QUESTIONS AND ANSWERS

1. Q: WHAT IS THE PURPOSE OF THE PROXY?

A: This proxy statement and the accompanying proxy relate to the annual meeting of stockholders of GrafTech International Ltd., a Delaware corporation ("GRAFTECH" or the "CORPORATION" and, together with its subsidiaries, "WE," "US" or "OUR"), for 2003. GrafTech's Board of Directors is soliciting proxies from stockholders in order to provide every stockholder an opportunity to vote on all matters submitted to a vote of stockholders at the meeting, whether or not he or she attends in person. The proxy authorizes a person other than a stockholder, called the proxyholder, who will be present at the meeting, to cast the votes which the stockholder would be entitled to cast at the meeting if the stockholder were present. It is expected that this proxy statement and the accompanying proxy will be first mailed or delivered to stockholders beginning on or about April 28, 2003.

Impact on attending in person. Submitting a proxy will not affect your right to vote in person should you decide to attend our annual meeting.

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

2. Q: HOW DO I CAST MY VOTE?

A: If you hold your shares in street name (such as in a brokerage account or in the name of a bank or other nominee), there are four different ways you may cast your vote. You can vote by:

- o telephone, by calling the toll-free number on the vote instruction card.
- o the Internet, by logging onto www.proxyvote.com and then following the instructions as they appear on your computer screen. The Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly. Stockholders voting via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder.
- o marking, signing, dating and mailing the vote instruction card and returning it in the envelope provided.
- o attending and voting at the meeting, if you marked your vote instruction card that you will attend the meeting and obtained authorization from your bank, broker or nominee pursuant to instructions on your vote instruction card.

Deadline for Internet and telephone voting. Votes submitted electronically via the Internet or by telephone must be received by midnight, eastern daylight savings time, on May 27, 2003.

If you hold your shares registered in your name, there are two different ways you may cast your vote. You may vote by:

- o marking, signing, dating and mailing the accompanying proxy and returning it in the envelope provided.
- o attending and voting at the meeting after you have indicated your intention to attend the meeting on the accompanying proxy.

A: The only matters known to management to be submitted to a vote of stockholders at the meeting are:

- o Proposal One: Election of directors;

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

50,000,000 shares.

If any of the nominees nominated by GrafTech's Board of Directors is not available for election at the time of the meeting, discretionary authority will be exercised by the proxyholders designated in the accompanying proxy to vote for substitutes designated by GrafTech's Board of Directors unless GrafTech's Board of Directors chooses to reduce the number of directors.

4. Q: HOW WILL THE PROXYHOLDERS VOTE MY SHARES?

A: When you give a proxy, regardless of the method by which given, the proxyholders will vote your shares as instructed on the proxy with respect to the matters specified on the proxy.

In addition, if other matters are submitted to a vote of stockholders at the meeting, your proxy on the accompanying form gives the proxyholders the discretionary authority to vote your shares in accordance with their best judgment on that matter. Unless you specify otherwise, your shares will be voted on those matters as recommended by GrafTech's Board of Directors.

If you submit a proxy but do not mark your votes, your shares will be voted FOR the election of each nominee that has been nominated by GrafTech's Board of Directors and FOR the approval of each of Proposal Two and Three.

5. Q: HOW DO I REVOKE A PROXY?

A: If you hold your shares registered in your name, you may revoke your proxy by submitting a revised one at any time before the vote to which the proxy relates. You may also revoke it by submitting a ballot at the meeting.

If your shares are held in street name, there are special procedures that you must follow in connection with revoking a proxy submitted via the Internet or by telephone or voting by ballot at the meeting.

Voting before the deadline of midnight, eastern daylight savings time, on May 27, 2003. If you submit a proxy via the Internet, by telephone or by marking, signing and returning the vote instruction card, you may revoke your proxy at any time and by any method before the deadline.

Voting after the deadline of midnight, eastern daylight savings time, on May 27, 2003. If you submit a proxy via the Internet, by telephone or by marking, signing and returning the vote instruction card and wish to revoke it and submit a new proxy after the deadline has passed, you must contact your broker, bank or other nominee and follow the requirements set by your broker, bank or other nominee. We cannot assure you that you will be able to revoke your proxy and vote your shares by any of the methods described above.

6. Q: HOW DO I NAME ANOTHER PROXYHOLDER?

A: You may designate as your proxyholder(s) any person(s) other than those named on the accompanying proxy by crossing out those names and inserting the name(s) of the person(s) you wish to have act as your proxy. No more than three persons should be so designated. In such a case, you must deliver the proxy to the person(s) you designated and they must be present and vote at the meeting. Proxies on which other proxyholders have been designated should not be mailed or delivered to us.

7. Q: WHO MAY VOTE?

A: Stockholders of record as of the close of business on April 1, 2003 are entitled to notice of the meeting and to vote on each Proposal submitted to a vote of stockholders at the meeting. A list of stockholders entitled to vote at the meeting will be available for examination by stockholders during ordinary business hours during the ten days prior to the annual meeting at our principal executive offices at Brandywine West, 1521 Concord Pike, Suite 301, Wilmington, DE 19803.

Each share of common stock, par value \$.01 per share, of GrafTech is entitled to one vote. At April 1, 2003, 57,301,937 shares of common stock were outstanding. Those shares were held by 185 stockholders of record.

8. Q: WHAT IF I PARTICIPATE IN THE SAVINGS PLAN?

A: If you participate in the UCAR Carbon Savings Plan, your proxy will represent both the number of shares registered in your name and the number of shares (including company matching contributions made in shares) allocated to your account in the Savings Plan as of April 1, 2003. All of these shares will be voted by the trustee for the Savings Plan in accordance with your directions on the proxy submitted by you.

9. Q: WHAT IS A QUORUM?

A: A quorum is the minimum number of outstanding shares of common stock, the holders of which must be present at a meeting in order to duly convene the meeting. the results of a vote.

Abstentions and Broker Non-Votes. The stockholders whose proxies show abstentions or constitute broker non-votes are included for purposes of determining the presence of a quorum. 13. Q: HOW MUCH DID THIS PROXY SOLICITATION COST?

A: The costs for the solicitation of proxies by GrafTech's Board of Directors is anticipated to be approximately \$20,000, which will be borne by us. We will request banks, brokers and other nominees, including custodians and fiduciaries, to forward soliciting material to beneficial owners of our common stock and will pay such persons for forwarding such material. In addition to the solicitation of proxies generally by means of this proxy statement, officers or other employees, without extra remuneration, may solicit proxies by telephone or other means of personal contact.

14. Q: WHO IS GRAFTECH'S INDEPENDENT ACCOUNTANT AND WILL REPRESENTATIVES THEREOF BE AVAILABLE TO RESPOND TO QUESTIONS AT THE MEETING?

A: Deloitte & Touche LLP was our independent accountant for 2002. [We have not yet selected an independent accountant for 2003.]

Representatives of Deloitte & Touche will be present at the meeting, will be given the opportunity to make a statement if they desire to do so and will respond to appropriate questions of stockholders. THE BOARD OF DIRECTORS

STRUCTURE OF THE BOARD

- o Under the By-Laws, GrafTech's Board of Directors fixes the number of directors. GrafTech's Board of Directors currently consists of eight members, each of whom is an independent director (within the meaning of the current and proposed rules of the NYSE) except for Messrs. Playford and Shular.
- o GrafTech's Board of Directors has established three standing committees, each of which is entirely comprised of independent directors, and periodically establishes other committees, in each case so that certain important matters can be addressed in greater depth than may be possible in a meeting of the entire Board. Members of the Audit and Finance Committee must be independent within the meaning of the Sarbanes-Oxley Act of 2002 as well as independent within the meaning of the current and proposed rules of the NYSE. Further, the composition of the membership of Audit and Finance Committee must satisfy the expertise requirements of the current and proposed rules of the NYSE and must include an audit committee financial expert within the meaning of the rules of the SEC.

MEETINGS OF THE BOARD

- o GrafTech's Board of Directors met 10 times during 2002.
- o Each director who was then serving attended at least 75% of the total number of meetings of GrafTech's Board of Directors and meetings of committees of GrafTech's Board of Directors of which he or she was a member, except for Ms. Cranston, who attended 71% of such meetings.

COMMITTEES OF THE BOARD

A description of the functions of each committee is set forth on page 12 and the members of each standing committee at April 1, 2003 and the number of meetings held by each standing committee in 2002 are set forth on page 14.

All committees have the authority to retain and pay advisors and conduct investigations without further approval of GrafTech's Board of Directors or management. All such advisors shall report and be responsible directly to the committee which retains them, including the independent accountant (who is required to be retained by the Audit and Finance Committee).

BOARD AND COMMITTEE CHARTERS

GrafTech's Board of Directors and each committee has written corporate governance guidelines (called charters) that, at a minimum, are intended to satisfy the requirements of the current and proposed rules of the NYSE. These guidelines cover such matters as purpose and powers, composition, meetings, procedures, primary responsibilities, and additional activities which GrafTech's Board of Directors or the committee should periodically consider undertaking.

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

Each committee is authorized to exercise all power of GrafTech's Board of Directors with respect to matters within the scope of its charter.

Nothing in the charters of GrafTech's Board of Directors or of any committee shall expand or increase the duties, responsibilities or liabilities of any member under any circumstance beyond those otherwise then existing under applicable law.

10

CORPORATE GOVERNANCE

The charter of GrafTech's Board of Directors provides, among other things, that:

- o a majority of the directors shall be independent within the meaning of the current and proposed rules of the NYSE;
- o if a member of the Audit and Finance Committee simultaneously serves on an audit committee of more than three public companies, GrafTech's Board of Directors must determine that such simultaneous service would not impair the ability of such member to effectively serve on the Audit and Finance Committee;
- o no director will be nominated for election or re-election if he or she would be age 74 or older at the time of election, unless special circumstances so warrant;
- o GrafTech's Board of Directors shall meet in regular sessions at least six times annually (including the annual retreat described below);
- o GrafTech's Board of Directors shall have an annual extended retreat with executive officers at which there will be a full review of financial statements and financial disclosures, long-term strategies, plans and risks, and current developments in corporate governance; and
- o non-management directors will meet in executive session at least once annually.

