PROXY STATEMENT**

General

This proxy statement (the Proxy Statement) is furnished in connection with the solicitation by management of Mercer International Inc. (Mercer or the Company) of proxies for use at the annual general meeting of our shareholders (Shareholders) to be held at the Terminal City Club, 837 West Hastings Street, Vancouver, British Columbia, Canada at 10:00 a.m. (Vancouver time), on June 12, 2006 (the Meeting), or any adjournment, postponement or rescheduling thereof. If a proxy in the accompanying form (a Proxy) is properly executed and received by us prior to the Meeting or any adjournment, postponement or rescheduling thereof, our shares of common stock, \$1.00 par value (the Shares) represented by such Proxy will be voted in the manner directed. In the absence of voting instructions, the Shares will be voted for the proposals set out in the accompanying notice of annual general meeting of Shareholders. Please see the Proxy for voting instructions.

A Proxy may be revoked at any time prior to its use by filing a written notice of revocation of proxy or a later dated Proxy with the Company's registrar and transfer agent Mellon Investor Services LLC, at P.O. Box 3315, South Hackensack, NJ 07606. A Proxy may also be revoked by attending the Meeting and voting Shares in person. Attendance at the Meeting will not, in and of itself, constitute revocation of a Proxy.

The holders of one-third of the outstanding Shares entitled to vote at the Meeting, present in person or represented by Proxy, constitutes a quorum for the Meeting. Under applicable Washington State law, abstentions and broker non-votes will be counted for the purposes of establishing a quorum for the Meeting.

Proxies for the Meeting will be solicited by the Company primarily by mail. Proxies may also be solicited personally by our directors, officers or regular employees without additional compensation. We may reimburse banks, broker-dealers or other nominees for their reasonable expenses in forwarding the proxy materials for the Meeting to beneficial owners of Shares. The costs of this solicitation will be borne by the Company.

At a special meeting of Shareholders held on February 17, 2006, we received the required Shareholder approvals in connection with the conversion (the Conversion) of the Company from a business trust organized under the laws of the State of Washington to a Washington State corporation. The Conversion was completed effective March 1, 2006. The Conversion effected a change in our legal form, but did not result in any change in our business, management, fiscal year, accounting practices, assets or liabilities (except to the extent of legal and other costs of effecting the Conversion and maintaining ongoing corporate status) or location of the principal executive offices and facilities following consummation of the Conversion. We continue to operate under the name Mercer International Inc. , are engaged in the same business that we were engaged in prior thereto and our Shares are quoted and listed for trading on the NASDAQ National Market (the NASDAQ) and the Toronto Stock Exchange (the TSX), respectively. At the effective time of the Conversion, the incumbent trustees and officers of the business trust became our directors and officers.

This Proxy Statement and accompanying Proxy and our annual report for 2005 will be mailed to Shareholders commencing on or about May 29, 2006. The close of business on April 26, 2006 has been fixed as the record date (the

Record Date) for the determination of Shareholders entitled to notice of and to vote at the Meeting or any adjournment, postponement or rescheduling thereof.

COMMONLY ASKED QUESTIONS AND ANSWERS

Q: Why am I receiving this Proxy Statement and Proxy?

A: This Proxy Statement describes the proposals upon which you, as a Shareholder, will vote. It also gives you information on the proposals, as well as other information so that you can make an informed decision.

Q: What is the Proxy?

A: The Proxy enables you to appoint Jimmy S.H. Lee and David M. Gandossi as your representatives at the Meeting. By completing and returning the Proxy, you are authorizing Mr. Lee and Mr. Gandossi to vote your Shares at the Meeting as you have instructed them on the Proxy. This way your Shares will be voted whether or not you attend the Meeting. Even if you plan to attend the Meeting, it is a good idea to complete and return your Proxy before the date of the Meeting just in case your plans change.

Q: Who can vote at the Meeting?

