The Board of Directors has fixed the close of business on July 8, 2002 as the record date for determining shareholders of the Company entitled to notice of and to vote at the meeting.

By Order of the Board of Directors
JAMES H. INGRAHAM
Secretary

Kansas City, Missouri
August 2, 2002

A proxy for the annual meeting is enclosed. Even though you may plan to attend the meeting in person, please promptly vote by telephone or internet or by completing the enclosed proxy card and returning it in the enclosed postage-paid envelope. Telephone and internet voting information is provided on the proxy card. If you are present at the meeting and desire to vote in person, your vote by proxy will not be used.

PROXY STATEMENT

The accompanying proxy is solicited by the Board of Directors of H&R Block, Inc. (the Company), 4400 Main Street, Kansas City, Missouri 64111, for use at the annual meeting of shareholders to be held on September 11, 2002, or at any adjournment of that meeting, for the purposes set forth in the foregoing notice. All costs of solicitation will be borne by the Company. In addition to solicitation by mail, proxies may be solicited personally or by telephone or telegram by regular employees of the Company's subsidiaries. The Company has retained Mellon Investor Services LLC to assist in the solicitation of proxies on behalf of the Board of Directors for a fee of \$8,500 plus reimbursement of reasonable expenses. Further, brokers and other custodians, nominees and fiduciaries will be requested to forward soliciting material to their principals and the Company will reimburse them for the expense of doing so.

To vote by proxy, registered shareholders (those who hold stock in their name) may use any of the following methods:

Telephone voting, by dialing 1-800-435-6710 and following the instructions on the proxy card,

Via the internet, by going to the web address <http://www.eproxy.com/hrb/> and following the instructions on the proxy card, or

Mail, by completing and returning the proxy card in the enclosed envelope. The envelope requires no additional postage if mailed in the United States.

Shares held in street name by a broker, bank or other nominee may be voted in accordance with the voting forms used by such firm.

A shareholder giving a proxy has the power to revoke it at any time before it is exercised. A proxy may be revoked by filing with the Secretary of the Company a revoking instrument or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if the person executing the proxy is present at the meeting and elects to vote in person. Subject to such revocation or suspension, shares represented by a properly executed proxy received by the Board of Directors will be counted at the meeting and will be voted in accordance with the shareholder's directions. If the form of proxy is signed and returned and the shareholder has made no specifications with respect to voting matters, the shares will be voted in accordance with the recommendations of the Board of Directors.

Quorum, Voting Procedures

A majority of the outstanding shares entitled to vote at the meeting, represented in person or by proxy, shall constitute a quorum at such meeting. Shares represented by a proxy that directs that the shares abstain from voting or that a vote be withheld on a matter shall be deemed to be represented at the meeting for quorum purposes. Shares represented by proxy as to which no voting instructions are given as to matters to be voted upon shall be deemed to be represented at the meeting for quorum purposes. Shareholders are entitled to vote only those shares owned as of July 8, 2002, the record date for the meeting.

Shareholders do not have cumulative voting rights with respect to the election of directors. For all matters to be voted upon at the meeting, the affirmative vote of a majority of shares present in person or represented by proxy, and entitled to vote on the matter, is necessary for election or approval. For purposes of determining the number of shares present in person or

represented by proxy on a voting matter, all votes cast for, against, abstain or withhold authority are included. Broker non-votes, which occur when brokers or other nominees are prohibited from exercising discretionary voting authority for beneficial owners who have not provided voting instructions, are not counted for the purpose of determining the number of shares present in person or represented by proxy on a voting matter.

Outstanding Voting Securities and Date of Mailing

At the close of business on July 8, 2002, the Company's outstanding voting securities consisted of 181,479,370 shares of Common Stock. The proxy statement and accompanying form of proxy are first being sent to shareholders on or about August 2, 2002.

ITEM 1 ON FORM OF PROXY

Election of Directors

The Company's Articles of Incorporation and Bylaws provide that the number of directors to constitute the Board of Directors shall not be fewer than nine nor more than 15, with the exact number to be fixed by a resolution adopted by the affirmative vote of a majority of the entire Board. Effective October 8, 1999, the Board fixed the number of directors to constitute the Board of Directors at ten. On June 12, 2002, the Board decreased the number of directors to constitute the Board of Directors to nine effective as of the adjournment of the Company's annual meeting on September 11, 2002 as a result of Frank L. Salizzoni's retirement as Chairman of the Board and as a Class I director of the Company at that time. The Articles of Incorporation and Bylaws provide that the Board of Directors shall be divided into three classes: Class I, Class II and Class III, with each class to consist, as nearly as possible, of one-third of the members of the Board. There are currently three Class I directors, four Class II directors and three Class III directors. The Board has nominated Mark A. Ernst, who is currently a Class II director, to fill the vacancy in the Class I directors resulting from Mr. Salizzoni's retirement in order for the Company to have three directors in each class of directors as required by the Articles of Incorporation and Bylaws. The term of office of one class of directors expires at each annual meeting of shareholders. Directors elected at an annual meeting of shareholders to succeed those whose terms expire are identified as being of the same class as those directors they succeed and are elected for a term to expire at the third annual meeting of shareholders after their election.

Nominations of persons for election to the Board of Directors may be made at a meeting of shareholders only (i) by or at the direction of the Board of Directors or (ii) by any shareholder of the Company entitled to vote for the election of directors at the meeting who complies with the notice procedures set forth in the Company's Bylaws.

At the annual meeting of shareholders to be held on September 11, 2002, three Class I directors will be elected to hold office for three years and until their successors are elected and shall have qualified. Thomas M. Bloch, Mark A. Ernst and Tom D. Seip have been nominated for election as Class I directors of the Company. Messrs. Bloch and Seip are currently Class I directors of the Company and, as noted above, Mr. Ernst is currently a Class II director. The shares voted by the proxies will be voted for the election of all three nominees unless authority to do so is withheld as provided in the form of proxy. All nominees have consented to serve if elected, and the Board of Directors has no reason to believe that any of the nominees will be unable to accept the office of director. If such contingency should

Edgar Filing: H&R BLOCK INC - Form DEF 14A

arise, it is the intention of the proxies to vote for such person or persons as the Board of Directors may recommend.

The nominees for election as Class I directors, the current Class II directors (with the exception of Mark A. Ernst, who has been nominated for election as a Class I director), and the current Class III directors are listed in alphabetical order by class in the following table. G. Kenneth Baum, Henry F. Frigon, and Roger W. Hale serve as Class II directors with terms scheduled to expire at the annual meeting of shareholders in 2003. Donna R. Ecton, Louis W. Smith and Rayford Wilkins, Jr. serve as Class III directors with terms scheduled to expire at the annual meeting of shareholders in 2004.

