(1) Inclusive of net assets attributable to Preferred Shares outstanding.

(2) PAST PERFORMANCE IS NO GUARANTEE OF FUTURE RESULTS. Total return is determined by subtracting the initial investment from the redeemable value at the end of the period and dividing the remainder by the initial investment and expressing the result as a percentage. The calculation assumes that all income dividends and capital gain distributions by the Fund have been reinvested at prices obtained under the Fund's dividend reinvestment plan. Total investment return does not reflect broker commissions or sales charges. Total return for a period of less than one year is not annualized.

An investment in the Fund involves risk, including the loss of principal. Investment return, price, yield and net asset value will fluctuate with changes in market conditions. This data is provided for information only and is not intended for trading purposes. A portion of the income generated by the Fund may be subject to federal, state and local taxes, and may at times be subject to the alternative minimum tax. Closed-end funds, unlike open-end funds, are not continuously offered. There is a one-time public offering and once issued, shares of closed-end funds are sold in the open market through a stock exchange. Net asset value is total assets applicable to common shareholders less total liabilities divided by the number of common shares outstanding. Holdings are subject to change daily.

(3) Market Price Yield is determined by dividing the annualized per share dividend payable to common shareholders by the market price per common share.

PIMCO MUNICIPAL INCOME FUNDS II NOTES TO FINANCIAL STATEMENTS
May 31, 2003

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

PIMCO Municipal Income Fund II ("Municipal II"), PIMCO California Municipal Income Fund II ("California Municipal II") and PIMCO New York Municipal Income Fund II ("New York Municipal II") collectively referred to as the "Funds" or "PIMCO Municipal Income Funds II", were organized as Massachusetts business trusts on March 29, 2002. Prior to commencing operations on June 28, 2002, the Funds had no operations other than matters relating to their organization and registration as closed-end management investment companies registered under the Investment Company Act of 1940 and the rules and regulations thereunder, as amended, and the sale and issuance of 6,981 shares of beneficial interest of each Fund at an aggregate purchase price of \$100,003 per Fund to Allianz Dresdner Asset Management of America L.P., ("ADAM"). PIMCO Advisors Fund Management LLC, (the "Investment Manager"), serves as the Fund's Investment Manager and is an indirect, wholly-owned subsidiary of ADAM. ADAM is an indirect, majority-owned subsidiary of Allianz AG. The Funds have an unlimited amount of \$0.00001 par value common stock authorized.

Municipal II invests substantially all of its assets in a portfolio of municipal

Edgar Filing: PIMCO MUNICIPAL INCOME FUND II - Form N-CSR

bonds, the interest from which is exempt from federal income taxes. California Municipal II invests substantially all of its assets in municipal bonds which pay interest that is exempt from federal and California income taxes. New York Municipal II invests substantially all of its assets in municipal bonds which pay interest that is exempt from federal, New York State and New York City income taxes. The Funds will seek to avoid bonds generating interest income which could potentially subject individuals to alternative minimum tax. The issuers' abilities to meet their obligations may be affected by economic and political developments in a specific state or region.

Municipal II, California Municipal II and New York Municipal II issued 50,500,000, 26,000,000 and 9,000,000 shares of common stock, respectively, in their initial public offerings. An additional 7,001,148, 3,900,000 and 1,294,833 shares of Municipal II, California Municipal II and New York Municipal II, respectively, were issued in connection with the exercises of the underwriters' over-allotment option on July 15, 2002 and August 6, 2002. These shares were all issued at \$15.00 per share before an underwriting discount of \$0.675 per share. The Investment Manager has agreed to reimburse the amount by which the aggregate of each Fund's organizational and offering cost (other than sales load) exceeds \$0.03 per share. Offering costs of \$1,174,197, \$682,616 and \$308,845 (representing \$0.02 per share for Municipal II and California Municipal II and \$0.03 per share for New York Municipal II), were offset against the proceeds of the offerings and have been charged to paid-in capital in excess of par.

In addition, the underwriters discount and offering costs associated with the Funds' issuance of Preferred Shares in the amounts of \$5,050,000 and \$366,317, \$2,600,000 and \$269,348 and \$900,000 and \$149,609, for Municipal II, California Municipal II and New York Municipal II, respectively, have been charged to paid-in capital in excess of par.

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. In the normal course of business the Funds enter into contracts that contain a variety of representations which provide general indemnifications. The Funds' maximum exposure under these arrangements is unknown as this would involve future claims that may be made against the Funds that have not yet occurred. However, the Funds expect the risk of any loss to be remote.