The charter requires GrafTech's Board of Directors, in consultation with the General Counsel, to establish a means for stockholders and employees to communicate with non-management directors and that the name of each such presiding director and the means for such communication shall be disclosed in the annual proxy statement. A majority of the non-management directors choose the director who presides at the meetings of non-management directors. R. Eugene Cartledge is currently serving as such presiding director. Any such communication to the presiding director should be directed to either one of the following individuals: M. Ridgway Barker or Randi-Jean G. Hedin, Kelley Drye & Warren LLP, Two Stamford Plaza, 281 Tresser Boulevard, Stamford, CT 06901, (203) 324-1400 (phone), (203) 327-2669 (fax), and mrbarke@kelleydrye.com or rhedin@kelleydrye.com.

CHANGE IN INDEPENDENT ACCOUNTANT

On May 8, 2001, GrafTech's Board of Directors, upon the recommendation of the Audit and Finance Committee, appointed Deloitte & Touche LLP as the independent accountant to audit the financial statements of GrafTech and its consolidated subsidiaries for the fiscal year ending December 31, 2001. Deloitte & Touche replaced GrafTech's prior independent accountant, KPMG LLP. GrafTech's Board of Directors appointed Deloitte & Touche after the completion of a proposal process.

The report of KPMG on the consolidated financial statements of GrafTech as of and for the fiscal year ended December 31, 2000 did not contain any adverse opinion or disclaimer of opinion. This report was not qualified or modified as to uncertainty, audit scope or accounting principles. During the fiscal year ended December 31, 2000 and during the period between December 31, 2000 and May 8, 2001, there were no disagreements between KPMG and GrafTech on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of KPMG, would have caused KPMG to make reference to the subject matter of the disagreements in connection with its report. Furthermore, during the fiscal year ended December 31, 2000 and during the period between December 31, 2000 and May 8, 2001, there were no reportable events (as described in Paragraph 304(a)(1)(v) of Regulation S-K adopted by the SEC).

During the fiscal year ended December 31, 2000 and during the period between December 31, 2000 and May 8, 2001, neither GrafTech nor anyone on its behalf consulted Deloitte & Touche regarding either (i) the application of accounting principles to a specified transaction (either completed or proposed) or the type of audit opinion that might be rendered on GrafTech's consolidated financial statements or (ii) any matter that was either the subject of a disagreement (as described in Paragraph 304(a)(1)(iv) of Regulation S-K adopted by the SEC) or a reportable event (as described in Paragraph 304(a)(1)(v) of Regulation S-K adopted by the SEC).

GrafTech provided KPMG with a copy of this disclosure and requested KPMG to furnish GrafTech with a letter addressed to the SEC stating whether it agrees with the above statements. A copy of KPMG's letter was filed as an exhibit to the Current Report on Form 8-K filed by GrafTech with the SEC on May 15, 2001 to report this event.

AUDIT AND FINANCE COMMITTEE REPORT

GrafTech's management is responsible for its financial reporting, including design and implementation of internal controls and preparation of consolidated financial statements in accordance with generally accepted accounting principles. GrafTech's independent accountant is responsible for auditing those consolidated financial statements. The Committee is responsible for overseeing

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

those activities. The Committee does not and is not required to prepare or review financial records, prepare or audit financial statements, design or implement internal controls, make estimates or select principles used for financial reporting, or identify or eliminate financial risks or non-compliance with applicable law. Therefore, the Committee relies, without independent verification, on representations and information provided by management (including executive, financial, legal and internal audit management) and representations and reports by the independent accountant that, among other things, the consolidated financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles, the independent accountant is in fact "independent" and an audit does in fact provide reasonable assurance as to the matters covered thereby.

The Committee reviewed and discussed GrafTech's audited consolidated financial statements for the year ended December 31, 2002 with GrafTech's management and Deloitte & Touche LLP, GrafTech's independent accountant. The Committee also discussed with Deloitte & Touche the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees). This included a discussion of the independent accountant's judgment as to the quality, as well as the acceptability, of GrafTech's accounting principles and such other matters that generally accepted auditing standards require to be discussed with an audit committee. The Committee also received the written disclosures and the letter from Deloitte & Touche required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees) and the Committee discussed with Deloitte & Touche the independence of Deloitte & Touche from GrafTech and its management. The Committee also determined that the provision of non-audit services by Deloitte & Touche to GrafTech and its subsidiaries was compatible with the maintenance by Deloitte & Touche of its independence from GrafTech.

Based on its review and discussions noted above, the Committee recommended to GrafTech's Board of Directors that it approve, and GrafTech's Board of Directors approved, the inclusion of GrafTech's audited consolidated financial statements in GrafTech's Annual Report on Form 10-K for the year ended December 31, 2002 filed with the SEC.

All professional services rendered by Deloitte & Touche during 2002 were furnished at customary rates. Below is a summary of the fees GrafTech and its subsidiaries paid to Deloitte & Touche for services provided in 2002:

- o **AUDIT FEES:** GrafTech and its subsidiaries paid Deloitte & Touche approximately \$908,225 in connection with its audit of the annual consolidated financial statements for 2002 and its reviews of the quarterly consolidated financial statements for 2002.
- o **FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES:** Neither GrafTech nor its subsidiaries paid any financial information systems design and implementation fees to Deloitte & Touche for 2002.
- o **ALL OTHER FEES:** GrafTech and its subsidiaries paid Deloitte & Touche approximately \$1,728,718 of other fees, including:
 - o approximately \$540,459 for tax and related services in connection with the corporate realignment of GrafTech's subsidiaries;
 - o approximately \$360,246 for other tax services, including tax compliance services; and
 - o approximately \$471,602 for services in connection with assurance services associated with GrafTech's refinancing activities.

ORGANIZATION, COMPENSATION AND PENSION COMMITTEE REPORT

The philosophy of GrafTech's Board of Directors and the Committee has always been, and continues to be, to compensate management in a manner and an amount that enables GrafTech to seek to:

- o attract and retain qualified individuals and motivate them to devote effort, initiative and ability commensurate with the extraordinary challenges that GrafTech faces; and
- o align their interests with the interests of stockholders.

GrafTech seeks to implement this philosophy, with respect to management employees, through a combination of base compensation (including benefits) and stock- and cash-based incentives. In general, base compensation is intended to be sufficient to attract and retain qualified employees. Stock-based incentive compensation is designed to reward management for increases in the market value of the common stock. The Committee believes that this is the primary interest of stockholders and that, over the long term, improvements in the performance of GrafTech's business will be the primary driver of such increases. The Committee also recognizes that, notwithstanding improvements in performance, increases in market value may not be realized on a timely basis due to external factors beyond management's control. The Committee believes that cash-based incentive compensation is an important element in keeping management focused on improving GrafTech's performance despite the impact of those external factors on stock-based incentives.

Implementation of this philosophy is tempered by several factors. First, competition for qualified management employees is intense. Second, GrafTech continues to be highly leveraged and focused on maximizing uses of available cash to reduce debt and satisfy legacy antitrust obligations incurred due to activities of former management. At the same time, it has encountered challenging economic and industry conditions. Moreover, these same factors create extraordinary demands, in terms of time, effort and commitment, on our management employees.

Consistent with this philosophy and these factors, compensation of senior management for 2002 consisted primarily of base salary and restricted stock. For 2002, each of these components was awarded to the Chief Executive Officer by GrafTech's Board of Directors based on recommendations of the Committee and to the other members of senior management by GrafTech's Board of Directors based on recommendations by the Chief Executive Officer as well as the Committee. For 2003, each of these components has been or will be awarded to the Chief Executive Officer by the Board based on recommendations by the Committee and to other members of senior management after the Committee reviews recommendations

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

with respect thereto by the Chief Executive Officer .

Base salary for each member of senior management is determined after taking into account his or her current or new position and current base salary, salaries and other compensation offered by other companies for individuals in equivalent positions, the performance during the prior year of the business or functional unit for which he or she was responsible and, to the extent relevant, the geographic area in which he or she is or will be employed.

Annual cash bonuses awarded to each member of senior management are determined based on the factors mentioned above, achievement of specified goals during the prior year and performance of GrafTech as a whole during the prior year. Annual cash bonuses for each year are determined and payable in the following year. The specified goals for 2002 related to return on invested capital, net debt and strategic milestones. While those goals were achieved in part, annual cash bonuses for 2002 were not awarded by GrafTech's Board of Directors due to GrafTech's financial performance during 2002. The specified goals for 2003 relate to cash flow from GrafTech's lines of businesses and strategic milestones.

17

Stock options, restricted stock and other equity-based awards granted to each member of senior management are determined based on the same factors as those mentioned above. A grant of 412,200 shares of restricted stock was made in March 2002 to over 170 management employees, including members of senior management. The vesting of the restricted stock was accelerated by GrafTech's Board of Directors on June 28, 2002 in recognition of extraordinary efforts by employees under difficult circumstances, including the absence of cash bonuses for the second year in a row. No stock options were granted to members of senior management in 2002.

Subject to the provisions of his amended employment agreement, Mr. Playford's compensation for 2002 was determined on the same basis as other members of senior management (commensurate with his position). Mr. Playford's original employment agreement and an amendment thereto that became effective in July 2002 are described on page 23. The Committee approved this amendment in order to enable him to defer any decision on his part regarding renewal or non-renewal of his employment agreement until the end of 2002. The Committee believed that such deferral was important to enable management to continue to focus on demands of the challenging business conditions and to enable the Committee to continue to evaluate succession plans. In light of GrafTech's financial performance, Mr. Playford did not receive any annual cash bonus in 2002 (for 2001) or in 2003 (for 2002). He received 54,000 of the shares of restricted stock awarded in 2002 as described above.

