THE GABELLI UTILITY TRUST

Semi-Annual Report
 June 30, 2004

TO OUR SHAREHOLDERS,

During the second quarter of 2004, the Gabelli Utility Trust's (the "Trust") total return declined 0.6% on a net asset value ("NAV") basis while the Standard & Poor's ("S&P") 500 Utility Index declined 1.3% and the Lipper Utility Fund Average rose 0.1%. For the six-month period ended June 30, 2004, the Trust's NAV total return was 3.1% versus gains of 3.8% and 4.2% for the S&P 500 Utility Index and the Lipper Utility Fund Average, respectively. The Trust's market price on June 30, 2004 was \$9.22, which equates to a 38.0% premium to its net asset value ("NAV") of \$6.68. The Trust's market price fell 3.4% during the second quarter but rose 0.04% during the six-month period ended June 30, 2004.

Enclosed are the financial statements and the investment portfolio as of June 30, 2004.

COMPARATIVE RESULTS

 AVERAGE ANNUAL RETURNS THROUGH JUNE 30, 2004 (a)

	QUARTER	YEAR TO DATE	1 YEAR	3 YEAR	SINCE INCEPTION
	-----	-----	-----	-----	-----
Gabelli Utility Trust NAV Return (c)	(0.55)%	3.14%	9.21%	3.98%	
Gabelli Utility Trust Investment Return (d) ..	(3.39)	0.04	2.01	9.06

Edgar Filing: GABELLI UTILITY TRUST - Form N-CSRS

Lipper Utility Fund Average 0.11 4.15 13.35 (5.57)

- (a) Returns represent past performance and do not guarantee future results. Investment returns and the principal value of an investment will fluctuate. When shares are sold, they may be worth more or less than their original cost. The S&P 500 Utility Index is an unmanaged indicator of electric and gas utility stock performance, while the Lipper Average reflects the average performance of open-end mutual funds classified in this particular category. Dividends are considered reinvested. Performance for periods less than one year is not annualized.
- (b) From commencement of investment operations on July 9, 1999.
- (c) Total returns and average annual returns reflect changes in net asset value ("NAV"), reinvestment of distributions at NAV on the ex-dividend date and adjustments for rights offerings, and are net of expenses. Since inception return based on an initial NAV of \$7.50.
- (d) Total returns and average annual returns reflect changes in closing market values on the New York Stock Exchange, reinvestment of distributions and adjustments for rights offerings. Since inception return based on an initial market price value of \$7.50.

SHAREHOLDER MEETING -- MAY 10, 2004 -- FINAL RESULTS

The Annual Meeting of Shareholders was held on May 10, 2004 at the Greenwich Public Library in Greenwich, Connecticut. THE GABELLI UTILITY TRUST NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

1. ORGANIZATION. The Gabelli Utility Trust (the "Utility Trust") is a closed-end, non-diversified management investment company organized as a Delaware statutory trust on February 25, 1999 and registered under the Investment Company Act of 1940, as amended (the "1940 Act"), whose primary objective is long-term growth of capital and income. The Utility Trust had no operations prior to July 9, 1999, other than the sale of 10,000 shares of beneficial interest for \$100,000 to The Gabelli Equity Trust Inc. (the "Equity Trust") at \$10.00 per share. On July 9, 1999, the Utility Trust had a 4 for 3 stock split making the balance of Utility Trust shares held by the Equity Trust as 13,333. On July 9, 1999, the Equity Trust contributed \$79,487,260 in cash and securities in exchange for shares of the Utility Trust, and on the same date distributed such shares to Equity Trust shareholders of record on July 1, 1999 at the rate of one share of the Utility Trust for every ten shares of the Equity Trust. Investment operations commenced on July 9, 1999.

Effective August 1, 2002, the Utility Trust modified its non-fundamental investment policy to increase, from 65% to 80%, the portion of its assets that it will invest, under normal market conditions, in common stocks and other

Edgar Filing: GABELLI UTILITY TRUST - Form N-CSRS

securities of foreign and domestic companies involved in providing products, services or equipment for (i) the generation or distribution of electricity, gas and water and (ii) telecommunications services or infrastructure operations (the "80% Policy").

