For the reasons set forth in the Proxy Statement, the Board of Directors unanimously recommends a vote **"FOR"** each matter to be considered.

Action may be taken on any one of the foregoing proposals at the Meeting on the date specified above, or on any date or dates to which, by original or later adjournment, the Meeting may be adjourned. ANNUAL MEETING OF SHAREHOLDERS

PROXY STATEMENT

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Kearny Financial Corp. (the "Company") to be used at the Annual Meeting of Shareholders of the Company, which will be held at the Company's offices located at 120 Passaic Avenue, Fairfield, New Jersey on October 22, 2007 at 10:00 a.m. (the "Meeting"). The accompanying Notice of Annual Meeting of Shareholders and this Proxy Statement are being mailed to shareholders on or about September 24, 2007.

At the Meeting, shareholders will consider and vote upon (i) the election of three directors of the Company and (ii) the ratification of the appointment of Beard Miller Company LLP as the Company's independent auditor for the fiscal year ending June 30, 2008.

The Company is the parent company of Kearny Federal Savings Bank (the "Bank"). The Company is the majority-owned subsidiary of Kearny MHC, a federally chartered mutual holding company. Since Kearny MHC owns approximately 71.6% of the Company's outstanding common stock, the votes cast by Kearny MHC will be determinative in the election of directors of the Company and the ratification of auditors.

The Board of Directors knows of no additional matters that will be presented for consideration at the Meeting. Execution of a proxy, however, confers on the designated proxyholder the discretionary authority to vote the shares represented by such proxy in accordance with their best judgment on such other business, if any, that may properly come before the Meeting or any adjournment thereof.

VOTING AND REVOCABILITY OF PROXIES

Shareholders who execute proxies retain the right to revoke them at any time. Unless so revoked, the shares represented by such proxies will be voted at the Meeting and all adjournments thereof. Proxies may be revoked by written notice to the Secretary of the Company at the address above or by the filing of a later dated proxy prior to a vote being taken on a particular proposal at the Meeting. A proxy will not be voted if a shareholder attends the Meeting and votes in person. Proxies solicited by the Board of Directors will be voted as specified thereon. **If no specification is made, signed proxies will be voted "FOR" the nominees for directors as set forth herein, and "FOR" the ratification of Beard Miller Company LLP as the Company's independent auditor for the fiscal year ending June 30, 2008.** The proxy confers discretionary authority on the persons named thereon to vote with respect to the election of any person as a director where the nominee is unable to serve, or for good cause will not serve, and with respect to matters incident to the conduct of the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

Shareholders of record of the Company's common stock, par value \$0.10 per share, as of the close of business on September 7, 2007 (the "Record Date") are entitled to one vote for each share then held. As of the Record Date, the Company had 71,113,937 shares of common stock outstanding.

1

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

As provided in the Company's Charter, for a period of five years from February 23, 2005, the date of completion of the Company's initial public stock offering, no person, except Kearny MHC, is permitted to beneficially own in excess of 10% of the Company's outstanding common stock (the "Limit"), and any shares of common stock acquired in excess of the Limit are not entitled to vote. A person or entity is deemed to beneficially own shares owned by an affiliate of, as well as persons acting in concert with, such person or entity.

The presence in person or by proxy of at least a majority of the outstanding shares of common stock entitled to vote is necessary to constitute a quorum at the Meeting. With respect to any matter, broker non-votes (*i.e.*, shares for which a broker indicates on the proxy that it does not have discretionary authority to vote on such matter) will be considered present for purposes of determining whether a quorum is present. In the event there are not sufficient votes for a quorum or to approve any proposals at the time of the Meeting, the Meeting may be adjourned in order to permit the further solicitation of proxies.

As to the election of directors (Proposal I), the proxy provided by the Board of Directors allows a shareholder to vote for the election of the nominees proposed by the Board of Directors, or to withhold authority to vote for those nominees. Under the Company's bylaws, directors are elected by a plurality of votes cast, without regard to either broker non-votes or proxies as to which authority to vote for the nominees being proposed is withheld.

