### Privacy Principles of the Trusts

The Trusts are committed to maintaining the privacy of shareholders and to safeguarding their non-public personal information. The following information is provided to help you understand what personal information the Trusts collect, how we protect that information and why, in certain cases, we may share information with select other parties.

Generally, the Trusts do not receive any non-public personal information relating to their shareholders, although certain non-public personal information of shareholders may become available to the Trusts. The Trusts do not disclose any non-public personal information about their shareholders or former shareholders to anyone, except as permitted by law or as is necessary in order to service shareholder accounts (for example, to a transfer agent or third party administrator).

The Trusts restrict access to non-public personal information about their shareholders to BlackRock employees with a legitimate business need for the information. The Trusts maintain physical, electronic and procedural safeguards designed to protect the non-public personal information of their shareholders.

**LETTER TO SHAREHOLDERS**

February 28, 2006

Dear Shareholder:

We are pleased to report that during the semi-annual period, the Trusts provided monthly income, as well as the opportunity to invest in various portfolios of municipal securities. This report contains the Trusts' unaudited financial statements and a listing of the portfolios' holdings.

The portfolio management team continuously monitors the municipal bond market and adjusts the portfolios in order to gain exposure to various issuers, revenue sources and security types. This strategy enables the Trusts to move among different sectors, credits and coupons to capitalize on changing market conditions.

The following table shows the Trusts' current yields, tax-equivalent yields, closing market prices per share and net asset values (NAV) per share as of February 28, 2006.

1Using the higher of S&P's, Moody's or Fitch's rating.

2Date (month/year) and price of the earliest optional call or redemption. There may be other call provisions at varying prices at later dates.

3This bond is prerefunded. U.S. government securities, held in escrow, are used to pay interest on this security, as well as retire the bond in full at the date indicated, typically at a premium to par.

4Security, or a portion thereof, pledged as collateral with a value of \$2,531,408 on 472 short U.S. Treasury Note futures contracts expiring June 2006 and 632 short U.S. Treasury Bond futures contracts expiring June 2006. The value of such contracts on February 28, 2006 was \$122,407,000, with an unrealized loss of \$420,171.

5For purposes of amortized cost valuation, the maturity date of this instrument is considered to be the earlier of the next date on which the security can be redeemed at par, or the next date on which the rate of interest is adjusted. Rate shown is rate as of February 28, 2006.

6Cost for Federal income tax purposes is \$595,581,575. The net unrealized appreciation on a tax basis is \$35,468,691, consisting of \$35,512,155 gross unrealized appreciation and \$43,464 gross unrealized depreciation.

The value (market value plus accrued interest) of securities that are covered by insurance, which ensures the payment of principal and interest, represent approximately 83.2% of the Trust's managed assets. The Trust had the following insurance concentrations:

## NOTES TO FINANCIAL STATEMENTS (unaudited)

---

### Note 1. Organization & Accounting Policies

BlackRock Insured Municipal Income Trust (□Insured Municipal□), BlackRock California Insured Municipal Income Trust (□California Insured□), BlackRock Florida Insured Municipal Income Trust (□Florida Insured□), BlackRock New York Insured Municipal Income Trust (□New York Insured□) (collectively, the □Insured Trusts□), BlackRock Municipal Bond Trust (□Municipal Bond□), BlackRock California Municipal Bond Trust (□California Bond□), BlackRock Florida Municipal Bond Trust (□Florida Bond□), BlackRock Maryland Municipal Bond Trust (□Maryland Bond□), BlackRock New Jersey Municipal Bond Trust (□New Jersey Bond□), BlackRock New York Municipal Bond Trust (□New York Bond□), BlackRock Virginia Municipal Bond Trust (□Virginia Bond□) (collectively, the □Bond Trusts□), BlackRock Municipal Income Trust II (□Municipal Income II□), BlackRock California Municipal Income Trust II (□California Income II□) and BlackRock New York Municipal Income Trust II (□New York Income II□) (collectively, the □Income II Trusts□) (all, collectively, the □Trusts□) are organized as Delaware statutory trusts. Insured Municipal, Municipal Bond and Municipal Income II are registered as diversified closed-end management investment companies under the Investment Company Act of 1940 (the □1940 Act□), as amended. California Insured, California Bond, California Income II, Florida Insured, Florida Bond, Maryland Bond, New Jersey Bond, New York Insured, New York Bond, New York Income II and Virginia Bond are registered as non-diversified closed-end management investment companies under the 1940 Act.

The following is a summary of significant accounting policies followed by the Trusts.

