**MONEYGRAM INTERNATIONAL, INC.
PROXY STATEMENT**

PART ONE

VOTING INFORMATION

A proxy is solicited on behalf of the Board of Directors of MoneyGram International, Inc. (MoneyGram, the Company, we, us or our) for use at the Annual Meeting of Stockholders to be held on Wednesday, May 11, 2011, beginning at 8:30 a.m., Central Daylight Time, in the Rosewood Crescent Hotel, Salons A/B, located at 400 Crescent Court, Dallas, Texas, and at any adjournment(s) or postponement(s) thereof. We are first mailing the proxy statement and proxy card to holders of MoneyGram capital stock on or about April 8, 2011.

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS
FOR THE STOCKHOLDER MEETING TO BE HELD ON MAY 11, 2011**

The Notice of Annual Meeting, proxy statement and 2010 Annual Report on Form 10-K are available at www.moneygram.com.

Who May Vote/Voting Rights

MoneyGram has three classes of capital stock outstanding: common stock, Series B Participating Convertible Preferred Stock (the B Stock) and Series B-1 Participating Convertible Preferred Stock (the B-1 Stock, and, together with the B Stock, the Series B Stock).

Holders of MoneyGram common stock and B Stock at the close of business on April 1, 2011 (the record date) are entitled to receive the Notice of Annual Meeting and vote their shares at the meeting. On the record date, 83,710,522 shares of common stock, 495,000 shares of B Stock and 272,500 shares of B-1 Stock were outstanding. As of the record date, the 495,000 shares of B Stock are convertible into 287,123,158 shares of common stock, and the 272,500 shares of B-1 Stock are convertible into 158,063 shares of Series D Participating Convertible Preferred Stock (the D Stock), which are convertible by a holder other than The Goldman Sachs Group, Inc. and its affiliates (the Goldman Sachs Group), into 158,062,749 shares of common stock. Each share of B-1 Stock will automatically convert into one share of B Stock upon transfer to any holder other than the Goldman Sachs Group.

Our stockholders holding Series B Stock would own approximately 84.2 percent of our common stock on a diluted basis upon conversion of their Series B Stock. The B-1 Stock is non-voting stock except for the rights to vote on limited matters specified in the Certificate of Designations, Preferences and Rights of the B-1 Stock of the Company, none of which are being presented for a vote at this meeting.

A holder of common stock is entitled to one vote for each share of common stock held on the record date for each of the proposals set forth herein. The holders of our B Stock are entitled to vote on all matters voted on by holders of our common stock, voting as a single class with the common stockholders. The holders of our B Stock have a number of votes equal to the number of shares of common stock issuable if all outstanding shares of B Stock were converted plus the number of shares of common stock issuable if all outstanding shares of B-1 Stock were converted into B Stock and subsequently converted into common stock on the record date. Thus, the holders of our B Stock effectively hold approximately 84.2 percent of the voting power of our stock, voting as a single class with the common stockholders. There is no cumulative voting.

How You May Vote

You are entitled to vote at the meeting if you are a stockholder of record of common stock or B Stock on the record date. You may vote in person at the meeting, by automated telephone voting, on the Internet or by proxy.

Table of Contents

How You May Revoke or Change Your Vote

Proxies may be revoked or changed if you:

deliver a signed, written revocation letter, dated later than the proxy, to MoneyGram International, Inc., 2828 North Harwood Street, 15th Floor, Dallas, Texas 75201, Attention: Corporate Secretary;

deliver a signed proxy, dated later than the prior proxy, to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, New York 11717;

vote again by telephone or on the Internet prior to the meeting; or

attend the meeting and vote in person rather than by proxy. Your attendance at the meeting will not revoke your proxy unless you choose to vote in person.

Costs of Solicitation

The cost of solicitation, if any, will be borne by MoneyGram. Proxies may be solicited on our behalf by directors, officers or employees, in person or by telephone, electronic transmission and facsimile transmission. No additional compensation will be paid to such persons for such solicitation. MoneyGram will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to beneficial owners of shares.

Difference between a Stockholder of Record and a Beneficial Owner of Shares Held in Street Name

If your shares are registered in your name with MoneyGram's transfer agent, Wells Fargo Shareowner Services, you are the stockholder of record of those shares. In such case, this Notice of Annual Meeting and proxy statement and any accompanying documents have been provided directly to you by MoneyGram.

If your shares are not registered in your own name and, instead, your broker, bank, trust or other nominee holds your shares, you are a beneficial owner of shares held in street name. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. This Notice of Annual Meeting and proxy statement and any accompanying documents have been forwarded to you by your broker, bank, trust or other nominee. As the beneficial owner, you have the right to direct your broker, bank, trust or other nominee how to vote your shares by using the voting instruction card or by following their instructions for voting by telephone or on the Internet.

Votes Required/Voting Procedures

The presence at this annual meeting of stockholders, in person or by proxy, of a majority of voting power of our common stock and B Stock issued and outstanding and eligible to vote will constitute a quorum for the transaction of business at the meeting. In general, shares of common stock and B Stock either represented in person at the meeting or by a properly signed and returned proxy card, or properly voted by telephone or on the Internet, will be counted as present and entitled to vote at the meeting for purposes of determining the existence of a quorum. Proxies received but marked as abstentions (or withhold authority with respect to one or more directors) and broker non-votes will be included in the voting power considered to be present at the meeting for purposes of determining a quorum. Broker non-votes are shares held of record by a broker that are not voted on a matter because the broker has not received

voting instructions from the beneficial owner of the shares and the broker either lacks or declines to exercise the authority to vote the shares in its discretion.

Proxies will be voted as specified by the stockholder. Signed proxies that lack any specification will be voted (i) FOR each of the Board's director nominees, (ii) FOR the amendment to the MoneyGram International, Inc. 2005 Omnibus Incentive Plan, (iii) FOR the ratification of Deloitte & Touche LLP (Deloitte) as our independent registered public accounting firm for 2011, (iv) FOR approval of the advisory vote on executive compensation and (v) to recommend future advisory votes on executive

Table of Contents

compensation to occur EVERY THREE YEARS. Notwithstanding the foregoing, proxies corresponding to shares held through the MoneyGram International, Inc. 401(k) Plan (the 401(k) plan) will be voted as described below. The proxy holders will use their best judgment with respect to any other matters properly brought before the meeting. If a nominee cannot or will not serve as a director, the proxy may be voted for another person as the proxy holders decide.

Unless you provide voting instructions to any broker holding shares on your behalf, your broker may not use discretionary authority to vote your shares on any of the matters to be considered at the annual meeting other than the ratification of our independent registered public accounting firm. Please vote your proxy so your vote can be counted.

Election of Directors (Proposal 1). Each director nominee receiving a majority of the voting power of the then outstanding common stock and B Stock, voting together as a single class, voted with respect to the director, will be elected as a director. This means that the voting power of the stock voted FOR a director nominee must exceed the voting power of the stock voted AGAINST that director nominee in order for that nominee to be elected as a director. Shares not represented at the meeting and proxies marked ABSTAIN have no effect on the election of directors. Affiliates of Thomas H. Lee Partners, L.P. (THL) have indicated their intent to vote all of their shares, which represent approximately 84.2 percent of the voting power of our stock voting together as a single class, FOR each of the director nominees at this annual meeting of stockholders.

Approval of Amendment to 2005 Omnibus Incentive Plan (Proposal 2). The affirmative vote of a majority of the voting power of the then outstanding common stock and B Stock, voting together as a single class, voted with respect to this proposal is required for the approval of this proposal, provided the total number of shares that vote on the proposal represents a majority of the shares of common stock and B Stock outstanding on the record date. A proxy marked ABSTAIN with regard to this proposal will have the effect of a vote against this proposal. Affiliates of THL have indicated their intent to vote all of their shares, which represent approximately 84.2 percent of the voting power of our stock voting together as a single class, FOR the amendment to the 2005 incentive plan at this annual meeting of stockholders.

Ratification of Appointment of Independent Registered Public Accounting Firm for 2011 (Proposal 3). The affirmative vote of a majority of the voting power of the then outstanding common stock and B Stock, voting together as a single class, voted with respect to this proposal is required for the approval of this proposal. Shares not represented at the meeting and proxies marked ABSTAIN with regard to this proposal have no effect on this proposal. Affiliates of THL have indicated their intent to vote all of their shares, which represent approximately 84.2 percent of the voting power of our stock voting together as a single class, FOR the ratification of appointment of our independent registered public accounting firm for 2011 at this annual meeting of stockholders.

Advisory Vote on Executive Compensation (Proposal 4). The affirmative vote of a majority of the voting power of the then outstanding common stock and B Stock, voting together as a single class, voted with respect to this proposal is required to approve, on an advisory basis, the overall executive compensation policies and procedures employed by MoneyGram for its named executive officers. Shares not represented at the meeting and proxies marked ABSTAIN have no effect on this proposal. While the outcome of the vote on this proposal will not be binding on the Board, the Board will review and consider the voting results when determining future executive compensation decisions. Affiliates of THL have indicated their intent to vote all of their shares, which represent approximately 84.2 percent of the voting power of our stock voting together as a single class, FOR the approval of our executive compensation at this annual meeting of stockholders.

Advisory Vote on Frequency of Advisory Vote on Executive Compensation (Proposal 5). The affirmative vote of a majority of the voting power of the then outstanding common stock and B Stock, voting together as a single class, voted with respect to this proposal is required for state law purposes to approve, on an advisory basis, the frequency of future advisory votes on executive compensation. Stockholders will be able to choose from among four options in

connection with this proposal, namely whether future stockholder votes to approve executive compensation policies and procedures should occur every year,

Table of Contents

every two years or every three years or whether the stockholder abstains from voting. Shares not represented at the meeting and proxies marked **ABSTAIN** have no effect on this proposal. While the outcome of the vote on this proposal will not be binding on the Board, the Board will review and consider the voting results when determining the frequency of future advisory votes on executive compensation. If one of the voting options is not adopted by the required vote of the stockholders, the Board will evaluate the votes cast for each of the voting options and will deem the voting option receiving the greatest number of votes to be the voting option approved by the stockholders. Affiliates of THL have indicated their intent to vote all of their shares, which represent approximately 84.2 percent of the voting power of our stock voting together as a single class, **FOR** the option of every three years for future advisory votes on executive compensation at this annual meeting of stockholders.

If you hold your shares in street name and do not provide voting instructions to your broker, the shares may be counted as present at the meeting for the purpose of determining a quorum and may be voted on Proposal 3 at the discretion of your broker. Such shares will not be voted at the discretion of your broker on Proposals 1, 2, 4 and 5 and will have no effect on the outcome of those proposals, except with respect to Proposal 2 in the event that such shares are needed to satisfy the requirement that the total number of shares voted on such proposal represents a majority of the shares of common stock and B Stock outstanding as of the record date, in which case such failure to provide voting instructions to your broker will have the effect of a vote against Proposal 2.

If you are a participant in MoneyGram's 401(k) plan, your proxy will serve as a voting instruction to the Independent Fiduciary (as defined in the 401(k) plan). The Independent Fiduciary shall instruct the Trustee. The Independent Fiduciary shall follow each participant's instructions unless it determines that doing so would be contrary to the Employee Retirement Income Security Act of 1974, as amended (ERISA). If no voting instructions are received from a participant in the 401(k) plan, the Trustee will vote those shares in accordance with the majority of shares voted in the 401(k) plan for which instructions were received, unless the Independent Fiduciary determines that doing so would be contrary to ERISA and instructs the Trustee to vote such shares differently. Your proxy must be received no later than 11:59 p.m., Eastern Time, on May 8, 2011 so that the Trustee has adequate time to tabulate the voting instructions.

Reducing Duplicate Mailings

Because many stockholders hold shares of our common stock in multiple accounts or share an address with other stockholders, stockholders may receive duplicate mailings of notices or proxy materials. Stockholders may avoid receiving duplicate mailings as follows:

Stockholders of Record. If your shares are registered in your own name and you are interested in consenting to the delivery of a single notice or single set of proxy materials, you may contact Broadridge Householding Department by phone at 1-800-579-1639 or by mail to Broadridge Householding Department, 51 Mercedes Way, Edgewood, New York 11717.

Beneficial Stockholders. If your shares are not registered in your own name, your broker, bank, trust or other nominee that holds your shares may have asked you to consent to the delivery of a single notice or single set of proxy materials if there are other MoneyGram stockholders who share an address with you. If you currently receive more than one copy of the notice or proxy materials at your household and would like to receive only one copy in the future, you should contact your nominee.

Right to Request Separate Copies. If you consent to the delivery of a single notice or single set of proxy materials but later decide that you would prefer to receive a separate copy of the notice or proxy materials, as applicable, for each stockholder sharing your address, then please notify Broadridge Householding Department or your nominee, as applicable, and they will promptly deliver the additional notices or proxy

materials. If you wish to receive a separate copy of the notice or proxy materials for each stockholder sharing your address in the future, you may also contact Broadridge Householding Department by phone at 1-800-579-1639 or by mail to Broadridge Householding Department, 51 Mercedes Way, Edgewood, New York 11717.

PART TWO

BOARD OF DIRECTORS AND GOVERNANCE

2008 Recapitalization

On March 25, 2008, MoneyGram completed a recapitalization transaction (the 2008 Recapitalization) pursuant to the terms of an amended and restated purchase agreement (the Purchase Agreement), dated as of March 17, 2008, with THL and affiliates of Goldman, Sachs & Co. (Goldman Sachs, and, together with THL, the Investors). Pursuant to the Purchase Agreement, we, among other things, sold 495,000 shares of B Stock to THL and 265,000 shares of B-1 Stock to Goldman Sachs for an aggregate purchase price of \$760.0 million. In addition, the Company paid \$7.5 million of transaction costs relating to the issuance of the Series B Stock through the issuance of 7,500 shares of B-1 Stock to Goldman Sachs. The issuance of the Series B Stock gave the Investors an initial equity interest of approximately 79 percent. For additional information regarding the 2008 Recapitalization, the Purchase Agreement, the terms of the Series B Stock and related matters, see Part Four Other Important Information Transactions with Related Persons in this proxy statement.