DIRECTORS MEETINGS, COMPENSATION AND COMMITTEES

The Board of Directors held seven meetings during the 2002 fiscal year, and 19 meetings of the standing Board committees were held during such fiscal year (including one joint committee meeting). Each of the incumbent directors attended at least 75% of the aggregate of (1) the total number of meetings of the Board held during the time in which he or she served as a director in such year and (2) the total number of meetings of the Board committees on which he or she served that were held during the time in which he or she served on such committees in such year.

Directors, excluding those who are employed by the Company or its subsidiaries, receive an annual director's fee of \$30,000, meeting fees of \$1,700 for each Board meeting attended (\$2,000 effective September 1, 2002), committee chairman fees of \$1,500 for each committee meeting that they chair (\$2,000 effective September 1, 2002), and meeting fees of \$1,100 (\$1,200 effective September 1, 2002) for each committee meeting attended in a capacity other than as a chairman.

In accordance with the provisions of the H&R Block Deferred Compensation Plan for Directors, as amended, eligible non-employee directors may defer their retainers and/or meeting fees. Deferrals are placed in an account maintained by the Company for each director and such deferrals are fully vested at all times. Gains or losses are posted to each account in accordance with the participant's selection among fixed rate, variable rate and Company Common Stock investment alternatives. Payment of benefits occurs in cash upon termination of the participant's services as a director, upon his or her death or, if he or she first became eligible to participate in the Plan at age 68 or older, upon attainment of age 75. The account balance is generally paid out in approximately equal monthly installments over a 10-year period after the occurrence of the event which results in the benefit distribution.

Pursuant to the H&R Block Stock Plan for Non-Employee Directors, eligible non-employee directors have the opportunity to receive payment of their retainers and/or meeting fees on a deferred basis in shares of Common Stock of the Company. The retainers and/or fees are initially paid in the form of stock units. The stock units in the directors' accounts are fully vested at all times. Payment of the stock units must be deferred at least one year and the director shall select the date of payment, which may be upon termination of service as a director. The maximum number of shares of Common Stock that may be issued under the Stock Plan is currently 600,000 shares.

The 1989 Stock Option Plan for Outside Directors, as amended, provides for the grant of stock options to directors of the Company who are not employees of the Company or any of its subsidiaries. The Plan specifies that nonqualified stock options are to be automatically

granted to outside directors of the Company serving as such on June 30 of each year in which the Plan is in effect. Effective June 30, 2002, each stock option granted to an outside director of the Company pursuant to the Plan is for 4,000 shares of the Company's Common Stock, without par value, and the purchase price per share is equal to the last reported sale price for the Common Stock on the New York Stock Exchange on the date of grant. For each option granted on June 30, 2001, the Plan provided for an automatic grant of an option to purchase 3,000 shares of Common Stock, which option adjusted to an option to purchase 6,000 shares of Common Stock as a result of the two-for-one stock split effected on August 1, 2001. The maximum number of shares of Common Stock as to which options may be granted under the Plan is 800,000.

Options for 6,000 shares each (split-adjusted), with an option price of \$32.275 per share, were granted to Ms. Ecton and Messrs. Baum, Bloch, Frigon, Hale, Smith and Wilkins on June 30, 2001. Subject to certain exceptions, the outstanding stock options may not be exercised until at least one year after the date of grant, and then may be exercised only in increments in any one year of up to one-third of the aggregate number of shares subject to the option. Vesting is accelerated in the event of death, retirement or removal as a director without cause. All outstanding options expire ten years after the date of grant.

The Company also offers to its non-employee directors free income tax return preparation services by H&R Block Premium and free business travel insurance in connection with Company-related travel.

The standing committees of the Board include the Executive Committee, the Audit Committee, the Compensation Committee, the Finance Committee, the Governance and Nominating Committee and the Strategy and Development Committee. Mark A. Ernst and Frank L. Salizzoni are currently nonvoting *ex officio* members of the Finance Committee and the Strategy and Development Committee.

The Executive Committee, whose members are Messrs. Salizzoni (Chairman), Baum, Bloch, Ernst, Frigon and Smith, held no meetings during fiscal year 2002. The primary function of the Executive Committee is to control and manage, between meetings of the Board, the property and business of the Company in all matters in which exclusive authority has not been given to the entire Board of Directors or in which specific direction has not been given by the Board.

The Audit Committee, whose members are Ms. Ecton (Chairman) and Messrs. Hale, Smith and Wilkins, held eight meetings during the 2002 fiscal year. The members of the Audit Committee are independent, as independence is defined in Sections 303.01(B)(2)(a) and (3) of the New York Stock Exchange's listing standards. The Board of Directors has adopted a written charter for the Audit Committee, a copy of which is included as an exhibit to this proxy statement (Appendix A). The functions of the Committee are described in the Audit Committee Charter and include making recommendations to the Board of Directors with respect to the appointment of the Company's independent accountants, evaluating the independence and performance of such accountants, reviewing the scope of the annual audit, and reviewing and discussing with management and the independent accountants the audited financial statements and accounting principles.

The Compensation Committee, whose members are Mr. Smith (Chairman), Ms. Ecton and Messrs. Hale and Seip, held four meetings during fiscal year 2002. The functions of the Committee primarily include reviewing the compensation of the executive officers of the Company and its subsidiaries, recommending to the Board of Directors the salaries and any

bonus or cash incentive plans for such executive officers, and administering the Company's long-term incentive compensation plans. See the Compensation Committee Report on Executive Compensation under COMPENSATION OF EXECUTIVE OFFICERS, below.

The Finance Committee, whose members are Messrs. Baum (Chairman), Bloch, Frigon and Seip, held three meetings during the 2002 fiscal year, one of which was a joint meeting with the Strategy and Development Committee. The primary duty of the Finance Committee is to provide advice to management and the Board of Directors concerning the financial structure of the Company, the funding of the operations of the Company and its subsidiaries, and the investment of Company funds.

The Governance and Nominating Committee, whose members are Mr. Hale (Chairman), Ms. Ecton and Messrs. Baum and Wilkins, held three meetings during the 2002 fiscal year. The Governance and Nominating Committee is responsible for corporate governance matters, the initiation of nominations for election as a director of the Company, the evaluation of the performance of the Board of Directors, and the determination of compensation of outside directors of the Company.

The Strategy and Development Committee, whose members are Messrs. Frigon (Chairman), Baum, Bloch and Wilkins, held two meetings during the 2002 fiscal year, one of which was a joint meeting with the Finance Committee. The functions of the Strategy and Development Committee include, among other things, determining appropriate areas of business development and expansion for the Company, developing acquisition and divestiture strategies and recommending to the Board of Directors the acquisition and/or divestiture of those businesses which in the Committee's judgment would best serve the interests of the Company.

