THE SCOTTS MIRACLE-GRO COMPANY

We trace our roots to two businesses launched by entrepreneurs. In 1868, Civil War veteran O.M. Scott started a seed business in Marysville, Ohio, based on the conviction that farmers shall have clean, weed-free fields. Beginning in 1907, The Scotts Company expanded its reach by selling grass seed to consumers and eventually exited the

agricultural market. By 1988 through innovation and acquisition The Scotts Company had become a leading marketer of lawn fertilizer, grass seed and growing media products within the United States.

Separately, Horace Hagedorn and his partner Otto Stern launched Stern's Miracle-Gro Products, Inc. in 1951 in New York. Their easy-to-use plant food quickly revolutionized the gardening category. Through innovative marketing, Miracle-Gro® eventually became the leading plant food product in the gardening industry. In 1995, The Scotts Company and Stern's Miracle-Gro Products, Inc. merged, marking the start of a significant evolution for us.

In the late 1990s, we launched both a geographic and a category expansion. We acquired companies with industry-leading brands in France, Germany and the United Kingdom. In fiscal 1999, we acquired the Ortho® brand in the United States and exclusive rights for the marketing and distribution of consumer

Table of Contents

Roundup® * brand products within the United States and other specified countries, thereby adding industry-leading weed, insect and disease control products to our portfolio. We expanded into the lawn care service industry with the launch of Scotts LawnService® in 1998. Since fiscal 2001, we have invested nearly \$125 million in acquisitions of local and regional lawn care businesses to provide a platform for rapid expansion throughout the United States. Most recently, we entered the North American wild bird food category in fiscal 2006 with the acquisition of Gutwein & Co., Inc. and its Morning Song® brand of bird food.

As we celebrate more than 100 years of selling products to consumers, we own the leading brands in nearly every category of the lawn and garden industry. A list of some of our North American leading consumer brands is as follows:

Category	Brands
Lawns	Scotts®; Turf Builder®
Gardens	Miracle-Gro®; Osmocote®; LiquaFeed®; Organic Choice®
Growing Media	Miracle-Gro®; Scotts®; Hyponex®; Earthgro®; SuperSoil®
Grass Seed	Scotts®; Turf Builder®
Controls	Ortho®; Home Defense Max®; Weed-B-Gon Max®; Roundup®*
Wild Bird Food	Morning Song®; Scotts Songbird Selections®

* Roundup® is a registered trademark of Monsanto Technology LLC, an affiliate of Monsanto Company.

In addition, we have the following significant brands in Europe: Miracle-Gro® plant fertilizers, Weedol® and Pathclear® herbicides, EverGreen® lawn fertilizers and Levington® growing media in the United Kingdom; KB® and Fertiligène® in France; Celaflor®, Nexa Lotte® and Substral® in Germany and Austria; and ASEF®, KB® and Substral® in Belgium, the Netherlands and Luxembourg. Roundup® is also a significant brand in the United Kingdom, France, Germany and other European markets.

Our principal executive offices are located at 14111 Scottslawn Road, Marysville, Ohio 43041, and our telephone number is (937) 644-0011. We maintain a website at www.scotts.com where general information about us is available. The information on our website is not a part of this prospectus or any applicable prospectus supplement.

Table of Contents

DESCRIPTION OF DEBT SECURITIES AND GUARANTEES OF DEBT SECURITIES

The following description discusses the general terms and provisions of the debt securities that we may offer under this prospectus and any related guarantees. The debt securities may be issued as senior debt securities or subordinated debt securities. The indebtedness represented by the senior debt securities will rank equally with all of our other unsecured and unsubordinated debt. The indebtedness represented by the subordinated debt securities will rank junior and be subordinate in right of payment to the prior payment in full of our senior debt, to the extent and in the manner set forth in the applicable prospectus supplement for the securities.

The senior debt securities and the subordinated debt securities will be issued under separate indentures between us and one or more U.S. banking institutions. The trustee for each series of our debt securities will be identified in the applicable prospectus supplement. We may refer to the indenture covering the senior debt securities as the senior indenture and the indenture covering the subordinated debt securities as the subordinated indenture. Together the senior indenture and the subordinated indenture are called indentures.

The forms of the indentures are filed as exhibits to the registration statement of which this prospectus is a part. The indentures are subject to and governed by the Trust Indenture Act of 1939, or the Trust Indenture Act, and may be supplemented or amended from time to time following their execution. Prior to issuing any debt securities, we will be required to select a trustee for the applicable indenture or indentures, qualify the trustee or trustees under the Trust Indenture Act and execute the applicable indenture or indentures.

The form of each indenture gives us broad authority to set the particular terms of each series of debt securities, including the right to modify certain of the terms contained in the indenture. The particular terms of a series of debt securities and the extent, if any, to which the particular terms of the issue modify the terms of the applicable form of indenture will be described in the prospectus supplement relating to such series of debt securities.

The following summary describes selected provisions of the indentures. This summary does not describe every aspect of the debt securities, the guarantees or the applicable indenture and is subject to, and qualified in its entirety by reference to, all the provisions of the applicable indenture, including the terms defined in the applicable indenture. We urge you to read the applicable indenture in its entirety. This summary is also subject to, and qualified in its entirety by reference to, the description of the particular debt securities and guarantees in the applicable prospectus supplement.