Proposed 2011 Recapitalization

On March 7, 2011, MoneyGram entered into a Recapitalization Agreement (the Recapitalization Agreement) with THL, as the holder of all of the B Stock, and Goldman Sachs, as the holder of all of the B-1 Stock. Pursuant to the Recapitalization Agreement, (i) THL will convert all of the shares of B Stock into shares of our common stock in accordance with the Certificate of Designations, Preferences and Rights of Series B Participating Convertible Preferred Stock of MoneyGram International, Inc., (ii) Goldman Sachs will convert all of the shares of B-1 Stock into shares of Series D Participating Convertible Preferred Stock of the Company, which shares are substantially equivalent to our common stock for accounting purposes (the D Stock), in accordance with the Certificate of Designations, Preferences and Rights of Series B-1 Participating Convertible Preferred Stock of MoneyGram International, Inc., and (iii) THL will receive approximately 28.2 million additional shares of our common stock and \$140.8 million in cash, and Goldman Sachs will receive approximately 15,504 additional shares of D Stock (equivalent to approximately 15.5 million shares of our common stock) and \$77.5 million in cash (such transactions, collectively, the 2011 Recapitalization).

The 2011 Recapitalization has been approved unanimously by our board of directors following the recommendation of a special committee of the board of directors comprised of independent and disinterested members of our board of directors, and is subject to various conditions contained in the Recapitalization Agreement, including stockholder approval of the 2011 Recapitalization or any other matter that requires approval under the Recapitalization Agreement. For additional information regarding the 2011 Recapitalization and related matters, see Part Four Other Important Information Transactions with Related Persons in this proxy statement.

Board Representation

Pursuant to the Purchase Agreement, the Investors have been provided with certain rights with respect to representation on the Board and committees of the Board (Board Representatives), which resulted in a change to the composition of the majority of the Board in March 2008. Additionally, under the Purchase Agreement, as long as the Investors have a right to designate directors to our Board, Goldman Sachs has the right to designate one director who would have one vote and THL has the right to designate two to four directors who each have equal votes and who are to have such number of votes equal to the number of directors as is proportionate to the Investors' common stock

ownership, calculated on a fully-converted basis assuming the conversion of all shares of Series B Stock into common stock, minus the one vote of the director designated by Goldman Sachs. Therefore, each director designated by THL has multiple votes and each other director has one vote. To date, Goldman Sachs has not designated a member to the Board. The Board has, however, consented to the general attendance by two

Table of Contents

representatives of Goldman Sachs to observe at Board meetings as required pursuant to agreements in connection with the 2008 Recapitalization.

Board Structure and Composition

The Company's Amended and Restated Certificate of Incorporation provides that each director of the Company is elected for a one-year term by the vote of a majority of the voting power of the then outstanding voting stock, voting together as a single class, voted with respect to the director. Subject to certain rights of holders of preferred stock, the number of directors on the Board shall be fixed by a majority of the whole Board, but shall not be more than seventeen nor less than three. If a vacancy occurs during the year, including as a result of an increase in the authorized number of directors, the vacant directorship may be filled by the affirmative vote of a majority of the remaining directors for a term expiring at the next annual meeting of stockholders, subject to certain rights provided to the Investors under the Purchase Agreement. Each director holds office until a successor has been duly elected and qualified.

The Board of Directors is currently comprised of nine members: four Independent Directors (as defined below), four Board Representatives and Pamela H. Patsley, Chairman and Chief Executive Officer (CEO) of the Company. J. Coley Clark, Victor W. Dahir, Ann Mather and W. Bruce Turner were elected to the Board of Directors at the Company's 2010 Annual Stockholder Meeting and currently serve as Independent Directors on the Board. An Independent Director means a director or director nominee who satisfies all standards for independence under the New York Stock Exchange, Inc. (NYSE) listing standards, the standards for independence contained in our Corporate Governance Guidelines and any other applicable laws. Thomas M. Hagerty, Scott L. Jaeckel, Seth W. Lawry and Ganesh B. Rao currently serve as Board Representatives, pursuant to the rights of the Investors under the Purchase Agreement. Pamela H. Patsley, the Company's CEO, serves as our Chairman of the Board. Each of the Company's current directors is seeking reelection at the 2011 annual meeting of stockholders. Information about the nominees for election is set forth in Part Three Proposals to be Voted on at the 2011 Annual Meeting Proposal 1: Election of Directors in this proxy statement.

Director Independence

Because more than 50 percent of the voting power of our stock is held by the Investors, the Company has elected to be treated as a controlled company for purposes of the NYSE listing standards. As a result, the NYSE listing standards do not require our Board to be comprised of at least a majority of Independent Directors or our Human Resources and Nominating Committee to be comprised entirely of Independent Directors. The NYSE listing standards do, however, require our Audit Committee to be comprised entirely of Independent Directors. The NYSE listing standards also require our Board to make a formal determination each year as to which of our directors are independent.

The Board has determined that the following director nominees are independent within the meaning of the NYSE listing standards, applicable Securities and Exchange Commission (SEC) regulations and the standards for independence contained in our Corporate Governance Guidelines: Ms. Mather and Messrs. Clark, Dahir and Turner. The Board has adopted standards to assist in the making of determinations of independence. The following commercial or charitable relationships will not be considered to be material relationships that would impair a director's (or director nominee's) independence: (a) if the director (or director nominee) is an executive officer or employee, or their immediate family member is an executive officer, of another company that does business with MoneyGram or its affiliates and the annual sales to, or purchases from, MoneyGram or its affiliates are less than the greater of \$1.0 million or one percent of the other company's annual consolidated gross revenues; (b) if the director (or director nominee) is an executive officer of another company which is indebted to MoneyGram, or to which MoneyGram is indebted, and the total amount of either company's indebtedness to the other is less than one percent of the total consolidated assets of the company that he or she serves as an executive officer; or (c) if the director (or director

nominee) serves as an officer, director or trustee of a charitable organization and MoneyGram's annual charitable contributions to the

Table of Contents

organization are less than the greater of \$200,000 or one percent of that organization's total annual charitable receipts, which shall not include MoneyGram's automatic matching of director charitable contributions.

Board Meetings

The Board held six meetings during 2010. Each director attended at least 75 percent of the aggregate number of meetings of the Board and meetings of the committees on which the director served.

Attendance at Annual Stockholder Meetings

Under our Corporate Governance Guidelines, directors are expected to attend the annual meeting of stockholders, Board meetings and meetings of committees on which they serve. Each director attended the 2010 annual meeting of stockholders.

Meetings of Non-Management Directors

The Board schedules regular executive sessions of the non-management directors. The Board chooses one of its members to preside over each executive session of non-management directors. In 2010, the Board held four executive sessions of the non-management directors, which included all directors except Ms. Patsley.

Meetings of and Voting by Independent Directors

Pursuant to our Corporate Governance Guidelines and the NYSE listing standards, the Board schedules an executive session of the Independent Directors at least annually. In 2010, the Board held one executive session of the Independent Directors. In addition, our Independent Directors met several times in 2010 in connection with their service on a special committee that was established in connection with the Company's consideration of the proposed 2011 Recapitalization.

In accordance with the Certificates of Designations, Preferences and Rights of the Series B Stock, the Independent Directors determine quarterly whether dividends on the Series B Stock should be paid in cash or accrued by the Company. In addition, the Independent Directors are required to approve the redemption of the Series B Stock by the Company and any adjustment for unspecified action by the Company that would materially adversely affect the conversion rights of the holders of shares of the Series B Stock.

Board Leadership Structure

The Company does not have a lead independent director. The Board does, however, choose one non-management director to preside over each executive session of non-management directors. The Company has at various points in its history had a combined Chairman and CEO, and has also maintained separate Chairman and CEO positions. In September 2009, the Board appointed Ms. Patsley to serve as Chairman and CEO of the Company. At this time, we believe that a combined Chairman and CEO is the most desirable approach for the Company because it creates efficiencies and enables the CEO to act as a bridge between management and the Board, thereby promoting a unified approach to the development and execution of the Company's strategy.

Board's Role in Risk Oversight

The Board of Directors is responsible for providing oversight of risk management functions including the Company's policies and strategies relating to the management of credit, liquidity, market, financial and operational risks. The Board regularly assesses management's response to critical risks and recommends changes to management, including

changes in leadership, where appropriate.

In addition to regularly scheduled Board meetings, the entire Board of Directors meets periodically with key members of management to review the Company's business and agree upon its strategy and the

Table of Contents

risks involved with such strategy. Management and the Board discuss the amount of risk the Company is willing to accept related to implementing our strategy. On a periodic basis throughout the year, management responsible for managing credit, liquidity, market, financial and key operational risks including legal, regulatory compliance, fraud, information technology and security meet directly with the full Board to provide an update on key risks and their processes and systems to manage the risk. The Board approves management's policies related to key risk areas and provides timely input to management regarding risk issues and the appropriateness of management's response. The Board also approves actions surrounding our debt agreements, dividend and interest payments, and legal settlements, evaluates potential acquisitions, and approves the annual budget. Key finance, accounting and treasury management meet directly with the full Board to provide an update on our financial results.

The Board of Directors delegates responsibility for overseeing certain risk to the Audit Committee. The Audit Committee monitors the quality and integrity of our financial statements and our compliance with legal and regulatory requirements. The Audit Committee is also responsible for understanding risk assessment and risk management policies. The internal audit function reports directly to the Audit Committee and is responsible for testing, on a risk basis, management's compliance with policies and procedures. On an annual basis, the Audit Committee reviews internal audit's process for assessing risk and the results of such risk assessment. The Audit Committee also reviews and approves the annual audit plan and regularly reports to the Board. For additional information with respect to the Audit Committee, see Part Two Board of Directors and Governance Audit Committee in this proxy statement.

The Company believes that its current leadership structure, which combines the role of Chairman and CEO, as discussed above, promotes effective oversight of the Company's risk management by providing united leadership through a single person, while allowing all directors to be actively involved in the risk oversight function and fully engaged in discussions with management and Board deliberations and decisions.

Board Committees

The Board currently maintains two standing committees: the Audit Committee and Human Resources and Nominating Committee. As a controlled company under the NYSE listing standards, MoneyGram is not required to maintain independent compensation and nominating committees.

Audit Committee

The Audit Committee currently consists of Ms. Mather (Chair), and Messrs. Dahir and Turner. Albert M. Teplin, Jess T. Hay and Othón Ruiz Montemayor served on the Audit Committee until the conclusion of their Board service in May 2010, at which time they were replaced with the current members.

The Audit Committee has been established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (Exchange Act). Membership on the Audit Committee is limited to Independent Directors, and the Board has determined that each member of that committee is an Independent Director. The Board has determined that all members of the Audit Committee are financially literate under the NYSE listing standards and that Ms. Mather and Mr. Dahir qualify as audit committee financial experts under the rules of the SEC. From July 2010 until December 2010, Ms. Mather served on the audit committee of three other publicly traded companies. The Company's Board determined that such simultaneous service did not impair the ability of Ms. Mather to effectively serve on the Company's Audit Committee. Ms. Mather is currently serving on the audit committee of two other publicly traded companies. No other member of the Audit Committee simultaneously served on the audit committee of more than three public companies during 2010.

The Audit Committee held 12 meetings in 2010. The Board has adopted a separate written charter for the Audit Committee, which is available in the Investor Relations section of our website at www.moneygram.com. A copy of

the Audit Committee charter is also available in print to any stockholder who submits a request to MoneyGram International, Inc., 2828 North Harwood Street, 15th Floor, Dallas, Texas 75201, Attention: Corporate Secretary.

Table of Contents

The Audit Committee reports regularly to the full Board and annually evaluates its own performance. The Audit Committee meets periodically during the year, usually in conjunction with regular meetings of the Board. It also meets to review quarterly earnings and related press releases and to review management's discussion and analysis of financial condition and results of operation for inclusion in our quarterly reports on Form 10-Q and our annual report on Form 10-K filed with the SEC. The Audit Committee appoints our independent registered public accounting firm and assists the Board in monitoring the quality and integrity of our financial statements, our compliance with legal and regulatory requirements and the independence and performance of our internal auditor and our independent registered public accounting firm. The Audit Committee meets regularly in executive session with our independent registered public accounting firm. The independent registered public accounting firm reports directly to the Audit Committee, and the head of the Company's internal audit function reports directly to the Audit Committee Chair. For additional information regarding the responsibilities of the Audit Committee, see Part Two Board of Directors and Governance Board's Role in Risk Oversight in this proxy statement.

Human Resources and Nominating Committee

The Human Resources and Nominating Committee currently consists of Messrs. Lawry (Chair), Clark and Jaeckel. Mr. Hay served on the Human Resources and Nominating Committee until the conclusion of his Board service in May 2010, at which time he was replaced with Mr. Clark.

The Human Resources and Nominating Committee held seven meetings in 2010. The Board has adopted a separate written charter for the Human Resources and Nominating Committee, which is available in the Investor Relations section of our website at www.moneygram.com. A copy of the Human Resources and Nominating Committee charter is also available in print to any stockholder who submits a request to MoneyGram International, Inc., 2828 North Harwood Street, 15th Floor, Dallas, Texas 75201, Attention: Corporate Secretary.

The Human Resources and Nominating Committee reports regularly to the full Board and annually evaluates its own performance. It meets periodically during the year, usually in conjunction with regular meetings of the Board. The Human Resources and Nominating Committee oversees development and implementation of a compensation strategy designed to enhance profitability and fundamental value for the Company. It also reviews and approves the salary and other compensation of the Chairman and CEO and our other executive officers, as well as the compensation and benefits of our non-employee directors. The Human Resources and Nominating Committee determines incentive compensation targets and awards under various compensation plans and makes grants of stock options and other awards under our stock incentive plans. The Human Resources and Nominating Committee also approves the grant of equity compensation to employees of the Company, although it may delegate this authority to the CEO for the recruitment and retention grants of equity compensation to non-executive officers. The Human Resources and Nominating Committee currently utilizes the services of Aon Hewitt Consulting (Hewitt) as its compensation consultant. In 2010, Hewitt assisted the Human Resources and Nominating Committee with an evaluation of the Company's peer group and executive compensation matters. For additional information regarding our compensation consultant, see Role of Compensation Consultant under Part Four Other Important Information Compensation Discussion and Analysis Authority Over and Responsibility for Executive Compensation in this proxy statement.

The Human Resources and Nominating Committee is also responsible for recommending to the Board a slate of directors for election by the stockholders at each annual meeting and for proposing candidates to fill any vacancies on the Board. The Human Resources and Nominating Committee is also responsible for assessing the Board's performance and reviewing our Corporate Governance Guidelines. The Human Resources and Nominating Committee may form subcommittees and delegate authority to such subcommittees when appropriate and when unanimously approved by the Human Resources and Nominating Committee.

