Dear Fellow Stockholder,

I am pleased to invite you to the Annual Meeting of Stockholders of Bowne & Co., Inc. on May 22, 2008. Our meeting will begin at 10:00 a.m. local time at the Company's corporate headquarters, located at 55 Water Street in New York City. Since space is very limited, we are requiring an admission ticket and ask that you request one by following the procedure on page 3 of this booklet. The facility has handicap access and requires a picture identification in order to enter the building.

At this year's Annual Meeting, we will draw upon the theme of our 2007 Annual Report "One Bowne," which illustrates our strategy for growth. We completed 2007 with strong financial results and a solid plan for the future. Clients for all of our services—from transactional services and corporate compliance, to investment management solutions and marketing and business communications—increasingly overlap. To better serve our clients and successfully grow our business, we are unifying our resources so that we can provide all Bowne services to all clients and prospects. We'll share our vision and strategy for 2008 at our Annual Meeting.

This booklet tells you how you can participate in the Annual Meeting via internet, telephone or mail registration. If you are not able to attend in person, you may still join us through a live webcast of the proceedings. To participate in the webcast, you must register online by following the easy instructions we will post on our website, www.bowne.com, beginning on or about May 14, 2008. Stockholders may also view our proxy statement, our annual report to stockholders and our annual report on Form 10-K by visiting the Investor Relations section of our website (www.bowne.com). You may sign up for future internet distribution of these documents when you send your voting instructions for this Annual Meeting.

Your vote is important to Bowne, even if you cannot personally join us on May 22nd. Regardless of your plans to attend, we ask that you return your signed voting instructions by one of the three methods described above so that your Bowne shares will be represented.

Cordially,

NOTICE OF ANNUAL MEETING

Stockholders of Bowne & Co., Inc. will hold their Annual Meeting on Thursday, May 22, 2008, beginning at 10:00 A.M. (local time), at the Company's offices at 55 Water Street, New York, New York. In order to attend the meeting in person, you must request a ticket of admission. A map of the area showing points of public transportation appears on the last page of this booklet.

The purpose of the Annual Meeting is to take action on two proposals:

Proposal One To elect three nominees (Philip E. Kucera, H. Marshall Schwarz and David J. Shea) to serve on the Company's Board of Directors for three-year terms.

Proposal Two To approve the appointment of KPMG LLP as the Company auditors for the current fiscal year.

The Board of Directors recommends that you vote IN FAVOR OF both proposals.

The Company's proxy statement for the Annual Meeting appears on the following pages. The proxy statement discusses the two proposals and contains other information about the Company. It also explains how you may vote at the meeting in person or by proxy, and how you may do so using the internet, the telephone or enclosed voting card. Stockholders may act on additional business if the action is proper under Delaware law.

Only stockholders listed on the Company's records at the close of business on April 1, 2008 may vote directly. Those who hold Company shares in street name may vote through their brokers, banks or other nominees. This proxy statement, proxy card and voting instructions, along with our 2007 Annual Report and 2007 Form 10-K, are being distributed on or about April 11, 2008.

April 11, 2008

By order of the Board of Directors,

Senior Vice President, General Counsel
and Corporate Secretary

The Board of Directors urges you to give instructions to the Company's representatives to vote on your behalf at the Annual Meeting. If you cannot attend, or you do not wish to vote by a written ballot at the meeting, these Company representatives will act in your place as your proxies, and they will cast your vote in the way you tell them to. The following pages explain how you can give your voting instructions to the Company representatives either using the internet, over the telephone, or by mailing the printed voting instructions card you received.

Proposal One Election of Three Directors

The Board of Directors proposes the following three nominees for election as directors of the Company, and recommends that you vote IN FAVOR OF all three:

Philip E. Kucera
H. Marshall Schwarz
David J. Shea

If you choose the Company representatives to cast your vote, they will vote in favor of the three nominees listed above, unless you tell them to do otherwise.

The election of each director requires a plurality of the votes cast at the Annual Meeting. A plurality is any number of shares, which is larger than the numbers cast for competing candidates. You may vote for any or all of the three nominees, but you may not cast more than one vote for any one nominee. For an explanation of how votes will be counted for this proposal, please see "How do we count votes?" on page 4. If a nominee becomes unable to serve before the meeting begins, the Company representatives may vote your Company shares in favor of a substitute nominee proposed by the Board of Directors.

The Company has three classes of directors with staggered terms of three years each so that the term of one class expires at each annual meeting. The Board of Directors has nominated Philip E. Kucera, H. Marshall Schwarz and David J. Shea to Class III. If they are elected, their terms will expire at the Company's Annual Meeting in 2011. After the election of three directors at the meeting, there will be a total of 11 members on the Board of Directors of the Company, divided among the three classes. The Board of Directors has determined that nine of the current 11 board members, including one of the three nominees for election as directors, will be independent directors as defined by the rules of the New York Stock Exchange.

The three nominees already serve as directors of the Company. They have consented to their nomination and agree to continue to serve as directors if the stockholders reelect them at the meeting. On pages 6 to 8 you will find biographies of all the current directors including the three nominees, which we have highlighted. For each director we have included his or her age on the date of the meeting and principal occupation during the last five years. Additional information about the Board of Directors itself and its standing committees begins on page 9.

Proposal Two Appointment of Auditors

The Board of Directors proposes and recommends that you vote IN FAVOR OF approving the appointment of KPMG LLP as auditors of the Company.

If you choose the Company representatives to cast your vote, they will vote in favor of approving the appointment of KPMG LLP as auditors of the Company, unless you tell them to do otherwise.

On March 6, 2008, the Board of Directors ratified the Audit Committee's selection of the independent registered public accounting firm of KPMG LLP to be auditors of the Company for the current fiscal year ending December 31, 2008. KPMG LLP has served as the Company's auditors since 1998, and is independent with respect to the Company and its subsidiaries. KPMG LLP audits the Company's financial statements and provides other professional services requested by the Company from time to time. Representatives of KPMG LLP will be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. The representatives of KPMG LLP will also have an opportunity to respond to appropriate questions from stockholders at the Annual Meeting. The professional services provided by KPMG LLP and the aggregate fees for those services rendered during the years ended December 31, 2007 and 2006 were as follows:

Audit Fees. The aggregate fees billed for audit services for the years ended December 31, 2007 and 2006 were \$1,812,484 and \$1,359,472, respectively. Audit services include the audit of the financial statements included in the Company's annual reports on Form 10-K, the audit of the effectiveness of the Company's internal control over financial reporting, the reviews of the financial statements included in the Company's quarterly reports on Form 10-Q, statutory audits of the Company's foreign subsidiaries, and other services normally provided by the independent auditor in connection with statutory and regulatory filings. In addition, the aggregate fees billed for audit services for the year ended December 31, 2007 include \$421,600 for additional services related to the completion of the 2006 audit of the Company's financial statements, which were billed and paid during 2007.

Audit-Related Fees. The aggregate fees billed for audit-related services in the years ended December 31, 2007 and 2006 were \$116,975 and \$236,920, respectively. Audit-related services include audits of the financial statements of the Company's employee benefit plans, due diligence related to acquisition candidates and consultations concerning financial accounting and reporting standards.

Tax Fees. The aggregate fees billed for tax compliance services in the years ended December 31, 2007 and 2006 were \$53,484 and \$267,352, respectively. Tax compliance services include the preparation and review of the Company's domestic and international tax returns and assistance with tax audits. The aggregate fees billed for tax consulting and advisory services in the years ended December 31, 2007 and 2006 were \$124,892 and \$117,111, respectively. Tax consulting and advisory services include advice and planning related to state, local and foreign taxes.

All Other Fees. There were no other services performed by KPMG LLP during the years ended December 31, 2007 and 2006 that were not included in the above categories.

Your vote at the Annual Meeting

Who may vote?

The record date for the Annual Meeting was April 1, 2008. This means you are entitled to vote if our records show you held one or more shares of Common Stock when business closed on that day. A total of 26,881,180 shares of Common Stock were outstanding and entitled to vote on the record date, and each share of Common Stock is entitled to one vote. The Company has no other voting securities. The voting instructions card enclosed with this booklet shows the number of shares of Common Stock you held on the record date, and you may cast that same number of votes. A list of all stockholders on the record date will be available for inspection at the Company's executive offices ten days before the meeting.

We will not hold the meeting unless a quorum of the stockholders attend in person or appoint the Company representatives or other proxies to vote in their place. Stockholders entitled to vote just over half the number of shares of Common Stock outstanding on the record date (that is, at least 13,440,591 shares of Common Stock) will constitute the necessary quorum.

Tickets required.

Because seating will be limited at the Annual Meeting, a stockholder who wishes to attend in person must have a ticket of admission. Each stockholder may request one ticket either by mail addressed to the Corporate Secretary in care of Bowne & Co., Inc. at 55 Water Street, New York, New York 10041 or by e-mail to scott.spitzer@bowne.com. If you forget to bring your admission ticket, you can attend the Annual Meeting only if you are a stockholder on the Company's records and offer satisfactory identification. If you hold your shares of Common Stock through a broker, bank or nominee, you will need a voting instructions card from your broker as proof of ownership.

How to vote shares registered in your own name.

If you owned one or more shares of Common Stock in your own name on the record date, then you are a holder of record and your shares of Common Stock are registered with the Company. This means you may use the voting instructions card enclosed with this booklet to tell the Company representatives how you want them to vote your shares of Common Stock. Be sure to sign, date and mail the card in the postage-paid envelope, which we sent with your card.

Alternatively, you may send your instructions by internet or by telephone in the United States or by internet if outside the United States, provided such instructions are received no later than the day prior to the day of the Annual Meeting. If you use the internet or telephone, the Company will confirm that we have received your instructions. Whether you use the internet or telephone, you will need the personalized control number we have printed on your voting card.

To vote by internet, go to this special address on the internet: <http://www.eproxy.com/bne>. After the prompt, enter the personalized control number from your voting card and then press **Enter**. Follow the on-screen instructions. When you finish, review your vote and print a copy for your records if you wish. If it is correct, click on **Submit** to register your vote.

To vote by telephone, call this toll-free number from any touch-tone telephone in the United States: 1-866-580-9477. After the prompt, enter the personalized control number from your voting card and then press the **#** sign. Follow the recorded audio instructions. When you finish, the recording will replay your vote for your review. If it is correct, register your vote at the audio prompt.

