PROXY STATEMENT

QCR Holdings, Inc., a Delaware corporation, is the holding company for Quad City Bank and Trust Company, Cedar Rapids Bank and Trust Company, and Rockford Bank and Trust Company. Quad City Bank & Trust is an Iowa banking association located in Bettendorf, Iowa, with banking locations in Bettendorf and Davenport, Iowa and in Moline, Illinois. Quad City Bank & Trust owns 80% of the equity interests of m2 Lease Funds, LLC, a Wisconsin limited liability company based in Milwaukee that is engaged in the business of leasing machinery and equipment to businesses under direct financing lease contracts. Cedar Rapids Bank & Trust is an Iowa banking association located in Cedar Rapids, Iowa. Rockford Bank & Trust is an Illinois state bank located in Rockford, Illinois. QCR Holdings also owns all of the common stock of five business trust subsidiaries that were created to issue trust preferred securities. When we refer to our banking subsidiaries in this proxy statement, we are collectively referring to Quad City Bank & Trust, Cedar Rapids Bank & Trust, and Rockford Bank & Trust. When we refer to our subsidiaries in this proxy statement, we are collectively referring to our banking subsidiaries, as well as our business trusts.

This proxy statement is furnished in connection with the solicitation by the board of directors of QCR Holdings of proxies to be voted at the annual meeting of stockholders to be held at the Quad Cities Waterfront Convention Center located at 2021 State Street, Bettendorf, Iowa, on May 4, 2011, at 10:00 a.m., local time, and at any adjournments or postponements of the meeting. We have enclosed a copy of our 2010 Annual Report, which includes consolidated financial statements of QCR Holdings and our subsidiaries. This proxy statement and related materials are first being mailed to stockholders of QCR Holdings on or about March 28, 2011.

The following is information regarding the meeting and the voting process, and is presented in a question and answer format.

Why am I receiving this proxy statement and proxy card?

You are receiving a proxy statement and proxy card from us because on March 9, 2011, the record date for the annual meeting, you owned shares of QCR Holdings common stock. This proxy statement describes the matters that will be presented for consideration by the stockholders at the annual meeting. It also gives you information concerning those matters to assist you in making an informed decision.

When you sign the enclosed proxy card, you appoint the proxy holder as your representative at the meeting. The proxy holder will vote your shares as you have instructed in the proxy card, thereby ensuring that your shares will be voted whether or not you attend the meeting. Even if you plan to attend the meeting, you should complete, sign and return your proxy card in advance of the meeting just in case your plans change.

If you have signed and returned the proxy card and an issue comes up for a vote at the meeting that is not identified on the card, the proxy holder will vote your shares, pursuant to your proxy, in accordance with his or her judgment.

What matters will be voted on at the meeting?

You are being asked to vote on:

election of four Class III directors for a term expiring in 2014;

approval of a non-binding advisory proposal on compensation of certain executive officers;

approval of an amendment to the 2005 Deferred Income Plan to increase the maximum number of shares that may be delivered to the participants under the plan; and

approval and ratification of the selection of independent registered public accountants.

These matters are more fully described in this proxy statement.

If I am the record holder of my shares, how do I vote?

You may vote by mail, by telephone, by internet or in person at the meeting. To vote by mail, complete and sign the enclosed proxy card and mail it in the enclosed pre-addressed envelope. No postage is required if mailed in the United States. If you mark your proxy card to indicate how you want your shares voted, your shares will be voted as you instruct.

If you sign and return your proxy card but do not mark the card to provide voting instructions, the shares represented by your proxy card will be voted for all nominees named in this proxy statement and for each of the other proposals described in this proxy statement.

Although you may vote by mail, we ask that you vote instead by internet or telephone, which saves us postage and processing costs.

You may vote by telephone by calling the toll-free number specified on your proxy card or by accessing the internet website specified on your proxy card and by following the preprinted instructions on the proxy card. If you submit your vote by internet, you may incur costs, such as cable, telephone and internet access charges. Votes submitted by telephone or internet must be received by midnight CDT on Monday, May 2, 2011. The giving of a proxy by either of these means will not affect your right to vote in person if you decide to attend the meeting.

If you want to vote in person, please come to the meeting. We will distribute written ballots to anyone who wants to vote at the meeting. Please note, however, that if your shares are held in the name of a broker or other fiduciary (or in what is usually referred to as street name), you will need to arrange to obtain a legal proxy from that person or entity in order to vote in person at the meeting. Even if you plan to attend the meeting, you should complete, sign and return your proxy card in advance of the meeting just in case your plans change.

If I hold shares in the name of a broker or fiduciary, who votes my shares?

If you received this proxy statement from your broker or other fiduciary, your broker or fiduciary should have given you instructions for directing how that person or entity should vote your shares. It will then be your broker or fiduciary's responsibility to vote your shares for you in the manner you direct. Please complete, execute and return the proxy card in the envelope provided by your broker.

Under the rules of various national and regional securities exchanges, brokers generally may vote on routine matters, such as the ratification of the engagement of an independent public accounting firm, but may not vote on non-routine matters unless they have received voting instructions from the person for whom they are holding shares. The election of directors, the approval of an amendment to the 2005 Deferred Income Plan and the approval of a non-binding, advisory proposal on executive compensation are all non-routine matters, and consequently, your broker or fiduciary will not have discretionary authority to vote your shares on these matters. If your broker or fiduciary does not receive instructions from you on how to vote on these matters, your broker or fiduciary will return the proxy card to us, indicating that he or she does not have the authority to vote on these matters. This is generally referred to as a broker non-vote and may affect the outcome of the voting on those matters.

We therefore encourage you to provide directions to your broker or fiduciary as to how you want your shares voted on all matters to be brought before the 2011 annual meeting. You should do this by carefully following the instructions your broker gives you concerning its procedures. This ensures that your shares will be voted at the meeting.

A number of banks and brokerage firms participate in a program that also permits stockholders to direct their vote by telephone or internet. If your shares are held in an account at such a bank or brokerage firm, you may vote your shares by telephone or internet by following the instructions on their enclosed voting form. If you submit your vote by internet, you may incur costs, such as cable, telephone and internet access charges. Voting your shares in this manner will not affect your right to vote in person if you decide to attend the meeting, however, you must first request a legal proxy either on the internet or the enclosed proxy card. Requesting a legal proxy prior to the deadline stated above will automatically cancel any voting directions you have previously given by internet or by telephone with respect to your shares.