ITEM 2 ON FORM OF PROXY

APPROVALS OF THE 2003 LONG-TERM EXECUTIVE COMPENSATION PLAN AND AN AMENDMENT TO THE 1993 LONG-TERM EXECUTIVE COMPENSATION PLAN

INTRODUCTION

The Board of Directors believes that the Company's 1993 Long-Term Executive Compensation Plan (the 1993 Plan) has been effective in attracting executives and key employees to the Company's subsidiaries and in providing long-term incentives and rewards to those executives and key employees responsible for the continued growth of the Company. The Board also considers the awards granted under the 1993 Plan to be an effective incentive in attracting and negotiating with those members of entities recently acquired by the Company's subsidiaries. The Board further believes that stock options, incentive stock options and other awards granted under the 1993 Plan have provided a form of incentive that aligns the economic interests of management and other key employees with those of the Company's shareholders.

The substantial majority of the awards granted under the 1993 Plan have been incentive stock options (ISOs) meeting the requirements of Section 422 of the Internal Revenue Code of 1986, as amended (the Code). Most ISOs have been granted on June 30 of each year, the same date each year that stock options are automatically granted to seasonal employees of the subsidiaries of H&R Block Services, Inc., pursuant to the Company's 1999 Stock Option

Plan for Seasonal Employees. Section 422 of the Code specifically requires that, in order for an option to qualify as an ISO, such option must be granted within ten years from the date the applicable stock option plan is adopted, or the date such plan is approved by the shareholders, whichever is earlier. The 1993 Plan was adopted by the Board of Directors of the Company on July 2, 1993 and approved by the shareholders of the Company on September 8, 1993. As such, no ISOs may be granted under the 1993 Plan after July 1, 2003.

If the Compensation Committee desires to grant ISOs to key employees of the Company's subsidiaries on or after July 1, 2003, a new plan providing for the award of ISOs must first be adopted by the Board of Directors and approved by the shareholders. The Board of Directors on July 1, 2002, unanimously approved the adoption of the 2003 Long-Term Executive Compensation Plan (the "2003 Plan") to replace the 1993 Plan effective July 1, 2003 subject to approval of such Plan by the shareholders of the Company at the annual meeting of shareholders.

The provisions of the 2003 Plan are nearly identical to the provisions of the 1993 Plan. The only material differences between the two plans are with respect to the total number of shares that may be issued under the 2003 Plan and the total number of shares that may be subject to one or more awards granted to any one recipient during a calendar year under the 2003 Plan. The 2003 Plan covers a maximum of 9,000,000 shares of the Company's Common Stock that may be issued pursuant to awards granted under the Plan during its 10-year term, while the 1993 Plan presently provides that a total of 26,000,000 shares of Common Stock are issuable under such Plan. The 2003 Plan restricts the total number of shares which may be subject to one or more awards granted to any one recipient during a calendar year to 500,000, while the 1993 Plan presently restricts the total number of shares which may be granted to any one recipient during a calendar year to 700,000. Such share figures are subject to adjustment as provided in the respective plans.

The 1993 Plan provides that awards may be granted thereunder at any time prior to September 7, 2003, on which date such Plan will terminate except as to awards then outstanding. Because the 2003 Plan is intended to replace the 1993 Plan effective July 1, 2003, the Board of Directors has unanimously approved the adoption of an amendment to the 1993 Plan to change the termination date of the 1993 Plan to July 1, 2003, subject to the approval of such amendment by the shareholders. Outstanding awards under the 1993 Plan will not be affected by its termination. If the 2003 Plan is not approved by the shareholders, the 1993 Plan will continue in effect until the September 7, 2003 date specified in such Plan for its termination (unless terminated earlier by the Board of Directors in accordance with the terms of the 1993 Plan). The full text of the 1993 Plan, as proposed to be amended, is set forth as Appendix B to this proxy statement.

MATERIAL FEATURES OF THE 2003 PLAN

The material features of the 2003 Plan are summarized below. The summary is qualified in its entirety by reference to the specific provisions of the 2003 Plan, the full text of which is set forth as Appendix C to this proxy statement.

ADMINISTRATION. The 2003 Plan will be administered by the Compensation Committee of the Board of Directors of the Company (the "Committee"). All members of the Committee are non-employee directors of the Company and such members are not eligible to participate in the 2003 Plan. The Committee will have the authority to determine, within the limits of

the express provisions of the 2003 Plan, the individuals to whom awards will be granted, the nature, amount and terms of such awards and the objectives and conditions for earning such awards. The Committee may delegate to the Chief Executive Officer of the Company the authority to make such determinations, provided that any authority so delegated may not apply to awards to executive officers of the Company and may be exercised only in accordance with the 2003 Plan and any guidelines, rules and limitations which the Committee may prescribe.

TYPES OF AWARDS. Awards under the 2003 Plan may include shares of Common Stock of the Company (Common Stock), restricted shares of Common Stock (Restricted Shares), nonqualified stock options, incentive stock options (ISOs), stock appreciation rights (SARs), performance shares, performance units, as well as other types of awards that the Committee in its discretion may determine are consistent with the objectives and limitations of the 2003 Plan. Restricted Shares are shares of Common Stock issued to a recipient subject to such terms and conditions, including, without limitation, forfeiture or resale to the Company, and to such restrictions against sale, transfer or other disposition, as the Committee may determine at the time of issuance. An SAR is the right to receive cash, Common Stock or both based on the increase in the market value of the shares of Common Stock covered by such SAR from the initial date of the performance period for such SAR to the date of exercise. A performance share is the right to receive, upon satisfying designated performance goals within a performance period, cash, Common Stock or both based on the market value of shares of Common Stock covered by such performance shares at the close of the performance period. A performance unit is the right to receive cash, Common Stock or both upon satisfying designated performance goals within a performance period.

The Committee may determine that all or a portion of an award may be deferred, that it may be vested at such times and upon such terms as the Committee may select, or that a recipient must be an employee at the time the award is paid or exercised. An employee may be granted multiple awards in any one calendar year, provided that the aggregate number of shares of Common Stock subject to such awards may not exceed 500,000. The 2003 Plan provides that ISOs may be granted to a recipient during a calendar year only if the aggregate fair market value (determined as of the time an ISO is granted) of Common Stock with respect to which ISOs are exercisable for the first time by such recipient during any calendar year under the 2003 Plan and any other incentive stock option plans maintained by the Company does not exceed \$100,000. No ISO is exercisable later than ten years after the date it is granted.