The 80% Policy may be changed without shareholder approval. However, the Utility Trust has adopted a policy to provide shareholders with at least 60 days' notice of the implementation of any change in the 80% Policy.

2. SIGNIFICANT ACCOUNTING POLICIES. The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

SECURITY VALUATION. Portfolio securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market for which market quotations are readily available are valued at the last quoted sale price or a market's official closing price as of the close of business on the day the securities are being valued. If there were no sales that day, the security is valued at the average of the closing bid and asked prices or, if there were no asked prices quoted on that day, then the security is valued at the closing bid price on that day. If no bid or asked prices are quoted on such day, the security is valued at the most recently available price or, if the Board of Trustees (the "Board") so determines, by such other method as the Board shall determine in good faith, to reflect its fair market value. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market, as determined by Gabelli Funds, LLC (the "Adviser").

Portfolio securities primarily traded on foreign markets are generally valued at the preceding closing values of such securities on their respective exchanges or if after the close, market conditions change significantly, certain foreign securities may be fair valued pursuant to procedures established by the Board. Debt instruments that are not credit impaired with remaining maturities of 60 days or less are valued at amortized cost, unless the Board determines such does not reflect the securities' fair value, in which case these securities will be valued at their fair value as determined by the Board. Debt instruments having a maturity greater than 60 days for which market quotations are readily available are valued at the latest average of the bid and asked prices. If there were no asked prices quoted on such day, the security is valued using the closing bid price. Futures contracts are valued at the official closing settlement price of the exchange or board of trade on which the applicable contract is traded.

THE GABELLI UTILITY TRUST NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

Securities and assets for which market quotations are not readily available are valued at their fair value as determined in good faith under procedures established by and under the general supervision of the Board. Fair valuation methodologies and procedures may include, but are not limited to: analysis and review of available financial and non-financial information about the company; comparisons to the valuation and changes in valuation of similar securities, including a comparison of foreign securities to the equivalent U.S. dollar value ADR securities at the close of the U.S. exchange; and evaluation of any other information that could be indicative of the value of the security.

Edgar Filing: GABELLI UTILITY TRUST - Form N-CSRS

REPURCHASE AGREEMENTS. The Utility Trust may enter into repurchase agreements with primary government securities dealers recognized by the Federal Reserve Bank of New York, with member banks of the Federal Reserve System or with other brokers or dealers that meet credit guidelines established by the Adviser and reviewed by the Board of Trustees. Under the terms of a typical repurchase agreement, the Utility Trust takes possession of an underlying debt obligation subject to an obligation of the seller to repurchase, and the Utility Trust to resell, the obligation at an agreed-upon price and time, thereby determining the yield during the Utility Trust's holding period. The Utility Trust will always receive and maintain securities as collateral whose market value, including accrued interest, will be at least equal to 102% of the dollar amount invested by the Utility Trust in each agreement. The Utility Trust will make payment for such securities only upon physical delivery or upon evidence of book entry transfer of the collateral to the account of the custodian. To the extent that any repurchase transaction exceeds one business day, the value of the collateral is marked-to-market on a daily basis to maintain the adequacy of the collateral. If the seller defaults and the value of the collateral declines or if bankruptcy proceedings are commenced with respect to the seller of the security, realization of the collateral by the Utility Trust may be delayed or limited.

FOREIGN CURRENCY TRANSACTION. The books and records of the Utility Trust are maintained in United States (U.S.) dollars. Foreign currencies, investments and other assets and liabilities are translated into U.S. dollars at the exchange rates prevailing at the end of the period, and purchases and sales of investment securities, income and expenses are translated at the exchange rate prevailing on the respective dates of such transactions. Unrealized gains and losses, which result from changes in foreign exchange rates and/or changes in market prices of securities, have been included in unrealized appreciation/depreciation on investments and foreign currency transactions. Net realized foreign currency gains and losses resulting from changes in exchange rates include foreign currency gains and losses between trade date and settlement date on investment securities transactions, foreign currency transactions and the difference between the amounts of interest and dividends recorded on the books of the Utility Trust and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial trade date and subsequent sale trade date is included in realized gain/(loss) on investments.

