**Item 2.02. Results of Operations and Financial Condition.**

On July 29, 2009, United Rentals, Inc. issued a press release reporting its results of operations for the quarter ended June 30, 2009. A copy of the press release is being furnished with this report as Exhibit 99.1.

**Item 7.01. Regulation FD Disclosure.**

Certain information concerning our business, financial results and 2009 outlook that we expect to use at certain investor meetings and presentations can be accessed currently on our website, [www.ur.com](http://www.ur.com). Such presentation will be maintained on our website for at least the period of its use at such meetings and presentations or until superseded by more current information.

The presentation includes certain financial measures – free cash flow, earnings before interest, taxes, depreciation and amortization ( EBITDA ), adjusted EBITDA and adjusted earnings per share ( EPS ) – that are non-GAAP financial measures – as defined under the rules of the SEC. Free cash flow represents net cash provided by operating activities, less purchases of rental and non-rental equipment, plus proceeds from sales of rental and non-rental equipment and excess tax benefits from share-based payment arrangements. EBITDA represents the sum of (loss) income before (benefit) provision for income taxes, interest expense, net, interest expense-subordinated convertible debentures, depreciation-rental equipment, non-rental depreciation and amortization and stock compensation expense. Adjusted EBITDA represents EBITDA plus the restructuring charge. Adjusted EPS represents EPS plus the restructuring charge.

The presentation includes reconciliations of these non-GAAP financial measures to their nearest generally accepted accounting principles financial measures. The Company believes that: (i) free cash flow provides useful additional information concerning cash flow available to meet future debt service obligations and working capital requirements; (ii) EBITDA and adjusted EBITDA provide useful information about operating performance and period-over-period growth and (iii) adjusted EPS provides useful information concerning future profitability. However, none of these measures should be considered as alternatives to net income, cash flows from operating activities or earnings per share under GAAP as indicators of operating performance or liquidity.