Concerning all other matters that may properly come before the Meeting, including the ratification of the independent auditors (Proposal II), a shareholder may: (i) vote "FOR" the item, (ii) vote "AGAINST" the item, or (iii) "ABSTAIN" with respect to the item. Unless otherwise required by law, all such matters shall be determined by a majority of shares voted affirmatively or negatively without regard to broker non-votes or proxies marked "ABSTAIN" as to that matter.

Security Ownership of Certain Beneficial Owners

As of the Record Date, the only person or group known by the Company to own 5% or more of the outstanding shares of the Company's common stock is Kearny MHC, its mutual holding company parent, which at that date held 50,916,250 shares, representing 71.6% of the outstanding stock at that date.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities and Exchange Act of 1934, as amended, requires the Company's officers and directors, and persons who own more than ten percent of the common stock, to file reports of ownership and changes in ownership of the common stock with the Securities and Exchange Commission and to provide copies of those reports to the Company. The Company is not aware of any beneficial owner, as defined under Section 16(a), of more than ten percent of the outstanding common stock other than Kearny MHC. To the best of the Company's knowledge, all Section 16(a) filing requirements applicable to its officers and directors were complied with during the 2007 fiscal year other than a one-day delinquency in reporting the withholding of shares for tax purposes in December 2006.

PROPOSAL I – ELECTION OF DIRECTORS

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

The Company's Charter requires that the Board of Directors be divided into three classes, as nearly equal in number as possible, each class to serve for a three-year period, with approximately one-

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

third of the directors elected each year. The Board of Directors currently consists of nine members. Three directors will be elected at the Meeting to serve for a three-year term and until their successors have been elected and qualified.

John J. Mazur, Jr., Matthew T. McClane and John F. McGovern have been nominated by the Board of Directors for election to a three-year term to expire in 2010. It is intended that proxies solicited by the Board of Directors will, unless otherwise specified, be voted for the election of Mr. Mazur, Mr. McClane and Mr. McGovern. If any of the nominees are unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute as the Board of Directors may recommend. At this time, the Board of Directors knows of no reason why any of the nominees might be unavailable to serve.

INFORMATION REGARDING DIRECTORS AND EXECUTIVE OFFICERS

The following table sets forth for each nominee, continuing director and executive officer of the Company and the Bank: name, age, year of election or appointment, expiration of current term if a director, and beneficial ownership of the Company's common stock as of the Record Date. As of the Record Date, the beneficial ownership of the Company's common stock by directors and executive officers of the Company and the Bank as a group (15 persons) amounted to 2,360,893 shares, representing 3.3% of the outstanding stock at that date. This includes shares for which the individuals are deemed to have indirect beneficial ownership, such as shares held by spouses or minor children and shares held in trusts and also includes 501,848 exercisable options.

Based on the foregoing review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2007.

Audit Committee: John F. McGovern (Chair),

John J. Mazur, Jr., Joseph P. Mazza, John F. Regan

Nominating Committee. This committee consists of Directors Mazza, Aanensen, Regan, Parow and is responsible for the annual selection of nominees for election as directors. Each member of the Nominating Committee is independent in accordance with the listing standards of the NASDAQ Stock Market. This committee operates under a written charter, which governs its composition, responsibilities and operations. The committee meets as needed and met one time during the year ended June 30, 2007.

The Company does not pay fees to any third party to identify or evaluate or assist in identifying or evaluating potential nominees. The process for identifying and evaluating potential nominees of the Board includes soliciting recommendations from directors and officers of the Company and the Bank. Additionally, the Board may consider persons recommended by shareholders of the Company in selecting nominees of the Board for election as directors. The manner of evaluation for all potential nominees is the same.