SECURITIES TRANSACTIONS AND INVESTMENT INCOME. Securities transactions are accounted for as of the trade date with realized gain or loss on investments determined by using the identified cost method. Interest income (including amortization of premium and accretion of discount) is recorded as earned. Dividend income is recorded on the ex-dividend date.

DIVIDENDS AND DISTRIBUTIONS TO SHAREHOLDERS. Distributions to shareholders are recorded on the ex-dividend date. Income distributions and capital gain distributions are determined in accordance with Federal income tax regulations, which may differ from accounting principles generally accepted in the United States. Distributions to Shareholders of the Utility Trust's 5.625% Tax Advantaged Series A Cumulative Preferred Stock and Series B Auction Rate Cumulative Preferred Stock ("Cumulative Preferred Stock") are accrued on a daily basis and are determined as described in Note 5.

For the year ended December 31, 2003, reclassifications were made to increase distributions in excess of net investment income for \$27,100 and to decrease distributions in excess of net realized gain on investments for \$27,100, with an offsetting adjustment to additional paid-in capital.

Edgar Filing: GABELLI UTILITY TRUST - Form N-CSRS

THE GABELLI UTILITY TRUST NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

The tax character of distributions paid during the fiscal year ended December 31, 2003 were as follows:

	YEAR ENDED DECEMBER 31, 2003	
	COMMON	PREFERRED
DISTRIBUTIONS PAID FROM:		
Ordinary income		
(inclusive of short term capital gains) ..	\$ 1,659,283	\$ 281,763
Net long term capital gains	3,642,522	555,151
Non-taxable return of capital	7,047,175	--
	-----	-----
Total distributions paid	\$12,348,980	\$ 836,914
	=====	=====

The tax character of amounts distributed in 2004 which exceed the ordinary income and net capital gains of the Fund will be treated as a non-taxable return of capital. Such determination can only be made upon completion of the taxable year.

PROVISION FOR INCOME TAXES. The Trust intends to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended. It is the Fund's policy to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its net investment company taxable income and net capital gains. Therefore, no provision for Federal income taxes is required.

Dividends and interest from non-U.S. sources received by the Utility Trust are generally subject to non-U.S. withholding taxes at rates ranging up to 30%. Such withholding taxes may be reduced or eliminated under the terms of applicable U.S. income tax treaties, and the Utility Trust intends to undertake any procedural steps required to claim the benefits of such treaties.

As of December 31, 2003, the components of accumulated earnings/(losses) on a tax basis were as follows:

Net unrealized appreciation on investments	\$ 8,129,469
Dividends payable	(29,669)

Total accumulated gain	\$ 8,099,800
	=====

3. AGREEMENTS AND TRANSACTIONS WITH AFFILIATES. The Utility Trust has entered into an investment advisory agreement (the "Advisory Agreement") with the Adviser which provides that the Utility Trust will pay the Adviser on the first business day of each month a fee for the previous month equal on an annual basis to 1.00% of the value of the Utility Trust's average daily net assets plus liquidation value of preferred stock. In accordance with the Advisory Agreement, the Adviser provides a continuous investment program for the Utility Trust's portfolio and oversees the administration of all aspects of the Utility Trust's business and affairs. The Adviser has agreed to reduce the management fee on the incremental assets attributable to each series of the Cumulative Preferred Stock if the total return of the net asset value of the common shares of the Utility Trust, including distributions and advisory fee subject to reduction, does not

Edgar Filing: GABELLI UTILITY TRUST - Form N-CSRS

exceed the stated dividend rate of the respective Cumulative Preferred Stock for the year.

The Trust's total return on the net asset value of the common shares is monitored on a monthly basis to assess whether the total return on the net asset value of the common shares exceeds the stated dividend rate of the Cumulative Preferred Stock for the period. For the six months ended June 30, 2004, the Trust's total return on the net asset value of the common shares exceeded the stated dividend rate of the Series B Auction Rate Cumulative Preferred Stock. Thus, management fees were accrued on these assets, but not on the assets of the Series A Cumulative Preferred Stock. Management fees were reduced by the amount of \$149,180.

