PICO HOLDINGS, INC.

7979 Ivanhoe Avenue, Suite 300

La Jolla, California 92037

Dear Shareholder:

A shareholder of PICO Holdings, Inc., a California corporation (the “*Company*” or “*PICO*”), Leder Holdings, LLC, a Delaware limited liability company, and other affiliated entities controlled by Sean M. Leder (collectively, “*Leder*”), has delivered consents to PICO that Leder contends represents the percentage of holders of PICO’s issued and outstanding shares sufficient to require us to call a special meeting of shareholders (the “*Special Meeting*”) and, accordingly, has requested that the Special Meeting be held at [•], local time, on May 10, 2016, at [•]. Details regarding admission to the meeting and the business to be conducted are more fully described in the accompanying Notice of Special Meeting and Proxy Statement. This Proxy Statement and accompanying **WHITE** proxy card are first being mailed to shareholders on or about [•], 2016.

Leder has filed a proxy statement with the U.S. Securities and Exchange Commission seeking your vote on proposals to (1) amend the Company’s Bylaws to allow shareholders to elect directors at a special meeting without Board authorization (2) if Proposal 1 prevails, to remove Carlos C. Campbell, John R. Hart, Michael J. Machado and Kenneth J. Slepicka from your Board despite such directors having been duly elected by our shareholders at our last annual meeting of shareholders on July 9, 2015, and (3) if Proposal 1 prevails and some or all of the directors proposed to be removed are removed pursuant to Proposal 2, to elect directors to fill the vacancies on the Board created by the removal of directors under Proposal 2 (referred to herein and in the accompanying Proxy Statement as the “Leder nominees”). These proposals are referred to herein and in the accompanying Proxy Statement as the “*Leder Proposals*.”

We strongly urge you to reject Leder’s efforts to replace the current, duly elected members of your Board, all of whom have substantial relevant experience. We believe strongly that Leder’s nominees lack relevant experience and, though anyone ultimately elected as a member to your Board has a fiduciary duty to PICO’s shareholders, in our view, Leder’s nominees were selected by Leder solely to further Leder’s own interests. We also believe that your current directors are significantly more qualified and able than Leder’s nominees to manage PICO’s affairs and to implement PICO’s current strategy of returning capital back to shareholders, and, in doing so, act in the best interests of PICO shareholders.

Accordingly, your Board unanimously recommends that you vote AGAINST Leder's Proposals on the enclosed WHITE proxy card TODAY.

Your vote is important. Whether or not you plan to attend the Special Meeting, we hope you will submit your WHITE proxy card as soon as possible. You may submit a proxy over the internet, by telephone or by signing, dating and returning the enclosed WHITE proxy card in the envelope provided. Information about each of these proxy submission methods is set forth in the accompanying Notice of Special Meeting and Proxy Statement.

We urge you NOT to sign or return any gold proxy cards sent to you by Leder. If you have previously signed a gold proxy card from Leder, you can revoke that earlier proxy and vote by proxy against Leder's Proposals by signing, dating and returning the enclosed WHITE proxy card in the postage-paid envelope

provided, by voting by proxy over the internet using the internet address on the **WHITE** proxy card or by voting by proxy by telephone using the toll-free number on the **WHITE** proxy card.

Regardless of the number of shares of common stock of the Company that you own, your vote is important. Thank you for your consideration.

Sincerely yours,

/s/ Raymond V.

A shareholder of PICO Holdings, Inc., a California corporation (the “*Company*” or “*PICO*”), Leder Holdings, LLC, a Delaware limited liability company, and other affiliated entities controlled by Sean M. Leder (collectively, “*Leder*”), has delivered consents to PICO that Leder contends represents the percentage of holders of PICO’s issued and outstanding shares sufficient to require us to call a special meeting of shareholders (the “*Special Meeting*”) and, accordingly, has requested that the Special Meeting be held on May 10, 2016, at [•], local time, at [•] (the “*Special Meeting*”), to consider the following proposals:

1. Amend the Company’s Bylaws to allow shareholders to elect directors at a special meeting without Board authorization
2. If Proposal 1 prevails, to remove Carlos C. Campbell, John R. Hart, Michael J. Machado and Kenneth J. Slepicka from your Board despite such directors having been duly elected by our shareholders at our last annual meeting of shareholders on July 9, 2015; and
3. If Proposal 1 prevails and some or all of the directors proposed to be removed are removed pursuant to Proposal 2, to elect directors to fill the vacancies on the Board created by the removal of directors under Proposal 2 (referred to herein and in the accompanying Proxy Statement as the “*Leder nominees*”).

The Proxy Statement accompanying this Notice describes each of these proposals (the “*Leder Proposals*”) in more detail. **The PICO Board recommends that shareholders vote AGAINST all of Leder’s Proposals.**

The proposals stated above are the only proposals to be acted upon at the Special Meeting. Therefore, in accordance with Section 2.4 of our Bylaws and Section 601 of the California Business Corporation Act, no other business will be conducted. Shareholders of record at the close of business on [•], 2016 are entitled to notice of, and to vote at, the Special Meeting and any adjournments, postponements, reschedulings or continuations thereof.

All shareholders as of the close of business on [•], 2016 are cordially invited to attend the Special Meeting in person, but whether or not you plan to attend, we urge you to review these materials carefully and to vote by proxy by internet, telephone or by submitting your **WHITE** proxy card as promptly as possible.

PICO HOLDINGS, INC.

SPECIAL MEETING OF SHAREHOLDERS TO BE HELD ON MAY 10, 2016

PROXY STATEMENT

A shareholder of of PICO Holdings, Inc., a California corporation (“**PICO**,” the “**Company**,” “**we**,” “**our**” or “**us**”), Leder Holdings, LLC, a Delaware limited liability company, and other affiliated entities controlled by Sean M. Leder (collectively, “**Leder**”), has delivered consents to PICO that Leder contends represents the percentage of holders of PICO’s issued and outstanding shares sufficient to require us to call a special meeting of shareholders (the “**Special Meeting**”) and, accordingly, has requested the Special Meeting to be held on May 10, 2016, at [•], local time, at [•] (the “**Special Meeting**”),

This Proxy Statement is furnished in connection with the solicitation of proxies at the direction of the Board of Directors (our “**Board**” or the “**PICO Board**”) of PICO for use at the Special Meeting. This Proxy Statement and accompanying **WHITE** proxy card are first being mailed to shareholders on or about [•], 2016.

Shareholders of record at the close of business on [•], 2016 will be entitled to vote at the Special Meeting. At the close of business on [•], 2016, [•] shares of our common stock, par value \$0.001 per share (the “**Common Stock**”), were outstanding and entitled to vote. Shareholders are entitled to one vote for each share of Common Stock held.

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING

Why am I receiving this Proxy Statement?

Leder solicited consents to request a special meeting of the Company’s shareholders to consider and vote upon the proposals described in this Proxy Statement (“**Leder’s Proposals**”) and has delivered consents to PICO that Leder contends represents the percentage of holders of PICO’s issued and outstanding shares sufficient to require us to call a special meeting under our Bylaws and has requested that the Special Meeting be held on May 10, 2016 for the purpose of considering and voting on Leder’s Proposals.

You are receiving this Proxy Statement as a shareholder of PICO as of [•], 2016, the record date.

As further described below, we request that you promptly use the enclosed **WHITE** Proxy Card to vote, by internet, by telephone or by mail, in the event you desire to:

1. express your opposition to Leder's Proposals, even if you have not already submitted a proxy to Leder (or have no intention to do so); or
2. revoke any proxy that you may have delivered to Leder to vote on Leder's Proposals.

What proposals are to be presented at the Special Meeting?

The purpose of the Special Meeting is to consider and vote upon Leder's Proposals. Although the PICO Board recommends voting **AGAINST** Leder's Proposals, at the Special Meeting our shareholders will be asked to

consider proposals to (1) amend the Company's Bylaws to allow shareholders to elect directors at a special meeting without Board authorization (2) if Proposal 1 prevails, to remove Carlos C. Campbell, John R. Hart, Michael J. Machado and Kenneth J. Slepicka from your Board despite such directors having been duly elected by our shareholders at our last annual meeting of shareholders on July 9, 2015; and (3) if Proposal 1 prevails and some or all of the directors proposed to be removed are removed pursuant to Proposal 2, to elect directors to fill the vacancies on the Board created by the removal of directors under Proposal 2.

Leder has filed a proxy statement with the U.S. Securities and Exchange Commission (the "**SEC**"). You may receive proxy solicitation materials with a gold proxy card from Leder. **OUR BOARD STRONGLY URGES YOU NOT TO SIGN OR RETURN ANY GOLD PROXY CARD OR VOTING INSTRUCTION FORM SENT TO YOU BY LEDER.**

When will the Special Meeting be held?

Leder has requested that the Special Meeting be held on May 10, 2016.

Who is soliciting my vote?

In this Proxy Statement, the PICO Board of Directors is soliciting your vote.

Giving us your proxy means that you authorize the proxy holders identified on the **WHITE** proxy card— Maxim C.W. Webb and John T. Perri —to vote your shares at the Special Meeting in the manner you direct. You may also abstain from voting. If you sign and return the enclosed **WHITE** proxy card but do not specify how your shares are to be voted, your shares will be voted in accordance with the recommendations of the PICO Board, including against Leder's Proposals (see below).

What does the PICO Board recommend?

The PICO Board unanimously recommends that you vote by proxy using the **WHITE** proxy card with respect to Leder's Proposals, as follows:

AGAINST Proposal 1 to amend the Company's Bylaws to allow shareholders to elect directors at a special meeting without Board authorization

AGAINST Proposal 2 to remove Carlos C. Campbell, John R. Hart, Michael J. Machado and Kenneth J. Slepicka from your Board; and

- AGAINST the proposal to request that your Board elect Leder's four nominees.

Our Board urges you NOT to sign or return any gold proxy card or voting instruction form sent to you by Leder. If you have previously signed a gold proxy card sent to you by Leder you can revoke that earlier proxy and vote by proxy against the matters to be voted on at the Special Meeting by signing, dating and returning the enclosed **WHITE** proxy card in the postage-paid envelope provided, by voting by proxy over the internet using the internet address on the **WHITE** proxy card or by voting by proxy by telephone using the toll-free number on the **WHITE** proxy card.

Why is the PICO Board recommending against Leder's Proposals?

Our Board strongly believes that Leder's Proposals are not in the best interests of PICO or its shareholders. We believe that Leder's Proposals are solely designed to enable Leder's nominees to take control of our Board.

Our Board strongly believes that the more prudent course of action than that demanded by Leder (a shareholder with specific short-term interests that are not aligned with the interests of all of our shareholders) is for PICO to focus on its current business plan that contemplates, as assets are monetized, PICO would return capital back to shareholders through stock repurchases or through other means such as special dividends.

If I have already voted by proxy in favor of Leder's Proposals, can I still change my mind?

Yes. To change your vote by proxy, simply sign, date and return the enclosed **WHITE** proxy card in the accompanying postage-paid envelope, or vote by proxy by telephone or via the internet in accordance with the instructions on the **WHITE** proxy card. We strongly urge you to revoke any proxy card you may have returned to Leder and to vote by proxy **AGAINST** Leder's Proposals. Only your latest dated proxy will count at the Special Meeting.

Will my shares be voted if I do nothing?

If your shares of our Common Stock are held in registered name, you must sign and return a proxy card in order for your shares to be voted, unless you attend the Special Meeting and vote in person. If your shares of our Common Stock are held in street name and you do not instruct your broker or other nominee how to vote your shares, then, because all of Leder's Proposals are "non-routine matters," your broker or other nominee would not have discretionary authority to vote your shares on Leder's Proposals. If your shares of our Common Stock are held in street name, your broker, bank or nominee has enclosed a voting instruction form with this Proxy Statement. We strongly encourage you to authorize your broker or other nominee to vote your shares by following the instructions provided on the voting instruction card.

Please return your voting instruction form to your nominee and contact the person responsible for your account to ensure that your shares are voted on your behalf.