Section 162(m) of the Internal Revenue Code of 1986 limits the deductibility by public companies of certain executive compensation in excess of \$1 million per executive per year, but excludes from the calculation of the \$1 million limit certain elements of compensation, including performance-based compensation, provided that certain requirements are met. While the Committee and GrafTech's Board of Directors consider the impact of Section 162(m) in connection with implementing the philosophy described above, they do not believe that Section 162(m) is a significant factor in determining the amount or types of compensation to be paid to senior management or the conditions to payment of such compensation.

DIRECTOR COMPENSATION

The philosophy of GrafTech's Board of Directors has always been, and continues to be, to compensate non-employee directors in a manner and an amount that enables us to attract and retain qualified and experienced individuals, motivate them to devote time and effort commensurate with the challenges that GrafTech faces and align their interests with the interests of stockholders. Competition for and retention of qualified and experienced directors is particularly intense in the current corporate governance environment. Moreover, the challenges that we face create significant demands, in terms of time, effort and ability, on our non-employee directors. GrafTech's Board of Directors seeks to implement this philosophy through a combination of cash payments and stock-based incentives that achieves an appropriate total compensation level. Currently, non-employee directors are entitled to receive the compensation described below.

- o Annual Retainer: \$25,000 (\$27,000, if chairperson of one or more committees).
- o Meeting Fee: \$1,000 for each Board and committee meeting attended, including attendance by telephone.
- o Stock Option Grants: Options for the purchase of shares of common stock as described below.

Employee directors do not receive compensation for rendering services as directors. All directors are entitled to reimbursement for expenses incurred in rendering services as directors.

STOCK OPTION GRANTS. GrafTech's Board of Directors has adopted a policy of granting to non-employee directors then serving options to purchase that number of shares of common stock fixed annually by GrafTech's Board of Directors or, beginning in 2003, the Organization, Compensation and Pension Committee (the "ANNUAL GRANTS"). For 2002 and 2003, GrafTech's Board of Directors fixed that number of shares of common stock so that the value of the options granted approximates \$33,000. For 2002, that number was 6,200 shares and, for 2003, was 12,800 shares. GrafTech's Board of Directors has also adopted a policy of granting to non-employee directors options to purchase 5,000 shares of common stock (the "INITIAL GRANTS") as well as a prorated portion of the Annual Grants upon their initial election as directors. All of these options vest one year after the date of grant so long as the director is then serving as a director. The exercise price per share of these options is fair market value on the date of grant, which is defined under the relevant stock incentive plan as the closing sale price of a share of common stock on the last trading date preceding the date of grant. Vested options granted to a non-employee director expire upon

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

the earlier of ten years after the date of grant or four years after the director ceases to be a director. Other provisions relating to these options are the same as those relating to options granted to management employees as described on page 24.

OTHER COMPENSATION. GrafTech's Board of Directors has in the past and the Organization, Compensation and Pension Committee may in the future award additional cash- or stock-based compensation to one or more directors for special services rendered to GrafTech.

Non-employee directors have in the past agreed to accept, in lieu of cash payment of retainers and accrued meeting fees, a grant of options with a value that approximates the amount of such retainers and accrued meeting fees. Options granted in lieu of retainers vest ratably over the year to which the retainers relate. Options granted in lieu of accrued meeting fees vest immediately. The exercise price, terms and other provisions are the same as those described above. No such options were granted for service as a director in 2002. The Organization, Compensation and Pension Committee has authorized us to offer non-employee directors the opportunity to receive deferred stock in lieu of a portion of their retainers and accrued meeting fees for services in 2003. Neither the offer nor any acceptance is contingent upon stockholder approval of Proposal Two. Deferred stock is a share of common stock which has been awarded to a recipient for delivery at a later date, but is not subject to forfeiture. Such later date is the earlier of a date specified by the recipient (that is in a year after the year during which the election is made), the date on which a change of control (as described on page 25) occurs or the date on which the recipient ceases to be a director.

STOCK OWNERSHIP GUIDELINES FOR DIRECTORS AND SENIOR MANAGEMENT

Currently, GrafTech's Board of Directors has adopted guidelines for ownership of common stock by directors and senior management. Compliance with the guidelines is voluntary.

Under the guidelines, each non-employee director should, within a reasonable period of time after election as a director, own shares of common stock with a market value equal to at least two times his or her annual retainer. GrafTech's Board of Directors has adopted a policy providing that we will not finance the purchase or holding of these shares by directors.

In addition, under the guidelines, certain members of senior management should, within five years after appointment as a member of senior management, own shares of common stock with a market value equal to his or her annual base salary (or, in the case of the Chief Executive Officer, three times his or her annual base salary).

EXECUTIVE COMPENSATION

The following table sets forth certain information concerning compensation received by the Chief Executive Officer at December 31, 2002 and each of our other four most highly compensated executive officers at December 31, 2002 who received total salary and bonus compensation in excess of \$100,000 for services rendered in all capacities (including service as a director of GrafTech or an officer or director of one or more of our subsidiaries) during our last fiscal year. The individuals listed in the following table are sometimes called the "named executive officers."

EMPLOYMENT AND OTHER AGREEMENTS

In June 1998, we entered into a five-year employment agreement with Mr. Playford to serve as President and Chief Executive Officer, which was amended in August 2001 and July 2002. The agreement, as amended in 2001, provided for automatic renewal for successive additional one-year terms, unless we gave written notice of non-renewal no later than 90 days prior to any renewal date or Mr. Playford gave written notice of non-renewal at least one year prior to the first renewal date or nine months prior to any subsequent renewal date. In July 2002, the agreement was further amended to enable Mr. Playford to defer any decision on his part regarding renewal or non-renewal until the end of 2002. This amendment also provided that, following the promotion of Mr. Shular to President (which promotion was made in May 2002), Mr. Playford would thereafter serve as Chairman of the Board and Chief Executive Officer. This amendment further provided that, if Mr. Playford gave notice of non-renewal before the end of 2002, then GrafTech's Board of Directors would have the right at any time to elect a new Chief Executive Officer and, upon such election, Mr. Playford would become an executive Chairman of the Board. Mr. Playford has elected to retire on June 22, 2003 (which is the expiration date of the agreement) and gave such a notice of non-renewal. Mr. Shular was elected Chief Executive Officer effective January 1, 2003. As an executive Chairman of the Board, Mr. Playford will continue to serve under the amended agreement as an employee and a senior executive officer until June 22, 2003.

Under the original agreement, Mr. Playford was entitled to receive a base salary in 2002 (as previously increased by GrafTech's Board of Directors) of \$650,000 and an annual cash bonus for 2002 (commensurate with his position). In addition, for the purpose of calculating Mr. Playford's benefits under the UCAR Carbon Retirement Program, (1) Mr. Playford earns, ratably over the initial five-year term of the agreement, credit for 26.5 years of prior service, substantially all of which was with Union Carbide, and (2) the amount of benefits receivable by Mr. Playford under the UCAR Carbon Retirement Program will be likewise ratably offset by the amount of benefits receivable by him under the Union Carbide Retirement Program. The amendments did not change these provisions. Under the amended agreement, Mr. Playford is entitled to an annual salary of \$400,000 in 2003 and an annual cash bonus of \$250,000 for 2003. These amounts are prorated for the period through his retirement on June 22, 2003 or his earlier termination of employment. In addition, under the amended agreement, for purposes of calculating benefits under our retirement, disability and other benefit plans only, upon retirement on June 22, 2003 or earlier termination of employment due to death or disability, Mr. Playford shall be deemed to have received a cash bonus equal to 100% of his target award for 2002 (which was \$487,500) and a salary for 2003 equal to the greater of \$650,000 (prorated on the same basis as described above) or his actual salary earned.

At the time he entered into the original agreement, Mr. Playford received options to purchase 300,000 shares of common stock. The exercise price per share of the options (\$30.58 per share) was equal to the fair market value at the date of grant, which was defined at that time under the relevant stock incentive plan as the average of the high and low trading prices for the 20 business days

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

immediately preceding the date of grant. The options expire in January 2007. In 1998, Mr. Playford received options to purchase 300,000 shares of common stock. The options have an exercise price per share of \$17.06 and expire in September 2008. In 2000, Mr. Playford received options to purchase 300,000 shares of common stock. The options have an exercise price per share of \$8.56 and expire in December 2010. In 2001, Mr. Playford received options to purchase 274,000 shares of common stock. The options have an exercise price of \$8.85 per share. Options covering 41,000 of these shares vested on the date of grant and options covering the remaining 233,000 of these shares will vest in September 2003 or sooner if accelerated pursuant to the amended agreement. The options expire in September 2011. Other provisions relating to the options are described below. In recognition of Mr. Playford's appointment as Chairman of the Board in September 1999, in addition to President and Chief Executive Officer, and to provide incentives to him during difficult operating circumstances, GrafTech's Board of Directors

23

approved a grant to Mr. Playford of 100,000 shares of restricted stock, of which 70,000 shares were to vest in June 2003 and 30,000 shares were to vest in December 2004, in both cases assuming Mr. Playford was still employed by us. The grant was effective on January 1, 2000. Under the amended agreement, upon his retirement on June 22, 2003, all unvested options and restricted stock granted to Mr. Playford shall vest.

The original agreement provides for termination (subject to certain notice and other procedural provisions) by us for cause or without cause or by Mr. Playford for good reason and contains a noncompetition covenant which continues for a period of two years beyond the expiration of the then current term. If we terminate Mr. Playford's employment without cause or Mr. Playford resigns for good reason, then Mr. Playford will be entitled to severance payments and enhanced pension benefits and all of his years of prior service, substantially all of which was with Union Carbide, will be immediately recognized. Those severance payments will equal 2.99 times the sum of Mr. Playford's base salary and the cash bonus paid or payable for the calendar year ending on or immediately before termination. Mr. Playford's pension benefits will be enhanced by assuming that he had an additional three years of age and three years of service. These benefits are payable commencing immediately following termination of employment and are not reduced for early commencement of benefits. The amendments did not change these provisions.

