These issues include potential overstatements of \$85 million of gas inventory, \$100 million of accounts payable and \$68 million of accounts receivable. Mirant also has announced that the Securities and Exchange Commission (the "SEC") has initiated a related informal inquiry. If any issues require adjustments to Mirant's financial statements and relate to periods prior to April 2, 2001, Southern's earnings from discontinued operations and net assets of discontinued operations for such periods would be affected. Mirant's internal investigation and the SEC's inquiry into these issues have not yet been completed and the ultimate