General

The indentures provide that we will be able to issue an unlimited aggregate principal amount of debt securities under each indenture, in one or more series, and in any currency or currency units. We are not required to issue all debt securities of one series at the same time and, unless otherwise provided, we may reopen a series, without the consent of the holders of the debt securities of that series, for issuances of additional debt securities of that series.

Prior to the issuance of each series of debt securities, the terms of the particular securities will be specified in a supplemental indenture or in one or more officer's certificates pursuant to a board resolution. We will describe in the applicable prospectus supplement the terms of the debt securities being offered, including:

the title, and the price at which we will sell, the offered debt securities;

whether the offered debt securities are senior debt securities or subordinated debt securities;

the aggregate principal amount of the offered debt securities;

the date or dates on which principal will be payable or how to determine such date or dates;

the rate or rates or method of determination of interest;

the date from which interest will accrue;

Table of Contents

the dates on which interest will be payable and any record dates for the interest payable on the interest payment dates;

the place of payment on the offered debt securities;

any obligation or option we have to redeem, purchase or repay the offered debt securities, or any option of the registered holder to require us to redeem or repurchase offered debt securities, and the terms and conditions upon which the offered debt securities will be redeemed, purchased or repaid;

the currency or currencies, including composite currencies or currency units, in which payment of the principal of (or premium, if any) or interest, if any, on any of the offered debt securities will be payable if other than the currency of the United States;

any index, formula or other method used to determine the amount of principal, premium, if any, or interest;

the terms and conditions upon which payment on the offered debt securities may change;

whether the offered debt securities are defeasible;

any addition to or change in the events of default;

any addition to or change in the covenants in the applicable indenture;

whether the offered debt securities will be guaranteed;

the terms of any right to convert the offered debt securities into common shares; and

any other terms of the offered debt securities not inconsistent with the provisions of the applicable indenture.

If the offered debt securities are denominated in whole or in part in any currency other than U.S. dollars, if the principal of (and premium, if any) or interest, if any, on the offered debt securities are to be payable in a currency or currencies other than that in which the debt securities are to be payable, or if any index is used to determine the amount of payments of principal of (and premium, if any) or interest on any series of the debt securities, material federal income tax, accounting and other considerations applicable thereto will be described in the applicable prospectus supplement.

If so provided in the applicable prospectus supplement, we may issue our debt securities at a discount below their principal amount and pay less than the entire principal amount of our debt securities upon declaration of acceleration of their maturity. The applicable prospectus supplement will describe all material federal income tax and other considerations applicable to any such original issue discount securities.

The general provisions of the form indentures do not contain any provisions that would limit our ability or the ability of our subsidiaries to incur indebtedness or that would afford holders of our debt securities protection in the event of a highly leveraged or similar transaction involving us or any of our subsidiaries. Please refer to the applicable prospectus supplement for information with respect to any deletions from, modifications of or additions to, the events of default described below that are applicable to the offered debt securities or any covenants or other provisions providing event risk or similar protection.

Payment

Unless we state otherwise in the applicable prospectus supplement, we will pay interest on a debt security on each interest payment date to the person in whose name the debt security is registered as of the close of business on the regular record date relating to the interest payment date.

Unless we state otherwise in the applicable prospectus supplement, we will pay principal of and any premium on the debt securities at stated maturity, upon redemption or otherwise, upon presentation of the debt securities at the office of the applicable trustee, as our paying agent, or at other designated places. Any other paying agent initially designated for the debt securities of a particular series will be identified in the applicable prospectus supplement.

Table of Contents

Form, Transfers and Exchanges

The debt securities of each series will be issued only in fully registered form, without interest coupons. Unless we state otherwise in the applicable prospectus supplement, the debt securities will be issued in denominations of \$2,000 each or integral multiples of \$1,000 in excess thereof.

Subject to the terms of the applicable indenture and the limitations applicable to global securities, you may exchange or transfer debt securities at the corporate trust office of the trustee or at any other office or agency maintained by us for that purpose, without the payment of any service charge, except for any tax or governmental charge.

Global Securities

The debt securities of any series may be issued, in whole or in part, by one or more global certificates that will be deposited with the depository identified in the applicable prospectus supplement.

No global security may be exchanged in whole or in part for the debt securities registered in the name of any person other than the depository for that global security or any nominee of that depository except in the following circumstances or as otherwise provided in the applicable prospectus supplement. The depository may discontinue providing its services as depository with respect to the securities at any time by giving reasonable notice to us or the applicable trustee. Under such circumstances, in the event that a successor depository is not obtained, certificates are required to be printed and delivered. In addition, we may decide to discontinue use of the system of book-entry-only transfers through a depository. In that event, certificates will be printed and delivered to the depository.