Neither the Company nor any subsidiary receives from the recipient of an award any consideration for the granting of the award.

ELIGIBLE EMPLOYEES. The Committee may grant awards to any employee of the Company's direct or indirect subsidiaries. The highest number of persons employed by subsidiaries of the Company during the fiscal year ended April 30, 2002, including seasonal employees, was approximately 99,054. Since awards under any predecessor plan to the 2003 Plan (including the 1993 Plan) have not been made to seasonal employees in the past, it is estimated that the approximately 10,943 regular, full-time employees of the subsidiaries of the Company will be eligible to participate in the 2003 Plan. Such number may increase with acquisitions by the Company. No ISO may be granted to an employee owning more than 10% of the combined voting power of all classes of stock of the Company.

ASSIGNABILITY. No award granted pursuant to the 2003 Plan is transferable or assignable by its recipient other than by will or the laws of descent and distribution.

SHARES SUBJECT TO THE 2003 PLAN. An aggregate of 9,000,000 shares of Common Stock is reserved for issuance under the 2003 Plan. All of such shares may be issued in connection with the exercise of ISOs. Shares of Common Stock not actually issued (as a result, for example, of the lapse of an option, the failure of a recipient to earn an award or the payment of an award in cash or a combination of cash and Common Stock) are available for additional grants. Shares of Common Stock to be delivered or purchased under the 2003 Plan may be either authorized but unissued Common Stock or treasury shares.

ANTI-DILUTION PROTECTION. In the event of any changes in the capital structure of the Company, including a change resulting from a stock dividend or stock split, or combination or reclassification of shares, the Board of Directors is empowered to make such equitable adjustments with respect to awards or any provisions of the 2003 Plan as it deems necessary and appropriate, including, if necessary, any adjustments in the maximum number of shares of Common Stock subject to the Plan, the number of shares of Common Stock subject to an outstanding award, or the maximum number of shares that may be subject to one or more awards granted to any one recipient during a calendar year.

MARKET VALUE RESTRICTIONS. The amounts of certain awards are based on the market value of a share of Common Stock at a specified point in time. The exercise price per share of Common Stock under each nonqualified stock option or ISO granted under the 2003 Plan, which is paid to the Company at the time of the exercise, shall be determined by the Committee, but may not be less than the market value of such Common Stock on the date of grant of such option. The exercise price for each option will remain constant during the life of the option, subject to adjustment pursuant to the anti-dilution provisions of the 2003 Plan described above. The market value of a share of Common Stock on the date an SAR is granted shall be the base value of such SAR. On July 8, 2002, the last reported sale price of the Company's Common Stock on the New York Stock Exchange was \$47.25 per share.

AMENDMENTS AND TERMINATIONS. The Board of Directors may at any time terminate or amend the 2003 Plan, provided that no such action may be taken that adversely affects any rights or obligations with respect to any awards theretofore made under the Plan without the consent of the recipient. No amendment may be made that would increase the maximum number of shares of Common Stock that may be issued under the 2003 Plan (unless such increase is a result of a change in the capital structure of the Company), change the termination date of the 2003 Plan, or delete or amend the market value restrictions contained in the 2003 Plan on the stock option exercise price or the base value of an SAR without the prior approval of the holders of a majority of the outstanding shares of Common Stock represented in person or by proxy at a duly constituted meeting of shareholders. The Committee may grant Awards at any time prior to July 1, 2013, on which date the 2003 Plan will terminate except as to Awards then outstanding thereunder, which Awards shall remain in effect until they have expired according to their terms or until July 1, 2023, whichever first occurs.

AWARDS TO BE GRANTED UNDER THE 2003 PLAN AND AWARDS GRANTED UNDER THE 1993 PLAN. The exact types and amounts of any awards to be made by the Committee to any eligible employees pursuant to the 2003 Plan are not presently determinable. As a result of the discretionary nature of the 2003 Plan, it is not possible to state who the participants in such Plan will be, the number of options or other awards to be received by any person or group, or the benefits or amounts that would have been received by certain persons or groups under such Plan during the last fiscal year if the 2003 Plan had been in effect during that year.

The Committee and the Board of Directors approved the grant of stock options under the 1993 Plan, as of June 30, 2001, with an exercise price per share equal to \$32.275 (the closing price on the date of grant, adjusted for a two-for-one stock split effected August 1, 2001), for the following numbers of shares of Common Stock (also adjusted for such stock split): 180,000 shares for Mark A. Ernst, 90,000 shares for Jeffery W. Yabuki, 50,000 shares for Thomas G. Rotherham, 70,000 shares for Frank J. Cotroneo and 60,000 shares for Robert E. Dubrish; 638,000 shares for all executive officers as a group; and 2,333,076 shares for all employees as a group (excluding executive officers).

Excluding the June 30, 2001 grant described above, during the 2002 fiscal year, the named executive officers did not receive any awards under the 1993 Plan; executive officers as a group were awarded stock options for 92,000 shares with a weighted average exercise price per share equal to \$39.03 and 17,100 restricted shares (such stock options and restricted shares were awarded only to certain executive officers who first became employed by a subsidiary of the Company during the 2002 fiscal year in connection with commencement of employment); and all employees as a group (excluding executive officers) were awarded stock options for 1,066,520 shares with a weighted average exercise price per share equal to \$36.57.

The exact types and amounts of any future awards to be made to any eligible employees pursuant to the 1993 Plan prior to its termination are not presently determinable. As a result of the discretionary nature of the 1993 Plan, it is not possible to state who the participants in the 1993 Plan will be in the future or the number of options or other awards to be received by a person or group.

EQUITY COMPENSATION PLANS

The following table provides information about the Company's Common Stock that may be issued upon the exercise of options, warrants and rights under *all* of the Company's existing equity compensation plans as of April 30, 2002. In addition to the 1993 Plan, these equity compensation plans include the Company's 1989 Stock Option Plan for Outside Directors, the Company's 1984 Long-Term Executive Compensation Plan (the 1984 Plan), the 1999 Stock Option Plan for Seasonal Employees, and the 2000 Employee Stock Purchase Plan.

FEDERAL INCOME TAX CONSEQUENCES

The federal income tax consequences of the issuance and/or exercise of awards under the 2003 Plan and the 1993 Plan are as described below. The following information is not a definitive explanation of the tax consequences of the awards, and recipients should consult with their own tax advisors with respect to the tax consequences inherent in the ownership and/or exercise of the awards, and the ownership and disposition of any underlying securities.