**Investments Valuation:** Municipal investments (including commitments to purchase such investments on a □when-issued□ basis) are valued on the basis of prices provided by dealers or pricing services selected under the supervision of each Trust□s Board of Trustees or Board of Directors, as the case may be (each, a □Board□). In determining the value of a particular investment, pricing services may use certain information with respect to transactions in such investments, quotations from bond dealers, market transactions in comparable investments and various relationships between investments. A futures contract is valued at the last sale price as of the close of the commodities exchange on which it trades. Short-term securities may be valued at amortized cost. Investments in open-end investment companies are valued at net asset value. Any investments or other assets for which such current market quotations are not readily available are valued at fair value (□Fair Value Assets□) as determined in good faith under procedures established by, and under the general supervision and responsibility of, each Trust□s Board. The investment advisor and/or sub-advisor will submit its recommendations regarding the valuation and/or valuation methodologies for Fair Value Assets to a valuation committee. The valuation committee may accept, modify or reject any recommendations. The pricing of all Fair Value Assets shall be subsequently reported to the Board.

When determining the price for a Fair Value Asset, the investment advisor and/or sub-advisor shall seek to determine the price that the Trust might reasonably expect to receive from the current sale of that asset in an arm□s-length transaction. Fair value determinations shall be based upon all available factors that the investment advisor and/or sub-advisor deems relevant.

**Investment Transactions and Investment Income:** Investment transactions are recorded on trade date. The cost of investments sold and the related gain or loss is determined by use of the specific identification method, generally first-in, first-out, for both financial reporting and Federal income tax purposes. Each Trust also records interest income on an accrual basis and amortizes premium and/or accretes discount on securities purchased using the interest method.

**Financial Futures Contracts:** A futures contract is an agreement between two parties to buy and sell a financial instrument for a set price on a future date. Initial margin deposits are made upon entering into futures contracts and can be either cash or securities. During the period the futures contract is open, changes in the value of the contract are recognized as unrealized gains or losses by □marking-to-market□ on a daily basis to reflect the market value of the contract at the end of each day□s trading. Variation margin payments are made or received, depending upon whether unrealized gains or losses are incurred. When the contract is closed, the Trust records a realized gain or loss equal to the difference between the proceeds from (or cost of) the closing transaction and the Trust□s basis in the contract.

Financial futures contracts, when used by the Trusts, help in maintaining a targeted duration. Futures contracts can be sold to effectively shorten an otherwise longer duration portfolio. In the same sense, futures contracts can be purchased to lengthen a portfolio that is shorter than its duration target. Thus, by buying or selling futures contracts, the Trusts may attempt to manage the duration of positions so that changes in interest rates do not change the duration of the portfolio unexpectedly.

**Segregation:** In cases in which the 1940 Act, as amended, and the interpretive positions of the Securities and Exchange Commission (the "Commission") require that each Trust segregate assets in connection with certain investments (e.g., when-issued securities, reverse repurchase agreements or futures contracts), each Trust will, consistent with certain interpretive letters issued by the Commission, designate on its books and records cash or other liquid securities having a market value at least equal to the amount that would otherwise be required to be physically segregated.

**Federal Income Taxes:** It is each Trust's intention to continue to be treated as a regulated investment company under the Internal Revenue Code and to distribute sufficient net income and net realized capital gains, if any, to shareholders. For this reason no Federal income tax or excise tax provisions are required.

**Dividends and Distributions:** Each Trust declares and pays dividends and distributions to common shareholders monthly from net investment income, net realized short-term capital gains and other sources, if necessary. Net long-term capital gains, if any, in excess of loss carryforwards may be distributed in accordance with the 1940 Act. Dividends and distributions are recorded on the ex-dividend date. Income distributions and capital gain distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America. Dividends and distributions to preferred shareholders are accrued and determined as described in Note 5.

**Estimates:** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

**Deferred Compensation and BlackRock Closed-End Share Equivalent Investment Plan:** Under the deferred compensation plan approved by each Trust's Board, non-interested Trustees/Directors ("Trustees") are required to defer a portion of their annual complex-wide compensation. Deferred amounts earn an approximate return as though equivalent dollar amounts had been invested in common shares of other BlackRock closed-end trusts selected by the Trustees. These amounts are shown on the Statement of Assets and Liabilities as "Investments in Affiliates." This has the same economic effect for the Trustees as if the Trustees had invested the deferred amounts in such Trusts.

The deferred compensation plan is not funded and obligations thereunder represent general unsecured claims against the general assets of the Trust. Each Trust may, however, elect to invest in common shares of those Trusts selected by the Trustees in order to match its deferred compensation obligations.

## Note 2. Agreements

Each Trust has an Investment Management Agreement with BlackRock Advisors, Inc. (the "Advisor"), a wholly owned subsidiary of BlackRock, Inc. BlackRock Financial Management, Inc., a wholly owned subsidiary of BlackRock, Inc., serves as sub-advisor to each Trust. BlackRock, Inc. is an indirect majority owned subsidiary of The PNC Financial Services Group, Inc. The investment management agreement covers both investment advisory and administration services.

