Edgar Filing: FIRST BANCORP /PR/ - Form DEF 14A

for use at the Annual Meeting of Stockholders to be held at the Corporation's main offices located at 1519 Ponce de Leon Avenue, Santurce, Puerto Rico, on April 30, 2002, at 2:00 p.m., and at any adjournment thereof. This Proxy Statement is expected to be mailed to stockholders of record on or about March 28, 2002.

SOLICITATION AND REVOCATION

Proxies in the form enclosed are solicited by and on behalf of the Board of Directors. The persons named in the proxy form have been designated as proxies by the Board of Directors. Shares represented by properly executed proxies received will be voted at the Meeting in accordance with the instructions you specify in the proxy. If you do not give instructions to the contrary, each proxy received will be voted for the matters described below. Any proxy given as a result of this solicitation may be revoked by the stockholder at any time before it is exercised in the following manner: (i) submitting a written notification to the Secretary of First BanCorp, (ii) submitting a duly executed proxy bearing a later date, or (iii) appearing at the Annual Meeting and giving proper notice to the Secretary of his or her intention to vote in person. The proxies that are being solicited may be exercised only at the Annual Meeting of First BanCorp or at any adjournment of the Meeting.

Each proxy solicited hereby gives discretionary authority to the Board of Directors of the Corporation to vote the proxy with respect to (i) the election of any person as director if any nominee is unable to serve, or for good cause will not serve; (ii) matters incident to the conduct of the meeting; (iii) the approval of minutes of the previous Annual Meeting held on April 26, 2001; and (iv) such other matters as may properly come before the Annual Meeting. Except with respect to procedural matters incident to the conduct of the Annual Meeting, the Board of Directors is not aware of any business which may properly come before the Annual Meeting other than that described in this Proxy Statement. However, if any other matters come before the Annual Meeting, it is intended that proxies solicited hereby will be voted with respect to those other matters in accordance with the judgment of the person voting those proxies.

VOTING SECURITIES

The Board of Directors has fixed the close of business on March 21, 2002, as the record date for the determination of stockholders entitled to receive notice of, and to vote at, the Annual Meeting of Stockholders. At the close of business on the record date there were 26,571,952 shares of the issued and outstanding common stock of the Corporation in circulation, each of which is entitled to one vote at the Annual Meeting.

The presence, either in person or by proxy, of at least a majority of the Corporation's issued and outstanding shares of common stock in circulation is necessary to constitute a quorum. For purposes of determining quorum, abstentions and broker non-votes will be treated as shares that are present and entitled to vote. A broker non-vote results when a broker or nominee has expressly indicated that it does not have discretionary authority to vote on a particular matter. Action with respect to Proposal 1: Election of Directors, and Proposal 2: Ratification of Appointment of Independent Accountants, shall be taken by a majority of the total votes present in person or by proxy and entitled to vote. Therefore, as to such prospect, abstentions and broker non-votes will have the same effect as a vote against the proposals. Each share of common stock is entitled to one vote for the proposals to be considered.

Under this retirement policy directors who reach 70 years of age or complete fifteen years of service on the Board may continue to serve until the end of the term to which they have been elected, but will not be eligible to stand for reelection. The information presented below regarding the time of service on the Board of Directors includes terms served on the Board of the Bank.

Unless otherwise directed, each proxy executed and returned by a stockholder will be voted for the election of the nominees listed below. If any nominee should be unable or unwilling to stand for election at the time of the Annual Meeting, the proxies will nominate and vote for the replacement nominee or nominees recommended by the Board of Directors. At this time, the Board of Directors of First BanCorp knows of no reason why any of the persons listed below may not be able to serve as a director if elected.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee of the Board of Directors is composed of five directors who are not now and have never been employees of the Bank or of the Corporation. All members of the Committee meet the independence and experience requirements set forth under the rules of the New York Stock Exchange. The Committee operates under a written charter adopted by the Board of Directors, the adequacy of which is reviewed and assessed on an annual basis. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. A copy of the Audit Committee's Charter, as approved by the Board of Directors, is attached as Exhibit I to this proxy statement.

The Audit Committee reviews the Corporation's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In this context, the Committee has met and held discussions with management and the independent accountants. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Committee has reviewed and discussed the consolidated financial statements with management and with the independent accountants.

In addition the Committee discussed with the independent accountants, PricewaterhouseCoopers LLP, their independence from the Corporation, the Bank and management. To the extent necessary, the Committee also reviewed all relationships and services that might bear on the auditors' objectivity as independent accountants. The Committee has received written affirmation from the independent accountants as required by the Independence Standards Board Standard No. 1, Independence Standards with Audit Committees, assuring their independence.

In reliance with the reviews and discussions referred to above, the committee has recommended to the Board of Directors that the Audited Financial Statements

STOCK OPTION PLAN

The Stock Option Plan is intended to encourage optionees to remain in the employ of the Corporation, the Bank or its subsidiaries and to assist the Board of Directors and Management in its efforts to attract and to recruit qualified officers to serve the Corporation, the Bank or its subsidiaries. The stock subject to such stock options shall be authorized but unissued shares of the Corporation's \$1.00 par value common stock.