The way to support our Board is to vote AGAINST all of Leder's Proposals by signing, dating and returning the enclosed WHITE proxy card today in the envelope provided. You may also vote by proxy over the internet using the internet address on the **WHITE** proxy card or by telephone using the toll-free number on the **WHITE** proxy card. If your shares are held in street name, you should follow the instructions on your voting instruction form and provide specific instructions to your broker to vote as described above.

Whom should I call if I have questions about the Special Meeting?

Important Notice Regarding the Availability of Proxy Materials for the Special Meeting of Shareholders to be held on Tuesday, May 10, 2016

Each of the Notice of Special Meeting and this Proxy Statement is available at www.proxyvote.com.

3

BACKGROUND OF THE LEDER SOLICITATION

The following is a chronology of the material contacts and events in our relationship with Leder leading up to the filing of this Proxy Statement:

On May 13, 2015, Sean M. Leder met Stephen Hartman, Executive Vice President of PICO's subsidiary Vidler Water Company in Vidler's corporate office located in Carson City, NV to discuss PICO's water rights development business, including business prospects in the locations where Vidler is developing its water assets.

On May 14, 2015, Mr. Leder met with Max Webb, PICO's Chief Financial Officer, at PICO's corporate headquarters located in La Jolla, CA to discuss PICO's investments. The discussion focused on the history and rationales for PICO's investments, and their performance.

On August 17, 2015, Mr. Leder exchanged emails with Mr. Webb regarding certain items in PICO's June 30, 2015 Quarterly Report on Form 10-Q. The topics addressed in these emails included allocation of cash between UCP, Vidler and PICO's deferred compensation plan; allocation of debt and equity investments between PICO's parent level entity and the deferred compensation plan; tying various numbers in the Company's segment reporting; and the carrying value for the Company's investment in Mendell Energy, LLC.

On October 6, 2015, Mr. Leder visited the Vidler office, in Carson City, NV, and met with Dorothy Timian-Palmer, President and Chief Operating Officer of Vidler Water Company, to discuss PICO's public filings regarding the Vidler water assets and water markets in which Vidler is invested. The conversation addressed the supply of water to the rebounding North Valley region of Reno, Nevada, where the Company constructed infrastructure for water supply.

On November 17, 2015, Mr. Leder attended PICO's Investor Day held in Reno, NV, at which Mr. Leder asked certain questions of John Hart, PICO's President and Chief Executive Officer. Mr. Leder queried Mr. Hart concerning various matters, including, but not limited to, matters relating to corporate governance, executive compensation, the exploration of strategic alternatives for UCP, expenditures by PICO for professional fees, and the use of consultants by PICO in connection with its investment activities.

On January 27, 2016, without any advance notice to PICO and without any engagement with PICO regarding the proposals described in the preliminary consent solicitation statement that Leder filed with the SEC on such date, Leder, who owns approximately just 1.5% of PICO's issued and outstanding Common Stock, filed a preliminary consent solicitation statement with the SEC soliciting consents to call a special meeting of PICO's shareholders to replace more than a majority of the members of the PICO Board with Mr. Leder's handpicked nominees.

On February 24, 2016, Leder filed with the SEC a definitive consent solicitation statement.

On February 25, 2016, PICO filed with the SEC a definitive consent revocation solicitation statement.

On February 26, 2016, Leder filed with the SEC a revised definitive consent solicitation statement.

On March 10, 2016, PICO issued a letter to shareholders commenting on why shareholders should not execute any written request cards sent to them by Leder and should elect against the calling of the Special Meeting.

On March 16, 2016 Leder filed with the SEC a preliminary proxy statement in connection with the Special Meeting.

On March 17, 2016, Leder delivered to PICO requests that Leder contends represents holders of more than the percentage of shares of our Common Stock required to call a special meeting under our Bylaws.

On March 18, 2016 PICO filed with the SEC this preliminary proxy statement in connection with the Special Meeting.

IMPORTANT

Your vote is extremely important. Whether or not you plan to attend the Special Meeting and regardless of the number of shares you own, we urge you to sign, date and mail the enclosed WHITE proxy card to vote by proxy AGAINST Leder's Proposals or use the WHITE proxy card to vote by proxy by telephone or by internet.

We urge you NOT to sign or return any gold proxy card sent to you by Leder. Only your latest dated, signed proxy card will be counted, and any proxy card you sign for any reason could invalidate previous WHITE proxy cards sent by you to support our Board. If you have already submitted a gold proxy card to Leder, you may revoke that proxy by signing, dating and mailing the enclosed WHITE proxy card. You may also vote by proxy over the internet using the internet address on the WHITE proxy card or by telephone using the toll-free number on the WHITE proxy card or, if you are a street name holder, by following the instructions on your Voting Instruction Form.

SPECIAL MEETING PROCEDURES

Special Meeting Admission

Only PICO shareholders may attend the Special Meeting. Proof of ownership of our Common Stock, along with personal identification (such as a driver's license or passport), must be presented in order to be admitted to the Special Meeting. If your shares are held in the name of a bank, broker or other holder of record and you plan to attend the Special Meeting in person, you must bring a brokerage statement, the proxy card mailed to you by your bank or broker or other proof of ownership as of the close of business on [•], 2016, the record date, to be admitted to the Special Meeting. No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Special Meeting.

Who Can Vote, Outstanding Shares

Record holders of our Common Stock as of [•], 2016 may vote at the Special Meeting. As of the record date, there were [•] shares of our Common Stock (exclusive of approximately [•] shares of Common Stock held in treasury) outstanding, each entitled to one vote. The shares of Common Stock held in our treasury will not be voted at the Special Meeting. There were approximately [•] shareholders of record as of the record date.

How You Can Vote

You can vote by attending the Special Meeting and voting in person or you can vote by proxy. If you are the record holder of your stock, you can vote by proxy by submitting your proxy via the internet, by telephone or through the mail.

To vote by proxy via the internet, go to the internet address stated on your proxy card. To vote by proxy by telephone, call the number on your proxy card.

As an alternative to voting by proxy by telephone or via the internet, you may vote by proxy by mail by simply marking your **WHITE** proxy card, signing and dating it and returning it in the postage-paid envelope provided.

If you hold your shares of Common Stock through a broker, bank or other nominee, then you will receive instructions from such institution or person on how to vote your shares. Your broker, bank or other nominee will allow you to

deliver your voting instructions via the internet and may also permit you to submit your voting instructions by telephone.

YOUR VOTE IS VERY IMPORTANT. You should submit your proxy using the **WHITE** proxy card even if you plan to attend the Special Meeting. If you properly give your proxy and submit it to us in time to vote, the individuals named as your proxy holders will vote your shares as you have directed.

All shares entitled to vote and represented by properly submitted proxies (including those submitted via the internet, by telephone and by mail) received before the polls are closed at the Special Meeting, and not revoked or superseded, will be voted at the Special Meeting in accordance with the instructions indicated on those proxies. If no direction is indicated on a **WHITE** proxy card, such shares will be voted by the proxy holders named on the enclosed **WHITE** proxy card according to the recommendation of our Board: **AGAINST** each of Leder's Proposals. In their discretion, the proxy holders named in the **WHITE** proxy card are authorized to vote on any other matters that may properly come before the Special Meeting and at any continuation, postponement, rescheduling or adjournment of the Special Meeting, subject to compliance with Rule 14a-4(c) of the Securities Exchange Act of 1934, as amended. As of the date of this Proxy Statement, our Board is not aware of any other items of business that will be presented for consideration at the Special Meeting other than those described in this Proxy Statement.

Voting in Person

If you plan to attend the Special Meeting and wish to vote in person, you will be given a ballot at the Special Meeting. Please note that if your shares of Common Stock are held of record by a broker, bank or other nominee, and you decide to attend and vote at the Special Meeting, your vote in person at the Special Meeting will not be effective unless you present a legal proxy, issued in your name from your broker, bank or other nominee. Even if you plan to attend the Special Meeting, we encourage you to submit your proxy to vote your shares in advance of the Special Meeting.

Shareholders who wish to attend the Special Meeting will be required to present verification of ownership of our Common Stock, such as a bank or brokerage firm account statement, and will be required to present a valid government-issued picture identification, such as a driver's license or passport, to gain admittance to the Special Meeting.

No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Special Meeting. There will be security present at the Special Meeting.

How You May Revoke or Change Your Vote

As a shareholder of record, you have the power to revoke your proxy at any time before it is voted. A proxy may be revoked by a shareholder of record by:

- delivering a written notice of revocation to our Secretary at or before the Special Meeting;

presenting to our Secretary, at or before the Special Meeting, a later dated proxy executed by the person who executed the prior proxy;

submitting another proxy by telephone or via the internet (your latest telephone or internet voting instructions are followed); or

- attending the Special Meeting and voting in person.

Attendance at the Special Meeting will not, by itself, revoke a proxy. Any written notice of revocation or delivery of a subsequent proxy by a shareholder of record may be sent to PICO's Corporate Secretary at PICO Holdings, Inc., 7979 Ivanhoe Avenue, Suite 300, La Jolla, CA 92037, or by email to info@picoholdings.com, or hand delivered to our

Secretary at or before the voting at the Special Meeting.

If you hold your shares of Common Stock through a broker, bank or other nominee, you may change your voting instructions by submitting new voting instructions to your broker, bank or other nominee. If you wish to vote in person, you must obtain a legal proxy issued to you by your broker, bank or other nominee.

Quorum and Required Vote

The inspector of elections appointed for the Special Meeting will tabulate votes cast by proxy or in person at the Special Meeting. The inspector of elections will also determine whether a quorum is present. In order to constitute a quorum for the conduct of business at the Special Meeting, a majority of the outstanding shares of Common Stock entitled to vote at the Special Meeting must be present or represented by proxy at the Special Meeting. Shares that abstain from voting on any proposal will be treated as shares that are present and entitled to vote at the Special Meeting for purposes of determining whether a quorum is present.

A broker holding shares of record for you is not entitled to vote on certain matters unless the broker receives voting instructions from you. Broker non-votes result when shares are held by a broker who has not received voting instructions from the beneficial owner, there is at least one item for which the broker has discretionary voting authority and the broker has so notified us on a proxy form in accordance with industry practice or has otherwise advised us that the broker lacks voting authority. We do not believe that there will be

any broker non-votes at the Special Meeting because we do not believe that any of the items on the agenda will qualify for discretionary voting treatment by a broker.

Leder Proposal No. 1: Amendment to Our Bylaws. The approval of Proposal No. 1, regarding the amendment to our Bylaws to allow shareholders to elect directors at a special meeting without Board authorization, requires the affirmative vote of a majority of the outstanding shares of common stock. Only “FOR” and “AGAINST” votes are counted for purposes of determining the votes received in connection with this proposal. Broker non-votes and abstentions will have no effect on determining whether the affirmative vote constitutes a majority of the shares present or represented by proxy and voting at the Special Meeting. However, the affirmative vote of a majority of the shares necessary to constitute a quorum is also required for approval, and therefore broker non-votes and abstentions could prevent the approval of this proposal because they do not count as affirmative votes.

Leder Proposal No. 2: Removal of PICO Directors. The approval of Proposal No. 1, removal of Carlos C. Campbell, John R. Hart, Michael J. Machado and Kenneth J. Slepicka from our Board requires the affirmative vote of a majority of the outstanding shares of common stock. Only “FOR” and “AGAINST” votes are counted for purposes of determining the votes received in connection with this proposal. Broker non-votes and abstentions will have no effect on determining whether the affirmative vote constitutes a majority of the shares present or represented by proxy and voting at the Special Meeting. However, the affirmative vote of a majority of the shares necessary to constitute a quorum is also required for approval, and therefore broker non-votes and abstentions could prevent the approval of this proposal because they do not count as affirmative votes. In addition, under Section 303(a)(3) of the California Corporations Code, if a board is staggered, as is the Company’s Board, a director cannot be removed if the vote against removal would be sufficient to elect the director if the shares were voted using cumulative voting.