Each Trust's investment advisory fee paid to the Advisor is computed weekly, accrued daily and payable monthly based on an annual rate, 0.55% for the Insured Trusts and Income II Trusts and 0.65% for the Bond Trusts, of each Trust's average weekly managed assets. "Managed assets" means the total assets of a Trust (including any assets attributable to any preferred shares that may be outstanding) minus the sum of accrued liabilities (other than debt representing financial leverage). The Advisor has voluntarily agreed to waive a portion of the investment advisory fee or other expenses of each Trust. With respect to the Insured Trusts the waiver, as a percentage of managed assets, is as follows: 0.20% for the first 5 years of each Trust's operations, 0.15% in year 6, 0.10% in year 7, and 0.05% in year 8. With respect to the Bond Trusts the waiver, as a percentage of managed assets, is as follows: 0.30% for the first 5 years of each Trust's operations, 0.25% in year 6, 0.20% in year 7, 0.15% in year 8, 0.10% in year 9 and 0.05% in year 10. With respect to the Income II Trusts the waiver, as a percentage of managed assets, is as follows: 0.15% for the first 5 years of each Trust's operations, 0.10% in year 6 through year 7, 0.05% in year 8 through year 10.

Pursuant to the agreements, the Advisor provides continuous supervision of the investment portfolio and pays the compensation of officers of each Trust who are affiliated persons of the Advisor, as well as occupancy and certain clerical and accounting costs of each Trust. Each Trust bears all other costs and expenses, which includes reimbursements to the Advisor for cost of employees that provide pricing, secondary market support, and compliance services to each Trust. For the six months ended February 28, 2006, the Trusts reimbursed the Advisor the following amounts, which are included in miscellaneous expenses in the Statement of Operations:

<u>Trust</u>	<u>Amount</u>	<u>Trust</u>	<u>Amount</u>
Insured Municipal	\$12,109	Florida Bond	\$1,539
Municipal Bond	4,778	Maryland Bond	970

California Bond	1,539	New York Bond	992
California Income II	3,530	New York Income II	2,259
Florida Insured	4,051	Virginia Bond	738

Pursuant to the terms of each Trust's custody agreement, each Trust received earnings credits from its custodian for positive cash balances maintained, which are used to offset custody fees.

### Note 3. Portfolio Securities

Purchases and sales of investment securities, other than short-term investments inclusive of money market fund shares and U.S. government securities, for the six months ended February 28, 2006, were as follows:

Accordingly, no capital gain distributions are expected to be paid to shareholders of a Trust until that Trust has net realized capital gains in excess of its capital loss carryforward amounts.

**Note 5. Capital**

There are an unlimited number of \$0.001 par value common shares of beneficial interest authorized for each Trust. Each Trust may classify or reclassify any unissued common shares into one or more series of Auction Market Preferred Shares (□preferred shares□). At February 28, 2006, there were no shares owned by affiliates of the Advisor and the shares outstanding of each Trust were as follows:

<b>Trust</b>	<b>Common Shares Outstanding</b>	<b>Trust</b>	<b>Common Shares Outstanding</b>

A Trust may not declare dividends or make other distributions on common shares or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding preferred shares would be less than 200%.

The preferred shares are redeemable at the option of each Trust, in whole or in part, on any dividend payment date at \$25,000 per share plus any accumulated unpaid dividends whether or not declared. The preferred shares are also subject to mandatory redemption at \$25,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of a Trust, as set forth in each Trust's Declaration of Trust, are not satisfied.

## Edgar Filing: BLACKROCK VIRGINIA MUNICIPAL BOND TRUST - Form N-CSRS

The holders of preferred shares have voting rights equal to the holders of common shares (one vote per share) and will vote together with holders of common shares as a single class. However, holders of preferred shares, voting as a separate class, are also entitled to elect two Trustees for each Trust. In addition, the 1940 Act requires that along with approval by shareholders that might otherwise be required, the approval of the holders of a majority of any outstanding preferred shares, voting separately as a class would be required to (a) adopt any plan of reorganization that would adversely affect the preferred shares, (b) change a Trust's subclassification as a closed-end investment company or change its fundamental investment restrictions and (c) change its business so as to cease to be an investment company.

### Note 6. Dividends

Subsequent to February 28, 2006, the Board of each Trust declared dividends from undistributed earnings per common share payable April 3, 2006, to shareholders of record on March 5, 2006. The per share common dividends declared were as follows:

Trust	Common Dividend Per Share	Trust	Common Dividend Per Share
Insured Municipal	\$0.061000	Florida Bond	\$0.077808
Municipal Bond	0.086375	Maryland Bond	0.071350

### Note 7. Concentration Risk

## Edgar Filing: BLACKROCK VIRGINIA MUNICIPAL BOND TRUST - Form N-CSRS

The Trusts concentrate their investments in securities issued by state agencies, other governmental entities and U.S. Territories. The Trusts are more susceptible to adverse financial, social, environmental, economic, regulatory and political factors that may affect these states, which could seriously affect the ability of these states and their municipal subdivisions to meet continuing obligations for principle and interest payments, than if the Trusts were not concentrated in securities issued by state agencies, other governmental entities and U.S. Territories.