COMMON STOCK AWARDS. The recipient of a Common Stock award will recognize ordinary income for federal income tax purposes at the time of receipt of Common Stock in an amount equal to the fair market value of the Common Stock received. The Company will be entitled to a deduction for such amount as and when the ordinary income is recognized by the recipient. Upon disposition of any Common Stock received, the recipient will recognize long-term or short-term capital gain or loss, depending upon the period for which the recipient has held the shares, in an amount equal to the excess of the selling price over the fair market value of such shares on the date of receipt.

RESTRICTED SHARES. A recipient will not be taxed at the date of an award of Restricted Shares, but will be taxed at ordinary income rates on the fair market value of any restricted shares as of the date that the restrictions lapse, unless the recipient, within 30 days after transfer of such Shares to the recipient, elects under Section 83(b) of the Code to include in income the fair market value of the Restricted Shares as of the date of such transfer. The Company will be entitled to a corresponding deduction. Any disposition of shares after restrictions lapse will be subject to the regular rules governing long-term and short-term capital gains and losses, with the basis for this purpose equal to the fair market value of the shares at the end of the restricted period (or on the date of the transfer of the restricted shares, if the employee elects to be taxed on the fair market value upon such transfer). Dividends received by a recipient during the restricted period will be taxable to

the recipient at ordinary income tax rates and will be deductible by the Company unless the recipient has elected to be taxed on the fair market value of the restricted shares upon transfer, in which case they will thereafter be taxable to the recipient as dividends and will not be deductible by the Company.

INCENTIVE STOCK OPTIONS. The 2003 Plan and the 1993 Plan qualify as incentive stock option plans within the meaning of Section 422 of the Internal Revenue Code. A recipient who is granted an ISO will not recognize any taxable income for federal income tax purposes on either the grant or the exercise of the ISO.

If the recipient disposes of the shares purchased pursuant to the ISO more than two years after the date of grant and more than one year after the transfer of the shares to him (the required statutory holding period), (a) the recipient will recognize long-term capital gain or loss, as the case may be, equal to the difference between the selling price and the option price; and (b) the Company will not be entitled to a deduction with respect to the shares of stock so issued.

If the holding period requirements are not met, any gain realized upon disposition will be taxed as ordinary income to the extent of the excess of the lesser of (i) the excess of the fair market value of the shares at the time of exercise over the option price, or (ii) the gain on the sale. The Company will be entitled to a deduction in the year of disposition in an amount equal to the ordinary income recognized by the recipient. Any additional gain will be taxed as short-term or long-term capital gain depending upon the holding period for the stock. A sale for less than the option price results in a capital loss.

The excess of the fair market value of the shares on the date of exercise over the option price is a minimum tax addition. A corresponding minimum tax subtraction is allowed in the year in which the shares are disposed. See **ALTERNATIVE MINIMUM TAX**, below.

NONQUALIFIED STOCK OPTIONS. The recipient of a nonqualified stock option under the 2003 Plan will not recognize any income for federal income tax purposes on the grant of the option. Generally, on the exercise of the option, the recipient will recognize taxable ordinary income equal to the excess of the fair market value of the shares on the exercise date over the option price for the shares. The Company generally will be entitled to a deduction on the date of exercise in an amount equal to the ordinary income recognized by the recipient. Upon disposition of the shares purchased pursuant to the stock option, the recipient will recognize long-term or short-term capital gain or loss, as the case may be, equal to the difference between the amount realized on such disposition and the basis for such shares, which basis includes the amount previously recognized by the recipient as ordinary income.

STOCK APPRECIATION RIGHTS. A recipient who is granted stock appreciation rights will not recognize any taxable income on the receipt of the SARs. Upon the exercise of an SAR, (a) the recipient will recognize ordinary income equal to the amount received (the increase in the fair market value of one share of the Company's Common Stock from the date of grant of the SAR to the date of exercise) and (b) the Company will be entitled to a deduction on the date of exercise in an amount equal to the ordinary income recognized by the recipient.

PERFORMANCE SHARES AND PERFORMANCE UNITS. A recipient of performance shares or performance units will not recognize any income for federal income tax purposes on the date of the grant of the right to receive performance shares or units. The recipient will recognize ordinary income for federal income tax purposes at the time of receipt of cash and/or Common Stock with respect to the performance share or units in an amount equal to the excess, if any, of the fair market value of the performance shares or units on the date received over the price of the performance shares or units on the date of grant. The Company will be entitled to a deduction on the date of receipt of the performance shares by the recipient in an amount equal to the ordinary income recognized by the recipient. Upon disposition of any stock received, the recipient will recognize long-term or short-term capital gain or loss depending upon the period for which he or she has held the stock in an amount equal to the difference between the amount realized and the fair market value of the stock on the date of receipt.

ALTERNATIVE MINIMUM TAX. In addition to the federal income tax consequences described above, a recipient may be subject to the alternative minimum tax (AMT), which is payable only to the extent it exceeds the recipient's regular tax liability. The AMT is assessed on the recipient's alternative minimum taxable income in excess of an exemption amount that varies by filing status. For purposes of computing the AMT, the alternative minimum taxable income is equal to taxable income (1) increased by tax preference items and (2) increased or reduced by certain AMT adjustments. Federal law currently provides for a minimum tax credit that may be applied against the recipient's regular tax liability in years following a year in which the recipient is subject to AMT. The minimum tax credit is limited to the excess, if any, of the regular tax over the tentative AMT for the year. Any credit not used because of the limitation may be carried forward indefinitely.

EFFECTIVE DATE. The 2003 Plan and the amendment to the 1993 Plan shall be effective as of July 1, 2003, subject to prior approval by the shareholders of the Company. If the 2003 Plan is not approved by such shareholders, the 1993 Plan will remain in effect as it currently exists, without the amended provision proposed herein.

VOTE REQUIRED. The affirmative vote of the holders of a majority of the shares of Common Stock represented and entitled to vote on this proposal at the annual meeting of shareholders will constitute approvals of the 2003 Plan and the amendment to the 1993 Plan.

To the best of the Company's knowledge, all required reports were filed on time and all transactions by the Company's directors and executive officers were reported on time except for (a) the reporting, due to a clerical error, as 4,500 shares instead of the correct 14,500 shares on the timely filed Form 3 for Brian L. Nygaard, President and Chief Executive Officer of H&R Block Financial Advisors, Inc., the number of restricted shares of the Company's Common Stock issued to him in November 2001 under the H&R Block, Inc. 1993 Long-Term Compensation Plan and (b) the failure to timely report on a Form 4 for Henry F. Frigon, one of the Company's directors, the disposition in June 2001 of 16,190.1098 deferred compensation units (each equal in value to one share of the Company's Common Stock) posted to Mr. Frigon's account in the H&R Block Deferred Compensation Plan for Directors, such disposition being a part of a reallocation of his account balance among available Plan investment options. An additional unreported transaction consisted of the sale of 5,000 shares of the Company's Common Stock in December 2001 by the Frigon Family Foundation, a charitable foundation for which Mr. Frigon is a director and for which Mr. Frigon voluntarily reports transactions on a Form 4. The clerical error and failures to timely report were inadvertent and, as soon as the oversights were discovered, the transactions were promptly reported.