Leder Proposal No. 3: Request to Elect Leder’s Nominees as Directors for PICO. The Election of directors at the Special Meeting, assuming approval by shareholders of Proposals 1 and 2, will be by plurality vote. This means that if more than one candidate is nominated to fill a vacancy, the candidate receiving the greatest number of votes will be selected. Only “FOR” and “AGAINST” votes are counted for purposes of determining the votes received for a particular director and therefore broker non-votes and abstentions have no effect on the proposal relating to the election of directors.

LEDER'S PROPOSALS

PROPOSAL NO. 1—Amend the Company's Bylaws to allow shareholders to elect directors at a special meeting without Board authorization

Leder has asked our shareholders to approve a proposal to amend the Company's Bylaws to allow shareholders to elect directors at a special meeting without Board authorization. Specifically, Leder has made the following proposal to be voted upon at the Special Meeting:

RESOLVED that Section 2.13(b) of Article II of the Bylaws be amended and restated as follows:

(b) Special Meetings of Shareholders. Only such business shall be conducted at a special meeting of shareholders as shall have been brought before the meeting pursuant to the Corporation's notice of meeting. Nominations of persons for election to the Board of Directors may be made at a special meeting of shareholders at which Directors are to be elected pursuant to the Corporation's notice of meeting (1) by or at the direction of the Board of Directors or any duly authorized committee thereof or (2) provided that a request for a special meeting has been delivered by one or more shareholders in accordance with Section 2.3 of these bylaws, by any shareholder of the Corporation who is a shareholder of record at the time the notice provided for in this Section 2.13 is delivered to the Secretary of the Corporation, who is entitled to vote at the meeting and upon such election, and who complies with the notice procedures set forth in this Section 2.13. In the event the Corporation calls a special meeting of shareholders for the purpose of electing one or more Directors to the Board of Directors, or a special meeting is called by a shareholder or shareholders pursuant to Section 2.3 of these bylaws, any such shareholder entitled to vote in such election of Directors may nominate a person or persons (as the case may be) for election to such position(s) as specified in the Corporation's notice of meeting, if the shareholder's notice in the same form as required by paragraph (a)(ii) of this Section 2.13 shall be delivered to the Secretary at the principal executive office of the Corporation not earlier than the close of business on the one hundred twentieth (120th) day prior to such special meeting and not later than the close of business on the later of the ninetieth (90th) day prior to such special meeting or the tenth (10th) day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting. In no event shall the public announcement of an adjournment or postponement of a special meeting commence a new time period (or extend any time period) for the giving of a shareholder's notice as described above.

BOARD OF DIRECTORS' RESPONSE TO LEDER'S PROPOSAL

The PICO Board unanimously recommends that you vote AGAINST Proposal No. 1 for the following reasons.

PICO has consistently demonstrated its commitment to allowing shareholders to be part of the corporate governance process and remains committed to this effort. Through our Articles and Bylaws and under California law, shareholders can participate in a variety of ways, including, but not limited to, proposing nominees for election at an annual meeting of shareholders. Accepting Proposal No. 1, however, would roll back an important safeguard against abuse associated with the generally unrestricted ability of shareholders holding only 10% of our issued and outstanding shares to call special meeting. Given the low ownership threshold to call a special meeting of shareholders, this proposal would allow shareholders to repeatedly call special meetings for electing directors without authorization of the Board without regard to the fact that directors may have been recently duly elected by shareholders at any annual meeting of shareholders or a special meeting held in lieu thereof or how frequently such special meeting requests to revisit the outcome of a previous shareholder vote electing directors have been made. Our Board is committed to good corporate governance, but changing our Bylaws so dramatically would allow a vocal minority of shareholders to unduly disrupt the Company's operations to the potential detriment of its other shareholders.

For the foregoing reasons, the PICO Board recommends a vote AGAINST Proposal No. 1.

PROPOSAL NO. 2 –Removal of PICO Directors

Leder has asked our shareholders to approve a proposal to remove four of our qualified directors that were duly elected by our shareholders at our 2015 Annual Meeting.

Specifically, Leder has made the following proposal to be voted upon at the Special Meeting:

RESOLVED, that John R. Hart, Carlos C. Campbell, Kenneth J. Slepicka and Michael J. Machado, and the successors of any of them appointed or elected to the Board of Directors of the Company since [•], 2016, are hereby removed from their positions as directors of the Company.

BOARD OF DIRECTORS' RESPONSE TO LEDER'S PROPOSAL

The PICO Board of Directors unanimously recommends that you vote AGAINST Proposal No. 2 for the following reasons.

Our Board believes that the removal of these directors would disrupt the implementation of our current business plan, could adversely impact the value of your investment and is not in the best interests of our shareholders. Our Board continues to oversee our current business plan that contemplates, as assets are monetized, PICO would return capital back to shareholders through stock repurchases or through other means such as special dividends.

We believe that the institutional knowledge and expertise of our Board, together with its commitment to enhance shareholder value through the implementation of our current business plan, demonstrates that each of the members of our Board should remain in office. Each of the members of our Board that Leder is seeking to remove is important in overseeing the implementation of our business plan. In addition, each of these members possesses extensive institutional knowledge and highly relevant experience that is important to the functioning of our Board and our ability to increase shareholder value:

Carlos C. Campbell has served as a member of our board of directors since 1998. He is Chair of the Compensation Committee and a member of the Audit Committee. He is the President of Global 21, LLC, a strategic advisory company, (Formerly C.C. Campbell & Co., 1985-2011) and Initiative Films, LLC (2011-Present). Since 1990, Mr.

Campbell has served as a director of Resource America, Inc., a publicly held asset management company that specializes in real estate and credit investments. Mr. Campbell has also previously served as a director of eight (8) other publicly held corporations. Mr. Campbell has completed over two dozen seminars on director training. He has a Certificate of Director Education from the NACD and is a graduate of the Director's Institute, University of California Los Angeles, where he was designated a Certified Corporate Director. He has completed seminars in corporate governance, auditing, and compensation at the Harvard Business School. Mr. Campbell is a member of the NACD and a member of the 2011 inaugural class of Board Leadership Fellows. He was also elected to the NACD Directorship 100, which recognizes the most influential directors of U.S. corporations. Mr. Campbell has participated in numerous professional forums with the NACD on corporate governance, compensation, and mergers and acquisitions.

During the first term of the administration of President Ronald Reagan, Mr. Campbell was nominated by President Reagan, confirmed by the U.S. Senate and, thereafter, served as the Assistant Secretary of Commerce for Economic Development at the U.S. Department of Commerce (1981-1984) where he was the final authority for an annual program budget of \$300 million and a loan portfolio in excess of \$1 billion. Mr. Campbell has a B.S. in Construction Management from Michigan State University, a Certificate in Engineering Science from the U.S. Naval Post Graduate School, and a Master of City & Regional Planning from the School of Engineering & Architecture, Catholic University of America. Mr. Campbell is a decorated veteran of the U.S. Navy and served

on active duty as a Naval Flight Officer and Intelligence Officer. He has traveled to over fifty countries, primarily in connection with his past civilian and military service with the U.S. Government.

We believe that Mr. Campbell's extensive corporate governance training, strategic advisory experience and high-level U.S. Government experience, areas of expertise that are important to certain of our operating segments, enrich the makeup of the board of directors and provide our businesses with valuable perspectives and insights. Mr. Campbell's past record of service as a director on numerous public company boards and as a high-level U.S. Government official also gives him substantial experience on financial, corporate governance, risk oversight and strategic planning matters leading to our conclusion that he should continue to serve on our board of directors.

Kenneth J. Slepicka has served as a member of our Board of Directors since 2005. Mr. Slepicka is currently the Chairman, Chief Executive Officer, and acting Chief Financial Officer of Synthonics, Inc., an early stage biotechnology company, and has served in such capacity since 2006. Mr. Slepicka received a Master of Business Administration from Kellogg School of Management, Northwestern University. Mr. Slepicka has also received a Master Director Certification from the National Association of Corporate Directors (NACD), is a member, and has earned certificates of director education in 2007, 2008, and 2009, as well as the status of Leadership Fellow from the NACD. In addition, Mr. Slepicka served as President and Treasurer of SBC Warburg Futures Inc. from 1994 to 1998, as Executive Director of Fixed Income Trading for O'Connor & Associates from 1985 to 1994, and has held risk advisor, consultant and strategic planning positions in the financial and healthcare industries. Mr. Slepicka has served as a member of the FIA Steering Committee, the Federal Reserve FCM Working Group, and as a Governor of the Board of Trade Clearing Corporation. He is also a former member of the Chicago Board of Trade, Chicago Mercantile Exchange, Chicago Board of Options Exchange, and Pacific Options Exchange. In addition, Mr. Slepicka currently serves and has served on the boards of directors of several not-for-profit entities.

Mr. Slepicka's management and operational experience leads to our conclusion that he should continue to serve on our Board of Directors.

John R. Hart has served as President and Chief Executive Officer and as a member of PICO's Board of Directors since 1996. Mr. Hart also serves as an officer and/or director of PICO's most significant subsidiaries: for UCP, Inc. as a director since their incorporation (May 2013 - Present) and UCP, LLC, prior to their incorporation, as the Chairman of the board of managers (October 2007 - June 2013); for Vidler Water Company, Inc. as Chairman (since 1997), as director (since 1995) and Chief Executive Officer (since 1998); as sole director of PICO European Holdings, LLC (since 2008); and as director and Chief Executive Officer of PICO Northstar Management, LLC and its subsidiaries (since 2010). He has also previously served other various subsidiaries of PICO in the following capacities, among others: as director (1993 - 2012), President, and Chief Executive Officer (1996 - 2012) of Physicians Insurance Company of Ohio; and as director of Citation Insurance Company (1996 - 2012). Mr. Hart additionally served as a director of Spigit, Inc. until September 2013. Mr. Hart received a B.A. in Economics from Pomona College.

Mr. Hart has been our President and Chief Executive Officer and a member of our Board of Directors for almost fifteen years and his leadership and strategic guidance over these years have been critical to our success. Mr. Hart also brings the knowledge of the operations of our Company to the Board of Directors, which provides invaluable insight

to the Board of Directors as it reviews PICO's strategic and financial plans leading to our conclusion that he should continue to serve on our Board of Directors.

Michael J. Machado has served as a member of our Board of Directors since 2013. Mr. Machado was a member of the California State Assembly from 1992 - 2000, a California State Senator from 2000 - 2008, and was appointed in 2015 to the Council of Economic Advisors on Tax Policy for the California State Controller. Since 2008 Mr. Machado has been the owner and operator of a diversified farming operation in California's Central Valley. Mr. Machado is a board member of the California State Compensation Insurance Fund (2008 to present), P & M Farms (1985 to present) and is also a member of the non-profit boards for the San Joaquin Historical Society Board of Trustees (2012 to present) and Restore the Delta (since 2014). He is a member of the National Association of Corporate Directors and is a Board Leadership Fellow. He received an undergraduate degree in Economics from Stanford University and a Master's degree in Agricultural Economics from the University of

California, Davis. In addition he attended Harvard University's Agribusiness Executive Education Program. As a state legislator in California, Mr. Machado was heavily involved in numerous issues, including water policy and agricultural policy.

Mr. Machado's extensive educational and legislative experience, and his continuing involvement in owning and operating a diversified farming operation, as well as his involvement in water policy issues leads to our conclusion that he should continue to serve on our Board of Directors.

For the foregoing reasons, the PICO Board recommends a vote AGAINST Proposal No. 2.

PROPOSAL NO. 3—Request that the PICO Board Elect Leder’s Nominees as Directors for PICO

Leder has asked our shareholders to approve a proposal to request that our Board elect four nominees selected by Leder. Specifically, Leder has made the following proposal to be voted upon at the Special Meeting:

RESOLVED, that the shareholders of PICO hereby request that the Board elect the following individuals to serve as directors of the Company: Sean M. Leder, Timothy E. Brog, Alan Dash and Joel Lusman (individually a “Group Nominee” and collectively, the “Group Nominees”); provided, however, that if at any time prior to the date of the Special Meeting one or more Group Nominees are no longer willing or, as a result of death or incapacity, able to serve as directors of the Company and a majority of the then-remaining Group Nominees select replacements, those replacements (rather than the individuals they replaced), along with the Group Nominees who have not been replaced, shall then be considered the Group Nominees for all purposes.