The charter states that the Committee will seek nominees with excellent decision-making ability, business experience, personal integrity and a favorable reputation, who are knowledgeable about the business activities and market areas in which the Company and its subsidiaries engage.

The Committee's process for identifying and evaluating potential nominees will include soliciting recommendations from directors and officers of the Company and the Bank. Additionally, the Committee will consider persons recommended by shareholders of the Company in selecting the individuals the Committee recommends to the Board for selection as the Board's nominees. The Committee will evaluate persons recommended by directors or officers of the Company or the Bank and persons recommended by shareholders in the same manner.

To be considered in the Committee's selection of individuals the Committee recommends to the Board for selection as the Board's nominees, recommendations from shareholders must be received by the Company in writing by at least 120 days prior to the date the proxy statement for the previous year's annual meeting was first distributed to shareholders. Recommendations should identify the submitting shareholder, the person recommended for consideration and the reasons the submitting shareholder believes such person should be considered.

The Company's bylaws provide that any shareholder wanting to make a nomination for the election of directors or a proposal for new business at a meeting of shareholders must send written notice to the Secretary of the Company at least five days before the date of the annual meeting. The bylaws further provide that if a shareholder wanting to make a nomination or a proposal for new business does not follow the prescribed procedures, the proposal will not be considered until an adjourned, special, or annual meeting of the shareholders taking place thirty days or more thereafter. Management believes that it is in the best interests of the Company and its shareholders to provide enough time for management to disclose to shareholders information about a dissident slate of nominations for directors. This advance

notice requirement may also give management time to solicit its own proxies in an attempt to defeat any dissident slate of nominations if management thinks it is in the best interest of shareholders generally. Similarly, adequate advance notice of shareholder proposals will give management time to study such proposals and to determine whether to recommend to the shareholders that such proposals be adopted.

COMPENSATION DISCUSSION AND ANALYSIS

General Policy

The objective of the Company's executive compensation program is to offer competitive cash and equity compensation and benefits that will attract, motivate and retain qualified and talented executives who will help facilitate improved financial performance and earnings growth. The Company's executive compensation program is intended to align the interests of its executive officers with stockholders by rewarding performance measured against the approved annual corporate budget, and by rewarding strong executive leadership and superior individual performance. Compensation levels for executives are established after considering measures that include, but are not limited to, the financial performance of the Company and competitive labor market conditions. Furthermore, qualitative factors such as overall job performance, leadership, teamwork, and community involvement are considered in compensation deliberations.

The Committee utilizes publicly available information to gather information related to compensation practices for executive officers of financial services companies with assets of between \$1.5 billion and \$4.0 billion located in New Jersey and in the surrounding states of New York and Pennsylvania within approximately 75 miles of Kearny, New Jersey. The Committee has complete access to all necessary Company personnel records, financial reports, and other data. No specific benchmarking of compensation to a predetermined peer group of companies is utilized.

Components of Compensation

In evaluating executive compensation, the Compensation Committee concentrates on several fundamental components: base salary, bonus compensation, retirement income opportunity and equity based compensation.

Base Salary:

Salary levels for senior executives and other officers are reviewed by the Compensation Committee on an annual basis. Salary levels reflect an individual's job responsibilities, experience and performance and the Compensation Committee's analysis of competitive marketplace conditions.

Bonus Compensation:

In the past, bonuses have been used to provide cash distributions to executives, depending upon a variety of factors relating to Company and Bank performance and individual performance. Although the Compensation Committee's decisions are discretionary and no specific individual goals were set, the general factors that were used to determine bonuses were the individual's contribution to the Company's and the Bank's success since the executive's last evaluation and the demonstrated capacity to adapt to meet the future needs of each. No particular weightings of these factors were used to calculate bonuses. In addition, a portion of such bonus pay may be determined based upon the growth of the business of the Company and the Bank. In such circumstances, the level of bonus compensation may be determined by the Board of Directors based upon consideration of various factors, including the size and complexity of

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

the transaction, the projected financial and strategic benefits of the transaction to the future financial and business operations of the Bank, the projected benefits of the transaction as revised after the completion of the transaction compared with the projected benefits of the transaction presented at the time of initial evaluation of the transaction by management and the Board, and individual contribution to the successful completion and integration of the transaction into the ongoing business of the Company. We seek to maximize the achievement of the Company's and the Bank's objectives by providing bonus compensation to those individuals who play an instrumental role in defining and then achieving or exceeding specific previously determined organizational business objectives of the Company.