Participants in Bowne's 401(k) Savings Plan on the record date will have the same choice of ways to vote. The Company's annual report on Form 10-K describes that plan. If participants in Bowne's 401(k) Savings Plan do not elect to vote by proxy, shares of Common Stock allocated to their Plan account will be voted by the Plan trustee as those shares of Common Stock held by the Plan for which the Plan trustee has received direction from Plan participants.

Stockholders who attend the Annual Meeting in person may vote by written ballot at that time. But even if you plan to attend, the Board still urges you to give your voting instructions to the Company

Table of Contents

representatives before the meeting in case your plans change. At the meeting you can change or revoke any instructions you gave previously.

How to vote shares held by a broker.

If a broker, bank or other nominee holds Common Stock for your benefit, and the shares are not in your own name on the Company's records, then your shares are in street name. In that case, your broker, bank or other nominee will advise you how to vote. Bowne reimburses them for forwarding this booklet and other material to you. If you have not heard from the broker, bank or nominee who holds your stock in street name, please contact them as early as possible. If you attend the meeting in person and want to vote shares held for you in street name, you must bring a written form of proxy from your broker, bank or nominee. It must name you as the sole representative entitled to vote those shares. Be sure to give the form to the Corporate Secretary of the Company before voting starts.

How will the representatives vote for you?

Whether you mail your instructions or send them by internet or telephone, the Company representatives will vote your shares of Common Stock exactly as you tell them to. If you do not indicate how you want your shares of Common Stock voted, the Company representative will vote in the way the Company's Board of Directors recommends. If there is an interruption or adjournment of the meeting before we complete the agenda, the Company representatives may still vote your shares of Common Stock when the meeting resumes. If a broker, bank or other nominee holds your shares of Common Stock in street name, they will normally ask for your instructions and vote your shares of Common Stock accordingly. If you give instructions to a broker, bank or nominee, they will tell the Company representatives to vote in the way you instruct.

How to revoke voting instructions.

You may change or revoke your voting instructions at any time before the stockholders vote at the Annual Meeting. To revoke or change voting instructions you have given, you must tell the Corporate Secretary of the Company in writing before the stockholders vote. If your proxy is not properly revoked, we will vote your shares as indicated by your most recent valid proxy. Of course, you may come to the Annual Meeting in person and vote your shares of Common Stock by written ballot at that time. If you want to vote in person, be sure to revoke in writing any voting instructions you gave before the meeting begins.

How do we count votes?

Voting at the Annual Meeting will be confidential. The Bank of New York, the Company's registrar and transfer agent, will count all the votes. Whether you choose the Company representatives to vote for you or you attend the meeting in person, your shares of Common Stock will count in determining whether we have the necessary quorum, even if you decide to abstain from voting or to vote against one or both of the proposals. Likewise, shares of Common Stock represented at the meeting by a broker, bank or other nominee will be counted in determining whether there is a quorum, regardless of whether you vote or abstain. But if a stockholder fails to vote or chooses to abstain from voting, his or her shares of Common Stock will not count as votes for or against the proposals. This means that the unvoted shares of Common Stock will not affect the outcome of the voting.

If you give no instructions.

The New York Stock Exchange has determined that the proposal to elect directors is routine under the applicable rules. This means that brokers, banks and other nominees will be able to vote shares of Common Stock they hold for you in street name even if you have not given instructions on the proposal. On the tenth day before the meeting, unless you have specified otherwise, your broker, bank or nominee will then direct the Company representatives to vote your shares in favor of electing the three nominees. Accordingly, the Board of Directors urge you to give instructions to your broker, bank or nominee on a timely basis.

Who pays for this solicitation?

The Company will pay the cost of soliciting your voting instructions. Employees and agents of the Company may solicit by personal interview or by any other means of

Table of Contents

communication including mail, fax, e-mail and telephone. These persons do not receive additional compensation for these services. The Company reimburses brokers, banks and other nominees for expenses they incur in forwarding copies of this booklet and other Company material to stockholders and in gathering their voting instructions. The Company has retained the proxy-soliciting firm of D. F. King & Co., Inc. to assist in this solicitation for a fee that will not exceed \$13,000, plus out-of-pocket expenses.

Other business at the meeting.

The Company does not know of any business to be presented at the Annual Meeting besides the proposals to elect three directors and to approve the appointment of KPMG LLP to be auditors of the Company for the fiscal year ending December 31, 2008. If other business comes before the meeting and is proper under Delaware law, the Company representatives will use their discretion in casting all the votes they are entitled to cast, except those votes for which they have contrary written instructions.

About this proxy statement.

The Company's management prepared this booklet and began sending it to stockholders on or about April 11, 2008. In addition, the proxy statement, annual report and Form 10-K are available on the Company's website (www.bowne.com).

When you give us your voting instructions, you may also indicate whether you want to receive Company materials by means of the internet in the future. Until the Company notifies you otherwise, enrolling to receive your documents by means of the internet will not remove your name from our regular mailing lists.

Some words have special meanings when we use them in this booklet. The terms "Company" and "Bowne," as well as the words "we," "us" and "our," refer to Bowne & Co., Inc., a Delaware corporation.

The Company representatives are the two people (David J. Shea and Scott L. Spitzer) chosen to vote in your place as your proxies at the Annual Meeting, or anyone else they choose to be their substitutes. We refer to the New York Stock Exchange as the "Exchange." Finally, the terms "common stock," "stock" and "shares" all mean the Company's Common Stock, par value \$.01 per share, which trades on the Exchange.

Webcast of the meeting.

Stockholders who are unable to attend the meeting in person may follow it live on the internet. Beginning on or about May 14, 2008, the Company intends to post information on our website (www.bowne.com) about how this webcast will work. To follow the meeting live on the internet, stockholders must register electronically before the meeting begins by following the on-line instructions.

Results of the voting.

After the Annual Meeting, the results of the voting will be available on our website (www.bowne.com), together with a transcript of the meeting and an archive copy of the webcast.

The Board and its Committees

The Board of Directors.

Periodically throughout the year, the Board of Directors and its standing committees meet to direct and oversee management of the Company. The Board of Directors held seven meetings during 2007. In addition, the committees of the Board met a total of 25 times and took action without formal meetings by written consents when appropriate. Board members also share information and exchange views with the Chairman and with each other informally and in executive sessions of non-management directors and separate executive sessions of independent directors following Board meetings on matters that concern the Company and its stockholders. Mr. Schwarz, the Company's Presiding Director, chairs these executive sessions.

How directors are chosen.

The Nominating and Corporate Governance Committee (the Committee) is responsible for assisting the Board in identifying individuals qualified to become Board members and recommending director nominees to the Board for each annual meeting of stockholders. It is the Committee's policy to consider candidates recommended by stockholders (see the description of the procedure under the heading Communications with the Board on page 10), Company management, other Board members or any interested person. The same criteria the Committee uses for evaluating director nominees will be used to evaluate candidates recommended by stockholders. The Committee considers the qualifications of candidates based upon its charter and the Company's corporate governance guidelines. The Committee selects individuals as director nominees who have the highest personal and professional integrity, who have demonstrated exceptional ability and judgment and who would be most effective, in conjunction with the other members of the Board of Directors, in collectively serving the long-term interests of the stockholders. The Committee has authority to retain search firms to assist in identifying and evaluating director candidates and to approve fees and retention terms for such advisors, but has not done so in connection with the selection of the three nominees for election as director listed on pages 7 to 8. The Committee did not receive any recommendations for nominees from a shareholder or group of shareholders that beneficially owned more than 5% of the Company's common stock for at least one year. The Committee recommended the three nominees for election as directors. Stockholders may also nominate Board candidates at the Annual Meeting, and we have described the procedure for this, with the advance notice required, under the heading Proposals and nominations by stockholders on page 42.

Corporate Governance Information.

The Company's corporate governance guidelines, the charters of the Nominating and Corporate Governance Committee, the Audit Committee and the Compensation and Management Development Committee, the Company's Code of Ethics and the Related Party Transactions Policy are available on the Company's website (www.bowne.com) and in print to any shareholder or other person upon request. Requests should be sent to Scott L. Spitzer, Senior Vice President, General Counsel and Corporate Secretary, Bowne & Co., Inc., 55 Water Street, New York, New York 10041.

Director Independence.

It is the Board of Directors' objective that at least a majority of the Board of Directors should consist of independent directors. For a director to be considered independent, the Board of Directors must determine that the director does not have any direct or indirect material relationship with the Company. The Board of Directors maintains categorical standards to assist it in determining director independence, which are consistent with the Exchange listing rules. The categorical standards are part of our corporate governance guidelines and are set forth on the Company's website (www.bowne.com). In evaluating director independence, the Board considered the following: Mr. Shea is currently an executive of the Company; Mr. Kucera is formerly an executive of the Company; and Mr. Crosetto is formerly an executive of the Company and is currently a consultant to the

Table of Contents

Company (see the description of the consulting agreement with Mr. Crosetto on page 12). The Board of Directors has determined that the following eight directors satisfy the Exchange's independence requirements and Bowne's categorical standards as described above: Mr. Fox, Ms. Hooper, Mr. Murphy, Ms. Portela, Mr. Schwarz, Ms. Stanley, Mr. Tese and Mr. West.

Executive Certifications.

The Company has submitted to the Exchange the annual Chief Executive Officer certification required by the rules of the Exchange. The Company also submitted to the Securities and Exchange Commission the certifications required under Section 302 and 906 of the Sarbanes-Oxley Act as exhibits to its quarterly reports on Form 10-Q and Annual Report on Form 10-K for fiscal 2007.

Communications with the Board.

Interested parties who want to communicate with the Chairman, the Presiding Director, or with the non-management directors as a group, or a stockholder who wants to communicate with the Board of Directors, individual Board members or a board committee including the Nominating and Corporate Governance Committee to recommend a candidate, should address their communications to the Board of Directors, the Board members or the Board committee, as the case may be, and send them c/o Scott L. Spitzer, Senior Vice President, General Counsel and Corporate Secretary, Bowne & Co. Inc., 55 Water Street, New York, New York 10041. The Corporate Secretary will forward all such communications directly to such Board members. If the communication is a stockholder recommendation for Board of Directors membership, it must be in writing and must identify the proposer. It must also be accompanied by detailed information about the proposed nominee and that person's consent to have his or her name put in nomination and agreement to serve, if elected. It must also be received in a timely manner and otherwise comply with the Company's By-Laws. See the description of the procedure under the heading "Proposals and nominations by stockholders" on page 42.