Director Nominee Criteria and Process

Our Corporate Governance Guidelines describe the process for selection of director nominees, including desired qualifications. Although there are no minimum qualifications for nominees, a candidate for Board service must possess the ability to apply good business judgment, have demonstrated the highest level of integrity, be able to properly exercise the duties of loyalty and care in the representation of the interests of our stockholders and must be able to represent all of our stockholders fairly and equally. Candidates should also exhibit proven leadership capabilities, and experience in business, finance, law, education, technology or government. In addition, candidates should have an understanding of major issues facing public companies similar in scope to MoneyGram. Experience in payment or financial services is an added benefit. Candidates must have, and be prepared to devote, adequate time to the Board and its committees. Although no formal policy exists, the Human Resources and Nominating Committee seeks to promote through the nomination process an appropriate diversity of experience (including international experience), expertise, perspective, age, gender and ethnicity, and includes such diversity considerations when appropriate in connection with potential nominees. The Board will also consider the independence of a nominee under the NYSE listing standards, applicable SEC regulations and the Board's standards for independence contained in our Corporate Governance Guidelines.

In general, candidates for membership as Independent Directors are evaluated, regardless of the source of the nomination, by the Human Resources and Nominating Committee for recommendation to the Board in accordance with its charter and the procedures described in the Corporate Governance Guidelines. However, so long as the Investors or their affiliates own, in the aggregate, Series B Stock, D Stock or common stock representing an initial cost of not less than \$75 million, they are entitled to nominate and cause the Company to appoint replacements for their respective Board Representatives.

A stockholder who wishes to nominate a person for the election of directors must ensure that the nomination complies with our Bylaw provisions on making stockholder proposals at an annual meeting. For information regarding stockholder proposals for our 2012 annual meeting of stockholders, see the section entitled Part Four Other Important

Information Stockholder Proposals for the 2012 Annual Meeting in this proxy statement.

Other Corporate Governance Matters

Corporate Governance Guidelines. Our Board has adopted Corporate Governance Guidelines that describe corporate values and ethical business conduct, duties of directors, Board operations and committee matters, director qualifications and selection process, director compensation, director independence standards, CEO evaluation, management succession, process for stockholders or other interested parties to communicate with directors and annual Board evaluations. The Guidelines are available in the Investor Relations section of our website at www.moneygram.com. Copies of the Guidelines are also available in print to any stockholder who submits a request to MoneyGram International, Inc., 2828 North Harwood Street, 15th Floor, Dallas, Texas 75201, Attention: Corporate Secretary.

Code of Ethics. All of our directors and employees, including our principal executive officer, principal financial officer, principal accounting officer and controller, or persons performing similar functions, are subject to our Code of Ethics, our Always Honest Policy and the provisions regarding corporate values and ethical business conduct contained in our Corporate Governance Guidelines. These documents are available in the Investor Relations section of our website at www.moneygram.com. Copies of these documents are also available in print to any stockholder who submits a request to MoneyGram International, Inc., 2828 North Harwood Street, 15th Floor, Dallas, Texas 75201, Attention: Corporate Secretary. The Company intends to satisfy the disclosure requirement under Item 5.05 of Form 8-K regarding any amendment to, or waiver from, our Code of Ethics and our Always Honest Policy by posting such information on our website.

Committee Authority to Retain Independent Advisors. Each committee of the Board has the authority to retain independent advisors and consultants, with all fees and expenses to be paid by the Company.

Whistleblower Procedures. The Audit Committee has established procedures for handling accounting and auditing complaints whereby employees of the Company may submit a good faith complaint regarding accounting, internal accounting controls or auditing matters without fear of dismissal or retaliation. MoneyGram is committed to maintaining compliance with all applicable securities laws and regulations, accounting standards, accounting controls and auditing practices. In order to facilitate the reporting of employee complaints, the Audit Committee has established procedures for the receipt, retention and treatment of complaints regarding accounting and auditing matters, and confidential, anonymous submission by employees of concerns regarding such questionable matters.

Disclosure Committee. We have established a Disclosure Committee comprised of members of management and chaired by our Executive Vice President and Chief Financial Officer to assist in fulfilling our obligations to maintain disclosure controls and procedures and to coordinate and oversee the process of preparing our periodic securities filings with the SEC.

Asset/Liability Committee. We have established an Asset/Liability Committee comprised of members of management and chaired by our Senior Vice President and Treasurer to oversee and make recommendations to the Board regarding financial policies and procedures of the Company.

No Executive Loans. We do not extend loans to our executive officers or directors and do not have any such loans outstanding.

Majority Vote Standard. In an uncontested election, our Bylaws require directors to be elected for a one-year term by the vote of the majority of the voting power of the then outstanding voting stock, voting together as a single class, voted with respect to the director. A majority of the votes cast means that the voting power of the stock voted FOR a

director must exceed the voting power of the stock voted AGAINST that director. In a contested election, a situation in which the number of nominees exceeds the number of directors to be elected as of a date that is 14 days in advance of the date of filing of the definitive proxy statement, the standard for election of directors would be a plurality of the voting power of the stock represented in person or by proxy at any such meeting and entitled to vote on the election of directors. A plurality means that the nominees receiving the highest percentage of voting power of the stock would be elected.

Table of Contents

If a nominee who is serving as a director is not elected at this annual meeting of stockholders, under Delaware law the director would continue to serve on the Board as a holdover director. However, under our Bylaws, any director who fails to be elected must offer to tender his or her resignation to the Board. The Human Resources and Nominating Committee will then make a recommendation to the Board whether to accept or reject the resignation, or whether other action should be taken. The Board will act on the Human Resources and Nominating Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date the election results are certified. The director who tenders his or her resignation will not participate in the Board's decision. If a nominee who was not already serving as a director is not elected at this annual meeting of stockholders, under Delaware law that nominee would not become a director and would not serve on the Board as a holdover director.

Table of Contents*Deferred Compensation*

After June 30, 2004, when Viad Corp., then the Company's sole stockholder, distributed all of the Company's outstanding common stock to the stockholders of Viad Corp. in a tax-free spin-off transaction, thereby making the Company an independent public company (the Spin-Off), MoneyGram's non-employee directors were eligible to defer, in the form of cash or MoneyGram stock units, retainers and meeting fees earned through December 31, 2004 pursuant to the Deferred Compensation Plan for Directors of MoneyGram International, Inc. (the 2004 director deferred compensation plan). Deferrals were discontinued under that plan on December 31, 2004 and the Board adopted the 2005 Deferred Compensation Plan for Directors of MoneyGram International, Inc. (the 2005 director deferred compensation plan) pursuant to which participants could defer retainers and meeting fees earned since January 1, 2005. In November 2005, the 2005 director deferred compensation plan was amended to allow directors to defer their annual restricted stock awards beginning with the 2006 award. In February 2007, the 2005 director deferred compensation plan was further amended to provide for the annual grant of stock unit retainers. On September 4, 2008, the 2005 director deferred compensation plan was amended to eliminate the stock unit retainer and to freeze new contributions into the plan as of December 31, 2008. Effective April 1, 2010, the 2004 director deferred compensation plan was amended to allow for lump sum distributions of small account balances upon resignation from our Board, and the 2005 director deferred compensation plan was terminated. In connection with the plan termination, all account balances in the 2005 director deferred compensation plan will be fully distributed as soon as practicable following May 1, 2011.

Voluntary deferrals under the 2004 director deferred compensation plan and the 2005 director deferred compensation plan were credited quarterly and are payable in cash after termination of a director's service on the Board. Prior to April 1, 2010, amounts deferred in the form of cash received interest at the rate of long-term medium-quality bonds. Effective April 1, 2010, amounts deferred receive interest at a short-term index rate. Prior to April 1, 2010, amounts deferred in the form of stock units were converted to units based on the 12-month average fair market value of our common stock with respect to the 2004 director deferred compensation plan or the value of our common stock on the last business day of the quarter with respect to the 2005 director deferred compensation plan, and were payable upon distribution in cash based on the value of our common stock calculated in accordance with the terms of the applicable plan. All amounts accrued in each director's stock unit retainer account were converted into MoneyGram common stock on a one-for-one basis at the time such director terminated his or her service as a director of MoneyGram. Dividends payable on the stock unit retainers were credited in cash to the directors' voluntary deferral account in an amount equal to any dividends paid to MoneyGram common stockholders. Effective April 1, 2010, stock unit accounts were converted to cash accounts which receive interest at a short-term index rate. The 2004 director deferred compensation plan and the 2005 director deferred compensation plan are plans covered under the MoneyGram International, Inc. Outside Directors' Deferred Compensation Trust, a grantor trust established to fund obligations under the plans in the event of an actual or potential change of control (as defined in the trust).

Directors' Matching Gift Program

MoneyGram previously maintained the MoneyGram International, Inc. Directors' Matching Gift Program (the directors' matching gift program), which provided for corporate matching of charitable contributions made by non-employee directors, on a dollar-for-dollar basis, up to an aggregate maximum of \$5,000 per director each year. On April 12, 2010, the Board terminated the directors' matching gift program.

**PROPOSAL 2: AMENDMENT TO THE MONEYGRAM INTERNATIONAL, INC.
2005 OMNIBUS INCENTIVE PLAN**

Background

After careful consideration, on April 4, 2011, the Board unanimously approved an amendment to the 2005 incentive plan to increase the aggregate number of shares reserved for issuance under the 2005 incentive plan from 47 million to 57 million shares, subject to stockholder approval.

Rationale for Approval

The 2005 incentive plan was approved by our stockholders in May 2005 at the 2005 annual meeting of stockholders, and amendments were approved by our stockholders at the annual meetings in May 2009

Table of Contents

and May 2010. The purpose of the 2005 incentive plan is to promote the interests of MoneyGram and our stockholders by aiding us in attracting and retaining employees, officers, consultants, advisors and non-employee directors (eligible participants) who we expect will contribute to our growth and financial performance for the benefit of our stockholders.

The 2005 incentive plan authorizes the grant of stock options and other forms of stock-based compensation. The Board believes that stock-based compensation is a very important factor in attracting and retaining experienced and talented employees who can contribute significantly to the management, growth and profitability of our business. Additionally, the Board believes that stock-based compensation aligns the interests of our management with the interests of our stockholders. The availability of stock-based compensation not only increases employees' focus on the creation of stockholder value, but also enhances employee retention and generally provides increased motivation for our employees to contribute to the future success of MoneyGram. The 2005 incentive plan is the only plan pursuant to which the Company can grant stock options and other forms of stock-based compensation, and the limited number of shares remaining available under the 2005 incentive plan restricts the Board's ability to make stock-based awards.

As of March 31, 2011, approximately 4.8 million shares remained available for future awards under the 2005 incentive plan. For the reasons discussed above, the Board believes that the amendment is needed to attract and retain employees to implement the Company's strategic plan and goals and is in the best interests of MoneyGram and our stockholders.

The following is a summary of the material terms of the 2005 incentive plan. This summary is qualified in its entirety by reference to the 2005 incentive plan. A copy of the 2005 incentive plan, as amended, is attached as Appendix A to this proxy statement and is marked to show the proposed changes.

Administration

The Human Resources and Nominating Committee administers the 2005 incentive plan and has full power and authority to determine when and to whom awards will be granted, and the type, amount, form of payment and other terms and conditions of each award, consistent with the provisions of the 2005 incentive plan. In addition, the committee can specify whether, and under what circumstances, awards to be received under the 2005 incentive plan or amounts payable under such awards may be deferred automatically or at the election of either the holder of the award or the committee. Subject to the provisions of the 2005 incentive plan, the committee may amend or waive the terms and conditions, or accelerate the exercisability, of an outstanding award. The committee has authority to interpret the 2005 incentive plan and establish rules and regulations for the administration of the 2005 incentive plan.

The committee may delegate its powers under the 2005 incentive plan to one or more directors, except that the committee may not delegate its powers to grant awards to executive officers or directors who are subject to Section 16 of the Exchange Act, or in a way that would violate Section 162(m) of the Internal Revenue Code (the Code). In addition, the committee may authorize one or more of our non-director officers to grant stock options under the 2005 incentive plan, provided that stock option awards made by these officers may not be made to executive officers or directors who are subject to Section 16 of the Exchange Act. The Board may also exercise the powers of the committee at any time, so long as its actions would not violate Section 162(m) of the Code.

Eligible Participants

Any employee, officer, consultant, advisor or non-employee director providing services to us or any of our affiliates, who is selected by the committee, is eligible to receive an award under the 2005 incentive plan. As of the date of this proxy statement, approximately 2,500 employees, officers and directors were eligible as a class to be selected by the committee to receive awards under the 2005 incentive plan.

Table of Contents

Shares Available For Awards

The aggregate number of shares of our common stock that may be issued under all stock-based awards made under the 2005 incentive plan is currently 47 million. Certain awards under the 2005 incentive plan are subject to limitations as follows:

In any calendar year, no person may be granted stock options, stock appreciation rights or other awards, the value of which is based solely on an increase in the value of our common stock after the grant date of the award, of more than 12 million shares in the aggregate.

Our non-employee directors, as a group, may not be granted awards in the aggregate of more than 3 percent of the shares available for awards under the 2005 incentive plan.

A maximum of 7.5 million shares are available for granting incentive stock options under the 2005 incentive plan, subject to the provisions of Section 422 or 424 of the Code or any successor provision.

The committee may adjust the number of shares and share limits described above in the case of a stock dividend or other distribution, including a stock split, merger or other similar corporate transaction or event, in order to prevent dilution or enlargement of the benefits or potential benefits intended to be provided under the 2005 incentive plan.

If an award is terminated, forfeited or cancelled without the issuance of any shares or if shares covered by an award are not issued for any other reason, then the shares previously set aside for such award are available for future awards under the 2005 incentive plan. If shares of restricted stock awarded under the 2005 incentive plan are forfeited or otherwise reacquired by us prior to vesting, those shares are again available for awards under the 2005 incentive plan. In addition, shares withheld as payment of the purchase or exercise price of an award or in satisfaction of tax obligations relating to an award are again available for granting awards, except that, after May 10, 2015, any previously issued shares withheld in connection with the satisfaction of tax obligations relating to restricted stock will not be available again for granting awards. Prior to May 10, 2015, any previously issued shares that are used as payment of the purchase or exercise price of an award or in satisfaction of tax obligations relating to an award will again be available for awards under the 2005 incentive plan.

Types of Awards and Terms and Conditions

The 2005 incentive plan permits the grant of:

stock options (including both incentive and non-qualified stock options);

stock appreciation rights (SARs);

restricted stock and restricted stock units;

dividend equivalents;

performance awards of cash, stock or property;

stock awards; and

other stock-based awards.