Retirement Income Opportunity:

Another component of the executive compensation strategy of the Company and the Bank is retirement income opportunity. Presently, such retirement income opportunity involves the Bank's defined benefit pension plan, the Benefits Equalization Plan related to the defined benefit plan (each of which have been frozen as of July 1, 2007 so that future service or salary changes will not increase retirement benefits), the Bank's 401K plan and the Bank's Employee Stock Ownership Plan ("ESOP") and related ESOP Benefits Equalization Plan.

Equity Based Compensation:

In October of 2005, the Company's shareholders approved the Company's Stock Compensation and Incentive Plan. Through this plan, executives may be awarded stock options and restricted stock awards that will offer them the possibility of future compensation opportunity depending on the executive's continued employment with the Company and the Bank and the long-term price appreciation of the Company's common stock. During the fiscal year ended June 30, 2006, awards were made to the Company's chief executive officer and other executive officers. A determination related to such awards of stock options and stock awards was made by the Committee after reviewing the Company's other compensation programs for its senior officers and the stock compensation awards made by other financial institutions having completed a stock offering of at least \$50 million within the prior three years.

Other Important Components of the Compensation Program:

In addition to these components of the compensation program, the Company also maintains employment agreements, including change in control severance protection for the executive officers, insurance programs and other benefit programs, and perquisites and other personal benefits, all consistent with industry practices in our market areas. All of these components of the compensation program are intended to maintain a competitive compensation program necessary to reward our executive officers for achieving our corporate goals and objectives, to provide the necessary job security and protections so that they may focus on achieving improved financial performance for the Company and its shareholders and to permit us to recruit new professional staff from time to time as necessary.

Administration of Compensation Program

The Compensation Committee of the Company is responsible for the administration of the compensation program of the President and Chief Executive Officer and the other executive officers.

The Compensation Committee meets in November of each year to determine annual salary adjustments, cash bonus and stock option awards for the executive officers. The Company does not have a formal policy addressing each specific type of compensation.

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

The Committee does consider a variety of factors as it evaluates compensation for each officer, including:

- Overall company performance as compared to budget and prior year's performance;
- Bank regulatory compliance and examination results;
- Bank performance metrics compared to peers, including return on assets, return on equity, charge-offs, level of non-performing loans and efficiency ratio; and
- The individual achievements of each officer in their respective areas of responsibility.

Annual salary increases are generally made in amounts deemed necessary to maintain the competitiveness of the salary structure. Absent a material increase in duties or a significant change in the economic or competitive environment, salaries are not increased materially from year to year.

Mr. Hopkins meets with the Compensation Committee to discuss the performance evaluations of each of the executive officers excluding himself, and presents his recommendations. Mr. Hopkins is not present for any discussion involving his compensation.

The Compensation Committee establishes specific bonus amounts for each executive officer based on performance. The Company has never been required to materially adjust or restate its reported earnings, and it does not have a policy regarding the adjustment or recovery of bonuses in such an event.

The Board of Directors believes that equity-based compensation is important in aligning the interests of management with those of shareholders and has established the Kearny Bank Employee Stock Ownership Plan and 2005 Stock-Based Incentive Plan to help facilitate this objective. Although each of the executive officers have a substantial personal investment in the Company's Common Stock, the Board of Directors does not have formal equity ownership requirements or guidelines for executive officers.