We have agreed that, for the purpose of calculating Mr. Mason's and Mr. Shular's benefits under the UCAR Carbon Retirement Program, Mr. Mason and Mr. Shular earn, ratably over five years, credit for 18.5 years and 22.5 years, respectively, of prior service, all of which was with Union Carbide, with the same offset arrangement as Mr. Playford. We have agreed to accelerate the earning of prior years of service for Messrs. Mason and Shular upon the freezing of the UCAR Carbon Retirement Program as of March 31, 2003 as described under "Retirement Program" on page 27.

GrafTech's Board of Directors has approved severance compensation agreements for the named executive officers and other members of senior management. In the case of the named executive officers, the agreements provide for severance compensation equal to 2.99 times the officer's base salary and, with respect to U.S. employees, extended insurance coverage and reimbursement for certain excise tax liabilities (and income tax liabilities on this reimbursement). The officers are entitled to the compensation if they are terminated (other than for cause) or resign for good reason within three years after a change of control. A change of control has the same meaning under the agreements as it has under the stock incentive plans described below

STOCK-BASED INCENTIVE PLANS

We maintain several plans which provide for the grant of awards or rights to management employees that are valued or measured in whole or in part in reference to, or are otherwise based on, the common stock, including options, restricted stock, phantom stock, stock units and performance shares. Non-employee directors are eligible to receive awards under one of the plans. The plans have been and, subject to limitations imposed by the rules of the NYSE, may be amended from time to time without stockholder approval (except in the case of one plan, certain amendments of which would require shareholder approval, under which 373,000 shares of common stock remain available for issuance). The number of shares of common stock still reserved under plans in which named executive officers and non-employee directors are eligible to participate was 5,962,504 as of April 1, 2003, of which 4,837,771 were subject to then outstanding options. Any shares subject to, and the exercise or measurement prices of, awards are subject to adjustment for stock dividends, stock splits, and certain business combinations and other events.

Management employees have been and may be granted vested or unvested awards at the discretion of GrafTech's Board of Directors or the Organization, Compensation and Pension Committee. Unvested awards granted to management employees have vested or may vest on satisfaction of such employment

24

or performance conditions as may be imposed by GrafTech's Board of Directors or the Organization, Compensation and Pension Committee at the time of grant. GrafTech's Board of Directors or the Organization, Compensation and Pension Committee has the right to accelerate the vesting of any or all unvested awards at any time. The exercise price per share of options is determined by GrafTech's Board of Directors or the Organization, Compensation and Pension Committee at the time of grant and may not be less than the fair market value of a share of common stock. The definition of fair market value under those plans means the closing sale price of a share of common stock on the last trading day preceding the date of grant. The exercise price of options may, under certain circumstances, be paid with the proceeds from the sale of shares to be issued upon exercise of such options. A third-party broker assists in the administration of the plans. All options which have been granted, and substantially all options which may be granted, under the plans are nonqualified stock options. Options awarded to employees expire on, among other dates, the date fixed by GrafTech's Board of Directors or the Organization, Compensation and Pension Committee at the time the options are granted, but must expire within 10 years after the date of grant (except in the case of one plan which previously provided that options must expire within 12 years of the date of grant). Subject to the limitations with respect to term and exercise price of options described above, GrafTech's Board of Directors or the Organization, Compensation and Pension Committee has the authority to establish the terms and conditions of all awards at the time such awards are granted, including, without limitation, terms and conditions relating to settlement in cash or shares of common stock or a combination thereof, performance measures, tandem or reload features, registration with the SEC, withholding of taxes, transferability, forfeiture and clawback, anti-dilution and adjustments to reflect dividends and distributions, and exercise.

All unvested awards become vested upon the occurrence of a change of control. In addition, we have the right to cancel substantially all outstanding options in the event of a change of control, in which event we are required to pay optionees an amount equal to the difference between the exercise price of the canceled options and the fair market value of the underlying shares. A change of control occurs on:

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

- o the date on which any person or group becomes the beneficial owner of 15% or more of the then outstanding common stock or voting securities of GrafTech;
- o the date on which any person or group acquires the right to vote on any matter, by proxy or otherwise, with respect to 15% or more of the then outstanding common stock or voting securities of GrafTech;
- o the date, at the end of any two-year period, on which individuals, who at the beginning of such period were directors of GrafTech, or individuals nominated or elected by a vote of two-thirds of such directors or directors previously so elected or nominated, cease to constitute a majority of GrafTech's Board of Directors;
- o the date on which stockholders of GrafTech approve a complete liquidation or dissolution of GrafTech; or
- o the date on which GrafTech consummates certain reorganizations, mergers, asset sales or similar transactions.

COMPENSATION DEFERRAL PLAN

We maintain a compensation deferral plan for the benefit of U.S.-paid management employees who participate in a cash bonus or other variable compensation programs. The plan is effective for compensation that would otherwise be payable on or after January 1, 2000. Under the plan, participants are able to defer up to 85% of their variable compensation, up to 50% of their base salary and up to 100% of their lump sum payments from our nonqualified retirement plans. Distributions from the plan generally will be made upon retirement or other termination of employment, unless further deferred by the participant. In addition, a participant may irrevocably elect to receive interim distributions prior to retirement or other termination of employment.

SAVINGS PLAN

We maintain the UCAR Carbon Savings Plan, which is qualified under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986. All of our regular, full-time U.S. employees are eligible to participate in the Savings Plan. Assets in the Savings Plan are held in four types of accounts: an after-tax account to which participants may make contributions on an after-tax basis; a before-tax account to which participants may make contributions on a pre-tax basis; a company contribution account to which matching contributions are allocated; and an employer contribution account to which certain additional company contributions are allocated. The maximum employee contribution (pre-tax and after-tax combined) for any year for any participant other than union employees is 50% of such participant's compensation (subject to statutory limits). For union employees, the maximum is 17 1/2% of such compensation.

We make a matching contribution for each participant who elects to contribute to the Savings Plan. For participants other than union employees, the matching contribution is 100% of the first 3% of

26

compensation and 50% of the next 2% of compensation that a participant contributes. For union employees, the matching contribution is 50% of the amount contributed by the employee to the extent that the employee contributes between 1% and 7 1/2% of the employee's compensation.

Effective January 1, 2002, for participants other than union employees, in addition to matching contributions, we make an additional employer contribution each year equal to 2.5% of the participant's compensation up to the social security taxable wage base for the year, plus 5% of compensation above the social security wage base. Prior to April 1, 2003, certain employees (who

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

elected to remain in the qualified retirement plan described below) were not eligible for these additional employer contributions. A participant becomes fully vested in these additional employer contributions once he or she has completed five years of service.

Contributions to the Savings Plan are invested, as the employee directs, in various funds offered under the Savings Plan from time to time, including funds that invest entirely in our common stock (either at fair market value in a regular stock fund or, prior to January 1, 2003, subject to restrictions on resale and reinvestment, at a discount of 10% from fair market value in a discount stock fund). Distributions from the Savings Plan are generally made upon retirement or other termination of employment, unless deferred by the participant.

Effective January 1, 2003, the Savings Plan was amended to provide that matching contributions shall be made in shares of common stock in lieu of cash. In addition, as of that date, the discounted common stock fund was eliminated as an investment option under the Savings Plan, and all shares held in that fund were transferred to the regular stock fund.

RETIREMENT PROGRAM

Prior to February 25, 1991, substantially all of our domestic employees participated in the Union Carbide Retirement Program. Effective February 25, 1991, we adopted the UCAR Carbon Retirement Program, which was similar to the Union Carbide Retirement Program at that time and consisted of a qualified retirement plan and several nonqualified retirement plans. The cost of the UCAR Carbon Retirement Program is borne entirely by us. Retirement and death benefits related to employee service through February 25, 1991 are covered by the Union Carbide Retirement Program. Benefits paid by the Union Carbide Retirement Program are based on final average pay through February 25, 1991 plus salary increases (not to exceed 6% per year) through January 26, 1995. All of our employees who retired prior to February 25, 1991 are covered under the Union Carbide Retirement Program. Subject to certain limitations, all service and earnings recognized under the Union Carbide Retirement Program prior to February 25, 1991 are recognized under the UCAR Carbon Retirement Program.

Prior to January 1, 2002, the UCAR Carbon Retirement Program covered substantially all of our employees in the U.S. and certain U.S. nationals employed by our foreign subsidiaries. Effective January 1, 2002, all employees other than union employees and certain eligible employees who elected to remain in the qualified retirement plan ("GRANDFATHERED PARTICIPANTS"), ceased accruing benefits under the qualified retirement plan and began receiving the additional employer contributions under the Savings Plan described above. With respect to the named executive officers, Messrs. Playford and Shular and Ms. Narwold were eligible to elect, and did elect, to remain in the qualified retirement plan. Effective March 31, 2003, all Grandfathered Participants, other than the union employees, also ceased accruing benefits under the qualified retirement plan and, effective April 1, 2003, began receiving the additional employer contribution under the Savings Plan described above. In connection with the cessation of all benefit accruals under the qualified retirement plan, benefit accruals under the plan for all participants other than union employees and Grandfathered Participants were frozen as of December 31, 2001. For Grandfathered Participants, all benefits were frozen as of March 31, 2003. The applicable date when a participant's benefit was frozen is called the "BENEFIT FREEZE DATE."

The following table sets forth, for employees who elected to remain in the UCAR Carbon Retirement Program (and not employees who received the additional

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

employer contribution under the Savings Plan described above for 2002), the estimated annual benefits payable, based on the indicated credited years of service and the indicated average annual compensation used in calculating benefits, assuming a normal retirement at age 65 in 2002, under the Union Carbide Retirement Program and the UCAR Carbon Retirement Program on a combined basis.