Committees of the Board.

The Board of Directors has four standing committees. The principal functions and current membership of each committee is as follows:

Executive Committee. The Executive Committee has many of the powers of the full Board of Directors in directing management of the Company and may exercise those powers between regular Board meetings. However, this committee may not amend the Company's By-laws, fill vacancies on the Board of Directors, make other fundamental corporate changes or take actions which require a vote of the full Board of Directors under Delaware law or the Company's charter or By-laws. The current members of the Executive Committee all of whom, with the exception of Mr. Shea, the Board of Directors has determined meet the criteria for independence contained in the rules of the Exchange, are Mr. Schwarz (chairman), Mr. Shea, Ms. Stanley, Mr. Tese and Mr. West. In 2007, this committee met five times and took action two times by written consents in lieu of meetings.

Nominating and Corporate Governance Committee. As described above, the Nominating and Corporate Governance Committee assists the full Board of Directors in identifying qualified individuals to become Board members. It also assists the full Board of Directors in determining the composition of the Board committees, monitoring the process to assess Board of Directors effectiveness and developing and implementing the Company's corporate governance guidelines. All members of the Committee are required to be independent directors as determined by the rules of the Exchange and, unless the Board of Directors otherwise determines, the Committee shall be composed of the independent directors of the Executive Committee. The current members of the Nominating and Corporate Governance Committee, all of whom the Board of Directors has determined meet the criteria for independence contained in the rules of the Exchange, are Mr. Schwarz

Table of Contents

(chairman), Ms. Stanley, Mr. Tese and Mr. West. The Committee met four times in 2007.

Audit Committee. The Audit Committee assists the Board of Directors in its oversight of the quality and integrity of the financial reporting and the financial statements of the Company, the Company's compliance with legal and regulatory requirements, the independence and qualifications of the independent auditor, and the performance of the Company's internal audit function and the independent auditor. In connection with the performance of these functions, the Audit Committee recommends independent registered public accountants to serve as the Company's auditors and reviews the Company's annual report on Form 10-K with the auditors. Together with the Company's Chief Financial Officer, the Committee reviews the scope and the results of the annual audit, as well as the auditors' fees and other activities they perform for the Company. The Audit Committee also oversees internal controls and looks into other accounting matters if the need arises. The current members of the Audit Committee are Mr. Murphy (chairman), Mr. Fox, Ms. Hooper, and Ms. Stanley, all of whom the Board of Directors has determined meet the criteria for independence contained in the rules of the Exchange and rules promulgated by the Securities and Exchange Commission in effect on the date this proxy statement is first mailed to stockholders. The Committee met four times in 2007. The Board of Directors has determined that Mr. Fox, Ms. Hooper and Mr. Murphy are audit committee financial experts as that term is defined in Securities and Exchange Commission rules.

Compensation and Management Development Committee. The Compensation and Management Development Committee assists the Board of Directors in carrying out its responsibility with respect to the Company's compensation, benefit and perquisite programs, executive succession planning and management development. In connection with the performance of these functions, the Committee reviews base salaries and incentive compensation for officers of the Company and other members of senior management. This Committee administers compensation programs, which involve present or deferred awards of the common stock, as well as those calling for cash payments. The Committee oversees management development and continuity programs. The Committee also reviews any newly proposed compensation plans, while overseeing the administration of existing retirement, 401(k), profit-sharing and other benefits plans for the Company's employees. Before significant changes affecting employees go into effect, the Committee normally asks the full Board of Directors to approve those changes. The current members of the Committee, all of whom the Board of Directors has determined meet the criteria for independence contained in the rules of the Exchange, are Mr. Tese (chairman), Ms. Portela and Mr. Schwarz. The Committee met five times in 2007.

Compensation and Management Development Committee interlocks and insider participation.

No member of the Compensation and Management Development Committee was an officer or employee of the Company or any of its subsidiaries during fiscal year 2007 or was formerly an officer of the Company or any of its subsidiaries.

Participation at meetings.

During fiscal year 2007 each member of the Board of Directors participated in at least 75% of the Board of Director and committee meetings which he or she was entitled to attend. The Company's corporate governance guidelines state that directors are expected to attend the Annual Meeting of Stockholders. All of the directors attended the previous year's Annual Meeting of Stockholders.

Compensation of directors.

Directors who are employees of the Company (currently, Mr. Shea) receive no fees for Board and committee service. Except as described below with respect to Mr. Crosetto, each non-employee director received during 2007 an \$85,000 annual retainer payable in

Table of Contents

quarterly installments following each fiscal quarter. The Presiding Director receives an additional annual retainer of \$25,000 payable in quarterly installments following each fiscal quarter. Non-employee members of the Audit Committee receive an additional retainer of \$10,000 per year, or \$20,000 in the case of the chairman of that committee. Non-employee members of the Executive Committee receive an additional retainer of \$8,000 per year, or \$16,000 in the case of the chairman of that committee. The members of the Nominating and Corporate Governance Committee as well as the non-employee members of the Compensation and Management Development Committee receive an additional retainer of \$5,000 per year, or \$10,000 in the case of the chairman of the committee. Directors who are not employees also receive a fee of \$1,000 for each Board meeting attended. When directors take action by written consent without a formal meeting, they receive no compensation for that service.

In connection with Mr. Crosetto's retirement as an executive of the Company in 2003, the Company signed a two-year consulting agreement with Mr. Crosetto. The consulting agreement was renewed in 2005 for one year ending December 31, 2006 and again in 2006 for a two-year term ending December 31, 2008. Pursuant to the renewed consulting agreement, Mr. Crosetto continues as a member of the Board and provides the Company and its affiliates with assistance in sales and marketing and with certain other projects. In consideration of these services and non-competition provisions, Mr. Crosetto receives \$255,000 in annual consulting fees and reimbursement for reasonable business-related expenses. The consulting agreement also provides that the consulting fees are in lieu of Board retainers and fees.

The Company encourages its Board members to hold substantial equity interests by requiring each director to defer at least \$50,000 of the annual Board of Directors retainer and by permitting each director, on an annual basis, to elect voluntary deferral of some or all of the remaining fees and retainers. Directors may choose either non-qualified stock options or Deferred Stock Units (DSUs) in place of cash, as long as they notify the Company of their choice before the year begins. For 2007, five of the directors made voluntary deferrals of some or all of their compensation. The Stock Plan for Directors governs these tax-free deferrals of compensation.

DSUs represent the right to receive a like number of shares of common stock at a future date, subject to distribution rules. They earn the equivalent of the Company's cash dividends, which are converted into more DSUs, but they do not confer voting rights. The Company further encourages deferral by adding a 20% match to any Board of Directors and committee compensation that a director voluntarily defers, but not that portion of the annual Board of Directors retainer which he or she must defer. The fair market value of the Company's Common Stock based on the average of high and low stock prices on the day before and the two days following the quarterly earnings call with investors is the value the Company uses in converting Board of Directors compensation for retainer payments or attendance fees earned during a calendar quarter into DSUs. When a non-employee director retires from the Board of Directors, the Company will issue him or her shares from the corporate treasury equal in number to the DSUs accrued through the retirement date. The Company normally distributes these shares in two installments within fifteen months following the director's retirement.

A director may choose to convert Board of Director compensation into stock options, rather than receiving it as cash or DSUs. In that case, the fair market value of the Company's common stock based on the average of high and low stock prices on the day before and the two days following the quarterly earnings call with investors will determine the value the Company uses for the conversion. The dollar figure to which the Company applies this conversion value will be three times the amount of compensation the director wants to defer, after adding the Company's 20% match mentioned earlier, to the

Table of Contents

extent that a particular deferral is voluntary. The Company believes that multiplication by three adjusts appropriately for the difference in the value of a stock option and a DSU. The Company will then formally grant the resulting number of options to the director as of the last trading day of each quarter. These options, subject to a one year vesting requirement, become exercisable on the first anniversary of the formal grant, and expire on the tenth anniversary. If the director exercises his or her options by paying the fixed exercise price, the Company will issue the resulting shares of Common Stock.

As a further measure to increase equity participation by the Board of Directors and better align the directors' interests with those of other stockholders, a new non-employee director who joins the Board of Directors receives an award of DSUs equivalent in market value to \$30,000 for Board membership. This one-time award will vest over the director's first four years of Board service, and the Company will then issue the corresponding common stock when the director retires from Board service.

The Company has stock ownership guidelines that are designed to increase linkage between shareholders and non-employee directors, as well as senior executives, through an expected level of ownership and retention of stock within five years. Shares credited toward meeting the ownership guidelines include all shares of Common Stock owned outright shares held in the benefit plans on behalf of the executives, vested and non-vested restricted stock units (RSUs) and vested and non-vested DSUs and exclude stock option grants.

The Company also reimburses reasonable travel expenses, which its directors incur in attending Board of Directors and committee meetings and fees and expenses in connection with director continuing education.

Report of the Audit Committee

The Audit Committee of the Board of Directors (the Committee) assists the Board in fulfilling its responsibility to relevant constituencies, including stockholders and potential stockholders of the Company, regarding internal controls, corporate accounting practices, reporting practices, and the quality and integrity of the financial reports of the Company. The Committee also maintains free and open communication among the Board, the Company's financial management, including its Chief Financial Officer and its Director of Internal Audit, other Company executives, including its General Counsel, and its independent registered public accountants, KPMG LLP (the auditors). Company management has primary responsibility for the financial statements, internal control over financial reporting, and for the Company's compliance with legal and regulatory requirements. The Company's auditors are responsible for expressing an opinion on conformity of the Company's audited financial statements with generally accepted accounting principles in the United States, and annually auditing the effectiveness of internal control over financial reporting. It is the Committee's responsibility to monitor and oversee the performance of these responsibilities and to report to the full Board of Directors.

Our Board of Directors has determined that each member of the Committee is an independent director as defined in the Listing Standards of the Exchange and the Company's corporate governance standards. In addition, our Board of Directors has determined that Stephen V. Murphy, Douglas B. Fox and Marcia J. Hooper are audit committee financial experts, as defined by Securities and Exchange Commission rules.

The Committee reviewed and discussed the audited financial statements for fiscal 2007 with the Company's auditors, with management, and with the entire Board of Directors. The Committee also examined with the auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committee, as amended). In addition, the Committee has received from the auditors the letter and written disclosures respecting fiscal 2007, which are required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with them their independence from the Company and its management. Furthermore, the Committee considered and determined that the auditors' non-audit services to the Company were consistent with the guidelines established to ensure auditor independence.