BOARD OF DIRECTORS’ RESPONSE TO LEDER’S PROPOSAL

The PICO Board unanimously recommends that you vote AGAINST the proposal to elect each of Leder’s director nominees under Proposal No. 3 because we strongly believe each of our Board members is more capable and experienced than these nominees and is independent from Leder.

Our Board members that Leder is seeking to replace have broad knowledge of PICO and the businesses we have invested in gained from their years of service on our Board. Despite the role our current Board members are playing in overseeing the implementation of our business plan to return capital back to shareholders, Leder is asking you to replace our highly qualified and very experienced directors with their nominees. In contrast to our Board’s extensive experience and knowledge of our company and the businesses we have invested in, based on Leder’s public filings, their nominees have limited, if any, meaningful experience in the industries in which we operate, industries which are characterized by a highly competitive landscape with unique risks and challenges across all business units and functions.

We do not believe that adding Leder’s nominees to our Board will be beneficial. Each of our current directors has strong institutional knowledge and has more relevant experience than each of Leder’s nominees and is independent from Leder. While Leder’s nominees may not be controlled by Leder or obligated to vote as directed by Leder, we believe Leder’s nominees’ views about our business could be colored by their relationship with Leder.

Furthermore, as the PICO Board continues to evaluate the best ways to create value for shareholders, we believe that Leder’s nominees might not be able to make such evaluations without bias because their objectivity may have been compromised as described above. As business strategies and transactions are evaluated in the future, we believe it would be in the best interests of our shareholders for directors not associated in any way with Leder to be entrusted to

oversee our current business plan and other options for enhancing shareholder value.

For the foregoing reasons, the PICO Board recommends a vote AGAINST Proposal No. 3.

14

OTHER BUSINESS

The sole business that may be considered at the Special Meeting are the matters set forth in Leder's Notice of Special Meeting.

DELIVERY OF DOCUMENTS TO SHAREHOLDERS SHARING AN ADDRESS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more shareholders sharing the same address by delivering a single proxy statement and annual report addressed to those shareholders. This process, which is commonly referred to as "householding," potentially means extra convenience for shareholders and cost savings for companies.

A single Proxy Statement will be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that it will be "householding" communications to your address, "householding" will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in "householding" and would prefer to receive a separate Proxy Statement, please notify your broker and direct your written request to MacKenzie, at 105 Madison Avenue, New York, New York 10016. Shareholders who currently receive multiple copies of the Proxy Statement at their address and would like to request "householding" of their communications should contact their broker.

SHAREHOLDER PROPOSALS FOR PRESENTATION AT THE 2016 ANNUAL MEETING

Requirements for Shareholder Proposals to Be Considered for Inclusion in Proxy Materials. Shareholder proposals that are intended for inclusion in our 2016 proxy statement and acted upon at our Annual Meeting of Shareholders in 2016 must have been received no later than January 28, 2016. In addition, all proposals will need to comply with Rule 14a-8 of the Exchange Act, which lists the requirements for the inclusion of shareholder proposals in Company-sponsored proxy materials. Shareholder proposals must be delivered to our Corporate Secretary by mail at 7979 Ivanhoe Avenue, Suite 300, La Jolla, California 92037, Attention: Corporate Secretary, or by facsimile at (858) 456-6480. As the rules of the United States Securities and Exchange Commission make clear, simply submitting a proposal does not guarantee that it will be included in our proxy materials.

Requirements for Shareholder Proposals and Director Nominations to be Brought Before the 2016 Annual Meeting of Shareholders. Notice of any proposal or director nomination that you intend to present at the 2016 Annual Meeting of Shareholders, but do not intend to have included in the proxy statement and form of proxy relating to the 2016 Annual Meeting of Shareholders, must be delivered to our Corporate Secretary by mail at 7979 Ivanhoe Avenue, Suite 300,

La Jolla, California 92037, Attention: Corporate Secretary, or by facsimile at (858) 456-6480 not earlier than the close of business on March 11, 2016 and not later than the close of business on April 10, 2016. In addition, your notice must set forth the information required by our Bylaws with respect to each shareholder proposal or director nomination that you intend to present at the 2016 Annual Meeting of Shareholders.

In order for shareholder proposals that are submitted outside of SEC Rule 14a-8 and are intended to be considered by the shareholders at the 2016 Annual Meeting of Shareholders to be considered “timely” for purposes of SEC Rule 14a-4(c) under the Exchange Act, the proposal must be received by mail at 7979 Ivanhoe Avenue, Suite 300, La Jolla, California 92037, Attention: Corporate Secretary, or by facsimile at (858) 456-6480 no later than April 10, 2016. If a shareholder fails to provide such timely notice of a proposal to be presented at the 2016 Annual Meeting of Shareholders, the proxies designated by the Board will have discretionary authority to vote on any such proposal. In this regard, the proxy solicited by us for the 2016 Annual Meeting of Shareholders will confer discretionary authority on our proxies to vote on any proposal presented by a shareholder at that meeting for which PICO has not been provided with notice on or prior to April 10, 2016.

If the date of our 2016 Annual Meeting is a date that is not within 30 days before or 60 days after July 9, 2016, the anniversary date of our 2015 Annual Meeting, notice by the shareholder of a proposal must be received no earlier than the close of business on the 120th day before the 2016 Annual Meeting and not later than the close of business of (i) the 90th day prior to the 2016 Annual Meeting or (ii) the 10th day following the day on which public announcement of the date of the 2016 Annual Meeting is first made by us.

+ Audit Committee Financial Expert

Howard Brod Brownstein has served as a member of our board of directors since February 2016. He has been the President of The Brownstein Corporation, a turnaround and crisis management consulting, advisory and investment banking firm, since 2010. From 1999 through 2009, Mr. Brownstein was a Principal of NachmanHaysBrownstein, Inc., a management consulting firm. Since 2010, Mr. Brownstein has served on the Board of Directors of P&F Industries, Inc., a publicly-held manufacturer/importer of air-powered tools and various residential hardware products and joined that Board after being recommended by a significant shareholder of P&F. From 2003 through 2006, he served on the boards of directors and audit committees of Special Metals Corporation, a privately held nickel alloy producer (where he also chaired the audit committee) and Magnatrx Corporation, a privately held manufacturer of metal buildings. In 2010, he served on the board of Betsey Johnson, a privately held apparel designer and retailer. Additionally, from January 2014 through April 2015, Mr. Brownstein served on the board of directors of LMG2, a privately-held Chicago-based parking facility operator. Additionally, Mr. Brownstein is a Board Leadership Fellow of the National Association of Corporate Directors (“NACD”), through which he completed NACD’s comprehensive program of study for corporate directors and continues to supplement his director skill sets through ongoing engagement with the director community, and access to leading practices. Mr. Brownstein is a graduate of Harvard University, where he obtained J.D. and M.B.A. degrees, and of the University of Pennsylvania, where he obtained B.S. and B.A. degrees from the Wharton School and the College of Arts and Sciences. Mr. Brownstein is admitted to the bars of Pennsylvania, Massachusetts and Florida, but does not actively practice law.

We believe that Mr. Brownstein's broad financial and management consulting background, including his extensive experience in finance, restructurings and turnarounds, strategic planning, valuing and selling businesses and corporate governance, as well as his public company board experience makes him a valuable member of our Board of Directors. This experience provides him keen insight into both the management and operations of a business and the governance and oversight matters facing companies and led to our conclusion that he should serve on our Board of Directors.

Carlos C. Campbell has served as a member of our board of directors since 1998. He is Chair of the Compensation Committee and a member of the Audit Committee. He is the President of Global 21, LLC, a strategic advisory company, (Formerly C.C. Campbell & Co., 1985-2011) and Initiative Films, LLC (2011-Present). Since 1990, Mr. Campbell has served as a director of Resource America, Inc., a publicly held asset management company that specializes in real estate and credit investments. Mr. Campbell has also previously served as a director of eight (8) other publicly held corporations. Mr. Campbell has completed over two dozen seminars on director training. He has a Certificate of Director Education from the NACD and is a graduate of the Director's Institute, University of California Los Angeles, where he was designated a Certified Corporate Director. He has completed seminars in corporate governance, auditing, and compensation at the Harvard Business School. Mr. Campbell is a member of the NACD and a member of the 2011 inaugural class of Board Leadership Fellows. He was also elected to the NACD Directorship 100, which recognizes the most influential directors of U.S. corporations. Mr. Campbell has participated in numerous professional forums with the NACD on corporate governance, compensation, and mergers and acquisitions.

During the first term of the administration of President Ronald Reagan, Mr. Campbell was nominated by President Reagan, confirmed by the U.S. Senate and, thereafter, served as the Assistant Secretary of Commerce for Economic Development at the U.S. Department of Commerce (1981-1984) where he was the final authority for an annual program budget of \$300 million and a loan portfolio in excess of \$1 billion. Mr. Campbell has a B.S. in Construction Management from Michigan State University, a Certificate in Engineering Science from the U.S. Naval Post Graduate School, and a Master of City & Regional Planning from the School of Engineering & Architecture, Catholic University of America. Mr. Campbell is a decorated veteran of the U.S. Navy and served on active duty as a Naval Flight Officer and Intelligence Officer. He has traveled to over fifty countries, primarily in connection with his past civilian and military service with the U.S. Government.

We believe that Mr. Campbell's extensive corporate governance training, strategic advisory experience and high-level U.S. Government experience, areas of expertise that are important to certain of our operating segments, enrich the makeup of the board of directors and provide our businesses with valuable perspectives and insights. Mr. Campbell's past record of service as a director on numerous public company boards and as a high-level U.S. Government official also gives him substantial experience on financial, corporate governance, risk oversight and strategic planning matters leading to our conclusion that he should serve on our board of directors.

Raymond V. Marino II has served as a member of our board of directors since February 2016. He has been in the investment advisory business since 2013 where he is involved in researching, evaluating and negotiating a variety of investments for personal portfolio and third party investors involving real estate and non-real estate investments and has completed buy-side and sell-side real estate advisory assignments for third parties in excess of \$130 million. From 2001 to 2013, Mr. Marino was the President and Chief Operating Officer as well as a member of the board of directors of Mission West Properties, Inc., a publicly traded real estate investment trust involved in the development, investment and management of a portfolio that exceeded 9 million square feet. From

November 1996 to August 2000, he was President, Chief Executive Officer and a member of the board of directors of Pacific Gateway Properties, Inc. Earlier in his career, Mr. Marino, who is a Certified Public Accountant in the State of California (inactive), worked at Coopers & Lybrand LLP, a predecessor firm to PriceWaterhouse Coopers LLP, where he serviced clients in the real estate investment and development, construction, energy, technology, and insurance industries, among others. CORPORATE GOVERNANCE

Director Independence

Our Board of Directors has determined that Howard Brod Brownstein, Carlos C. Campbell, Michael J. Machado, Raymond V. Marino II, Eric Speron, Andrew F. Cates and Daniel B. Silvers are “independent directors” within the meaning set forth under applicable rules of the NASDAQ Stock Market. John R. Hart and Kenneth J. Slepicka are not “independent directors” under those standards. John R. Hart and Kenneth J. Slepicka were not independent Directors in 2015 as the term “independent” is defined by Nasdaq Listing Rule 5605 (a)(2). John R. Hart is an employee of the Company. Kenneth J. Slepicka has a relationship with the Company that is described under “Related Party Transactions” below. The independent directors have regularly scheduled executive session meetings at which only the independent directors are present. In 2015, executive sessions were led by Kristina M. Leslie, who was an independent director that formerly served as Chair of the Board. Ms. Leslie resigned from the Board in February 2016. An executive session is held in conjunction with each regularly scheduled quarterly meeting and other sessions may be called by the Chair in his or her own discretion or at the request of our Board of Directors.