Committee Review of Executive Compensation

In making its recommendations regarding executive compensation at calendar year-end 2006, the Compensation Committee was influenced by several positive factors. Primary among these were the financial condition and performance of the Company in light of current economic conditions as well as the increasingly competitive market in which the Company operates and the efforts of the Company's executive officers to generate revenues and implement cost reduction strategies. Additional accomplishments, less measurable in quantitative form but of equal importance to the Company and the Bank, included individual performance, advances in strategic direction and regulatory compliance.

The following summarizes the Compensation Committee's involvement in the compensation decisions and policies adopted by the Bank and the Company for executive officers generally, and for the President and CEO, John N. Hopkins, in particular, during the fiscal year ended June 30, 2007. The Committee is responsible for conducting periodic reviews of the executive compensation of senior executives, including President and Chief Executive Officer John N. Hopkins. The Committee determines salary levels for senior executives and other officers and amounts of cash bonuses to be distributed to those individuals, if and as appropriate. Awards to senior management and key employees under the Company's 2005 Stock Compensation and Incentive Plan are determined by the Compensation Committee.

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

Based upon these performance factors, the Company's executive officers were awarded salary increases to be effective as of January 1, 2007, and bonuses paid in December 2006.

Compensation of the Chief Executive Officer

In assessing appropriate types and amounts of compensation for the CEO, the Board evaluates both corporate and individual performance. Individual factors include the CEO's initiation and implementation of successful business strategies; maintenance of an effective management team; and various personal qualities, including leadership, commitment, and professional and community standing.

After reviewing the Company's calendar year 2006 results, as well as his individual contributions, the Compensation Committee concluded that the CEO, John N. Hopkins, performed in 2006 in accordance with the Board's previously approved business plan. The Company generated earnings and business growth short of the Company's budget and operating plans which did not anticipate the current interest rate environment. The Compensation Committee believes that Mr. Hopkins has made significant contributions to the ongoing success of the Company and the Bank, and continues to set the stage for future earnings growth while operating in the ever competitive banking market in New Jersey with interest rate margins on loans being compressed and short-term interest rates being higher than longer-term rates.

Tax Deductibility of Executive Compensation

Under Section 162(m) of the Internal Revenue Code, companies are subject to limits on the deductibility of executive compensation. Deductible compensation is limited to \$1 million per year for each executive officer listed in the summary compensation table. Compensation that is "performance-based" under the Internal Revenue Code's definition is exempt from this limit. Stock option grants are intended to qualify as performance-based compensation.

The Compensation Committee does not have a formal policy with respect to the payment of compensation in excess of the deduction limit. The Compensation Committee's practice is to structure compensation programs offered to the executive officers with a view to maximizing the tax deductibility of amounts paid. However, in structuring compensation programs and making compensation decisions, the Committee considers a variety of factors, including the Company's tax position, the materiality of the payment and tax deductions involved and the need for flexibility to address unforeseen circumstances. After considering these factors, the Committee may decide to authorize payments, all or part of which would be nondeductible for federal tax purposes.

Pension Benefits. The Bank is a participating employer in a multiple-employer pension plan sponsored by the Financial Institutions Retirement Fund (the "Pension Plan"). All full-time employees of the Bank are eligible to participate after one year of service and attainment of age 21. A qualifying employee becomes fully vested in the Pension Plan upon the earlier of completion of five years service or attainment of the normal retirement age of 65. The Pension Plan is intended to comply with the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Pension Plan provides for monthly payments to each participating employee at normal retirement age. A participant who is vested in the Pension Plan may take an early retirement and elect to receive a reduced monthly benefit beginning as early as age 45. The Pension Plan also provides for payments in the event of disability or death. The annual benefit amount upon retirement at age 65 equals 2% times years of service times a participant's highest five-year average salary. Benefits are payable in the form of a monthly retirement benefit and a death benefit or an alternative form that is actuarially equivalent. Effective July 1, 2007, the Bank "froze" all future enrollments and benefit accruals under its non-contributory defined pension plan and related benefits equalization plan.