During the six months ended June 30, 2004, Gabelli & Company, Inc. and its affiliates received \$80,330 in brokerage commissions as a result of executing agency transactions in portfolio securities on behalf of the Utility Trust.

9

THE GABELLI UTILITY TRUST NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

In connection with the 2003 Rights Offering, holders of unexercised rights to purchase common shares of the Utility Trust's ("Rights") were able to instruct the Subscription Agent (EquiServe Trust Company) to sell such Rights on their behalf. The Subscription Agent was permitted to effect such sales through Gabelli & Company, unless the Subscription Agent was able to negotiate a lower commission rate with an independent broker. Total commissions from sales of Rights effected by the Subscription Agent through Gabelli & Company amounted to \$22,630 for the year ended December 31, 2003.

The cost of calculating the Trust's net asset value per share is a Trust expense pursuant to the Investment Advisory Agreement between the Trust and the Adviser. During the six months ended June 30, 2004, the Utility Trust reimbursed the Adviser \$17,400 in connection with the cost of computing the Trust's net asset value.

4. PORTFOLIO SECURITIES. Cost of purchases and proceeds from sales of securities, other than short-term securities, for the six months ended June 30, 2004 aggregated \$39,960,060 and \$11,327,871, respectively.

5. CAPITAL. The Board of Trustees of the Utility Trust has authorized the repurchase of its shares on the open market when the shares are trading at a discount of 10% or more (or such other percentage as the Board of Trustees may determine from time to time) from the net asset value of the shares. During the six months ended June 30, 2004, the Utility Trust did not repurchase any shares of beneficial interest in the open market.

On August 20, 2003, the Utility Trust distributed one transferable right for each of the 15,298,490 common shares outstanding to shareholders of record on that date. Three rights were required to purchase one additional common share at the subscription price of \$7.00 per share. Shareholders who exercised their full primary subscription rights were eligible for an over-subscription privilege entitling them to subscribe, subject to certain limitations and a pro-rata allotment, for any additional shares not purchased pursuant to the primary subscription plus such additional amounts as authorized by the Board of Trustees in accordance with the registration statement. The subscription period expired on September 25, 2003. The rights offering was fully and over-subscribed resulting in the issuance of 7,500,000 common shares and proceeds of \$52,500,000

Edgar Filing: GABELLI UTILITY TRUST - Form N-CSRS

to the Utility Trust, prior to the deduction of estimated expenses of \$500,000. The net asset value per share of the Utility Trust common shareholders was enhanced by approximately \$0.12 per share as a result of the issuance of shares above net asset value.

Transactions in shares of beneficial interest were as follows:

	SIX MONTHS ENDED JUNE 30, 2004 (UNAUDITED)		YEAR ENDED DECEMBER 31, 2003	
	SHARES	AMOUNT	SHARES	AMOUNT
Shares issued in rights offering ..	--	\$ --	7,500,000	\$52,105,762

Net increase	141,656	\$1,246,246	7,725,740	\$54,012,622
	=====	=====	=====	=====

On July 31, 2003, the Utility Trust received net proceeds of \$28,877,500 (after underwriting discounts of \$945,000 and estimated offering expenses of \$177,500) from the public offering of 1,200,000 shares of 5.625% Series A Cumulative Preferred Stock. Commencing July 31, 2008 and thereafter, the Utility Trust, at its option, may redeem the 5.625% Series A Cumulative Preferred Stock in whole or in part at the liquidation value price. During the six months ended June 30, 2004, the Utility Trust repurchased 15,300 shares of 5.625% Series A Cumulative Preferred Stock in the open market at a cost of \$353,154 and an average discount of approximately 7.72% from its liquidation value of \$25.00 per share. All repurchased shares of 5.625% Series A Cumulative Preferred Stock have been retired. At June 30, 2004, 1,184,700 shares of the 5.625% Series A Cumulative Preferred Stock were outstanding and accrued dividends amounted to \$13,883.