Awards may be granted alone, in addition to, in combination with or in substitution for, any other award granted under the 2005 incentive plan or any other compensation plan. Awards can be granted for no cash consideration or for any cash or other consideration as may be determined by the committee or as required by applicable law. Awards may provide that upon the grant or exercise thereof, the holder will receive cash, shares of our common stock, other securities or property, or any combination of these in a single payment, installments or on a deferred basis. The exercise price per share under any stock option and the grant price of any SAR may not be less than the fair market value of our common stock on the grant date of such option or SAR except to satisfy legal requirements of foreign jurisdictions or if the

Table of Contents

award is in substitution for an award previously granted by an entity acquired by us. Determinations of fair market value under the 2005 incentive plan are made in accordance with methods and procedures established by the committee, and unless determined otherwise shall generally be the closing sale price for our common stock on the New York Stock Exchange on the grant date. The term of awards are not longer than 10 years from the grant date.

Stock Options. The holder of an option is entitled to purchase a number of shares of our common stock at a specified exercise price during a specified time period, all as determined by the committee. The option exercise price may be payable either in cash or, at the discretion of the committee, in other securities or other property having a fair market value on the exercise date equal to the exercise price.

Stock Appreciation Rights. The holder of a SAR is entitled to receive the excess of the fair market value (calculated as of the exercise date or, at the committee's discretion, as of any time during a specified period before or after the exercise date) of a specified number of shares of our common stock over the grant price of the SAR. SARs vest and become exercisable in accordance with a vesting schedule established by the committee.

Restricted Stock and Restricted Stock Units. The holder of restricted stock will own shares of our common stock subject to restrictions imposed by the committee (including, for example, restrictions on the right to vote the restricted shares or to receive any dividends with respect to the shares) for a specified time period determined by the committee. The holder of restricted stock units will have the right, subject to any restrictions imposed by the committee, to receive shares of our common stock, or a cash payment equal to the fair market value of those shares, at some future date determined by the committee. There is an annual share-based limit of 2 million shares per person for awards of performance-based restricted stock units intended to represent qualified performance-based compensation under Section 162(m) as described in more detail below. The minimum vesting period for these awards is three years from the grant date, unless the award is conditioned on personal performance, or the performance of MoneyGram or its affiliates, in which case the minimum vesting period is one year from the grant date; provided, however, that such minimum vesting period will not apply to grants of up to 200,000 shares of restricted stock and restricted stock units to non-employee directors. Despite these limitations, the committee also may permit accelerated vesting in the case of a participant's death or disability, or a change of control of MoneyGram. If the participant's employment or service as a director terminates during the vesting period for any other reason, the restricted stock and restricted stock units will be forfeited, unless the committee determines that it would be in our best interest to waive the remaining restrictions.

Dividend Equivalents. The holder of a dividend equivalent is entitled to receive payments (in cash, shares of our common stock, other securities or other property) equivalent to the amount of cash dividends paid by us to our stockholders, with respect to the number of shares determined by the committee. Dividend equivalents are subject to other terms and conditions determined by the committee.

Performance Awards. The committee may grant awards under the 2005 incentive plan that are intended to qualify as performance-based compensation within the meaning of Section 162(m) of the Code. A performance award may be payable in cash or stock and will be conditioned solely upon the achievement of one or more objective performance goals established by the committee in compliance with Section 162(m) of the Code. In order to comply with Section 162(m) of the Code, under the 2005 incentive plan, the committee is required to certify that the applicable performance goals have been met prior to payment of any performance awards to participants. The maximum amount that may be paid with respect to performance awards to any participant in the aggregate in any calendar year is \$5 million in value, whether payable in cash, stock (other than stock options) or other property. The annual maximum amount payable to an eligible participant for performance awards denominated in cash is \$5 million in value, and the annual limit for awards denominated in shares is 2 million shares. Subject to these limitations, the committee has sole discretion to designate participants and the type and amount of awards under the 2005 incentive plan. The committee must determine the length of the performance period, establish the performance goals for the performance period, and determine the amounts of the

Table of Contents

performance awards for each participant no later than 90 days after the beginning of each performance period according to the requirements of Section 162(m) of the Code.

Performance goals must be based solely on one or more of the following business criteria, applied on a corporate, subsidiary, division, business unit or line of business basis: sales, revenue, costs, expenses, earnings (including one or more of net profit after tax, gross profit, operating profit, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization and net earnings), earnings per share, earnings per share from continuing operations, operating income, pre-tax income, operating income margin, net income, margins (including one or more of gross, operating and net income margins), returns (including one or more of return on actual or pro forma assets, net assets, equity, investment, capital and net capital employed), stockholder return (including total stockholder return relative to an index or peer group), stock price, economic value added, cash generation, cash flow, unit volume, working capital, market share, cost reductions and strategic plan development and implementation. The measure of performance may be set by reference to an absolute standard or a comparison to specified companies or groups of companies, or other external measures. The committee may establish rules during the first 90 days of a performance period to permit the committee to adjust any evaluation of the performance under the applicable goals to exclude the effect of certain events, including asset write-downs; litigation or claim judgments or settlements; changes in tax law, accounting principles or other such laws or provisions affecting reported results; severance, contract termination and other costs related to exiting certain business activities; and gains or losses from the disposition of businesses or assets or from the early extinguishment of debt.

Stock Awards. The committee may grant unrestricted shares of our common stock, subject to terms and conditions determined by the committee and the limitations in the 2005 incentive plan.

Other Stock-Based Awards. The committee is also authorized to grant other types of awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to our common stock, subject to terms and conditions determined by the committee and the limitations in the 2005 incentive plan.

Duration, Termination and Amendment of the Plan

Unless discontinued or terminated by the Board, the 2005 incentive plan will expire on May 10, 2015. No awards may be made after that date. However, unless otherwise expressly provided in an applicable award agreement, any award granted under the 2005 incentive plan prior to expiration may extend beyond the expiration of the 2005 incentive plan through the award's normal expiration date.

The Board may amend, alter, suspend, discontinue or terminate the 2005 incentive plan at any time, including to increase the cost of the plan to the Company or to alter the allocation of benefits, although stockholder approval must be obtained for any action that would (i) require stockholder approval under the rules and regulations of the SEC, the NYSE or any other securities exchange or the Financial Industry Regulatory Authority that are applicable to us, (ii) increase the number of shares of our common stock available under the 2005 incentive plan, (iii) increase the award limits under the 2005 incentive plan, (iv) permit repricing of options or SARs, (v) permit awards of options or SARs at a price less than fair market value, or (vi) cause Section 162(m) of the Code to become unavailable with respect to the 2005 incentive plan.

Prohibition on Repricing Awards

Without the approval of our stockholders, the committee will not reprice, adjust or amend the exercise price of any options or the grant price of any SAR previously awarded, whether through amendment, cancellation and replacement grant or any other means, except in connection with a stock dividend or other distribution, including a stock split, merger or other similar corporate transaction or event, in order to prevent dilution or enlargement of the benefits, or

potential benefits intended to be provided under the 2005 incentive plan.

Table of Contents

Transferability of Awards

Unless otherwise provided by the committee, awards under the 2005 incentive plan may only be transferred by will or by the laws of descent and distribution.

Federal Income Tax Consequences

Grant of Options and SARs. The grant of a stock option or SAR is not expected to result in any taxable income for the recipient.

Exercise of Options and SARs. Upon exercising a non-qualified stock option, the optionee must recognize ordinary income equal to the excess of the fair market value of the shares of our common stock acquired on the date of exercise over the exercise price, and we will generally be entitled at that time to an income tax deduction for the same amount. The holder of an incentive stock option generally will have no taxable income upon exercising the option (except that an alternative minimum tax liability may arise), and we will not be entitled to an income tax deduction. Upon exercising a SAR, the amount of any cash received and the fair market value on the exercise date of any shares of our common stock received are taxable to the recipient as ordinary income and generally deductible by us.

Disposition of Shares Acquired Upon Exercise of Options and SARs. The tax consequence upon a disposition of shares acquired through the exercise of an option or SAR will depend on how long the shares have been held and whether the shares were acquired by exercising an incentive stock option or by exercising a non-qualified stock option or SAR. Generally, there will be no tax consequence to us in connection with the disposition of shares acquired under an option or SAR, except that we may be entitled to an income tax deduction in the case of the disposition of shares acquired under an incentive stock option before the applicable incentive stock option holding periods set forth in the Code have been satisfied.

Awards Other than Options and SARs. As to other awards granted under the 2005 incentive plan that are payable either in cash or shares of our common stock that are either transferable or not subject to substantial risk of forfeiture, the holder of the shares must recognize ordinary income equal to (a) the amount of cash received or, as applicable, (b) the excess of (i) the fair market value of the shares received (determined as of the date of receipt) over (ii) the amount (if any) paid for the shares by the holder of the award. We will generally be entitled at that time to an income tax deduction for the same amount.

As to an award that is payable in shares of our common stock that are restricted from transfer and subject to substantial risk of forfeiture, unless a special election is made by the holder of the award under the Code, the holder must recognize ordinary income equal to the excess of (i) the fair market value of the shares received (determined as of the first time the shares become transferable or not subject to substantial risk of forfeiture, whichever occurs earlier) over (ii) the amount (if any) paid for the shares by the holder of the award. We will generally be entitled at that time to an income tax deduction for the same amount.

Income Tax Deduction. Subject to the usual rules concerning reasonable compensation, including our obligation to withhold or otherwise collect certain income and payroll taxes, and assuming that, as expected, stock options, SARs and certain other performance awards paid under the 2005 incentive plan are qualified performance-based compensation within the meaning of Section 162(m) of the Code, we will generally be entitled to a corresponding income tax deduction at the time a participant recognizes ordinary income from awards made under the 2005 incentive plan.

Application of Section 16. Special rules may apply to individuals subject to Section 16 of the Exchange Act. In particular, unless a special election is made pursuant to the Code, shares received through the exercise of a stock

option or SAR may be treated as restricted as to transferability and subject to a substantial risk of forfeiture for a period of up to six months after the date of exercise. Accordingly, the amount of any ordinary income recognized and the amount of our income tax deduction will be determined as of the end of that period.

Table of Contents

Application of Section 409A of the Code. The committee will administer and interpret the 2005 incentive plan and all award agreements in a manner consistent with the intent to satisfy the requirements of Section 409A of the Code to avoid any adverse tax results thereunder to a holder of an award.

Delivery of Shares for Tax Obligation. Under the 2005 incentive plan, the committee may permit participants receiving or exercising awards, subject to the discretion of the committee and upon such terms and conditions as it may impose, to deliver shares of our common stock (either shares received upon the receipt or exercise of the award or shares previously owned by the participant) to us to satisfy federal and state tax obligations.

New Plan Benefits

The committee in its sole discretion will determine the number and types of awards that will be granted. Thus, it is not possible to determine the benefits that will be received by eligible participants in the future if the amended 2005 incentive plan were to be approved by the stockholders. The closing price of a share of our common stock as reported on the NYSE on March 31, 2011 was \$3.43.

MoneyGram's independent registered public accounting firm is responsible for performing an independent audit of MoneyGram's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and issuing a report on MoneyGram's consolidated financial statements. The Audit Committee's responsibility is to monitor and oversee these processes.

The Audit Committee reviewed MoneyGram's audited financial statements for fiscal 2010 and met and held discussions with management and Deloitte. Management represented to the Audit Committee, and Deloitte concurred, that MoneyGram's consolidated financial statements for fiscal 2010 were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee discussed the consolidated financial statements with Deloitte. The Audit Committee discussed with Deloitte matters required to be discussed by Auditing Standards No. 61, as amended (American Institute of Certified Public Accountants, Professional Standards, Volume 1, AU section 380), as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T.

The Audit Committee also reviewed and discussed with management its assessment and report on the effectiveness of MoneyGram's internal control over financial reporting as of December 31, 2010, and with Deloitte its attestation report on internal control over financial reporting. These reports are included in the 2010 Form 10-K.

Deloitte also provided to the Audit Committee its written disclosures and letter required by applicable requirements of the PCAOB regarding Deloitte's communications with the Audit Committee concerning independence, and the Audit Committee discussed with Deloitte the accounting firm's independence.

Based upon the Audit Committee's review and discussions set forth above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the 2010 Form 10-K filed with the SEC.

Respectfully submitted,

Ann Mather (Chair)

PROPOSAL 4: ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act), the Board is providing stockholders with a non-binding advisory vote on the Company's executive compensation (say on pay) as reported in this proxy statement. Stockholders are being asked to vote on the following resolution:

RESOLVED, that the stockholders of the Company approve, on an advisory basis, the compensation of the Company's named executive officers, as described in the Compensation Discussion and Analysis, the compensation tables and accompanying narrative disclosures.

While the vote on executive compensation is non-binding and solely advisory in nature, the Board and the Human Resources and Nominating Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

Stockholders are encouraged to carefully review the Compensation Discussion and Analysis section of this proxy statement, which discusses in detail the Company's goal of developing compensation arrangements that are appropriate and consistent with market practice and with the long-term interests and personnel needs of the Company. In furtherance of the Company's goals and objectives, the Human Resources and Nominating Committee, among other things, ensures that performance criteria and targets do not incentivize executives to take unnecessary risks, provides a clawback mechanism in compensation plans, includes long-term and performance vesting provisions in stock option grants to encourage executives to focus on long-term performance, and has eliminated certain benefits that it viewed were not consistent with market practice.

Board Voting Recommendation

The Board unanimously recommends that stockholders vote FOR this Proposal 4.

Affiliates of THL have indicated their intent to vote all of their shares, which represent approximately 84.2 percent of the voting power of our stock voting together as a single class, FOR the approval of our executive compensation at this annual meeting of stockholders.

**PROPOSAL 5: ADVISORY VOTE ON FREQUENCY OF ADVISORY VOTE ON EXECUTIVE
COMPENSATION**

In accordance with the Dodd-Frank Act, the Board is also providing stockholders with a non-binding advisory vote on whether future advisory votes on executive compensation of the nature reflected in Proposal 3 should be held every year, every two years or every three years. While this vote is non-binding and solely advisory in nature, the Board and the Human Resources and Nominating Committee will carefully review and consider the voting results when determining the frequency of future advisory votes on executive compensation.

The Board believes that a frequency of every three years for the advisory vote on executive compensation is the optimal interval for conducting and responding to a say on pay vote. A triennial approach provides regular input by stockholders, while allowing time to evaluate the effects of the Company's executive compensation over a longer period. Stockholders who have concerns about executive compensation during the interval between say on pay votes are welcome to bring their specific concerns to the attention of the Board. For information regarding stockholder communications with the Board, see Part Two Board of Directors and Governance Communications with the Board.

The enclosed proxy card gives stockholders four choices for voting on this item. Stockholders can choose whether the advisory vote on executive compensation should be conducted every year, every two years or every three years. Stockholders may also abstain from voting on this item. Stockholders are not voting to approve or disapprove the Board's recommendation on this item.