What does it mean if I receive more than one proxy card?

It means that you have multiple holdings reflected in our stock transfer records and/or in accounts with brokers. Please sign and return ALL proxy forms to ensure that all your shares are voted. If you received more than one proxy card but only one copy of the proxy statement and annual and transitional reports, you may request additional copies from us at any time.

What if I change my mind after I return my proxy?

If you hold your shares in your own name, you may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

signing another proxy with a later date and returning that proxy to us;

timely submitting another proxy via the telephone or internet;

sending notice to us that you are revoking your proxy; or

voting in person at the meeting.

If you hold your shares in the name of your broker or through a fiduciary and desire to revoke your proxy, you will need to contact that person or entity to revoke your proxy.

How many votes do we need to hold the annual meeting?

A majority of the shares that are outstanding and entitled to vote as of the record date must be present in person or by proxy at the meeting in order to hold the meeting and conduct business.

Shares are counted as present at the meeting if the stockholder either:

is present in person at the meeting; or

has properly submitted a signed proxy card or other proxy.

On March 9, 2011, the record date, there were 4,705,666 shares of common stock outstanding. Therefore, at least 2,352,834 shares need to be present in person or by proxy at the annual meeting in order to hold the meeting and conduct business.

What happens if a nominee is unable to stand for election?

The board may, by resolution, provide for a lesser number of directors or designate a substitute nominee. In the latter case, shares represented by proxies may be voted for a substitute nominee. Proxies cannot be voted for more than the number of nominees presented for election at the meeting. The board has no reason to believe any nominee will be unable to stand for election.

What options do I have in voting on each of the proposals?

You may vote for or withhold authority to vote for each nominee for director. You may vote for, against or abstain from each of the proposals described in this proxy statement and on any other proposal that may properly be brought before the meeting.

How many votes may I cast?

Generally, you are entitled to cast one vote for each share of stock you owned on the record date. The proxy card included with this proxy statement indicates the number of shares owned by an account attributable to you.

How many votes are needed for each proposal?

Our directors are elected by a plurality and the four individuals receiving the highest number of votes cast for their election will be elected as Class III directors of QCR Holdings. A withhold authority to vote for will have the same effect as a vote against the election of a particular director.

Approval of the proposal on executive compensation, the amendment to the 2005 Deferred Income Plan, the appointment of McGladrey & Pullen, LLP as our independent registered public accounting firm, and all other proposals, must receive the affirmative vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote. Abstentions will have the effect of voting against these proposals. Broker non-votes are not considered to be entitled to vote and will not have any effect on the voting of these matters. Because the vote on the resolution regarding executive compensation is advisory, it will not be binding upon the board of directors.

Also, please remember that the election of directors, the amendment to the 2005 Deferred Income Plan and the proposal on executive compensation are each considered to be a non-routine matter. As a result, if your shares are held by a broker or other fiduciary, it cannot vote your shares on these matters unless it has received voting instructions from you.

Where do I find the voting results of the meeting?

If available, we will announce voting results at the meeting. The voting results will also be disclosed on a Form 8-K that we will file within four business days after the annual meeting.

Who bears the cost of soliciting proxies?

We will bear the cost of soliciting proxies. In addition to solicitations by mail, officers, directors or employees of QCR Holdings or of our subsidiaries may solicit proxies in person or by telephone. These persons will not receive any special or additional compensation for soliciting proxies. We may reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

Important Notice Regarding the Availability of Proxy Materials for the Stockholder Meeting to be Held on May 4, 2011.

Prior to his retirement, he served in that position since 1982. Mr. Peterson serves on the board of directors of First State Bank of Illinois, and is Treasurer and Vice President of First State Bancorporation, Inc. He currently serves as President of the La Harpe Educational Foundation, a co-chairman of the McDonough District Hospital Development Council and is a member of the board of directors and is president-elect of the Macomb Rotary Club. He is a past treasurer of the Western Illinois University Foundation, and is a current member of the Foundation's Executive Committee. In 2005, Mr. Peterson was named Banker of the Year by the Illinois Bankers Association. Mr. Peterson has been a director of Quad City Bank & Trust since its formation in October 1993, and currently serves as Chair of its Loan Committee. We consider Mr. Peterson to be a qualified candidate for service on the board and the committees he is a member of due to his experience in the banking industry serving as the President and Chief Executive Officer of First State Bank of Illinois, located in La Harpe, Illinois.

John A. Rife began his career with United Fire & Casualty Company, when he joined United Life Insurance Company, a subsidiary of United Fire in 1976 as a training director. In 1984, he became President of United Life. He was appointed President of United Fire in 1997 and Chief Executive Officer of United Fire in 2000. In 2007, he retired as President and Chief Executive Officer of United Fire and in 2009, he retired as President and Chief Executive Officer of United Life. Also in 2009, Mr. Rife was named Vice Chairman of the board of directors of United Fire and President of the McIntyre Foundation. He also serves on the boards of trustees of United Way of East Central Iowa, Mercy Medical Center and Mt. Vernon Community Schools Foundation. He is a past board member of Cedar Rapids Bank & Trust, the Cedar Rapids Area Chamber of Commerce and Priority One, an economic development division of the chamber. We consider Mr. Rife to be a qualified candidate for service on the board and the Nomination and Governance Committee due to his past experience as the President and Chief Executive Officer of a publicly traded insurance company headquartered in Cedar Rapids, Iowa, one of our market areas, and his knowledge of the business community in this area.

Donna J. Sorensen is President of Sorensen Consulting, a management consulting and executive coaching firm. Ms. Sorensen earned her undergraduate degree from Marycrest College and her Juris Doctorate degree from the University of Iowa College of Law. She has twenty years of prior experience in trust and investment management serving as Executive Vice President Institutional Trust for U.S. Bank (formerly Firststar Bank). Ms. Sorensen currently serves on the board of the University of Iowa Presidential Committee on Athletics, is President of board of trustees of the Brucemore National Historic Trust Site and is a member of the Iowa State Bar Association. She has been a director of Cedar Rapids Bank & Trust since 2002, and she currently serves as Chair of its Board Wealth Management Committee. We consider Ms. Sorensen to be a qualified candidate for service on the board and the committees she is a member of due to her experience as the President of a consulting firm in Iowa City, Iowa, her prior banking experience and her education and training as an attorney.