10

THE GABELLI UTILITY TRUST NOTES TO FINANCIAL STATEMENTS (CONTINUED) (UNAUDITED)

On July 31, 2003, the Utility Trust received net proceeds of \$24,572,500 (after underwriting discounts of \$250,000 and estimated offering expenses of \$177,500) from the public offering of 1,000 shares of Series B Auction Rate Cumulative Preferred Stock. The dividend rate, as set by the auction process, which is generally held every 7 days, is expected to vary with short-term interest rates. The rates of Series B Auction Rate Cumulative Preferred Stock ranged from 1.05% to 1.55% for the six months ended June 30, 2004. Existing shareholders may submit an order to hold, bid or sell such shares on each auction date. Series B Auction Rate Cumulative Preferred Stock shareholders may also trade shares in the secondary market. The Utility Trust, at its option, may redeem the Series B Auction Rate Cumulative Preferred Stock in whole or in part at the liquidation value price at any time. During the six months ended June 30, 2004, the Utility Trust did not repurchase any shares of Series B Auction Rate Cumulative Preferred Stock. At June 30, 2004, 1,000 shares of the Series B Auction Rate Cumulative Preferred Stock were outstanding with an annualized dividend rate of 1.38 percent per share and accrued dividends amounted to \$958.

Edgar Filing: GABELLI UTILITY TRUST - Form N-CSRS

The holders of Cumulative Preferred Stock have voting rights equivalent to those of the holders of Common Stock (one vote per share) and will vote together with holders of shares of Common Stock as a single class. In addition, the 1940 Act requires that along with approval of a majority of the holders of Common Stock, approval of a majority of the holders of any outstanding shares of Cumulative Preferred Stock, voting separately as a class, would be required to (a) adopt any plan of reorganization that would adversely affect the Cumulative Preferred Stock, and (b) take any action requiring a vote of security holders, including, among other things, changes in the Fund's subclassification as a closed-end investment company or changes in its fundamental investment restrictions. The income received on the Fund's assets may vary in a manner unrelated to the fixed and variable rates, which could have either a beneficial or detrimental impact on net investment income and gains available to common shareholders.

Under Emerging Issues Task Force (EITF) promulgating Topic D-98, Classification and Measurement of Redeemable Securities, which was issued on July 19, 2001, preferred securities that are redeemable for cash or other assets are to be classified outside of permanent equity to the extent that the redemption is at a fixed or determinable price and at the option of the holder or upon the occurrence of an event that is not solely within the control of the issuer. Subject to the guidance of the EITF, the Fund's Cumulative Preferred Stock has been reclassified outside of permanent equity (net assets attributable to common stock shareholders) in the accompanying financial statements.

6. INDUSTRY CONCENTRATION. Because the Utility Trust primarily invests in common stocks and other securities of foreign and domestic companies in the utility industry, its portfolio may be subject to greater risk and market fluctuations than a portfolio of securities representing a broad range of investments.

7. OTHER MATTERS. On October 7, 2003, the Fund's Adviser received a subpoena from the Attorney General of the State of New York requesting information on mutual fund shares trading practices. The Adviser has also received requests for information from the SEC regarding mutual fund trading practices and valuation of portfolio securities. The Adviser has responded to the requests. The Fund does not believe that these matters will have a material adverse effect on the Fund's financial position or the results of its operations.

8. INDEMNIFICATIONS. The Fund enters into contracts that contain a variety of indemnifications. The Fund's maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts and expect the risk of loss to be remote.

AUTOMATIC DIVIDEND REINVESTMENT
AND VOLUNTARY CASH PURCHASE PLAN

ENROLLMENT IN THE PLAN

It is the Policy of The Gabelli Utility Trust ("Utility Trust") to automatically reinvest dividends. As a "registered" shareholder you automatically become a participant in the Utility Trust's Automatic Dividend Reinvestment Plan (the "Plan"). The Plan authorizes the Utility Trust to issue shares to participants upon an income dividend or a capital gains distribution regardless of whether the shares are trading at a discount or a premium to net asset value. All distributions to shareholders whose shares are registered in their own names will be automatically reinvested pursuant to the Plan in additional shares of the Utility Trust. Plan participants may send their stock certificates to EquiServe Trust Company ("EquiServe") to be held in their dividend reinvestment account. Registered shareholders wishing to receive their distribution in cash must submit this request in writing to:

Edgar Filing: GABELLI UTILITY TRUST - Form N-CSRS

The Gabelli Utility Trust
c/o EquiServe
P.O. Box 43011
Providence, RI 02940-3011

Shareholders requesting this cash election must include the shareholder's name and address as they appear on the share certificate. Shareholders with additional questions regarding the Plan or requesting a copy of the terms of the Plan may contact EquiServe at (800) 336-6983.

