Report of Independent Registered Public Accounting Firm

Plan Administrator
TechTeam Global Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits of the TechTeam Global Retirement Savings Plan as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005 and 2004, and the changes in its net assets available for benefits for the year ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2005 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

TechTeam Global Retirement Savings Plan

Notes to the Financial Statements

December 31, 2005

1. DESCRIPTION OF THE PLAN

The following description of the TechTeam Global Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan covering eligible, full-time employees of TechTeam Global, Inc. (the "Company") and TechTeam Cyntergy, LLC, a domestic subsidiary of the Company. Employees of other domestic subsidiaries of the Company are covered under separate plans. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Employees become eligible to participate in the Plan on the first day of the month following three months from their date of hire.

CONTRIBUTIONS

Participants may contribute up to 75% of pretax annual compensation, as defined in the Plan document, subject to the legislated limitations. Participants may also contribute amounts representing distributions from other qualified plans. A participant may direct their contributions to any of the Plan's fund options.

The Company may make discretionary matching contributions to the Plan, which are contributed into the TechTeam Global Stock Fund. Participants cannot redirect Company contributions to other fund options. During 2005, the Company elected to make matching contributions up to 35% of the first 4% of a participant's base compensation.

The Plan is required to distribute Company contributions made during 2005 to certain participants in order to remain in compliance with certain nondiscrimination requirements under the Internal Revenue Code (the "Code"). At December 31, 2005, the Plan has recorded a liability of \$50,530 for these distributions.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions, investment earnings, and Plan expenses. Allocations are based on participant earnings or account balances, as defined.

1. DESCRIPTION OF THE PLAN (CONTINUED)

VESTING

Participants are immediately vested in their contributions. Participants become fully vested in Company contributions upon completion of one year of service. Participants also become fully vested upon death, disability, or retirement at designated ages.

FORFEITURES

The Company is permitted to use forfeited balances to reduce future employer contributions. During 2005, the Company used forfeitures totaling \$81,879 to reduce the Company's cash contribution to the Plan in 2005. At December 31, 2005 and 2004, forfeited account balances totaled \$25,077 and \$102,591, respectively.

LOANS TO PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence. The loans are secured by the participant's account balance and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

PAYMENT OF BENEFITS

A participant will receive a lump-sum distribution equal to the value of his or her account upon termination of service, death, disability, or retirement. The benefit to which a participant is entitled is the benefit that can be provided from the vested value of the participant's account.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, the amount in each participant's account would become 100% vested and would be distributed to each participant in accordance with distribution policies set forth in the Plan.

FEES AND EXPENSES

All expenses incurred by the Plan, consisting primarily of administrative costs, are paid by the Plan. The cost of the annual audit of the Plan's financial

Edgar Filing: TECHTEAM GLOBAL INC - Form 11-K

statements is paid by the Company.

2. SUMMARY OF ACCOUNTING POLICIES

The fair value of participation units owned by the Plan in pooled separate accounts is based on quoted redemption values on the last business day of the Plan year. Participant loans are stated at the amount of their outstanding balance, which approximates fair value. The TechTeam Global Stock Fund is administered as a pooled separate account.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date.