NOTES:

- (1) The amounts shown as potential realizable values on the options identified in the table are based on arbitrarily assumed annualized rates of appreciation in the price of the Company's Common Stock of five percent and ten percent over the term of the options, as set forth in the rules of the Securities and Exchange Commission relating to proxy disclosure. Actual gains, if any, on stock option exercises are dependent on the future performance of the Common Stock. There can be no assurance that the potential realizable values reflected in this table will be achieved.
- (2) Stock option grants consisted of nonqualified stock options, incentive stock options or a combination of the two types of options. No stock appreciation rights were granted during fiscal year 2002. Options were granted under the 1993 Long-Term Executive Compensation Plan. The number of securities underlying the options granted prior to August 1, 2001 and the exercise price therefore were adjusted for the two-for-one stock split effected on that date. The exercise price for each option is the fair market value of a share of Common Stock on the date of grant. Options granted to the Named Officers become exercisable three years after the date of grant, at which time they are exercisable on a cumulative basis at a maximum annual rate of one-third of the total number of shares subject to the option. The stock options generally become fully exercisable (a) at any time after the Named Officer reaches the age of 65, retires, and more than one year has elapsed since the date of grant, (b) upon a change in control of the Company not less than six months after the date of grant, or (c) upon the attainment of certain closing stock prices of the Common Stock for not less than 30 consecutive trading days. The Named Officer must be employed by the Company or one of its subsidiary corporations at the time of exercise, except that the exercise of the options may take place for limited time periods after the termination of employment in the event of death, retirement, disability or termination without cause. All options expire ten years after the date of grant.

Option Exercises and Fiscal Year-End Values

The following table summarizes the value realized on the exercise of options during the fiscal year ended April 30, 2002 and presents the value of unexercised options as of such date for the Named Officers. The value of unexercised in-the-money options at fiscal year-end is calculated by determining the difference between the fair market value of the securities underlying the options at fiscal year-end and the exercise price of the options multiplied by the number of shares underlying such options.

The Agreement provides for an initial base salary at an annual rate of \$400,000; participation in the Company's Short-Term Incentive Plan; 72,000 restricted shares of the Company's Common Stock (Common Stock) (split-adjusted) awarded on the effective date; and a stock option to purchase 300,000 shares of Common Stock (split-adjusted) granted on the effective date. Base salary and incentive bonus compensation are to be reviewed annually by the Compensation Committee. The Agreement provides that it may be terminated by either party at any time for any reason upon 45 days prior written notice, by HRB for cause, and by Mr. Ernst for good reason, in each case as defined in the Agreement. If the Agreement is terminated by HRB without cause, by Mr. Ernst for good reason, or by either party during the 180-day period following the date of a change of control (as defined in the Agreement) of the Company, HRB is obligated to continue to pay Mr. Ernst's salary (determined as of the termination date) and provide all other benefits for a period of two years following such termination, as well as a pro rata portion of the incentive bonus compensation to which he would have been entitled had he remained employed through the end of the fiscal year in which such termination occurs. In addition, all outstanding stock options become fully vested and are exercisable for the three-month period following termination, and any restrictions upon Common Stock awarded Mr. Ernst on the effective date lapse and such stock becomes fully vested upon the date of termination.

Base salary and incentive bonus compensation are to be reviewed annually by the Compensation Committee. The Agreement provides that it may be terminated by either party at any time for any reason upon 45 days' prior written notice, by mutual written agreement, by HRB for cause, and by Mr. Yabuki for good reason, in each case as defined in the Agreement. If the Agreement is terminated by HRB without cause, by Mr. Yabuki for good reason, or by either party within 180 days following a change of control (as defined in the Agreement) of the Company, HRB is obligated to pay to Mr. Yabuki for the two-year period following such termination compensation at an annual rate equal to the sum of the annual rate of base salary in effect on the date of termination and the aggregate short-term incentive compensation paid by HRB to him for the last fiscal year completed prior to the year of termination, and provide health, life and disability insurance benefits for a period of two years following such termination. In addition, all outstanding stock options which would have vested during such two-year period following termination become fully vested and are exercisable for the three-month period following termination, and any restrictions upon stock held by Mr. Yabuki lapse to the extent such restrictions would have lapsed during the two-year period following termination.

Base salary and incentive bonus compensation are to be reviewed annually by the Compensation Committee. The Agreement provides that it may be terminated by either party at any time for any reason upon 45 days' prior written notice, by mutual written agreement, by HRB for cause, and by Mr. Cotroneo for good reason, in each case as defined in the Agreement. If the Agreement is terminated by HRB without cause, or by Mr. Cotroneo for either good reason or within 180 days following a change of control (as defined in the Agreement) of the Company, HRB is obligated to pay to Mr. Cotroneo for the one-year period following such termination compensation at an annual rate equal to the sum of the annual rate of base salary in effect on the date of termination and the aggregate short-term incentive compensation paid by HRB to him for the last fiscal year completed prior to the year of termination. In addition, in such circumstances, HRB is obligated to provide health, life and disability insurance benefits for the one-year period following such termination, all outstanding stock options become fully vested and are exercisable for the three-month period following termination, and any restrictions upon Common Stock awarded

Option One also has the right to terminate the Agreement without notice upon the occurrence of certain stated events. If Mr. Dubrish incurs a qualifying termination, as defined in the H&R Block Severance Plan (the Severance Plan), or if the Agreement is terminated by Mr. Dubrish within 180 days following a change of control (as defined in the Agreement) of the Company, Option One is obligated to pay to Mr. Dubrish his choice of the level of severance compensation and benefits as would be provided under the Severance Plan as such plan exists either on the effective date of the Agreement or on Mr. Dubrish's last day of employment. As of the effective date, the Severance Plan provides maximum compensation of 18 months of salary and one and one-half times target payout under the Short-Term Incentive Plan, with the actual amount based upon Mr. Dubrish's salary and target payout, salary grade and length of service with all subsidiaries of the Company at the time of his termination, as well as a discretionary payment, which may be zero. In addition, in such circumstances, Option One is obligated to provide health, life and disability insurance benefits for the one-year period following such termination, and all outstanding stock options that would have vested in the 18-month period following termination become fully vested and are exercisable for the three-month period following termination.