A: Registered Shareholders who own our Shares on the Record Date may attend and vote at the Meeting. Each Share is entitled to one vote. There were 33,169,140 Shares outstanding on the Record Date. If you own your Shares through a brokerage account or in another nominee form, you must provide instructions to the broker or nominee as to how your Shares should be voted. Your broker or nominee will generally provide you with the appropriate forms at the time you receive this Proxy Statement. If you own your Shares through a brokerage account or nominee, you cannot vote in person at the Meeting unless you receive a Proxy from the broker or the nominee.

Q: What am I voting on?

A: We are asking you to: (i) vote for the election of the Company's directors for the ensuing year; and (ii) ratify the selection of Deloitte & Touche LLP as our independent auditors. **OUR BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF EACH OF THESE PROPOSALS.**

Q: How do I vote?

A: You may vote by mail.

Complete, date, sign and mail the Proxy to our registrar and transfer agent Mellon Investor Services LLC, at P.O. Box 3315, South Hackensack, NJ 07606, in the enclosed postage pre-paid envelope. If you mark your voting instructions on the Proxy, your Shares will be voted as you instruct. Please see the Proxy for voting instructions.

You may vote in person at the Meeting.

If you attend the Meeting, you may vote as instructed at the Meeting. However, if you hold your Shares in street name (that is, through a broker/ dealer or other nominee), you will need to bring to the Meeting a Proxy delivered to you by such nominee reflecting your Share ownership as of the Record Date.

Q: What does it mean if I receive more than one Proxy?

A: It means that you hold Shares in multiple accounts. Please complete and return all Proxies to ensure that all your Shares are voted in accordance with your instructions.

Q: What if I change my mind after returning my Proxy?

A: You may revoke your Proxy and change your vote at any time before completion of voting at the Meeting. You may do this by:

 sending a signed notice of revocation of proxy to our registrar and transfer agent at the address set out above stating that the Proxy is revoked; or

 signing another Proxy with a later date and sending it to our registrar and transfer agent at the address set out above before the date of the Meeting; or

 voting at the Meeting.

Your Proxy will not be revoked if you attend the Meeting but do not vote.

If you own your Shares through a broker or other nominee and wish to change your vote, you must send those instructions to your broker or nominee.

Q: Will my Shares be voted if I do not sign and return my Proxy?

A: If your Shares are registered in your name, they will not be voted unless you submit your Proxy or vote in person at the Meeting. If your Shares are held in street name, your broker/ dealer or other nominee will not have the authority to vote your Shares unless you provide instructions.

Q: Who will count the votes?

A: Agents of the Company will tabulate the Proxies. Additionally, votes cast by Shareholders voting in person at the Meeting are tabulated by a person who is appointed by our management before the Meeting.

Q: How many Shares must be present to hold the Meeting?

A: To hold the Meeting and conduct business, at least one-third of the outstanding Shares must be present at the Meeting. This is called a quorum.

Votes are counted as present at the Meeting if a Shareholder either:

is present and votes in person at the Meeting; or

has properly submitted a Proxy.

Abstentions and broker non-votes (Shares held by a broker/ dealer or other nominee that are not voted because the broker/ dealer or other nominee does not have the authority to vote on a particular matter) will be counted for the purposes of a quorum.

Q: How many votes are required to elect directors?

A: In February 2006, the board of directors (the Board) adopted new corporate governance guidelines regarding director elections. The guidelines provide that in an uncontested election any nominee for director who receives a greater number of votes Withheld for his or her election than votes For such election (a Majority Withheld Vote) will promptly tender his or her resignation as a director to the governance and nominating committee (the Governance Committee) which will, without participation of any director so tendering his or her resignation, consider the resignation offer and recommend to the Board whether to accept it. The Board, without participation by any director so tendering his or her resignation, will act on the Governance Committee s recommendation within 90 days following certification of the Shareholder vote. We will promptly issue a press release disclosing the Board s decision and, if the Board rejects the resignation offer, its reasons for such decision. We will also promptly disclose this information in a Securities and Exchange Commission (SEC) filing.