The Plan is administered by the Compensation Committee (the "Committee"), whose members are all outside directors appointed by the Board of Directors. All members of the Committee meet the criteria of "disinterested persons" within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934 (the "Act"). The Committee has discretion to select which eligible persons will be granted stock options, the number of shares of common stock that may be subject to such options, whether stock appreciation rights will be granted for such options and, generally, to determine the terms and conditions in accordance with the Plan. The Plan also provides for proportionate adjustments in the event of changes in capitalization resulting from, among other things, merger, consolidation, reorganization, recapitalization, reclassification, and stock dividends or splits. All options must be granted within ten years of the effective dates of the Plan. All options granted expire on the date specified in each individual option agreement, which date will not be later than the tenth anniversary of the date the option was granted. An eligible person may hold more than one option at a time. The purchase price of options granted shall not be less than the fair market value of the Corporation's common stock at the date of the grant.

6 Represents the Bank's pro rata contribution to the executive's participation in the Defined Contribution Retirement Plan.

8

The Plan may be amended at any time by the Board of Directors, subject to any applicable regulatory limitation or regulatory approval requirement. However, shareholder approval is required if an amendment increases the number of shares of common stock that may be subject to options, materially changes the eligibility criteria, changes the minimum purchase price or increases the maximum term of the options.

The Plan also provides that no person shall be eligible for a stock option grant if at the date of such grant such person beneficially owns more than ten percent (10%) of the outstanding common stock of the Corporation. In addition, pursuant to the change of control provisions contained in Section 12 of the Banking Law of Puerto Rico, as amended (7 L.P.R.A. 39), to the extent that by the exercise of an option a person would acquire the beneficial ownership of

Edgar Filing: FIRST BANCORP /PR/ - Form DEF 14A

five percent (5%) or more of the issued and outstanding common stock of the Corporation, such person must obtain the approval of the Commissioner of Financial Institutions prior to the exercise of such option. Options granted under the Plans are not transferable other than by will or the laws of descent and distribution. During the life of the optionee, the options may be exercised only by such optionee. In the event of the death or disability of an optionee, options may be exercised whether or not exercisable at the time of such death or disability within one year after the date of such death or disability, but not later than the date the option would otherwise have expired.

If the employment of an employee is terminated by retirement in accordance with the Corporation's normal retirement policies or is voluntarily or involuntarily terminated within one year after the date of a change in control, the option may be exercised within three months of such occurrence whether or not the option is exercisable at such time, but not later than the date that the option would otherwise have expired.

Options may be exercised by payment of the fair market price per share established in the Option Agreement, as adjusted for any changes in capitalization, if applicable. Payment may be in cash or at the election of the optionee, common stock of the Corporation having an aggregate fair market value equal to or less than the total option price (i.e. purchase price multiplied by the number of shares bought), plus cash. At the discretion of the Committee, the optionee could be granted stock appreciation rights with respect to an option.

In April 1987, the Stockholders ratified the Bank's first Stock Option Plan (the "1987 Plan"), which expired on January 21, 1997. As of such expiration date, no new options have been granted under the expired 1987 Plan. On April 19, 1997, the Stockholders ratified a new Stock Option Plan (the "1997 Plan"), for which 2,898,704 shares were set aside. As of December 31, 2001, there were a total of 1,035,000 shares subject to unexercised options granted under the 1997 Plan. Except to the extent limited by the Puerto Rico Internal Revenue Code of 1994, as amended, all outstanding options are now exercisable.

DEFINED CONTRIBUTION RETIREMENT PLAN

The Bank has a Defined Contribution Retirement Plan under Section 165(e) of Puerto Rico's Internal Revenue Act(7) which provides participating employees with retirement, death, disability and termination of employment benefits in accordance with their participation. The Plan complies with the "Employee Retirement Income Security Act of 1974 (ERISA)" and the "Retirement Equity Act of 1984 (ERA)." The Bank's employees are eligible to participate in the Plan after completing one year of service and there is no age requirement. An individual account is maintained for each participant and benefits are paid based solely on the amount of each participant's account.

Participating employees may defer from 1% to 10% of their annual salary, up to a maximum of \$8,000, into the Plan on a pre-tax basis as employee salary savings contributions. Each year the Bank will make a contribution equal to 25% of each participating employee's salary savings contribution; however, no match is provided for salary savings contributions in excess of 4% of compensation. At the end of the fiscal year, the Bank may, but is not obligated to make, additional contributions in an amount determined by the Board of Directors; however, the maximum of any additional contribution in any year may not exceed 15% of the total compensation of all eligible employees participating in the Plan and no basic monthly or additional annual matches need be made on years during which the Bank incurs a loss.

In fiscal 2001, the total contribution to the Plan by the Bank amounted to \$813,472, which funds were distributed on a pro rata basis among all participating employees. The table below sets forth the total of the Bank's

None of the members of the Committee are or have been employees of the Corporation, the Bank or of any of its subsidiaries.

Executive Compensation Policy

The Bank operates in a highly competitive industry where the quality, creativity and professionalism of its executives are of utmost importance to the success, profitability and growth of the institution. In making their determinations for fiscal 2001, the Compensation Committee reviewed the Bank's performance as a whole and the performance of the named executives in relation to the performance goals that have been set forth. The Committee also took into consideration the performance of the Bank in comparison with the performance of other banks in the community as well as the performance of the Bank in relation to other institutions of similar size and complexity of loan portfolio and other assets. On the basis of their review, the Committee took the following actions with regard to the named executives.

Performance Bonus

The Committee has designated the CEO and the Executive Vice Presidents of the Bank as plan participants. The performance bonus is linked to the performance of the Bank as a whole as well as the achievement of individual goals by each of the named executives. Based on the Bank's performance and the performance of each of the named executives in fiscal 2001, the Committee recommended, and on February 26, 2002 the Board granted, the following performance bonuses to the following named executives: Luis M.