Unless otherwise stated in any prospectus supplement, The Depository Trust Company, or DTC, will act as depository. Beneficial interests in global certificates will be shown on, and transfers of global certificates will be effected only through records maintained by DTC and its participants.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, an event of default occurs with respect to debt securities of any series if:

we default for 30 days in the payment when due of interest upon any debt security of such series;

we default in the payment when due of the principal of or premium, if any, on any debt security of such series at its maturity;

we default in the deposit of any sinking fund payment, when and as due by the terms of any debt security of such series;

we default in the observance or performance of any other covenant or agreement contained in the applicable indenture which default continues for a period of 60 days after we receive written notice specifying the default (and demanding that such default be remedied) from the applicable trustee or the holders (with a copy to the applicable trustee) of at least 25% of the outstanding principal amount of the debt securities of such series;

certain events of bankruptcy, insolvency, receivership or reorganization with respect to us occur; or

any other event of default provided with respect to debt securities of such series occurs.

No event of default with respect to a series of debt securities necessarily constitutes an event of default with respect to the debt securities of any other series issued under the indentures.

Each indenture requires us to provide an officers' certificate to the applicable trustee promptly upon any such officer obtaining knowledge of any default or event of default that has occurred and, if applicable, describe such default or event of default and the status thereof. Each indenture requires us to file annually with the applicable trustee an officers' certificate as to our compliance with all conditions and covenants under the applicable indenture. Each indenture provides that the applicable trustee may withhold notice to the

Table of Contents

holders of a series of debt securities of any default, except payment defaults on those debt securities, if it considers such withholding to be in the interest of the holders of that series of debt securities.

If an event of default occurs and is continuing with respect to any series of debt securities, then either the applicable trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of that series may declare the principal amount, or, if any debt securities of that series are original issue discount securities, that portion of the principal amount of those original issue discount securities as may be specified in the terms of those original issue discount securities, of all of the debt securities of that series to be due and payable immediately, by a notice in writing to us, and to the applicable trustee if given by the holders, and upon any such declaration that principal amount, or specified amount, plus accrued and unpaid interest, and premium, if any, will become immediately due and payable. Upon payment of that amount in the currency in which the debt securities are denominated (except as otherwise provided in the applicable indenture or the applicable prospectus supplement), all of our obligations in respect of the payment of principal of the debt securities of that series will terminate.

After a declaration of acceleration has been made and before the trustee has obtained a judgment or decree for payment of the money due on any series of debt securities, the holders of not less than a majority in aggregate principal amount of the outstanding debt securities of that series, by written notice to us and the applicable trustee, may rescind and annul the declaration and its consequences, subject to any terms or conditions specified in the applicable prospectus supplement.

If an event of default results from bankruptcy, insolvency or reorganization, the principal amount of all the debt securities of a series, or that portion of the principal amount of such debt securities as may be specified in the applicable prospectus supplement, will automatically become immediately due and payable.

Subject to the provisions of each indenture relating to the duties of the applicable trustee, in case an event of default with respect to our debt securities of a particular series occurs and is continuing, the applicable trustee will be under no obligation to exercise any of its rights or powers under that indenture at the request, order or direction of any of the holders of debt securities of that series, unless the holders have offered to the applicable trustee reasonable security or indemnity against the costs, expenses and liabilities which might be incurred by it in complying with such request or direction. Subject to the provisions for the indemnification of the applicable trustee, the holders of a majority in principal amount of the outstanding debt securities of that series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the applicable trustee under the applicable indenture, or exercising any trust or power conferred on the applicable trustee with respect to the debt securities of that series.

Merger or Consolidation

Each indenture provides that we may not consolidate with or merge or wind up into any other entity, whether or not we are the surviving entity, and that we may not sell, assign, convey, transfer or lease our properties and assets substantially as an entirety to any person, unless:

the entity formed by the consolidation or into which we are merged, or the person which acquires us or which leases our properties and assets substantially as an entirety, is an entity organized and existing under the laws of the United States or any State or territory of the United States or the District of Columbia, and expressly assumes, by supplemental indenture, the due and punctual payment of the principal of (and premium, if any) and interest on all the outstanding debt securities and the performance of all of our covenants under the applicable indenture;

immediately after giving effect to such transaction, no event of default under the applicable indenture, and no event which after notice or lapse of time or both would become an event of default, has happened and is

continuing; and

all other conditions specified in the applicable prospectus supplement are met.

Table of Contents

Modification or Waiver

Without prior notice to or the consent of any holders, we and the applicable trustee may modify the applicable indenture for any of the following purposes:

to cure any ambiguity, defect or inconsistency;

to provide for uncertificated debt securities of a particular series in addition to or in place of certificated debt securities of such series;

to provide for the assumption of our obligations to holders of debt securities in the case of a merger or consolidation or sale of all or substantially all of our assets;

to make any change that would provide any additional rights or benefits to the holders of debt securities or that does not adversely affect in any material respect the legal rights under the applicable indenture of any such holder;

to add any person as a guarantor;

to comply with any requirements of the SEC in order to effect or maintain the qualification of the applicable indenture under the Trust Indenture Act;

to remove a guarantor which, in accordance with the terms of the applicable indenture, ceases to be liable in respect of its guarantee;

to evidence and provide for the acceptance of appointment under the applicable indenture by a successor trustee;

to secure all of the debt securities of a particular series;

to add to the covenants of us or any guarantor for the benefit of the holders or to surrender any right or power conferred upon us or any guarantor; or

to establish the form or terms of debt securities of any series as permitted by the terms of such indenture.

