This proxy statement is furnished to stockholders of NCI Building Systems, Inc. ( NCI, we, and us ) in connection with the solicitation of proxies to be used at our Annual Meeting of Stockholders (the Annual Meeting ) to be held February 18, 2011. By granting a proxy, you authorize the persons named in the proxy to represent you and vote your shares at the Annual Meeting. Those persons will also be authorized to vote your shares to adjourn the Annual Meeting from time to time and to vote your shares at any adjournments or postponements of the Annual Meeting.

If you give a proxy on the enclosed form, or by telephone or the Internet, you may revoke it at any time before it is exercised at the Annual Meeting by (1) delivering written notice of revocation to the Corporate Secretary of NCI, (2) signing, dating, and delivering to the Corporate Secretary of NCI a later dated proxy at our principal executive offices, which are located at 10943 North Sam Houston Parkway West, Houston, Texas 77064, or (3) attending and voting in person by completing a ballot at the Annual Meeting. Attendance at the Annual Meeting will not, in itself, constitute revocation of a completed and delivered proxy card.

If you are a street name stockholder (meaning that your shares are held in a brokerage account by a bank, broker or other nominee) and you vote by proxy, you may change your vote by submitting new voting instructions to your bank, broker or nominee in accordance with that entity's procedures.

We are first sending this proxy statement and the enclosed proxy form to stockholders on or about January 14, 2011.

**ACTION TO BE TAKEN AT ANNUAL MEETING**

When you have appropriately specified how your proxy should be voted, the proxy will be voted accordingly. If you properly complete and return a proxy, but do not indicate any contrary voting instructions, your shares will be voted as follows:

**Table of Contents**

As of the date hereof, our Board of Directors is not aware of any other such matter or business to be transacted at our Annual Meeting. If other matters requiring a vote of the stockholders arise, the persons designated as proxies will vote the shares of Common Stock represented by the proxies in accordance with their judgment on those matters.

**SOLICITATION OF PROXIES**

Our Board of Directors is soliciting proxies from the holders of record of our common stock at the close of business on January 11, 2011. We will bear the entire cost of soliciting proxies, including the cost of the preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to our stockholders in connection with the Annual Meeting, and no other person or persons will bear those costs either directly or indirectly.

The solicitation of proxies by our Board of Directors will be conducted primarily by mail. In addition, our officers, directors and employees may solicit proxies personally or by telephone, facsimile or electronic means. These officers, directors and employees will not receive any extra compensation for these services, but may be reimbursed for their reasonable expenses in forwarding solicitation material.

Our transfer agent, Computershare Investor Services, Inc., will assist us in the distribution of proxy materials and will provide voting and tabulation services for the Annual Meeting. For these services, we estimate that we will pay approximately \$7,500 in the aggregate for fees and expenses. In addition, we will reimburse brokers, custodians, nominees and fiduciaries for reasonable expenses incurred by them in forwarding proxy materials to stockholders beneficial owners of our Common Stock.

If a person has the right to acquire beneficial ownership of any shares by exercise of options previously granted within 60 days after the Ownership Date, those shares are deemed beneficially owned by that person as of the Ownership Date and are deemed to be outstanding solely for the purpose of determining the percentage of the Common Stock that he or she owns. **CHANGE OF CONTROL**

On October 20, 2009, we completed a financial restructuring that resulted in a change of control of NCI. Pursuant to the Investment Agreement, dated as of August 14, 2009 (as amended, the Investment Agreement), between us and Clayton, Dubilier & Rice Fund VIII, L.P., we issued and sold to the Investors, for an aggregate purchase price of \$250 million, an aggregate of 250,000 shares of Preferred Stock, convertible into 39,221,839 shares of Common Stock (adjusted to reflect the 1:5 reverse stock split that occurred on March 5, 2010) based on the initial conversion price (or approximately 68.4% of our voting power) (such purchase and sale, the Equity Investment). The purchase price for the Preferred Shares was funded with capital contributions of the partners of each of the Investors.

The terms of the Preferred Stock held by the Investors entitle the holders thereof to vote on an as-converted basis (without taking into account any limitations on convertibility that may then be applicable) with the holders of Common Stock. As the holder of a majority voting position, the Investors will be able to significantly influence or control matters submitted to stockholders for vote. In addition, certain actions by NCI, including, upon the occurrence of certain specified defaults, the adoption of an annual budget, the hiring and firing, or the changing of the compensation, of executive officers and the commitment, resolution or agreement to effect any business combination, among others, require the prior affirmative vote or written consent of the holders representing at least a majority of the then-outstanding Preferred Shares.

Pursuant to the Investment Agreement, we are subject to covenants with regards to our use of the proceeds of the Equity Investment and the payment of certain taxes pursuant to the Equity Investment. We are also subject to certain post-closing indemnity obligations.

Pursuant to the Investment Agreement and the Stockholders Agreement, for so long as we qualify as a controlled company within the meaning set forth in the Listed Company Manual of the New York Stock Exchange (NYSE) or any similar provision in the rules of a stock exchange on which our securities are quoted or listed for trading, we have agreed to use our reasonable best efforts to take advantage of the

## **Table of Contents**

exemptions afforded such controlled companies. Accordingly, we have elected to qualify for the exemptions to the requirements of sections 303A.01, 303A.04 and 303A.05 of the NYSE Listed Company Manual. As long as we qualify for those exemptions, we will not be subject to the requirements that NYSE listed companies have (1) a majority of independent directors, (2) a nominating/corporate governance committee and a compensation committee, in each case, composed entirely of independent directors, and (3) charters for the nominating/corporate governance committee and the compensation committee, in each case, addressing certain specified matters.

### **Other Agreements with the Investors**

In connection and concurrently with the closing of the Equity Investment, we entered into the following agreements:

A Stockholders Agreement, entered into concurrently with the closing of the Equity Investment between us and the Investors, setting forth certain terms and conditions regarding the Equity Investment and the Investors ownership of the Preferred Shares and providing that, subject to certain ownership and other requirements and conditions, the Investors have the right to appoint a number of directors to our Board of Directors and to all committees (other than the Affiliate Transactions Committee, whose composition is further described in Board of Directors Affiliate Transactions Committee below) that is proportionate to their percentage voting interest in NCI at the relevant time. For so long as the Investors hold a voting interest of 20% or more, they have the right to designate the Lead Director or Chairman of the Executive Committee of our Board of Directors.

A Registration Rights Agreement, dated as of October 20, 2009 (the Registration Rights Agreement), between us and the Investors, pursuant to which we granted to the Investors, together with any other stockholder of NCI that may become a party to the Registration Rights Agreement in accordance with its terms, certain customary registration rights with respect to the shares of Common Stock issuable upon conversion of the Preferred Shares.

An Indemnification Agreement, dated as of October 20, 2009 (the Indemnification Agreement), between us, NCI Group, Inc. and Robertson-Ceco II Corporation, both wholly owned subsidiaries of NCI, the Investors and CD&R, Inc., pursuant to which we, NCI Group, Inc. and Robertson-Ceco II Corporation agreed to indemnify Clayton, Dubilier & Rice, Inc. (CD&R, Inc.), which indirectly controls CD&R, LLC, the Investors and their general partners, the special limited partner of Clayton, Dubilier & Rice Fund VIII, L.P. and any other investment vehicle that is a stockholder of NCI and is managed by CD&R, Inc. or any of its affiliates, their respective affiliates and successors and assigns and the respective directors, officers, partners, members, employees, agents, representatives and controlling persons of each of them, or of their respective partners, members and controlling persons, against certain liabilities arising out of the Transactions and certain other liabilities and claims.

A Lock-Up and Voting Agreement, dated as of August 31, 2009 (as amended, the Lock-Up and Voting Agreement), with the holders of the Notes that were signatories thereto (the Lock-Up Holders), pursuant to which, among other things, our Board of Directors agreed to appoint one individual designated by certain Lock-Up Holders to our Board of Directors. Those Lock-Up Holders designated John J. Holland as a director and our Board of Directors appointed him as a director effective as of November 10, 2009.

### **QUORUM AND VOTING**

The presence in person or by proxy of the holders of a majority of the voting power of the stock entitled to vote at an Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Each outstanding share of Common Stock is entitled to one vote. Each share of Preferred Stock will be entitled to

**Table of Contents**

vote on an as-converted basis with the holders of the Common Stock on all matters submitted to the Annual Meeting, voting as a single class.

Those nominees receiving a plurality of all of the votes cast on Proposal 1 at the Annual Meeting shall be elected to our Board of Directors. All routine matters will be decided by the vote of a majority of the votes cast by the stockholders present in person or by proxy and entitled to vote on the matter, a quorum being present. Certain matters to be voted upon have specific voting requirements as follows.

The total number of votes cast on Proposal 2, for approval of our compensation philosophy, policies and procedures described in the CD&A, and the compensation of our Named Executive Officers, must represent at least the majority of the outstanding voting power of NCI entitled to vote on the proposal, voting together as a single class, on the record date for determining stockholders entitled to vote at the Annual Meeting.

The total number of votes cast on Proposal 3, regarding the frequency of required stockholder approval of the Company's compensation philosophy, policies and procedures described in the CD&A, and the compensation of our Named Executive Officers, must represent at least the majority of the outstanding voting power of NCI entitled to vote on the proposal, voting together as a single class, on the record date for determining stockholders entitled to vote at the Annual Meeting.