The following is a summary of significant accounting policies consistently followed by the Funds:

(a) VALUATION OF INVESTMENTS

Portfolio securities and other assets for which market quotations are readily available are valued each day at market value. Market value is generally determined on the basis of the last reported sales price, or if no sales are reported, based on quotes obtained from a quotation reporting system, established market makers, or independent pricing services approved by the Board of Trustees. Any security or other asset for which market quotations are not readily available is valued at fair value as determined in good faith under procedures established by the Board of Trustees.

(b) FEDERAL INCOME TAXES

The Funds intend to distribute all of their taxable income and to comply with the other requirements of the U.S. Internal Revenue Code of 1986, as amended, applicable to regulated investment companies. Accordingly, no provision for U.S. federal income taxes is required. In addition, by distributing substantially all of their taxable ordinary income and long-term capital gains, if any, during

Edgar Filing: PIMCO MUNICIPAL INCOME FUND II - Form N-CSR

each calendar year, the Funds intend not to be subject to U.S. federal excise tax.

PIMCO MUNICIPAL INCOME FUNDS II NOTES TO FINANCIAL STATEMENTS
May 31, 2003

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

(c) INVESTMENT TRANSACTIONS AND INVESTMENT INCOME

Investment transactions are accounted for on the trade date. Realized gains and losses on investments are determined on the identified cost basis. Interest income is recorded on an accrual basis. Original issue discounts or premiums on debt securities purchased are accreted or amortized daily to non-taxable interest income. Market discount, if any, is accreted daily to taxable income.

(d) DIVIDENDS AND DISTRIBUTIONS--COMMON STOCK

The Funds declare dividends from net investment income monthly to common shareholders. Distributions of net realized capital gains, if any, are paid at least annually. Each Fund records dividends and distributions to its shareholders on the ex-dividend date. The amount of dividends and distributions from net investment income and net realized capital gains are determined in accordance with federal income tax regulations, which may differ from generally accepted accounting principles. These "book-tax" differences are either considered temporary or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their federal income tax treatment; temporary differences do not require reclassification. To the extent dividends and/or distributions exceed current and accumulated earnings and profits for federal income tax purposes they are reported as dividends and/or distributions of paid-in capital in excess of par.

(e) CUSTODY CREDITS EARNED ON CASH BALANCES

The Funds benefit from an expense offset arrangement with their custodian bank whereby uninvested cash balances earn credits which reduce monthly custodian expenses. Had these cash balances been invested in income producing securities, they would have generated income for the Funds.

(f) FUTURES CONTRACTS

A futures contract is an agreement between two parties to buy and sell a financial instrument at a set price on a future date. Upon entering into such a contract, the Funds are required to pledge to the broker an amount of cash or securities equal to the minimum "initial margin" requirements of the exchange. Pursuant to the contracts, the Funds agree to receive from or pay to the broker an amount of cash equal to the daily fluctuation in the value of the contracts. Such receipts or payments are known as "variation margin" and are recorded by the Funds as unrealized appreciation or depreciation. When the contracts are closed, the Funds record a realized gain or loss equal to the difference between the value of the contracts at the time they were opened and the value at the time they were closed. Any unrealized appreciation or depreciation recorded is simultaneously reversed. The use of futures transactions involves the risk of an

Edgar Filing: PIMCO MUNICIPAL INCOME FUND II - Form N-CSR

imperfect correlation in the movements in the price of futures contracts, interest rates and the underlying hedged assets, and the possible inability of counterparties to meet the terms of their contracts.

Futures contracts outstanding at May 31, 2003 were as follows:

Fund	Type	# of Contracts	Expiration Date	Unrealized Appreciati (Depreciati
Municipal II	Short: U.S. Treasury 30 Year Bond	1,622	6/19/03	\$ (10,180,77

1. ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES (CONCLUDED)

(g) OPTION TRANSACTIONS

For hedging purposes, the Funds may purchase and write (sell) put and call options on Municipal Bonds, U.S. government securities, swap agreements, indexes or futures contracts which are standardized and traded on a U.S. or other exchange, boards of trade, or similar entity, or quoted on an automated quotation system. The risk associated with purchasing an option is that the Funds pay a premium whether or not the option is exercised. Additionally, the Funds bear the risk of loss of premium and change in market value should the counterparty not perform under the contract. Put and call options purchased are accounted for in the same manner as portfolio securities.