We and the applicable trustee may, with some exceptions, amend or modify either indenture with the consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of all series affected by the amendment or modification. However, no amendment or modification may, without the consent of the holder of each outstanding debt security affected thereby:

reduce the principal amount of debt securities of such a series whose holders must consent to an amendment, supplement or waiver, including the waiver of defaults or events of default, or to a rescission and cancellation of a declaration of acceleration of the debt securities;

reduce the rate of or change or have the effect of changing the time for payment of interest, including defaulted interest, on the debt securities of such a series;

reduce the principal of or change or have the effect of changing the fixed maturity of such debt securities, or change the date on which such debt securities may be subject to redemption, or reduce the redemption price therefor;

make such debt securities payable in money other than that stated in such debt securities;

make any change in the provisions of the applicable indenture protecting the right of each holder to receive payment of principal of and interest on such debt securities on or after the due date thereof or to bring suit to enforce such payment;

waive a default in the payment of principal of or interest on any such debt securities; *provided* that this clause shall not limit the right of the holders of a majority in aggregate principal amount of the outstanding debt securities of such series to rescind and cancel a declaration of acceleration of such debt securities following delivery of an acceleration notice as described under Events of Default ;

Table of Contents

make any change in the provisions of the applicable indenture described in this Modification or Waiver section;

contractually subordinate such debt securities (or any related guarantees) to any other indebtedness;

conflict with the required provisions of the Trust Indenture Act; or

modify any of the foregoing provisions of the applicable indenture, except to increase any such percentage or to provide that certain other provisions of the applicable indenture cannot be modified or waived without the consent of the holder of each outstanding debt security of each series affected thereby.

A modification which changes or eliminates any provision of an indenture expressly included solely for the benefit of holders of debt securities of one or more particular series or modifies the holders' rights will be deemed not to affect the rights under the indenture of the registered holders of debt securities of any other series.

Each of the indentures provides that the holders of not less than a majority in aggregate principal amount of the then outstanding debt securities of any series, by notice to the relevant trustee, may on behalf of the holders of the debt securities of that series waive any default or event of default and its consequences under the applicable indenture, except:

a continuing default or event of default in the payment of the principal of (and premium, if any) or interest on any such debt security held by a non-consenting holder; or

a default in respect of a covenant or provision of the indenture which cannot be modified or amended without the consent of the holder of each outstanding debt security of each series affected.

Legal Defeasance and Covenant Defeasance

The applicable indenture with respect to the debt securities of any series may be discharged, subject to the terms and conditions as specified in the applicable prospectus supplement, when either:

all the debt securities of such series theretofore authenticated and delivered (except lost, stolen or destroyed debt securities of such series which have been replaced or paid and debt securities of such series for whose payment money has theretofore been deposited in trust or segregated and held in trust by us and thereafter repaid to us as provided in the applicable indenture) have been delivered to the registrar for cancellation, and

we have paid all sums payable under the applicable indenture by us, and

we have delivered to the applicable trustee an officers' certificate and an opinion of counsel stating that all conditions precedent under the applicable indenture relating to the satisfaction and discharge of such indenture have been complied with; or

we shall have given notice of redemption of all of the debt securities of such series, all of the debt securities of such series shall have otherwise become due and payable or all of the debt securities of such series will become due and payable, or may be called for redemption, within one year, and

we have irrevocably deposited or caused to be deposited with the applicable trustee or another trustee funds, in trust solely for the benefit of the holders of debt securities of such series, U.S. legal tender,

U.S. government obligations or a combination thereof, in such amounts as will be sufficient (without consideration of any reinvestment of interest) to pay and discharge the entire indebtedness (including all principal and accrued interest) on the debt securities of such series not theretofore delivered to the applicable trustee for cancellation, together with irrevocable instructions from us directing the applicable trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;

Table of Contents

no default or event of default shall have occurred and be continuing on the date of such deposit or shall occur as a result of such deposit and such deposit will not result in a breach or violation of or default under any other instrument to which we are a party or by which we are bound;

we have paid all other sums payable under the applicable indenture; and

we have delivered to the applicable trustee an officers certificate and an opinion of counsel stating that all conditions precedent under the applicable indenture relating to the satisfaction and discharge of the applicable indenture have been complied with.

In addition, each series of debt securities may provide additional or different terms or conditions for the discharge or defeasance of some or all of our obligations as may be specified in the applicable prospectus supplement.

If provision is made for the defeasance of debt securities of a series, and if the debt securities of that series are registered securities and denominated and payable only in U.S. dollars, then the provisions of each indenture relating to defeasance will be applicable except as otherwise specified in the applicable prospectus supplement for debt securities of that series. Defeasance provisions, if any, for debt securities denominated in a foreign currency or currencies may be specified in the applicable prospectus supplement.