The Investors, which own or beneficially own shares of Preferred Stock representing approximately 68.8% of our outstanding voting power, have agreed to vote in favor of Proposal 2 and in favor of the three-year term option of Proposal 3.

The total number of votes cast on Proposal 4, for ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending October 30, 2011, must represent at least the majority of the votes cast in person or by proxy at the Annual Meeting.

Abstentions are counted for the purpose of determining the presence of a quorum and have the same effect as a negative vote on Proposals 2 and 3. Brokers holding shares must vote according to specific instructions they receive from the beneficial owners. Broker non-votes occur when brokers do not have discretionary voting authority to vote certain shares held in street name on particular proposals under the rules of the New York Stock Exchange, and the beneficial owner of those shares has not instructed the broker to vote on those proposals. The NYSE's Rule 452 precludes brokers from voting on non-discretionary proposals without specific instructions from the beneficial owner. With respect to the Annual Meeting, Rule 452 prohibits such brokers from exercising discretionary authority in the election of directors and the advisory votes on executive compensation.

If you are a beneficial owner, your bank, broker, dealer, custodian or other nominee is permitted to vote your shares only with regard to Proposal 4 to ratify the appointment of the independent registered public accounting firm, even if the holder does not receive voting instructions from you. A broker non-vote is treated as present for purposes of determining the existence of a quorum.

**PROPOSAL 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION**

**Introduction**

Our Board of Directors recognizes that executive compensation is an important matter for our stockholders. As described in detail in the Report of the Compensation Committee and the Compensation Discussion and Analysis ( CD&A ) section of this Proxy Statement, the Compensation Committee is tasked with the implementation of our executive compensation philosophy, and the core of that philosophy has been and continues to be to pay our executives based on our performance. In particular, the Compensation Committee strives to attract, retain and motivate exceptional executives, to reward past performance measured against established goals and provide incentives for future performance, and to align executives' long-term interests with the interests of our stockholders. To do so, the Compensation Committee uses a combination of short- and long-term incentive compensation to reward near-term excellent performance and to encourage executives' commitment to our long-range, strategic business goals. It is always the intention of the Compensation Committee that our executive officers be compensated competitively and consistently with our strategy, sound corporate governance principles, and stockholder interests and concerns.

As described in the CD&A, we believe our compensation program is effective, appropriate and strongly aligned with the long-term interests of our stockholders and that the total compensation package provided to our Named Executive Officers (including potential payouts upon a termination or change of control) are reasonable and not excessive. As you consider this Proposal 2, we urge you to read the CD&A section of this Proxy Statement for additional details on executive compensation, including the more detailed information about our compensation philosophy and objectives and the past compensation of our Named Executive Officers, and to review the tabular disclosures regarding Named Executive Officer compensation together with the accompanying narrative disclosures in the Executive Compensation section of this Proxy Statement.

We believe that the stockholders, by voting for directors individually as described in Proposal No. 1, have had a clear ability to express their approval or disapproval of the performance of our directors and, specifically the directors serving on the Compensation Committee; however, Congress has recently enacted the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Act ), which requires, among other things, a non-binding advisory Say on Pay vote and gives our stockholders the opportunity to express their views on our Named Executive Officers compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. We welcome the opportunity to give our stockholders an opportunity to provide us with such a vote on executive compensation at our 2011 Annual Meeting.

As an advisory vote, Proposal 2 is not binding on our Board of Directors or the Compensation Committee, will not overrule any decisions made by our Board of Directors or the Compensation Committee, or require our Board of Directors or the Compensation Committee to take any specific action. Although the vote is non-binding, our Board of Directors and the Compensation Committee value the opinions of our stockholders, and will carefully consider the outcome of the vote when making future compensation decisions for our Named Executive Officers. In particular, to the extent there is any significant vote against our Named Executive Officers' compensation as disclosed in this Proxy Statement, we will consider our stockholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

**Text of the Resolution to be Adopted**

We are asking stockholders to vote For the following resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation philosophy, policies and procedures and the compensation of the Named Executive Officers as disclosed in the Proxy Statement for NCI Building Systems, Inc.'s 2011 Annual Meeting of Stockholders pursuant to the

compensation disclosure rules of the Securities and Exchange Commission ( SEC ), including the CD&A, the 2010 Summary Compensation Table and the other related tables and disclosures.

### **Vote Required**

The affirmative vote of stockholders holding at least a majority of the shares of all of our voting securities entitled to vote on the proposal on the record date for determining stockholders entitled to vote at the 2011 Annual Meeting is required for approval of Proposal 2. If you own shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote in order for them to vote your shares so that your vote can be counted on this proposal.

The Investors, which own or beneficially own shares of Preferred Stock representing approximately 68.8% of the outstanding voting power of NCI, have expressed their intention to vote For Proposal 2.

### **Recommendation of our Board of Directors**

**OUR BOARD OF DIRECTORS RECOMMENDS, IN PROPOSAL 2, AN ADVISORY VOTE FOR THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SEC.**

### **PROPOSAL 3: ADVISORY VOTE ON THE FREQUENCY OF THE ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

#### **Introduction**

In addition to the advisory Say on Pay vote, the Act also requires a related non-binding advisory vote that enables our stockholders to indicate how frequently we should seek an advisory Say on Pay vote on the compensation of our Named Executive Officers, as disclosed pursuant to the SEC's compensation disclosure rules, such as Proposal 2 included in this Proxy Statement. By voting on this Proposal 3, stockholders may indicate whether the advisory Say on Pay vote should occur every three years, every two years or every year. After careful consideration of this Proposal 3, our Board of Directors has determined that an advisory vote on executive compensation that occurs once every three years (a triennial vote) is the most appropriate alternative for our company, and therefore our Board of Directors recommends that you support a frequency period of every three years for the advisory vote on executive compensation.

Setting a three-year period for holding this stockholder vote will enhance stockholder communication by providing a clear, simple means for our company to obtain information on investor sentiment about our executive compensation philosophy. An advisory vote once every three years will be the most effective timeframe for us to respond to stockholders' feedback by providing us with sufficient time to engage with stockholders to understand and respond to the vote results. We also believe a triennial vote will align more closely with the multi-year performance measurement cycle we use to reward long-term performance. Our executive compensation programs are based on our long-term business strategy, which is more appropriately assessed over a three-year timeframe.

The vote with regard to Proposal 3 will determine the schedule on which future Say on Pay proposals like Proposal 2 are presented to stockholders.

#### **Text of the Resolution to be Adopted**

You may cast your vote on your preferred voting frequency by choosing the option of one year, two years, three years or abstain from voting when you vote in response to the resolution set forth below.

RESOLVED, that the option of once every one year, two years, or three years that receives the highest number of votes cast for this resolution will determine the frequency with which NCI Building

**Table of Contents**

Systems, Inc. will hold a stockholder Say on Pay vote to approve the compensation of the Named Executive Officers, as disclosed pursuant to the Securities and Exchange Commission's compensation disclosure rules (which disclosure shall include the Compensation Discussion and Analysis, the 2010 Summary Compensation Table, and the other related tables and disclosures).

**Vote Required**

The period receiving the greatest number of votes as set forth in Proposal 3 will determine the period of time to be used for future Say on Pay votes. If you own shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote in order for them to vote your shares so that your vote can be counted on this proposal.

The Investors, which own or beneficially own shares of Preferred Stock representing approximately 68.8% of the outstanding voting power of NCI, have expressed their intention to vote for a frequency of Three Years in Proposal 3.

**Recommendation of our Board of Directors**

**OUR BOARD OF DIRECTORS RECOMMENDS THAT, IN PROPOSAL 3, STOCKHOLDERS VOTE FOR A FREQUENCY OF THREE YEARS FOR FUTURE NON-BINDING SAY ON PAY STOCKHOLDER VOTES ON COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.**

**PROPOSAL 4: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

**General**

The Audit Committee has appointed the firm of Ernst & Young LLP as our independent registered public accounting firm for the year ending October 30, 2011, subject to ratification by our stockholders. Ernst & Young LLP has served as our independent registered public accounting firm since our initial public offering in April 1992. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will have an opportunity to make a statement, if they desire to do so, and to respond to appropriate questions from those attending the meeting.

**Vote Required**

If a majority of the votes cast in person or by proxy at the 2011 Annual Meeting are voted in favor of this proposal, the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending October 30, 2011 will be ratified. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it believes that such a change would be in the best interests of our stockholders and NCI. If the appointment of Ernst & Young LLP is not ratified, the Audit Committee will reconsider the appointment.

**Recommendation of our Board of Directors**

**OUR BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR RATIFICATION OF ERNST & YOUNG LLP'S APPOINTMENT AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING OCTOBER 30, 2011.**

**COMPENSATION DISCUSSION & ANALYSIS**

**Introduction**

This Compensation Discussion & Analysis ( CD&A ) provides information regarding NCI s compensation programs for our Chief Executive Officer ( CEO ), our Chief Financial Officer and our three other most highly compensated executive officers for Fiscal 2010 and certain compensation actions taken in Fiscal 2011. The CD&A is also intended to place in perspective the information contained in the executive compensation tables that follow this discussion.