Q: How many votes are required to adopt the other proposal?

A: The ratification of Deloitte & Touche s appointment requires the affirmative vote of a majority of the Shares represented at the Meeting and entitled to vote thereon.

Q: What is the effect of withholding votes or abstaining ?

A: You can withhold your vote for any nominee in the election of directors. Withheld votes will be excluded entirely from the vote and will have no effect on the outcome (other than potentially triggering the director resignation requirements set forth in our corporate governance guidelines). On other proposals, you can Abstain . If you

abstain, your Shares will be counted as present at the Meeting for purposes of that proposal and your abstention will have the effect of a vote against the proposal.

Q: How are votes counted?

A: You may vote For or Withhold your vote on the proposal to elect directors. You may vote For or Against or Abstain on the proposal to ratify the selection of our independent auditors. If you withhold or abstain from voting on a proposal, it will have the practical effect of voting against the proposal.

If you sign and return your Proxy without voting instructions, your Shares will be counted as a For vote in favor of each proposal.

Q: Could other matters be discussed at the Meeting?

A: We do not know of any other matters to be brought before the Meeting other than those referred to in this Proxy Statement. If other matters are properly presented at the Meeting for consideration, the persons named in the Proxy will have the discretion to vote on those matters for you.

Proxies received which do not specify a choice for the election of the nominees will be voted FOR each of the nominees. **OUR BOARD RECOMMENDS A VOTE IN FAVOR OF EACH NOMINEE.**

Majority Withheld Policy in Uncontested Director Elections

In order to provide Shareholders with a meaningful role in the outcome of director elections, the Board has adopted a provision on voting for directors in uncontested elections as part of our corporate governance guidelines. In general, this provision provides any nominee in an uncontested election who receives more votes Withheld from his or her election than votes For his or her election must promptly tender an offer of resignation following certification of the Shareholder vote to our Governance Committee which will, without the participation of any director so tendering his or her resignation, consider the resignation and recommend to the Board whether to accept the resignation offer. The Board, without the participation of any director so tendering his or her resignation, will act on the Governance Committee's recommendation within 90 days following certification of the Shareholder vote. Any such tendered resignation will be evaluated in the best overall interests of the Company and its Shareholders. The Board's decision will be disclosed in a Form 8-K furnished by the Company to the SEC within four business days of the decision. If the Board has decided to turn down the tendered resignation, or to pursue any additional action (as described above or otherwise), then the Form 8-K will disclose the Board's reasons for doing so. If each member of the Governance Committee received a Majority Withheld Vote at the same election, then the independent directors who did not receive a Majority Withheld Vote will act as a committee to consider the resignation offers and recommend to the Board whether to accept them. Any director who offers to resign pursuant to this provision will not participate in any actions by either the Governance Committee or the Board with respect to accepting or turning down his or her own resignation offer. The complete terms of this provision are included in our corporate governance guidelines which can be found at the Governance Guidelines link on our website at www.mercerint.com.

Executive Sessions

Executive sessions of non-management directors without management present are held regularly, generally before Board meetings, to review, among other things, the criteria upon which the performance of senior officers is based, the Company's governance practices, the reports of our independent registered chartered accountants and any other relevant matters. The lead director, with input from other directors, develops the agenda for and presides over these meetings. Meetings are also held formally and informally from time to time with the chief executive officer for general discussions of relevant subjects.

Corporate Governance

In February 2006, as part of our Board's ongoing review of our governance practices and conversion from a Massachusetts business trust to a Washington State corporation, we adopted new corporate governance guidelines. A copy of the corporate governance guidelines is available at the [Governance Guidelines](#) link on our web site at www.mercerint.com.