Based upon our reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board agreed, that the audited financial statements for fiscal 2007 be included in the Company's annual report on Form 10-K for the year ended December 31, 2007, for filing with the Securities and Exchange Commission.

This report by the Committee is not to be deemed filed under the Securities Act of 1933 or the Securities Exchange Act of 1934, both as amended, and is not to be incorporated by reference into any other filing of the Company under those statutes except to the extent that the Company may expressly refer to this report for incorporation by reference in a particular instance.

The undersigned, being all the members of the Audit Committee, submit this report to the Company's stockholders.

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES

Consistent with Securities and Exchange Commission policies regarding auditor independence, the Audit Committee pre-approves all audit and non-audit services provided by the independent auditors prior to the engagement of the independent auditors with respect to such services. The Chairman of the Audit Committee, who is an independent director, has been delegated the authority by the Committee to pre-approve the engagement of the independent auditors if the fees for the service are estimated to be less than \$50,000, unless the cumulative amount of fees for previously approved services exceeds 30% of the projected annual audit service fees, in which case pre-approval by the entire Audit Committee is required. Each quarter, the Audit Committee reviews the services provided by the independent auditor during the previous quarter as well as the services that were pre-approved by the Chairman of the Audit Committee during the quarter. All services provided by the Company's independent auditor in 2007 and 2006 were pre-approved by the Audit Committee or its chairman in accordance with the Company's policy.

AUDIT SERVICES AND FEES

The professional services provided by KPMG LLP and the aggregate fees for those services rendered during the years ended December 31, 2007 and 2006 were as follows:

Audit Fees. The aggregate fees billed for audit services for the years ended December 31, 2007 and 2006 were \$1,812,484 and \$1,359,472, respectively. Audit services include the audit of the financial statements included in the Company's annual reports on Form 10-K, the audit of the effectiveness of the Company's internal control over financial reporting, the reviews of the financial statements included in the Company's quarterly reports on Form 10-Q, statutory audits of the Company's foreign subsidiaries, and other services normally provided by the independent auditor in connection with statutory and regulatory filings. In addition, the aggregate fees billed for audit services for the year ended December 31, 2007 include \$421,600 for additional services related to the completion of the 2006 audit of the Company's financial statements, which were billed and paid during 2007.

Audit-Related Fees. The aggregate fees billed for audit-related services in the years ended December 31, 2007 and 2006 were \$116,975 and \$236,920, respectively. Audit-related services include audits of the financial statements of the Company's employee benefit plans, due diligence related to acquisition candidates and consultations concerning financial accounting and reporting standards.

Tax Fees. The aggregate fees billed for tax compliance services in the years ended December 31, 2007 and 2006 were \$53,484 and \$267,352, respectively. Tax compliance services include the preparation and review of the Company's domestic and international tax returns and assistance with tax audits. The aggregate fees billed for tax consulting and advisory services in the years ended December 31, 2007 and 2006 were \$124,892 and \$117,111, respectively. Tax consulting and advisory services include advice and planning related to state, local and foreign taxes.

All Other Fees. There were no other services performed by KPMG LLP during the years ended December 31, 2007 and 2006 that were not included in the above categories.

Table of Contents**Ownership of the common stock*****Securities ownership of certain beneficial owners.***

The Company does not know of any individual who is the beneficial owner of more than 5% of the Company's Common Stock that was outstanding on the record date for the Annual Meeting. The only institutional investors known to have held more than 5% of the Company's Common Stock on that date are set forth in the following table which shows each firm's percentage of shares actually outstanding on the record date. We took this information from the most recent reports on Schedule 13G, as filed for each such firm with the Securities and Exchange Commission before the record date for the Annual Meeting.

- 1) Wellington Management Company, LLP (Wellington) is an investment advisor. The clients of Wellington have the right to receive or the power to direct the receipt of dividends, or the proceeds from the sale of the Company's Common Stock.
- 2) Dimensional Fund Advisors Inc. (Dimensional) is an investment advisor and serves as an investment manager of certain funds. The number shown in the Amount of beneficial ownership column represents the total number of shares of the Company's Common Stock owned by such funds.
- 3) Barclays Global Fund Advisors (Barclays) is an investment advisor. The clients of Barclays and its affiliates have the right to receive or the power to direct the receipt of dividends, or the proceeds from the sale of the Company's Common Stock.

Table of Contents***Stock ownership of management.***

The following table shows the number of beneficial owners of the Company's common stock for each member of the Board of Directors, including the three current nominees for election to the Board, as of the record date for the Annual Meeting. The table also shows the beneficial ownership of the Company's Named Executive Officers (defined on page 31) on the record date. The table also includes the aggregate number of shares owned beneficially, as a group, by 19 directors and corporate officers. The following table assumes that an individual beneficially owns any shares which he or she may acquire by exercising options which are exercisable within 60 days after the record date, by converting stock equivalents or by withdrawing from an employee benefits plan, even if that individual has not yet made the exercise, conversion or withdrawal of the stock.

Except for David J. Shea who owns 1.9%, no individual listed in the following table beneficially owned more than 1% of the common stock outstanding on the record date (including for this purpose shares subject to stock options which will become exercisable within 60 days after the record date). The number of shares listed in the following table as beneficially owned for all directors and officers as a group is 8.8% of the common stock outstanding on the record date.

Notes:

- 1) The beneficial ownership reported in the table is direct unless otherwise noted. The Company understands that each individual named has sole power to vote or to dispose of the shares. The shares reported in the table include these forms of ownership:

Shares of Common Stock beneficially owned out-right on the record date, either on the records of the Company or in street name,

Shares subject to stock options exercisable on the record date, or which will become exercisable within 60 days after the record date,

Shares owned indirectly through the Bowne Stock Fund in the 401(k) Savings Plan, determined March 14, 2008, and

Restricted stock awarded to individual executives under the 1999 Incentive Compensation Plan.

The table assumes that all restricted stock is vested or will become vested within 60 days after the record date and includes additional shares of restricted stock earned as the equivalent of dividends through the record date.

DSUs awarded to individual executives under the Long-Term Performance Plan or the Deferred Award Plan, and

Report of the Compensation and Management Development Committee

The Compensation and Management Development Committee (the Compensation Committee) has overall responsibility for approving and evaluating the director and executive officer compensation plans, policies and programs of the Company. The Compensation Committee recommends to the independent members of the Board compensation for the Chairman and Chief Executive Officer and recommends to the Nominating and Corporate Governance Committee compensation for directors. Members of the Compensation Committee are appointed by the Board, on the recommendation of the Nominating and Corporate Governance Committee. Compensation Committee members may be removed and replaced by the Board.

In 2007 the Compensation Committee consisted of three directors Vincent Tese, Chairman; Gloria M. Portela and H. Marshall Schwarz. All three directors have extensive management and/or Board experience in managing, overseeing, and/or researching in the fields of employment and/or executive compensation. As determined by the Board, all three directors meet the independence requirements of the Exchange and any other legal requirements for the proper administration of the Company's compensation plans and programs, including requirements under the Federal securities laws and the Internal Revenue Code of 1986, as amended. In addition, each Compensation Committee member is neither a current nor former employee of the Company.

The Compensation Committee operates under a charter, which is posted in the Corporate Governance section of the Company's website (www.bowne.com). The Compensation Committee Charter was approved by the Board of Directors on November 20, 2003 and was most recently reviewed and updated on March 6, 2008.

The Compensation Committee's authority and responsibilities include the following:

Review and recommend to the Board on an annual basis the corporate goals and objectives with respect to compensation for the Chairman and Chief Executive Officer; and evaluate at least once a year the Chairman and Chief Executive Officer's performance in light of these goals and objectives and based upon these evaluations determine and approve with the other independent directors the Chairman and Chief Executive Officer's compensation.

Review and recommend to the Board on an annual basis the evaluation process and compensation structure for the Company's officers and evaluate the performance of the Company's senior executive officers and recommend to the Board the compensation of such senior executive officers.

Review annually the Company's incentive compensation and stock-based plans and recommend changes in such plans to the Board as needed.

Monitor and make recommendations to the Board regarding employee pension, profit sharing and benefit plans. The Compensation Committee delegated the administration of the benefit plans to the Company's investment and administration committee consisting of the Chairman and Chief Executive Officer; Senior Vice President and Chief Financial Officer; Senior Vice President, General Counsel and Corporate Secretary; and Senior Vice President, Human Resources.

Assist the Board in developing and evaluating potential candidates for executive positions and overseeing the development of executive succession plans.

Review periodically the compensation of the independent members of the Board and make recommendations to the Nominating and Corporate Governance Committee to maintain competitive compensation for independent members

of the Board.

Retain such compensation consultants, outside counsel and other advisors as the Compensation Committee may deem appropriate, with sole authority to approve related fees and retention terms of such advisors.

Table of Contents

Perform a review and evaluation, at least annually, of the performance of the Compensation Committee and its members.

In 2007 the Compensation Committee met five times. With the exception of two meetings, all meetings were regularly scheduled to coincide with Board meetings. The Compensation Committee Chairman and the Company's Senior Vice President, Human Resources determined the agenda for each meeting. Compensation Committee members generally received agendas and discussion materials several days in advance, to provide them with time for adequate review and preparation for the meetings.

In 2007 the Compensation Committee engaged Watson Wyatt Worldwide as a consultant to advise the Compensation Committee. The Compensation Committee provides guidelines which give direction to the consultant, and delegate certain interaction with the consultant to the Company's Senior Vice President, Human Resources. Services provided by the consultant included competitive compensation benchmarking of executive officer positions, industry research on competitive design of compensation and employment programs, presentation and analysis of long-term incentive design alternatives, and other technical advice. The consultant did not provide recommendations on compensation decisions for individual executive officers.

At the Compensation Committee's request, from time to time members of management attend portions of Compensation Committee meetings. During 2007 they included the Chairman and Chief Executive Officer; Senior Vice President and Chief Financial Officer; Senior Vice President, General Counsel and Corporate Secretary; and Senior Vice President, Human Resources.

On an annual basis, the Senior Vice President, Human Resources presents to the Compensation Committee a summary of the Company's Management Continuity System including performance evaluations and development plans for each of the Company's senior executive officers and a review of the talent profile of the Company.

