ITEM 5. OTHER EVENTS

Edgar Filing: BION ENVIRONMENTAL TECHNOLOGIES INC - Form 8-K

1. We recently received aggregate gross proceeds of approximately \$2.6 million from the private sale of convertible bridge notes and warrants. The notes bear interest at the rate of ten percent per year and mature on April 30, 2002. We can prepay the notes at any time with no penalty. In general, if we issue equity securities prior to April 29, 2002, each note will convert into the number of shares that is obtained by dividing the aggregate principal amount of each note plus accrued but unpaid interest by the price of one share of the equity security which triggers the conversion; provided, however, that in no event may the conversion price be greater than \$2.50 per share. If prior to midnight on April 29, 2002 the notes are not paid in cash or converted into shares of common stock as the result of an offering, then at that time each note will be automatically converted into the number of shares that is obtained by dividing the aggregate principal amount of each note plus accrued but unpaid interest by the average of the closing bid prices of the common stock for the preceding 20 business days; provided, however, that in no event may the conversion price be greater than \$2.50 per share. We have agreed that, within nine months after the final closing of the offering that we recently completed, we will use our best efforts to file a registration statement with the Securities and Exchange Commission and to include in such registration statement the shares of common stock underlying the conversion of the notes and the exercise of the warrants.

For each \$250,000 worth of notes purchased, each holder also received the right to purchase for \$0.05 per warrant up to 75,000 warrants to purchase one additional share of our common stock at an exercise price of \$1.50 per share. An aggregate of 758,138 such warrants were issued pursuant to the offering. We have the right to redeem the warrants under certain circumstances. The warrants became exercisable upon issuance and will expire on December 31, 2005. See Exhibits 10.1, 10.2 and 10.3 for the form of the Note and Warrant Purchase Agreement, the Convertible Bridge Note and the Bridge Warrant, respectively.

2. As of May 15, 2001, our Colorado office was relocated to 26 West Dry Creek Circle, Suite 600, Littleton, Colorado 80120 (phone 303-738-0845).

3. Effective May 2, 2001, Bart Chilton joined us as our Senior Vice President (see Exhibit 99.1 attached). He will be working on all aspects of federal, state and local government relations as well as various management and marketing matters. In connection with his employment, Mr. Chilton received options to purchase 100,000 shares of our unrestricted common stock at \$1.50 per share, with 33,334 shares currently vested; 33,333 shares vesting on May 2, 2002; and 33,333 shares vesting on May 2, 2003; and each of the options is exercisable for a two year period commencing on the date on which it becomes vested.

4. On April 26, 2001, our Board of Directors accepted the resignation of Jon Northrop as Chief Financial Officer effective February 28, 2001. Effective that same date, David Fuller became our Principal Accounting Officer handling all accounting and financial operations as well as certain administrative functions in the New York City office. Mr. Fuller received options to purchase 40,000 shares of unrestricted common stock at \$1.85 per share, with 13,334 shares vested on June 1, 2001; 13,333 vesting on March 1, 2002; and 13,333 shares vesting on December 1, 2002; and all shares are exercisable until December 31, 2003.