In 2006, our Board implemented several corporate governance initiatives including:

eliminating our staggered Board so that all directors are now elected annually beginning at this Meeting.

establishing a new guideline which provides that in an uncontested election any nominee for director who receives a greater number of votes *Withheld* for his or her election than votes *For* will promptly tender his or her resignation. The Board's Governance Committee will consider the resignation and recommend to the Board whether to accept it. The Board will act on the Governance Committee's recommendation within 90 days after certification of the shareholder vote and we will publicize the Board's decision. See *Majority Withheld Policy in Uncontested Director Elections* .

establishing a position of deputy chairman and lead director and broadening the scope and duties of such position.

adopting guidelines that non-employee directors should within three years of becoming a director own a minimum number of shares equal in value to three times the amount of their annual cash retainer.

Standing Committees

Our Board currently has established four standing committees: the audit committee, the compensation committee (the *Compensation Committee*), the Governance Committee and the health, safety and environmental committee. Each committee member, other than certain members of the health, safety and environmental committee, is independent under applicable laws and regulations and the listing requirements

There are no Compensation Committee interlocks between the Company and any other entities involving any of the executive officers or directors of such entities. No interlocking relationship exists between any member of our Board or our Compensation Committee and any member of the Board or compensation committee of any other company and no such interlocking relationship has existed in the past.

Complaint Procedure

The audit committee has established procedures for: (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters; and (ii) the confidential and anonymous submission by the Company's employees and others of concerns regarding questionable accounting or auditing matters. A person wishing to notify the Company of such a complaint or concern should send a written notice thereof, marked "Private & Confidential", to the chairman of the audit committee, Mercer International Inc., c/o Suite 2840, 650 West Georgia Street, Vancouver, B.C., V6B 4N8, Canada.

Directors Nominations

The Board is responsible for approving candidates for Board membership. The Board has delegated the screening and recruitment process to the Governance Committee in consultation with our chairman and chief executive officer. The Governance Committee will recommend to the Board a nominee to fill a vacancy on the Board and will also annually evaluate and recommend to the Board nominees for election as directors at annual meetings of Shareholders.

The Governance Committee believes that certain criteria should be met by director nominees to ensure effective corporate governance, support the Company's strategies and businesses, account for individual director attributes and the effect of the overall mix of those attributes on the Board's effectiveness, and support the successful recruitment of qualified candidates for the Board. Qualified candidates are those who, in the judgment of the Governance Committee, possess certain personal attributes and a sufficient mix of experience and related attributes to assure effective service on the Board. The personal attributes of director nominees that the Governance Committee considers include leadership, judgment, integrity, independence and high personal and professional ethics. Nominees considered by the Governance Committee are those that also possess a mix of experience and related attributes, including general business experience, industry knowledge, financial acumen, special business experience and expertise.

The Governance Committee may seek recommendations or receive recommendations for Board candidates from various sources, including the Company's directors, management and Shareholders. The Governance Committee may also engage a professional search firm.

The Governance Committee will consider nominees recommended by Shareholders as candidates for Board membership. A Shareholder wishing to nominate a candidate for Board membership should provide written notice to the secretary of the Company as described below. To nominate a candidate for election to the Board at an annual meeting, the notice must be received not less than 120 days before the first anniversary of the date of the Company's Proxy Statement released to Shareholders in connection with the annual meeting held in the prior year. The notice should contain information about both the nominee and the Shareholder making the nomination, including such information regarding each nominee required to be included in a Proxy Statement filed pursuant to SEC rules and regulations and such other information sufficient to allow the Governance Committee to determine if the candidate meets the criteria for Board membership described above. The Governance Committee may require that the proposed nominee furnish additional information to determine that person's eligibility to serve as a director.

