This Proxy Statement is furnished in connection with the solicitation of proxies on behalf of the Board of Directors of First BanCorp ("the Corporation") for use at the Annual Meeting of Stockholders to be held at the Corporation's main offices located at 1519 Ponce de Leon Avenue, Santurce, Puerto Rico, on April 29, 2003, at 2:00 p.m., and at any adjournment thereof. This Proxy Statement is expected to be mailed to stockholders of record on or about March 28, 2003.

SOLICITATION AND REVOCATION

Proxies in the form enclosed are solicited by and on behalf of the Board of Directors. The persons named in the proxy form have been designated as proxies by the Board of Directors. Shares represented by properly executed proxies received will be voted at the Meeting in accordance with the instructions you specify in the proxy. If you do not give instructions to the contrary, each proxy received will be voted for the matters described below. Any proxy given as a result of this solicitation may be revoked by the stockholder at any time before it is exercised in the following manner: (i) submitting a written notification to the Secretary of First BanCorp, (ii) submitting a duly executed proxy bearing a later date, or (iii) appearing at the Annual Meeting and giving proper notice to the Secretary of his or her intention to vote in person. The proxies that are being solicited may be exercised only at the Annual Meeting of First BanCorp or at any adjournment of the Meeting.

Each proxy solicited hereby gives discretionary authority to the Board of Directors of the Corporation to vote the proxy with respect to (i) the election of any person as director if any nominee is unable to serve, or for good cause will not serve; (ii) matters incident to the conduct of the meeting; (iii) the approval of minutes of the previous Annual Meeting held on April 30, 2002; and (iv) such other matters as may properly come before the Annual Meeting. VOTING SECURITIES

The Board of Directors has fixed the close of business on March 18, 2003, as the record date for the determination of stockholders entitled to receive notice of, and to vote at, the Annual Meeting of Stockholders. At the close of business on the record date there were 39,955,285 shares of the issued and outstanding common stock of the Corporation in circulation, each of which is entitled to one vote at the Annual Meeting.

The presence, either in person or by proxy, of at least a majority of the Corporation's issued and outstanding shares of common stock in circulation is necessary to constitute a quorum. For purposes of determining quorum, abstentions and broker non-votes will be treated as shares that are present and entitled to vote. A broker non-vote results when a broker or nominee has expressly indicated that it does not have discretionary authority to vote on a particular matter. Action with respect to Proposal 1: Election of Directors, and

Edgar Filing: FIRST BANCORP /PR/ - Form DEF 14A

Proposal 2: Ratification of Appointment of Independent Accountants, shall be taken by a majority of the total votes present in person or by proxy and entitled to vote. Therefore, as to such prospect, abstentions and broker non-votes will have the same effect as a vote against the proposals. Each share of common stock is entitled to one vote for the proposals to be considered.

INFORMATION WITH RESPECT TO NOMINEES FOR DIRECTORS OF FIRST BANCORP, DIRECTORS WHOSE TERMS CONTINUE AND EXECUTIVE OFFICERS OF THE CORPORATION

The Bylaws of the Corporation provide that the Board of Directors shall consist of a number of members fixed from time to time by resolution of an absolute majority of the Board of Directors, provided that the number of directors shall always be an odd number and not less than five nor more than fifteen. The Board of Directors shall be divided into three classes as nearly equal in number as possible. The members of each class are to be elected for a term of three years and until their successors are elected and qualified. One class is elected each year on a rotating basis. The members of the Board of Directors of First BanCorp are also the members of the Board of FirstBank Puerto Rico (the "Bank"). The Corporation's retirement policy for the Board of Directors, as originally adopted on August 21, 1999, stated that directors who reach the age of 70 or complete 15 years of service on the Board may continue to serve until the end of the term to which they were elected, but would not be

The information presented below regarding the time of service on the Board of Directors includes terms served on the Board of the Bank.

Unless otherwise directed, each proxy executed and returned by a stockholder will be voted for the election of the nominees listed below. If any nominee should be unable or unwilling to stand for election at the time of the Annual Meeting, the proxies will nominate and vote for the replacement nominee or nominees recommended by the Nominating Committee. REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors is composed of three directors who are not now and have never been employees of the Bank or of the Corporation. All members of the Committee meet the independence and expertise requirements set forth under the rules of the New York Stock Exchange. Mr. Acosta's law firm provides tax-consulting services to the Corporation. During fiscal 2002, Mr. Acosta received \$41,649.42 corresponding to his consulting services. In accordance with the directives of the New York Stock Exchange and based on its business judgment, the Committee determined that the relationship does not interfere with Mr. Acosta's exercise of independent judgment. The Committee operates under a written charter adopted by the Board of Directors, the adequacy of which is reviewed and assessed on an annual basis. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. A copy of the Audit Committee Charter, as approved by the Board of Directors, is attached as Exhibit I to this proxy statement.

