**Item 2.05 Costs Associated with Exit or Disposal Activities**

Superior Industries International, Inc. issued a press release on January 9, 2005, announcing that, at a meeting held on Friday, January 6, 2006, its Board of Directors authorized management to engage an investment banker and/or other advisors to explore options for disposal of the Company's suspension components business. Steven J. Borick, Chief Executive Officer, indicated that intense competition in the global automotive industry makes it imperative that the Company focuses all of its resources on its expanding aluminum wheel business. In connection with the disposal of the assets of the components business, which is expected to be completed during 2006, the Company will record a charge against earnings in the fourth quarter of 2005. At December 31, 2005, the net book value of the assets of the components business was approximately \$44 million.
