-

**Item 8.01 Other Events.**

Rambus Inc. announced that the U.S. District Court for the Northern District of California has issued a ruling pertaining to various claims made by Samsung relating to the parties' 2000 SDR/DDR license agreement ( License ). Although the Court agreed with Samsung that it was entitled under the License's Most Favored Licensee clause to the benefit of the lower royalty in the March 2005 settlement agreement between Rambus and Infineon Technologies for the second quarter of 2005, the Court rejected Samsung's attempt to extend such benefits beyond the term of the License. As such, the Court found that Samsung was not entitled to most favored licensee status after June 30, 2005, the date the License was set to expire.