Board Leadership Structure

The Corporate Governance and Nominating Committee is responsible for reviewing and making recommendations to our Board of Directors regarding the board’s leadership structure. The role of the Chair is to manage the affairs of our Board of Directors, including ensuring that the Board of Directors is organized properly, functions effectively and meets its obligations and responsibilities. The Chair also develops and approves agendas and presides at all meetings of our Board of Directors and shareholders. In 2008, our Corporate Governance and Nominating Committee and the Board of Directors decided that the Chair should be an independent director. In the course of their evaluation, the Committee and the Board of Directors considered factors that included:

- the challenges and opportunities of our Company, including the need for clear accountability;
- the policies and practices in place to provide effective and independent oversight of management;
 - applicable regulatory requirements; and
 - corporate governance trends and practices of other public corporations.

Our Board of Directors believes that the current board leadership structure is best for our Company and our shareholders because it:

Separates the offices of Chair and Chief Executive Officer. As opposed to having a Chair who is also the Chief Executive Officer, a non-executive Chair enhances our Board of Directors’ ability to provide oversight of management.

Allocates required time commitments. The Chair's role has evolved to include significant duties and responsibilities, such as more interaction with executive management on strategic opportunities, capital formation, and other important matters, which may be difficult to reconcile with the full-time demands of the Chief Executive Officer in managing the day-to-day affairs of the Company.

Enhances the independent oversight of management and reduces any conflicts of interest. Because the Board of Directors serves to oversee and monitor the actions of management, our Board of Directors believes its leaders should be in a position to provide independent oversight of such actions.

Kristina M. Leslie served as non-executive Chair from May 2012 until February 2016. In March 2016, the Board appointed Raymond V. Marino II as non-executive chair.

A-6

Role of the Board of Directors in Risk Oversight

Our Board of Directors as a group is responsible for all risk oversight of our Company and, as such, has full access to management so that it can maintain open and continuous communication that ensures that the risks associated with the various aspects of our Company are appropriately identified and addressed. In addition, each of our committees oversees a portion of the Company’s risk framework and controls. Our Compensation Committee reviews the risks associated with compensation incentives.

Our Audit Committee oversees the risks associated with (a) our financial statements, financial and liquidity risk exposures, including any material and pending legal proceedings, significant transactions, and investment guidelines and performance, (b) fraud, (c) security of and risks related to information technology systems and procedures, and (d) related party transactions and actual and potential conflicts of interests. Our Corporate Governance and Nominating Committee oversees the policies and procedures related to director and management succession and transition.

In carrying out each of their responsibilities in overseeing the Company’s policies with respect to risk, the committees discuss the issues with internal personnel and third parties that they deem appropriate. After such review and discussions, the committees evaluate and report to the full Board of Directors each of their respective findings and recommendations. The Board of Directors is ultimately responsible for the adoption of any such recommendations.

The Company’s leadership structure compliments our Board of Directors’ risk oversight function. The separation of the offices of the Chief Executive Officer (“CEO”) and the Chair promotes effective consideration of matters presenting significant risks by management and directors. Our Board of Directors’ role of risk oversight has not specifically affected its leadership structure. Our Board of Directors regularly reviews its leadership structure and evaluates whether it is functioning effectively.

Committees of the Board of Directors

Our Board of Directors has four standing committees: an Audit Committee, a Compensation Committee, a Corporate Governance and Nominating Committee and a Strategy Committee, all of which are composed solely of independent directors. The Committees operate pursuant to written charters that have been approved by the Board of Directors, which are available on our website under “Corporate Governance” at <http://investors.picoholdings.com> (the information on our website is not incorporated by reference into this proxy statement). The following table sets forth the four standing committees, the current members of each committee, and the number of meetings held by each committee in 2015.

In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited consolidated financial statements in the Annual Report on Form 10-K for the year ended December 31, 2015, its accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The functions of the Compensation Committee include: (a) evaluating the performance of, and set compensation for, our Chief Executive Officer and other senior management; (b) reviewing and approving the overall executive compensation program for our executives and the executives of our subsidiaries; (c) considering and reviewing compensation levels for service as a member of our Board of Directors and its committees; (d) making recommendations to our Board of Directors with respect to new cash-based incentive compensation plans and equity-based compensation plans; and (e) administering and granting awards under the PICO Holdings, Inc. 2014 Equity Incentive Plan. The Compensation Committee’s goals are to attract and retain qualified directors and key executives critical to our long-term success, to reward executives for our long-term success and the enhancement of shareholder value, and to integrate executive compensation with both annual and long-term financial results.

Additional information on the Compensation Committee's processes and procedures for consideration of executive compensation are addressed in the Compensation Discussion and Analysis below. A copy of the Compensation Committee's Charter is posted on our website under "Corporate Governance" at <http://investors.picoholdings.com> (the information on our website is not incorporated by reference into this proxy statement).

NASDAQ stock market. A copy of the Corporate Governance and Nominating Committee's Charter is posted on our website under "Corporate Governance" at <http://investors.picoholdings.com> (the information on our website is not incorporated by reference into this proxy statement).

Strategy Committee. The Strategy Committee members consist of Eric Speron (Chair), Mr. Slepicka, Mr. Cates, and Mr. Silvers. The Strategy Committee is responsible for, among other duties, monitoring PICO's previously announced plans to return capital to shareholders as assets are monetized with such capital being returned to shareholders through stock repurchases or special dividends.

Director nominees. The Corporate Governance and Nominating Committee works with the Board of Directors to determine the appropriate characteristics, skills, and experience for the board as a whole and its individual members. This evaluation includes issues of diversity, age, skills and experience - all in the context of an assessment of the perceived needs of the Board of Directors at that time. In evaluating the suitability of individual board members for continued service, as well as potential new candidates for the Board of Directors, the Corporate Governance and Nominating Committee and the board take into account many factors, including:

- business experience;
- academic credentials;
- inter-personal skills;
- the ability to understand our business;
- leadership skills;
- the understanding of the responsibilities of being a director of a publicly held company;
- corporate experience;
- prior experience on other boards of directors; and
- the potential for contributing to our success.

Although we do not currently have a policy with regard to the formal consideration of diversity in identifying candidates for election to the Board of Directors, the Corporate Governance and Nominating Committee recognizes the benefits associated with a diverse board, and takes diversity considerations into account when identifying candidates. The Corporate Governance and Nominating Committee utilizes a broad conception of diversity, including diversity of professional experience, employment history, prior experience on other boards of directors, and more familiar diversity concepts such as race, gender and national origin. We endeavor to have a Board of Directors representing diverse experience at policy-making levels in business, government, and education, and in areas that are relevant to our activities. Directors should have experience in positions with a high degree of responsibility and be leaders in the companies or institutions with which they are affiliated. These factors, and others considered useful by the Corporate Governance and Nominating Committee, will be reviewed in the context of an assessment of the

perceived needs of our Board of Directors at a particular time.

Directors are expected to possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of our shareholders. They must also have an inquisitive and objective perspective and mature judgment. Board members are expected to rigorously prepare for, attend, and participate in all Board and applicable Committee meetings.

A-9

The Corporate Governance and Nominating Committee will consider nominees recommended by shareholders; however, such recommendations must be submitted in writing to our Corporate Secretary along with the candidate's resume and any other relevant information. See "Shareholder Nomination of Directors" below.

Directors' Attendance

In 2015, there were [•] meetings of the Board of Directors. All of the directors attended [•] of their respective board and committee meetings.

It is the policy of the board that each director, in the absence of extenuating circumstances, should attend our Annual Meeting of Shareholders in person. [•] of our directors attended our 2015 Annual Meeting.

Corporate Governance Guidelines (including Majority Voting Policy and Stock Ownership Guidelines)

We have adopted Corporate Governance Guidelines which are posted on our website under "Corporate Governance" at <http://investors.picoholdings.com> (the information on our website is not incorporated by reference into this proxy statement). These Corporate Governance Guidelines are a set of policies intended to guide the Board of Directors in its governance practices in the future. In addition to addressing many of the items discussed in this Corporate Governance section, our Corporate Governance Guidelines include stock ownership guidelines (which are discussed in greater detail in the Compensation Discussion and Analysis section of this proxy statement), and a majority voting policy.

Under the majority voting policy, even though directors are elected by plurality vote, if a director receives in an uncontested election a greater number of "Withhold" votes than votes cast "For" his or her election, the Corporate Governance and Nominating Committee will undertake an evaluation of the appropriateness of the director's continued service on the Board of Directors. In performing this evaluation, the Corporate Governance and Nominating Committee will review all factors deemed relevant, including the stated reasons why shareholders withheld votes for election from such director, the director's length of service, his or her past contributions to the Company and the Board of Directors, including committee service, and the availability of other qualified candidates. The Corporate Governance and Nominating Committee will then make its recommendation to the Board of Directors. The Board of Directors will review this recommendation and consider such further factors and written information as it deems relevant.

Under this policy, the Corporate Governance and Nominating Committee will make its recommendation, and the Board of Directors will act on the committee's recommendation, no later than 90 days following the date of the shareholders meeting. If the Board of Directors determines remedial action is appropriate, the director shall promptly take what action is requested by the Board of Directors. If the director does not promptly take the recommended

remedial action, or if the Board of Directors determines that immediate resignation is in the best interests of the Company and its shareholders, the director shall promptly tender his or her resignation upon request from the Board of Directors.

We will publicly disclose the Board of Directors' decision within four business days in a Current Report on Form 8-K with the SEC, providing an explanation of the process by which the decision was reached and, if applicable, the reason for not requesting the director's resignation. The director in question will not participate in the Corporate Governance and Nominating Committee or the Board of Directors' analysis.

Shareholder Nomination of Directors

Any shareholder of the Company may nominate one or more persons for election as a director at an Annual Meeting of Shareholders if the shareholder complies with the notice, information and consent provisions contained in our bylaws. We have an advance notice bylaw provision under which for a director nomination to be timely for the 2016 Annual Meeting, a shareholder's notice to our secretary must be delivered to our principal executive offices not less than 90 days nor more than 120 days before the anniversary of the date of the 2015 Annual Meeting. As a result, any notice for a director nomination given by a shareholder pursuant to the

A-10

provisions of our bylaws must be received no earlier than March 11, 2016 and no later than the close of business on April 10, 2016.

If the date of our 2016 Annual Meeting is a date that is not within 30 days before or 60 days after July 9, 2016, the anniversary date of our 2015 Annual Meeting, shareholder director nominations must be delivered to our principal executive offices no earlier than the close of business on the 120th day before the 2016 Annual Meeting and not later than the close of business of (i) the 90th day prior to the 2016 Annual Meeting or (ii) the 10th day following the day on which public announcement of the date of the 2016 Annual Meeting is first made by us.

Shareholder nominations must include the information regarding each nominee required by our bylaws. A copy of our bylaws is posted on our website under “Corporate Governance” at <http://investors.picoholdings.com> (the information on our website is not incorporated by reference into this proxy statement). Nominations not made according to the procedures set forth in the applicable bylaws will be disregarded. The Corporate Governance and Nominating Committee will consider candidates recommended by shareholders, when submitted in writing along with the candidate’s resume and any other relevant information. All candidates (whether identified internally or by a qualified shareholder) who, after evaluation, are then recommended by the Governance and Nominating Committee and approved by the Board of Directors, will be included in our recommended slate of director nominees in our proxy statement. For information about shareholder proposals (other than nominations of directors), please see “Shareholder Proposals to be Presented at Next Annual Meeting” in this proxy statement.

A copy may be obtained without charge by writing to our Corporate Secretary at 7979 Ivanhoe Avenue, Suite 300, La Jolla, California 92037. Security Ownership of Certain Beneficial Owners and Management and Related Shareholder Matters

The following table sets forth information, as of March 1, 2016, with respect to the beneficial ownership of our common stock by (i) each person whom we know to be the beneficial owner of more than 5% of our common stock based upon Schedule 13G and Schedule 13D reports filed with the Securities and Exchange Commission, (ii) each of our directors, (iii) each “named executive officer”, and (iv) all of our current executive officers and directors as a group.