Throughout this discussion, the following individuals are referred to collectively as the Named Executive Officers and are included in the Summary Compensation Table that follows this discussion:

Norman C. Chambers, Chairman of the Board, President and Chief Executive Officer;

Mark E. Johnson, Executive Vice President, Chief Financial Officer and Treasurer;

Mark W. Dobbins, Executive Vice President and Chief Operating Officer;

Charles W. Dickinson, President of Metal Components Division; and

Bradley D. Robeson, President of NCI Buildings Division and Robertson-Ceco Division.

At the end of our fiscal year ended November 1, 2009 ( Fiscal 2009 ), the Compensation Committee examined NCI s compensation programs and employment agreements in light of the declining financial condition of NCI, the consummation of the Equity Investment and NCI s continuing restructuring efforts and made a number of changes to the compensatory arrangements with our Named Executive Officers. With the exception of the new employment agreements for Messrs. Dobbins and Dickinson, all of these changes became effective as of the consummation of the Equity Investment on October 20, 2009. Many of these changes were required to be made pursuant to the Investment Agreement. The Compensation Committee evaluated these changes and determined that they were necessary to (1) facilitate the restructuring efforts of NCI, and (2) in the case of Mr. Chambers, NCI s CEO, encourage Mr. Chambers to remain with NCI past his normal retirement age. The principal changes required by the Investment Agreement impacted the terms of the employment agreements with our Named Executive Officers and our Deferred Compensation Plan (the DCP ). The specific changes made were described in the Compensation Discussion & Analysis Introduction section of our Proxy Statement for Fiscal 2009 and the terms of these arrangements, as in effect during Fiscal 2010, are described in greater detail below. Independent of the changes required by the Investment Agreement, in an effort to adapt our compensation structure to a challenging economic environment and to retain and motivate management, the Compensation Committee approved new employment agreements with Messrs. Dobbins and Dickinson, effective March 13, 2009, and added an employer stock fund as an investment option under the DCP.

As discussed in greater detail below, we made limited adjustments to the compensation provided to certain of our Named Executive Officers in Fiscal 2010. The relatively limited actions taken with respect to Fiscal 2010 compensation of our Named Executive Officers were consistent with our compensation objectives and philosophy and reflect the difficult economic conditions we faced during the year and continue to face. We intend to continuously monitor and evaluate our compensation practices to ensure that they remain aligned with our compensation objectives.

**Objectives of NCI s Compensation Program**

Our Compensation Committee has established objectives for our executive compensation programs. NCI believes that the quality, skill and dedication of its executive officers are critical factors affecting the long-term success of NCI. Our key compensation goals are to attract, retain and motivate exceptional

## **Table of Contents**

executives, to reward past performance measured against established goals, to provide incentives for future performance, and to align executives' long-term interests with the interests of our stockholders.

In designing our compensation programs, we use a combination of short- and long-term incentive compensation to reward near-term excellent performance and to encourage executives' commitment to NCI's long-range, strategic business goals. The Compensation Committee believes NCI's decreased stock price is a challenge to retention that both long- and short-term incentives can address. Long-term incentives balance the emphasis on long-term versus short-term business objectives and reinforce that one should not be achieved at the expense of the other. We believe that long-term incentive compensation helps to further NCI's compensation objectives, including the retention of high-performing, experienced executives whose interests are strongly aligned with the interests of stockholders. Further, a four-year vesting period for grants of restricted stock and stock options helps to ensure that the value received by executives depends on the strong performance of NCI over time. We plan to balance short- and long-term compensation through salary and performance bonuses, and the grant of restricted stock and stock options, respectively. Our goal is to increase the proportion of long-term compensation as an executive's responsibility within our company increases.

### **Determination and Administration of Compensation Programs and Amounts**

Decisions regarding executive compensation are based primarily on the assessment by the Compensation Committee of each Named Executive Officer's leadership and operational performance and potential to enhance long-term value to NCI's stockholders. In Fiscal 2010, as in Fiscal 2009, the Compensation Committee determined not to use the services of any compensation consultants. The Compensation Committee instead relied on its judgment, prior experience, and the judgment of our CEO, Mr. Chambers, about each individual Named Executive Officer in determining the amount and combination of compensation elements and whether each payment or award appropriately encourages and rewards performance. Key factors considered by the Compensation Committee in this regard include:

actual performance compared to the financial, operational and strategic goals established for NCI and the Named Executive Officer's reporting unit at the beginning of the year;

the nature, scope and level of the Named Executive Officer's responsibilities;

individual contribution to NCI's financial results, particularly with respect to key measures such as cash flow, revenue, earnings and return on assets;

effectiveness in leading our initiatives to enhance quality and value provided to customers; and

individual contribution to a culture of honesty, integrity and compliance with our Code of Business Conduct and Ethics and applicable laws.

The Compensation Committee also considered each Named Executive Officer's current salary and prior-year bonus, the appropriate balance between incentives for long-term and short-term performance, and internal pay equity—in other words, the relative differences among the compensation of the executive officers.

### **Role of Management and Independent Advisors**

The Compensation Committee meets regularly in separate executive sessions without management personnel present and also requests periodically that our officers or employees attend meetings. During Fiscal 2010, Mr. Chambers and other senior executives attended certain Compensation Committee meetings at the committee's request to advise the committee regarding our performance and to recommend proposed modifications to our compensation and benefits. The Compensation Committee also relied to a certain extent on Mr. Chambers' evaluations of other Named Executive Officers whose day-to-day performance is not as visible to the committee as that of Mr. Chambers.

**Table of Contents**

During the fiscal year ended October 29, 2006, the Compensation Committee retained Pearl Meyer & Partners and Clark Consulting (collectively referred to as the consultants) to assist it in its review of our executive compensation program. The consultants conducted a compensation study at the Compensation Committee's request, and also made recommendations with respect to changes in our compensation programs as well as individual compensation levels for executive officers. The results of this comprehensive study formed the basis of our current compensation policies and practices. See Compensation Discussion & Analysis Role of Management and Independent Advisors in NCI's Proxy Statement for the fiscal year ended November 2, 2008. While NCI has not engaged a compensation consultant since the 2006 study, we expect to engage one at periodic intervals in the future to re-evaluate NCI's compensation practices and policies. The Compensation Committee's charter provides it sole authority to retain advisors, including compensation consultants.

**Elements of Executive Compensation**

The principal elements of compensation provided to our Named Executive Officers historically have consisted of a base salary supplemented with the opportunity to earn a bonus under NCI's annual cash bonus program (the Bonus Program) and long-term incentive compensation in the form of stock options and restricted stock under NCI's 2003 Long-Term Stock Incentive Plan (the Incentive Plan). We have also adopted retirement plans for our employees, including a Deferred Compensation Plan under which our Named Executive Officers can elect to defer a portion of their base salary and bonus. In addition, we provide limited perquisites that enhance our ability to be competitive in attracting and retaining talented executive officers and allow executive officers more time to focus on business objectives.

**Base Salary**

The Compensation Committee annually reviews base salaries and makes adjustments in light of the Named Executive Officer's responsibilities, experience and performance levels relative to other executives as well as the potential for making significant contributions in the future, to ensure that salary levels remain appropriate and competitive. Because the rate of any increase in base salary levels helps to provide incentives for continuous improvement in individual performance, we view individual factors as more significant than overall company performance in a particular year when determining base salary levels. Base salary also provides the foundation for calculating other benefits such as annual cash bonus so the executive's individual performance has a significant impact on both salary and the benefits derived from salary.

For Fiscal 2010, the Compensation Committee determined that no Named Executive Officer should receive an adjustment in base salary, and elected to hold executives' base compensation levels at the Fiscal 2009 level except for an adjustment to the base salary of Mr. Robeson. The base salary of Mr. Robeson was adjusted in Fiscal 2010 to account for his increased responsibilities when he became president of the Robertson-Ceco Division in addition to his presidency of the NCI Buildings Division. To date, the Compensation Committee has not made any increases in the base salaries of our Named Executive Officers for Fiscal 2011, but reserves the right to do so to reflect improved performance of our company, promotions or other extraordinary circumstances, including exceptional individual performance.

**Annual Bonus**

Short-term annual cash incentive compensation is provided through our Bonus Program, under which annual cash bonuses are granted to executives to reward their contributions to our business during the year, and which helps to emphasize that contributions in any year have an impact on future years. Our Bonus Program is tied to the specific performance metrics of return on operating assets (ROA) and increase in earnings per share (EPS Growth) for NCI, which builds cooperation and allows all business units comparable visibility into the achievement of those goals, and which is further addressed in the matrix appended to our bonus plan. We believe that the Bonus Program allows us to provide base salaries to our management group near the median of comparable rates paid by other companies in exchange for generous bonuses when warranted by our performance. We also believe that EPS Growth as an additional bonus criterion for top management provides incentives to maximize stockholder value and growth, while ROA

**Table of Contents**

provides incentives to aggressively manage assets in relation to income and expenses. The calculations of ROA and EPS Growth generally exclude non-cash, non-recurring expenses. The Bonus Program provides that ROA is calculated by dividing (a) earnings before interest and taxes ( EBIT ) plus deferred financing costs and other approved non-recurring expenses by (b) assets, excluding cash, deferred taxes, indefinite-lived intangible assets and goodwill. We believe that the Bonus Program's calculation of ROA rewards employees and management for the underlying operational performance of NCI, without regard to accounting requirements over which most employees have no control.