The Bank has adopted a Benefit Equalization Plan related to the Pension Plan. The purpose of this plan is to provide a pension benefit based upon the actual earnings of senior officers of the Bank in the event that their average annual earnings exceeds the permissible pensionable earnings level under the Pension Plan as required by the limitations of Sections 401(a)(17) and 415 of the Internal Revenue Code. The supplemental pension for such officers will reflect years in which earnings exceed the limits of Sections 401(a)(17) and 415 of the Internal Revenue Code with the supplemental benefit based upon the difference between their average earnings taking into effect this maximum pensionable earnings limitation and their average earnings without regard to such limitation, multiplied by 2% times their years of service at retirement. The benefits payment under the Benefit Equalization Plan for the Pension Plan will be in the form of an annual benefit payable for life and a death benefit. Effective July 1, 2007, the Bank "froze" all future enrollments and benefit accruals under its non-contributory defined pension plan and related benefits equalization plan.

The following table provides information with respect to each defined benefit pension plan in which the named officers may receive payments or other benefits at, following, or in connection with retirement.

	Plan Name	Number Of Years Credited Service	Present Value of Accumulated Benefit ⁽¹⁾	Payments During Last Fiscal Year

Nonqualified Deferred Compensation. The Bank has implemented for its senior officers a Benefits Equalization Plan related to the Employee Stock Ownership Plan. This plan constitutes a defined contribution plan providing for deferral of compensation on a non tax-qualified basis. The purpose of this plan is to provide a benefit to senior officers of the Bank whose benefits under the Employee Stock Ownership Plan are limited by Sections 401(a)(17) and 415 of the Internal Revenue

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

Code. For example, this plan provides participants with a benefit for any compensation that they may earn in excess of \$225,000 (as indexed) comparable to the benefits earned by all participants under the employee stock ownership plan for compensation earned below that level. The Bank may utilize a grantor trust in connection with this plan in order to set aside funds that ultimately may be used to pay benefits under the plan. The assets of the grantor trust will remain subject to the claims of the Bank's general creditors in the event of insolvency, until paid to a participant following termination of employment according to the terms of the plan. Benefits under the plan will be paid in a lump sum in the form of shares of common stock of the Company to the extent permissible under applicable regulations, or in the alternative, benefits will be paid in cash based upon the value of such shares at the time that such benefit payments are made. The actual value of benefits under this plan and the annual financial reporting expense associated with this plan are calculated annually based upon a variety of factors, including the actual value of benefits for participants determined under the employee stock ownership plan each year, the applicable limitations under the Internal Revenue Code that are subject to adjustment annually and the compensation of each participant at such time. Generally, benefits under the plan are taxable to each participant at the time of receipt of such payment, and the Bank will recognize a tax-deductible compensation expense at such time.

The following table sets forth information with respect to the Benefits Equalization Plan related to the Employee Stock Ownership Plan. Mr. Hopkins is the only officer at present with an accumulated benefit under the Benefits Equalization Plan for the Employee Stock Ownership Plan.

Employment Agreements. The Bank has entered into an employment agreement with Mr. Hopkins, pursuant to which his minimum base salary is \$600,000. Mr. Hopkins' employment agreement has a term of three years, and was last renewed as of July 1, 2007, and may be extended on or before each anniversary of the effective date upon determination of the Board of Directors of the Bank that his performance has met the requirements and standards of the Board. Pursuant to the terms of Mr. Hopkins' employment agreement, he is generally entitled to participate in all discretionary bonuses, pension and other retirement benefit plans, welfare benefit plans and other equity, incentive and benefit plans and perquisites applicable to senior management of the Bank. Upon his termination of employment at any time on or after attainment of age 62 and until he becomes eligible for Medicare coverage, Mr. Hopkins is permitted to continue to participate, at the Bank's expense, in the group medical plan sponsored by the Bank.

