considered other factors including his contribution to the business performance and anticipated future performance of the Corporation.

In consideration of Mr. Walsh's contribution to the Corporation, Mr. Walsh received a salary of \$320,000 and was granted fully vested incentive stock options to purchase 230,000 common shares of the Corporation for a period of five years.

In 2000, the Corporation entered into a revised employment agreement with Mr. Walsh which provides that if Mr. Walsh's employment is terminated without cause, he will be paid severance of three years of his then salary. However, if his employment is terminated within twelve months of a change of control of the Corporation, the three years severance will be based on the average salary of Chief Executive Officers of Canadian Mining Companies with fewer than 1,000 employees according to the PricewaterhouseCoopers annual salary survey.

The Human Resources Committee has also approved those executive officers of the Corporation who will be eligible to receive a bonus in 2005, together with enumerated and weighted objectives for each of these executive officers for 2004. The performance evaluation of the executive officers is primarily the responsibility of the President and CEO.

Going forward, the Human Resources Committee and, as appropriate, the Board of Directors, will address other issues relating to executive compensation, including the relative emphasis on the components of executive compensation, including compensation for the Corporation's President and CEO.

The foregoing report dated March 24, 2005, for the financial year ended December 31, 2004 has been presented by the Human Resources Committee.

Executive Retirement Plan

The Corporation has established a supplemental executive retirement plan for five senior executives (the Plan). The Plan provides that the Corporation will pay to each executive on retirement or termination of employment a benefit equal to the difference between the amount of the Corporation's contributions to the executive's individual RRSP plan and investment returns thereon and a pension amount based upon such executive's years of service and salary averaged over the highest consecutive 60 months of employment. The Plan credits the executives with services from 1998. All of the executives in the Plan have been employed by the Corporation since prior to 1998. The aggregate accrued benefit

obligations under the Plan for services for the seven year period from January 1, 1998 to December 31, 2004 were \$575,407 (\$288,804 Anthony Walsh, \$146,541 Brian Labadie, \$93,642 Stephen Quin, \$42,773 David Long, \$3,647 Elaine Bennett). The Plan obligations are not funded by the Company until retirement or termination and therefore the Plan had a deficit at December 31, 2004 of \$575,407.

Committee Members: William E. Stanley (Chairman), Catherine McLeod-Seltzer, Anthony Petrina and Peter Steen.

Compensation of Directors

During 2004, the Corporation paid a cash honorarium in the amount of \$18,000 to each of the non-management directors for services rendered as directors of the Corporation during the year. The amount was based on a \$12,000 retainer and \$1,000 per meeting for six meetings during the year. In addition, each director received \$2,500 for each regular committee of which the director was a member. For each committee of which the director was a chairman, the director was compensated a further \$1,000. The Corporation has five regular committees, the Executive Committee, the Audit and Risk Management Committee, the Safety and Environmental Committee, the Human Resources Committee and the Corporate Governance and Nominating Committee. Typically directors are paid \$1,000 per meeting for meetings of Committees other than regular committees. During 2004 the Board of Directors held 11 meetings, in excess of the six meetings on which the annual retainer is based. The Company paid an additional \$1,000 per meeting to directors attending additional board meetings. The Corporation also pays fees for any additional services rendered by Directors at the regular rates for such services. The Chairman is

advised of any proposed additional services and if deemed material, board approval is obtained. During the past year, no director provided any material additional services to the Corporation.

The following options were granted to Directors who are not Named Executive Officers during the most recently completed financial year:

Purpose

The purpose of the Audit and Risk Management Committee (the "Committee") is to provide assistance to the Board of Directors of the Corporation in fulfilling its responsibility to the shareholders, potential shareholders and the investment community relating to corporate accounting, the reporting practices of the Corporation, the quality and the integrity of the Corporation's financial reporting practices, and the audit process. The independent auditors are responsible for auditing the Corporation's annual financial statements and for reviewing the Corporation's interim financial statements.