We may, at our option and at any time, elect to have all of our obligations discharged with respect to the outstanding debt securities of a series and all obligations of any guarantors discharged with respect to their guarantees (Legal Defeasance) except for:

the rights of holders of such outstanding debt securities to receive payments in respect of the principal of, premium, if any, and interest on such debt securities when such payments are due from the trust referred to below;

our obligations with respect to such debt securities concerning issuing temporary debt securities, registration of debt securities, mutilated, destroyed, lost or stolen debt securities and the maintenance of an office or agency for payment and money for security payments held in trust;

the rights, powers, trusts, duties and immunities of the applicable trustee, and our obligations in connection therewith; and

the Legal Defeasance provisions of the applicable indenture.

In addition, we may, at our option and at any time, elect to have our obligations and the obligations of any guarantors released with respect to certain covenants that are described in the applicable indenture (Covenant Defeasance) and thereafter any omission to comply with those covenants shall not constitute a default or event of default with respect to the outstanding debt securities of a series. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under Events of Default will no longer constitute an event of default with respect to such debt securities.

In order to exercise either Legal Defeasance or Covenant Defeasance:

we must irrevocably deposit with the applicable trustee, in trust, for the benefit of the holders of such debt securities, cash in U.S. dollars, U.S. government obligations, or a combination thereof, in such amounts as will be sufficient (without consideration of any reinvestment of interest), in the opinion of a nationally recognized

firm of independent public accountants, to pay the principal of, premium, if any, and interest on the outstanding debt securities on the stated maturity or on the applicable redemption date, as the case may be, and we must specify whether such debt securities are being defeased to maturity or to a particular redemption date;

in the case of Legal Defeasance, we must have delivered to the applicable trustee an opinion of counsel reasonably acceptable to such trustee confirming that (1) we have received from, or there has been published by, the Internal Revenue Service a ruling or (2) since the date of the applicable indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and

Table of Contents

based thereon such opinion of counsel shall confirm that, the holders of such outstanding debt securities will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

in the case of Covenant Defeasance, we must have delivered to the applicable trustee an opinion of counsel reasonably acceptable to such trustee confirming that the holders of such outstanding debt securities will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

no default or event of default shall have occurred and be continuing either (1) on the date of such deposit (other than a default or event of default resulting from the borrowing of funds to be applied to such deposit) or (2) insofar as events of default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 91st day after the date of deposit;

such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under the applicable indenture or any material agreement or instrument to which we or any of our subsidiaries is a party or by which we or any of our subsidiaries is bound (other than any such default under the applicable indenture resulting solely from the borrowing of funds to be applied to such deposit);

we must have delivered to the applicable trustee an opinion of counsel to the effect that after the 91st day following the deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally;

we must deliver to the applicable trustee an officers' certificate stating that the deposit was not made by us with the intent of preferring the holders of such debt securities over our other creditors with the intent of defeating, hindering, delaying or defrauding our creditors or others;

we must deliver to the applicable trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

certain other customary conditions precedent are satisfied.

Senior Debt Securities

The senior debt securities will be unsecured senior obligations and will rank equally with all other senior unsecured and unsubordinated debt. The senior debt securities will, however, be subordinated in right of payment to all of our secured indebtedness to the extent of the value of the assets securing that indebtedness. Except as provided in the senior indenture or specified in any authorizing resolution or supplemental indenture relating to a series of senior debt securities to be issued, no senior indenture will limit the amount of additional indebtedness that may rank equally with the senior debt securities or the amount of indebtedness, secured or otherwise, that may be incurred or preferred shares that may be issued by any of our subsidiaries.

Subordination

If our assets are distributed upon our dissolution, winding up, liquidation or reorganization, the payment of the principal of (and premium, if any) and interest on any subordinated debt securities will be subordinated in right of

payment, to the extent provided in the subordinated indenture and the applicable prospectus supplement, to the prior payment in full of all senior indebtedness, including senior debt securities. However, our obligation to pay the principal of (and premium, if any) or interest on the subordinated debt securities will not otherwise be affected. Unless otherwise stated in the applicable prospectus supplement, payment on account of principal (or premium, if any), sinking funds or interest on the subordinated debt securities may not be made at any time when there is a default in the payment of the principal, premium, if any, sinking funds, interest or certain other obligations on senior indebtedness. In addition, the prospectus supplement for any

Table of Contents

series of subordinated debt securities may provide that payments of the principal of (or premium, if any) or interest on the subordinated debt securities may be delayed or not paid under specified circumstances and periods. If, while we are in default on senior indebtedness, any payment is received by the trustee under the subordinated indenture or the holders of any of the subordinated debt securities before we have paid all senior indebtedness in full, the payment or distribution must be paid over to the holders of the unpaid senior indebtedness or applied to the repayment of the unpaid senior indebtedness. Subject to paying the senior indebtedness in full, the holders of the subordinated debt securities will be subrogated to the rights of the holders of the senior indebtedness to the extent that payments are made to the holders of senior indebtedness out of the distributive share of the subordinated debt securities.