For Fiscal 2010, executive-level participants were eligible for annual cash bonuses equal to a percentage of their respective base salaries, contingent upon the achieved ROA and/or EPS Growth for the fiscal year. Mr. Chambers target annual bonus is equal to 100% of his base salary. For the other Named Executive Officers, the target annual bonus is equal to 75% of base salary. Under the Bonus Program, senior executives (including our Named Executive Officers other than our CEO) receive a bonus percentage of salary that is 1.5 times the percentage of salary for executives, while the CEO receives a bonus percentage of salary that is 2.0 times the percentage of salary for executives. This reflects our belief that, as an executive becomes more senior, an increasing percentage of his or her total compensation should be tied to NCI's performance. Under the Bonus Program as in effect for Fiscal 2010, no bonuses would be paid unless either (i) ROA was at least 15% or (ii) EPS Growth was at least 10%. The percentage of base salary payable as a bonus increased proportionately with increases in the ROA and EPS Growth achieved. The applicable percentages potentially payable under the Bonus Program for Fiscal 2010 remained at Fiscal 2009 levels.

There is no cap on the amount of an individual bonus that may be earned by our Named Executive Officers. However, total bonuses for all employees, including non-management employees, may not exceed 15% of NCI's adjusted pre-tax profit, calculated in accordance with the Bonus Program, before accrual for bonuses and before stock compensation expense under the Incentive Plan. The Bonus Plan provides for a minimum bonus pool for non-management employees, to be paid if NCI's adjusted pre-tax profit is equal to or greater than a specified amount.

The following table illustrates the effects of varying levels of ROA and EPS Growth on the bonus amounts payable to our executives (including the Named Executive Officers) under our Bonus Program:

<b>EPS Growth</b>	<b>ROA</b>	<b>Percentage of Salary for Executives</b>	<b>Percentage of Salary for Senior Executives</b>	<b>Percentage of Salary for Mr. Chambers</b>
0%	10%	0.0%	0.0%	0.0%
0%	15%	15.0%	22.5%	30.0%
5%	15%	20.0%	30.0%	40.0%
10%	0%	0.0%	0.0%	0.0%
10%	5%	0.0%	7.5%	10.0%
10%	15%	25.0%	37.5%	50.0%
20%	25%	55.0%	82.5%	110.0%

For Fiscal 2010, NCI did not achieve ROA of 15%, or EPS Growth of 10%, thus we paid no bonuses. As a result, in order to continue to appropriately incentivize our Named Executive Officers as well as other participants under the Bonus Program, for Fiscal 2011 only, the Compensation Committee determined that certain modifications to the Bonus Program were desirable. With respect to Fiscal 2011 bonuses to the Named Executive Officers, the Compensation Committee has approved lowering the minimum ROA threshold from 15% to 5% and adjusting the EPS Growth metric to offset for any extraordinary percentage of EPS Growth. The purpose of these modifications is to ensure that none of the Named Executive Officers or other executive-level officers will be eligible to receive a cash bonus award unless other non-executive employees also receive a bonus by virtue of the lowered minimum ROA threshold. Other than these changes, the Fiscal 2011 Bonus Program will be identical to the Fiscal 2010

**Table of Contents**

Bonus Program, and the Compensation Committee anticipates that it will return to the Fiscal 2010 bonus structure for fiscal years subsequent to Fiscal 2011. Further, the requirement that bonuses may not exceed 15% of NCI's adjusted pre-tax profit, calculated in accordance with the Bonus Program, remains part of the program in Fiscal 2011.

**Long-Term Incentive Compensation**

Our long-term incentive compensation is provided under the Incentive Plan, a stockholder-approved equity-based compensation plan that allows NCI to grant a variety of awards, including stock options, restricted stock, stock appreciation rights, performance share awards, phantom stock awards and performance-based and other cash awards. At our annual meeting held on February 19, 2010, NCI's stockholders approved an amendment and restatement of the Incentive Plan that increased the number of shares of Common Stock available for awards under the Incentive Plan.

We believe that equity awards must be sufficient in size to provide a strong, long-term performance and retention incentive for executives and to increase their vested interest in NCI. The value of the equity awards granted to Named Executive Officers is based on individual performance assessments of each of the Named Executive Officers as well as other members of executive management. We believe that annual grants at a competitive level, along with significant vesting requirements, are effective rewards for long-term commitment. In addition, annual grants of equity reinforce ownership levels and alignment with stockholder interests.

Historically, our practice has been to make annual awards of restricted stock vesting over four years to Named Executive Officers and other senior management personnel. The total number of shares granted under this approach is substantially less than the number that would be required under an option program designed to deliver equivalent levels of compensation. However, the ability to grant stock options is within the discretion of the Compensation Committee.

Each December, the Compensation Committee determines, based on the recommendations of the CEO for all executives other than himself, a target stock award value for each executive.

On the grant date, the number of shares awarded under the Fiscal 2010 awards was equal to the dollar value approved in advance by the Compensation Committee divided by the closing price of our stock on the grant date. The restricted stock awards vest in four equal annual installments beginning on the first anniversary of the grant date.

For Fiscal 2010, target restricted stock awards for each of Messrs. Chambers, Dobbins and Johnson were 50% fixed and 50% contingent, and for all other senior executives, restricted stock awards were 60% fixed and 40% contingent. The contingent portion of restricted stock awards may be adjusted to a maximum of 150% or decreased to zero, depending on the average growth rate in NCI's earnings per share over the most recent three fiscal years. For Fiscal 2010, a minimum floor average earnings per share growth for the preceding three-year period of 5% was required to receive any of the contingent portion of the target award. If 5% growth were achieved, the executive would receive 15% of the contingent portion of the target award. The target payout of 100% of the contingent portion would be awarded if 35% earnings per share growth were achieved, and a maximum of 150% of the contingent portion of the target award would be made if 50% earnings per share growth were achieved, with incremental adjustments for intermediate results.

In Fiscal 2010, in determining the target value of equity-based awards, we considered the 2006 compensation study, the number of shares available for distribution under the program, the decline in NCI's stock price, and the overall dilutive effect of the equity-based grants. We also considered the market overhang and burn rate resulting from equity compensation levels as compared to peers. See Compensation Discussion & Analysis Role of Management and Independent Advisors in NCI's Proxy Statement for the fiscal year ended November 2, 2008. In determining whether to make equity-based awards in Fiscal 2010 to executives, we also considered other factors, including an executive's total compensation and then current ownership stake in NCI, the degree to which increasing that ownership stake would provide the executive with additional incentives for future performance, the likelihood that the grant of an award would encourage the executive to remain with NCI and the value of the executive's service to NCI. Taking into account those factors, in December 2009 the Compensation Committee approved annual equity-based awards for Fiscal 2010 with a target value of \$800,000 for Mr. Chambers and within a range from \$175,000 to \$200,000 for

**Table of Contents**

the other Named Executive Officers. The actual number of shares of restricted stock awarded to the Named Executive Officers pursuant to the Fiscal 2010 awards is set forth in the Grants of Plan Based Awards Table below and the related footnotes.

In addition to the Fiscal 2010 annual restricted stock grants described above, the Compensation Committee also approved additional long-term equity incentive awards for the Named Executive Officers during Fiscal 2010. Because all outstanding equity-based compensation awards held by our Named Executive Officers vested in connection with the Equity Investment (other than certain shares of restricted stock held by Messrs. Chambers, Dobbins and Dickinson), our Named Executive Officers held no meaningful exposure to our Common Stock immediately following October 20, 2009. Further, while some of the Named Executive Officers continue to hold vested stock options, the exercise price of these options is significantly greater than the current share price, and, accordingly, the Compensation Committee does not believe these options provide a meaningful long-term incentive to the Named Executive Officers. Because the benefits of stock options are dependent on the appreciation of the price of our Common Stock, the Committee viewed a special one-time grant of non-qualified stock options as a vehicle for creating a strong financial incentive for meeting or exceeding our long-term financial goals and increasing shareholder return. For these reasons, in November 2009, the Compensation Committee determined that additional equity awards of both restricted stock and stock options were necessary to again align the executives' interests with those of our stockholders, while at the same time providing an incentive for the executives' commitment to NCI's long-term strategic goals. Hence, on December 11, 2009, the Compensation Committee also approved the following equity grants to the Named Executive Officers:

the right to receive a special one-time restricted stock award of 152,285, 116,752, 101,523, 76,143 and 76,143 shares to Messrs. Chambers, Johnson, Dobbins, Dickinson and Robeson, respectively; and

the grant of a special one-time non-qualified stock option award to purchase 609,137, 350,254, 253,808, 152,285 and 152,285 shares, at an exercise price of \$8.85, to Messrs. Chambers, Johnson, Dobbins, Dickinson and Robeson, respectively.

Each of these awards will vest in four equal annual installments, commencing on the first anniversary of the date the awards were approved by the Compensation Committee. However, these awards include additional provisions prohibiting the grantees under such awards from selling, transferring, pledging, encumbering or otherwise disposing of such awards, to the extent determined appropriate by the Compensation Committee in consultation with the CEO. The specific terms of these awards are set forth in the individual award agreements evidencing the grants. In determining the value of the additional equity-based awards granted in Fiscal 2010, we considered the overall dilutive effect of the awards, the executives' total compensation, the percentage of base salary the award represents, and the incentive it would provide for future performance, including whether the award would encourage the executive to remain with NCI.