RETIREMENT PLAN TABLE

AVERAGE ANNUAL COMPENSATION	YEARS OF SERVICE			
	15	20	25	30
\$ 100,000	\$ 22,500	\$ 30,000	\$ 37,500	\$ 45,000
150,000	33,570	45,000	56,520	67,500
250,000	56,520	75,000	93,750	112,500
500,000	112,500	150,000	187,500	225,000
1,000,000	225,000	300,000	375,000	450,000

Under the UCAR Carbon Retirement Program, the monthly amount of an employee's retirement benefit upon retirement at age 65 is a percentage of average monthly compensation received during the 36-month period preceding the Benefit Freeze Date, or the highest average monthly compensation received during any three calendar years in the ten calendar years preceding the Benefit Freeze Date if it would result in a higher pension benefit, multiplied by the number of years of service credit, less up to 50% of projected primary Social Security benefits and less any public or other GrafTech provided pension (except any military pension or any benefit under the Social Security Act). An employee who is (1) age 62 or over with ten or more years of service credit or (2) whose age and service credit add up to 85 may voluntarily retire earlier than age 65 with a retirement benefit unreduced because of early retirement, based on years of service credit at the date of retirement. The compensation covered by the UCAR Carbon Retirement Program includes salary and certain variable compensation, including group profit sharing in an amount up to 8% through 1999, and 12% thereafter, of the employee's base salary. The benefits payable reflected in the preceding table are calculated on a straight life annuity basis and are subject to an offset for such Social Security benefits.

For federal income tax purposes, the amount of benefits that can be paid from a qualified retirement plan is restricted. We have adopted nonqualified retirement plans for payment of those benefits at retirement that cannot be paid from our qualified retirement plan. Employees who retire after January 1, 1994 may elect to receive the payment of benefits from these nonqualified retirement plans monthly or in a lump sum. Benefits under certain of these nonqualified retirement plans, under certain circumstances, may be terminated if GrafTech's Board of Directors determines that an employee has engaged in activities which are detrimental to the interests of, or are in competition with, us. Except with respect to years of service as described above for Messrs. Playford, Mason and Shular, the practical effect of these nonqualified retirement plans, together with the qualified retirement plan, is to calculate benefits to all employees, including those who are officers, on a uniform basis.

Benefits under these nonqualified retirement plans are generally paid out of our general assets, although they may also be paid through grantor trusts adopted by us or by purchase of annuities. When we purchase annuities, this does not increase the after-tax amount of benefits to which employees are entitled, but

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

does relieve us of liability (and relieve beneficiaries of risk of non-payment by us) with respect to the benefits under the nonqualified retirement plans covered by such annuities.

In connection with the changes to the qualified retirement plan, all benefits under the nonqualified retirement plans as of March 31, 2003 were frozen and the lump sum value of such benefits was transferred to the accounts relating to additional employer contributions under the Savings Plan

28

described above. Beginning April 1, 2003, in lieu of benefits under the nonqualified retirement plans, eligible employees shall be credited, each year, in the accounts relating to additional employer contributions under the Savings Plan described above, with a percentage of their compensation in excess of \$200,000.

The following table sets forth, as of March 31, 2003, the number of years of service credited to the named executive officers under the UCAR Carbon Retirement Program and the number of such years credited for service with Union Carbide, which vested under the UCAR Carbon Retirement Program as of March 31, 2003.

BENEFIT SECURITY

We have adopted grantor trusts to assist us in providing for payment of certain nonqualified retirement and other benefit plan obligations to management as well as certain compensation deferred by management and earnings thereon under the Compensation Deferral Plan. Except in the case of the Compensation Deferral Program (which is funded) and in cases where we have purchased annuities in respect of any such obligations as described under "Retirement Program" on page 27, all of these obligations are otherwise payable out of our general

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

assets. These obligations include accrued benefits under nonqualified retirement plans and severance obligations under employment and other agreements.

The trusts contain a benefits protection account which makes funds available to the Administrative Committee of the trusts (which is comprised of our employees) to assist participants and their beneficiaries in enforcing their claims with respect to those obligations, compensation and earnings upon a change of control. We may from time to time contribute assets to or, with the approval of a majority of GrafTech's Board of Directors, withdraw assets from the trusts (other than from the benefits protection account, to which \$250,000 has been contributed), except that no withdrawal can be made after a change of control until all such obligations, compensation and earnings are paid or discharged. GrafTech has contributed 426,400 shares of common stock to the trusts and is in the process of contributing an additional 1,573,600 shares of common stock to the trusts. GrafTech is registering such shares for resale for the benefit of the trusts and intends to resell such shares in order to meet obligations arising under voluntary and selective severance programs and expected retirement of Mr. Playford and several senior managers. GrafTech's Board of Directors may amend or terminate the trusts at any time prior to a change of control. Upon a change of control, the trusts become irrevocable, GrafTech is required to make contributions to the trusts sufficient to discharge and pay such obligations, compensation and earnings and the Administrative Committee is required to use the amounts held in the trusts for such purposes. Upon a change of control, no amendment of the trusts may be adopted without the written consent of a majority of the participants and the beneficiaries who are receiving benefits thereunder. Consistent with the requirements of applicable law, the assets of the trusts are subject to the claims of creditors of GrafTech in the event of GrafTech's insolvency or bankruptcy. For purposes of the grantor trusts, a change of control has the same definition as that described with respect to the stock incentive plans.

The following table sets forth, at April 1, 2003, the number and percentage of outstanding shares of common stock owned, both actually and beneficially as determined pursuant to the rules promulgated by the SEC, by:

- o each stockholder known by us to own more than 5% of the outstanding shares of common stock;
- o each director of GrafTech;
- o each of the named executive officers; and
- o all directors and executive officers as a group.

Actual ownership is the same as beneficial ownership, except that it does not include options, some of which may be out-of-the-money as described in the footnotes to the following table.

OTHER INFORMATION

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires GrafTech's directors and officers and holders of more than 10% of the outstanding shares of common stock to file with the SEC initial reports of ownership, and reports of changes in ownership, of common stock and other equity securities of GrafTech. GrafTech believes that, during 2002, its directors and officers and holders of more than 10% of the outstanding shares of common stock complied with all reporting requirements under Section 16(a).

CERTAIN TRANSACTIONS

GrafTech's Board of Directors adopted an executive employee loan program in September 1998. All members of senior management were eligible to participate in the program. Under the program, participants were able to borrow, on a full recourse basis, an amount equal to up to their annual base salary (or, in the case of the Chief Executive Officer, three times his annual base salary). The loans were non-interest-bearing and became due upon the earlier to occur of termination of employment or the expiration of five years from the date of borrowing. We agreed to reimburse the borrowers for the incremental income tax liability (at such time as such liability is incurred) due on the interest income imputed because of the interest-free nature of the loans. The largest aggregate amount of each such loan outstanding during 2002 was: \$1,620,000 for Mr. Playford; \$175,000 for Mr. De Gasperis; \$225,000 for Mr. Mason; \$150,000 for Ms. Narwold; \$225,000 for Mr. Shular; and an aggregate of \$2,395,000 for all executive officers as a group. No loans were made in 2002.

GrafTech's Board of Directors adopted an executive employee stock purchase program. All members of senior management were eligible to participate in the program. Under the program, participants were able to purchase shares of common stock from GrafTech in an amount equal to up to their annual base salary (or, in the case of the Chief Executive Officer, three times his annual base salary).

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

The purchase price per share under the program equaled the closing price of a share of common stock on the last trading day prior to the date of purchase. Since all eligible participants had already purchased prior to 2002 virtually all shares which they could have purchased under the program, no member of senior management purchased shares of common stock under the program during 2002.

In the 2002 first quarter, these programs were closed. In the 2002 second quarter, all of the outstanding loans under the executive employee loan program, an aggregate of \$3 million, were repaid with shares of common stock, valued at the closing sale price on the date of repayment. To the extent that any employee did not have a sufficient number of shares of common stock to repay his or her loan in full, we forgave and cancelled the balance of the loan to that employee and reimbursed that employee for the tax liability on the income attributable to the cancellation of such indebtedness. The number of shares used to make such repayment, the amount of the loan cancelled and the amount of the reimbursement thereon was 104,516 shares, \$1,619,998 and \$252,791 for Mr. Playford, 11,290 shares, \$174,995 and \$29,364 for Mr. De Gasperis, 16,013 shares, \$224,991 and \$0 for Mr. Mason, 5,676 shares, \$149,984 and \$53,806 for Ms. Narwold, and 12,996 shares, \$224,993 and \$70,725 for Mr. Shular.

PROPOSAL TWO: AMEND THE MANAGEMENT STOCK INCENTIVE PLAN
(SENIOR VERSION) TO INCREASE THE NUMBER OF SHARES AUTHORIZED FOR
AWARDS TO NON-EMPLOYEE DIRECTORS, OFFICERS AND OTHER MANAGEMENT EMPLOYEES

GrafTech's Board of Directors has adopted, subject to approval by the stockholders, and is proposing for such approval, an amendment to the Management Stock Incentive Plan (Senior Version), or "MSIP". The amendment would increase the number of shares of common stock as to which awards may be made under the MSIP by 2,500,000 shares. Under the MSIP, awards can be made to non-employee directors, officers (which, for purposes of this Proposal Two, has the same meaning as under the rules of the NYSE) and other management employees.

If approved by stockholders, the amendment would become effective immediately. To become effective, the amendment must be approved by the affirmative vote of the holders of a majority of the outstanding shares of common stock.

GrafTech's Board of Directors recommends that stockholders vote FOR the amendment.

1. Q: WHY SHOULD THE NUMBER OF SHARES AS TO WHICH AWARDS MAY BE MADE TO NON-EMPLOYEE DIRECTORS, OFFICERS AND OTHER MANAGEMENT EMPLOYEES UNDER THE MSIP BE INCREASED?

A: Our philosophy has always been, and continues to be, to compensate non-employee directors, officers and other management employees in a manner and an amount that enables us to:

- o attract and retain qualified and experienced individuals and motivate them to devote time and effort commensurate with the extraordinary challenges that we face; and
- o align their interests with the interests of stockholders.