John D. Whitcher is Vice President and General Counsel, as well as Director and Shareholder, of Viking Chemical Company. Mr. Whitcher earned his undergraduate and Juris Doctorate degrees from Southern Methodist University. He is a past director of Rockford Health System, the largest health system in the region, and previously served as chairman of the audit committee and is a past member of the finance committee, planning committee and the executive compensation committee. He is a past chairman of the board of both the Northern Illinois Chapter of Big Brothers/Big Sisters and the Crusader Clinic Health Foundation and remains active in the Rockford community. Mr. Whitcher has been a director of Rockford Bank & Trust since its formation in January 2005, and was named its Chairman in May 2009. We consider Mr. Whitcher to be a qualified candidate for service on the board and the committees he is a member of due to his experience as Vice President and General Counsel of a chemical company in Rockford, Illinois, one of our market areas, his knowledge of the business community in this area and his education and training as an attorney.

Marie Z. Ziegler is Vice President and Treasurer of Deere & Company. Ms. Ziegler joined Deere & Company in 1978 as a consolidation accountant and has held management positions in finance, treasury operations, strategic planning and investor and banking relations. Most recently, she served as Vice President, Investor Relations for the company. Ms. Ziegler is a 1978 graduate of St. Ambrose University, with a bachelor of arts in accounting. She received her CPA in 1979 and an MBA from the University of Iowa in 1985. Ms. Ziegler is on the board of trustees for the Two Rivers YMCA (Moline, Illinois), the Community Foundation of the Great River Bend (Davenport, Iowa) and on the fundraising committee of Playcrafters Barn Theatre (Moline, Illinois). She is a member of The University of Iowa's College of Business Board of Visitors. Ms. Ziegler is a past member of Unified Growth Strategy Committee of the Illinois Quad City Chamber of Commerce, and a past member of the board of the Girl Scouts of the Mississippi Valley, Inc., Trinity Regional Health System and Trinity Medical Center. She also served on the Deere & Company Credit Union board, and as a member of the board of the United Way of the Quad Cities, chaired its 2003 Quad Cities United Way Campaign. She also is past treasurer of fundraising for Playcrafters Barn Theatre, Moline. We consider Ms. Ziegler to be a qualified candidate for service on the board and the committees she is a member of due primarily to the knowledge and experience regarding public companies she gained in her role as Vice President and Treasurer of Deere & Company, a publicly-traded company with over \$26 billion in annual revenues. At Deere & Company, Ms. Ziegler regularly interacts with banks, institutional investors and sell side analysts as a company representative,

and this experience with participants in the public marketplace makes her a valuable contributor as a director of QCR Holdings. Ms. Ziegler is also involved with a number of charitable organizations headquartered in communities served by QCR Holdings, providing her with business connections and extensive knowledge of our market areas.

CORPORATE GOVERNANCE AND THE BOARD OF DIRECTORS

General

Generally, the board oversees our business and monitors the performance of our management. In accordance with our corporate governance procedures, the board does not involve itself in the day-to-day operations of QCR Holdings, which is monitored by our executive officers and management. Our directors fulfill their duties and responsibilities by attending regular meetings of the full board, which are held no less frequently than quarterly. Our directors also discuss business and other matters with Mr. Hultquist, our Chief Executive Officer, other key executives and our principal external advisers (legal counsel, auditors and other consultants). Prior to our 2010 annual meeting, the board was comprised of twelve directors. At the 2010 annual meeting, our stockholders approved an amendment to our Certificate of Incorporation to increase the maximum size of the board to fifteen members. Shortly following the meeting, the board increased the size of the board from twelve to thirteen members, and appointed Mr. Baird to fill the vacancy as a Class II director.

Incumbent directors Baird, Brownson, Kilmer, Lawson, Peters, Peterson, Rife, Sorensen, Whitcher and Ziegler are deemed to be independent as that term is defined by Nasdaq. Continuing directors Gipple, Helling, and Hultquist are not considered to be independent because they also serve as executive officers of either QCR Holdings or one of our subsidiaries.

During 2010, the board of directors had an Audit Committee, a Risk Oversight and Executive Committee, a Nomination and Governance Committee, a Compensation Committee and a Strategic Direction Committee. The current charters of these committees are available on our website at www.qcrh.com. Also posted on the website is general information regarding QCR Holdings and our common stock, many of our corporate policies, and links to our filings with the Securities and Exchange Commission.

A total of five regularly scheduled and special meetings were held by the board of directors of QCR Holdings in 2010. In 2010, all directors attended at least 75 percent of the meetings of the board and the committees on which they served during the period they served on the board. Although we do not have a formal policy regarding director attendance at the annual meeting, we encourage our directors to attend. Last year, all of the directors but two were present at the annual meeting.

Committees of the Board of Directors

Audit Committee. The Audit Committee consists of directors Brownson, Kilmer, Lawson and Ziegler. Each of the members is considered independent according to the Nasdaq listing requirements and the regulations of the Securities and Exchange Commission. The board of directors has determined that Ms. Ziegler qualifies as an Audit Committee Financial Expert as that term is defined by the regulations of the Securities and Exchange Commission. The board based this decision on Ms. Ziegler's educational and professional experience, including her current service as Vice President and Treasurer of Deere & Company.

The functions performed by the Audit Committee include, but are not limited to, the following:

- selecting our independent auditors and pre-approving all engagements and fee arrangements;

- reviewing the independence of the independent auditors;

- reviewing actions by management on recommendations of the independent auditors and internal auditors;

- meeting with management, the internal auditors and the independent auditors to review the effectiveness of our system of internal control and internal audit procedures;

- reviewing our earnings releases and reports filed with the Securities and Exchange Commission; and

- reviewing reports of bank regulatory agencies and monitoring management's compliance with recommendations contained in those reports.

To promote independence of the audit function, the Audit Committee consults separately and jointly with the independent auditors, the internal auditors and management. The Audit Committee has adopted a written charter, which sets forth the committee's duties and responsibilities. The current charter of the Audit Committee is available on our website at www.qcrh.com. Mr. Lawson serves as Chairman of the committee, which met four times in 2010.