Due to the subordination, if our assets are distributed upon insolvency, some or all of our general creditors may recover more, ratably, than holders of subordinated debt securities. The subordinated indenture or applicable supplemental indenture may state that its subordination provisions will not apply to money and securities held in trust under the satisfaction and discharge and the legal defeasance provisions of the subordinated indenture.

If this prospectus is being delivered in connection with the offering of a series of subordinated debt securities, the applicable prospectus supplement or the information incorporated by reference in it will specify the approximate amount of senior indebtedness outstanding as of a recent date and any limitations on the issuance of additional senior indebtedness (or that there is not such limitation). Senior indebtedness with respect to any series of subordinated debt securities will have the meaning specified in the applicable prospectus supplement for that series.

Conversion Rights

The terms and conditions of any debt securities being offered that are convertible into our common shares will be described in the applicable prospectus supplement. These terms will include the conversion price, the conversion period, provisions as to whether conversion will be mandatory or at the option of the holder or us, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event that the debt securities are redeemed.

Corporate Existence

Subject to the terms of the applicable indenture, we will do or cause to be done all things necessary to preserve and keep in full force and effect our corporate existence, charter and statutory rights and franchises; provided, however, that we will not be required to preserve any right or franchise if we determine that the preservation thereof is no longer desirable in the conduct of our business.

Guarantees of Debt Securities

Any debt securities may be guaranteed by one or more of our direct or indirect subsidiaries. Each prospectus supplement will describe any guarantees of debt securities for the benefit of the series of debt securities to which it relates.

Governing Law

The indentures and our debt securities and any guarantees of our debt securities will be governed by, and construed in accordance with, the law of the State of New York.

DESCRIPTION OF CAPITAL STOCK

The following summary describes the material features of our capital stock. This summary does not describe every aspect of our capital stock and is subject to, and qualified in its entirety by reference to, all the provisions of our amended articles of incorporation and code of regulations, each of which is filed as an exhibit to the registration statement of which this prospectus is a part, and the applicable provisions of Ohio law.

Table of Contents

Authorized Capital Stock

Our authorized capital stock consists of 100,000,000 common shares, without par value, and 195,000 preferred shares, without par value. As of January 4, 2010, there were (1) 66,240,081 common shares issued and outstanding, and (2) no preferred shares issued and outstanding.

Common Shares

Holders of our common shares are entitled to:

one vote for each share held;

receive dividends when and if declared by our board of directors from funds legally available therefor, subject to the rights of holders of our preferred shares, if any, and any restrictions contained in our long-term indebtedness; and

share ratably in our net assets, legally available to our shareholders in the event of our liquidation, dissolution or winding up, after provision for distribution to the holders of any preferred shares and to the payment in full of all amounts required to be paid to creditors or provision for such payment.

Holders of our common shares have no preemptive, subscription, redemption, conversion or cumulative voting rights. Our outstanding common shares are, and any common shares that we issue pursuant to this prospectus and a prospectus supplement will be, when issued, fully paid and nonassessable.

Preferred Shares

Under our amended articles of incorporation, our board of directors is authorized to issue, without any further vote or action by our shareholders, subject to certain limitations prescribed by Ohio law and the rules and regulations of the NYSE, up to an aggregate of 195,000 preferred shares in one or more series. Our board of directors is also authorized to fix or change the rights, preferences and limitations of each series, including the division of such shares into series and the designation and authorized number of each series, dividend and distribution rights, liquidation rights, preferences and price, redemption rights and price, sinking fund requirements, voting rights, preemptive rights, conversion rights and restrictions on issuance of shares. Absent a determination by the board of directors to establish different voting rights, holders of preferred shares are entitled to one vote per share on matters to be voted upon by the holders of common shares and preferred shares voting together as a single class. Ohio law also entitles the holders of preferred shares to exercise a class vote on certain matters.

Our board of directors will fix the rights, preferences and limitations of each series of preferred shares that we sell under this prospectus and any applicable prospectus supplement in a certificate of amendment to our amended articles of incorporation. We will file as an exhibit to the registration statement of which this prospectus is a part, or incorporate by reference therein from another report that we file with the SEC, the form of any certificate of amendment to our amended articles of incorporation that describes the terms of the series of preferred shares that we are offering before the issuance of the related series of preferred shares. We will also describe in the applicable prospectus supplement the terms of the series of preferred shares being offered.

Our board of directors may authorize the issuance of preferred shares with voting or conversion rights that could adversely affect the voting power or other rights of the holders of our common shares. The issuance of preferred shares could have the effect of decreasing the market price of our common shares. The issuance of preferred shares also could have the effect of delaying, deterring or preventing a change in control of the Company without further

action by our shareholders. When we issue preferred shares under this prospectus and a prospectus supplement, such preferred shares will be fully paid and nonassessable.

Table of Contents

Anti-Takeover Effects of Articles of Incorporation, Code of Regulations and Ohio Law

Certain provisions in our amended articles of incorporation and code of regulations and the Ohio Revised Code could discourage potential takeover attempts and make attempts by shareholders to change management more difficult. These provisions could adversely affect the market price of our shares.