All of the equity awards granted during Fiscal 2010 were conditioned on obtaining stockholder approval of the amendment and restatement of the Incentive Plan increasing the number of shares of Common Stock available under the Incentive Plan. The number of shares and exercise prices included in the foregoing discussion have been adjusted to reflect the 1:5 reverse stock split that occurred on March 5, 2010.

In December 2010, the Compensation Committee approved equity-based awards consisting of, at the awardee's option, restricted stock grants and stock options for Fiscal 2011 with a value of \$800,000 for Mr. Chambers and within a range from \$175,000 to \$300,000 for the other Named Executive Officers. For these awards, our Named Executive Officers are permitted to elect whether to receive all or a portion of their equity awards in restricted stock or stock options. The dollar value of the award was approved in advance by the Compensation Committee and the award is calculated to reflect whether the recipient elects to receive restricted stock, stock options, or a combination of both. In the event the awardee elects to receive all or a portion of the award in restricted stock, the number of shares received will be equal to the portion of the award value elected to be received in restricted stock divided by the closing price of our stock on the day before the grant date. If the awardee elects to receive all or a portion of the award value in stock options, the number of options received will be equal to two (2) times the portion of the award value elected to be received in options divided by the closing price of our stock on the day before the grant date. For Fiscal

**Table of Contents**

2011, this share price is \$12.00, the market close price on December 14, 2010. In either event, the awards shall vest in four (4) equal annual installments beginning on the first anniversary of the grant date. There is no variable component for equity awards in Fiscal 2011.

**Retirement Benefits**

The Named Executive Officers are eligible to participate in our tax-qualified 401(k) plan. In addition, we believe that benefit programs that address the unique circumstances of executives in light of limitations imposed on benefits payable from qualified welfare, profit-sharing and retirement plans are critical in attracting and retaining quality executives. Therefore, we have adopted the DCP that allows our Named Executive Officers and other key employees to defer a portion of their annual salary and cash bonus, and allows our non-employee directors to defer a portion of their annual and meeting attendance fees, subject to certain specified maximum deferral amounts. The DCP also provides matching contributions in certain circumstances. For Fiscal 2010, we determined to make discretionary matching contributions provided that NCI achieved ROA of 25%, as calculated under the Bonus Program. If target ROA was achieved, we would match the percentage of an executive officer's salary and bonus that he has voluntarily deferred under the DCP, up to a maximum of 12.5%. Because our ROA calculated under the Bonus Program was less than 25%, no discretionary contribution was made for Fiscal 2010. For Fiscal 2011, we are assessing under what circumstances to make discretionary contributions, whether based on ROA as calculated under the Bonus Program or an alternate measure of performance. Amounts deferred under the DCP are deemed invested in one or more phantom investment funds and additional amounts are credited to participants' accounts based on the hypothetical earnings of such investments. In November 2009, the Compensation Committee approved the addition of employer stock as an investment option for certain of our executive officers. See the narrative following the Nonqualified Deferred Compensation Table for additional details regarding the terms of the DCP.

**Other Compensation*****Termination and Change of Control Agreements***

Certain compensation arrangements of NCI include provisions providing special payments or benefits upon specified termination events or upon the occurrence of a change of control of NCI. The consummation of the Equity Investment resulted in a change of control of NCI on October 20, 2009 for purposes of certain compensatory arrangements with our Named Executive Officers, which entitled those executive officers to the accelerated payments and benefits described in the Compensation Discussion & Analysis Change of Control section of our Fiscal 2009 Proxy Statement.

Mr. Chambers has an agreement with NCI which provides that if he is terminated without cause or resigns for good reason, including during a specified period of time following a change of control, he will receive certain severance payments. Messrs. Chambers, Dobbins and Dickinson also each have a 2004 Long-Term Restricted Stock Award agreement with NCI that vests upon the earliest of (i) retirement at or after age 65, (ii) death, (iii) disability, (iv) a termination without cause or for good reason, or (v) a change of control. In connection with the Equity Investment that was consummated on October 20, 2009, this award was amended to specify that the Equity Investment would not constitute a change of control event for vesting purposes.

We have also entered into employment agreements with each of our Named Executive Officers. Initially, we only entered into employment agreements with executives who did not already have a change of control benefit by virtue of having received a 2004 Long-Term Restricted Stock Award or other agreement that provided benefits upon a change of control; however, on March 12, 2009, the Compensation Committee approved entering into employment agreements with each of Messrs. Dobbins and Dickinson. These agreements are substantially the same as the employment agreements entered into with our other Named Executive Officers, and provide for payments to each executive if he is terminated without cause or resigns for good reason within 24 months after a change of control of NCI. While the Compensation Committee previously believed the 2004 Long-Term Restricted Stock Awards would be sufficient compensation in the event of a change of control, given the recent declines in NCI's share price, the value of these awards was significantly reduced. Accordingly, the Compensation Committee determined it was important to provide

## **Table of Contents**

Messrs. Dobbins and Dickinson with a benefit similar to the other Named Executive Officers and to eliminate any potential distractions and uncertainties associated with possible transactions NCI might undertake by providing them with payments upon certain termination events following a change of control. See Executive Compensation Potential Payments Upon Termination and Change of Control.

In addition to these agreements, outstanding equity awards granted to the Named Executive Officers vest upon the occurrence of a change of control or in connection with certain termination events.

We believe that these termination and change of control benefits provide our Named Executive Officers an incentive to act in the stockholders' best interests during a takeover despite the risk of losing their jobs or a significant change in the nature of their benefits and responsibilities. We also believe that, in some cases, our termination and change of control benefits are necessary to attract and retain certain executives. For a description of the terms of the employment agreements and equity awards, see Executive Compensation Potential Payments Upon Termination and Change of Control.

### ***Perquisites and Personal Benefits***

We offer only *de minimis* perquisites or personal benefits.

### ***Gross-Ups***

NCI does not provide for any tax assistance or gross-ups for its executives.

## **CEO Compensation**

The Compensation Committee is directly responsible for determining the salary level of the CEO and all awards and grants to the CEO under the Bonus Program, Incentive Plan and the DCP. We believe that NCI in recent years has experienced challenges caused by depressed economic conditions, increased competition and extreme volatility in the price of steel. Accordingly, the overall compensation package for the CEO is designed to motivate and reward the CEO for driving NCI to strengthen its competitive position in the nonresidential construction market, and a significant portion of the CEO's compensation is incentive-based, providing greater compensation as direct and indirect measures of stockholder value increase. The CEO's overall compensation package has also been set at a level that we believe provides appropriate differentiation between CEO compensation and the compensation of other executive officers hired from time to time. Mr. Chambers' compensation has been and will be determined by the Compensation Committee in accordance with the principles described above. Information on Mr. Chambers' compensation for Fiscal 2010 is set forth in the compensation tables following this CD&A. Although Mr. Chambers' compensation was increased for Fiscal 2008 when he became the chairman of the board, Mr. Chambers did not receive an increase in compensation for Fiscal 2009 or Fiscal 2010. In addition, the Compensation Committee has deferred any decision regarding salary increases for Mr. Chambers and the other Named Executive Officers for Fiscal 2011 until later in the year.

## **Deductibility of Compensation**

Section 162(m) of the Internal Revenue Code of 1986, as amended, imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the company's chief executive officer and three other most highly compensated executive officers (other than the principal financial officer) employed as of the end of the year. This limitation does not apply to compensation that is paid only if the executive's performance meets pre-established objective goals based on performance criteria approved by our stockholders. We have taken action, where possible and considered appropriate, to preserve the deductibility of compensation paid to NCI's executive officers. NCI generally will be entitled to deduct compensation relating to cash bonuses under our Bonus Program, option awards under the Incentive Plan, matching contributions under the DCP and other performance-based awards. We have also awarded compensation that might not be fully tax deductible if we determined that such compensation is nonetheless in the best interests of NCI and its stockholders. While NCI seeks to take advantage of favorable tax treatment for executive compensation where appropriate, we believe that the primary drivers for determining

**Table of Contents**

the amount and form of executive compensation must be the retention and motivation of superior executive talent.

We will continue to review NCI's executive compensation practices and will seek to preserve tax deductions for executive compensation to the extent consistent with our objective of providing compensation arrangements necessary and appropriate to foster achievement of NCI's business goals.

**RISK ANALYSIS OF OUR COMPENSATION PLANS**

The Compensation Committee has reviewed our compensation policies as generally applicable to our employees and believes that our policies do not encourage excessive and unnecessary risk-taking, and that the level of risk that they do encourage is not reasonably likely to have a material adverse effect on NCI.

Several members of our management team recently conducted an assessment of the risks arising from our compensation policies and practices. The team reviewed and discussed the design features, characteristics, performance metrics at the company and segment levels and approval mechanisms of total compensation for all employees, including salaries, incentive plans, sales incentives, stock options, performance shares and restricted stock awards, to determine whether any of these policies or programs could create risks that are reasonably likely to have a material adverse effect on us.