Unless otherwise indicated, the business address for each person is 7979 Ivanhoe Avenue, Suite 300, La Jolla, CA 92037. The amounts and percentages of common stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a “beneficial owner” of a security if that person has or shares “voting power,” which includes the power to vote or to direct the voting of such security, or “investment power,” which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Under these rules, more than one person may be deemed a beneficial owner of the same securities and a person may be deemed a beneficial owner of securities as to which he has no economic interest.

Except as otherwise noted, we believe, based on the information furnished to us, that the persons named in the table below have sole voting and investment power with respect to all shares of common stock reflected as beneficially owned, subject to applicable community property laws. Executive Summary

Our Business Model Drives our Compensation Philosophy and Programs

As a diversified holding company, we believe that we have a business model that is unique for a public company. To maximize long-term shareholder value, our strategic mission is to select and develop undervalued assets to achieve a superior return on net assets. To do this we:

- (i) evaluate, acquire and develop undervalued assets in strategic asset classes at valuations that we believe provide significant downside risk protection;
- (ii) enhance the value of those assets through our operational expertise, development activities, transaction structure and efficient use of capital; and

A-15

- (iii) attempt to achieve gains in book value per share through both operating returns and disposition of assets at appropriate times.

Asset dispositions frequently are several years following our acquisition of such assets. We are risk averse, using appropriate levels of debt in our investments, and we are focused on long-term returns. Because our business model focuses on long-term objectives rather than short-term earnings, our compensation arrangements are principally driven by increases in shareholder equity over the long-term.

This business strategy requires a management team that functions within an entrepreneurial culture with demonstrated expertise in asset and business acquisitions, investments in all types of securities (public and private) and financial management and business operations of acquired entities in local as well as international markets. Our management team must review, operate and manage a broad and diversified range of businesses, investments, assets, and operations that currently include water resources and storage, real estate, agribusiness and oil and gas, but may include related or unrelated businesses in the future. In addition, our management team must assist in setting strategic direction for each business and the company as a whole. This team is also responsible for seeking and investigating new investment and acquisition opportunities as well as coordinating and maintaining good investor relations.

We have a simple compensation philosophy, which is to hire good people and pay them for performance that is measured by increases in shareholder value. We define “good people” as individuals who are smart, resourceful, experienced, hardworking, and ethical. A relatively small number of people have been part of the core team of executives responsible for driving our performance over the long-term. Our CEO and Chief Financial Officer (“CFO”) have been with the Company for over 18 years and our other NEOs have all been with the Company for over 15 years. Our CEO was instrumental in restructuring the Company and developing and implementing our business model. Our small management team provides for more efficient decision making and greater accountability.

Although we may pay out on our incentive compensation awards in a particular year, this compensation is a result of years of cumulative efforts that are recognized when there is a monetization event. This practice more closely aligns the compensation of our executive officers with our corporate objectives and risk tolerance.

Corporate Governance Highlights

What we do

- ü Provide “double-trigger” change in control benefits

What we don’t do

- þ No excessive change in control severance payments

- þ No tax gross-ups
- þ No excessive prerequisites

ü Maintain claw back policy

ü No repricing of underwater stock options

Executive Compensation Program

Our Compensation Philosophy

Our compensation philosophy is based on retaining our long-tenured executive team that is instrumental to our success. Our CEO and CFO have been with the Company for over 18 years and our other NEOs have all been

A-16

with the Company for over 15 years. We consider retention of our key executives important because it could be very disruptive and costly for our business if we needed to replace any of our key executives. Our CEO was instrumental in restructuring the Company and developing and implementing our business model. Our other NEOs (as well as the senior executives of our businesses) are his handpicked team that has assisted our CEO in successfully executing our business strategy, in many cases for over a decade. They have acquired a valuable and specific skill set over the years with us that we would have a difficult time replacing.

Our executive compensation program is designed to retain our executive officers and, when warranted based on successful performance, reward them for achieving superior growth in book value per share with moderate risk. One way we measure our success is by the long-term growth in our book value per share. In structuring our cash incentive award program, we use the growth in our book value per share because that metric focuses our management team on overall business growth and long-term profitability and directly influences shareholder value. As our book value per share declined in the year ended 2014, none of our NEOs earned a cash incentive award. Additionally, we use changes in our stock price as a metric for measuring our long-term performance. Our CEO and other NEOs have been awarded stock based compensation in the form of service vesting restricted stock units (“RSU”), performance-based price-contingent stock options (“Performance-Based Options”), and prior to 2007 in the form of stock-settled appreciation rights (“SAR”). Their compensation is, therefore, closely aligned to the long-term growth in our stock price.

Because of the relatively infrequent timing of our asset monetization transactions, we do not have a short-term focus on earnings. As a result, we do not believe that short-term measures are useful in evaluating our financial performance or compensating our executives. Although we may pay out on our incentive compensation awards in a particular year, this compensation is a result of years of cumulative efforts that are recognized when there is a monetization event. This practice more closely aligns the compensation of our executive officers with our corporate objectives and risk tolerance.

The Role of the Compensation Committee in Determining Executive Compensation

Our executive compensation program is subject to a thorough process that includes Compensation Committee review and approval of program design and practices; the advice of an independent third-party compensation consultant engaged by the Compensation Committee; and consistently applied practices with respect to incentive compensation. The Company’s compensation program is intended to be equitable, accountable, transparent and shareholder-centric.

Our Compensation Committee is composed of “outside directors” within the meaning of Section 162(m) of the Internal Revenue Code and “non-employee directors” within the meaning of Exchange Act Rule 16b-3, who also meet the independence requirements of the NASDAQ Global Market. The Compensation Committee is responsible for assuring that all of our executive compensation decisions are developed, implemented and administered in a way that supports our fundamental philosophy that a significant portion of executive compensation is linked to our performance. To this end, the Compensation Committee oversees and administers all of our executive compensation plans and policies, administers our 2014 Equity Incentive Plan (including reviewing and approving grants of awards under the 2014 Equity Incentive Plan), and annually reviews and approves the individual elements of the NEOs’ total

compensation packages.

Management Interaction with Committee

In carrying out its responsibilities, our Compensation Committee works with members of our management team, including our CEO. The management team assists our Compensation Committee by providing information on Company and individual performance, market data, and management's perspective and recommendations on compensation matters. Our Compensation Committee solicits and reviews the CEO's recommendations and proposals with respect to annual cash compensation adjustments, equity incentive awards, program structures, and other compensation-related matters (other than for the CEO). Our Compensation Committee uses the CEO's recommendations and proposals as one of many factors in reviewing and approving the compensation for the

A-17

Company's NEOs (other than the CEO) and direct reports to the CEO. Our Compensation Committee meets in executive session to set the compensation of our CEO.

Use of Independent Compensation Consultant

Our Compensation Committee engages an independent compensation consultant to provide the Committee with information, recommendations, and other advice relating to executive compensation. For fiscal 2014, the Committee engaged Compensia to serve as the independent compensation advisor. Compensia serves at the discretion of the Committee and regularly meets with the Committee, both with and without management present.

In fiscal 2014, Compensia regularly participated in Committee meetings and provided assistance to the Committee, including:

- ü Review and analysis related to our executive officers' base salaries, annual cash incentive compensation, and equity incentive compensation levels and plan structures;
- ü Assessment of industry trends, corporate governance and legislative environment;
- ü Develop "tally sheets" to provide a comprehensive view of our executive officers' total compensation arrangements, including cash compensation (fixed and variable), equity incentive compensation (past awards and the current and projected values of these awards), and post-employment obligations (severance and change-of control-benefits);
- ü Review of equity compensation design and strategy; and
- ü Review of the Compensation Discussion & Analysis.

In fiscal 2014, Compensia was not engaged by management to provide any services to the Company. The Committee reviewed Compensia's independence in fiscal 2014 and found that there were no conflicts of interest.

Use of Market Data

For purposes of comparing our executive compensation against the competitive market, our Compensation Committee utilizes two sets of peer groups. Our primary peer group consists of 12 companies that we believe most closely match us in terms of business structure and were within our desired range for gross assets and market capitalization. Our secondary peer group consists of 20 companies from the broader financial industry that were within our desired range for gross assets and market capitalization. We use the primary peer group to provide us compensation information for companies most like us. However, because of the limited number of companies we could identify, we use the broader group to provide a more general understanding of compensation levels and design for financial companies. We limit peer companies to a range of between 50% and 200% of our gross assets and market capitalization at the time we review the peers. The Committee reviews the Company's peer groups at least annually and makes adjustments to its composition, taking into account changes in both the Company's business and the businesses of the companies in the

peer group.

Our primary peer group consisted of the following 12 companies:

Biglari Holdings	Hercules Technology Growth Cap	MCG Capital
Blackstone Mortgage Trust	ICG Group	Otter Tail
Capital Southwest	KCAP Capital	Safeguard Scientifics
Harris & Harris Group	Main Street Capital	Triangle Capital

Our secondary peer group consisted of the following 20 companies:

Biglari Holdings	GFI Group	MCG Capital
Calamos Asset Management	Green Dot	Otter Tail
Capital Southwest	Greenhill & Co	Piper Jaffray
Cowen Group	Hercules Technology Growth Cap	Safeguard Scientifics

A-18

Encore Capital Group	HFF	Triangle Capital
Evercore Partners	Ladenburg Thalmann Financial	World Acceptance
FBR & Co	Main Street Capital	

To analyze the compensation practices of the peer group companies, Compensia gathered data from public filings. This market data, consisting of the peer proxy data was then used as a reference point for the Committee to assess the Company's current compensation levels in the course of its deliberations on compensation forms and amounts. Our Compensation Committee also considered how much hedge funds or private equity groups would receive as fees if it had the same amount of assets under management as our gross assets, because our key executives may have opportunities in the hedge fund and private equity industry. Understanding the fee structure of hedge funds and private equity provides the Committee an additional data point on the competitiveness of our executive compensation program.

Determining the Amount of Compensation for Our NEOs

The amount of compensation we provide our NEOs is intended to be:

Reasonable and appropriate for our business needs and circumstances. Our Compensation Committee considers as reference points for comparative purposes compensation practices of other public companies as well as hedge funds where our executives could find employment. While we develop peer groups for reviewing market practices, because of our unique business model, we use the peer groups for informational purposes and do not target specific benchmark percentiles.

Internally fair and equitable relative to roles, responsibilities and work relationships. Management and the Compensation Committee may consider certain business and individual factors to evaluate internal fairness and equity. We do not attempt to establish specific internal relationships among the NEOs.

Variable from year-to-year based on the Company's performance ("pay-for-performance"). Our annual cash incentive program and equity incentive awards deliver compensation to our NEOs when we achieve our financial objective of growing book value per share and the price of our stock appreciates above the value of the equity based award.

Reflective of the lean management structure we employ. We have a limited set of executives and staff running our operations. This keeps our overall corporate overhead at reasonable levels, but also demands more from our team. The Compensation Committee takes into account the overall cost savings of our model when considering compensation.

Focused on retaining the core team of executives. Retention of our core team of executives is critical to our business strategy, because the loss of any executive will require significant resources to replace. The Compensation Committee considers the retention of the executives when designing the executive compensation program.

A-19

Key Components of Our NEO Compensation Program

This table includes the principal components of our pay-for-performance approach.