Board Voting Recommendation

The Board unanimously recommends that stockholders vote for the option of every three years for future advisory votes on executive compensation.

Affiliates of THL have indicated their intent to vote all of their shares, which represent approximately 84.2 percent of the voting power of our stock voting together as a single class, FOR the option of every three years for future advisory votes on executive compensation at this annual meeting of stockholders.

Table of Contents**PART FOUR OTHER IMPORTANT INFORMATION****SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS**

The following table sets forth information concerning beneficial ownership of our common stock, B Stock and B-1 Stock by those persons known by us to be the beneficial owners of more than five percent of any class of our equity securities as of April 1, 2011. Except as otherwise indicated, a person has sole voting and investment power with respect to the securities shown. We have determined beneficial ownership in accordance with the rules of the U.S. Securities and Exchange Commission (the "SEC"). Under these rules, beneficial ownership generally includes voting or investment power over securities. The number of shares shown as beneficially owned in the table below are calculated pursuant to Rule 13d-3(d)(1) of the Securities and Exchange Act of 1934, as amended (the "Exchange Act"). Under Rule 13d-3(d)(1) of the Exchange Act, shares not outstanding that are subject to options, warrants, rights or conversion privileges exercisable within 60 days are deemed outstanding for the purpose of calculating the number and percentage owned by such person, but not deemed outstanding for the purpose of calculating the percentage owned by each other person listed. Therefore, the aggregate beneficial ownership percentages shown in the table below total more than 100 percent.

Name and Address	Shares of Common		Shares of	Percent of B Stock	Shares of	Percent of B-1 Stock
	Stock Beneficially Owned	Percent of Common Stock(1)	B Stock Beneficially Owned		B-1 Stock Beneficially Owned	
Thomas H. Lee Advisors, LLC(2)	287,123,158(3)	54.3%	495,000(3)	100%		
The Goldman Sachs Group, Inc.(4)	158,080,473(5)	29.9%			272,500(5)	100%
Blum Capital Partners, L.P.(6)	17,661,738(7)	21.1%				
The Guardian Life Insurance Company of America(8)	12,794,807(9)	15.3%				
FMR LLC(10)	7,324,021(11)	8.8%				
BlackRock, Inc.(12)	4,801,835(13)	5.7%				

(1) Applicable percentage ownership is based on 83,710,522 shares of common stock outstanding as of April 1, 2011 for all stockholders other than Thomas H. Lee Advisors, LLC ("THL Advisors") and The Goldman Sachs Group, Inc. and its affiliates (the "Goldman Sachs Group"). With regard to THL Advisors and the Goldman Sachs Group, applicable percentage ownership is based on 528,806,429 shares of common stock outstanding, which gives effect to the 495,000 shares of B Stock and 272,500 shares of B-1 Stock that are immediately convertible into 445,185,907 shares of common stock, which gives effect to accrual of dividends on the B Stock and B-1 Stock through April 1, 2011. The 495,000 shares of B Stock are immediately convertible into 287,123,158 shares of common stock. The 272,500 shares of B-1 Stock are immediately convertible into 158,063 shares of D Stock, which are immediately convertible by a holder other than the Goldman Sachs Group into 158,062,749 shares of

common stock. Because the ownership percentages with respect to each of the listed parties other than THL Advisors and the Goldman Sachs Group do not include in the total number of outstanding shares of common stock issuable upon the conversion of the B Stock and the B-1 Stock, the ownership percentages with respect to such other listed parties would be substantially lower if the calculations reflected the shares of common stock issuable upon conversion of the B Stock and the B-1 Stock.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The following discussion should be read in conjunction with the Summary Compensation Table and related tables and narrative disclosure under Part Four Other Important Information Executive Compensation in this proxy statement which describe the compensation of the Company's Chief Executive Officer (CEO), Chief Financial Officer (CFO), any persons serving as the Company's principal executive officer or principal financial officer during the year and the three most highly compensated officers other than the CEO and CFO (the Named Executives). The Named Executives for 2010 include the following current executive officers of the Company:

Pamela H. Patsley, Chairman and CEO

James E. Shields, Executive Vice President and CFO

Nigel L. Lee, Executive Vice President, EMEAAP

J. Lucas Wimer, Executive Vice President, Operations & Technology

Timothy C. Everett, Executive Vice President, General Counsel, and Secretary

Pursuant to SEC rules, the following persons, who are no longer employed by the Company, are also included as Named Executives for 2010 (with their respective termination dates indicated in parentheses):

Jean C. Benson, former Senior Vice President and Controller (March 31, 2011). Ms. Benson is included as a Named Executive because she served as principal financial officer during a portion of 2010.

Jeffrey R. Woods, former Executive Vice President and CFO (January 15, 2010). Mr. Woods is included as a Named Executive because he served as CFO during a portion of 2010. Because his employment terminated on January 15, 2010, the Committee did not consider him in any of the 2010 compensation determinations, including those with respect to base salary, annual bonus and long term compensation.

Executive Compensation Philosophy

Current global economic conditions have affected and may continue to affect market practice with respect to certain executive compensation arrangements. Other factors affecting the Company's executive compensation arrangements include the current capital structure of the Company with the majority of its ownership held by two private equity owners. The Human Resources and Nominating Committee (the Committee) continues to monitor these effects regularly and how they may impact the Company's executive compensation strategy now and in the future and, in particular, the Company's ability to attract and retain high-caliber executive and employee talent.

Recognizing that there are evolving market views regarding executive compensation, the Company has adopted and implemented changes in its compensation policies and practices to align them with current market practices. The Company also eliminated or otherwise amended certain of its perquisites, retiree medical benefits, and the MoneyGram Supplemental Pension Plan (the supplemental pension plan) because the Company viewed these benefits as no longer consistent with market practice.

Generally, the objectives of the Company's executive compensation and benefit program are to:

Support growth and long-term value creation for stockholders;

Align compensation with short-term and long-term business and financial objectives;

Motivate our executives to perform at a high level with the utmost integrity and accountability for the overall success of the Company;

Table of Contents

Position the Company competitively in an effort to recruit, from a scarce talent pool, high-caliber, experienced leaders and managers critical to the Company's long-term success;

Support long-term retention of the Company's executives to maximize opportunities for teamwork, continuity of management and overall effectiveness; and

Equitably pay our employees relative to one another based on the work they do, the capabilities and experience they possess and the performance they demonstrate.

Each element of the Company's executive compensation and benefit program is designed to support and advance these general objectives. The Committee continues to review the appropriateness and application of this strategy in light of changes in the broader economy, particularly as those changes affect compensation practices.

The Committee periodically reviews the performance criteria and targets under the Company's executive compensation programs to ensure they do not provide an incentive for executives to take excessive or unnecessary risks. Each plan affecting direct compensation provides a clawback mechanism that allows the Committee to seek reimbursement of incentives paid or stock options provided to Named Executives if, after payment, it is determined that the Named Executive acted in a manner significantly contrary to the Company's interest. Additionally, stock option grants made to Named Executives in 2010 have two vesting criteria: (i) 50 percent of the stock option grants made to a Named Executive in 2010 vest over a five-year period in order to encourage Named Executives to focus on long-term Company performance, and (ii) the remaining 50 percent vest based on performance of the Company's stock.

Incentive plan metrics are reviewed against Board-approved business and financial plans, and our incentive plans include pre-determined maximum payout limits or caps. The Company's goal is to develop compensation arrangements that are appropriate and reasonably consistent with market practice and with the long-term interests and personnel needs of the Company.

Our executive officers are paid a base salary and have opportunities to earn annual and long-term incentives based on performance. They also participate in other retirement and welfare benefit arrangements on the same basis as other employees. The Committee believes these programs serve our competitive interests and enhance our ability to attract key talent.

Authority Over and Responsibility for Executive Compensation

Role of the Human Resources and Nominating Committee

The Committee is responsible for reviewing and approving the compensation for the Named Executives, other than the CEO, including base salaries, annual cash incentives and long-term incentives (together referred to as "Direct Compensation") and other benefits and perquisites. The Committee is also responsible for recommending compensation for the CEO to the Board. The Committee's goal is to assist the Board in fulfilling its oversight responsibilities related to setting, monitoring and implementing the Company's compensation strategy and programs. The Committee holds meetings as needed throughout the year and also considers and takes action by written consent in lieu of a meeting when appropriate. The Committee meets annually to conduct a comprehensive review of the Named Executives' compensation. For the Named Executives, other than the CEO, the Committee gives serious consideration to recommendations made by the CEO. These recommendations are based on the Company's performance and individual performance evaluations, competitive market data and feedback provided by the Company's human resources staff and Hewitt, an independent compensation consultant. In 2010, the Committee's review process focused on merit and market adjustment increases in base salary, annual incentives and long-term

incentive awards for existing executives, and on competitive market data and feedback for the executives hired in 2010.

Table of Contents

Role of the Board of Directors

The Board of Directors sets the objectives and goals, and the base salary, target annual incentive and long-term incentive awards for the CEO, taking into account recommendations from the Committee based on the Committee's formal evaluation of the CEO's performance.

Role of Compensation Consultant

In 2010, the Company retained Hewitt to provide consulting and advisory services on executive pay for the Named Executives. Hewitt's primary responsibilities included (i) advising management and the Committee in its development of compensation-related proposals and Committee materials, (ii) providing and interpreting market data and information on executive compensation best practices and trends, and (iii) providing context for the Committee's recommendations on executive compensation packages for the Named Executives. Hewitt has served as an advisor to the Company since 2004, and, from time to time, Hewitt meets with the Committee to provide information and recommendations as requested by the Committee.

For 2010, the aggregate amount of fees the Company paid to Hewitt for executive and director compensation services was \$136,329. The aggregate amount of fees the Company paid to Hewitt for additional services provided by Hewitt was \$162,797. These additional services include Hewitt's services as the actuary for the MoneyGram Pension Plan (the pension plan) and the supplemental pension plan and ongoing services in support of those plans. Hewitt also provides ongoing services with respect to stock option valuations required at various times throughout the year. Although the decision to engage Hewitt for these other services was made by management and not formally approved by the Board or the Committee, management consulted with the Committee prior to retaining Hewitt for such additional services.

Role of Chief Executive Officer

Our CEO participates in setting executive compensation (other than her own compensation). Our CEO recommends salary adjustments for the Named Executives based on individual performance evaluations and her assessment of individual performance, ensuring that the aggregate annual adjustments are within the budget. The CEO's recommendations are reviewed and approved by the Committee after discussion and adjustment, if appropriate.

Analytical Tools and Considerations for Setting Compensation

The Committee considered a variety of information in setting compensation for 2010, including Company performance, the benchmarking results from the 2010 Compensation Peer Group (the Compensation Peer Group), the Company's capital structure, Company strategic objectives, internal pay equity, as well as the individual circumstances of the particular Named Executive, such as tenure, overall role and responsibilities, individual performance and experience.

Competitive Benchmarking

To ensure that the Company's compensation programs remain fair and competitive in the marketplace, the Committee annually reviews and evaluates specific compensation levels for each Named Executive relative to the Compensation Peer Group. The Compensation Peer Group consists of companies that the Committee believes are representative of the executive talent pool for which we compete on the basis of industry and scope of operations. Based on these considerations, the Committee added the following companies to the Compensation Peer Group for 2010: Advance America Cash Advance Centers, Dollar Financial Corp. and Jack Henry & Associates Inc. The Committee did not remove any companies from the Compensation Peer Group for 2010. The Company notes, however, that its capital ownership structure since the 2008 recapitalization somewhat differentiates the Company from its Compensation Peer

Group, and therefore it may need to utilize non-comparable compensation practices to attract and retain Named Executives.

Table of Contents

The Committee utilizes the data from the Compensation Peer Group when considering executive compensation. The 2010 average annual revenue of the Compensation Peer Group was \$1.85 billion while the Company's 2010 annual revenue was \$1.17 billion. As such, the Compensation Peer Group information is adjusted based on comparative revenue metrics appropriate for the size of the Company (the Compensation Peer Group Data).

In November 2009, the Committee selected the following companies to comprise the 2010 Compensation Peer Group:

ACI Worldwide	DST Systems, Inc.	Heartland Payment Systems, Inc.
Axiom Corporation	Dun & Bradstreet Corp.	Jack Henry & Associates Inc.
Advance America Cash Advance Centers	Equifax Inc.	Online Resources Corp.
Alliance Data Systems Corp.	Euronet Worldwide Inc.	Total Systems Services, Inc.
Convergys Corporation	Fidelity National Information Services	TransUnion, LLC
Dollar Financial Corp	Fiserv Inc.	The Western Union Company
	Global Payments, Inc.	

Benchmarking Targets and Analysis

Compensation Peer Group Data is one of the many factors considered by the Committee when making decisions on executive compensation, and provides a contextual backdrop for the Committee's deliberations. Generally, the Committee targets each Named Executive's base salary and annual cash incentive compensation opportunity between the 50th and 75th percentile level of the Compensation Peer Group Data for comparable functional roles. The Committee may, however, position Named Executives' base salary and annual cash incentive compensation above or below the Compensation Peer Group Data depending upon factors such as Company strategic objectives, internal pay equity and the Named Executive's overall role and responsibilities, individual performance and experience.

As a result of the Committee's compensation decisions for 2010, the targeted base salary range for each Named Executive's base salary was between the 50th and 75th percentile of the Compensation Peer Group Data, and the targeted range for annual cash incentive opportunity for each Named Executive was at the 50th percentile.

Actual base salary for each Named Executive was as follows: Ms. Patsley's and Mr. Wimer's base salaries were between the 50th and 75th percentile of the Compensation Peer Group Data; Ms. Benson's and Mr. Lee's base salaries were above the 75th percentile; and Messrs. Everett's and Shields' base salaries were slightly below the 50th percentile.

The annual cash incentive opportunity for each Named Executive was at or below the 50th percentile with the exception of Mr. Wimer and Mr. Lee. Mr. Wimer's annual cash incentive opportunity was slightly above the 50th percentile based upon overall scope and responsibility of his position. Mr. Lee's annual cash incentive opportunity is currently above the 75th percentile.

Elements of Compensation

For 2010, the Company's executive compensation and benefits programs consisted of the elements outlined in the table below:

Direct Compensation

Other Compensation

Base salary	Severance agreements
Annual cash incentives	Deferred compensation plan (frozen as of April 1, 2010)
Long-term incentives	Supplemental pension plan (frozen as of December 31, 2009)
	401(k) plan
	Perquisites (discontinued as of April 12, 2010)

Table of Contents

Base Salary

Base salary provides a level of base compensation designed to attract and retain high-caliber, top-executive talent. Increases to base salary for the Named Executives may be comprised of merit, promotion, internal equity considerations and/or market adjustments. Merit increases are determined on an annual basis, usually in the first quarter, based on the Named Executives' performance for the previous year. Promotions, internal equity considerations and market adjustments to base salary are considered by the Committee when appropriate during the year.