Risk Oversight and Executive Committee. Prior to August 2010, we had an Executive Committee consisting of directors Brownson, Gipple, Helling, Hultquist, Kilmer, Lawson, and Peters. The Executive Committee was authorized to act with the same authority as the board of directors between meetings of the board, subject to certain limitations set forth in the committee's charter. In connection with the board's desire to continue to actively monitor and oversee the risk management process, the board changed the name of the Executive Committee to the Risk Oversight and Executive Committee in August 2010, and the committee was charged with being the primary board committee to oversee QCR Holdings' overall risk management. The membership of the committee was changed to add directors Baird and Whitcher to the above named directors. Additional information regarding risk oversight and the committee's role is found on pages 15 and 16 of this proxy statement. The committee retained the same authority it had in the past regarding its ability to act on the full board's behalf on certain actions, if needed. Although this authority allows the board to act quickly on matters requiring urgency when the full board is not available to meet, it is not intended to supplant the authority of the full board. The committee's responsibilities and functions are further described in its charter, which is available on our website at www.qcrh.com. Mr. Brownson serves as Chairman of the committee, which met twice during 2010.

Nomination and Governance Committee. The Nomination and Governance Committee consists of directors Brownson, Peterson, Rife, Sorensen and Whitcher. Each of these directors is considered to be independent according to Nasdaq listing requirements. The primary purposes of the committee are to identify and recommend individuals to be presented to our stockholders for election or re-election to the board of directors and to review and monitor our policies, procedures and structure as they relate to corporate governance. The committee's responsibilities and functions are further described in its charter, which is available on our website at www.qcrh.com. Mr. Brownson serves as Chairman of the committee, which met three times during 2010.

Compensation Committee. The Compensation Committee consists of directors Brownson, Lawson, Peterson, Whitcher, and Ziegler. Each of these directors is considered to be independent according to the Nasdaq listing requirements, outside as defined in Section 162(m) of the Internal Revenue Code and a non-employee as defined in Section 16 of the Securities Exchange Act of 1934. The purpose of the committee is to determine the salary and bonus to be paid to Mr. Hultquist, our Chief Executive Officer, and to make a recommendation regarding his compensation to the full board for approval. The committee also reviews and recommends to the board for approval the salaries and bonuses for our other executive officers. The Compensation Committee has taken a number of actions in 2009, 2010 and 2011 to comply with the provisions of the TARP rules (as described in the Executive Compensation section of this proxy, beginning on page 17.) as well as other applicable risk assessment rules. The members of the committee have reviewed, with the senior risk officer of QCR Holdings, the senior executive officer (CEO) compensation plans and have made all reasonable efforts to ensure that these plans do not encourage CEOs to take unnecessary and excessive risks that threaten the value of QCR Holdings. They have also reviewed, with the senior risk officer of QCR Holdings, the employee compensation plans and have made reasonable efforts to limit any unnecessary risks these plans pose to QCR Holdings and to eliminate any features of these plans that would encourage the manipulation of reported earnings to enhance the compensation of any employee. The committee's responsibilities and functions are further described in its charter, which is available on our website at www.qcrh.com. Mr. Whitcher serves as Chairman of the committee, which met six times during 2010.

Strategic Direction Committee. In 2010, the Strategic Direction Committee consisted of directors Baird, Brownson, Gipple, Helling, Hultquist, Kilmer, Lawson, Peters and Sorensen, as well as John H. Harris, director of Quad City Bank & Trust, who serves on the committee in an advisory capacity. The Strategic Direction Committee performs policy reviews and oversees and directs the strategic planning process, including QCR Holdings' Information Technology strategy. Mr. Baird serves as Chairman of the committee, which met twice during 2010.

Consideration of Director Candidates

Director Nominations and Qualifications. For the 2011 annual meeting, the Nomination and Governance Committee nominated for re-election to the board the four incumbent directors, whose terms are set to expire in 2011. This nomination was further approved by the full board. We did not receive any stockholder nominations for director for the 2011 annual meeting.

In carrying out its nominating function, the Nomination and Governance Committee has developed qualification criteria for initial board membership, and all potential nominees for election, including incumbent directors, board nominees and those stockholder nominees included in the proxy statement, are reviewed for the following attributes:

integrity and high ethical standards in the nominee's professional life;

sufficient educational and professional experience, business experience or comparable service on other boards of directors to qualify the nominee for service to the specific board for which he or she is being considered;

evidence of leadership and sound judgment in the nominee's professional life;

whether the nominee is well recognized in the community and a demonstrated record of service to the community;

a willingness to abide by any published code of ethics for the company; and

a willingness and ability to devote sufficient time to carrying out the duties and responsibilities required of a board member.

The committee also evaluates potential nominees to determine if they have any conflicts of interest that may interfere with their ability to serve as effective board members, to determine if they meet QCR Holdings' age eligibility requirements (a person who has reached age 72 before the date of the annual meeting is not eligible for election to the board) and to determine whether they are independent in accordance with Nasdaq requirements (to ensure that at least a majority of the directors will, at all times, be independent). While we do not have a separate diversity policy, the committee does consider the diversity of its directors and nominees in terms of knowledge, experience, skills, expertise, and other demographics which may contribute to the board. The committee has not, in the past, retained any third party to assist it in identifying candidates, but it has the authority to retain a third party firm or professional for the purpose of identifying candidates.

The committee identifies nominees by first evaluating the current members of the board willing to continue in service whose term is set to expire at the upcoming annual stockholder meeting to determine if those individuals satisfy the qualification criteria for continued membership on the board of directors. Prior to nominating an existing director for re-election to the board, the committee considers and reviews the following attributes with respect to each existing director:

board and committee attendance and performance;

length of board service;

experience, skills and contributions that the existing director brings to the board;

independence and any conflicts of interest; and

any significant change in the existing director's status, including the attributes considered for initial board membership.

Current members of the board who satisfy the qualification criteria described above and who are willing to continue in service are considered for re-nomination. If any member of the board does not wish to continue in service or if the committee or the board decides not to re-nominate a member for re-election, the committee would determine whether or not the position would be filled and, if so, would identify the desired skills and experience of a new nominee.

Code of Business Conduct and Ethics

We have a code of business conduct and ethics in place that applies to all of our directors and employees. The code sets forth the standard of ethics that we expect all of our directors and employees to follow, including our Chief Executive Officer and Chief Financial Officer. The code is posted on our website at www.qcrh.com. We have satisfied and intend to continue to satisfy the disclosure requirements under Item 5.05 of Form 8-K regarding any amendment to or waiver of the code with respect to our Chief Executive Officer and Chief Financial Officer, and persons performing similar functions, by posting such information on our websites.