Classified Board of Directors

Our board of directors is divided into three classes, with three-year staggered terms. This classification system increases the difficulty of replacing a majority of the directors at any one time and may tend to discourage a third-party from making a tender offer or otherwise attempting to gain control of us. It also may maintain the incumbency of our board of directors. Under the Ohio General Corporation Law, shareholders may not remove any directors on a classified board of directors without cause.

Supermajority Voting Provisions

Under the Ohio General Corporation Law, in the case of most mergers, sales of all or substantially all the assets of a corporation and amendments to a corporation's articles of incorporation, the affirmative vote of two-thirds of the voting power of the corporation is required unless the corporation's articles of incorporation provide for a lower amount not less than a majority. Our amended articles of incorporation change the default voting requirement provided by the Ohio General Corporation Law to a majority of the voting power, except that the affirmative vote of two-thirds of the voting power is required with respect to any of the following:

proposed amendments to the supermajority voting provision in our amended articles of incorporation;

an agreement of merger or consolidation providing for the proposed merger or consolidation of us with or into one or more other corporations and requiring shareholder approval;

a proposed combination or majority share acquisition involving the issuance of our shares and requiring shareholder approval;

a proposal to sell, exchange, transfer or otherwise dispose of all, or substantially all, of our assets, with or without goodwill; and

a proposed dissolution of us.

Limited Shareholder Action by Written Consent

The Ohio General Corporation Law requires that an action by written consent of the shareholders in lieu of a meeting be unanimous, except that the code of regulations may be amended by an action by written consent of holders of shares entitling them to exercise two-thirds of the voting power of the corporation or, if the articles of incorporation or code of regulations otherwise provide, such greater or lesser amount, but not less than a majority. This provision may have the effect of delaying, deferring or preventing a tender offer or takeover attempt that a shareholder might consider to be in its best interest.

Control Share Acquisition Act

The Ohio General Corporation Law provides that certain notice and informational filings, and special shareholder meeting and voting procedures, must occur prior to any person's acquisition of an issuer's shares that would entitle the

acquirer to exercise or direct the voting power of the issuer in the election of directors within any of the following ranges:

one-fifth or more but less than one-third of such voting power;

one-third or more but less than a majority of such voting power; and

a majority or more of such voting power.

Table of Contents

This provision, which is known as the Control Share Acquisition Act, does not apply to a corporation if its articles of incorporation or code of regulations so provide. We have not opted out of the application of the Control Share Acquisition Act.

Merger Moratorium Statute

Chapter 1704 of the Ohio Revised Code, the Merger Moratorium Statute, generally addresses a wide range of business combinations and other transactions (including mergers, consolidations, asset sales, loans, disproportionate distributions of property and disproportionate issuances or transfers of shares or rights to acquire shares) between an Ohio corporation and an Interested Shareholder (as such term is defined in Section 1704.01 of the Ohio Revised Code) who, alone or with others, may exercise or direct the exercise of at least 10% of the voting power of the corporation in the election of directors. The Merger Moratorium Statute prohibits such transactions between the corporation and the Interested Shareholder for a period of three years after a person becomes an Interested Shareholder, unless, prior to such date, the directors approved either the business combination or other transaction or approved the acquisition that caused the person to become an Interested Shareholder.

Following the three-year moratorium period, the corporation may engage in the covered transaction with the Interested Shareholder only if:

the transaction receives the approval of the holders of shares entitling them to exercise at least two-thirds of the voting power of the corporation in the election of directors or the approval of the holders of a majority of the voting shares held by persons other than an Interested Shareholder; or

the remaining shareholders receive an amount for their shares equal to the higher of the highest amount paid in the past by the Interested Shareholder for the corporation's shares or the amount that would be due to the shareholders if the corporation were to dissolve.

The Merger Moratorium Statute does not apply to a corporation if its articles of incorporation or code of regulations so provide. We have not opted out of the application of the Merger Moratorium Statute.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase debt securities, common shares or preferred shares. We may issue warrants independently or together with any other securities we offer pursuant to a prospectus supplement and the warrants may be attached to or separate from the securities. We will issue each series of warrants under a separate warrant agreement that we will enter into with a bank or trust company, as warrant agent.

We will describe in the applicable prospectus supplement the terms of the warrants being offered and the applicable warrant agreement, including:

the title of the warrants;

the aggregate number of the warrants;

the price or prices at which the warrants will be issued;

any securities sold together with the warrants;

the currencies in which the price or prices of the warrants may be payable;

the designation, amount and terms of the securities issuable upon exercise of the warrants and the procedures and conditions relating to the exercise of the warrants;

the designation and terms of any related securities with which the warrants will be issued, and the number of warrants that will be issued with each security;

the date, if any, on and after which the warrants and the related securities will be separately transferable;

Table of Contents

the price at which the securities purchasable upon exercise of the warrants may be purchased;

the date on which the right to exercise the warrants will commence, and the date on which the right will expire;

the maximum or minimum number of warrants which may be exercised at any time;

a discussion of material federal income tax considerations applicable to the exercise of the warrants; and

any other material terms of the warrants, including terms, procedures and limitations relating to the transferability, exchange, exercise or redemption of the warrants.