Base salary increases for the Named Executives are generally determined by the Committee based on the Compensation Peer Group Data, recommendations made by the CEO (for Named Executives other than the CEO), individual performance evaluations and salary increase guidelines set by the Committee. Salary increases for 2010 were tied directly to the Compensation Peer Group Data, general market conditions and individual performance.

During the annual review of base salary compensation the Committee took the following actions related to base salary compensation for the Named Executives. The Committee recommended to the Board that Ms. Patsley's 2009 base salary remain the same in 2010, because Ms. Patsley had been recently appointed CEO in September 2009 and her compensation arrangements had been adjusted at that time. Ms. Patsley's base salary falls between the 50th and 75th percentile of the Compensation Peer Group Data. Effective April 12, 2010, Ms. Patsley received a 1.76 percent increase to her base salary in place of certain perquisites that were eliminated. In addition, the Committee approved a 4 percent merit increase to Ms. Benson's 2009 base salary, which salary was above the 75th percentile because of her experience and responsibilities, and in recognition of her long-term contribution to the Company during a period of significant change. Because Messrs. Shields, Lee, Wimer and Everett were hired during 2010, they were not eligible for a 2010 merit increase.

Annual Cash Incentive Plan

The annual cash incentive plan is designed to focus Named Executives toward achieving the annual financial goals of the Company and to drive value creation for stockholders. The MoneyGram International, Inc. Performance Bonus Plan, as amended and restated as of February 17, 2010 (the "annual cash incentive plan"), provides for incentives based on an expanded set of criteria from the prior annual cash incentive plan, which provided for incentives based primarily on Company financial performance. The amended annual cash incentive plan awards incentives based on overall Company performance, individual business unit performance (where applicable), and the individual Named Executive's performance and contribution to the Company.

The Committee established a target incentive opportunity for each Named Executive expressed as a percentage of base salary during the applicable year. Annual incentive payments are permitted to exceed the targeted level, up to a maximum of twice the annual target incentive opportunity, if performance exceeded targeted levels. If the Company performed at the threshold level, the annual target incentive opportunity is decreased by 50 percent, and if the Company performed below the threshold level, the annual target incentive opportunity is zero, in each case subject to the Committee's discretion. Actual cash incentive awards depend on achievement of annual financial performance goals established by the Committee for MoneyGram, individual business unit performance (where applicable) and overall individual performance and contribution to the Company. The individual performance and contribution to the Company is reflected in each Named Executive's overall performance rating. There is a performance overlay range associated with each Named Executive's performance rating. Depending on the performance rating, a Named Executive's annual bonus payout can be increased or decreased. The Committee, with input from management, determines the Company financial objectives for the participants with a goal of placing the appropriate focus on desired results and key initiatives.

The Committee reviewed the annual incentive targets to ensure the Company's executive compensation program was competitive with the market. Annual incentive targets are based on job responsibilities, Compensation Peer Group Data and general market conditions. Consistent with our

Table of Contents

compensation objectives, as executives assume greater responsibilities, a larger proportion of their compensation is linked to Company and individual performance goals. For 2010, Ms. Patsley and Ms. Benson maintained the same annual incentive targets as 2009. Because Messrs. Shields, Lee, Wimer and Everett were hired during 2010, the Committee established their incentive targets on their respective hire dates during 2010.

The Committee continues to target annual cash incentive opportunity for each Named Executive between the 50th and 75th percentiles of the Compensation Peer Group Data. The Committee determined the following 2010 target incentive opportunity for each Named Executive under the annual cash incentive plan:

Name	Percent of Base Salary/Earnings
Pamela H. Patsley	100%
James E. Shields	70%
Nigel L. Lee	75%
J. Lucas Wimer	60%
Timothy C. Everett	55%
Jean C. Benson	40%
Jeffrey R. Woods	0%

Performance Metrics and Results

In 2010, the Committee established the following metrics to measure overall Company performance under the annual cash incentive plan: total revenue and earnings before interest, taxes, depreciation and amortization (EBITDA). EBITDA was adjusted for certain items as approved by the Committee as set forth below. The performance levels for each metric, relative weighting and the actual levels achieved are as follows (dollars in millions):

Weighting	Metric	Minimum	Target	Maximum	Achieved
40%	Total revenue less total commissions expense	\$ 670.6	\$ 705.9	\$ 734.2	\$ 669.8(1)
60%	EBITDA	\$ 272.5	\$ 286.8	\$ 298.3	\$ 285.9(2)

Threshold levels are set such that they may be attained with satisfactory Company performance. Maximum levels are set such that they may only be attained with exceptional company performance and the amount must be attained inclusive of funding for the maximum incentive payment.

(1) The metric as established by the Committee was total revenue, net of total commissions expense, for all products and types of revenue, adjusted for various items, primarily related to the impact of the currency valuation.

Table of Contents

(2) The results achieved for EBITDA were adjusted by the Committee and reconciled to reported EBITDA as follows (dollars in millions):

Income (loss) before income taxes	\$ 58.4
Interest Expense	102.1
Depreciation and amortization	48.1
Amortization of agent signing bonuses	29.2
Reported EBITDA	\$ 237.8
Net securities gains	(2.1)
Severance and restructure costs	6.5
Asset impairment charges	1.8
Stock based compensation expense	26.0
Securities litigation, legal settlements and related costs	11.2
Net Currency valuation adjustment	4.7
Results achieved after adjustments	\$ 285.9

The adjustments determined by the Committee were for items not indicative of the underlying management performance or were deemed not to be within the control of management.

Based upon the results achieved and relative weighting as shown in the table above, the 2010 level of achievement for the total annual cash incentive plan pool was 58% of target. All Named Executives, with the exception of Mr. Lee, received annual cash incentives based on the above weightings. Fifty percent of Mr. Lee's annual cash incentive was based on the total Company metrics discussed above and 50% was based on his business unit (EMEAAP) revenue. The Committee recognized that the global economy did not achieve the level of growth that the Company had anticipated in developing its 2010 financial plan, and that the corridors for growth in the EMEAAP region in particular did not achieve these anticipated levels. In reviewing EMEAAP revenue against target, it was determined that a 58% achievement level was appropriate for the EMEAAP business.

Each Named Executive received an individual performance rating as noted in the table below which acted as a multiplier or detractor to their annual cash incentive payout and was reviewed and approved by the Committee. The performance rating takes into account the Named Executive's work and technical competency as well as their leadership competency in their role.

Name	Performance %	Final Annual Cash Incentive as % of Target
Pamela H. Patsley	120	70
James E. Shields	100	58
Nigel Lee	100	58
J. Lucas Wimer	120	70
Timothy C. Everett	110	64
Jean C. Benson	100	58

Jeffrey R. Woods

Three Named Executives were determined to have an individual performance rating supporting a greater than 100% multiplier of their incentive payout. Ms. Patsley consistently led the company through management changes, and exhibited strong technical and industry relevant knowledge in driving and executing toward strong business performance. Mr. Wimer consistently delivered structural and process changes on a global scale to bring the Company's business to a higher level of customer service and efficiency. Mr. Everett led the business through significant management and organizational changes in the legal and compliance teams and provided leadership in the Company's development of a more globally efficient and effective Company business.

Table of Contents

Certain Named Executives had their annual cash incentive payout prorated based on their hire date in 2010, if applicable.

Funding Limits

An annual incentive funding limit is established for each Named Executive based on MoneyGram's EBITDA. Once the formula has been applied, the Committee has the sole discretion to lower the actual incentive amounts below the amount established by the funding formula. The Committee did not exercise its discretion to lower actual incentives for Named Executives in 2010.

Long-Term Incentives

Stock Options

Recruitment and retention of Named Executives, as well as the alignment of the financial interests of the Named Executives with those of the stockholders, were the primary factors that influenced the Committee's decisions on stock option grants in 2010. Due to the Company's stock price, ownership structure, overall leverage and senior management turnover following the 2008 Recapitalization, the Committee recognized that recruiting to fill vacant leadership positions and retaining existing executives were critically important and were particularly challenging in the current environment. The stock option program was designed to include both time-based and stock performance-based vesting criteria in connection with any option grant. The vesting criteria are designed to provide a direct retention effect on Named Executives and to encourage the creation of long-term stockholder value. In consideration for participating in the stock option program, all option grantees, including Named Executives, are required to sign a post-employment restriction agreement providing for non-disclosure, non-solicitation and non-competition following termination of employment. For Named Executives, any unvested options are forfeited upon termination of employment and returned to the pool of options available for grant, except with respect to Ms. Patsley as otherwise disclosed herein.

When determining the size of the option grants to Named Executives and other option grantees, the Committee sought to create a pool of available shares that was approximately 10 percent of the total shares outstanding, assuming full conversion of the Company's preferred stock and taking into consideration the dilution of the Company's common stock over time. In 2010, the Committee granted larger individual option grants to certain Named Executives at their time of hire, which grants were intended to be in lieu of routine annual grants. The size of these individual option grants was determined based on the option grantee's individual role, responsibilities, experience and overall value to the Company. During 2010, Messrs. Shields, Lee, Wimer and Everett received such individual grants at the time of their hire. Ms. Patsley, Ms. Benson and Mr. Woods did not receive any stock option grants in 2010.

For options granted in 2010, 50 percent of the shares vest over time and 50 percent of the shares vest based upon performance of the Company's stock. The options have a ten-year term. The per share purchase price of the shares subject to the options is the higher of \$1.50 or the fair market value of our common stock as of the grant date. For options granted in 2010, the time-vested portion of the option does not begin to vest until one year following the grant date. The time-based vesting schedule is in five equal annual installments, beginning one year from the grant date. With respect to stock performance-vested shares, shares vest in two installments when the value of the common stock of the Company reaches a certain price per share for a period of 20 consecutive trading days for each installment during the five-year period following the grant date. Individual grants to the Named Executives are discussed in the Outstanding Equity Awards at December 31, 2010 table under Part Four Other Important Information Executive Compensation in this proxy statement.

Table of Contents

The table below sets forth the total number of options granted to each Named Executive during 2010:

Name	# of Options
Pamela H. Patsley	0
James E. Shields	2,000,000
Nigel Lee	2,500,000
J. Lucas Wimer	2,000,000
Timothy C. Everett	1,750,000
Jean C. Benson	0
Jeffrey R. Woods	0

Other Compensation and Benefits

A portion of the Named Executives' compensation includes other market competitive, non-variable compensation and benefits. The other compensation and benefit programs help us effectively recruit and retain high-caliber talent, while competing for talent with other companies that commonly offer similar programs.

Retirement Benefits and Deferred Compensation

The Company's retirement benefits for employees in the United States consist of the following:

- the 401(k) plan;
- the pension plan (frozen as of December 31, 2003);
- the supplemental pension plan (frozen as of December 31, 2009); and
- the deferred compensation plan (frozen as of April 1, 2010).

Each of these plans is discussed in Part Four Other Important Information Executive Compensation Retirement Plans in this proxy statement. Employees located outside of the United States receive comparable benefits as adjusted to reflect local market and other requirements for such benefits.

Perquisites

On April 12, 2010, the Committee approved the elimination of the remaining perquisites for eligible Named Executives in the United States in an effort to keep within the competitive landscape and the Company's expense control initiatives. As a result, affected Named Executives, which included Ms. Patsley and Mr. Everett, received a \$15,000 increase in base salary in lieu of the following perquisites, which were eliminated: financial counseling services; health club subsidy; and annual physical examination.

As disclosed in our Form 10-Q for the quarter ended September 30, 2010, the Company sold its aircraft during 2010, and the aircraft was not used for business or personal use during 2009 or 2010.

Additional information on the value of perquisites offered to each Named Executive in 2010, as well as the valuation methods for such perquisites, can be found in the Summary Compensation Table under Part Four Other Important Information Executive Compensation in this proxy statement.

Executive Employment Agreements

Pamela H. Patsley

Pursuant to the terms of Ms. Patsley's amended and restated employment agreement, dated as of September 1, 2009, Ms. Patsley serves as the Company's Executive Chairman and CEO in a full-time capacity for the period commencing on September 1, 2009 and ending on August 31, 2013. In connection therewith, Ms. Patsley is entitled to receive an initial annual base salary of \$850,000, subject to annual

Table of Contents

review. Ms. Patsley also received a special one-time signing bonus in the amount of \$250,000 (less applicable withholdings) paid in a lump sum within 30 days of September 1, 2009. Ms. Patsley is also eligible to participate in the annual cash incentive plan. Her annual target incentive opportunity is 100 percent of base salary earnings, with a maximum percentage of twice the annual target incentive opportunity, if the Company's performance exceeds targeted levels. In determining Ms. Patsley's total compensation package, the Committee undertook an analysis of the scope and responsibilities of the position, as well as the Compensation Peer Group Data.

Ms. Patsley is also eligible to participate in other benefit programs, and to receive certain perquisites, in accordance with the terms and conditions of applicable Company policies as may be in effect and/or amended from time to time. In addition, if Ms. Patsley's employment is terminated by the Company without cause (as defined by her employment agreement and other than by reason of death or disability, as defined in her employment agreement) or if Ms. Patsley resigns for good reason (as defined in her employment agreement), she will be entitled to a severance payment equal to two times her then current base salary if terminated prior to August 31, 2012 or a severance payment equal to one and one-half times her then current base salary if terminated on or after August 31, 2012. In addition, the Company would be required to continue to provide Ms. Patsley certain benefits and accelerate the vesting of a portion of her stock option awards. If Ms. Patsley's employment is terminated for cause (as defined in the agreement) or by her resignation without good reason (as defined in the agreement), she would receive her base salary through the date of termination, reimbursement for any unreimbursed business expenses properly incurred by her, employee benefits, if any, as to which she was entitled under the employee benefit plans of the Company, such rights as she would have under any equity grant, and any rights that she would have under director and officer insurance then maintained by the Company. Ms. Patsley is subject to a one-and-one-half year post-employment non-competition provision.

Nigel L. Lee

Pursuant to the terms of Mr. Lee's letter of appointment effective April 22, 2010, Mr. Lee serves as Executive Vice President, Europe, Middle East, Africa, and Asia Pacific (EMEAAP). Pursuant to the terms of the letter of appointment, Mr. Lee's employment agreement continues unless and until terminated by either the Company or Mr. Lee upon three months' prior notice of termination in writing, or three months' base salary in lieu thereof at the Company's discretion. The letter of appointment provides that Mr. Lee is entitled to (i) an initial base salary, subject to annual review by the Committee, (ii) participation in the annual cash incentive plan, the Company's long-term incentive plans and employee benefits plans, and (iii) specified medical benefits, retirement benefits and perquisites.