Component	Purpose	Form	Pay-for-Performance	Comment
Base salary	Provide sufficient competitive pay to attract and retain experienced and successful executives.	Cash	Adjustments to base salary consider individual performance, contributions to the business, competitive practices and internal comparisons.	Annual fixed cash compensation. Base salary reflects the employee's level of responsibility, expertise, skills, knowledge and experience. For our CEO, base salary is fixed for the term of his employment agreement, subject to annual cost of living adjustments. For our other NEOs, base salary is reviewed on an annual basis.
Cash incentive	Encourage and reward contributions to our financial results. Engage executives in execution of our business strategy. Emphasize accountability for results.	Cash	The potential award amount varies with the degree to which we increase our book value per share in comparison to the performance of the S&P 500 over a five-year period.	Annual variable cash compensation. The Compensation Committee determines and approves the actual amount earned after the close of the fiscal year.
Equity incentive	Encourage and reward building long-term shareholder value, employment retention and company stock ownership. Align executives with shareholder interests and retain executive officers through long-term vesting.	RSU and Performance-Based Options	RSU retain executives and align them with shareholders' interests by awarding a fixed number of shares upon vesting. Performance-Based Options reward building long-term shareholder value (see equity compensation section for a more detailed description of Performance-Based Options).	The Compensation Committee, at its sole discretion, determines the value of stock-based awards granted each year. We require stock ownership through stock ownership guidelines applicable to our CEO, CFO and other designated executive officers.

We also provide the following compensation and benefit programs to our executives, many of which are broadly available to all of our employees:

Component	Objectives and Basis	Form
Retirement benefits	Retain and recruit our executive officers.	401(k) plan. Provides a tax-deferred means to save for retirement. The NEOs have the opportunity to participate in this Section 401(k) plan on the same basis as all of our other employees.
Deferred compensation opportunity	Retain and recruit our executive officers by offering them an opportunity to defer income tax on amounts deferred.	Non-qualified deferred compensation plan. We do not make any matching or other contributions to the nonqualified deferred compensation plan. The amounts deferred under the plan are credited with interest, earnings, appreciation, losses and depreciation based on the performance of equities, bonds or cash selected by the participants, and are held in a grantor trust, the assets of which are subject to the claims of our creditors.
Insurance and other benefits	Provide for the safety and wellness of all of our employees, including our executive officers.	These benefits include health insurance, life insurance, dental insurance, vision insurance, and disability insurance, which are available to all employees, including our NEOs, on a nondiscriminatory basis.
Termination and severance benefits	Retain and recruit our executive officers.	Various, including cash and accelerated vesting of equity incentives in certain circumstances.

2014 Executive Compensation Decisions

Say-on-Pay Vote

At our 2014 Annual Shareholder Meeting, 82.8% of our shareholders voted in favor of our non-binding, advisory vote on our executive compensation program. Our Compensation Committee considered the results of the vote and reviewed feedback we have received on our executive compensation program along with the reports of Institutional Shareholder Services (“ISS”) and Glass Lewis and determined that there were no issues with our current executive compensation program and therefore our Compensation Committee did not make any changes to our compensation program as a result of the 2014 vote.

Assessment of 2014 Executive Officer Compensation

During 2014, the Compensation Committee performed a formal assessment of our executive compensation program with assistance from its independent executive compensation consulting firm, Compensia. As explained in greater

detail in the following section, we took the following actions regarding executive compensation in 2014:

Our CEO, CFO, and V.P. of Investments received a base salary increase to reflect cost of living adjustments and our Chief Accounting Officer (“CAO”) received a 34.5% increase to reflect a market based adjustment; None of our executive officers earned a cash incentive award in 2014 under our incentive plan; and We granted equity compensation awards to certain of our NEOs consisting of both RSU and Performance-Based Options. In order for the Performance-Based Options to be exercisable, the Company’s stock price must be at least 125% of the Company’s stock price at the grant date for a period of at least 30 trading days.

A-21

2014 Cash Compensation

Base Salary: At the beginning of 2014, we increased the base salaries of our CEO, CFO, and V.P. of Investments by 0.9% as a cost of living adjustment and increased the base salary of our CAO by 34.5% to reflect a market based adjustment.

Officer	2013 Salary	2014 Increase	2014 Salary
John R. Hart	\$2,094,482	0.9	% \$2,113,000
Maxim C.W. Webb	\$525,789	0.9	% \$530,500
John T. Perri	\$297,413	34.5	% \$400,000
W. Raymond Webb	\$249,489	0.9	% \$251,700

Cash Incentive Awards: We provide cash incentive awards that are based on the Company's increase in book value in comparison to a five-year annualized total return of the Standard & Poor's 500. While we evaluate performance annually, the metrics relate to our long-term performance, rather than a short-term focus on annual earnings. This is because changes in our book value may only be realized when we sell an investment after many years of work in developing it. Accordingly, these awards motivate our executive officers and align their interests with our business strategy and thus, the interests of our shareholders.

In order to receive a payment, annual growth in our book value per share has to exceed a threshold level of 80% of the Standard & Poor's 500's annualized total return for the previous five calendar years. We tie our cash incentive awards to the five-year average of the Standard & Poor's 500 index in order to emphasize long-term performance and to pay for relative performance that is better than the general market. We believe that this approach closely aligns our executive officers' pay with our corporate objectives and risk tolerance.

Our CEO's employment agreement provides for a cash bonus when our growth in annual book value per share exceeds 80% of the Standard & Poor's 500's annualized total return for the previous five calendar years. If our growth in book value per share in a fiscal year exceeds the threshold level, our CEO will receive 7.5% of the increase in book value per share multiplied by the number of shares of our common stock outstanding at the beginning of the fiscal year.

In addition, our Board of Directors has determined to provide Messrs. M. Webb and Perri with an annual incentive award equal to each of their base salaries multiplied by the ratio of the annual incentive compensation payments paid to our CEO to our CEO's base salary. For example, if our CEO's total incentive compensation payments equal 50% of his base salary, each of these NEOs is eligible to receive an incentive compensation award equal to 50% of his base salary. As a result, the incentive compensation opportunity for each of these two NEOs is based on the same growth in book value per share metric that is applicable to our CEO.

In 2014, our book value per share declined and as a result, none of our NEOs received an annual incentive compensation award for 2014.

2014 Equity Incentives

Under the 2014 Equity Incentive Plan, which was approved by shareholders in 2014, the Compensation Committee may award to participants various forms of equity-based incentives, including SAR, Performance-Based Options, restricted stock, RSU, performance awards, deferred compensation awards, and other stock-based awards.

Historically, the Company has not made annual awards of equity incentives. Rather, we have granted equity incentive awards periodically every several years. In accordance with our equity incentive program, we did not grant any equity incentive awards to our NEOs in 2013, 2012 and 2011, because we granted a multi-year award in 2010. Consequently, when we have made such awards, for example in 2010, this has resulted in the appearance that we granted equity incentive compensation at levels in excess of the companies in our peer group. Under SEC rules, equity incentive awards must be reported at their grant date value in the year of grant regardless of the vesting period for the award or the frequency of the grants. To address concerns from our institutional investors and their advisers and better align with the prevailing market practice, we commenced a program in 2014 to make annual grants (in smaller amounts than a multi-year award) with at least one-half of the exercisability of the award tied to performance-based criteria.

The Compensation Committee determined that an appropriate form of equity incentive compensation for our NEOs should be comprised of a mix of equity awards with at least one-half of the awards, based on their approximate grant date accounting value, consisting of Performance-Based Options and the remainder consisting of service-vesting RSU, which vest annually in four equal installments. Performance-Based Options are granted with exercise prices at the fair market value of our stock on the grant date and will have a typical three year

vesting schedule, but, in addition, must achieve a stock price target in order to be exercisable. For example, if we were to grant a stock option with a stock price contingency of 125% of the grant date stock price and our stock price was \$20 on the grant date, then (i) the exercise price of the option would be \$20; (ii) the option would vest ratably over three years; and (iii) to be exercisable, the average stock price for thirty trading days would need to be equal to or more than \$25 per share. Once the stock achieved this stock price target the stock option would be exercisable to the extent vested and any portion of the option that was not vested at the time the price target was met, would be exercisable as it vested. The price target needs to be achieved once for the option to be exercisable and later declines in the stock price below the price target (\$25 per share in our example) would not affect the exercisability of the option. We believe these price-contingent stock options align the executives with the shareholders and provide the long-term focus we strive for in our executive compensation program and provide a reasonable reward to our executives for a 25% increase in our market capitalization from the option grant date.

Other Executive Compensation Matters

Shareholder Engagement

We engage with our shareholders to see if they have any concerns with our executive compensation program and corporate governance policies. After receiving significant shareholder feedback in 2011, we enacted a set of policy changes in 2012, which are described below, and we strive to adopt best-practice executive compensation policies. Subsequent to the policy changes in 2012, we continue to have dialog with our shareholders regarding stock-based compensation.

Claw Back Policy

In 2012 we adopted a policy that would require our CEO, CFO and other designated executive officers, to repay to us the amount of any annual cash incentive received to the extent that:

• The amount of such payment was based on the achievement of certain financial results that were subsequently the subject of a restatement that occurs within 12 months of such payment;

The executive officer had engaged in theft, dishonesty or intentional falsification of our documents or records that resulted in the obligation to restate our financial results; and
•
▲ A lower annual cash incentive would have been paid to the executive officer based upon the restated financial results.

The Compensation Committee is responsible for the interpretation and enforcement of this repayment policy. We intend to amend our repayment policy to comply with any additional requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 after the SEC adopts regulations implementing those requirements.

Stock Ownership Guidelines

Our stock ownership guidelines for our CEO, CFO and other executive officers designated by the Compensation Committee help ensure that those officers maintain an equity stake in the Company, and by doing so, appropriately link their interests with those of other shareholders. We also have stock ownership guidelines for our non-employee directors, which are addressed below with the discussion of director compensation. These ownership guidelines count shares actually owned, vested deferred stock units, and 50% of the vested stock options and SAR towards the equity ownership requirement. Until the applicable stock ownership guideline is

A-23

met, the officer is required to retain 25% of the net shares received as a result of the exercise of the Company's stock options or SAR and receipt of RSU. Each of our executive officers are in compliance with the guidelines.

The guidelines are as follows:

Role	Ownership Guideline
CEO	lesser of 275,000 shares or 3x base salary
CFO	lesser of 18,000 shares or 1x base salary
Other designated executive officers	lesser of 10,000 shares or 1x base salary

Termination and Change in Control

We provide certain termination of employment payments and benefits to our NEOs. We provide these payments and benefits to help retain and recruit our NEOs, which is one of the primary objectives of our executive compensation program. We believe that providing these benefits allows our NEOs to focus on our business and what is in the best interests of our shareholders regardless of the potential impact on them personally. Our Compensation Committee determined the level of benefits based on a review of the market by our independent compensation consultant, the recommendations of management and considering the nature of our business and executive compensation program.

All stock-based awards for our executives provide that the unvested equity awards assumed by a buyer in the event of a change of control would not automatically accelerate at the close of the transaction (a "single trigger") and instead the vesting would only accelerate if there was a qualifying termination following the change in control (i.e., "double trigger" treatment of unvested awards).

See "*Potential Payments upon Termination or Change in Control*" for a more detailed description of our termination and change in control benefits for the NEOs.

Tax and Accounting Treatment of Compensation

Under Section 162(m) of the Internal Revenue Code, annual compensation in excess of \$1 million to each of a company's CEO and three other most highly compensated executive officers, not including the CFO, (the "covered employees") is not deductible as compensation expense for United States federal income tax purposes. However, certain types of compensation, including performance-based compensation, may be exempt from this limit if the

material terms of the performance goals under which the compensation is to be paid have been disclosed to, and subsequently approved by the shareholders, and the additional requirements for exemption have been satisfied. In structuring the annual and equity incentive awards for our NEOs, the Company considers Section 162(m) and how compensation must be structured to be qualifying “performance-based compensation.” In its discretion, the Company may try to qualify compensation as “performance-based”, but may also pay compensation that does not qualify as “performance-based” if the Committee determines that form of compensation is in the best interest of the Company and its shareholders.

To enable the Company to provide incentive compensation to its covered employees that may qualify for full federal income tax deductibility, we submitted a Performance Incentive Plan (“Plan”) to shareholders in 2013, which shareholders approved. By approving the Plan, the shareholders approved, among other things, the participant eligibility requirements, the performance criteria upon which incentive awards may be based, and the maximum dollar amount of compensation that may be paid to any participant for each fiscal year contained in the performance period applicable to an incentive award.