In addition, on an annual basis the Compensation Committee reviews and approves increases or changes to each element of the total direct compensation package of each individual executive officer, with the exception of the Chairman and Chief Executive Officer. The Compensation Committee Chairman presents recommendations for the Chairman and Chief Executive Officer for review by the Compensation Committee. The Compensation Committee's recommendations are then presented to the independent Board members for approval.

The 2007 review included comparisons to competitive levels of compensation based on peer groups as approved by the Compensation Committee, as well as year-over-year comparisons. The Compensation Committee concluded that total direct compensation levels, as well as individual elements of compensation, were reasonable for all executive officers in light of Company performance, business unit performance, individual performance, and competitive practice.

At each meeting in 2007 the Compensation Committee held an executive session. No members of management, consultants, or other outsiders attended these executive sessions. Among other topics, discussions and decisions regarding performance, succession and compensation of the Chairman and Chief Executive Officer took place during these executive sessions.

The Compensation Committee took the following key actions at its meetings in 2007:

Approved the 2007 Annual Incentive Plan (AIP) financial targets and strategic goals used to determine the 2007 AIP awards paid in March 2008.

Certified results and approved (or made recommendations to the independent members of the Board, as appropriate) AIP payments for executive officers for the 2006 performance year, based on formulas the Compensation Committee had previously approved.

Table of Contents

Approved compensation plans for the senior executive officers for 2008, including base salary adjustments, AIP and LTEIP targets.

Conducted a review of the Company's Management Continuity System and succession plans.

Requested the independent compensation consultant to conduct a study of total direct compensation of senior managers to confirm that the Company's compensation philosophy is competitive and consistent with the performance of the Company to be presented at the March 2008 Committee meeting.

Reviewed and recommended approval to the Board of the redesign of the Company's defined benefit retirement plan to a cash balance defined benefit retirement plan.

In addition the Committee took the below actions in the first quarter of 2008:

Reviewed and approved (or made recommendations to the independent members of the Board, as appropriate) the accelerated settlement of awards under the Long-Term Equity Incentive Plan (LTEIP) based on the attainment of the maximum target established to fund the awards within the first two years of three year (2006-2008) performance cycle.

Approved full share stock grants as restricted stock units for the executive officers.

The Committee recommended and the Board approved an adjustment to Mr. Kucera's LTEIP award which was settled with 40,000 shares of Company stock in March 2007. Mr. Kucera received an additional 6,333 shares of Company stock in March 2008.

The Compensation Committee has reviewed the compensation discussion and analysis, discussed it with management and recommends its inclusion in the Annual Report and this proxy statement.

Compensation Discussion and Analysis

Executive Summary

Key objectives of the Company's executive compensation programs are as follows:

Attract and retain superior executive talent;

Provide incentives and rewards for executives who contribute to the Company's success;

Link executive compensation to both corporate performance and the creation of long-term shareholder value; and

Provide for levels of compensation consistent with the Company's leadership position in several highly specialized business areas.

Principal components of ongoing compensation for our executive officers include the following:

Base salaries consistent with each executive's responsibilities and individual performance;

An AIP based on financial factors at the corporate and business unit levels and on quantifiable strategic performance measures;

An LTEIP that closely links awards of RSUs with the Company's strategic plan, thereby providing incentives for both Company performance and the creation of shareholder value. The RSUs awarded under the LTEIP may be deferred (as DSUs) by the executive to promote stock ownership by the participants;

Restricted stock awards, RSUs and stock option awards, which provide incentives for the creation of shareholder value and rewards for sustained efforts and continued service;

Employee benefit programs;

Termination protection agreements to maintain the alignment of executive and shareholder interests during potential changes in corporate control; and

Limited executive perquisites consistent with the Company's focus on pay-for-performance.

The Company believes that its executive compensation policies, plans and programs advance the objectives listed above and adhere to high standards of corporate governance.

Objectives of the Company's Executive Compensation Programs

The Company's executive compensation programs have four key objectives described above in the Executive Summary. To accomplish these objectives, the Company's executive compensation programs are based on the following guiding principles:

Base salaries for executive officers are adjusted annually based on the Company's strategic goals and performance, changes in the market and the responsibilities of the individual Named Executive Officers identified in the

Summary Compensation Table on page 31;

Base salary and total direct compensation for each of the Named Executive Officers is targeted to be between the 50th and 75th percentiles of the competitive market;

Total direct compensation as measured for benchmarking purposes may comprise base salary, AIP award, LTEIP award, stock options, RSUs and restricted stock – the combined value of these components as well as the respective amounts of each component are assessed;

AIP awards are formula-based and linked to performance against financial targets and strategic objectives;

Table of Contents

Equity-based compensation provides incentives to create shareholder value, to reward sustained service and performance, and to assist in accumulation of significant equity stakes for the participating executives;

Option and RSU award dates are established using a consistent approach to grant dates, and are determined without consideration of recent or expected future public announcements;

Executives are expected to maintain long-term stock ownership through ownership guidelines expressed as a multiple of base salary;

Retirement programs have been designed to provide pension credit for compensation that exceeds the limitations imposed by the Internal Revenue Service and to serve as a recruitment tool for mid-career hires of senior executives in lieu of providing significant sign-on bonuses or equity grants;

Severance and change in control benefits reflect industry practices and are designed to promote stability within the senior management team during a time of pending change in Company ownership, and limit benefit coverage to key executives whose continued employment might be vulnerable following a change in control of the Company;

To the extent possible, compensation is structured so it is fully tax deductible; and

Executive perquisites and special benefits are limited and mostly business-related.

The Senior Vice President, Human Resources provides support to the Compensation Committee to carry out its responsibilities including executive compensation programs for Named Executive Officers.

To help inform the Compensation Committee's decisions and monitor the Company's executive compensation programs, each year the Compensation Committee commissions a benchmarking study of compensation levels for the executive officer positions. As in previous years, the benchmarking study was conducted by the Compensation Committee's independent compensation consultant. Comparisons were made to executive compensation levels at 13 publicly traded companies generally viewed as comparable in size and/or industry. These include: Cenveo, Inc., Consolidated Graphics, Inc., Deluxe Corporation, Dow Jones & Co., Inc. The Dun & Bradstreet Corporation, Ennis Inc., Interactive Data Corporation, M&F Worldwide Corporation, Paxar Corporation, R H Donnelley Corporation, The Standard Register Company, Valassis Communications, Inc. and John Wiley & Sons. The Compensation Committee also considers data obtained by the Compensation Committee's independent compensation consultant from a general industry sample of similarly sized companies, particularly for positions that must be competitive with employers across a wide spectrum of industries. The study indicated that:

The Company ranked 10th of 14 in revenue and 13th out of 14 comparator companies in market cap.

The Company's mix of compensation elements is similar to those of the comparator companies.

The Company's total direct compensation levels generally fall below the targeted range of between the 50th and 75th percentiles. Base salaries and total cash compensation levels generally are within the targeted range for the Named Executive Officers.

Analysis of the Company's Executive Compensation Programs

The following section provides details on each of the Company's executive compensation programs. It demonstrates how these programs individually and in total accomplish the objectives established for them and follow the guiding

principles set forth above.

Table of Contents

Base Salary Program. Base salary represents, on average, approximately one-third of an executive officer's total direct compensation package. This approach is consistent with industry practice, as demonstrated by the competitive benchmarking commissioned by the Compensation Committee.

In 2007 the Compensation Committee (and, in the case of Mr. Shea, the independent Board members) approved the following base salary increases for each Named Executive Officer:

Mr. Shea 15% reflects a promotional increase. His base salary is between 50th and 75th percentiles of the competitive market.

Mr. Penders 4.3% merit increase. His base salary is between 50th and 75th percentiles of the competitive market.

Mr. Walker 3.1% reflects a partial year increase. His base salary is between the 50th and 75th percentiles of the competitive market.

Mr. Spitzer 7.2% merit increase. His base salary is between 50th and 75th percentiles of the competitive market.

Ms. Cumiskey 4.1% merit increase. Her base salary is between the 50th and 75th percentiles of the competitive market.

Annual Incentive Plan. The Company's AIP is formula-based and designed to reward executive officers based on the following:

For 2007 a financial factor based on attainment of targeted levels of the Company's net income, Financial Communications (FC) Earnings Before Interest and Taxes (EBIT) and Marketing and Business Communications (MBC) Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA). The three components are weighted such that corporate Named Executive Officers' awards reflect the performance of each business unit in proportion to the size and impact of each business unit on total Company performance, and awards for the Named Executive Officers responsible for a business unit reflect the performance of that business unit (50% weighting).

Attainment of strategic initiatives linked to the strategic and operating plans for each of the business units. The strategic initiatives are weighted such that corporate Named Executive Officers' awards reflect the performance of each unit in proportion to the size and impact of each business unit on total Company performance (50% weighting).

The financial factor is based on Bowne's consolidated EBIT, EBIT for FC and EBITDA for MBC for several reasons. They are stable measures of the Company's operating cash flow, are key measures in the Company's planning and budgeting processes, are measures that are regularly monitored in the Company's management reporting, and are easily calculated for both the total Company and for each of its business units. Threshold, target, and maximum levels of respective consolidated EBIT, EBIT for FC and EBITDA for MBC for use in the AIP calculations were approved by the Compensation Committee at the December 2006 meeting based on the Company's 2007 budget and on historical Company and peer performance and revised to increase the EBIT targets for consolidated and FC during the first quarter of 2007 based on the Company's strong 4th quarter of 2006 results.

Strategic initiatives are quantifiable measures of operating performance that are aligned with the Company's operating and strategic plans and are critical to the Company's success. For FC, the 2007 strategic initiatives are related to improvement in the number of average days outstanding for receivables, growth in revenue from new products and solutions and continued productivity improvements in the customer service organization. In

Table of Contents

2007, MBC's strategic initiatives were related to growth in revenue and improvement in gross margin. The selected strategic initiatives are approved for each business unit by the Compensation Committee based on the strategic and operating plans for the business unit and on recommendation of the Chairman and Chief Executive Officer. Strategic initiatives for the Chairman and Chief Executive Officer are reviewed and approved by the Compensation Committee. The Compensation Committee sets AIP targets at levels designed to challenge the Company's management to achieve operating and strategic plans to improve year over year performance.

The financial factors and strategic initiatives for a fiscal year are approved by the Compensation Committee in January of that fiscal year, and are based on the Company's strategic and operating plans approved by the Board of Directors in December of the prior year. The Compensation Committee (and, in the case of Mr. Shea, approved by the independent Board members) reviews and approves the target AIP awards for executive officers, including all Named Executive Officers, in December of the prior fiscal year.

