For Immediate Release

### **End to Australian Listing**

Ivanhoe Mines Ltd., at its request, is to be removed from the official list of the Australian Stock Exchange Limited (**ASX**) on a date to be decided by ASX not less than 3 months after the date of this announcement (**Removal Date**).

Ivanhoe Mines has decided to delist from the ASX mainly because of the very low turnover in the company's shares on the ASX.

Ivanhoe's primary listing, under the symbol IVN, has always been on the Toronto Stock Exchange (**TSX**), Canada's premier exchange and one of the world's leading exchanges for international resource companies. Ivanhoe is also to list its common shares on the New York Stock Exchange (**NYSE**) and trading is expected to begin on January 18, 2005, under the ticker symbol IVN. The Company is also currently listed on the NASDAQ National Market, under the Symbol HUGO, however, concurrent with the NYSE listing, the company's shares will be voluntarily removed from NASDAQ.

Australian Shareholders (ie those registered on the Australian share register) and CDI (CHESS Depository Interest) holders will be notified of the impending delisting. The Australian share register, maintained by Advanced Share Registry Services in Perth, Western Australia, will continue for six months after the Removal Date. The Australian CDI register, also maintained by Advanced Share Registry Services, will be discontinued as soon as possible after the Removal Date.

For three months after the Removal Date, a facility with Macquarie Equities Ltd, an ASX participant, will be provided to Australian shareholders for them to sell their shares on the TSX.