Shareholder Communications with Board

Shareholders who wish to communicate with the Board (other than with respect to a complaint or concern regarding accounting, internal accounting controls or auditing matters which must be directed to the audit committee as described above) should send written correspondence to the Board in the care of the Secretary, Mercer International Inc., c/o Suite 2840, 650 West Georgia Street, Vancouver, B.C., V6B 4N8, Canada. The correspondence should indicate that the person sending the correspondence is a Shareholder and set out the purpose of such communication. The secretary will (i) forward the correspondence to the director to whom it is addressed or, in the case of correspondence addressed to the Board generally, to the lead director, (ii) attempt to handle the inquiry directly where it is a request for information about the Company, or (iii) not forward the correspondence if it is primarily commercial in nature or if it relates to an improper topic. All such correspondence will be summarized for the Board periodically and each such correspondence will be made available to any director upon request.

REPORT OF THE AUDIT COMMITTEE

The audit committee is composed of independent directors under applicable laws and regulations and under a written charter. A copy of the charter is available at the Audit Committee Charter link on our website at www.mercerint.com. The audit committee reviews the Company's financial reporting process on behalf of the Board. However, management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls.

In this context, the audit committee has met and held discussions with management and the Company's independent registered chartered accountants regarding the fair and complete presentation of the Company's results and the assessment of the Company's internal control over financial reporting. The audit committee has discussed significant accounting policies applied by the Company in its financial statements, as well as alternative treatments. Management represented to the audit committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the audit committee has reviewed and discussed the consolidated financial statements with management and the independent registered chartered accountants. The audit committee discussed with the independent registered chartered accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication With Audit Committees).

In addition, the audit committee has discussed with the independent registered chartered accountants the auditor's independence from the Company and its management, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions With Audit Committees). The audit committee also has considered whether the independent registered chartered accountants' provision of non-audit services to the Company is compatible with the auditor's independence. The audit committee has concluded that the Company's independent registered chartered accountants are independent from the Company and its management.

The audit committee discussed with the independent registered chartered accountants the overall scope and plans for their respective audits. The audit committee met with the independent registered chartered accountants, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the Board, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the SEC. The audit committee has selected, and the Board has ratified, subject to Shareholder ratification, the selection of the Company's independent registered chartered accountants.

Indemnity Agreements

We have entered into an indemnity agreement with each of our directors. We have agreed under each of these indemnity agreements to indemnify each of our directors against any and all claims and costs that are or may be brought against such director as a result of his being one of our directors, officers or employees or that of a company related to us. If Mr. Gandossi is terminated without cause or resigns for good reason other than in connection with the change in control, he shall be entitled to a severance payment equal to the sum of his base salary for the remaining term of the agreement plus the annual bonuses payable for the years (or portions thereof) remaining in the term of the agreement, calculated as set forth in the agreement.

Ulf Johansson is a party to an employment agreement dated effective July 1, 2003 with us. The following is a summary of certain terms of the agreement which does not purport to be complete. The agreement provides for a base salary of 280,000 annually, an annual bonus of up to 25% of his base salary, depending upon certain performance targets, and certain perquisites including the use of a vehicle. We have also agreed to make certain payments to Mr. Johansson relating to his retirement which are contributed to the pension arrangement in place for Mr. Johansson prior to his appointment at Stendal until he retires at age 62. In addition, Mr. Johansson is entitled to certain medical coverage as well as certain directors and officers liability coverage under the agreement. The agreement may not be terminated prior to December 31, 2005 and thereafter requires six months written notice of termination, unless there is a change in control of the Company, in which case 12 months written notice of termination is required, other than for cause. The agreement automatically terminates at the end of the month in which Mr. Johansson turns 62 years old.

Leonhard Nossol is a party to an employment agreement dated August 18, 2005. The following is a summary of certain terms of the agreement which does not purport to be complete. The agreement provides for an annual gross salary of 200,000, an annual bonus based on two months salary which depends upon the economic performance of the Company and certain perquisites including the use of a vehicle. In addition, Mr. Nossol is entitled to certain medical coverage. We have also agreed that Mr. Nossol shall participate in any defined contribution program which is established for members of management.