Our compensation philosophy and culture support the use of base salary, performance-based compensation, and retirement plans that are generally uniform in design and operation throughout NCI and with all levels of employees. These compensation policies and practices are centrally designed and administered, and are substantially identical between our business divisions. Field sales personnel are paid primarily on a sales commission basis, but all of our officers are paid under the programs and plans for non-sales employees. In addition, the following specific factors, in particular, reduce the likelihood of excessive risk-taking:

Our overall compensation levels are competitive with the market.

Our compensation mix is balanced among (i) fixed components like salary and benefits, (ii) annual incentives that reward our overall financial performance, business unit financial performance, operational measures and individual performance, and (iii) a portfolio approach for stock awards, primarily consisting of time-based restricted stock and stock options.

An important portion of our executive compensation is tied to how our stock price performs over a period of multiple years, with equity-based awards generally vesting evenly over four years and stock options also vesting over a period of four years and having terms of ten years. This minimizes the benefit of a temporary spike in stock price.

The Compensation Committee has discretion to adjust performance-based awards when it determines that such adjustments would be appropriate based on our interests and the interests of our stockholders.

Any additions or changes to stock awards or ROA bonus levels must be approved by both the employee's division president, NCI's Vice President, Human Resources, as well as senior management.

Executive officers are subject to certain holding requirements and our Insider Trading Policy.

In summary, although a significant portion of the compensation provided to Named Executive Officers is performance-based, we believe our compensation programs do not encourage excessive and unnecessary risk taking by executive officers (or other employees) because these programs are designed to encourage employees to remain focused on both our short- and long-term operational and financial goals. We set performance goals that we believe are reasonable in light of our past performance and market

conditions. Restricted stock and stock option awards are subject to time-based vesting conditions, which retain value even in a depressed market, so executives are less likely to take unreasonable risks. With respect to our performance-based equity incentives, assuming achievement of at least a minimum level of performance, payouts result in some compensation at levels below full target achievement, in lieu of an all or nothing approach.

Based on these considerations, the Compensation Committee determined that any risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us.

**COMPENSATION COMMITTEE  
INTERLOCKS AND INSIDER PARTICIPATION**

During Fiscal 2010, there were no Compensation Committee interlocks with other companies.

**COMPENSATION COMMITTEE REPORT**

The Compensation Committee has reviewed and discussed the above CD&A with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the CD&A be included in this Proxy Statement.

**Narrative to the Summary Compensation Table and Grants of Plan-Based Awards Table**

*Employment Agreements*

We have entered into employment agreements with each of the Named Executive Officers. The term of Mr. Chambers' agreement ends on April 30, 2014. The term of the employment agreements with the other Named Executive Officers runs for a period of two years following the Equity Investment that occurred on October 20, 2009, subject to automatic one-year extensions thereafter unless either party gives notice of non-renewal. The agreements provide the Named Executive Officers with an annual base salary, which is subject to annual review. In the case of Mr. Chambers, the base salary may not be less than \$400,000 per year. The agreements also provide that each Named Executive Officer is eligible to receive annual bonuses under NCI's Bonus Program (with Mr. Chambers being considered a Level I participant for purposes thereof) and to participate in the health, retirement and welfare benefits provided by NCI. Mr. Chambers' agreement also provides him with an automobile allowance and reimbursement for automobile insurance and mileage incurred for business use, four weeks of paid vacation each year, and business expense reimbursement. The agreement with Mr. Chambers further provides for certain cash payments and equity incentive awards that have previously been satisfied. The employment agreements were amended effective October 20, 2009 to make certain changes to the severance provisions contained therein. The severance and change of control benefits provided by the agreements are described below in the section titled "Potential Payments Upon Termination or Change in Control."

*Fiscal 2010 Bonus Program*

Our short-term incentive compensation program for our Named Executive Officers for Fiscal 2010 was dependent upon our attainment of a specified level of ROA and EPS Growth. The amount payable to a recipient of a Fiscal 2010 award under the Bonus Program is determined based on the ROA and EPS Growth levels actually attained by us for Fiscal 2010 and is equal to a specified percentage of the recipient's base salary. We must achieve the minimum threshold ROA or EPS Growth levels set by the Compensation Committee in order for any amounts to be payable pursuant to the Bonus Program. For Fiscal 2010, no annual bonuses were payable unless either (1) ROA was at least 15% or (2) EPS Growth was at least 10%. Any bonus amounts that become payable are paid following the completion of the applicable fiscal year. Because we did not achieve ROA of at least 15% or EPS Growth of at least 10%, no amounts were paid to our Named Executive Officers under the Bonus Program for Fiscal 2010. See

Compensation Discussion & Analysis "Annual Bonus" for additional information.

*Restricted Stock Awards*

Each of our Named Executive Officers received an annual grant and a special one-time grant of restricted stock under the Incentive Plan on December 11, 2009. All shares of restricted stock (including shares subject to the contingent portion of the annual restricted stock award) vest ratably over a four-year period (*i.e.*, 25% vest each year on the anniversary of the grant date), provided that the Named Executive

Officer remains an employee continuously from the date of grant through the applicable vesting date. Shares of restricted stock will become vested on a pro rata basis in the event (1) the Named Executive Officer's employment is terminated by NCI without cause, or (2) the Named Executive Officer terminates his employment for good reason, such pro rata vesting to be determined based on the number of months during the vesting period that the individual remained employed with NCI. Shares of restricted stock will fully vest (a) upon the Named Executive Officer's death or disability, (b) upon the Named Executive Officer's attainment of 65 years of age, or (c) upon the occurrence of a change of control. The restricted shares granted under the special one-time grants do not vest upon the Named Executive Officer's retirement or attainment of 65 years of age. While a Named Executive Officer holds shares of restricted stock, he is entitled to receive all dividends paid or delivered thereon as if he were a stockholder.

*Stock Options*

Each of our Named Executive Officers received a special one-time grant of non-qualified stock options under the Incentive Plan on December 11, 2009. Stock options vest ratably over a four-year period (i.e., 25% vest each year on the anniversary of the grant date), provided that the Named Executive Officer remains an employee continuously from the date of grant through the applicable vesting date. Stock options will become vested on a pro rata basis in the event (1) the Named Executive Officer's employment is terminated by NCI without cause, or (2) the Named Executive Officer terminates his employment for good reason, such pro rata vesting to be determined based on the number of months during the vesting period that the individual remained employed with NCI. In addition, stock options will become fully vested (1) upon the Named Executive Officer's death or disability or (2) upon the occurrence of a change of control. The options granted under the special one-time grants do not vest upon the Named Executive Officer's retirement or attainment of 65 years of age. Following termination of employment, a Named Executive Officer will have 60 days following the date of termination to exercise any vested stock options, except in the event of the Named Executive Officer's death, disability or retirement, the option may be exercised during the 180-day period following the event.

**Option Exercises and Stock Vested**

No shares of restricted stock held by our Named Executive Officers vested, and no stock options held by our Named Executive Officers were exercised, during Fiscal 2010.

We do not sponsor or maintain any plans that provide for specified retirement payments or benefits, such as tax-qualified defined benefit plans or supplemental executive retirement plans, for our Named Executive Officers.

**Table of Contents****Nonqualified Deferred Compensation**

The following table sets forth information concerning nonqualified deferred compensation benefits of each of our Named Executive Officers under the DCP for Fiscal 2010:

Name	Executive Contributions	Registrant Contributions	Aggregate Earnings	Aggregate Withdrawals/ Distributions	Aggregate Balance at Last
	in Last FY (\$)(a)	in Last FY (\$)	Last FY (\$)	(\$)	FY (b)(\$)

Mr. Dickinson	-0-	-0-	-0-	-0-	-0-
Mr. Robeson	16,424	-0-	818	-0-	17,242

- (a) Contributions made by the Named Executive Officers during Fiscal 2010 are included in each such executive's salary and bonus amounts, as applicable, as reported in the Summary Compensation Table.
- (b) Of the totals in the Aggregate Balance at Last FY column, the following amounts were reported as compensation in the Summary Compensation Table of our Proxy Statements in Fiscal 2009 and previous years pursuant to the SEC's current disclosure rules: Mr. Chambers, \$716,926, Mr. Johnson, \$161,059, Mr. Dobbins, \$0, Mr. Dickinson, \$0, and Mr. Robeson, \$0.

Eligible participants in the DCP include certain employees and non-employee directors of NCI who are selected by the Compensation Committee to participate. The DCP is a nonqualified retirement plan created to provide specified benefits to our highly compensated employees and directors. The DCP allows employees, including the Named Executive Officers, to defer up to 80% of their annual salaries and up to 90% of their annual cash bonuses, and allows NCI's non-employee directors to defer up to 100% of their annual fees and meeting attendance fees, until a specified date in the future, including at or after retirement. Elections to defer under the DCP must be made prior to the end of the year preceding the year the compensation will be earned. Elections to defer incentive payments based on services to be performed over at least a twelve-month period must be made no later than six months prior to the end of the designated performance period.