The Compensation Committee then confirms the fiscal year results against the financial and strategic targets previously established and approves payments of the AIP awards during the first quarter of the following year, after completion of the Company's audited financial statements and assessment of strategic initiatives.

Each Named Executive Officer has a threshold, target, and maximum AIP award as approved by the Compensation Committee (and, in the case of Mr. Shea, approved by the independent Board members) in December of the prior fiscal year, which is reported in the Non-equity incentive plan compensation column of the Grants of Plan Based Awards table.

For 2007 performance the Compensation Committee approved the following AIP awards for each Named Executive Officer, which were paid in March 2008:

The financial factor for corporate Named Executive Officers was 55.7% of the target, which was the weighted average of the Company's consolidated EBIT and business unit goals. The financial factor for FC was 65% of the EBIT target. MBC did not attain the threshold financial target. Therefore, there was no funding of the financial portion of the AIP awards related to MBC for corporate or business unit Named Executive Officers. The strategic initiatives factors were 30.29% for corporate, 60.5% for FC and MBC did not attain the threshold strategic targets for any of the goals. Therefore, there was no funding for the strategic portion of the AIP awards related to MBC for corporate or business unit Named Executive Officers. The Compensation Committee (and, in the case of Mr. Shea, approved by the independent Board members) approved additional discretionary funding for AIP awards for corporate employees in the finance, human resources and legal functions related to exceptional results in tax management, redesign of the retirement plan and execution on acquisition integration plans. The 2007 AIP awards for these corporate functions were funded at 100% of target. The additional funding equaled \$450,000. The Compensation Committee also approved a discretionary pool equal to \$200,000 to pay AIP awards to selective members of the MBC team in recognition of exceptional performance in productivity improvements and execution of integration plans. Based on these results, the annual incentive awards for the Named Executive Officers, as reported in the Non-equity incentive plan compensation column of the Summary Compensation Table, are as follows: Mr. Shea, \$690,000, which represents 100% of his target annual incentive; Mr. Penders, \$343,620, which represents 125.5% of his target annual incentive; Mr. Walker, \$217,800, which represents 100% of his target annual incentive; Ms. Cumiskey, \$184,200, which represents 100% of her target annual incentive; Mr. Spitzer, \$174,000, which represents 100% of his target annual incentive.

These incentive formulas directly link each Named Executive Officer's incentive payment to the financial performance of the Company and/or the business unit for which the Named Executive Officer has principal

Table of Contents

responsibility, and to strategic initiatives that are critical to the Company's overall success. Also, these awards are intended to be fully deductible expenses on the Company's tax returns. Mr. Shea's AIP award target for 2007 was increased from 100% of base salary to 120% of base salary in recognition of his promotion to Chairman and Chief Executive Officer.

Long-Term Equity Incentive Plan. The Compensation Committee, Board and shareholders approved a new LTEIP during 2006. The LTEIP rewards progress against the Company's current strategic plan. Further, since the awards are denominated in RSUs and settled in shares of Company Common Stock, the plan rewards the creation of shareholder value and assists in the accumulation of significant equity stakes for participating executives.

Under the LTEIP, executives, including the Chairman and Chief Executive Officer and all other Named Executive Officers, were granted a targeted number of RSUs primarily during 2006. The aggregate number of target RSUs granted to all executives was approximately 469,000 shares. The RSUs are convertible into shares of Company Common Stock at the end of a three-year performance period (covering the years 2006-2008), based on the Company's average Return on Invested Capital (ROIC) during the performance period. The actual number of shares which are awardable in the first quarter of 2009 will range between 0 (for average ROIC performance that is less than the pre-determined threshold level) and two times the target RSUs (for average ROIC performance that exceeds a pre-determined maximum level). If the Company's average ROIC during the first two years of the performance period (2006-2007) exceeds the pre-determined maximum level, then the awards would be accelerated and settled in the first quarter of 2008. The Company chose ROIC as the principal metric for the LTEIP because it comprises both growth in profitability and capital efficiency and it is a primary driver of shareholder value.

The Chairman and Chief Executive Officer and each of the Named Executive Officers received a grant of RSUs under the LTEIP during 2006. These awards were based on a median level of competitive long-term incentive grants. Because the grants represent long-term incentive compensation in respect of a three-year period, and no subsequent grants (except to new hires or in connection with promotions) will be made until the end of the performance period (at the end of 2008, or at the end of 2007 if the average ROIC exceeds the pre-determined maximum during 2006-2007) the grants were made based on three times the median level of annual long-term incentive grants of those in the competitive market.

The Compensation Committee (and, in the case of Mr. Shea, the independent Board members) approved all awards to the Chairman and Chief Executive Officer and other Named Executive Officers and approved the threshold, target, and maximum levels of ROIC based on the Company's strategic plan, and historical and peer analysis. Awards under the LTEIP are included in the Outstanding Equity Awards at Fiscal Year End table and are intended to be fully tax-deductible by the Company.

In March 2007, the Committee approved an amendment to the LTEIP agreement for each participant to fully vest in the LTEIP awards in the event of a change of control of the Company. In December 2007, the Committee approved a clarification that the compensation expense recognized under the LTEIP should be excluded from the calculation of the average ROIC for the performance cycle.

The Committee approved an additional LTEIP grant to Mr. Penders in recognition of a promotion received in 2007. Mr. Penders target LTEIP award was increased by 10,000 shares to 60,000 shares.

The Company's average ROIC during the first two years of the performance period (2006-2007) exceeded the pre-determined maximum level, therefore in accordance with the plan, the LTEIP awards granted for the 2006-2008 performance cycle were accelerated, calculated at the pre-set maximum level and settled in the first

Table of Contents

quarter of 2008. The Audit Committee reviewed and approved the calculation of the average ROIC. The Compensation Committee (and, in the case of Mr. Shea, the independent Board members) approved settlement of the LTEIP awards at 200% of target as provided in the LTEIP. A total of 938,000 shares of Company Common Stock was distributed to the LTEIP participants in March 2008 in settlement of the awards. The Named Executive Officers received shares as follows:

Mr. Shea 200,000 shares of Common Stock.
 Mr. Penders 120,000 shares of Common Stock.
 Mr. Walker 70,000 shares of Common Stock.
 Ms. Cummiskey 60,000 shares of Common Stock.
 Mr. Spitzer 60,000 shares of Common Stock.

Restricted Stock, RSUs and Stock Option Grants.

Any stock option grants are made with exercise prices that are equal to the Fair Market Value (FMV) of Company Common Stock on the date of grant. The fair market value is defined as the mean of the highest and the lowest trading prices reported on the Exchange on that day. The grant dates of the restricted stock, RSU and stock option grants correspond to pre-determined meetings of the Compensation Committee and Board, respectively, during which the awards are approved. Compensation realized from the receipt of restricted stock, RSUs and the exercise of non-qualified stock options is intended to be fully tax-deductible by the Company. The Committee approved grants of RSUs in early 2008 which will be reported in next year s proxy statement.

Stock Ownership Guidelines. The Company has established stock ownership guidelines for senior executives (including the Chairman and Chief Executive Officer and all other Named Executive Officers) as recommended by the Compensation Committee and approved by the Board effective January 1, 2004. The Committee instructed its independent compensation consultant to evaluate the stock ownership guidelines including an appropriate level of stock ownership for each level of Named Executive Officer, to update the guidelines to reflect organization changes within the Company s structure and to recommend appropriate consequences if the ownership guidelines are not achieved within the allotted time. The study confirmed that the number of shares required to be owned is appropriate and competitive. In March 2008, the Committee adopted the independent consultant s recommendation to provide the ownership guidelines as a multiple of base salary instead of a fixed number of shares and to add penalties if the guidelines are not met within six years of becoming a participant in the LTEIP.

The objective of the guidelines is to complement the Company s various equity incentive plans in creating a linkage between shareholders and senior executives by requiring executives to accumulate a significant equity stake in the Company. The guidelines are enumerated as a multiple of base salary of the Chairman and Chief Executive Officer (5 times base salary), President (3 times base salary) and other Named Executive Officers (2 times base salary). Shares credited toward meeting the ownership guidelines include all shares owned outright, vested and non-vested RSUs, vested and non-vested DSUs, restricted shares and shares held in the benefit plans on behalf of the executives. Stock options are not credited toward ownership under the guidelines. If a Named Executive Officers does not achieve the required ownership level within six years of becoming a Named Executive Officer, a portion of his or her AIP will be paid in DSUs until the requirement is satisfied. Also the Named Executive Officers may not be included in future LTEIP grants. The Committee retains the discretion not to levy these penalties under extraordinary conditions. Periodically, the Compensation Committee reviews each executive and member of the Board s progress toward attainment of the guidelines. Currently all Named Officers are in compliance with the stock ownership guidelines.

Table of Contents

Benefits and Executive Perquisites. It is the Company's policy to provide limited executive perquisites and special benefits, most of which are business-related. The Chairman and Chief Executive Officer and the Named Executive Officers participate in the Company's tax-qualified 401(k) Savings Plan, on the same basis as all other U.S. based full-time employees. The Chairman and Chief Executive Officer and most of the other Named Executive Officers participate in the Company's Pension Plan on the same basis as all other U.S. based full-time employees. The Committee recommended and the Board approved a redesign of the Company's pension plan to a cash-balance plan that is further described in 2007 Pension Benefits table. The Chairman and Chief Executive Officer and other Named Executive Officers also participate in a Supplemental Executive Retirement Plan which is intended to provide benefits that cannot be provided under the tax-qualified plans due to limits on compensation under the Internal Revenue Code, and to provide competitive retirement benefits to executives who joined the Company at mid-career. The various pension plans are discussed in more detail, and benefits for the Chairman and Chief Executive Officer and each Named Executive Officer are included in the 2007 Pension Benefits table.

The Chairman and Chief Executive Officer and other Named Executive Officers also receive an auto allowance or the use of a company provided car, which benefit is also provided to a wider group of executives in the Company. In addition, the Company provides business-related perquisites in the form of payment of membership fees in a country club to some of the Named Executive Officers which is used for both personal and business functions.

All amounts related to perquisites for Named Executive Officers are disclosed in the All other compensation column of the Summary Compensation table, along with details on their valuations.