Under our compensation programs and consistent with our philosophy, we adopt annually plans to pay cash bonuses to management employees based on, among other factors, achievement of specified goals and our financial performance during the prior year. While those goals were achieved in part, in each of 2000, 2001 and 2002, annual cash bonuses for those years were not awarded by GrafTech's Board of Directors in order to maximize use of available cash to reduce debt. In lieu thereof, options were awarded for 2000 and 2001 (in addition to, and as part of, regular annual option awards) and restricted stock was awarded for 2002. Similarly, a significant portion of the compensation of our non-employee directors is stock-based and, in order to maximize available cash and to exemplify their commitment to GrafTech, our non-employee directors have in the past agreed to accept, in lieu of cash payments to which they were entitled, additional stock-based compensation with a value that approximates the amount of such payments, as described on page 19. These actions have substantially depleted the pool of shares available for awards to non-employee directors and officers.

Notwithstanding the extraordinary efforts of our non-employee directors, officers and other management employees to significantly improve product quality, reduce costs, reposition our global production network and streamline our work processes, resulting in an anticipated return to profitability, virtually all of the stock-based incentives we have awarded are substantially under water.

GrafTech's Board of Directors believes that it is essential to provide effective new stock-based incentives to continue to retain and motivate our non-employee directors, officers and other management employees.

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

GrafTech's Board of Directors also believes that the pool of shares available for awards is insufficient to provide levels of stock-based compensation on a sustaining meaningful basis for both non-employee directors and officers for 2003 and

35

subsequent years. As a result, GrafTech's Board of Directors believes that the MSIP should be amended to increase the pool of shares available for this purpose.

2. Q: WHAT TYPES OF STOCK-BASED COMPENSATION HAS GRAFTECH AWARDED IN THE PAST?

A: The only awards made under our stock-based compensation plans (including the MSIP) consist of awards of restricted stock (all of which have become fully vested, non-forfeitable and freely transferable) and options (some of which have been cancelled, forfeited or exercised and the balance of which are outstanding).

3. Q: WHAT STOCK-BASED COMPENSATION WAS AWARDED TO NON-EMPLOYEE DIRECTORS, OFFICERS AND OTHER MANAGEMENT EMPLOYEES IN 2002 AND 2003?

A: No stock-based compensation was awarded to officers and other management employees in 2002 or 2003, except for an award of an aggregate of 412,200 shares of restricted stock to over 170 management employees in 2002, as described on page 17.

No stock-based compensation was awarded to non-employee directors in 2002 or 2003, except for awards of options as part of their annual compensation as described on page 19.

4. Q: HOW MANY OPTIONS DO NON-EMPLOYEE DIRECTORS AND OFFICERS CURRENTLY HOLD?

A: The following table sets forth information as to options held by non-employee directors and officers at April 1, 2003.

6. Q: WHAT IS GRAFTECH'S OVERHANG?

A: Overhang is defined as the ratio of the number of shares of common stock subject to outstanding options (regardless of whether they are "in-the-money" and regardless of whether, if they are "out-of-the-money", they are likely to become "in-the-money" before they expire) to the sum of that number plus the number of outstanding shares of common stock. Effective overhang is similarly defined, but only takes into account those shares of common stock that are reasonably likely to be "in-the-money" in the reasonably foreseeable future.

At April 1, 2003, our overhang was 13.9%. We believe, however, that our effective overhang is substantially lower because the exercise prices of a substantial percentage of our outstanding options are significantly higher than the current trading level of the common stock.

Moreover, overhang attributable to options held by our current non-employee directors and our current management employees (excluding those who have announced retirement or who are subject to our voluntary or selective severance programs in 2003) is only 7.2%. Most of these options held by current employees are held by employees who joined us to replace our former management team and who have devoted extraordinary efforts to strengthen and grow our business (and, at the same time, satisfy the legacy antitrust obligations incurred due to the activities of former management). Under current conditions, the 4,767,270 options held by current employees and non-employee directors provide only limited incentive to retain and motivate these employees. For example:

- o if the price of the common stock increased 100% from the closing price per share of the common stock on April 1, 2003, only 1.8% of the options outstanding at April 1, 2003 held by those current employees (as well as our current non-employee directors) (or 84,135 options) would be "in-the-money";
- o if the price increased 200%, that percentage would be 4.4% (or 210,208 options); and
- o if the price increased 300%, that percentage would be 55.2% (or 2,632,419 options).

38

7. Q: WHAT OPTIONS HAVE BEEN REPRICED BY GRAFTECH?

A: We have never repriced options.

8. Q: HOW MANY SHARES ARE CURRENTLY AUTHORIZED AND AVAILABLE FOR AWARDS TO NON-EMPLOYEE DIRECTORS, OFFICERS AND OTHER MANAGEMENT EMPLOYEES?

A: At April 1, 2003, there remained 3,070,234 shares reserved under the MSIP and, of these shares, 2,318,501 shares were subject to outstanding

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

options. In addition, at April 1, 2003, there remained 2,519,270 shares reserved under the Management Stock Incentive Plan (Original Version), all of which were subject to outstanding options and which, if such options are cancelled or forfeited, become reserved under the MSIP. Further, at April 1, 2003, there remained 7,196,768 shares authorized for issuance under other stock-based incentive plans and, of these shares, 4,393,944 shares were subject to outstanding options. Therefore, at April 1, 2003, there remained 12,786,272 shares reserved under all of our stock-based incentive plans and, of these plans, 3,554,557 were available for awards to non-employee directors, officers and other management employees. Of these available shares, 1,124,733 shares were available for awards made to officers (and, to the extent not used therefor, other management employees) and, of these shares, 751,733 shares were also available for awards made to non-employee directors. In addition, 2,429,824 shares were available for awards made to management employees who are not officers.

The MSIP provides that, in the event of a stock dividend, stock split, share combination or other nonrecurring corporate transaction, GrafTech's Board of Directors or the Organization, Compensation and Pension Committee shall make such adjustments in the number and type of awards authorized by, and shares subject to, the MSIP and in the number and type of shares covered by, and exercise prices and other provisions of, outstanding awards as well as make such other amendments to the MSIP, as GrafTech's Board of Directors or the Organization, Compensation and Pension Committee, in good faith, determines to be appropriate and equitable.

9. Q: WHAT ARE THE STOCK-BASED COMPENSATION PLANS IN WHICH NON-EMPLOYEE DIRECTORS, OFFICERS AND OTHER MANAGEMENT EMPLOYEES ARE ELIGIBLE TO PARTICIPATE?

A: The MSIP is the only stock-based compensation plan in which non-employee directors have been eligible to participate since 2000.

The MSIP and the 1995 Equity Incentive Plan are the only stock-based compensation plans in which officers have been eligible to participate.

Management employees who are not officers have been eligible to participate in the MSIP, the 1995 Equity Incentive Plan, the Management Stock Incentive Plan (Original Version), the Management Stock Incentive Plan (Mid-Management Version) and the 1996 Mid-Management Equity Incentive Plan.

10. Q: WHO IS ELIGIBLE TO PARTICIPATE IN THE MSIP?

A: Eligibility to participate in the MSIP is limited to non-employee directors, officers and other management employees. In recent years, we have granted awards under the MSIP only to non-employee directors and officers and we have granted awards to other management employees under other plans. We expect to continue this practice in the future.

11. Q: WHO WILL BE ELIGIBLE TO PARTICIPATE IN AWARDS AS TO SHARES SUBJECT TO THE AMENDMENT?

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

A: Only non-employee directors, officers and other management employees, including officers, will be eligible to participate in awards with respect to the shares of common stock subject to the amendment. There are currently seven non-employee directors. There are currently about 170 management employees eligible to participate, with participation based on their level of seniority and their performance. The performance of the Chief Executive Officer is evaluated by the Organization, Compensation and Pension Committee. The performance of other officers is evaluated by the Chief Executive Officer, who reviews his evaluation with the Organization, Compensation and Pension Committee. The performance of other management employees is evaluated by the Chief Executive Officer or their respective supervisors, as appropriate. As described in the Answer to Question 10 above, we expect that most of the shares would be used for awards to non-employee directors and officers.

12. Q: WHAT AWARDS ARE LIKELY TO BE GRANTED TO NON-EMPLOYEE DIRECTORS, OFFICERS OR OTHER MANAGEMENT EMPLOYEES UNDER THE MSIP IN THE FUTURE?

A: Awards may be made to officers and other management employees under the MSIP in the discretion of GrafTech's Board of Directors or the Organization, Compensation and Pension Committee and, therefore, are not determinable at this time. It is the intention of GrafTech's Board of Directors and the Organization, Compensation and Pension Committee to focus on performance-based targets for future grants to officers and other management employees. The Organization, Compensation and Pension Committee expects, however, that awards will be made to non-employee directors as described on page 19.

13. Q: WHAT TYPES OF AWARDS MAY BE MADE UNDER THE MSIP?

A: The MSIP provides for the grant of awards or rights that are valued or measured in whole or in part in reference to, or are otherwise based on, the common stock, including options, restricted stock, phantom stock, stock units and performance shares.

The provisions of the MSIP are the same as those of all of our other stock-based incentive plans, which are described on page 24. Among other things, the MSIP provides that the exercise price per share of options awarded under the MSIP may not be less than the fair market value of a share of common stock on the date of grant. Fair market value is defined as the closing sale price of the common stock on the last trading day preceding the date of grant. In addition, the term of options awarded under the MSIP may not exceed ten years.

14. Q: WHO ADMINISTERS THE MSIP?

A: The MSIP is administered by the Organization, Compensation and Pension Committee, subject to the ultimate authority of GrafTech's Board of Directors; provided, however, that the Organization, Compensation and Pension Committee may delegate routine administration of the MSIP to the Chief Executive Officer.

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

15. Q: HOW MAY THE MSIP BE AMENDED OR TERMINATED IN THE FUTURE?

A: The MSIP may be amended by GrafTech's Board of Directors at any time; provided, however, that no suspension, termination or amendment of the MSIP may adversely affect the rights of any participant with respect to outstanding awards prior to the date of such suspension, termination or amendment without the consent of such participant. Pursuant to the current rules of the NYSE, any amendment which increases the number of shares of common stock (not previously listed on the NYSE) as to which awards may be made under the MSIP would

40

require stockholder approval. Pursuant to proposed rules of the NYSE, any amendment which constitutes a material revision to the MSIP would require stockholder approval.