SHAREHOLDERS WISHING TO LIQUIDATE REINVESTED SHARES held at EquiServe must do so in writing or by telephone. Please submit your request to the above mentioned address or telephone number. Include in your request your name, address and account number. The cost to liquidate shares is \$2.50 per transaction as well as the brokerage commission incurred. Brokerage charges are expected to be less than the usual brokerage charge for such transactions.

If your shares are held in the name of a broker, bank or nominee, you should contact such institution. If such institution is not participating in the Plan, your account will be credited with a cash dividend. In order to participate in the Plan through such institution, it may be necessary for you to have your shares taken out of "street name" and re-registered in your own name. Once registered in your own name your dividends will be automatically reinvested. Certain brokers participate in the Plan. Shareholders holding shares in "street name" at participating institutions will have dividends automatically reinvested. Shareholders wishing a cash dividend at such institution must contact their broker to make this change.

The number of shares of Common Stock distributed to participants in the Plan in lieu of cash dividends is determined in the following manner. Under the Plan, whenever the market price of the Utility Trust's Common Stock is equal to or exceeds net asset value at the time shares are valued for purposes of determining the number of shares equivalent to the cash dividends or capital gains distribution, participants are issued shares of Common Stock valued at the greater of (i) the net asset value as most recently determined or (ii) 95% of the then current market price of the Utility Trust's Common Stock. The valuation date is the dividend or distribution payment date or, if that date is not a New York Stock Exchange trading day, the next trading day. If the net asset value of the Common Stock at the time of valuation exceeds the market price of the Common Stock, participants will receive shares from the Utility Trust valued at market price. If the Utility Trust should declare a dividend or capital gains distribution payable only in cash, EquiServe will buy Common Stock in the open market, or on the New York Stock Exchange or elsewhere, for the participants' accounts, except that EquiServe will endeavor to terminate purchases in the open market and cause the Utility Trust to issue shares at net asset value if, following the commencement of such purchases, the market value of the Common Stock exceeds the then current net asset value.

The automatic reinvestment of dividends and capital gains distributions will not relieve participants of any income tax which may be payable on such distributions. A participant in the Plan will be treated for Federal income tax purposes as having received, on a dividend payment date, a dividend or distribution in an amount equal to the cash the participant could have received instead of shares.

The Utility Trust reserves the right to amend or terminate the Plan as applied to any voluntary cash payments made and any dividend or distribution paid subsequent to written notice of the change sent to the members of the Plan at least 90 days before the record date for such dividend or distribution. The Plan also may be amended or terminated by EquiServe on at least 90 days' written notice to participants in the Plan.

VOLUNTARY CASH PURCHASE PLAN

The Voluntary Cash Purchase Plan is yet another vehicle for our shareholders to increase their investment in the Utility Trust. In order to participate in the Voluntary Cash Purchase Plan, shareholders must have their shares registered in their own name.

Participants in the Voluntary Cash Purchase Plan have the option of making additional cash payments to EquiServe for investments in the Utility Trust's shares at the then current market price. Shareholders may send an amount from \$250 to \$10,000. EquiServe will use these funds to purchase shares in the open market on or about the 1st and 15th of each month. EquiServe will charge each shareholder who participates \$0.75, plus a pro rata share of the brokerage commissions. Brokerage charges for such purchases are expected to be less than the usual brokerage charge for such transactions. It is suggested that any voluntary cash payments be sent to EquiServe, P.O. Box 43011, Providence, RI 02940-3011 such that EquiServe receives such payments approximately 10 days before the 1st and 15th of the month. Funds not received at least five days before the investment date shall be held for investment until the next purchase date. A payment may be withdrawn without charge if notice is received by EquiServe at least 48 hours before such payment is to be invested.

For more information regarding the Dividend Reinvestment Plan and Voluntary Cash Purchase Plan, brochures are available by calling (914) 921-5070 or by writing directly to the Utility Trust.