Under the terms of the letter of appointment, Mr. Lee receives an initial annual base salary of \$450,000, and participates in the annual cash incentive plan, similar to other Named Executives. His annual target incentive opportunity is 75% of base salary earnings. Mr. Lee is also eligible to participate in other Company benefits programs, receives a compulsory contribution to the retirement fund of 10% of base salary earnings and an annual cash stipend in an amount determined by the Company through December 31, 2012. In 2010, the amount of the annual stipend was \$400,000. In February 2011, the Committee determined that the annual stipend for 2011 would be \$200,000. The stipend is intended to cover housing, schooling and other expatriate costs. In connection with his employment and with approval of the Committee, Mr. Lee was granted a non-qualified stock option to purchase 2,500,000 shares of the Company's common stock, 50 percent of which is time-vested and 50 percent of the option is considered stock performance-vested. The option expires on April 22, 2021. The time-vested portion of the option vests in equal installments over five years on the anniversary of the grant date. The stock performance-vested portion of the option vests in two installments if the value of the common stock of the Company reaches a certain price per share for a period of 20 consecutive trading days for each installment during the five-year period following the grant date.

The Company may terminate Mr. Lee's employment at any time with Cause (as defined in the letter of appointment). If Mr. Lee's employment is terminated by the Company without Cause (as defined in the letter of appointment), he is entitled to receive a severance allowance in an amount equal to his then-

Table of Contents

current annual base salary plus a pro rata portion of his then current annual target incentive opportunity if the Company achieves performance goals during the applicable period and bonuses are paid for annual incentive plan participants for such period. If Mr. Lee's employment is terminated for cause (as defined in the agreement) or he resigns his employment for any reason he will not be entitled to any payment or other benefits.

Other Compensation Arrangements

Jean C. Benson

On June 3, 2010, the Company entered into an agreement with Ms. Benson to provide a one-time recognition bonus of \$50,000 for the additional interim duties she was assigned during the Company's search for a new chief financial officer. The bonus was payable within ten business days following March 31, 2011, provided Ms. Benson continued to perform at a performance level consistent with her past performance and complied with Company policies, practices and procedures. On February 8, 2011, the Company and Ms. Benson entered into a separation agreement and release of all claims, pursuant to which Ms. Benson ceased her employment with the Company on March 31, 2011. For a description of the separation agreement, see *Severance Agreements* under *Part Four Other Important Information Executive Compensation Potential Payments Upon Termination or Change of Control* in this proxy statement.

Other Agreements

Employee Trade Secret, Confidential Information and Post-Employment Restriction Agreement

Each of the Named Executives has entered into an Employee Trade Secret, Confidential Information and Post-Employment Restriction Agreement. Under this agreement, each Named Executive agrees to confidentiality and non-disparagement obligations that extend indefinitely. In addition, under this agreement, each Named Executive agrees to non-competition provisions with respect to general competitors and specific conflicting organizations, and a non-solicitation restriction with respect to employees and customer relationships for defined periods of time.

Severance Benefits

The objective of the Company's severance benefits is to provide financial protection in the event of a termination that could disrupt the careers of the Named Executives. The severance benefits allow the Named Executives to focus on corporate performance and maximizing value for the benefit of stockholders in the event of a change of control or other termination by providing an economic means for the Named Executives to transition away from employment with the Company. Participation by a Named Executive in any plan or agreement requires approval by the Committee. For a description of the Company's severance plans, see below and also *Part Four Other Important Information Executive Compensation Potential Payments Upon Termination or Change of Control* in this proxy statement.

Severance Agreements

The Company has moved its severance practices for Named Executives away from severance plans, including change of control severance plans, to individual severance agreements. Each of the Named Executives, other than Ms. Patsley and Mr. Lee, entered into such an agreement with the Company. These individual severance agreements only provide for severance if a Named Executive's employment is terminated by the Company without cause and do not provide change of control severance benefits. The severance agreement for Named Executives provides for severance in an amount equal to one year of a Named Executive's annual base salary and a pro rata portion of the Named Executive's then current annual target incentive opportunity. The severance under these agreements does not become available to the respective Named Executives until on or after the first anniversary of such person's employment with the

Company.

Table of Contents

Severance Plan

The Company's existing Amended and Restated MoneyGram International, Inc. Executive Severance Plan (the severance plan) (Tier II) provides change of control severance benefits to Ms. Benson and other executives, whose employment with the Company began prior to 2008. This severance plan provides change of control severance benefits if, within a specified period of time after a change of control of the Company, the executives' employment is terminated either by the Company without cause, or by the executive for good reason. For details regarding amounts Ms. Benson would be entitled to receive under the severance plan, see the Severance Plan/Employment Agreements/Benefit Plans Potential Payments and Benefits Upon Termination (Change of Control) table under Part Four Other Important Information Executive Compensation Potential Payments Upon Termination or Change of Control in this proxy statement.

Other than Ms. Benson, no other Named Executives participate in the above described severance plan and the Company did not add any participants to this plan in 2010.

Special Severance Plan

The MoneyGram International, Inc. Special Severance Plan (the special severance plan) (Tier II), which was adopted in connection with the 2008 recapitalization, provided severance benefits to Ms. Benson and other executives if an individual's employment was terminated either by the Company without cause, or by the employee individually or the Company for good reason, provided that the separation occurred on or before March 24, 2010. The potential payments and benefits under the special severance plan (Tier II) would have been reduced by the service period from the date of the recapitalization through the date of separation. The special severance plan (Tier II) expired on March 24, 2010 and no longer applies to any Named Executive Officer.

Stock Ownership Guidelines and Policy Regarding Trading in Company Stock

The Company's stock ownership guidelines previously required Named Executives to purchase Company stock in an amount equal to a multiple of the Named Executive's annual base salary. The multiple for the CEO was five times annual base salary, and the multiple for other Named Executives was three times annual base salary. In 2009, the Committee suspended the stock ownership guidelines based on a number of factors, including changes in the Company's senior management, market volatility and global economic conditions. In 2010, the Committee evaluated its stock ownership guidelines and decided to discontinue the stock ownership guidelines based upon its determination that long-term performance incentives awarded to Named Executives provide adequate incentives for the Named Executives to achieve Company financial performance goals and maximize shareholder value.

The Company maintains policies and procedures for transactions in the Company's securities that are designed to ensure compliance with all insider trading rules. The Company's policies and procedures also prohibit officers and directors from engaging in any transaction in which they may profit from short-term speculative swings in the value of the Company's securities, including short sales (selling borrowed securities that the seller hopes can be purchased at a lower price in the future), short sales against the box (selling owned, but not delivered securities) and hedging transactions.

Policy for Deductibility of Compensation

The Company's ability to deduct compensation expense for federal income tax purposes is subject to the limitations of Section 162(m) of the Code. Section 162(m) limits deductibility to \$1 million for certain executive officers unless certain conditions are met. To date, the Company has designed and administered its executive compensation program so that all compensation paid by the Company to the Named Executives, other than severance, qualified as deductible

compensation expense. Although the Committee is mindful of the limitation imposed by Section 162(m) of the Code, it also recognizes that facts and circumstances may render compliance with those limitations inappropriate, at odds with the best interests of the Company or out of step with then prevailing competitive market conditions. In such

Table of Contents

event, the Committee's priority will be determining what is in the best interest of the Company and its stockholders rather than compliance with the technical limitations imposed by the Code.

Clawbacks

The annual cash incentive plan and the terms of our stock options provide that the Committee may seek reimbursement of incentives paid or stock options provided to a Named Executive if it is later determined that the Named Executive engaged in misconduct, acted in a manner significantly contrary to the Company's interest or breached a non-competition agreement. To date, the Committee has not exercised this right with respect to any plan award previously paid.

2011 Compensation Decisions

2011 Base Salary Increases

The Committee continues to use the Compensation Peer Group Data as a guide in setting base salaries for Named Executives between the 50th and 75th percentile. In addition, when setting base salaries for Named Executives, the Committee considers internal pay equity and each Named Executive's tenure, overall role and responsibilities, individual performance and experience. The Committee's decisions regarding base salaries of those Named Executives who remain employed by the Company are set forth below.

The Committee reviewed each Named Executive's annual base salary to ensure the Company's executive compensation program was competitive with the market. On February 15, 2011, the Committee approved the following increases for the Named Executives based on the Compensation Peer Group Data, recommendations made by the CEO (for Named Executives other than the CEO), individual performance evaluations and salary increase guidelines set by the Committee. Salary increases for 2011 were tied directly to the Compensation Peer Group Data and individual performance.

During the annual review of the Named Executives' compensation, the Committee took the following actions. The Committee recommended to the Board that no increase be made to Ms. Patsley's base salary for 2011. Ms. Patsley's base salary falls between the 50th and 75th percentile of the Compensation Peer Group Data. The Committee approved a 10 percent merit increase to Mr. Shields' base salary. His base salary is at the 50th percentile of the Compensation Peer Group Data. The Committee did not increase Mr. Lee's base salary for 2011. His base salary is currently above the 75th percentile of the Compensation Peer Group Data. The Committee approved a 3 percent merit increase to Mr. Wimer's base salary. His base salary is slightly above the 75th percentile of the Compensation Peer Group Data based on his overall performance, responsibilities and scope. The Committee approved a 5.9 percent merit increase to Mr. Everett's base salary. His base salary is at the 50th percentile of the Compensation Peer Group Data. Ms. Benson was not eligible for a merit increase for 2011.

2011 Annual Cash Incentive Plan

The annual cash incentive plan is designed to incentivize Named Executives to achieve the Company's annual financial goals and to drive value creation for stockholders. The annual cash incentive plan awards incentives based on overall Company performance, individual business unit performance (where applicable), and individual Named Executive performance and contribution to the Company. The Committee established a target incentive opportunity for each Named Executive expressed as a percentage of base salary during the applicable year. Annual incentive payments are permitted to exceed the targeted level, up to a maximum of twice the annual target incentive opportunity, if performance exceeds targeted levels. If the Company performed at the threshold level, the annual target incentive opportunity is decreased by 50 percent, and if the Company performed below the threshold level, the annual

target incentive opportunity is zero, in each case subject to the Committee's discretion. Actual cash incentive awards depend on achievement of annual financial performance goals established by the Committee for MoneyGram, individual business unit performance (where applicable) and overall individual performance and contribution to the Company. The individual performance and

Table of Contents

contribution to the Company is reflected in each Named Executive's overall performance rating. There is a performance overlay range associated with each Named Executive's performance rating. Depending on the performance rating, a Named Executive's annual bonus payout can be increased or decreased. The Committee, with input from management, determines the Company financial objectives for the participants with a goal of placing the appropriate focus on desired results and key initiatives.

To align the annual incentive compensation opportunities for the Named Executives with the Company's plan and growth objectives, the Committee set the 2011 executives' annual incentive compensation award targets for performance by establishing a grid based on the total Company's total revenue and operating income performance, each adjusted for certain items as approved by the Committee.

Performance Metric	Percent Weighting
Total Revenue	50%
Operating Income	50%

For most Named Executives, the above metrics determine 100 percent of their annual cash incentive opportunity. Where appropriate, a percentage of the annual cash incentive opportunity for certain Named Executives may also be tied to the total revenue metric for their respective region or subregion. An individual performance factor is assigned by the CEO and recommended to the Committee and acts as a multiplier or detractor to the incentive payout.

The Company continues to target annual cash incentive opportunity for Named Executives at the 50th percentile of the Compensation Peer Group Data. The 2011 annual cash incentive opportunity for the Named Executives is at the 50th percentile except for Messrs. Wimer and Lee, whose annual cash incentive opportunity is between the 50th and 75th percentile.

The Committee reviewed the annual incentive targets to ensure the Company's executive compensation program was competitive with the market. On February 15, 2011, the Committee increased annual incentive targets for Ms. Patsley from 100% to 110%; Mr. Everett from 55% to 60% and Mr. Wimer from 60% to 70% based on a review of the Compensation Peer Group Data and contributions to the Company. The Committee asked Hewitt to conduct a competitive benchmark analysis for executive officers. Their benchmarking is based on several considerations: a single approach and streamlined process to measure the size of jobs against appropriate and consistent database matches; common language and factors to compare jobs for senior executive levels within and across job families, functions, organizations, industries, and global regions; create a strong link between job content and market data which enables the organization to price jobs accurately and consistently; and greater precision to determine the difference between jobs, grades, and levels and to provide a link between job leveling. Hewitt worked with MoneyGram management to develop 2011 pay proposals and to review those proposals in the context of market competitive pay levels to support the Committee's consideration of proposed 2011 pay opportunities.

2011 Compensation Peer Group

The Committee reviews the Compensation Peer Group annually to confirm that the Compensation Peer Group includes companies that are most comparable to the Company on the basis of industry focus and scope of operations. Based on these considerations, the Committee added the following companies to the Compensation Peer Group for 2011: Broadridge Financial Solutions, Fifth Third Processing Solutions and Wright Express Corporation. The Committee did not remove any companies from the Compensation Peer Group for 2011. The Committee notes that given the Company's current capital structure, the Company may need to utilize non-comparable compensation

practices to attract and retain Named Executives.

- (1) In 2010 and 2009, MoneyGram awarded bonuses based solely on MoneyGram's achievement of certain performance targets established under incentive plans, which bonus amounts, if any, are recorded under the Non-Equity Incentive Plan Compensation column of this table. In 2009, Ms. Patsley received a signing bonus. In 2010 and 2009, Ms. Benson received discretionary bonuses. These bonuses are recorded under the Bonus column of this table.
- (2) The amounts included in these columns represent the aggregate grant date fair value of the awards made to Named Executives in accordance with applicable accounting guidance (see Note 13 *Stock-Based Compensation* of the Notes to Consolidated Financial Statements in our 2010 Form 10-K). In connection with his separation from the Company, Mr. Woods forfeited his entire option award. (1) The total number of options granted on 3/26/2006, 2/19/2003 and 2/18/2004 represents the grant on each such date of both an incentive stock option (ISO) award and a non-qualified stock option

Table of Contents

(NQSO), containing the same expiration date and exercise price. Not all Named Executives have awards on each of the foregoing dates, as reflected in the table above.

For each Named Executive, the total number of options outstanding consists of the following: Ms. Patsley, 11,800,000 NQSO; Mr. Shields, 2,000,000 NQSO; Ms. Benson, 19,145 ISO and 1,011,555 NQSO; Mr. Lee, 2,500,000 NQSO; Mr. Wimer, 2,000,000 NQSO; and Mr. Everett, 1,750,000 NQSO.