Many municipalities insure repayment for their obligations. Although bond insurance reduces the risk of loss due to default by an issuer, such bonds remain subject to the risk that market value may fluctuate for other reasons and there is no assurance that the insurance company will meet its obligations. These securities have been identified in the Portfolios of Investments.

## **DIVIDEND REINVESTMENT PLANS**

---

Pursuant to each Trust's Dividend Reinvestment Plan (the "Plan"), common shareholders are automatically enrolled to have all distributions of dividends and capital gains reinvested by Computershare Trust Company, N.A. (the "Plan Agent") in the respective Trust's shares pursuant to the Plan. Shareholders who do not to participate in the Plan will receive all distributions in cash paid by check and mailed directly to the shareholders of record (or if the shares are held in street or other nominee name, then to the nominee) by the Plan Agent, which serves as agent for the shareholders in administering the Plan.

After a Trust declares a dividend or determines to make a capital gain distribution, the Plan Agent will acquire shares for the participants' accounts, depending upon the circumstances described below, either (i) through receipt of unissued but authorized shares from the Trust ("newly issued shares") or (ii) by purchase of outstanding shares on the open market, on the Trust's primary exchange or elsewhere ("open-market purchases"). If, on the dividend payment date, the net asset value per share ("NAV") is equal to or less than the market price per share plus estimated brokerage commissions (such condition being referred to herein as "market premium"), the Plan Agent will invest the dividend amount in newly issued shares on behalf of the participants. The number of newly issued shares to be credited to each participant's account will be determined by dividing the dollar amount of the dividend by the NAV on the date the shares are issued. However, if the NAV is less than 95% of the market price on the payment date, the dollar amount of the dividend will be divided by 95% of the market price on the payment date. If, on the dividend payment date, the NAV is greater than the market value per share plus estimated brokerage commissions (such condition being referred to herein as "market discount"), the Plan Agent will invest the dividend amount in shares acquired on behalf of the participants in open-market purchases.

Participation in the Plan is completely voluntary and may be terminated or resumed at any time without penalty by notice if received and processed by the Plan Administrator prior to the dividend record date; otherwise such termination or resumption will be effective with respect to any subsequently declared dividend or other distribution.

The Plan Agent's fees for the handling of the reinvestment of dividends and distributions will be paid by each Trust. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions. The automatic reinvestment of dividends and distributions will not relieve participants of any Federal income tax that may be payable on such dividends or distributions.

Each Trust reserves the right to amend or terminate the Plan. There is no direct service charge to participants in the Plan; however, each Trust reserves the right to amend the Plan to include a service charge payable by the participants. Participants that request a sale of shares through the Plan Agent are subject to a \$2.50 sales fee and a \$0.15 per share sold brokerage commission. All correspondence concerning the Plan should be directed to the Plan Agent, c/o Computershare Investor Services at 250 Royall Street, Canton, MA 02021, or by calling (800) 699-1BFM.

## **ADDITIONAL INFORMATION**

---

BlackRock, Inc. and Merrill Lynch & Co., Inc. ("Merrill Lynch") announced on February 15, 2006 that they had reached an agreement to merge Merrill Lynch's investment management business, Merrill Lynch Investment Managers, with BlackRock, Inc. to create a new independent company. Merrill Lynch will have a 49.8% economic interest and a 45% voting interest in the combined company and The PNC Financial Services Group, Inc. ("PNC"), which currently holds a majority interest in BlackRock, Inc., will have approximately a 34% economic and voting interest. The new company will operate under the BlackRock name and be governed by a board of directors with a majority of independent members. Each of Merrill Lynch and PNC has agreed that it will vote all of its shares on all matters in accordance with the recommendation of BlackRock's board in order to assure its independence. Completion of the transaction is subject to various regulatory approvals, client consents, approval by BlackRock, Inc. shareholders and customary conditions. In the event it is determined that the transaction would constitute an assignment of the investment management agreement between the Trusts and BlackRock Advisors, Inc. and the sub-investment advisory agreement by and among the Trusts, BlackRock Advisors, Inc. and BlackRock Financial Management, Inc., the agreements would automatically terminate upon closing of the merger and new agreements would need to be approved by the board of trustees and shareholders of the Trusts. BlackRock, Inc. believes, and is discussing its views with the staff of the Securities and Exchange Commission, that completion of the transaction should not cause an assignment of these agreements.