16. Q: WHAT FEDERAL INCOME TAX CONSEQUENCES APPLY TO OPTIONS AWARDED UNDER THE MSIP?

A: The following summary of certain material U.S. federal income tax consequences applicable to stock options awarded under the MSIP does not purport to be a complete discussion of all of the possible U.S. federal income tax consequences of receiving such an award and is included for general information only. Further, it does not address any state, local or foreign income or other tax consequences. The discussion is based on the provisions of the U.S. federal income tax law as of the date hereof, which is subject to change retroactively as well as prospectively. A participant will not recognize any income upon the grant of a stock option under the MSIP. Upon exercise of the option (if the shares are not subject to a substantial risk of forfeiture), the participant will recognize ordinary compensation income in an amount equal to the excess, if any, of the fair market value of the shares on the date of exercise over the exercise price, and the Corporation will qualify for a deduction in the same amount, subject

to Section 162(m) of the Internal Revenue Code of 1986 and a requirement that the compensation be reasonable. The Corporation will be required to comply with applicable federal income tax withholding requirements with respect to the amount of ordinary compensation income recognized by the participant. When the shares are sold, the participant will recognize gain or loss equal to the difference, if any, between the amount realized and the sum of the exercise price and the ordinary compensation income recognized. Such gain or loss will be treated as short-term or long-term capital gain or loss if the shares are capital assets, depending upon the length of time that the participant held the shares.

17. Q: WHAT WAS A RECENT CLOSING SALE PRICE PER SHARE OF THE COMMON STOCK?

A: On April 1, 2003, the closing price per share of common stock as reported by the NYSE was \$2.85.

PROPOSAL THREE: AMEND THE AMENDED AND RESTATED CERTIFICATE OF
INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

GrafTech's Board of Directors has adopted, subject to approval by the stockholders, and is proposing for such approval, the following amendment to the Amended and Restated Certificate of Incorporation of the Corporation:

"The first sentence of Article "SIXTH" of the Amended and Restated Certificate of Incorporation of GrafTech International Ltd. be, and hereby is, amended in its entirety to be and read as follows:

The aggregate number of shares of all classes of capital stock which the Corporation shall have authority to issue is one hundred sixty million (160,000,000), of which one hundred fifty million (150,000,000) shall be common stock, par value \$.01 per share (the "Common Stock"), and ten million (10,000,000) shall be preferred stock, par value \$.01 per share (the "Preferred Stock")."

To become effective, the amendment must be approved by the affirmative vote of the holders of a majority of the outstanding shares of common stock.

GrafTech's Board of Directors recommends that stockholders vote FOR the amendment.

1. Q: HOW WOULD THE AMENDMENT AFFECT THE AUTHORIZED SHARES OF CAPITAL STOCK OF GRAFTECH?

A: The amendment would increase the number of authorized shares of GrafTech's common stock from 100,000,000 shares to 150,000,000 shares. The amendment would not affect the number of authorized shares of preferred stock.

2. Q: HOW MANY SHARES OF COMMON STOCK ARE CURRENTLY AVAILABLE FOR FUTURE ISSUANCE?

A: At April 1, 2003, 57,301,937 shares of common stock were outstanding and 16,051,009 shares (including the shares described in Proposal Two) were reserved for use under employee benefit plans and stock-based incentive plans (including shares reserved for use under the Savings Plan). In addition, we expected to contribute an aggregate of 3,073,600 shares to the trust for our qualified retirement plan and our benefits protection trust. Accordingly, 23,568,854 shares of common stock are available for future issuance.

3. Q: WHO HAS THE AUTHORITY TO ISSUE COMMON STOCK?

A: GrafTech's Board of Directors has the authority to issue common stock

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

(including the shares subject to this Proposal Three), without the approval of stockholders unless such approval is required by the rules of the NYSE.

4. Q: WHY SHOULD THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK BE INCREASED?

A: At April 1, 2003 and after taking into account shares reserved or expected to be used as described in the Answer to Question 2 above, we had about 23,268,854 shares of common stock available for general corporate purposes, including acquisitions, public or private offerings for cash or in exchange for debt, and compensation of directors, officers, employees and others. Use of shares for such purposes is subject to applicable laws, including the rules of the NYSE and the SEC.

42

GrafTech's Board of Directors regularly evaluates our needs and opportunities to use shares of common stock to:

- o satisfy or fund obligations or as substitutes for cash payments (including those with respect to compensation of directors, officers and employees);
- o raise additional equity capital for funding emerging business and/or deleveraging; or
- o acquire companies or businesses in exchange, in whole or in part, for common stock.

While it has not made any decisions and we have no offers, commitments or understandings with respect thereto, GrafTech's Board of Directors believes any such opportunities that may become available are likely to become available under circumstances that would require prompt action and significant flexibility on our part.

Accordingly, GrafTech's Board of Directors believes that it would be in the best interests of the Corporation and its stockholders to increase the number of authorized shares of common stock to provide GrafTech's Board of Directors with authorized shares sufficient to enable it to promptly act upon any such opportunity.

5. Q: WOULD THE AMENDMENT CHANGE ANY RIGHTS ASSOCIATED WITH THE CAPITAL STOCK?

A: The amendment would not change any of the rights, restrictions, terms or provisions relating to the common stock or the preferred stock.

6. Q: ARE STOCKHOLDERS ENTITLED TO DISSENTERS' RIGHTS OF APPRAISAL WITH RESPECT TO THE AMENDMENT?

A: Under the General Corporation Law of the State of Delaware, stockholders are not entitled to appraisal rights with respect to the amendment. GrafTech will not independently provide stockholders with any such right.

7. Q: ARE STOCKHOLDERS ENTITLED TO PREEMPTIVE RIGHTS WITH RESPECT TO THE ISSUANCE OF COMMON STOCK?

A: Holders of common stock do not have preemptive rights with respect to the issuance of common stock.

8. Q: HOW WOULD THE FUTURE ISSUANCE OF COMMON STOCK AFFECT STOCKHOLDERS?

A: Any future issuance of common stock, other than on a pro-rata basis, would dilute the percentage ownership and voting interest of then current stockholders.

9. Q: IS THERE A POTENTIAL ANTI-TAKEOVER EFFECT WITH RESPECT TO THE AMENDMENT?

A: The increased number of unissued and authorized shares of common stock could, under certain circumstances, have an anti-takeover effect by, for example, permitting issuances that would dilute the percentage ownership and voting interest of a person seeking to effect a change in the composition of GrafTech's Board of Directors, contemplating a tender or exchange offer or contemplating the combination of GrafTech with another company.

43

The amendment is not being proposed in response to any effort of which management is aware to accumulate common stock or obtain control of GrafTech and is not part of a plan by management to recommend to GrafTech's Board of Directors and stockholders a series of amendments to the Amended and Restated Certificate of Incorporation. Other than the amendment, GrafTech's Board of Directors does not currently contemplate recommending the adoption of any other amendments to the Amended and Restated Certificate of Incorporation that could be construed to affect the ability of third parties to take over or change the control of GrafTech.

10. Q: WHAT WOULD THE PROCEDURE BE FOR INCREASING THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK?

Such terms and conditions may include, without limitation, settlement in cash or shares of Common Stock or a combination thereof (which form of settlement may be either prescribed by the Board or the Committee or subject to the discretion of the Company or the Participant), performance measures, tandem or reload features, vesting schedules (and provisions regarding acceleration of vesting), registration provisions (including indemnification and contribution arrangements), terms and conditions relating to withholding of taxes, transferability provisions, forfeiture and clawback provisions, anti-dilution provisions and provisions relating to adjustments to reflect business combinations, provisions relating to dividends and distributions, and exercise provisions (including provisions relating to conditional exercises, net exercises and payment of exercise prices with outstanding shares of Common Stock).

ARTICLE V

EXERCISABILITY OF OPTIONS

5.2 Performance Options. Except as otherwise provided in the

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

relevant Option Agreement or Section 5.3, all then outstanding Performance Options became vested and exercisable prior to March 1, 2002.

Except as otherwise provided in the Plan, Standard Options shall be subject to such terms and conditions as are established by the Committee or the Board at the time of grant and set forth in the relevant Option Agreements. Except as otherwise provided in the relevant Option Agreement or Section 5.3, a Standard Option shall vest and become exercisable at such time or under such circumstances as the Committee or the Board shall determine and specify in the relevant Option Agreement.

5.3 Acceleration Events. The Committee or the Board may, but are not required to, provide for the accelerated vesting and exercisability of Standard Options at the time of grant and any such provisions shall be set forth in the relevant Option Agreements. The Committee or the Board may, in its discretion, accelerate the vesting and exercisability of any or all Options at any time and for any reason.

ARTICLE VI

EXERCISE OF OPTIONS

6.1 Right to Exercise. During the lifetime of a Participant, Options may be exercised only by such Participant (except that, in the event of his Disability, Options may be exercised by his or her legal guardian or legal representative). In the event of the death of a Participant, exercise of Options shall be made only by the executor or administrator of the deceased Participant's estate or the Person or Persons to whom the deceased Participant's rights under Options shall pass by will or the laws of descent and distribution.