- (2) The options granted in 2001 through 2002 vested in two equal annual installments, beginning one year from the grant date and have a ten year term; the options granted in 2003, 2005, 2006 and 2007 vested, in three equal annual installments, beginning one year from the grant date and have a ten year term; and the options granted in 2004 vested in five equal annual installments, beginning one year from the grant date and have a seven year term.

For options granted in 2009, 50 percent of the shares are considered time-vested and 50 percent of the shares are considered stock performance-vested. The time-vested portion of the option vests (i) for Ms. Patsley, in four equal annual installments, beginning one year from the grant date and have a ten year term, or (ii) for employees hired prior to 2009, 15 percent on the 31st day after the grant date, 20 percent on the first, second and third anniversary of the grant date, 10 percent on the fourth anniversary of the grant date and 15 percent on the fifth anniversary of the grant date and have a ten year term or (iii) for employees hired in 2009, except Ms. Patsley, in five equal annual installments, beginning one year from the grant date and have a ten year term. With respect to the stock performance-vested portion of the option, shares vest in two installments when the value of the common stock of the Company reaches a certain price per share for a period of 20 consecutive trading days for each installment during the five-year period following the grant date.

- (3) For options granted between July 1, 2004 and January 1, 2009, the exercise price was equal to the fair market value of our common stock on the grant date, defined as the average of the high and low sales prices of the shares on the grant date. Options granted prior to July 1, 2004 represent the number of shares underlying options granted by Viad prior to the Spin-Off that were converted in the Spin-Off into options to acquire common stock. At the time of the Spin-Off, each Viad option that was outstanding immediately prior to the Spin-Off was converted into two options: (i) an option to purchase shares of Viad common stock and (ii) an option to purchase shares of MoneyGram common stock. The exercise price of each MoneyGram stock option resulting from the conversion of these Viad stock options equaled the exercise price of the related Viad stock option times a fraction, the numerator of which was the closing price of a share of MoneyGram common stock on the first trading day after the Spin-Off and the denominator of which was that price plus the closing price of a share of Viad common stock on the first trading day after the Spin-Off (divided by four to reflect the post-spin Viad reverse stock split).

For options granted on January 21, 2009, the exercise price was set at \$1.50, which amount was higher than the fair market value of our common stock on the grant date. For options granted after January 21, 2009, the exercise price was set at \$1.50 or the fair market value of our common stock on the grant date, defined as the closing sale price of the shares on the grant date, whichever was higher.

- (4) Market value of shares or units of stock was computed by multiplying the number of shares or units that have not vested by the closing price of our stock on the NYSE on December 31, 2010.
- (5) In connection with the Benson Separation, the unvested portion of Ms. Benson's options was forfeited as of her departure on March 31, 2011. Ms. Benson has 180 days from March 31, 2011 to exercise any portion of her options that have vested, at which time the unexercised portion of the options will expire in accordance with their terms.

- (6) In connection with the Woods Separation, all unvested options were forfeited as of January 14, 2010.

(1) The value realized on exercise of option awards is the difference between the exercise price and the fair market value of our common stock at the time of exercise. The fair market value used for purposes of this table is the closing price of our common stock on the NYSE on the date of exercise.

(2) Ms. Patsley exercised 200,000 options on November 11, 2010 and held the underlying shares of common stock.

Retirement Plans*401(k) Plan*

The 401(k) plan is the Company's primary retirement plan for United States employees, including Named Executives who are based in the United States. The 401(k) plan is a defined contribution plan that allows employees whose customary employment is for not less than 1,000 hours per year to defer up to 50 percent of their eligible compensation on a pre-tax basis subject to limitations under the Code. MoneyGram matches 100 percent of the first three percent and 50 percent of the next two percent of compensation deferred by an eligible employee. In addition, a discretionary contribution may be granted annually by our Board, however no discretionary contribution was granted for 2010. Employer contributions are initially invested according to a participant's investment election for employee contributions. Employees may not maintain more than ten percent of their 401(k) account balances in MoneyGram stock. Participants are 100 percent vested immediately in their contributions and employer contributions.

Pension Plan

The pension plan is a noncontributory, qualified defined benefit plan for United States employees. Ms. Benson is the only Named Executive eligible for this plan, as the plan was frozen effective December 31, 2003. Through December 31, 2000, the pension plan was structured using a traditional defined benefit plan formula based primarily on the eligible employee's credited length of service and covered compensation during certain years of the participant's employment period, subject to limits set by federal regulations. From January 1, 2001 through December 31, 2003,

benefits accrued under a cash accumulation account formula based upon a percentage of eligible pay plus interest. When the pension plan was frozen in 2003, all benefit accruals and participation under the pension plan were frozen and all participants in the pension plan who were actively employed as of the freeze date became fully vested in their accrued benefits and cash accumulation benefits. Cash accumulation accounts continue to be credited with interest credits until distributed. In addition to normal retirement benefits at age 65, participants who are age 55 and have 10 years of service are eligible for an early retirement benefit. The pension plan also provides for disability, death, termination and spousal benefits. The pension plan

provides for the following forms of payment: single life annuity, 75 percent joint and survivor annuity, 50 percent joint and survivor annuity, 100 percent joint and survivor annuity, ten-year certain and life.

Supplemental Pension Plan

The supplemental pension plan provides pension benefits for select employees in addition to the benefits provided by the pension plan. None of the Named Executives are eligible for this plan, as it was frozen effective December 31, 2009.

The following table summarizes the present accumulated value of those Named Executives who are eligible for pension benefits as of December 31, 2010.

- (1) The present value of the accumulated benefit is calculated in accordance with applicable accounting guidance. Refer to Note 10 *Pensions and Other Benefits* of the Notes to Consolidated Financial Statements in our 2010 Form 10-K for our policy and assumptions made in the valuation of this accumulated benefit.

Deferred Compensation Plan

The deferred compensation plan was established for executives and other select employees who are limited as to the amount of deferrals allowed under our tax-qualified 401(k) plan or are limited by federal tax law as to the amount of profit sharing contributions that may be allocated to them. Prior to April 1, 2010, the deferred compensation plan allowed selected participants to defer the receipt of salary and incentive payments. Thus, the following compensation could have been deferred under the deferred compensation plan: (i) compensation (base salary and commissions); (ii) incentive pay (annual cash incentive plan); and (iii) supplemental profit sharing contributions. Accounts established under the deferred compensation plan earn interest. The rate used prior to April 1, 2010 was equal to the yield on the Merrill Lynch Taxable Bond Index Long Term Medium Quality (A3) Industrial Bonds. Effective April 1, 2010, the deferred compensation plan was amended to reduce the interest rate to a short-term index rate. Participants are 100 percent vested in amounts in their accounts at all times. Upon termination of employment with MoneyGram, the participant's account becomes immediately distributable in a lump sum or annual installments (not to exceed five years), according to the participant's irrevocable election.

Effective April 1, 2010, no further deferrals are allowed under the deferred compensation plan. Effective February 16, 2011, the plan was amended to provide lump-sum distributions of small employer deferral, non-voluntary account balances within 90 days of the effective date, and to terminate the employee deferral component of the plan. Employee deferral accounts will be distributed to participants not earlier than one year from the effective date and no later than

December 31, 2012.

Ms. Benson is the only Named Executive who participated in this plan. She was automatically enrolled in the supplemental profit sharing component of the plan in past years because her eligible compensation for purposes of determining qualified plan contributions exceeded Internal Revenue Service qualified plan limits. Ms. Benson's account is entirely non-voluntary and meets the small amount threshold; therefore, her account balance will be distributed to her in a lump sum on May 6, 2011 in accordance with the February 2011 amendment.

The Executive Compensation Trust provides a source of funding for the expected liabilities under the deferred compensation plan. The funds held in the trust remain subject to the claims of the creditors of MoneyGram.

Potential Payments Upon Termination or Change of Control

The following tables reflect the amount of compensation that each of the Named Executives would have received in the event of termination of such Named Executive's employment with MoneyGram under a variety of circumstances, assuming that termination was effective as of December 31, 2010. The amounts represent the compensation and benefits due and payable upon the different termination events as provided for in the applicable agreements and plans in existence as of December 31, 2010 and do not contemplate changes to existing plans or new plans adopted after December 31, 2010, or any discretion that the Board may exercise to modify a benefit at termination. While the summaries below provide an estimate of the payments that may be made to the Named Executive, actual payments to a Named Executive upon the various events of termination can only be determined at the time of such Named Executive's actual termination.

The tables include only those benefits, if any, that are enhanced or increased as a result of the event of termination and do not include benefits that the Named Executive is entitled to receive regardless of the event of termination, including but not limited to: (i) any base salary earned but not yet paid; (ii) amounts contributed to or accrued and earned under broad-based employee benefit plans, such as the 401(k) plan; and (iii) basic continuation of medical, dental, life and disability benefits. With regard to the accelerated vesting of options, the valuation is based upon the spread between the exercise price and the closing market price of our common stock on December 31, 2010.

Amended and Restated MoneyGram International, Inc. Executive Severance Plan (Tier II)

Executives employed by the Company prior to March 24, 2008 participate in Tier II of our severance plan. The severance plan (Tier II) provides that if within 18 months after a change of control of MoneyGram the executive's

employment is terminated either by MoneyGram without cause, or by the executive for good reason, then the executive will be entitled to a lump-sum payment calculated as follows: (a) two times the sum of the executive's highest annual salary fixed while the executive was a MoneyGram employee, plus (b) the greater of (i) the largest cash bonus paid to the executive under the annual cash incentive plan during the preceding four years or (ii) the target bonus under the annual cash incentive plan for the fiscal year in which the change of control occurs, plus (c) the greater of (i) the largest cash bonus paid to the executive under the performance-based stock unit plan during the preceding four years or (ii) the aggregate value of Company stock earned under any performance-related restricted stock award during the preceding four years or (iii) the aggregate value of Company stock awarded under any

performance-related restricted stock program for the fiscal year in which the change of control occurs. The amount is then multiplied by a fraction, the numerator of which is 24 minus the number of months from the date of the change of control through the last day of the executive's employment, and the denominator of which is 24. The severance plan (Tier II) also provides that the Company will pay the excise taxes that a participating executive may incur as a result of payments under the plan. The severance plan does not provide benefits to an executive who separates employment with the Company as a result of death, disability or retirement. The terms change of control, cause and good reason are defined in the severance plan. Ms. Benson is the only Named Executive who participates in our severance plan (Tier II).

Severance Plan/Employment Agreements/Benefit Plans – Potential Payments and Benefits Upon Termination (Change of Control)

In addition to the severance plan, several of MoneyGram's compensation and benefit plans contain provisions for enhanced benefits upon a change of control of MoneyGram. Under the severance plan (Tier II), a change of control triggers immediate vesting of stock options, restricted stock and performance-based restricted stock. In addition, a pro-rata portion of the annual target incentive opportunity under the annual cash incentive plan would become payable and a cash payment pursuant to any outstanding performance-based stock unit plan awards would become payable.

The following table sets forth the benefits each Named Executive would receive under our severance plan and under our severance and employment agreements, upon a termination of employment due to a change of control of the Company as of December 31, 2010.

- (5) Amounts represent assumed tax gross-ups to make the Named Executives whole for any federal excise taxes on change of control payments.
- (6) Ms. Patsley's payments would trigger an excise tax, but under Section 13(a) of her employment agreement, she would be required to forfeit \$44,359 because her aggregate payments do not exceed the safe harbor amount by more than \$100,000.

Severance Agreements

Named Executives who are not covered under the severance plan receive severance benefits pursuant to a severance agreement if their employment is terminated by the Company without cause.

In the case of Ms. Patsley, her severance agreement is included in her employment agreement. Ms. Patsley's severance benefits following a termination by the Company without cause are as follows: (i) salary severance equal to two times Ms. Patsley's then current annual base salary if her termination is prior to August 31, 2012 or one and one-half times Ms. Patsley's then current annual base salary if her termination is on or after August 31, 2012; (ii) bonus severance equal to an amount up to her annual target incentive opportunity; (iii) continuation of Ms. Patsley's health and life insurance for 18 months; and (iv) vesting of time-based options for a period of 12 months following termination of employment and vesting for stock performance-based options through any stock performance-based vesting date that occurs during the 12-month period following termination. For a description of Ms. Patsley's severance benefits, see Pamela H. Patsley under Part Four Other Important Information Compensation Discussion and Analysis Executive Employment Agreements in this proxy statement.

In the case of Mr. Lee, his severance agreement is included in his employment agreement. Mr. Lee's severance benefits following a termination by the Company without cause are as follows: (i) salary severance equal to your then current monthly base salary multiplied by 12, which shall be payable in equal monthly installments on the last day of each month over the 12-month period following the date of termination of employment; and (ii) bonus severance equal to a pro rata portion of the Named Executive's annual target incentive opportunity if the Company achieves the performance goals for the applicable performance period.

Messrs. Shields, Wimer and Everett have entered into the Company's standard severance agreement. The Company adopted this standard severance agreement in 2009 and provides: (i) salary severance equal to the Named Executive's then current monthly base salary multiplied by 12; and (ii) bonus severance equal to a pro rata portion of the Named Executive's annual target incentive opportunity if the Company achieves the performance goals for the applicable performance period.

On February 8, 2011, Ms. Benson and the Company entered into a separation agreement and release of all claims (the Separation Agreement), pursuant to which Ms. Benson's employment terminated effective March 31, 2011. Pursuant to the Separation Agreement, Ms. Benson received (i) a severance payment of \$80,806.08 pursuant to the Company's severance plan, (ii) an additional severance payment of \$116,158.92 and (iii) a payment of \$50,000.00 pursuant to Ms. Benson's recognition bonus, in each case, less all applicable voluntary and required withholdings. In addition, Ms. Benson received an award of \$60,900 pursuant to the Company's Performance Bonus Plan. In addition, Ms. Benson is entitled to Company-provided outplacement services until May 30, 2011.

Potential Payments and Benefits upon Retirement, Death or Disability

The columns of the table represent payments that would be due to each of the Named Executives in the event of a qualified retirement (age 55 with ten years of service), death or disability outside the context of a change of control and that would not otherwise be a termination by the Company for cause or a resignation by the Named Executive for good reason. In any of these events, MoneyGram is not obligated to provide any cash severance. However, the Named Executives do receive pro rata payments under certain incentive plans, acceleration of vesting for stock options and full ownership of restricted stock. The payments below assume that the termination event occurred as of December 31, 2010.
