THE ROYAL BANK OF SCOTLAND GROUP plc

The Royal Bank of Scotland Group plc ("the Group") announces that, following the appointment of Colin Alexander Mason Buchan as a non-executive director, no details in connection with Section 6.F.2 of the Listing Rules require to be disclosed.

In respect of Section 16.4 of the Listing Rules, the Group announces that Colin Buchan was appointed as a director of Merrill Lynch World Mining Trust plc on 25 July 2001.

17 June 2002

The Royal Bank of Scotland Group plc
Pre-Close Trading Up-date

27 June 2002

The Royal Bank of Scotland Group ("RBS") will be holding discussions with analysts ahead of its close period for the half year ending 30 June 2002. This statement details the information that will be covered in those discussions.

RBS has continued to make strong progress in the first half of 2002. Key features of its interim results, which will be released on 7 August, are expected to include continued strong growth in income, a further improvement in efficiency and stable margins. The increased targets for NatWest integration benefits are being met and excellent progress is being made on the integration of the Mellon Regional Franchise by Citizens.

Income:

RBS has continued to achieve strong growth in income. While lower stock market values have affected income growth in Wealth Management, income growth elsewhere is strong, especially in Citizens, Direct Line and Retail Direct.

Expenses:

Expenses have grown to support the increased levels of income, however income growth has again comfortably exceeded expense growth in the first half of 2002, and this relative movement has led to a further improvement in the Group's cost:income ratio.

Credit Quality:

Overall credit quality remains strong, with no material change to the distribution by grade of our lending portfolio compared with the position disclosed in the results presentation in February.

Provisions:

Edgar Filing: ROYAL BANK OF SCOTLAND GROUP PLC - Form 6-K

The charge for provisions continues at a level consistent with the second half of 2001 and the growth in the loan book, and is in line with expectations. Ratios for risk elements in lending and provision coverage remain in line with levels at the end of last year.

Margins:

The Group net interest margin has remained stable. Improved lending margins have offset the downward pressure on deposit margins arising from lower interest rates.

Integration:

The increased targets for benefits in relation to the integration of NatWest are being met and the integration programme remains fully on track. In the United States, the integration of the Mellon Regional Franchise by Citizens is running ahead of plan.

Capital:

Capital ratios remain in line with those reported in February and the anticipated rate of capital generation is sufficient to meet foreseeable requirements.

Accounting Policy Changes:

Implementation of FRS19 (Deferred Tax) and UITF Abstract 33 (Capital Instruments) has not had a material effect on the Group's results for the current and prior periods. The Group will be implementing FRS17 (Retirement Benefits) with effect from 1 January 2003; early implementation in 2002 would not have had a material effect on the Group's results.

Fred Goodwin, Group Chief Executive, commented:

"Strong income growth and improved efficiency will again be key features when we report our half year results. Our view of credit provisioning and credit quality is unchanged from that discussed in detail in February. The Group continues to perform well and in line with expectations. We believe that the interim results will portray a very positive picture of the Group's progress."
