On July 30, 2005, the Audit Committee of the Board of Directors of the Company concluded that it is necessary to record non-cash charges aggregating approximately \$1.1 billion in the second quarter of 2005 for the impairment of certain assets in North America and Europe under U.S. generally accepted accounting principles. Of these charges, nearly \$900 million of charges will be recognized as the Company reduces, to estimated fair value, the carrying value of fixed assets in North America related to the 24 facilities that will be transferred to Ford in conjunction with a contemplated transaction, and approximately \$250 million of non-cash charges will be recorded to reduce the carrying value of certain non-core fixed assets for drive line and engine air fuel systems primarily in Europe.

**SECTION 7 REGULATION FD**

**Item 7.01. Regulation FD Disclosure.**

On August 1, 2005, the Company issued a press release updating the status of the transactions contemplated by its memorandum of understanding, dated as of May 24, 2005, with Ford, the status of the independent review being conducted by the Audit Committee of the Board of Directors of the Company in respect of the accounting for certain transactions originating primarily in the Company's North American purchasing activity, and the repayment of its maturing bonds. The press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.
