Item 2: On April 26, 2019, the Investor Group issued the following press release:

INVESTOR GROUP ISSUES DETAILED STRATEGIC PLAN FOR BED BATH & BEYOND

Highlights the significant potential of Bed Bath and strategic steps required to implement modern retail strategies and drive \$5.00 per share in annual EPS

Recent board changes not coupled with a strategic plan and existing initiatives show little evidence of success

CEO Steven Temares must be immediately replaced to avoid further destruction of shareholder value

Investor Group’s highly-qualified, experienced director nominees with deep retail expertise are committed to implementing the urgent and significant change needed at the Company

NEW YORK – 4/26/2019 – Legion Partners Holdings, LLC (“Legion Partners Holdings” together with its affiliates, “Legion Partners”), Macellum Advisors GP, LLC (together with its affiliates, “Macellum”), and Ancora Advisors, LLC (together with its affiliates, “Ancora” and, together with Legion Partners and Macellum, “the Investor Group”) today released a comprehensive presentation outlining the Investor Group’s Strategic Plan for Bed Bath & Beyond Inc.’s

(NASDAQ: BBBY) (“Bed Bath” or the “Company”). The plan outlines the path forward to modernizing Bed Bath’s retail practices and delivering a significant earnings per share improvement which could drive \$5.00 per share of annual earnings – a level that Bed Bath achieved just a few short years ago.

The complete presentation can be found at <https://restorebedbath.com/>.

The Investor Group’s Strategic Plan includes the following highlights:

Revamp executive management – recruiting a top-flight CEO to lead Bed Bath going forward and instill a world-class winning culture. We plan to launch a search in the near term to address this key position.

Reverse sales weakness – fixing the merchandise over-assortment problem through a detailed SKU rationalization process as well as developing a merchandise architecture that will better resonate with customers. Making the in-store experience something that drives traffic to the stores will be a major priority.

Turn around Company culture – increase focus on employee training and education to improve motivation; empower employees to better use technology and improve customer experience.

Significantly expand gross margins – improve vendor relations and drive profits by establishing a direct sourcing strategy and private label program as well as fixing mix issues created by the Company's shift to commoditized and lower margin products.

Implement cost cutting – conducting an extensive reassessment of the increases in expenses over the last five years, including the explosion of the Company’s advertising budget, seemingly endless array of initiatives that have failed to produce meaningful results and extensive use of consultants.

Improve inventory – increasing inventory turns which would result in a substantial release of cash tied up in slow moving goods.

Fix capital allocation – reviewing all non-core businesses and assessing their value as part of the business or their potential value to other parties. Excess cash created could be applied to share or debt repurchases, both of which are significantly accretive given discounted trading levels. Lastly, the increase in capital expenditures will be addressed.

Above all, the Investor Group’s director nominees have the relevant experience and commitment to execute on these priorities and hold management accountable for delivering results.

The Investor Group released the following statement in conjunction with the Strategic Plan, “The Board changes announced earlier this week by Bed Bath are not nearly enough and appear hastily constructed. We believe CEO Steven Temares must be terminated as soon as possible and new directors must be added to the Board that have direct experience in the following areas: customer-centricity, retail operations, sourcing, supply chain, private label, marketing, branding, e-commerce, and turnarounds. That is why we carefully selected our nominees to address the long list of issues at Bed Bath which have led to prolonged poor performance and destruction of shareholder value. We look forward to discussing the details of our plan and our nominees’ ability to drive material value creation at the Company over the coming weeks.”