Organization

The Committee is to be composed of Directors who are independent of the management of the Corporation and are free of any relationship that, in the opinion of The Board of Directors, would interfere with their exercise of independent judgment as committee members. Review with the independent auditors, the Corporation's financial and accounting personnel, the adequacy and effectiveness of the accounting and financial controls and systems of the Corporation, and elicit any recommendations for the improvement of such internal controls procedures and systems or

particular areas where new or more detailed controls or procedures are desirable. Particular emphasis should be given to the adequacy of such internal controls to expose any payments, transactions or procedures that might be deemed illegal or otherwise improper. Further, the Committee periodically should review the Corporation's policy statements to determine their appropriateness;

Review the Corporation's hedging and risk management systems and policies;

Review the financial statements contained in the annual report to shareholders with management and the independent auditors to determine that the independent auditors are satisfied with the disclosure and content of the financial statements to be presented to the shareholders. Any changes in accounting policy should be reviewed;

Review the interim and annual financial statements and disclosures under management's discussion and analysis of financial condition and results of Operations with both management and external auditors prior to the release of all such reports;

Provide sufficient opportunity for the independent auditors to meet with the members of the Committee without members of management present. Among the items to be discussed in these meetings are the independent auditors' evaluation of the Corporation's financial, accounting personnel, and the cooperation that the independent auditors received during the course of the audit;

Review accounting and financial human resources succession planning within the Corporation;

Have the right for the purpose of performing its duties to inspect all the books and records and any matters relating to the financial position of the Corporation with the officers, employers or external parties, including the external auditor, all of whom are expected to cooperate.

Audit and Risk Management Committee composition

The Audit and Risk Management Committee consists of four outside and unrelated directors: Lawrence Bell (Audit Committee Expert and Chair), Peter Nixon, Christopher Pollard and William Stanley. Each of these members has the following experience relevant to his responsibilities as a member of the Audit and Risk Management Committee:

Lawrence Bell, Chairman Mr. Bell is the Chair of BC Hydro & Power Authority. Mr. Bell has extensive experience dealing with financial matters, including serving in the British Columbia province's public sector as Deputy Minister of Finance; Secretary to the Treasury Board; Deputy Minister of Housing, Lands and Parks; and Deputy Minister responsible for Transit. Mr. Bell serves and has served on the board of many private and public companies and charitable organizations, including public mining companies and financial organizations such as currently serving at the Chair of the University of British Columbia Investment Management Trust and formerly serving as the Chief Executive Officer of Vancouver City Savings Credit Union.

Peter Nixon Mr. Nixon has over 30 years experience in the investment business relating to selling securities and raising capital for issuers. At no time in the Corporation's most recently completed financial year was a recommendation of the Audit and Risk Management Committee to nominate or compensate an external auditor not adopted by Board of Directors of the Corporation.

Pre-Approval Policies and Procedures

The policy of the Audit and Risk Management Committee is that the Corporation may not retain the Corporation's Auditors to conduct non audit services without the prior approval of the Audit and Risk Management Committee. The Audit and Risk Management Committee procedure for granting such approval is to review with management the proposed services and estimated budget and, where the Audit and Risk Management Committee is satisfied that to permit the Auditor to perform the specified non audit services would not prejudice the Auditor's independence, to

Edgar Filing: MIRAMAR MINING CORP - Form 6-K

permit the Corporation to have the Auditor perform the non audit services with a maximum permitted fee. During the past two financial years the Audit and Risk Management Committee has approved the Corporation retaining the Auditor to perform non audit services relating to: providing guidance with respect to documentation and testing of internal controls; reviewing quarterly unaudited financial statements; consulting as to accounting or disclosure treatment of transactions; performing due diligence assistance on potential acquisitions; reviewing disclosure in public offering documents; providing information risk management services associated with the implementation of computer system software; providing Canadian tax compliance services and tax planning and advisory services.