If the Bank terminates Mr. Hopkins without "cause" as defined in the agreement, he will be entitled to (i) a continuation of his salary from the date of termination through the remaining term of the agreement, and (ii) during the same period, the cost of obtaining health, life, disability and other benefits at levels substantially equal to those provided on the date of termination of employment. If Mr. Hopkins' employment is terminated involuntarily during the term of the agreement following a "change in control" of the Company or the Bank, as defined in the agreement, or without cause within twenty-four months following a change in control, he will be paid an amount equal to 2.999 times his five-year average annual taxable cash compensation in a lump sum and be entitled to continued medical and dental coverage for the remainder of the term. Mr. Hopkins will also be entitled to the foregoing change in control severance payment and benefits if he voluntarily terminates his employment within 120 days following certain events during the term of the agreement following a change in control of the Company or the Bank. All amounts payable as severance in respect of a change in control will be reduced to the extent necessary such that neither the payments under the employment agreement, nor any other payments, constitute

Edgar Filing: Kearny Financial Corp. - Form DEF 14A

“excess parachute payments” under Section 280G of the Internal Revenue Code. If a change in control payment had been made under Mr. Hopkins agreement as of June 30, 2007, the payment would have equaled approximately \$2,219,696.

The Bank has also entered into employment agreements with the other named officers (Senior Vice Presidents Gossweiler, Joyce, Ledgerwood and Parisi) providing for a minimum base salary of \$215,000 for each of these officers. These agreements each have a term of two years and were last renewed as of July 1, 2007, and each provides for extension of the term on or before each anniversary of the effective date upon determination of the Board of Directors of the Bank that the officer’s performance has met its requirements and standards. Pursuant to the terms of the employment agreements, each officer is generally entitled to participate in all discretionary bonuses, pension and other retirement benefit plans, welfare benefit plans and other equity, incentive and benefit plans and perquisites applicable to senior management of the Bank. Upon termination of employment at any time on or after attainment of age 62, each of the officers and his or her dependent family is also permitted to continue to participate, at the Bank’s expense, in the group medical plan sponsored by the Bank until such time that the officer and his or her spouse become eligible for Medicare coverage. If terminated without cause, each of these officers will be entitled to (i) a continuation of his or her salary through the remaining term of the agreement, and (ii) during the same period, the cost of obtaining health, life, disability and other benefits at levels substantially equal to those provided on the date of termination of employment. As of June 30, 2007, the remaining term of the agreement for each of these officers was two years, so a continuation of salary through the end of the term would equal \$430,000 if the officer were terminated without cause as of that date. The value of the continuation of health, life disability and other benefits through the end of the term would equal approximately \$46,550 based on the Bank’s current cost of providing those benefits.

If terminated involuntarily during the term of the agreement following a “change in control” of the Company or the Bank, as defined in the agreement, or without cause within twenty-four months following a change in control, each of these officers will be paid an amount equal to 2.0 times his or her most recent total annual compensation (including the value of deferred compensation and retirement plans) in a lump sum and be entitled to continued medical and dental coverage for the remainder of the term. Each of the officers will also be entitled to the foregoing change in control severance payment and benefits upon a voluntary termination of employment within 120 days following certain events during the term of the agreement following a change in control of the Company or the Bank. All amounts payable to any of the officers as severance in respect of a change in control will be reduced to the extent necessary such that neither the payments under the employment agreement, nor any other payments, constitute “excess parachute payments” under Section 280G of the Internal Revenue Code. If change in control payments had been made under these agreements as of June 30, 2007, each of these officers would have received a payment of approximately \$473,000.

Potential Payments Upon Resignation, Retirement or Termination. The tables below reflect the amount of compensation payable to each of the named officers in accordance with each individual’s employment agreement and other benefit plans and agreements as discussed in the preceding sections in the event of termination of such executive’s employment. The amounts shown assume that such termination was effective as of June 30, 2007, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. The amounts shown relating to unvested stock options and stock awards are based on the fair market value of Kearny common stock on June 30, 2007 of \$13.48. The actual amounts to be paid out can only be determined at the time of such executive’s termination of employment.