Termination Protection Agreements. The Company has Termination Protection Agreements (TPAs) with the Chairman and Chief Executive Officer and other Named Executive Officers (as well as certain other officers of the Company). The TPAs are designed to:

Promote senior management stability during a time of pending changes in Company ownership;

Limit benefit coverage to key executives whose continued employment might be vulnerable following a change in control; and

Reflect competitive practices in the industry.

A more detailed description of the benefits payable under the TPAs, as well as estimated payments that would be paid to the Chairman and Chief Executive Officer and other Named Executive Officers if a change-in-control related termination had occurred on the last business day of 2007, are included following the other tabular disclosures below.

The Company does not have any specified termination plans or policies related to terminations not in connection with a change in control, nor does it have employment agreements in place for the Chairman and Chief Executive Officer or any of its other Named Executive Officers.

Impact of Regulatory Requirements

In making executive compensation decisions, the Compensation Committee is mindful of the impact of regulatory requirements on those decisions. In particular, regulatory requirements affect the Compensation Committee's decisions in the following ways:

Internal Revenue Code Section 162(m): The Compensation Committee endeavors to maximize the amount of compensation that is deductible as an expense. To help accomplish this, base salaries are generally

Table of Contents

limited to approximately one third of the total direct compensation package and none of the Chairman and Chief Executive Officer or other Named Executive Officers is paid a salary that exceeds the allowable deductible maximum of \$1,000,000. AIP awards for the Chairman and Chief Executive Officer and other Named Executive Officers are provided under a shareholder-approved plan that is intended to meet the requirements for deductibility. LTEIP awards and stock options are also provided under a shareholder-approved plan that is intended to meet the requirements for deductibility. Restricted stock on which restrictions lapse based on continued employment (which do not generally meet the deductibility requirements for the performance-based compensation) are limited in nature and issued only for specific incentive purposes rather than as a part of the recurring total direct compensation package. Perquisites and special benefits are generally limited in use and value. All compensation paid to each Named Executive Officer in 2007 was intended to be deductible.

Internal Revenue Code Section 409A: All programs have been reviewed by tax counsel to verify that either they are not considered deferred compensation under the 409A definitions, or they comply with the deferred compensation rules in Section 409A. As a result, the Company does not anticipate employees to be subject to any tax penalties under Section 409A.

FAS 123(R): The Company adopted FAS 123(R) beginning in fiscal year 2006. In the re-design of the LTEIP and in determining option and restricted stock awards, the Compensation Committee considers the potential expense of those programs under FAS 123(R) and its impact on Earnings per Share. The Compensation Committee concluded that the expense associated with executive compensation in 2007 was appropriate, given competitive compensation practices in the industry, the Company's performance, and the motivational and retention effect of the awards.

Conclusions

The Company and its Compensation Committee regularly consider ways to improve the ability of its total direct compensation program to meet the objectives established for it. The Company believes that its executive compensation programs are reasonable, appropriate, and in the best interests of shareholders. Key reasons for this conclusion include the following:

Competitive benchmarking indicates that our executive compensation levels (both base salaries and total direct compensation) are administered consistent with the Company's total direct compensation philosophy.

Total direct compensation is highly dependent on Company and business unit performance, through a compensation mix that emphasizes performance-based pay, low levels of perquisites and special benefits other than those that are business-related, formula-based annual incentive awards, performance-based restricted stock units, stock options, and share ownership guidelines.

The economic interests of the executive officers are aligned with those of shareholders through the opportunity for an accumulation of a significant equity stake, facilitated by LTEIP awards, RSUs, DSUs and stock options.

The Company's executive retention objectives are achieved at reasonable cost through the TPAs, the Supplemental Executive Retirement Plan, and competitive vesting schedules for RSUs, stock options and restricted stock awards.

The cost and dilution of equity award programs are reasonable in light of the Company's size, industry, and performance.

Table of Contents**Summary Compensation Table**

The table below summarizes the total direct compensation paid or earned by each of the executive officers of the Company whose name appear in the table (Named Executive Officers) for the fiscal year ended December 31, 2007. The Company has not entered into any employment agreements with any of the Named Executive Officers. When setting the total direct compensation for each of the Named Executive Officers, the Compensation Committee reviews total direct compensation which includes the executive s current cash compensation (base salary and annual incentive awards) and equity-based compensation.

Amounts listed under column (e), Non-Equity Incentive Plan Compensation were determined by the Compensation Committee at its March 6, 2008 meeting in accordance with previously approved financial and strategic goals established in January 2007. The awards were paid on March 14, 2008.

Based on the FMV of equity awards granted to Named Executive Officers in 2007 and the base salary of the Named Executive Officers, Salary accounted for approximately 30% of the total direct compensation of the Named Executive Officers. Because the table below reflects less than the full fiscal year salary for individuals who were not employed by the Company for the full fiscal year and because the value of certain equity awards included below is based on the amounts recognized in 2007 under FAS 123(R) rather than the fair value of shares granted in 2007, this percentage may not be able to be derived using the amounts reflected in the table below.

Notes:

- 1) The Named Executive Officers were not entitled to receive Bonus payments.
- 2) The amounts in columns (c) and (d) reflect the dollar amount recognized for financial statement reporting purposes for the fiscal year ended December 31, 2007, in accordance with FAS 123(R) for awards pursuant to the 1999 Incentive Compensation Plan and thus may include amounts from awards granted in and prior to 2007. Assumptions used in the calculation of these amounts are included in footnotes (1) and (17) to the Company's audited financial statements for the fiscal year ended December 31, 2007 which is included in the Company's Annual Report on Form 10-K

Table of Contents

filed with the Securities and Exchange Commission on March 12, 2008.

- 3) The amounts in column (e) reflect the cash awards to the Named Executive Officers paid under the AIP described on page 25 under the section Annual Incentive Plan.
- 4) The amounts in column (f) reflect the actuarial increase in the present value of the Named Executive Officer's accumulated benefit under all the pension plans established by the Company, determined using the interest rate and mortality rate assumptions consistent with those used in the Company's financial statements and including amounts which the Named Executive Officers may not currently be entitled to receive because such amounts are not vested. No earnings on nonqualified deferred compensation are considered above-market or preferential and, accordingly, no such earnings are reflected in this column.
- 5) The amount shown in column (g) reflects for each Named Executive Officer the payments described below:
 - (i) An auto allowance paid monthly to two of the Named Executive Officers. In 2007, Mr. Walker received \$13,000 and Mr. Spitzer received \$11,818.
 - (ii) The imputed income related to the automobiles owned by the company that are attributable to the personal use of the Named Executive Officers. All automobiles were purchased in 2006.
 - (iii) Any employee who waives medical coverage under the Company's medical plan receives a \$500 payment in lieu of the coverage. The payment may be received in cash or is contributed to the employee's flexible spending account. Ms. Cumiskey and Mr. Walker are the only Named Executive Officers who received this payment in 2007. The amounts in the table reflect partial year payment as appropriate.
 - (iv) Matching contributions allocated to each of the Named Executive Officers pursuant to the Company's 401(k) Savings Plan and the excess benefit under the Deferred Award Plan are described in the section titled "2007 Non-Qualified Deferred Compensation" on page 38. For 2007, the Named Executive Officers received an ERISA excess benefit in the following amounts: Mr. Shea, \$36,400; Mr. Walker, \$6,160; Mr. Penders, \$8,311; Ms. Cumiskey, \$10,250; and Mr. Spitzer, \$9,144.
 - (v) The cost to the Company of club memberships provided to Messrs. Shea and Penders. The annual cost for Mr. Shea was \$13,548 in 2007 and the annual cost for Mr. Penders was \$9,482 in 2007. Both of the clubs are used for business and personal purposes.

Notes:

- 1) Ms. Cummiskey and Mr. Spitzer are the only two Named Executive Officers who have met the age 55 and five years of service criteria and are eligible for early retirement.
- 2) This column reflects the name of the Plan.
- 3) The number of years of credited service under the Plan.
- 4) Actuarial present values are based on the same assumptions used to prepare the financial disclosure information under FAS 158 and include a 6% (5.75% last year) discount rate.
- 5) Amount of payments or benefits paid during the last completed fiscal year.

Table of Contents

The Pension Plan is a qualified defined benefit pension plan and provides for a retirement benefit equal to a percentage of average compensation to be paid upon termination of employment on or after normal retirement. Normal retirement means retirement on or after attainment of age 65. The percentage is equal to 1.25% times pre-2003 credited service plus .75% times post-2002 credited service. For Mr. Penders, the percentage is equal to 1.25% times credited service. Average compensation is defined as the average of the 5 highest consecutive years of compensation in the last 10 years of employment with the Company. Compensation includes base salary, annual cash incentive compensation and commissions but excludes all forms of special pay. The pension plan was amended as of December 31, 2007 to cease benefit accruals under the percentage of average compensation formula described above and to provide future benefit accruals under a cash balance design. Starting January 1, 2008, the Pension Plan will establish a cash balance account for each executive which will be credited with annual contribution credits equal to 3% of Compensation and investment credits equal to the 10-year Treasury Rate plus 25 basis points, such rate not to be less than 2% nor greater than 7%.

The Pension Plan provides for early retirement after attainment of age 55 and completion of 5 years of credited service (or 30 years of service if the executive was hired prior to November 1, 1989). Payments attributable to the pre-2008 accrued benefit that commence prior to age 65 are actuarially reduced to reflect early commencement. An executive whose employment is terminated prior to age 65 because of total and permanent disability may receive an actuarially reduced pension. If an executive terminates employment prior to age 65 and before completing three years of service, no benefit is payable from the Pension Plan. The Pension Plan also provides a death benefit to the beneficiary of an executive who dies after completing at least 5 years of service and prior to the commencement of payments under the Pension Plan. The death benefit is equal to 50% of the pre-2008 benefit the executive was entitled to receive at his date of death assuming the executive elected the 50% joint and survivor annuity option plus 100% of the post-2007 cash balance account balance. The death benefit is payable in a lump sum if the beneficiary is not the executive's spouse. Participants and spouse beneficiaries can elect optional forms of payment, including a lump sum, on an actuarially equivalent basis.

The SERP is an unfunded nonqualified defined benefit pension plan which was adopted in 1999. The objectives of the SERP are to provide pension credit for compensation that exceeds the limitations imposed by the Internal Revenue Code and to serve as a recruitment tool for mid-career hire executives in lieu of providing significant sign on bonuses and / or equity grants.