Board Leadership Structure

Since January 1, 2007, we have kept the positions of Chairman of the Board and Chief Executive Officer separate. Currently, Mr. Brownson holds the position of Chairman of the Board, and Mr. Hultquist holds the position of Chief Executive Officer. Mr. Brownson is considered to be independent according to Nasdaq listing requirements.

While our bylaws do not require our Chairman and Chief Executive Officer positions to be separate, the board believes that having separate positions and having an independent outside director serve as Chairman is the appropriate leadership structure for the company at this time and demonstrates our commitment to good corporate governance. Separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Chairman to lead the board in its fundamental role of providing advice to and independent oversight of management. We believe that having an independent Chairman eliminates the conflicts of interest that arise when the positions are held by one person. In addition, this leadership structure allows the board to more effectively monitor and evaluate the performance of our Chief Executive Officer.

To further enhance the role of the independent directors on our board and consistent with Nasdaq listing requirements, the board's independent directors regularly have the opportunity to meet without Messrs. Gipple, Helling or Hultquist in attendance. Mr. Brownson presides over these sessions.

The Board's Role in Risk Oversight

While management is responsible for the day-to-day management of risks QCR Holdings faces, oversight of our risk management is central to the role of the board. As mentioned above, in August 2010, the board renamed the Executive Committee to the Risk Oversight and Executive Committee and charged it with the primary responsibility for overseeing QCR Holdings' risk management processes, including those relating to organizational, legal and compliance risk, on behalf of the board. The members of the Risk Oversight and Executive Committee discuss our risk assessment and risk management policies, provide oversight, and inquire about significant risks and exposures, if any, and the steps taken to monitor and minimize such risks.

In addition, other board committees have been assigned oversight responsibility for specific areas of risk and risk management, and each committee consider risks within their areas of responsibility. The Audit Committee is responsible for monitoring our financial reporting process and system of internal controls including controls related to risk management. The Compensation Committee is chiefly responsible for compensation-related risks. The members of the Compensation Committee discuss and review the key business and other risks we face and the relationship of those risks to certain compensation arrangements. Such review is intended to comply with the requirements of the TARP rules as well as the Federal Reserve's (and other financial institutions regulators) and the Securities and Exchange Commission's requirement to assess risk related to compensation plans (each as more fully described in the Executive Compensation section of this proxy, beginning on page 17). The subsidiary banks' Loan Committees have primary responsibility for credit risk. Each of these committees receives regular reports from management regarding our risks and reports regularly to the Risk Oversight and Executive Committee or the full board concerning risk.

The notice must set forth: (i) a brief description of the proposal and the reasons for conducting such business at the meeting; (ii) the name and address of the proposing stockholder; (iii) the number of shares of the corporation's common stock beneficially owned by the stockholder on the date of the notice; and (iv) any financial or other interest of the stockholder in the proposal. Stockholder proposals brought under this paragraph will not be included in our proxy statement.

EXECUTIVE COMPENSATION

QCR Holdings maintains a comprehensive compensation program. The compensation program is designed to attract and retain key employees, motivate the key employees to achieve and to reward key employees for superior performance. The overall design of the compensation programs strives to balance short and long-term performance goals, with the ultimate goal being the increase of stockholder value over the long term. With respect to the individuals named in the Summary Compensation Table, the compensation program includes: salary, annual cash incentive bonus, long-term incentive compensation (which is delivered primarily through equity awards) and other benefits and perquisites. Prior to 2009, the executive compensation program had been administered by the Executive Committee but it is now administered by the Compensation Committee.

Regulatory Environment

In order to more fully understand the Compensation Committee's decisions with respect to compensation during 2010, the Committee believes it is beneficial to understand the regulatory context in which these decisions were made.

Troubled Asset Relief Program

On February 13, 2009, QCR Holdings became a participant in the Treasury's Troubled Asset Relief Program (TARP) by participating in the Capital Purchase Program element of TARP. As a result of its participation in TARP, QCR Holdings and certain of its employees have been and will continue to be subject to compensation related limitations and restrictions for the period that the company continues to participate in TARP. The TARP compensation limitations and restrictions include the following:

Except in limited circumstances, our five most highly compensated employees (as determined on an annual basis) are prohibited from receiving cash bonus payments during the TARP period. Our named executive officers were all subject to this prohibition during 2010 and will continue to be restricted under this prohibition in 2011.

Except in limited circumstances, our named executive officers and next five most highly compensated employees (each as determined on an annual basis) are prohibited from receiving any severance payments upon a termination of employment or any payments triggered by the occurrence of a change in control.

Our named executive officers and next 20 most highly compensated employees are subject to a clawback of incentive compensation if that compensation is based on materially inaccurate financial statements or performance metrics. Further, no one in this group of employees can receive any tax gross-up payment during the TARP period.

QCR Holdings is limited to an annual deduction of \$500,000 with respect to the compensation paid to each of our named executive officers.

The TARP rules further required QCR Holdings to adopt an Excessive or Luxury Expenditure Policy. Our board has complied with this requirement and the policy can be located on our web site, www.qcrh.com. It is the intent of our board that the policy remains in full force and effect for the duration of the TARP period. The policy covers, in particular, entertainment or events, office and facility renovations, aviation or other transportation services and other similar items, activities or events for which the company may reasonably anticipate incurring expenses. Pursuant to the policy, such expenditures shall be deemed to be prohibited excessive or luxury expenditures to the extent such expenditures are not reasonable expenditures for staff development, reasonable performance incentives, or other similar reasonable measures conducted in the normal course of the company's business operations. All QCR Holdings employees are required to comply with the policy. Our Chief Executive Officer and Chief Financial Officer are primarily accountable for adherence to the policy and for certifying that prior approval for any expenditure requiring such prior approval was properly obtained.

In addition to the foregoing limitations and restrictions, the TARP rules and regulations have required the Compensation Committee to undertake a semi-annual risk assessment with respect to certain of the compensation plans, programs and arrangements maintained by QCR Holdings, regardless of whether the individual employee(s) covered by the plan, program or arrangement is a named executive officer. The risk assessments are performed by the Chief Risk Officer and the Committee. The Chief Risk Officer and the Committee review all compensation plans and arrangements to ensure that risks are identified and mitigated. The intent of these risk assessments is to minimize the opportunity that any employee will be incentivized to take unacceptable risks in order to maximize his or her compensation under such plans and arrangements.