**Represents two quarters of payments under the Directors Incentive Compensation Plan. The Board determined in December 2006 to suspend payments under this plan for calendar year 2007.

Board Fees. Directors are currently paid a fee of \$1,250 per Kearny Federal Savings Bank board meeting attended, \$600 per Kearny Financial Corp. meeting attended and \$600 per Kearny MHC meeting attended. The chairman receives a higher fee of \$1,500, \$720 and \$720, for bank, holding company and mutual holding company meetings, respectively. Directors are also paid a fee for participation in special meetings of the Board of Directors. Participation in a special meeting by means of a conference telephone or similar communications device through which all persons participating can hear each other at the same time constitutes presence in person for all purposes. Attendance in person is required in order to be paid for regularly scheduled board meetings.

Members of the Kearny Federal Savings Bank Executive Committee are currently paid \$1,200 per committee meeting attended; the chairman receives a higher fee of \$1,440 for Executive Committee meetings. Each member of the Kearny Federal Savings Bank Board of Directors is also a member of the Executive Committee. Members of the Audit & Compliance Committee and the chairman of this committee are paid \$250 and \$350, respectively, for each meeting attended. Members of the Compensation Committee and the chairman of this committee are paid \$250 and \$300, respectively, for each meeting attended. The Branch Renovation & Construction Committee is an ad hoc committee; members of this committee are paid \$250 for each meeting attended.

Directors also receive an annual retainer as follows: \$32,000 for service on Kearny Federal Savings Bank's board, \$9,000 for service on Kearny Financial Corp.'s board and \$9,000 for service on Kearny MHC's board. Directors who also serve as employees do not receive compensation as directors.

Directors Consultation and Retirement Plan. Kearny Financial Corp. maintains a Directors Consultation and Retirement Plan (the "DCRP"). The DCRP provides retirement benefits to the directors of Kearny Financial Corp., Kearny MHC and Kearny Federal Savings Bank based upon the number of years of service as a director. To be eligible to receive benefits under the DCRP, a director generally must have completed at least 5 years of service and must not retire from the board prior to reaching 60 years of age. If a director agrees to become a consulting director upon retirement, he will receive a monthly payment equal to 2.5% of the total retainer plus fees paid for attendance at regular and special meetings and meetings of the executive committee paid to him by Kearny Financial Corp., Kearny MHC and Kearny Federal Savings Bank during the 12-month period prior to the date of retirement multiplied by the number of years of service as a director, not to exceed 80% of board compensation. Benefits under the DCRP begin upon a director's retirement and are paid for life; provided, however, that in the event of a director's death prior to the receipt of 120 monthly payments, payments shall continue to the director's surviving spouse or estate until 120 payments have been made. In the event there is a change in control (as defined in the DCRP), all directors will be presumed to be eligible to receive benefits under the DCRP and each director will receive a lump sum payment equal to the present value of future benefits payable. Benefits under the DCRP are unvested and forfeitable until retirement at or after age 60 with at least 5 years of service, termination of service following a change in control, disability following at least 5 years of service or death.

Directors Incentive Compensation Plan. In December 2005, the Board of Directors adopted the Directors Incentive Compensation Plan which provides a cash payment to each non-employee director each time a cash dividend on the Company's common stock is paid, in an amount equivalent to the cash dividend payable as if the director had exercised all stock options held by the director as of the dividend record date whether or not such options held as of the dividend record date are exercisable. Payment of compensation based upon stock options held expires with the expiration or exercise of the underlying options. This plan may be amended, modified, suspended or canceled by the Board of Directors at any time. The Board determined in December 2006 to suspend payments under this plan for a one-year period. The Board has not made any determination regarding whether future payments will be made under this plan in 2008 or in later years.