The SERP provides for a target benefit equal to 2.5% of average compensation times years of credited service (not greater than 20 years) to be paid upon retirement at normal retirement. Normal retirement means retirement after attainment of age 62 and completion of 5 years of credited service or completion of 30 years of service, regardless of age. Years of credited service may include up to 15 years of employment with a prior employer if approved by the Chairman and Chief Executive Officer of the Company. In 2004, the SERP was amended to provide that the actual number of years of prior employer service credited may not exceed the actual number of years the participant worked at the Company. Prior employer service is disregarded if an executive terminates employment prior to attainment of age 50. The Named Executive Officers that have been granted prior employer service are Mr. Shea (a maximum of 15 years), Mr. Walker (a maximum of 10 years), Ms. Cummiskey (a maximum of 15 years) and Mr. Spitzer (a maximum of 15 years). The portion of the Present Value of Accumulated Benefit in the table on page 36 attributable to the years of prior service credited for each of the named executive officers are for Mr. Shea \$663,463 (based on 5.8333 years of prior service credit); Mr. Walker \$82,247 (based on 1.250 years of prior service credit); Ms. Cummiskey \$656,532 (based on 9.167 years of prior service credit); and Mr. Spitzer \$467,254 (based on 6.666 years of prior service

Table of Contents

credit). Average compensation is defined as the average of the five (5) highest years of compensation in the last 10 years of employment with the Company. Compensation includes base salary plus annual cash incentive compensation determined on an accrual basis.

The actual SERP benefit is the excess of the target benefit over the sum of the Pension Plan benefit and the actuarial equivalent of the ratable portion of the prior employer's benefit for those executives who were granted prior employer service. The ratable portion is determined based on the ratio of the additional years of credited service needed to complete 20 years to the number of years of prior employer service granted. The SERP provides a reduced early pension benefit upon retirement after attainment of age 55 and the completion of 5 years of service. The target benefit, net of any prior employer benefits, is reduced 5% for each year retirement precedes age 62 and then is further reduced by the Pension Plan benefit. An executive who terminates employment after completing 5 years of credited service, but before attainment of age 55 is eligible for a reduced early retirement benefit commencing at age 55, however, any prior employer service is disregarded unless the Company terminates the executive without cause after attainment of age 50. The SERP also provides a pension benefit, commencing at normal retirement, in the event an executive, who has completed at least 5 years of credited service, becomes totally and permanently disabled, as defined in the qualified Pension Plan. The SERP pension benefit for a disabled executive is determined as of normal retirement based on his average compensation as of his date of disability with continued credited service granted to normal retirement. The SERP also provides a survivor benefit payable to the beneficiary of an executive who dies in active service or while permanently disabled. The benefit payable to the beneficiary is equal to 50% of the executive's average compensation as of his date of death reduced by the survivor benefit payable from the qualified Pension Plan and this amount is payable in 10 annual installments. The SERP contains a non-competition provision which requires the repayment of any benefits paid under the SERP as well as the forfeiture of any future payments to which the participant is entitled under the SERP if the participant enters into competition with the Company following retirement. For purposes of this provision, entering into competition includes the disclosure of confidential information, investment in a competing business, providing consulting assistance to a competing business, or serving as an officer or director of a competing business.

The SERP contains a change in control provision which provides that if an executive experiences a termination of employment within two years and six months after a change in control, the SERP will make a lump sum distribution of the accumulated supplemental pension benefit calculated assuming benefits commence at age 55. The change in control benefit includes any prior employer service previously granted by the Chairman and Chief Executive Officer of the Company.

2007 Non-qualified Deferred Compensation

The table below contains information about the DSUs credited under the Company's Long-term Performance Plan and Deferred Award Plan for each of the Named Executive Officers.

DSUs in this table represent the right to receive the same number of shares of common stock when the executive retires or terminates employment. A holder of these units may not vote them, but the Company credits him or her with the equivalent of any cash dividends paid on the common stock and converts that amount into additional units. These DSUs are comparable with those awarded under some circumstances to the Company's non-employee directors, as described on page 11 under the heading Compensation of Directors. The Compensation Committee awarded the DSUs shown in this table under two plans described below.

Long-Term Performance Plan. This plan was terminated December 31, 2005 and was replaced with the LTEIP described on page 27. Prior to December 31, 2005, each Named Executive Officer participating in the plan was permitted to

Table of Contents

elect to receive his or her individual award under the plan either in cash or in DSUs, but he or she must take DSUs for any additional award reflecting achievement in excess of the goals. The number of units in each award is 120% of the amount of the cash benefit subject to the deferral. Beginning in 2006, the LTEIP replaced the Long-Term Performance Plan and Deferred Award Plan.

Deferred Award Plan. This plan governs the deferral of other components of executive compensation, again in the form of DSUs. First, under the Company's AIP, any amount earned in excess of the target incentive award must be paid in the form of DSUs. Second, if the Internal Revenue Code does not permit the Company to take a tax deduction for a particular cash bonus payment, deferral of that payment is mandatory. In both cases, the plan provides that the executive will receive DSUs equivalent in value to 120% of the portion of his or her incentive award which is subject to deferral. Third, if a contribution the Company makes under the 401(k) Savings Plan for the benefit of a particular executive would exceed the limit imposed by the Employee Retirement Income Security Act (ERISA), then the Company makes only the allowable contribution to the executive's account and converts the balance into DSUs. In the latter case the Company's Excess ERISA Plan provides for income taxes on the disallowed portion by awarding DSUs equivalent to 140% of the amount by which the contribution would have exceeded the allowable limit.

In a case of financial hardship, the Compensation Committee has discretion to make an early distribution from an executive's account. The distribution in an appropriate case will be the minimum number of shares of the common stock sufficient to cover the hardship. The Compensation Committee also has discretion to revoke any award made under these incentive plans if an executive competes against the Company or discloses confidential information.

Termination Protection Agreements

The Company's continuing Named Executive Officers are entitled to certain payments 1) upon a change in control of the Company and 2) upon termination following a change in control of the Company. These payments are provided for under the TPAs, and as specified in the Company's 1999 Incentive Compensation Plan and accompanying award agreements.

The TPAs provide certain severance and other benefits if a covered executive's employment is terminated by the Company at any time within two years and six months following a change in control event without cause, or by the executive for good reason.

A change in control is generally defined in the TPA and in the 1999 Incentive Compensation Plan as any of the following:

a change in the composition of the Board of Directors such that the Board prior to such change in composition would no longer constitute at least a majority of the Board following the change in composition;

a determination of the Board of Directors in conjunction with the acquisition by any person of 10% or more of the voting power of the Company's outstanding securities;

any person becoming a beneficial owner of 33% or more of the voting power of the Company's outstanding securities; or

approval by the stockholders of the Company of the sale, liquidation or merger of the Company.

Good reason is generally defined as a diminution in the executives titles, duties, responsibilities, status or reporting relationship, the removal from or failure to re-elect to any positions held prior to the change in control, a reduction in base salary or target annual incentive award, a material reduction in employee or fringe benefits, or a change in place of employment to a location outside the New York metropolitan area.

Benefits provided under the TPAs include the following:

Two times the sum of the executive's base salary and target annual incentive award;

A pro rata target incentive award based on the portion of the plan year or performance cycle worked prior to the termination date;

An additional one year of service and age under any of the Company's pension plans;

Continuation of welfare (medical, dental, life insurance, disability insurance, and accidental death and dismemberment insurance) benefits for a period of up to two years (less if the executive commences full-time employment within the two year period); and

An additional amount to cover the payment by the executive of any excise taxes as well as any income and employment taxes on the additional amount.

The TPAs also provide for the immediate lapsing of exercise restrictions on outstanding stock options and of restrictions on sale of restricted stock or RSUs as of the date of a change in control.

In addition, the Company's 1999 Incentive Compensation Plan and relevant award agreements provide for:

Immediate lapsing of exercise restrictions on outstanding stock options upon a change in control;

Immediate lapsing of restrictions on sale of restricted shares; and

A determination that, for any awards subject to performance conditions, the performance conditions will be deemed to be met.

Certain Relationships and Related Transactions

The Company has a consulting agreement with Mr. Crosetto, a director nominee and former President of the Company. For more information, see "Compensation of directors" on page 11.

The Company has adopted a Related Party Transactions Policy which includes procedures for the review, approval and ratification of certain related party transactions. A copy of the Related Party Transactions Policy is available on our website (www.bowne.com). Under the policy, each related party transaction, and any material amendment or modification to a related party transaction, are reviewed and approved or ratified by the Nominating and Corporate Governance Committee, or, alternatively by any other committee of the Board of Directors composed solely of independent directors who are disinterested, or by the disinterested members of the Board of Directors. For any employment relationship or transaction involving an executive officer, any related compensation must be approved by the Compensation Committee, or approved by the Board of Directors upon the recommendation of the Compensation Committee for its approval. A related party must disclose to the General Counsel any proposed related party transaction of which that person is aware and disclose all material facts with respect thereto. The General Counsel will communicate such information to the Board and its committees in accordance with this policy.

Other Information

Proposals and nominations by stockholders.

Any stockholder may ask the Company to consider including a proposal in our proxy statement for the Annual Meeting in the year 2009. The proposal may be the nomination of a candidate for the Board of Directors, a by-law amendment or any other matter that is proper, under Delaware law. The Company will consider these proposals for inclusion in the Company's proxy materials for the Annual Meeting in the year 2009 only if they reach our executive offices by December 12, 2008, as further described below.

A stockholder's proposal must be in writing and must identify the proposer. In accordance with the Company's By-laws, a stockholder proposal must be received by the Company not earlier than 90 days nor later than 60 days in advance of the anniversary of the Company's previous annual meeting. If the date of the annual meeting occurs more than 30 days before or 60 days after the anniversary of the Company's previous annual meeting, stockholder proposals must be received no later than the close of business on the later of (i) the 60th day prior to such annual meeting and (ii) the 10th day following the date on which public announcement of the date of such meeting is first made. Proposals received after the time limit described above will be considered untimely. The nomination of a director candidate must also include written consent by the nominee that he or she will serve, if elected, as well as the information about both the candidate and the proposer which the rules and regulations of the Securities and Exchange Commission or the Exchange would require in a proxy statement relating to the election of that candidate.

All proposals and nominations should be addressed to our executive offices at 55 Water Street, New York, NY 10041, marked to the attention of Scott L. Spitzer, Senior Vice President, General Counsel and Corporate Secretary.

The Company has no notice that any stockholder will offer a nomination, by-law amendment or other proposal at the 2007 Annual Meeting.
