Information regarding the other directors of EMR and AsGe is set forth in Appendix A.

d. None of the Reporting Persons nor any of the persons named in Appendix A has, within the last five (5) years, been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors).

None of the Reporting Persons nor any of the persons named in Appendix A has, during the last five (5) years, been a party to a civil proceeding of a judicial or administrative body of competent jurisdiction, which as a result of such proceeding, was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to United States federal or state securities laws or finding any violation with respect to such laws.

Item 3. Source and Amount of Funds or Other Consideration.

Rhein and Rehra, the respective founders of EMR and AsGe acquired shares of TotipotentRX with personal funds in private transactions and transferred those shares to EMR and AsGe prior to the Merger, when they were exchanged for Shares. Cohan also acquired shares of TotipotentRX with personal funds in private placements prior to the Merger.

Information regarding the acquisitions by Harris and Sivilotti is contained in the original statements on Schedule 13D filed by each of them.

Item 4. Purpose of the Transaction.

The reporting Persons believe that opportunities exist, within the control of the Issuer’s management and the Board of directors to take actions that would create significant value for the benefit of all stockholders.

The Reporting Persons were the controlling stockholders of TotipotentRX and received their Shares in connection with the February 18, 2014 Merger of TotipotentRX with and into ThermoGenesis Corp. to form the Issuer. Pursuant to the Merger Agreement, TotipotentRX had the right to select two nominees to the Issuer's Board of Directors. Harris was designated as one of those directors, effective as of the closing date of the Merger. On October 26, 2014, Rhein, was designated to serve as the second director to which the TotipotentRX shareholders were entitled and information concerning his credentials and background was provided to the Issuer. The reporting Persons believe that Rhein is uniquely qualified to serve as a director of the Issuer given his familiarity with the Issuer and his extensive experience in capital markets, including as a managing director of Deutsche BankAG from 1996 to 2012.

October 23 and 24, 2014, Harris met in executive session with the independent directors of the Issuer to discuss concerns that the Reporting Persons have with the progress of integration of the two companies since the Merger and the financial performance of the Issuer.

The Reporting Persons intend to closely monitor developments at the Issuer and any efforts by the Issuer to reduce their rights as stockholders and intend to continue their engagement in discussions with the Issuer, including discussion with members of management and the Board of Directors, as well as other stockholders and interested parties. The Reporting Persons may make recommendations regarding corporate strategy, capital allocation, financial performance and recommendations with respect to the composition of the Board of Directors. The Reporting Persons reserve the right, to identify and nominate such qualified candidate(s) to the Issuer's Board of Directors, as may be deemed appropriate now or in the future.

The Reporting Persons, subject to and depending upon availability of prices they deem favorable, may purchase additional Shares of the Issuer from time to time in the open market or in privately negotiated transactions with third parties. Further, while it is not the present intention of the Reporting Persons to do so, they reserve the right to dispose of the Shares held by them, upon expiration of any applicable lockups, in the open market or in privately negotiated transactions with third parties or otherwise, depending upon market conditions and other factors. Subject to ongoing evaluation, except as set forth above or such as would occur upon or in connection with completion of, or following any of the changes discussed herein, the Reporting Persons have no current plans or proposals which relate to or would result in any of the following:

- (a) The acquisition by any person of additional securities of the Issuer, or the disposition of securities of the Issuer;
- (b) An extraordinary corporate transaction, such as a merger, reorganization or liquidation, involving the Issuer or any of its subsidiaries;
- (c) A sale or transfer of a material amount of assets of the Issuer or any of its subsidiaries;

(d) Any change in the present Board of Directors or management of the Issuer, including any plans or proposals to change the number or term of Directors or to fill any existing vacancies on the Board;

(e) Any material change in the present capitalization or dividend policy of the Issuer;

Any other material change in the Issuer's business or corporate structure including, but not limited to, if the Issuer (f) is a registered closed-end investment company, any plans or proposals to make any changes in its investment policy for which a vote is required by Section 13 of the Investment Company Act of 1940;

(g) Changes in the Issuer's charter, bylaws or instruments corresponding thereto or other actions which may impede the acquisition of control of the Issuer by any person;

(h) Causing a class of securities of the Issuer to be delisted from a national securities exchange or to cease to be authorized to be quoted in an inter-dealer quotation system of a registered national securities association;

(i) A class of equity securities of the Issuer becoming eligible for termination of registration pursuant to Section 12(g)(4) of the Securities Exchange Act of 1934, as amended; or

(j) Any action similar to any of those enumerated above.

Item 5. Interest in Securities of the Issuer.

(a) The aggregate percentage of Shares reported as beneficially owned by each Reporting Person is based on 40,268,321 Shares outstanding, as of September 29, 2014, which is the total number of Shares outstanding as reported in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on September 29, 2014. CESCA THERAPEUTICS SHAREHOLDERS REPORTING GROUP FILE 13D

Rancho Cordova, CA ... A Schedule 13D has been filed with the U.S. Securities and Exchange Commission on behalf of a group of shareholders in Cesca Therapeutics, a company formed by the merger earlier this year of leading cell-therapy device-maker ThermoGenesis Corp. and regenerative medicine clinical therapy company TotipotentRX, engaged in the research, development, and commercialization of point-of-care cell-based therapeutics for use in multiple chronic medical illnesses, including critical limb ischemia and acute myocardial infarction.

The group is comprised of seven parties, many of whom had strong ties to TotipotentRX, including leaders of its innovative product development and capital finance teams: Cesca Therapeutics President and Director Kenneth L. Harris, Cesca Therapeutics Chief Biologist Mitchel Sivilotti, EMR Vermoegensverwaltung GmbH, Michael Rhein, AsGe Vermoegensverwaltung GmbH, Gernot Rehra, and Gary R. Cohan, M.D. The group, which owns 11,512,364 shares in Cesca (28.6% of the company's outstanding shares), was formed to better leverage the company's opportunities for vertical integration of cell-therapy-based point-of-care treatments in the commercial

cell-therapy market.

Cesca Therapeutics remains committed to optimizing the integration of the two companies since their merger in February 2014, improving capital management, enhancing Cesca's cell-therapy market differentiators and bringing these high-value structural advantages to the bottom line for the benefit of all stockholders. The reporting group supports the appointment of Mr. Michael Rhein, a 30-year veteran and a managing director of Deutsche Bank AG from 1996 to 2012, to serve on the Cesca Board of Directors consistent with the merger agreement.

A focus on prudent capital management, including optimization of its cord blood business is essential for Cesca Therapeutics as it prepares to enter the exciting late stage development of its Critical Limb Ischemia Therapy.

The reporting group looks forward to the annual meeting of shareholders in December 2014.

Ken Harris, President and Director of Cesca Therapeutics and a member of the reporting group, remarks "Cesca Therapeutics' autologous stem cell-based therapies, research and development programs, medical and diagnostic devices, and cell manufacturing are designed to benefit patients, physicians and the community at large. We look forward to guiding the merged company as Cesca moves forward toward a seamless integration of its multiple platforms, research, development, treatment and marketing arms."
