Milan, 7 November 2013

Telecom Italia S.p.A. announces the launch of an offer of up to EUR 1,300 million Fixed Rate Guaranteed Subordinated Mandatory Convertible Bonds due November 2016 consisting of Fixed Rate Guaranteed Subordinated Mandatory Convertible Bonds due November 2016 convertible into ordinary shares (the **Ordinary Share Bonds**) and Fixed Rate Guaranteed Subordinated Mandatory Convertible Bonds due November 2016 convertible into savings shares (the **Savings Share Bonds**) to be issued by Telecom Italia Finance S.A. (the **Issuer**), each to be guaranteed by Telecom Italia S.p.A. (the **Guarantor**), with a preference to maximise the issuance of Ordinary Share Bonds, consistent with market demand.

The institutional bookbuilding period will commence concurrently with this announcement and is expected to end as soon as practicable and in any event no later than Friday 8 November 2013. However, the Joint Bookrunners of the offering reserve the right to end the bookbuilding period at any time. The offering is being made to institutional investors only, outside the United States, Australia, Canada and Japan, in offshore transactions to non-U.S. persons (in reliance on Regulation S).

Purchase orders from eligible institutional investors that are also shareholders of Telecom Italia S.p.A. may receive priority treatment in the allocation process..

The Guarantor will convene an Extraordinary General Meeting (the **EGM**) to be held no later than the end of February 2014 (the **Shareholder Approval Specified Date**) to seek shareholders' approval, pursuant to article 2441 of the Italian Civil Code, in respect of the increase in share capital of the Guarantor and disapplication of preferential subscription rights to enable the issue of ordinary shares and saving shares on conversion of the Bonds and the removal of the par values of the ordinary and saving shares (the **Shareholder Resolutions**). After such approval, the Issuer shall give notice to bondholders (the **Physical Settlement Notice**) that in respect of conversions where the Conversion Date falls after the giving of such notice, the Guarantor will deliver Shares in respect of such conversion.

If the Shareholder Resolutions are not passed by the Shareholder Approval Specified Date, the Issuer may, by giving notice no later than 10 days after the Shareholder Approval Specified Date (the **Fair Market Call Notice**), elect to redeem all but not some only of the Bonds at (i) 102% of the principal

amount of the Bonds, together with accrued interest and any arrears of interest plus (ii) if the current conversion value of the Bonds being redeemed exceeds their initial conversion value, an amount equal to 85% of the amount determined by subtracting the initial conversion value of such Bonds from their current conversion value.

The Bonds will mature in November 2016 (3 years), will be in registered form in the denomination of EUR 100,000 each and will be issued at 100% of the principal amount. The Ordinary Share Bonds will be mandatorily convertible into fully paid ordinary shares of the Guarantor (the **Ordinary Shares**) and the Savings Share Bonds will be mandatorily convertible into fully paid savings shares of the Guarantor (the **Saving Shares** and together with the Ordinary Shares, the **Shares**) at maturity unless earlier converted at the option of bondholders or the Issuer or upon the occurrence of specified special events in accordance with the terms and conditions of the Bonds. The Bonds are expected to pay a coupon in the range of 5.75% and 6.50% per annum in respect of the Ordinary Share Bonds and in the range of 5.75% and 6.50% per annum in respect of the Savings Share Bonds.

The minimum conversion price of each series of the Bonds will be equal to the VWAP of the relevant Shares between the open and close of Borsa Italiana on Friday 8 November 2013. The initial maximum conversion price in respect of the Ordinary Share Bonds is expected to be set in a range of 120% and 125% of the minimum conversion price of such Bonds and the initial maximum conversion price in respect of the Savings Share Bonds is expected to be set in a range of 120% and 125% of the minimum conversion price of such Bonds.

Final amount of each series, final coupon and final premium are expected to be announced before the opening of Borsa Italiana on 8 November 2013. The minimum and maximum conversion prices of the two series will be announced in a separate press release after the close of Borsa Italiana on 8 November 2013.

Settlement of the Bonds is expected to occur on 15 November 2013.

The Issuer intends to use the issue proceeds for its general corporate purposes and may not use such proceeds to provide any form of financing to, or guarantee in favour of, the Guarantor.

The Issuer and the Guarantor have agreed to a lock-up commencing today and ending on the date falling 90 days after the settlement date of the Bonds for shares and convertible securities, subject to customary exceptions such as in relation to employee share option plans.

An application will be made to admit the Bonds to trading on an internationally recognized, regularly operating, regulated or non-regulated, stock exchange, as determined by the Issuer, no later than 15 March 2014.

Cautionary Statement for Purposes of the "Safe Harbor" Provisions of the United States Private Securities Litigation Reform Act of 1995.

The Private Securities Litigation Reform Act of 1995 provides a "safe harbor" for forward-looking statements. The Group's interim report as of and for the nine months ended September 30, 2013 included in this Form 6-K contains certain forward-looking statements. Forward-looking statements are statements that are not historical facts and can be identified by the use of forward-looking terminology such as "believes," "may," "is expected to," "will," "will continue," "should," "seeks" or "anticipates" or similar expressions or the negative thereof or other comparable terminology, or by the forward-looking nature of discussions of strategy, plans or intentions.

Actual results may differ materially from those projected or implied in the forward-looking statements. Such forward-looking information is based on certain key assumptions which we believe to be reasonable but forward-looking information by its nature involves risks and uncertainties, which are outside our control, that could significantly affect expected results.

The following important factors could cause our actual results to differ materially from those projected or implied in any forward-looking statements:

1. our ability to successfully implement our strategy over the 2014-2016 period;
2. our ability to successfully achieve our debt reduction and other targets;
3. the increasing competition from global and local OTT (Over The Top) players (operators offering contents and services on the internet without owning its own proprietary telecommunications network infrastructure);
4. the continuing impact of increased competition in our markets, including competition from established domestic competitors and global and regional alliances formed by other telecommunications operators in our core Italian

domestic fixed-line and wireless markets and our other principal markets;

5. the continuing effects of the global economic crisis in the principal markets in which we operate, including, in particular, our core Italian market;
6. our ability to introduce new services to stimulate increased usage of our fixed and wireless networks to offset declines in the traditional voice business mainly due to the continuing impact of regulatory required price reductions, market share loss and pricing pressures generally;
7. our ability to successfully implement our internet and broadband strategy;
8. the impact of regulatory decisions and changes in the regulatory environment in Italy and other countries in which we operate, including recent changes to allowable charges for data and voice roaming;
9. the impact of economic development generally on our international business and on our foreign investments and capital expenditures;
10. as our services are technology-intensive, our ability to develop new technologies in order to avoid our services becoming non-competitive;
11. the impact of political developments in Italy and other countries in which we operate;
12. the impact of fluctuations in currency exchange and interest rates;
13. our ability to build up our business in adjacent markets and in international markets (particularly in Brazil and Argentina), due to our specialist and technical resources;
14. our ability to achieve the expected return on the investments and capital expenditures we have made and continue to make (such as those in Brazil and Argentina);
15. the amount and timing of any future impairment charges for our authorizations, goodwill or other assets; and
16. the outcome of litigation, disputes and investigations in which we are involved or may become involved.

The foregoing factors should not be construed as exhaustive. Due to such uncertainties and risks, readers are cautioned not to place undue reliance on such forward-looking statements, which speak only as of the date hereof. We undertake no obligation to release publicly the result of any revisions to these forward-looking statements which may be made to reflect events or circumstances after the date hereof, including, without limitation, changes in our business or acquisition strategy or planned capital expenditures, or to reflect the occurrence of unanticipated events.