The description of the warrants in this prospectus is a summary of the material provisions that will appear in the applicable warrant agreement. This description does not include all of the terms of the applicable warrant agreement and does not contain all of the information that you may find useful. We will describe the terms of any warrants and the applicable warrant agreement in more detail in the applicable prospectus supplement. We urge you to read the applicable documents because they, and not our summaries and descriptions, will define your rights as holders of the warrants. The form of the applicable warrant agreement (including the form of the warrant) will be filed with the SEC promptly after the offering of warrants and will be available as described under the heading **Where You Can Find More Information** below.

DESCRIPTION OF PURCHASE CONTRACTS AND PURCHASE UNITS

We may issue purchase contracts obligating holders to purchase from us, and us to sell to the holders, our securities at a future date or dates. The purchase contracts may require us to make periodic payments to the holders of purchase contracts. These payments may be unsecured or prefunded on a basis to be specified in the prospectus supplement relating to the purchase contracts. The purchase contracts may be issued separately or as part of purchase units consisting of a purchase contract and an underlying security that is pledged by the holder of a purchase contract to secure its obligations under the purchase contract.

We will describe in the applicable prospectus supplement the terms of the purchase contracts and/or purchase units being offered, including:

the amount that a holder will be obligated to pay under the purchase contract, or the formula by which such amount shall be determined;

the settlement date or dates on which the holder will be obligated to purchase the securities, and the conditions, if any, under which the settlement date may occur on an earlier date;

the events, if any, that will cause our obligations and the obligations of the holder under the purchase contract to terminate;

the settlement rate, which will determine the number of shares or other securities to be purchased, which may be determined by a formula, which may be based on the market price of our common shares or preferred shares over a specified period or determined by reference to other factors;

whether the purchase contracts will be issued separately or as part of units consisting of a purchase contract and an underlying security, which would be pledged by the holder to secure its obligations under a purchase contract;

the type of underlying security, if any, that is pledged by the holder to secure its obligations under a purchase contract;

the terms of any pledge or depository arrangements relating to any underlying securities, including the terms on which distributions or payments of interest and principal on any underlying securities will be retained by a collateral agent, delivered to us or distributed to the holder; and

Table of Contents

the amount of the contract fee, if any, that may be payable by us to the holder or by the holder to us, the terms of payment and any provisions for deferral of payment (the contract fee may be a percentage of the stated amount of the purchase contract or determined by other factors).

The description of the purchase contracts, purchase units and any applicable underlying security or pledge or depository arrangements in this prospectus is a summary of the material provisions that will appear in the applicable documents. This description does not include all of the terms of those documents and does not contain all of the information that you may find useful. We will describe the terms of any purchase contracts or purchase units in more detail in the applicable prospectus supplement. We urge you to read the applicable documents because they, and not our summaries and descriptions, will define your rights as holders of the purchase contracts or purchase units. The forms of the relevant documents will be filed with the SEC promptly after the offering of purchase contracts or purchase units and will be available as described under the heading **Where You Can Find More Information** below.

PLAN OF DISTRIBUTION

We may sell any of the securities being offered by this prospectus in any one or more of the following ways from time to time:

to or through underwriters;

to or through dealers;

through agents;

directly to purchasers;

through any combination of these methods of sale; or

through any other methods described in a prospectus supplement.

The prospectus supplement with respect to the securities being offered will describe the specific plan of distribution and the terms of the offering, including:

the name or names of any underwriters, dealers or agents;

the purchase price of the securities and the proceeds we will receive from the sale;

any underwriting discounts, selling commissions, agency fees or other items constituting underwriters', dealers' or agents' compensation;

any initial public offering price;

any discounts or concessions allowed or reallocated or paid to dealers or agents; and

any securities exchanges on which the securities may be listed.

Underwriters

Securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. If we use underwriters, we will execute an underwriting agreement with those underwriters relating to the securities that we will offer. Unless we state otherwise in the applicable prospectus supplement, the obligations of the underwriters to purchase these securities will be subject to certain conditions and the underwriters will be obligated to purchase all of the offered securities if any are purchased.

The underwriters will acquire the securities for their own account and may resell the securities from time to time in one or more transactions at a fixed public offering price, at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallowed or paid to dealers.

Table of Contents

Dealers

If we use dealers in a sale, unless otherwise specified in the applicable prospectus supplement, we will sell the securities to the dealers as principals. The dealers may then resell such securities to the public at varying prices that they determine at the time of resale.

Agents

If we use agents in a sale, unless otherwise specified in the applicable prospectus supplement, the agents will act on a best efforts basis to solicit purchases for the period of their appointment.

Compensation

In connection with the sale of our securities, underwriters or agents may receive compensation from us or from purchasers of securities for whom they may act as agents in the form of discounts, concessions or commissions. Underwriters may sell securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters or commissions from the purchasers for whom they may act as agents. (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement

as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract for sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrants pursuant to the foregoing provisions, or otherwise, the registrants have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by a registrant of expenses incurred or paid by a director, officer or controlling person of such registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrants will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(d) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act in accordance with the rules and

regulations prescribed by the SEC under section 305(b)2 of the Act.