6.2 Procedure for Exercise. Vested Options may be exercised in whole or in part with respect to any portion that is exercisable. To exercise an Option, a Participant (or such other Person who shall be permitted to exercise the Option as set forth in Section 6.1) must complete, sign and deliver to the Company a notice of exercise in such form as the Company may from time to time adopt and provide to a Participant (the "Exercise Notice"), together with payment in full of

B-6

the Exercise Price multiplied by the number of shares of Common Stock with respect to which the Option is exercised. Payment of the Exercise Price shall be made in cash (including check, bank draft or money order). The right to exercise the Option shall be subject to the satisfaction of all conditions set forth in the relevant Option Agreement and Exercise Notice. In lieu of paying the Exercise Price, upon a Participant's (or such other Person's) request, with the Committee's or the Board's consent, the Company shall give the Participant a number of shares of Common Stock equal to (A) divided by (B) where (A) is the excess of the (i) the Fair Market Value of a share of Common Stock on the date of exercise, over (ii) the Exercise Price, multiplied by (iii) the number of shares for which the Option is being exercised, and (B) is the Fair Market Value of a share of Common Stock on the date of exercise.

6.3 Option Agreements and Option Programs. To the extent that the relevant Option Agreement or any stock option administration program provides for different administrative, clerical or operational activities than those provided for in this Article VI and such different activities are not materially inconsistent with the purposes of this Article VI, then such other provision shall govern.

6.4 Conditional Exercise in Contemplation of an Acceleration Event. In contemplation of an Acceleration Event, a Participant may

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

conditionally exercise at least 15 days prior to the Acceleration Event all or a portion of his Options which are exercisable and which will become exercisable upon the occurrence of the Acceleration Event. Such conditional exercise shall become null and void if the anticipated Acceleration Event does not occur within six (6) months following the date of such conditional exercise. A conditional exercise shall become binding upon a Participant (and such Participant shall become obligated to pay the Exercise Price therefor) upon the occurrence of the Acceleration Event.

6.5 Withholding of Taxes. The Company shall withhold from any Participant from any amounts due and payable by the Company to such Participant (or secure payment from such Participant in lieu of withholding) the amount of any withholding or other tax due from the Company with respect to any Option Shares issuable under the Plan, and the Company may defer such issuance unless indemnified to its satisfaction.

ARTICLE VII

EXPIRATION OF OPTIONS

7.1 Expiration Date. Time Options and Performance Options shall expire at 5:00 p.m. Eastern Standard Time on the day prior to the twelfth anniversary of the Grant Date or upon such earlier time as provided in the relevant Option Agreements and Standard Options shall expire at 5:00 p.m. Eastern Standard Time on the tenth anniversary of the Grant Date or on such earlier date as shall be specified by the Committee or the Board at the time of grant and set forth in the relevant Option Agreements (as applicable, the "Expiration Date").

7.2 Limited Stock Appreciation Right. Upon a Participant's request, the Company may, in its sole discretion, cancel any vested Option (in whole or in part) granted hereunder and pay the affected Participant the excess of the (i) the Fair Market Value of a share of Common Stock, over (ii) the Exercise Price, multiplied by (iii) the number of shares for which the Option is being cancelled (the "Cancellation Amount"); provided, however, that coincident with any transaction which is reasonably likely to result in a Change of Control the Company may in its sole discretion, without a Participant's consent, cancel any Option (in whole or in part) granted hereunder and pay the affected Participant the Cancellation Amount.

ARTICLE VIIIA

RESTRICTED SHARES

7A.1 Dividends. If the Board declares a special or extraordinary dividend or distribution payable on the Common Stock, the Company shall notify each Participant who (on the record date for determination of stockholders entitled to receive such dividend or distribution) holds unvested Restricted Shares of the amount of the dividend or distribution which such Participant would have received if such Restricted Shares had vested prior to such record date. Upon the vesting of such Restricted Shares, such dividend or distribution shall be promptly paid, in cash if such dividend or distribution was a cash dividend or distribution or in securities or other property if such dividend or distribution was a dividend or distribution of securities or other property, to such Participant. If any of such Restricted Shares are forfeited or fail to vest, the Participant shall forfeit all rights to any such dividend or distribution and it shall revert to the Company.

7A.2 Acceleration Events. The Committee or the Board may, but are not required to, provide for the

accelerated vesting of Restricted Shares at the time of grant and any such provisions shall be set forth in the relevant Restricted Share Agreement(s). The Committee or the Board may, in its discretion, accelerate the vesting of any or all Restricted Shares at any time and for any reason.

7A.3 Withholding of Taxes. The Company and its Subsidiaries shall withhold or deduct from any or all payments or amounts due to or held for the Participant or require payment by the Participant of an amount equal to all taxes (including social security and medical (including FICA), and other governmental charges of any kind as well as income and other taxes) required to be withheld or deducted with respect to any and all taxable income and other amounts attributable to the Restricted Shares. The procedures and arrangements with respect thereto shall be set forth in the relevant Restricted Stock Agreement.

ARTICLE VIII

RIGHTS AND LIMITATIONS

8.1 Dividend Equivalents. The following Sections 8.1(a), 8.1(b) and 8.1(c) shall apply to Options granted prior to September 29, 1998. The following Section 8.1(d) shall apply to Options granted on or after September 29, 1998.

(a) If the Board declares a special or extraordinary dividend in connection with a recapitalization, reorganization, restructuring or other nonrecurring corporate event to the holders of Common Stock, the Company shall pay to an escrow account on behalf of each Participant an amount (the "Dividend Equivalent") equal to the dividend they would have received had they directly owned each Option Share subject to Time Options and each Option Share with respect to which Performance Options are vested.

(b) Upon a Participant's exercise of a Time Option or Performance Option, the Company shall offset the Exercise Price of each Option Share subject to such Option in respect of which a Dividend Equivalent was paid by the Dividend Equivalent set aside with respect to such Option Share. Any Dividend Equivalent in excess of the Exercise Price shall be paid in cash at the time the dividend is paid.

(c) If the Time Options or Performance Options of a Participant with respect to which a Dividend Equivalent is set aside are terminated or cancelled prior to the date such Options are exercised, the Participant shall forfeit the right to the Dividend Equivalent and any amounts set aside in the Participant's escrow account in respect of such Dividend Equivalent shall revert to the Company.

(d) If the Board declares a special or extraordinary dividend payable on the Common Stock in connection with a recapitalization, reorganization, restructuring or other nonrecurring corporate event, the Company shall notify each Participant who (on the record date for determination of stockholders entitled to receive such dividend) holds vested Standard Options or vested Time Options granted on or after September 29, 1998 of the amount of the dividend (the "Dividend Adjustment") which such Participant would have received if such Participant had owned the Option Shares subject to such Options. Upon such Participant's exercise of any of such Options, (i) the Company shall reduce the Exercise Price of such Options (but not below \$.01) by the amount of the Dividend Adjustment with respect to the Option Shares issuable upon such exercise and (ii) to the extent that such Dividend Adjustment exceeds the amount of such reduction, such excess shall be promptly paid in cash to such Participant. If any of such Options expire or are terminated or cancelled prior to exercise thereof, the Participant shall forfeit all rights to all Dividend

Adjustments.

8.2 Registration of Option Shares and Restricted Shares.

(a) Registration. The Company shall file, at its own expense, a registration statement or statements on Form S-8 or Form S-3, as appropriate, to register the issuance or resale of the Option Shares and the Restricted Shares.

(b) Limitations on Resale. Any resale of the Option Shares or the Restricted Shares pursuant to such registration statement or statements shall be subject to (i) the continued effectiveness, at the Company's discretion, of such registration statement or statements and (ii) any blackout, insider trading, short-swing profits or other restrictions on trading activity which the Company may impose or to which the Participant may be subject, by law, under Company policies or otherwise.

B-8

(c) Indemnification. Any Participant for whom the resale of Option Shares or Restricted Shares is included in such registration statement or statements will indemnify the Company, each of its directors and officers and each Person who Controls the Company (other than such Participant) against all claims, losses, damages, expenses and liabilities (or actions in respect thereof) arising out of or based upon any untrue statement (or alleged untrue statement) of a material fact contained in any such registration statement or statements, or any omission (or alleged omission) to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and will reimburse the Company, each of its directors and officers and each Person Controlling the Company (other than such Participant) for all legal and any other expenses reasonably incurred in connection with investigating or defending any such claim, loss, damage, liability or action, in each case to the extent, but only to the extent, that such untrue statement (or alleged statement) or omission (or alleged omission) is made in such registration statement or statements in reliance upon and in conformity with written information furnished to the Company by such Participant with respect to such Participant and expressly stated to be specifically for use therein; provided, however, that the liability of any such Participant under this Section 8.2(c) shall be limited to the amount of proceeds received by such Participant in the resale giving rise to such liability.

8.3 Transfer of Options. Options may not be Transferred (other than by will or descent), except that Options may be Transferred to the Company to secure indebtedness on any Employee Loan.

8.4 Transfer of Restricted Shares. Unless otherwise determined by the Board or the Committee and in accordance with the vesting conditions set forth in the relevant Restricted Share Agreement, Restricted Shares may not be Transferred until the termination or lapse of all restrictions relating to such Restricted Shares.

8.5 Agreements. Award Agreements may contain such additional provisions (including rights, restrictions and obligations), not materially inconsistent with the Plan, as may be approved by the Board or the Committee or by the officers of the Company pursuant to authority delegated to them by the Board or the Committee.

ARTICLE IX

The authority of the Committee and the Board granted under this Article IX shall be additive to the authority granted to them under Section 4.1.

ARTICLE X

MISCELLANEOUS

10.1 Amendment, Suspension and Termination of Plan. The Board may amend or terminate the Plan at any time. No suspension, termination or amendment of or to the Plan shall affect adversely the rights of any Participant with respect to Awards granted hereunder prior to the date of such suspension, termination or amendment without the consent of such Participant.

B-9

10.2 Adjustments.

(a) [omitted]

(b) Changes in Common Stock. In the event of a stock dividend, stock split, share combination or other nonrecurring corporate transaction, the Committee or the Board shall make such adjustments in the number and type of Awards authorized by and shares subject to the Plan and the number and type of shares covered by outstanding Awards and the Exercise Prices specified therein and such other amendments to the Plan as the Board or the Committee, in good faith, determines to be appropriate and equitable.

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

without Cause) or shall confer upon any Participant any right to continued employment by the Company or any of the Subsidiaries for any period of time or to continue such employee's present (or any other) rate of compensation.