Retirement Program for Selected Head Office Employees

In February, 2006, the Compensation Committee approved and we adopted a retirement program for certain of the Company's head office employees. The program's principle points are as follows:

Executive Employees a contribution to an RRSP account with a financial institution in the name of the employee in an amount of 10% of a combined total of 100% of gross salary and 50% of cash bonus payments up to the annual maximum RRSP limit (CDN\$18,000 in 2006). For amounts in excess of the annual maximum RRSP limit, an unfunded notional account would be created on behalf of the executive at the same level of 10%. A notional growth rate would be applied to the funds based on a rate linked to the rate on the long term Government of Canada bonds, plus two percent. While the value of the notional account would grow on a tax-free basis while retained in the Company, the employee would be subject to full taxation of the balance at the time the funds are withdrawn (upon retirement or termination of employment).

Non-Executive Employees a contribution to an RRSP account with a financial institution in the name of the employee in an amount of 6% of a combined total of 100% of gross salary and 50% of cash bonus payments up to the annual maximum RRSP limit.

The only Named Executive Officer participating in the retirement program is David Gandossi who, in 2005, was paid \$29,713 under the terms of the retirement program.

REPORT OF THE COMPENSATION COMMITTEE

Compensation Committee

The Compensation Committee is composed entirely of non-employee directors who are independent under applicable laws and regulations and the listing requirements of the NASDAQ. It is the Compensation Committee's responsibility to review and approve the strategy and design of the Company's compensation, equity based and benefits programs for the Company's executive officers. The Compensation Committee also has the responsibility to approve all the compensation actions for executive officers. The compensation of our executive officers is evaluated on at least an annual basis by the Compensation Committee in consultation with management.

Compensation Philosophy

Our compensation philosophy for executive officers is principally performance-based. As our operations are in Europe and North America, we also consider local market demands, availability of qualified management and the local cost of living. Our principal compensation objectives are to: (i) secure and retain the services of qualified executive officers, and (ii) create an environment in which such officers are motivated to achieve and maintain superior performance levels.

To achieve the Company's objectives, the Compensation Committee uses the following principles in the design and administration of our compensation programs:

Competitiveness. Executives' total compensation levels should be competitive and at market median with other comparable companies operating within the forest products industry and other companies with which the Company competes for executive talent. A greater percentage of compensation for senior management should be tied to our performance to allow us to attract and retain employees with the skills essential for our long-term success;

Alignment to Shareholder Interests. Rewards should be linked to the creation of long-term shareholder value through the use of restricted shares and stock options.

Flexible Short-Term and Long-Term Incentives. Incentive plans should balance both fixed and variable and short and long-term compensation programs to support a performance-based culture;

Pay for Performance. Above-median compensation should be provided for superior performance; and

Employee Understanding. Overall compensation simplicity should be maintained to ensure broad employee understanding and acceptance.

Annual bonuses and long-term incentives, either in the form of stock options awarded under our 1992 Amended Option Plan or in the form of restricted shares, options and/or stock appreciation rights under our 2004 Stock Incentive Plan (together with our 1992 Amended Option Plan, the Incentive Plans), are considered where and as appropriate.

The Compensation Committee has previously engaged and expects in the future to engage an outside compensation consultant to assist it in assessing the Company's executive compensation programs, determining an appropriate peer group for comparison and assessing the structure of the Company's executive compensation programs and the level of compensation paid to the Company's executives.

Components of Executive Compensation

Base Salaries. Base salaries for executive officers are based primarily upon job responsibilities, experience and performance, which involves an assessment of an executive officer's skills, judgment, application of knowledge and support of corporate values and priorities. In addition, the impact an executive officer is expected to make to our business in the future is considered. The median peer group that the Compensation Committee uses for comparison purposes is comprised principally of public mid-cap North American forest products companies.