The cost of securities acquired through the exercise of call options is increased by the premiums paid. The proceeds from the securities sold through the exercise of put options is decreased by the premiums paid.

When an option is written, the premium received is recorded as an asset with an equal liability which is subsequently adjusted to the current market value of the option written. Premiums received from writing options which expire

Edgar Filing: PIMCO MUNICIPAL INCOME FUND II - Form N-CSR

unexercised are recorded on the expiration date as a realized gain. The difference between the premium received and the amount paid on effecting a closing purchase transaction, including brokerage commissions, is also treated as a realized gain, or if the premium is less than the amount paid for the closing purchase transactions, as a realized loss. If a call option is exercised, the premium is added to the proceeds from the sale of the underlying security in determining whether there has been a realized gain or loss. If a put option is exercised, the premium reduces the cost basis of the security. In writing an option, the Funds bear the market risk of an unfavorable change in the price of the security underlying the written option. Exercise of an option written could result in the Funds purchasing a security at a price different from the current market price.

Transactions in options written for the period ended May 31, 2003 were:

2. INVESTMENT MANAGER AND SUB-ADVISER

Each Fund has entered into an Investment Management Agreement (the "Agreements") with the Investment Manager to serve as Investment Manager to each Fund. Subject to the supervision by each Fund's Board of Trustees, the Investment Manager is responsible for managing, either directly or through others selected by it, the investment activities of the Fund and the Fund's business affairs and other administrative matters. Pursuant to the Agreements, the Investment Manager will receive an annual fee, payable monthly, at the annual rate of 0.65% of each Fund's average daily net assets (including net assets attributable to any preferred shares that may be outstanding). In order to reduce Fund expenses, the Investment Manager has contractually agreed to reimburse each Fund for fees and expenses at the annual rate of 0.15% of the Fund's average daily net assets (including net assets attributable to any preferred shares that may be outstanding) from the commencement of operations through June 30, 2007, and for a declining amount thereafter through June 30, 2009.

The Investment Manager has retained its affiliate, Pacific Investment Management Company LLC (the "Sub-Adviser") to manage each Fund's investments. Subject to

Edgar Filing: PIMCO MUNICIPAL INCOME FUND II - Form N-CSR

the supervision of the Investment Manager, the Sub-Adviser makes all investment decisions with respect to each Fund's assets. The Investment Manager (not the Funds) pays a portion of the fees it receives to the Sub-Adviser in return for its services, at the maximum annual rate of 0.50% of each Fund's average daily net assets

PIMCO MUNICIPAL INCOME FUNDS II REPORT OF INDEPENDENT AUDITORS

To the Shareholders and Board of Trustees of
PIMCO Municipal Income Fund II, PIMCO California Municipal Income Fund II and
PIMCO New York Municipal Income Fund II

In our opinion, the accompanying statements of assets and liabilities, including the schedules of investments, and the related statements of operations and of changes in net assets applicable to common shareholders and the financial highlights present fairly, in all material respects, the financial position of PIMCO Municipal Income Fund II, PIMCO California Municipal Income Fund II and PIMCO New York Municipal Income Fund II (collectively hereafter referred to as the "Funds") at May 31, 2003, and the results of each of their operations, the changes in each of their net assets applicable to common shareholders and the financial highlights for the period June 28, 2002 (commencement of operations) through May 31, 2003, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Funds' management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these financial statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis,

evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit, which included confirmation of securities at May 31, 2003 by correspondence with the custodian and broker, provides a reasonable basis for our opinion.

PIMCO MUNICIPAL INCOME FUNDS II TAX INFORMATION (UNAUDITED)

Subchapter M of the Internal Revenue Code of 1986, as amended, required the Funds to advise shareholders within 60 days of the Funds' tax year end (May 31, 2003) as to the federal tax status of dividends and distributions received by shareholders during such tax year. Accordingly, please note that substantially all dividends paid from net investment income from the Funds during the tax period ended May 31, 2003 were federally exempt interest dividends. However, these Funds invested in municipal bonds containing market discount, whose accretion is taxable. Accordingly, the percentage of dividends paid from net investment income during the tax year which are taxable were:

Municipal II	8.20%
California Municipal II	1.53%
New York Municipal II	0.39%

Municipal II distributed \$3,249,147 of long-term capital gains. California Municipal II and New York Municipal II did not distribute long-term capital gains.