Under Internal Revenue Code Section 409A, a nonqualified deferred compensation plan, must comply with certain requirements related to the timing of deferral and distribution decisions, otherwise amounts deferred under the plan could be included in gross income when earned and be subject to additional penalty taxes. We administer our equity plans and equity awards in accordance with Section 409A requirements.

Compensation Risk Management

The Compensation Committee considered the risk in our compensation programs and practices and determined:

Our focus is on long-term growth with reasonable leverage, and this philosophy is conducive to minimizing compensation related risks;

- Our incentive plans are well designed, effectively administered, focused on relevant performance measures;

- Our plans are reasonable with respect to potential compensation levels;

The elements of our compensation plan are appropriately weighted in our overall mix that achieves a balance of focus between operating results and strategic results;

Base salaries for executive officers are sufficiently competitive to eliminate the need for them to take unnecessary risk in order to earn large incentives necessary to provide adequate cash compensation;

Equity-based compensation levels are competitive and sufficient to provide a balanced focus between short- and long-term priorities and results and does not encourage the taking of short-term risks at the expense of long-term results; and

Our insider trading policies, independent oversight by the Compensation Committee, and our stock ownership guidelines and “claw back policy” mitigate any potential risks in our compensation programs.

Based on this review, the Compensation Committee concluded that our compensation policies, plans, and practices do not encourage unnecessary or unreasonable risk-taking and do not encourage executives or employees to take risks that are reasonably likely to have a material adverse effect on the Company.

Compensation Tables and Narrative Disclosures

The following tables, narrative disclosures and footnotes describe the total compensation and benefits for our NEOs for fiscal 2014. The values presented in the tables do not always reflect the actual compensation received by our NEOs during the fiscal year because some portion of an NEO's compensation may have been deferred pursuant to our nonqualified deferred compensation plan.

Summary Compensation Table

The following table presents information concerning the compensation of the NEOs for services during 2014, 2013, and 2012. The SEC's current executive compensation disclosure rules require us to value stock awards and option awards reported in the following table using the grant date fair value of the awards, rather than using the amount recognized for financial statement reporting purposes to value these awards.

The reported values reflect the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board, Accounting Standards Codification Topic 718. As these values reflect the aggregate grant date fair value, they do not necessarily correspond to the actual value that may be recognized. The assumptions that we made to determine the value of our awards for accounting purposes are described in detail under the section titled (1) Stock-Based Compensation in Note 10 of the notes to consolidated financial statements included in our Annual Report on Form 10-K filed with the SEC on March 16, 2015.

Amounts in this column include contributions made by the Company on behalf of the NEOs to the 401(k) plan and (2) health savings accounts. It also includes amounts for service awards paid in the Company's stock and expense reimbursements.

Represents RSU granted under the 2014 Equity Incentive Plan. The aggregate grant date fair value of these awards was computed based on the closing price of the Company's stock on the date of grant. These awards are subject to (1) the NEOs continued employment or service with us. These RSU will vest annually in four equal installments beginning on November 14, 2015, and may also vest earlier in connection with certain terminations of employment.

Represents Performance-Based Options granted under the 2014 Equity Incentive Plan. The aggregate grant date fair value of these options was computed using a Monte Carlo model. The Performance-Based Options contain a market condition based on the achievement of a stock price target during the contractual term and vest monthly (2) over a three year period. The vested portion of the options may be exercised only if the 30-trading-day average closing sales price of the Company's common stock equals or exceeds 125% of the grant date stock price. The stock price contingency may be met any time before the options expire and it only needs to be met once for the Performance-Based Options to remain exercisable for the remainder of the term.

Pension Benefits and Non-qualified Deferred Compensation Plans

We do not maintain any qualified or non-qualified defined benefit pension plans. Our executive officers, however, may make voluntary deferrals of salary, bonus and other cash compensation through our non-qualified deferred compensation plan. We do not make any matching or other contributions to the non-qualified deferred compensation plan. Amounts deferred under the plan therefore have already been earned, but participating executive officers have chosen to defer receipt of the cash payment under the terms of the plan.

Each NEO who chooses to defer compensation under our non-qualified deferred compensation plan may elect, in accordance with Section 409A of the Internal Revenue Code, to receive payment in the form of a lump sum on a date certain or on separation from service, or in the form of up to 10 substantially equal annual installments beginning on a certain date or separation from service. Payment will automatically be made in a lump sum upon an executive officer's death. Payment under the plan may also be made in connection with an unforeseeable emergency or certain terminations of the plan.

Amounts deferred under the non-qualified deferred compensation plan are credited with interest, earnings, appreciation, losses and depreciation based on the performance of the investments held in the plan. Each individual participant bears their own market risk and reward for their own deferrals under the plan.

Non-qualified Deferred Compensation

The following table presents information regarding the contributions to and earnings on NEOs deferred compensation balances during 2014, and also shows the total deferred amounts for the NEOs at the end of 2014.

- Represents SAR held by each NEO as of December 31, 2014. The actual number of shares to be issued to an NEO who exercises a SAR will be based on the net exercise value (that is, the market price per share of our stock on the date of exercise, minus the exercise price) times the number of SAR exercised, minus applicable taxes withheld in the form of shares. At December 31, 2014, none of the outstanding SAR held by our NEOs were in-the-money.
- (1) Represents Performance-Based Options granted on November 14, 2014, pursuant to our 2014 Equity Incentive Plan. The Performance-Based Options contain a market condition based on the achievement of a stock price target during the contractual term and vest monthly over a three year period. The vested portion of the options may be
- (2) exercised only if the 30-trading-day average closing sales price of the Company's common stock equals or exceeds 125% of the grant date stock price. The stock price contingency may be met any time before the options expire and it only needs to be met once for the Performance-Based Options to remain exercisable for the remainder of the term.
- Represents RSU granted on November 14, 2014, pursuant to our 2014 Equity Incentive Plan. These awards are subject to the NEOs continued employment or service with us. These RSU will vest annually in four equal
- (3) installments beginning on November 14, 2015, and may also vest earlier in connection with certain terminations of employment. The market value of the RSU reported above is based on \$18.85 per share, which was the closing market price of our common stock on December 31, 2014.

Potential Payments upon Termination or Change in Control

The following section describes the payments and benefits that our NEOs may receive in connection with their termination of employment with the Company, or in connection with a change in control of the Company. All of the severance and other payments and benefits described in this section will be paid or provided by the Company. In addition to the amounts presented below, our NEOs may be entitled to the benefits quantified and described above under "Nonqualified Deferred Compensation." The NEOs may also be entitled to additional severance payments and benefits under our severance benefit plan, which is generally available to all salaried employees and provides for two weeks of base salary for each full year of employment with us upon a termination of employment by us for any reason other than cause.

Please see our "Compensation Discussion and Analysis" for a discussion of how the payments and benefits presented below were determined.

2014 Equity Incentive Plan - Upon a change in control of the Company, the plan administrator has the discretion to take any of the following actions with respect to stock awards:

- provide for acceleration of the exercisability, vesting and/or settlement of any outstanding stock award or portion thereof;
- provide for the assumption, continuation or substitution of an outstanding stock award or portion thereof by a surviving, continuing, successor, or purchasing corporation or other business entity or parent thereof; or
- provide for any outstanding stock award or portion thereof denominated in shares of common stock to be canceled in exchange for a payment with respect to each vested share (and each unvested share, if so determined) of common stock subject to such canceled stock award in (i) cash, (ii) stock of the Company or of a corporation or other business entity a party to the change in control, or (iii) other property which, in any such case, shall be in an amount having a

fair market value equal to the fair market value of the consideration to be paid per share of common stock in the change in control, reduced (but not below zero) by the exercise or purchase price per share, if any, under such stock award.

Under the 2014 Equity Incentive Plan, a “change in control” is generally the consummation of (i) the acquisition by a person or entity, directly or indirectly, of securities of the Company representing more than 50% of the total

A-29

fair market value or total combined voting power of the Company's then outstanding securities entitled to vote generally in the election of directors, (ii) a transaction or series of related transactions in which the shareholders of the Company immediately before the transaction do not retain immediately after the transaction direct or indirect beneficial ownership of more than 50% of the total combined voting power of the outstanding securities entitled to vote generally in the election of directors, or (iii) a date specified by the plan administrator following approval by the shareholders of a plan of complete liquidation or dissolution of the Company.

As indicated in the Outstanding Equity Awards at Fiscal Year-End table above, the only awards held by our NEOs at the end of 2014 were RSU, Performance-Based Options, and SAR. Using the "in-the-money" value model, the value of the SAR and Performance-Based Options awarded to our NEOs (assuming a change in control of the Company had occurred as of December 31, 2014) would be zero because the exercise price of all SAR and Performance-Based Options granted before December 31, 2014 was greater than \$18.85, the closing market price of our common stock on the NASDAQ Global Market on December 31, 2014.

Mr. Hart. Pursuant to the operation of the terms of his employment agreement, as amended in 2014, if our CEO is terminated other than "for cause" or if he resigns for "good reason" or his employment ends due to death or disability, he is entitled to receive a separation package consisting of (i) the greater of (a) his base salary for the remaining term of this employment agreement or (b) two times his base salary at the date of termination; (ii) immediate vesting of all unvested equity interests; (iii) continuation of health care benefits until his death or he accepts health coverage from another employer; and (iv) payment of the pro rata portion of any earned annual incentive award with respect to the year in which his employment is terminated. The amended employment agreement also permits the Company to pay a single lump sum amount of \$540,000 in lieu of continued health benefits if the Company determines that the benefits cannot be provided without incurring financial costs or penalties. Additionally, the RSU, Performance-Based Options, and SAR awards held by Mr. Hart will fully vest upon his termination of employment without cause, excluding death or disability, and on a change in control transaction if the buyer does not assume or substitute for all equity awards.

Messrs. M. Webb and Perri. The Company has severance agreements with both Messrs. M. Webb and Perri. These agreements provide that, in the event of involuntary termination of the executive without cause, the executive would receive a lump sum cash payment equal to the sum of (1) twenty-four months of the executive's base salary then in effect and (2) an amount equal to the executive's pro-rata share of any annual cash incentive award earned for the year in which involuntary termination occurred.

Mr. R. Webb. Mr. R. Webb is not a party to an employment agreement or severance agreement with us and is only entitled to severance payments and benefits under our generally applicable severance benefit plan. Payments and benefits under this plan generally include two weeks of base salary for each full year of employment with us if we terminate a participant's employment for any reason other than cause.

Estimated Potential Payments for our NEOs. The following table lists the estimated value of the RSU awarded to Messrs. Hart, M. Webb, Perri and R. Webb assuming a change in control of the Company occurred on December 31, 2014. The amount of severance listed below for Mr. Hart is pursuant to his employment agreement; the amount of severance listed below for Messrs. M. Webb and Perri is pursuant to their severance agreements, and the amount of

severance listed below for Mr. R. Webb is post-termination compensation that would be due pursuant to our employee benefit plan. Performance-Based Options and SAR have been excluded as they are out-of-the-money at December 31, 2014.

DIRECTOR COMPENSATION

Our non-employee director compensation program provides for the following: (1) the Chair of the Board of Directors receives an annual retainer of \$45,000; (2) all non-employee Directors receive an annual retainer of \$80,000 cash and \$50,000 of RSU, which vest annually from the date of grant; (3) the chairs of the Audit, Compensation, and Corporate Governance and Nominating Committees each receive annual retainers of \$20,000, \$15,000, and \$10,000, respectively; (4) the daily fee for attendance at educational activities or seminars, which has an annual maximum of \$5,000; and (5) no annual cost of living increase in board and committee fees.

Pursuant to the Compensation Committee's recommendation each non-employee director received 2,202 RSU on June 3, 2014. These awards will vest in their entirety on June 3, 2015. The following table sets forth compensation earned during 2014 for each non-employee director who served during 2014.