On March 6, 2009, NCI indefinitely suspended matching contributions under the DCP on contributions in excess of the applicable Internal Revenue Code limits on 401(k) plan contributions ( Restoration Match ), and no Restoration Match was made during Fiscal 2010. The DCP also allows discretionary matching contributions to provide a supplemental retirement benefit to executives. Messrs. Chambers, Dobbins and Dickinson are not eligible to receive discretionary matching contributions under the DCP until the value of the discretionary matching contributions that would otherwise have been made, with attributed earnings, exceeds the value of the special 2004 Long-Term Restricted Stock Awards as determined by the Compensation Committee. For Fiscal 2010, we determined to make discretionary matching contributions provided that NCI achieved ROA for Fiscal 2010 of 25%, as calculated under the Bonus Program. If target ROA was achieved, we would match the percentage of an executive officer's salary and bonus that he has voluntarily deferred under the DCP, up to a maximum of 12.5%. Because our ROA calculated under the Bonus Program was less than 25%, no discretionary contribution was made for Fiscal

**Table of Contents**

2010. Executives generally become vested in the Restoration Match in a manner consistent with NCI's match in the NCI 401(k) plan, which generally vests ratably over a five-year period. Discretionary matching contributions vest ratably over a three-year period. However, effective upon the consummation of the Equity Investment on October 20, 2009, all matching contributions then allocated to a participant's account under the DCP became 100% vested. Matching contributions allocated to a participant's account following October 20, 2009, will also become fully vested upon any subsequent change of control or upon the participant's retirement, death or disability.

Amounts deferred are deemed invested in one or more phantom investment funds and additional amounts are credited to participants' accounts based on the hypothetical earnings of such investments. In November 2009, the Compensation Committee approved the addition of purchasing employer stock as an investment option for certain of our executive officers. No above market or preferential earnings are paid under the DCP and, therefore, none of the earnings reported in column (d) above are included in the Summary Compensation Table. Participants may change their investment options at any time, subject to the administrative procedures adopted by the plan administrator and certain transfer restrictions on those executives who purchase NCI stock through the DCP. The table below shows the funds available in the DCP and the annual return of each for Fiscal 2010:

Investment Funds	Rate of Return
Columbia Acorn A	24.75%
American Funds EuroPacific Gr R5	12.83%
PIMCO Total Return A	10.94%
Fidelity Spartan 500 Index Advtg	16.45%
Government Money Market Fund Institutional	0.03%
NCI Stock Fund	1.14%

Withdrawal elections under the DCP will be made in conjunction with the deferral election, and the scheduled distribution date elected will be the first day of a plan year at least three years after the end of the plan year to which the amounts subject to the election relate. A participant may elect to receive distribution in a lump sum or in installments. Changes to withdrawal elections must be made at least 12 months prior to the initial elected payment date and must defer the new initial payment date at least five years. In-service withdrawals are permitted to satisfy an unforeseeable emergency plus the amounts anticipated to pay taxes on the withdrawal amount. If a participant withdraws amounts from the DCP upon an unforeseeable emergency, the participant's participation in the DCP may be suspended. Upon a change of control or the participant's death, disability or other termination (other than due to retirement), a participant will receive his vested plan account in a lump sum. Upon a change of control, a participant's deferral elections immediately terminate with respect to any prospective compensation payable following the change of control.

We have established a rabbi trust to provide for NCI's obligations under the DCP and have formed an administrative committee to manage the DCP and its assets. Pursuant to the Investment Agreement, effective on October 20, 2009, the DCP was amended to eliminate the right to appoint a third-party administrator of the DCP after October 20, 2009. Similarly, the rabbi trust that is the source of funding for obligations under the DCP was amended so that certain administrative protections that would have gone into effect following a change of control did not apply as a result of the Equity Investment. In addition, as a result of the amendment, the requirement to fully fund the rabbi trust upon a change of control did not apply as a result of the Equity Investment.

**Table of Contents****Potential Payments upon Termination or Change in Control**

We have entered into employment agreements with each of our Named Executive Officers that contain provisions regarding payments to be made to such individuals upon termination of their employment, including in connection with a change of control. These agreements are described in greater detail below and in the section of this Proxy Statement above entitled Narrative to the Summary Compensation Table and Grants of Plan Based Awards Table Employment Agreements. In addition, equity award agreements issued to our Named Executive Officers under the Incentive Plan contain provisions that provide for accelerated vesting of awards in the event of certain termination events and/or upon a change of control. These agreements are described in greater detail below and in the sections of this Proxy Statement above entitled Narrative to the Summary Compensation Table and Grants of Plan Based Awards Table Restricted Stock Awards and Stock Options.

*Employment Agreements*

The employment agreement with Mr. Chambers provides for certain payments to be made to him upon termination of his employment. If Mr. Chambers is terminated for cause or resigns without good reason, then he will be entitled to receive only salary and benefits earned by him or accrued for his account through the date of his termination. If, on the other hand, Mr. Chambers is terminated without cause or resigns for good reason, he will be entitled to cash severance, payable in installments, equal to the greater (i) two times his current base salary or (ii) his base salary through April 30, 2014. Further, Mr. Chambers' agreement provides that if he is terminated without cause or resigns for good reason within two years after a change of control, then he will be entitled to, within seven days of such termination, a lump-sum payment equal to the present value of his severance entitlements.

Mr. Chambers is subject to certain confidentiality obligations during and after his employment with us. In addition, Mr. Chambers is subject to certain noncompetition and nonsolicitation provisions for a period equal to three years following the later of (i) the date of his termination of employment with us, and (ii) the end of the period during which Mr. Chambers is entitled to receive compensation payments from us under the employment agreement.

Termination of Mr. Chambers' employment due to a breach of one of these covenants constitutes a termination for cause. The employment agreement does not prohibit the waiver of a breach of these covenants.

The employment agreements with our other Named Executive Officers also provide for severance benefits upon the occurrence of certain termination events. If employment is terminated for any reason other than termination in connection with a change of control, the Named Executive Officer will be entitled to receive the portion of such officer's earned annual base salary through the date of termination and any bonus to which such officer is entitled pursuant to the Bonus Program for a fiscal year ending prior to the date of termination. If a Named Executive Officer is terminated without cause or for good reason within 24 months following a change of control or a potential change of control, the Named Executive Officer is entitled to receive (i) a lump sum payment equal to two times his or her annual base salary (at the highest annualized rate in effect during the one year period prior to the change of control or potential change of control date) and (ii) medical and dental coverage at the active employee rate for a period of up to 18 months. Each Named Executive Officer is subject to confidentiality obligations during and after his employment, and is further bound by a covenant not to compete with us for the term of his or her employment and, in the event such executive officer receives a change of control payment, for a period of two (2) years following such executive officer's termination. The agreements with the Named Executive Officers also contain nonsolicitation provisions that apply for a period of three years following the longer of (a) the termination of the officer's employment or (b) the period during which the officer is entitled to receive payments under the agreement. Termination of a Named Executive Officer's employment due to breach of one of these covenants constitutes a termination for cause. The employment agreement does not prohibit the waiver of a breach of these covenants.

To the extent payments under the employment agreements to Mr. Chambers or any other Named Executive Officer constitute parachute payments within the meaning of Section 280G of the Internal Revenue Code, the payments to be received by the officer may be reduced to the extent a reduction in the

**Table of Contents**

payment amount would put the officer in a better after-tax position than he would be in if the excise tax under Section 4999 were imposed on such payments.

For purposes of the employment agreements, the following terms have been given the meanings set forth below:

(1) **cause** means (A) in the case of Mr. Chambers: (i) failure to devote appropriate business time to NCI that continues for 30 days after notice of such failure is received from NCI, (ii) disability of the officer, (iii) indictment, conviction or plea of nolo contendere with respect to a felony, (iv) failure to perform any material covenants under the employment agreement that is not cured within 30 days after notice is received from NCI, (v) failure to use commercially reasonable efforts to carry out directives of the Board of Directors or material violation of NCI's policies that is not cured within 30 days after notice is received from NCI, (vi) an act that brings NCI into public disgrace or harms its business operations, subject to a limited cure opportunity, (vii) habitual insobriety or illegal use of drugs, or (viii) failure to comply in any material respect with the company's corporate governance guidelines or code of business conduct and ethics that is not cured within 30 days following notice received from NCI; and (B) in the case of the other Named Executive Officers: (i) the officer's willful and continued failure to substantially perform his duties that continues for 30 days following notice received from NCI, (ii) officer's willful gross misconduct that materially and demonstrably injures NCI, or (iii) officer's conviction for committing fraud, embezzlement, theft or another felony, in each case, subject to a limited cure opportunity.

(2) **change of control** means (A) any person becomes the beneficial owner of 20% or more of the combined voting power of NCI, (B) as a result of, or in connection with, a tender or exchange offer, merger or other business combination, persons who were directors immediately before the transaction cease to constitute the majority of NCI's Board of Directors, (C) NCI is merged or consolidated with another company or transfers substantially all of its assets to another company and, as a result, less than 50% of the outstanding voting securities of the resulting company are owned in the aggregate by former NCI stockholders, or (D) a tender or exchange offer is made for 30 percent or more of the combined voting power of NCI.

(3) **good reason** means (A) reduction of the officer's then current base salary in excess of 10% in any 12 months period (or, in the case of Mr. Chambers, below \$400,000 per year), (B) a material reduction in the officer's title (or, in the case of Mr. Chambers, removal from the office of CEO and Chairman of the Board), (C) a material adverse reduction in the officer's duties or responsibilities (and, in the case of Mr. Chambers, a material adverse reduction in the nature or status of his authority), (D) breach or failure by NCI to perform any of its material covenants under the employment agreement, or (E) any relocation of the officer's principal place of employment outside the Houston, Texas metropolitan area. In addition, with respect to Mr. Chambers only, the term **good reason** includes (i) failure by NCI to maintain an annual cash bonus plan in substantially similar form as the Bonus Program or to provide Mr. Chambers with an annual cash bonus opportunity that permits him to earn total cash compensation substantially comparable to the total cash compensation of peer chief executive officers, or (ii) material reduction in the aggregate employee benefits available to Mr. Chambers from time to time.