Since the Funds' fiscal year is not the calendar year, another notification will be sent with respect to calendar year 2003. In January 2004, you will be advised on IRS Form 1099 DIV as to the federal tax status of the dividends and distributions received during the calendar year 2003. The amount that will be reported, will be the amount to use on your 2003 federal income tax return and may differ from the amount which must be reported in connection with each Fund's tax year ended May 31, 2003. Shareholders are advised to consult with their tax advisors as to the federal, state and local tax status of the income received from the Funds. In January 2004, an allocation of interest by state will be provided which may be of value in reducing a shareholder's state or local tax liability, if any.

PIMCO MUNICIPAL INCOME FUNDS II DIVIDEND REINVESTMENT PLAN (UNAUDITED)

Pursuant to the Funds' Dividend Reinvestment Plan (the "Plan"), all Common Shareholders whose shares are registered in their own names will have all dividends, including any capital gain dividends, reinvested automatically in additional Common Shares by PFPC Inc., as agent for the Common Shareholders (the "Plan Agent"), unless the shareholder elects to receive cash. An election to receive cash may be revoked or reinstated at the option of the shareholder. In the case of record shareholders such as banks, brokers or other nominees that hold Common Shares for others who are the beneficial owners, the Plan Agent will administer the Plan on the basis of the number of Common Shares certified from time to time by the record shareholder as representing the total amount registered in such shareholder's name and held for the account of beneficial owners who are to participate in the Plan. Shareholders whose shares are held in the name of a bank, broker or nominee should contact the bank, whose broker or nominee elects not to participate on the investor's behalf), will be paid in cash by check mailed, in the case of direct shareholder, to the record holder by PFPC Inc., as the Funds' dividend disbursement agent.

Unless you (or your broker or nominee) elects not to participate in the Plan, the number of Common Shares you will receive will be determined as follows:

- (1) If Common Shares are trading at or above net asset value on the payment date, the Funds will issue new shares at the greater of (i) the net asset value per Common Share on the payment date or (ii) 95% of the market price per Common Share on the payment date; or
- (2) If Common Shares are trading below net asset value (minus estimated brokerage commissions that would be incurred upon the purchase of Common Shares on the open market) on the payment date, the Plan Agent will receive the dividend or distribution in cash and will purchase Common Shares in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts. It is possible that the market price for the Common Shares may increase before the Plan Agent has completed its purchases. Therefore, the average purchase price per share paid by the Plan Agent may exceed the market price on the payment date, resulting in the purchase of fewer shares than if the dividend or distribution had been paid in Common Shares issued by the Funds. The Plan Agent will use all dividends and distributions received in cash to purchase Common Shares in the open market on or shortly after the payment date, but in no event later than the ex-dividend date for the next distribution. Interest will not be paid on any uninvested cash payments.

You may withdraw from the Plan at any time by giving notice to the Plan Agent. If you withdraw or the Plan is terminated, you will receive a certificate for each whole share in your account under the Plan and you will receive a cash payment for any fraction of a share in your account. If you wish, the Plan Agent will sell your shares and send you the proceeds, minus brokerage commissions.

The Plan Agent maintains all shareholders' accounts in the Plan and gives

Edgar Filing: PIMCO MUNICIPAL INCOME FUND II - Form N-CSR

written confirmation of all transactions in the accounts, including information you may need for tax records. The Plan Agent will also furnish each person who buys Common Shares with written instructions detailing the procedures for electing not to participate in the Plan and to instead receive distributions in cash. Common Shares in your account will be held by the Plan Agent in non-certificated form. Any proxy you receive will include all Common Shares you have received under the Plan.

There is no brokerage charge for reinvestment of your dividends or distributions in Common Shares. However, all participants will pay a pro rata share of brokerage commissions incurred by the Plan Agent when it makes open market purchases.

Automatically reinvested dividends and distributions are taxed in the same manner as cash dividends and distributions.

The Funds and the Plan Agent reserve the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan; however, the Funds reserve the right to amend the Plan to include a service charge payable by the participants. Additional information about the Plan may be obtained from PFPC Inc., 400 Belleview Parkway, Wilmington, DE 19809, telephone number 1-800-331-1710.

OTHER INFORMATION:

Since June 28, 2002, there has been no: (i) material changes in the Funds' investment objectives or policies; (ii) changes to the Funds' charter or by-laws; (iii) material changes in the principal risk factors associated with investment in the Funds; or (iv) change in the person primarily responsible for the day-to-day management of each Fund's portfolio.