Federal Reserve Guidance on Sound Incentive Compensation Policies

In June 2010, the Federal Reserve, along with the FDIC, Office of the Comptroller of the Currency and the Office of Thrift Supervision, jointly issued final Guidance on Sound Incentive Compensation Policies or Final Guidance. The Final Guidance sets forth a framework to be used in compensation decisions by financial institutions to assess the soundness of incentive compensation plans, programs and arrangements. The Final Guidance applies to all financial institutions, and it is designed to help ensure that incentive compensation policies do not encourage excessive risk-taking and are consistent with the safety and soundness of the organization by requiring financial institutions to adhere to three guiding principles of a sound incentive compensation system. The three principles of the Final Guidance require the Compensation Committee to ensure that:

- incentive compensation arrangements balance risk and financial results in a manner that does not provide employees with incentives to take excessive risks on QCR Holdings' behalf;
- QCR Holdings' risk-management processes and internal controls reinforce and support the development and maintenance of balanced incentive compensation arrangements; and
- QCR Holdings has strong and effective corporate governance to help ensure sound compensation practices.

The Final Guidance applies to incentive compensation arrangements for executive and non-executive personnel who have the ability to expose QCR Holdings to material risk, including arrangements for:

senior executives and others who are responsible for oversight of company-wide activities or material business lines;

individual employees, including non-executive employees, whose activities may expose QCR Holdings to material amounts of risk; and

groups of employees who are subject to the same or similar incentive compensation arrangements and who, in the aggregate, may expose QCR Holdings to material risk, even if no individual employee is likely to expose QCR Holdings to material risk (*e.g.*, loan officers who, as a group, originate loans that account for a material amount of the organization's credit risk).

The Committee will make use of the framework set forth in the Final Guidance as it moves forward with its compensation actions and decisions. Based on its on-going risk assessment of compensation arrangements in connection with its TARP obligations, the Committee does not believe that any of our compensation plans or arrangements incentivize the taking of inappropriate risks.

Dodd-Frank Act

The Dodd-Frank Wall Street Reform and Consumer Protection Act similarly requires financial institutions to avoid inappropriate risks in connection with their compensation plans and arrangements. On February 7, 2011, the Agencies that signed on to the Final Guidance described above, issued proposed guidance under the Dodd-Frank Act's risk assessment provisions. The Compensation Committee will continue to monitor this proposed guidance and will take necessary steps to work toward compliance with the requirements as they may be finally set forth when the proposed guidance is finalized.

Securities and Exchange Commission Risk Assessment Requirement

The Securities and Exchange Commission also requires a company to assess compensation policies and practices in order to determine if any such policies or practices have the potential to have a materially adverse effect on the company. We believe our risk assessment under the Final Guidance satisfies this requirement of the Securities and Exchange Commission.

The Compensation Committee believes that an awareness and assessment of the impact of risk has always been, and will continue to be, a component of its analysis of executive compensation. As such, the committee recognizes the role of risk assessment in the overall processes and procedures for establishing such executive compensation. In this regard, the committee believes that the TARP semi-annual risk assessment and the Federal Reserve's Final Guidance will serve as a framework for reconfirming the appropriateness of the process and procedure the committee has previously followed in reaching its decisions with respect to compensation related matters.

Summary of Compensation Paid to Named Executive Officers

The TARP rules restrict compensation for QCR Holdings' named executive officers identified in this proxy statement, and approximately 20 other employees. The compensation plans are currently operating within the constraints of the TARP limits, and the following table sets forth the following information for the years ended December 31, 2008, 2009 and 2010: (i) the dollar value of base salary and bonus earned; (ii) the aggregate grant date fair value of stock and option awards granted in accordance with FASB ASC Topic 718; (iii) the dollar value of earnings for services pursuant to awards granted under non-equity incentive plans; (iv) non-qualified deferred compensation earnings; (v) all other compensation; and, finally, (vi) the dollar value of total compensation.

- (1) In accordance with the Securities and Exchange Commission's changed reporting requirements, we report all equity awards at full grant date fair value of each award calculated in accordance with FASB ASC Topic 718. Previously, we allocated the fair value of equity awards to reporting years in proportion to the awards vesting period. Prior years' equity compensation data have been recalculated in accordance with the new rule. For restricted stock, the fair value per share is equal to the closing price of our stock on the date of the grant. For stock options, the fair value per share is based on certain assumptions that are explained in the footnotes to our financial statements, which are included in our Annual Report on Form 10-K. To the extent it was the subject of the written employment agreement between each named executive officer and QCR Holdings (or a subsidiary) or otherwise satisfied an exception to the TARP bonus prohibition, the equity award granted during the TARP period was not subject to the TARP bonus prohibition.

The performance criteria were weighted to reflect QCR Holdings' strategic objectives. In addition, certain executives also had individual performance goals that were consistent with QCR Holdings' 2009 strategic objectives and more closely aligned with their specific role with QCR Holdings. To the extent it was the subject of the written employment agreement between each named executive officer and QCR Holdings (or a subsidiary), the incentive compensation was not subject to the bonus prohibition set forth in the TARP rules.

Long-Term Incentive Plans

During the TARP period, and so long as they are included in the group of our five most highly compensated employees, our named executive officers will be allowed to participate in our long term incentive plans only to the extent such participation does not violate any of the applicable TARP rules.

2004 Stock Incentive Plan. In 2004, we adopted the QCR Holdings Stock Incentive Plan for the benefit of our directors, officers and employees. The plan was approved by stockholders and authorized 225,000 shares for issuance under the plan. This plan provides for the issuance of incentive stock options, nonqualified stock options, restricted stock, tax benefit rights and stock appreciation rights. As of the approval of the 2008 Stock Incentive Plan, all of the remaining shares available for grant transferred to the 2008 Stock Incentive Plan.

The plan was approved by stockholders and authorized 250,000 shares for issuance under the plan. As of December 31, 2010, there were 350,000 remaining shares available for grant under this plan.

2002 Stock Purchase Plan. QCR Holdings adopted and stockholders approved the QCR Holdings Employee Stock Purchase Plan in 2002. The plan is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code. The plan allows employees of QCR Holdings and our subsidiaries to purchase shares of common stock available under the plan. The purchase price is currently 90% of the lesser of the fair market value at the date of the grant or the investment date. The investment date is the date common stock is purchased after the end of each calendar quarter during an offering period. Beginning January 1, 2007, the maximum percentage that any one participant can elect to contribute is 8% of his or her compensation. During 2010, 28,907 shares were purchased under the plan.

