(1) Description of the Plan

The following description of the Koninklijke Philips Electronics N.V. (the "Company") Nonqualified Stock Purchase Plan (the "Plan") provides only general information. Participants should refer to the Plan prospectus for a more complete description of the Plan's provisions.

General

The Plan is a voluntary stock purchase plan established for eligible U.S.-based employees of certain subsidiaries of the Company effective August 1, 2000. The Plan makes available to eligible employees of certain of the Company's subsidiaries in the U.S. the right to purchase common shares of the Company's common stock at a discount. The common stock of the Company is quoted on several stock exchanges including the Amsterdam Stock Exchange and the New York Stock Exchange ("NYSE").

Participation

U.S.-based full-time salaried and hourly employees of certain subsidiaries of the Company except for certain senior executives, as defined by the Plan, are eligible to participate in the Plan after completing 30 days of full-time employment. Employees, subject to collective bargaining agreements, are eligible to participate upon acceptance of the Plan by their respective union. Certain suspension rules apply as described below in "Plan Restrictions."

Contributions

Each year, participants may contribute up to 10% of their cash compensation, as defined by the Plan, through payroll withholdings. In addition to the percentage limitation, contributions may not exceed \$20,000 in any calendar year.

The cost of shares to the participants will be the lesser of 85% of the closing price on the first day of the applicable purchase period on which stocks are traded on the NYSE, or 85% of the closing price on the last day of the applicable purchase period on which stocks are traded on the NYSE. The difference between the fair value of the shares purchased and the cost to the participants represents employer contributions.

A participant may sell any shares held in their account at any time; however, if a participant sells shares held by the Plan for less than one year, that participant will not be allowed to make contributions to the Plan in the subsequent two purchase periods following the sale.

Plan Termination

The Company may suspend or terminate the Plan at any time. If the Plan is suspended or terminated payroll deductions will terminate and unapplied withholdings will be used to purchase common shares or be repaid to participants without interest as soon as practicable following the termination of the Plan.