The Audit Committee reviews the Corporation's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In this context, the Committee has met and held discussions with management and the independent accountants. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Committee has reviewed and discussed the consolidated financial statements with management and with the independent accountants.

In addition, the Committee discussed with the independent accountants, PricewaterhouseCoopers LLP, their independence from the Corporation, the Bank and management. To the extent necessary, the Committee also reviewed all relationships and services that might bear on the auditors' objectivity as independent accountants. The Committee has received written affirmation from the independent accountants as required by the Independence Standards Board Standard No. 1, Independence Standards with Audit Committees, assuring their

Edgar Filing: FIRST BANCORP /PR/ - Form DEF 14A

independence.

In reliance with the reviews and discussions referred to above, the Committee has recommended to the Board of Directors that the audited financial statements be included in the Corporation's Annual Report on Form 10K for fiscal year 2002 to be submitted to the Securities Exchange Commission. The Committee and the Board of Directors have also recommended, subject to stockholder approval, the reappointment of PricewaterhouseCoopers LLP as the independent accountants for the Corporation for fiscal year 2003.

STOCK OPTION PLAN

The Stock Option Plan is intended to encourage optionees to remain in the employ of the Corporation, the Bank or its subsidiaries and to assist the Board of Directors and Management in its efforts to attract and to recruit qualified officers to serve the Corporation, the Bank or its subsidiaries. The stock subject to such stock options shall be authorized but unissued shares of the Corporation's \$1.00 par value common stock.

The Plan is administered by the Compensation Committee (the "Committee"), whose members are all outside directors appointed by the Board of Directors. All members of the Committee meet the criteria of "disinterested persons" within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934 (the "Act"). The Committee has discretion to select which eligible persons will be granted stock options, the number of shares of common stock that may be subject to such options, whether stock appreciation rights will be granted for such options and, generally, to determine the terms and conditions in accordance with the Plan. The Plan also provides for proportionate adjustments in the event of changes in capitalization resulting from, among other things, merger, consolidation, reorganization, recapitalization, reclassification, and stock dividends or splits. All options must be granted within ten years of the effective dates of the Plan. All options granted expire on the date specified in each individual option agreement, which date will not be later than the tenth anniversary of the date the option was granted. An eligible person may hold more than one option at a time. The purchase price of options granted shall not be less than the fair market value of the Corporation's common stock at the date of the grant.

- (9) Represents the Corporation's pro-rata contribution to the executive's participation in the Defined Contribution Retirement Plan.

9

The Plan may be amended at any time by the Board of Directors, subject to any applicable regulatory limitation or regulatory approval requirement. However, shareholder approval is required if an amendment increases the number of shares of common stock that may be subject to options, materially changes the eligibility criteria, changes the minimum purchase price or increases the maximum term of the options.

The Plan also provides that no person shall be eligible for a stock option grant if at the date of such grant such person beneficially owns more than ten percent (10%) of the outstanding common stock of the Corporation. In addition, pursuant to the change of control provisions contained in Section 12 of the Banking Law of Puerto Rico, as amended (7 L.P.R.A. 39), to the extent that by the exercise of an option a person would acquire the beneficial ownership of five percent (5%) or more of the issued and outstanding common stock of the Corporation, such person must obtain the approval of the Commissioner of Financial Institutions prior to the exercise of such option. Options granted under the Plan are not transferable other than by will or the laws of descent

Edgar Filing: FIRST BANCORP /PR/ - Form DEF 14A

and distribution. During the life of the optionee, the options may be exercised only by such optionee. In the event of the death or disability of an optionee, options may be exercised whether or not exercisable at the time of such death or disability within one year after the date of such death or disability, but not later than the date the option would otherwise have expired.

If the employment of an employee is terminated by retirement in accordance with the Corporation's normal retirement policies or is voluntarily or involuntarily terminated within one year after the date of a change in control, the option may be exercised within three months of such occurrence whether or not the option is exercisable at such time, but not later than the date that the option would otherwise have expired.

Options may be exercised by payment of the fair market price per share established in the Option Agreement, as adjusted for any changes in capitalization, if applicable. Payment may be in cash or at the election of the optionee, common stock of the Corporation having an aggregate fair market value equal to or less than the total option price (i.e. purchase price multiplied by the number of shares bought), plus cash. At the discretion of the Committee, the optionee could be granted stock appreciation rights with respect to an option.

In April 1987, the Stockholders ratified the Corporation's first Stock Option Plan (the "1987 Plan"), which expired on January 21, 1997. As of such expiration date, no new options have been granted under the expired 1987 Plan. On April 19, 1997, the Stockholders ratified a new Stock Option Plan (the "1997 Plan"), for which 2,898,704 shares were set aside. As of December 31, 2002, there were a total of 1,999,250 shares subject to unexercised options granted under the 1997 Plan. Except to the extent limited by the Puerto Rico Internal Revenue Code of 1994, as amended, all outstanding options are now exercisable.