401(k) Retirement Savings Plan. QCR Holdings sponsors a qualified, tax-exempt profit sharing plan qualifying under Section 401(k) of the Internal Revenue Code. All employees are eligible to participate in the plan. Pursuant to the plan, QCR Holdings matches 100% of the first 3% of employee contributions and 50% of the next 3% of employee contributions, up to a maximum of 4.5% of an employee's compensation. Additionally, at its discretion, QCR Holdings may make additional contributions to the plan, which are allocated to the accounts of participants based on relative compensation. The total contributions under the 401(k) plan for the benefit of our NEOs are reflected in the Summary Compensation Table on page 20 of this proxy statement.

Non-qualified Supplemental Executive Retirement Program (SERP). QCR Holdings provides SERP benefits to its key executives, which will provide supplemental retirement income to the NEOs. The SERP arrangements are an important, common component of competitive compensation packages and they include retention and non-competition provisions that protect QCR Holdings and help support the objective of maintaining a stable, committed, and qualified team of key executives.

QCR Holdings currently has SERP arrangements in place for Messrs. Hultquist, Gipple, and Helling. The SERP arrangements were approved by QCR Holdings in April 2004, and have an effective date of May 2004. Under the agreements, the executives will receive a supplemental retirement benefit in an annual pre-tax amount equal to 2.5% for each year of full-time service until the executive reaches age 65 (not to exceed 40 years), multiplied by the executive's average annual base salary plus cash bonus for the three most recently completed plan years, subject to a maximum of 70%.

The supplemental retirement benefit will be reduced by any contributions plus earnings thereon made by QCR Holdings to the credit of the executive pursuant to the QCR Holdings 401(k)/Profit Sharing Plan or other deferred compensation plans. The supplemental retirement benefit payable under the plans will generally be made in monthly installments for a period of 180 months. If an executive retires after reaching age 55 (but before reaching age 65) and has at least 10 years of service, QCR Holdings will pay a supplemental early retirement benefit made in monthly installments for a period of 180 months to the executive. The SERP arrangements also provide for the payment of a survivor's benefit payable to a participating executive's beneficiary upon the executive's death.

Pursuant to the existing SERP arrangements and the TARP rules, assuming the participating executives retire on or after reaching age 55 and based on the participants' salary and cash bonus paid for 2010, we will owe the following projected annual amounts at age 55: Mr. Hultquist - \$83,702; Mr. Gipple \$88,129; Mr. Helling \$36,189.

Deferred Compensation Plan Agreements. QCR Holdings has entered into deferred compensation plan agreements with the executive officers to allow them to defer a portion of their salary or annual bonus. These plans are voluntary, non-tax qualified, deferred compensation plans that enable the executives to save for retirement by deferring a portion of their current cash compensation. QCR Holdings matches these deferrals up to certain maximums and interest is earned at the prime rate subject to certain floor and cap rates, as follows:

Executive	Deferred Compensation Plan Agreements 2010			
	Match Maximum	2010 Match Maximum	Interest Rate Floor and Cap	
Douglas M. Hultquist	\$ 20,000	\$ 20,000	8.00%	10.00%
Todd A. Gipple	\$ 15,000	\$ 15,000	6.00%	12.00%
Larry J. Helling	\$ 15,000	\$ 15,000	8.00%	12.00%

Long-Term Deferred Incentive Compensation Program. QCR Holdings has entered into a Long-Term Deferred Incentive Compensation Program with certain key senior management members at Cedar Rapids Bank & Trust, and Rockford Bank & Trust. Mr. Helling is a participant in this program. The program is administered by the Committee and results in deferred incentive compensation contributions being made into the plan, for the benefit of the participants, if certain growth and earnings objectives are met. Mr. Helling is a participant in the plan for the years 2006 through 2011, and can earn between \$16,000 and \$120,000 annually based on the performance of Cedar Rapids Bank & Trust. Mr. Helling did not earn any long-term deferred incentive compensation in 2010 as the minimum Return on Equity measure under the plan of 13.00% was not reached, nor did he earn any incentive compensation in 2006 through 2009.

Deferred Income Plans. QCR Holdings adopted and stockholders approved the 1997 Deferred Income Plan and 2005 Deferred Income Plan to enable directors and selected key officers of QCR Holdings and its related companies, to elect to defer all or a portion of the fees and cash compensation payable to them for their service as directors or employees. The NEOs participated in the 1997 Deferred Income Plan in 2004 and prior years by deferring 100% of the director fees that they had earned from their service as directors. None of the NEOs have participated in the 1997 or 2005 Deferred Income plans since December 31, 2004 when QCR Holdings terminated board fees for employee-directors.

Compensation Committee Interlocks and Insider Participation

During 2010, the Compensation Committee, which sets the salaries and compensation for our executive officers, was comprised solely of independent directors Brownson, Lawson, Peterson, Whitcher and Ziegler. None of these individuals was an officer or employee of QCR Holdings in 2010, and none of these individuals is a former officer or employee of QCR Holdings. In addition, during 2010, no executive officer of QCR Holdings served on the board of directors or compensation committee of any other corporation with respect to which any member of the Compensation Committee was engaged as an executive officer.

DIRECTOR COMPENSATION

QCR Holdings uses a combination of cash and stock-based compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, we consider the significant amount of time that Directors expend in fulfilling their duties as well as the skill level required of members of the Board.

Cash Compensation Paid to Board Members

Members of the board who are not employees of QCR Holdings are entitled to receive an annual cash retainer and an attendance fee of scheduled Board and Committee meetings. Pursuant to the QCR Holdings, Inc. 1997 Deferred Income Plan and the 2005 Deferred Income Plan, a director may elect to defer the fees and cash compensation payable by us for the director's service until either the termination of such director's service on the board or the age specified in the director's deferral election. During 2010, all but four directors (at the subsidiary banks) deferred 100% of his or her director fees pursuant to the plan, and the total expense for the deferred fees with respect to all participating directors was \$451,867 for 2010. Directors who are employees of QCR Holdings receive no compensation for their service as directors. ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

The Emergency Economic Stabilization Act of 2008 (EESA) included a provision requiring Treasury Capital Purchase Program participants, during the period in which any obligation arising from assistance provided under the program remains outstanding, to permit a separate stockholder vote to approve the compensation of executives as disclosed pursuant to the compensation rules of the Securities and Exchange Commission. The Securities and Exchange Commission has adopted rules implementing this requirement of EESA. This requirement applies to any proxy, consent, or authorization for an annual or other meeting of the participant s stockholders. Pursuant to Section 111(e) of EESA and the recently promulgated rules, the stockholder vote is not binding on the board of directors and may not be construed as overruling any decision by the participant s board of directors.