The Agreement provides that it may be terminated by either party without cause, by RSM for cause, or by RSM following a change of control (as such terms are defined in the Agreement). If the Agreement is terminated by RSM without cause or by Mr. Rotherham as a result of a reduction of his base salary below 75 percent of the highest base salary paid to him by RSM in any year, Mr. Rotherham may elect either (a) to receive a severance payment equal to \$5,000 for each year he is employed by RSM or by a predecessor of RSM in an equivalent position subject to a maximum payment of \$125,000 or (b) to compete with RSM and pay RSM a specified amount for any RSM clients on whose behalf Mr. Rotherham performs services at any time during the five-year period following termination of the Agreement. If RSM terminates this Agreement following a change of control or if Mr. Rotherham terminates the Agreement after both a change of control and a substantial reduction of his duties, authority or status, RSM is obligated to pay Mr. Rotherham for the two-year period following such termination compensation at an annual rate equal to his annual base salary in effect on the date of termination and all outstanding stock options become fully vested and are exercisable for the three-month period following termination.

Compensation Committee Report on Executive Compensation

Compensation Philosophy

The Company continues to be strongly committed to maximizing shareholder value through consistent growth and profitability. Superior performance by the executive officers and management team of the Company and its subsidiary corporations is an essential element to reaching that goal. As such, it is the philosophy of the Company to ensure that executive compensation is directly linked to sustained improvements in corporate performance and increases in shareholder value as measured by the Company's stock price. It is the Compensation Committee's responsibility to review the Company's executive compensation program and policies each year and to recommend to the non-employee members of the Board

of Directors the compensation of the Company's executive officers. The objectives that serve as guidelines for the Compensation Committee in connection with compensation decisions are as follows:

Provide a competitive total compensation program that enables the Company and its subsidiary corporations to attract and retain the key executives needed to accomplish the Company's goals.

Integrate executive compensation programs with the Company's annual and long-term business objectives and focus executive behavior on the fulfillment of those objectives.

Provide variable compensation opportunities that are directly related to the performance of the Company and that align executive compensation with the interests of the Company's shareholders.

Compensation Program

The Company's executive compensation program has been designed to ensure that pay levels and incentive opportunities for executives are competitive and reflect the performance of both the individual executive and the Company. In designing compensation programs for executives and determining executive officer salaries, the Committee takes into consideration information provided by compensation consultants and surveys with respect to compensation paid to executives holding positions with similar responsibilities in organizations of comparable size.

Base Salary. Base salaries are determined by reference to an individual's salary grade and corresponding salary range. Salary grade levels are determined by comparing jobs to market pay practices, where applicable, as well as an assessment of the internal worth of the job. The primary factors considered in determining the appropriate salary for fiscal year 2002 within a particular salary range were the individual performance of the executive and the ratio of the individual's prior salary to the mid-point of the salary range. The individual salaries of executive officers are reviewed annually by the Committee.

Short-Term Incentive Compensation. The Company's short-term incentive program consists of objective incentive compensation based upon objective, performance-based criteria, and discretionary incentive compensation. Certain aspects of the program differ dependent upon whether a participant is a senior vice president or more senior officer of the Company or one of its operating subsidiaries (Senior Executive).

The heavier emphasis for executive officers (80% of targeted incentive compensation for Senior Executives, in most cases in fiscal year 2002, and 65% for other executive officers) is generally placed upon the objective, performance-based incentive compensation. Objective incentive compensation specifically relates executive pay to Company performance. Bonuses under such a program provide financial rewards solely for the achievement of substantive business results. Under the H&R Block Short-Term Incentive Plan and other short-term incentive programs, the Committee establishes performance goals for the Company and the business units thereof, as well as competitive target bonus awards for the participants (usually a percentage of salary). The Committee specifies the performance goals applicable to each participant and the portion of the target award to which each performance goal applies.

Bonuses under objective incentive programs are paid after the end of a fiscal year only if the Company (or a business unit of the Company) has met the performance goal, or performance goals, established by the Compensation Committee for such fiscal year. The Committee must first review and approve the payout of each bonus for an executive officer. One factor upon which bonus compensation for executive officers was dependent for fiscal year 2002 under the objective short-term incentive program was the degree to which targeted year-over-year growth in the Company's diluted earnings per share was attained by the Company (at least 15% of each executive officer's aggregate targeted short-term incentive compensation). For some executive officers, year-over-year growth in pretax earnings by an applicable business unit of the Company was a performance criterion. A portion of short-term incentive compensation for some executive officers was also dependent on the attainment of year-over-year revenue goals of the Company or a business unit of the Company. Under the H&R Block Short-Term Incentive Plan and other short-term incentive programs approved by the Compensation Committee, participants can earn more than the target award (up to 200%) if actual results exceed the performance targets.

The Compensation Committee determined that a portion of overall short-term incentive compensation for fiscal year 2002 should be based upon discretionary criteria. As such, executive officers were eligible to receive discretionary incentive compensation outside of the objective short-term incentive program. For most executive officers, 20% of the executive's overall targeted short-term incentive compensation related to the performance of the individual, as assessed by senior management of the Company and approved by the Committee. In addition, for executive officers other than Senior Executives, at least 15% of the executive's overall targeted short-term incentive compensation related to the achievement by the Company or an applicable business unit of strategic business objectives that support the Company's priorities. Actual incentive payouts under the discretionary plan could be from 0% to 200% of the target award.

Outside of the regular discretionary short-term incentive program described above, Senior Executives participated in fiscal year 2002 in a discretionary incentive compensation program based on the achievement of strategic business objectives with payouts that could range from 0% to 25% of the annual rate of base salary and that were not based on the target awards established for other short-term incentive compensation. The actual awards under this program were determined by the Compensation Committee based on its assessment of the achievement of the strategic business objectives.

For fiscal year 2002, the Compensation Committee determined that, for executive officers in the short-term incentive programs other than Senior Executives, actual incentive compensation based on objective criteria and the achievement of strategic business objectives could be increased or decreased based on the associate's individual performance rating for the fiscal year. Top performers were eligible to receive up to 1.5 times the actual calculated payout based on these criteria (increasing the top end of the range of potential actual payouts for these criteria from 200% to 300% of the target award), while associates whose performance ratings indicated that they were not consistently meeting expectations could have calculated payout amounts based on these criteria reduced by up to 75%. These multipliers provided incentive for stronger individual performance.