*As permitted by SEC rules, the Black/Scholes pricing model was used to values these stock options. It should be noted that this model is only one method of valuing options and First BanCorp's use of the model is not an endorsement of its accuracy. The actual value of the options may be significantly different, and the value actually realized, if any, will depend upon the excess of the market value of the common stock ever the option exercise price and the time of exercise. Options granted on February 26, 2002 were granted at \$18.69 and options granted on October 29, 2002 were granted at \$25.99. All options were granted at the market price of First BanCorp's common

Edgar Filing: FIRST BANCORP /PR/ - Form DEF 14A

stock on the day of the grant. All options were granted for a term of ten years and, except to the extent limited by law, are exercisable at any time during the term of the option. In calculating the value of such option, the following assumptions were made:

- o Estimated time until exercise of 3.288 years for all options granted during fiscal 2002.
- o The risk free rate, which was obtained from U.S. Federal Government obligations maturing close to the estimated time until exercise of the option is 3.717% for options granted on February 26, 2002 and 2.244% for options granted on October 30, 2002.

10

- o Volatility assumption is the historical price volatility of the Corporation's closing stock price as measured by standard deviation of day-to-day logarithmic price changes. The volatility for the options granted on 02/26/02 is 31.228. The volatility for the options granted on 10/29/02 is 45.60.
- o Based on the above assumptions, the theoretical value of the stock options granted on 2/26/02 is \$3.9312 and \$7.979622 for those granted on 10/29/02. These valuations do not take into account the non-transferability provisions of the Stock Option Plan.

The agreements provide that on each anniversary of the date of commencement of each agreement the term of such agreement shall be automatically extended for an additional one (1) year period beyond the then-effective expiration date, unless either party receives written notice that the agreement shall not be further extended. Notwithstanding such contract, the Board of Directors may terminate the contracting officer at any time; however, unless such termination is for cause, the contracting officer will continue to be entitled to the compensation provided in the contract for the remaining term thereof. "Cause" is defined to include personal dishonesty, incompetence, willful misconduct, breach of fiduciary duty, intentional failure to perform stated duties, willful violation of any law, rule or regulation (other than traffic violations or similar offenses) or final cease and desist order or any material breach of any provision of the Employment Agreement.

Edgar Filing: FIRST BANCORP /PR/ - Form DEF 14A

of years for which such contracting officer's employment agreement was to be effective on the date into which it was entered. The severance payment that each of the contracting officers would have received if his or her agreement had been terminated as of December 31, 2002, pursuant to a change in control was: Angel Alvarez-Perez, \$6,265,000; Annie Astor-Carbonell, \$2,680,000; Luis M. Beauchamp, \$3,090,000; Aurelio Aleman, \$2,470,000; Fernando Batlle, \$2,470,000; Randolpho Rivera, \$2,270,000.

Pursuant to the employment agreements, a "change in control" shall be deemed to have taken place if a third person, including a group as defined in Section 13(d)(3) of the Securities Exchange Act of 1934, becomes the beneficial owner of shares of the Corporation having 25% or more of the total number of votes which may be cast for the election of directors of the Corporation, or which, by cumulative voting, if permitted by the Corporation's Charter or Bylaws, would enable such third person to elect 25% or more of the directors of the Corporation; or if, as a result of, or in connection with, any cash tender or exchange offer, merger or other business combination, sales of assets or contested election, or any combination of the foregoing transactions, the persons who were directors of the Corporation before such transactions shall cease to constitute a majority of the Board of the Corporation or any successor institution.

DEFINED CONTRIBUTION RETIREMENT PLAN

The Corporation has a Defined Contribution Retirement Plan under Section 165(e) of Puerto Rico's Internal Revenue Act¹⁰ which provides participating employees with retirement, death, disability and termination of employment benefits in accordance with their participation. The Plan complies with the "Employee Retirement Income Security Act of 1974 (ERISA)" and the "Retirement Equity Act of 1984 (ERA)." The Corporation's employees are eligible to participate in the Plan after completing one year of service and there is no age requirement. An individual account is maintained for each participant and benefits are paid based solely on the amount of each participant's account.

Participating employees may defer from 1% to 10% of their annual salary, up to a maximum of \$8,000, into the Plan on a pre-tax basis as employee salary savings contributions. Each year the Corporation will make a contribution equal to 25% of each participating employee's salary savings contribution; however, no match is provided for salary savings contributions in excess of 4% of compensation. At the end of the fiscal year, the Corporation may, but is not obligated to make, additional contributions in an amount determined by the Board of Directors; however, the maximum of any additional contribution in any year may not exceed 15% of the total compensation of all eligible employees participating in the Plan and no basic monthly or additional annual matches need be made on years during which the Corporation incurs a loss.

In fiscal 2002, the total contribution to the Plan by the Corporation amounted to \$627,448, which funds were distributed on a pro rata basis among all participating employees. The table below sets forth the total of the Corporation's contribution during fiscal 2002 to the named executives of the Corporation who participate in the Plan.