The overall objectives of QCR Holdings compensation programs have been to align executive officer compensation with the success of meeting long-term strategic operating and financial goals. **Our board of directors believes our compensation policies and procedures achieve this objective and unanimously recommends that you vote your shares FOR the proposal.**

Accordingly, because we are a participant in the Treasury Capital Purchase Program, the following resolution is submitted for stockholder approval:

RESOLVED, that QCR Holdings stockholders approve its executive compensation, as set forth in the section captioned Executive Compensation, contained in the QCR Holdings proxy statement for the 2011 annual meeting. Your vote is advisory and will not be binding upon the board of directors. However, the board of directors will take into account the outcome of the vote when considering future compensation arrangements.

APPROVAL OF AMENDMENT TO THE 2005 DEFERRED INCOME PLAN

A proposal will be presented at the annual meeting to approve an amendment to the QCR Holdings, Inc. Deferred Income Plan (the Plan). The board initially adopted, and our stockholders thereafter approved the Plan on January 26, 2005. The Plan was amended and restated by the board on October 23, 2008. On February 2, 2011, the Plan was again amended by the board, subject to stockholder approval, to increase the number of shares available under the Plan from 100,000 to 250,000. If approved by our stockholders, the amendment to the Plan will be effective February 2, 2011.

Purpose

The Plan was established by the board of directors to provide QCR Holdings an additional means of aiding the attraction and retention of individuals of outstanding abilities and specialized skills to serve as directors and key employees, thereby advancing the interests of QCR Holdings and its stockholders. The Plan is administered by the board, which selects participants from the eligible individuals and determines the applicable rules and regulations applicable to Plan participants.

Proposed Amendment to the 2005 Deferred Income Plan

If this amendment to the Plan is approved by our stockholders, the first sentence of Section 5 of the Plan will be deleted and replaced with the following new sentence:

The aggregate number of shares of common stock of the Company (Shares) which may be distributed to directors and employees under the Plan shall be Two Hundred Fifty Thousand (250,000) Shares.

A copy of the full text of the Plan is available from QCR Holdings upon request.

Reasons for the Amendment to the 2005 Deferred Income Plan

The Plan provides participants with a vehicle to defer the receipt of compensation, and any taxation thereon, until some later date in time. The amounts credited to a Participant's account under the Plan are based primarily on elective deferrals of the Participants. If a Participant did not elect to defer compensation under the Plan, he or she would otherwise receive such compensation currently. Prior to the amendment to the Plan being adopted by our board, the maximum number of shares of common stock that could be delivered to participants or their beneficiaries under the Plan was 100,000 shares of common stock. Because several individuals participate in the Plan and, in essence, use their deferred compensation to purchase additional shares of QCR Holdings stock at market value through the Plan, the board has determined that 100,000 shares of common stock is no longer adequate. As such, the board determined that it was necessary and advisable to increase the number of shares of common stock that can be delivered to participants or their beneficiaries under the Plan to 250,000, which was determined based on the number of common shares that we expect to distribute through the Plan over the next three years.

We are seeking stockholder approval of the amendment to the Plan so that additional shares may be issued under the Plan. The amendment to increase the number of common shares that may be delivered under the Plan must be approved by our stockholders. Our board of directors has determined that it is in the best interests of QCR Holdings to have the flexibility afforded by the Plan in the future and, accordingly, has determined that stockholder approval of the amendment to the Plan should be sought.

Stockholder Vote Necessary For Approval of the amendment of the 2005 Deferred Income Plan

Adoption of this proposal requires the affirmative vote of a majority of the shares present in person or by proxy at the annual meeting and entitled to vote. **Our board of directors unanimously approved the amendment to the 2005 Deferred Income Plan and unanimously recommends that you vote your shares FOR this amendment.**

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires that the directors, executive officers and persons who own more than 10% of our common stock file reports of ownership and changes in ownership with the Securities and Exchange Commission and with the exchange on which the shares of common stock are traded. These persons are also required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms furnished to us, and, if appropriate, representations made to us by any reporting person concerning whether a Form 5 was required to be filed for 2010, we are not aware of any failures to comply with the filing requirements of Section 16(a) during 2010.

TRANSACTIONS WITH MANAGEMENT AND DIRECTORS

Our directors and officers and their associates were customers of and had transactions with QCR Holdings and our subsidiaries during 2010. Additional transactions are expected to take place in the future. All outstanding loans, commitments to loan, and certificates of deposit and depository relationships, in the opinion of management, were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectability or present other unfavorable features. All such loans are approved by the subsidiary banks' board of directors in accordance with the bank regulatory requirements. Additionally, the Audit Committee considers other non-lending transactions between us and a director to ensure that such transactions do not affect a director's independence. During 2010, Donna Sorensen, a director of QCR Holdings, provided certain business consulting services to QCR Holdings through her company, Sorensen Consulting. We paid \$40,150 in fees to Sorensen Consulting for such services in 2010.

AUDIT COMMITTEE REPORT

The Audit Committee assists the board of directors in carrying out its oversight responsibilities for our financial reporting process, audit process and internal controls. The Audit Committee also reviews the audited financial statements and recommends to the board that they be included in our annual report on Form 10-K. The committee is comprised solely of independent directors.

The Audit Committee has reviewed and discussed our audited financial statements for the year ended December 31, 2010 with our management and McGladrey & Pullen, LLP, our independent registered public accounting firm. The committee has also discussed with McGladrey & Pullen, LLP the matters required to be discussed by SAS 61 (Codification for Statements on Auditing Standards) as well as having received and discussed the written disclosures and the letter from McGladrey & Pullen, LLP required by Independence Standards Board Statement No. 1 (Independence Discussions with Audit Committees). Based on the review and discussions with management and McGladrey & Pullen, LLP, the committee has recommended to the board that the audited financial statements be included in our annual report on Form 10-K for the year ending December 31, 2010 for filing with the Securities and Exchange Commission.