(4) **potential change of control** means (A) NCI's entry into any agreement, the consummation of which would result in a **change of control**, (B) any person publicly announces an intention to take actions that, if consummated, would constitute a **change of control**, or (C) NCI's Board of Directors adopts a resolution to the effect that a **potential change of control** has occurred.

*Equity Incentive Awards*

Messrs. Chambers, Dobbins and Dickinson have received special 2004 Long-Term Restricted Stock Awards under the Incentive Plan. The agreements for those awards provide that each such grantee has the right to vote the shares and to receive dividends paid by us, whether in cash or stock, but may not transfer the shares until they are vested. The shares of restricted stock subject to the 2004 Long-Term Restricted Stock Awards will vest in full (i) when the grantee retires from his employment at or after attaining age 65, (ii) upon the grantee's death, (iii) if the grantee becomes disabled, (iv) upon the grantee's termination without

**Table of Contents**

cause by NCI or resignation for good reason, or (v) upon the occurrence of a change of control. As required by the Investment Agreement, the 2004 Long-Term Restricted Stock Awards were amended to provide that the Equity Investment did not constitute a change of control event for purposes of these awards. The grantee will forfeit the shares of restricted stock if such grantee's employment is terminated for any other reason, including voluntary termination or resignation without good reason or termination of employment for cause. In addition, each grantee must comply with noncompete and nonsolicitation covenants for the five years immediately following his receipt of any vested shares under his restricted stock award. If the grantee breaches these covenants, the grantee must either return the shares granted to him pursuant to the award, if he still owns them, or pay NCI the then current market value of the shares. For more information regarding the special long-term restricted stock grants, see NCI's proxy statement for the fiscal year ended November 2, 2008.

Each of our Named Executive Officers received an annual grant and a special one-time grant of restricted stock under the Incentive Plan on December 11, 2009. Shares of restricted stock will become vested on a pro rata basis in the event (1) the Named Executive Officer's employment is terminated by NCI without cause, or (2) the Named Executive Officer terminates his employment for good reason, such pro rata vesting to be determined based on the number of months during the vesting period that the individual remained employed with NCI. Shares of restricted stock will fully vest (a) upon the Named Executive Officer's death or disability, (b) upon the Named Executive Officer's attainment of 65 years of age, or (c) upon the occurrence of a change of control. The restricted shares granted under the special one-time grants do not vest upon the Named Executive Officer's retirement or attainment of 65 years of age.

Each of our Named Executive Officers received a special one-time grant of non-qualified stock options under the Incentive Plan on December 11, 2009. Stock options will become vested on a pro rata basis in the event (1) the Named Executive Officer's employment is terminated by NCI without cause, or (2) the Named Executive Officer terminates his employment for good reason, such pro rata vesting to be determined based on the number of months during the vesting period that the individual remained employed with NCI. Stock options will become fully vested (1) upon the Named Executive Officer's death or disability, or (2) upon the occurrence of a change of control. The options granted under the special one-time grants do not vest upon the Named Executive Officer's retirement or attainment of 65 years of age. Following termination of employment, a Named Executive Officer will have 60 days following the date of termination to exercise any vested stock options, except in the event of the Named Executive Officer's death, disability or retirement, the option may be exercised during the 180-day period following the event.

For purposes of the outstanding equity awards, the following terms shall have the meanings set forth below:

(a) cause has substantially the same meaning given such term in Mr. Chambers' employment agreement but is limited to clauses (i), (iii), (v), (vi), (vii) and (viii) above.

(b) change of control has the same meaning given such term in the employment agreements, except that the Equity Investment does not constitute a change of control for purposes of the special 2004 Long-Term Restricted Stock Awards.

(c) disability has the meaning prescribed in the then effective long-term disability plan of NCI that covers the Named Executive Officer or, in the absence of such a plan, the permanent and total disability of a person within the meaning of Section 22(e)(3) of the Internal Revenue Code.

(d) good reason has the same meaning given such term in the employment agreement of the respective Named Executive Officers who hold such awards.

***Quantification of Payments***

The following table estimates the value of the payments and benefits that each of our Named Executive Officers would receive if his or her employment terminated or a change of control occurred on

**Table of Contents**

October 29, 2010 (the last business day of Fiscal 2010) under the circumstances shown and making the indicated assumptions. The table excludes (i) amounts accrued through Fiscal 2010 year-end that would be paid in the normal course of continued employment, such as accrued but unpaid salary, (ii) benefits generally available to all of our salaried employees, and (iii) stock options with a strike price below the stock price on October 29, 2010. The amounts disclosed assume that the price of our Common Stock was \$9.91, which was the closing price of our stock on October 29, 2010. The amounts below have been calculated using numerous other assumptions that we believe are reasonable; however, the actual amounts to be paid out are dependent on various factors, which may or may not exist at the time a Named Executive Officer is actually terminated and/or a change of control actually occurs. Therefore, such amounts and disclosures should be considered forward looking statements.

- (a) Payable upon termination without cause or for good reason following a change in control. Outstanding restricted stock and stock options fully vest upon a change in control irrespective of a Named Executive Officer's termination of employment.
- (b) Severance payment under Mr. Chambers' employment agreement. Upon a termination without cause or resignation for good reason (including during the two-year period following a change in

**Table of Contents**

- control), Mr. Chambers will receive cash severance equal to the greater of (1) two times his base salary and (2) his then-current salary paid for the remaining term of the agreement (3.5 years at October 31, 2010). See Potential Payments Upon Termination or Change in Control Employment Agreements.
- (c) The accelerated vesting of stock options results in an amount equal to the difference between the exercise price for each option and the market price per share of the Common Stock (which, as of October 29, 2010, was \$9.91), multiplied by the number of option shares. The accelerated vesting of restricted stock is based upon the closing price per share of NCI's Common Stock on the New York Stock Exchange on October 29, 2010 of \$9.91, multiplied by the number of shares of restricted stock that would vest upon occurrence of the event indicated, less the par value of the shares (\$0.01 per share) paid by the Named Executive Officer.
- (d) Messrs. Chambers, Dobbins and Dickinson have received 2004 Long-Term Restricted Stock Awards that will vest in full only on retirement, as defined in the agreements governing such grants, unless vesting is accelerated by the occurrence of certain limited events, as indicated in the table above. For additional information regarding these special long-term grants, please see NCI's proxy statement for the fiscal year ended November 2, 2008, Compensation Discussion & Analysis Long-Term Incentive Compensation Long-Term Restricted Stock Grants.
- (e) Under the executive officer's employment agreement, the executive officer's designated beneficiaries would have been entitled to the amounts set forth in the table above if the officer had died in Fiscal 2010.
- (f) Upon a qualifying termination following a change in control, the executive will be entitled to receive two times his annual base salary at the highest annualized rate in effect during the one-year period immediately preceding the date of the change in control event.

**Compensation of Directors**

Directors of NCI who are also employees of NCI do not receive compensation for their service as directors. In addition to reimbursing our non-employee directors for the expenses incurred to attend and/or participate in meetings, we pay non-employee directors the following amounts:

Annual Retainer Fee	\$35,000
Board Meeting Fee	\$ 3,000
Committee Meeting Fee (in the absence of Board meeting on the same day)	\$ 1,500
Executive Committee Fee (in the absence of Board meeting on the same day)	\$ 750
Chairman of Audit Committee	\$15,000
Chair of Nominating and Corporate Governance Committee	\$10,000
Chair of Compensation Committee	\$10,000
Chair of Preferred Dividend Payment Committee	\$10,000

In addition, each non-employee director receives a grant of restricted stock and/or stock options under the Incentive Plan having an aggregate fair market value of \$60,000 on December 15 of each year, provided that the non-employee director has served as a director for at least six months. Upon initial election to the Board, new directors receive a grant of 300 shares of restricted stock. The stock awards generally vest ratably over a four-year period, subject to accelerated vesting upon the occurrence of certain specified events. These certain specified events include (1) the grantee's death during the grantee's continuous service, (2) the grantee's disability during the grantee's continuous service, (3) the grantee's inability to stand for re-election due to age limitations set forth in our by-laws and corporate governance guidelines, during continuous

service, (4) the grantee's failure to be nominated for re-election or failure to be re-elected if the grantee remains in continuous service until the expiration of his or her term, and (5) upon a change of control.

Messrs. Berges, Sleeper and Zrebiec have assigned all of the compensation each would receive for his services as a director, including any shares of restricted stock, to CD&R, LLC or its affiliates. In the same manner as our other directors, Mr. Berges received reimbursement for travel and other out-of-pocket expenses incurred in connection with his functions and duties as a director, except that Mr. Berges is also entitled to reimbursement of up to \$150,000 in the aggregate per calendar year for actual air travel expenses for NCI-related purposes on our corporate aircraft in lieu of reimbursement based on the cost of commercial air travel.