Bonuses. Bonuses are awarded to executive officers based on the expectations of the directors and management for our financial and operating performance in a particular period and the contribution of an executive officer in achieving the Company's goals. The Compensation Committee also considers the contribution of the executive officer to our business and operations generally.

Incentive Grants. Executive officers may be granted long-term incentives in the form of stock options, restricted shares and/or stock appreciation rights under the Incentive Plans. Awards under our Incentive Plans are generally granted based upon the long-term financial and operating expectations of our directors and management and the contribution an executive officer is expected to make in the future in achieving those targets. Awards under our Incentive Plans generally produce value to executive officers if the price of our Shares appreciate, thereby directly linking the interests of executive officers with those of Shareholders through increased Share ownership.

Performance Measures

In implementing our current compensation philosophy, the Compensation Committee considers: (i) our financial and operating targets for a period and the contributions of executive officers in achieving these targets, (ii) the contributions of executive officers to our business and operations generally, (iii) the contributions of executive officers to the successful completion of major transactions such as material acquisitions or financings, (iv) total shareholder return, and (v) the Company's stock performance relative to its peers.

CEO Compensation

In April 2006, the Compensation Committee awarded incentive payments and long-term incentives based on performance in 2005 to the chief executive officer (the CEO) of: (i) an increase in annual salary of 3% to \$335,000; (ii) a bonus of \$150,000; and (iii) a restricted share grant of 40,000 shares of common stock, which was granted in August 2005. The increase in the CEO's salary was principally tied to a cost of living adjustment.

The Committee determined to provide the foregoing bonus and restricted share grant to the Chief Executive Officer for his role in leading and participating in: (i) the completion of the acquisition of the Celgar pulp mill and its subsequent integration with the Company's overall operations, including the development of a \$25 million capital improvement plan for the Celgar pulp mill to increase volume, improve quality and reduce costs; (ii) the completion of the significant equity and debt financings in conjunction with and to partially finance the Celgar mill acquisition; (iii) the establishment of a world-wide sales and

marketing organization to coordinate the Company's global pulp sales; (iv) improvements in the overall effectiveness of the integration of the Company's European and Canadian management structures and improvements in forecasting and planning for compliance with the *Sarbanes-Oxley Act of 2002*; (v) the continued ramp up of the Stendal pulp mill substantially on plan, including as to production volumes and costs; (vi) effectively establishing and operating the Company's carbon emissions program for its German pulp mills; (vii) establishing a high level of credibility with the financial community; and (viii) establishing measurable financial, operating and marketing targets for 2006.

The above performance results were evaluated based on the overall judgment of the Committee with no fixed or specific weighting applied to each element of performance.

Other Executive Compensation

The Committee also reviewed and determined the short-term and long-term compensation awards for the Company's other executive officers. Bonuses and incentive awards for such executives were based upon their personal performance and roles, responsibilities and efforts relating to the performance results in respect of the CEO above. Again, the above performance results were evaluated based on the overall judgment of the Committee with no fixed or specific weighting applied to each element of performance.

Deductibility of Compensation

Section 162(n) of the *Internal Revenue Code* limits to \$1 million per person the amount the Company may deduct for compensation paid to any of its most highly compensated executives in any year. The levels of salary and bonus generally paid by the Company do not exceed this limit. Upon the exercise of non-qualified stock options, the excess of the current market price over the option price (the spread) is treated as compensation and therefore it may be possible for option exercises by an executive in any year to cause the executive's total compensation to exceed \$1 million. Under IRS regulations, the spread compensation from options that meets certain requirements will not be subject to the \$1 million cap on deductibility and it is the Company's current policy generally to grant options that meet these requirements. To this end, both of the Company's Incentive Plans have been approved by shareholders. However, in the future, the Committee may elect to exceed the tax deductible limits if it determines it is necessary to meet competitive market pressures and to ensure that it is able to attract and retain top talent to successfully lead the Company.
