Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On November 15, 2011, the Board of Directors of Southwest Gas Corporation (the “Company”) approved the amendment and restatement of the Company’s Bylaws (as amended and restated, the “Bylaws”). The amendments, which were effective immediately upon approval, implemented changes to Sections 3, 4 and 6 of Article II of the Bylaws as described below.

1. Without limiting the manner by which notice otherwise may be given to shareholders, the amendments to Article II, Section 3 of the Bylaws provide that effective notice may be given by electronic transmission if the shareholder to whom the notice is given has consented to the form of electronic transmission. The amendments also describe certain procedures and standards for electronic transmissions.
2. As amended, Article II, Section 4 of the Bylaws allows for any regular or special meeting of shareholders to be adjourned, whether or not a quorum is present, by the chairman of the meeting or by the vote of the holders of a majority of shares entitled to vote at the meeting. Under the prior provision, a meeting of shareholders could only be adjourned in the absence of a quorum.
3. The amendments to Article II, Section 6 of the Bylaws expand the types of information required to be given in all notices provided by shareholders bringing business before an annual or special meeting. Shareholder notices are now required to include disclosure of the existence of certain relationships or agreements that manage risk or impact voting authority, such as derivatives transactions and hedging activities. Article II, Section 6 was also amended with respect to shareholder proposals relating to director nominations. Such shareholder notices are now required to include specified information regarding proposed nominees (including certain biographical information and information regarding share holdings).

The foregoing summary is qualified by reference to the Bylaws, which are filed with this Form 8-K as Exhibit 3(ii).