Most short-term incentive compensation is paid in cash. However, the Compensation Committee determined that a portion of Senior Executives performance-based incentive compensation should be paid in the form of shares of restricted Common Stock (Restricted Shares) instead of cash in order for Senior Executives to have more meaningful exposure to

the Company's performance. Payment in the form of Restricted Shares also encourages the retention of the Senior Executives. Accordingly, actual cumulative short-term incentive payouts based on objective criteria and discretionary criteria relating to individual performance that exceeded 150% of the aggregate targeted payouts for such criteria were paid in the form of Restricted Shares. Further, any incentive compensation for Senior Executives based on the achievement of strategic business objectives was paid in the form of Restricted Shares. The Restricted Shares were issued under the Company's 1993 Long-Term Executive Compensation Plan and are described in more detail under Long-Term Incentive Compensation, below. The restrictions on the shares lapse over a three-year period in one-third annual increments beginning on the first anniversary of the date of issuance. The number of Restricted Shares awarded was calculated by dividing the cash value of the applicable incentive compensation by the last reported closing price for the Company's stock as of June 30, 2002.

Deferred Compensation. The Company offers to its executive officers and to key employees of its subsidiaries a deferred compensation plan designed to enhance the participants' financial security upon retirement. Subject to annual deferral limits, the plan offers participants the opportunity to defer an aggregate of \$1 million of base salary during the time of his or her participation in the plan. During fiscal year 2002, the Company contributed \$.25 for each dollar of salary or bonus deferred for certain executives who were participating in the plan as of January 2001 (with no Company match for other participants) and vesting in such Company contributions is based on the number of years of plan participation as an employee. Gains or losses are posted to a participant's account in accordance with his or her selection of various fixed rate, variable rate and Company stock investment alternatives. The plan is unfunded and benefits are paid upon termination of employment, except in cases of disability or hardship.

Long-Term Incentive Compensation. The Company encourages stock ownership by executive officers of the Company. Long-term incentive awards which are tied to the Company's Common Stock, such as stock options, are designed to encourage stock ownership. Stock options provide incentive to executives by giving them a strong economic interest in maximizing stock price appreciation, thereby better aligning their interests with those of the Company's shareholders. Under the Company's 1993 Long-Term Executive Compensation Plan, option exercise prices are set at 100% of the fair market value of the stock on the date of grant and the options generally expire after ten years. Options granted to executive officers in fiscal year 2002 provided that they are not exercisable until three years after the date of grant, at which time they become exercisable over a three-year period on a cumulative basis in one-third increments. Such options further provided for accelerated vesting of the one-third increments if the stock price of the Company's Common Stock attains certain levels for 30 consecutive trading days. The Committee believes that awards containing such vesting provisions encourage both executive retention and the maximization of shareholder value. The grant of options to executive officers of the Company is discretionary with the Compensation Committee and the Committee has generally awarded stock options to executive officers on an annual basis. The number of shares subject to any stock option grant is determined by an analysis of the executive's level of responsibility and prior year's performance. The Compensation Committee believes that stock options have been effective in attracting, retaining and rewarding executives and key employees of the Company and its subsidiary corporations over the years.

In some cases in fiscal year 2002, the Compensation Committee awarded to executive officers shares of restricted Common Stock pursuant to the 1993 Long-Term Executive Compensation

Plan (1) as an inducement to accept employment with a subsidiary of the Company, or (2) in connection with short-term incentive programs (as described above). These Restricted Shares are subject to forfeiture and may not be transferred by the executive until certain time restrictions lapse. In each case, the Restricted Shares Agreement between the Company and the executive officer provides that, prior to the time such Restricted Shares vest, (i) such Restricted Shares are nontransferable, and (ii) the officer is entitled to receive any cash dividends payable with respect to unvested Restricted Shares and vote such unvested Restricted Shares at any meeting of shareholders of the Company.

Compensation of Chief Executive Officer

The salary, short-term incentive compensation and long-term incentive compensation of the Chief Executive Officer are determined by the Committee substantially in conformity with the policies described above for all other executives of the Company.

Mark A. Ernst has served as President and Chief Executive Officer of the Company since January 1, 2001. Mr. Ernst is a party to an employment agreement with a subsidiary of the Company entered into at the time of his employment by such subsidiary in 1998. Mr. Ernst's annual base rate of salary was increased from \$600,000 to \$700,000, effective July 1, 2001.

As the Chief Executive Officer of the Company has responsibility for the general and active management of the business of the Company and its subsidiaries, 100% of the target award of Mr. Ernst for fiscal year 2002 under the objective Short-Term Incentive Plan related to the Company's achievement of its targeted year-over-year growth in diluted earnings per share. The target award for Mr. Ernst under the Plan was \$367,500, 52.5% of his annual rate of base salary. In accordance with the schedule for determining the incentive payout for the earnings per share criterion utilized for all executive officers, Mr. Ernst was eligible for an incentive payout under the Plan in the range of 0% to 200% of target, based upon year-over-year growth in earnings per share of 10% to 25.16% (with the incentive payout at the target award upon 17.1% growth). Based upon the results achieved by the Company, Mr. Ernst was entitled to incentive compensation under the Short-Term Incentive Plan of \$735,000 (200% of target).

Like other Senior Executives, Mr. Ernst was eligible to receive two forms of discretionary incentive compensation for fiscal year 2002 in addition to compensation under the objective program. Under one discretionary program, a target award of \$157,500 (22.5% of his annual rate of base salary) was established for Mr. Ernst. The actual payout under such program was to be an amount between 0% and 200% of the target award, with the determination of such payout to be made by the Compensation Committee at its sole discretion, based upon its assessment of Mr. Ernst's individual performance during fiscal year 2002. Under the other discretionary program, Mr. Ernst could be awarded incentive compensation based on the Company's achievement of its strategic business objectives, as determined by the Compensation Committee. The actual award could range from 0% to 25% of Mr. Ernst's annual rate of base salary. The Compensation Committee determined that Mr. Ernst's performance during fiscal year 2002 and the Company's achievement of its strategic objectives during such year merited a total incentive payout under the discretionary programs of \$220,500. The Committee's determination was based on Mr. Ernst's contributions to the Company's strong financial performance for fiscal year 2002 and the Company's progress toward its long-term strategy.

As with other Senior Executives, the Committee determined that any cumulative actual awards under the Short-Term Incentive Plan and the individual discretionary incentive compensation program described above in excess of 150% of Mr. Ernst's aggregate target award under such Plan and program would be paid in the form of Restricted Shares issued under the 1993 Long-Term Executive Compensation Plan. Awards under the discretionary program tied to the achievement of strategic business objectives are also paid in the form of Restricted Shares. Accordingly, \$168,000 of Mr. Ernst's \$955,500 cumulative actual awards under the Plan and discretionary programs was paid in the form of Restricted Shares (a total of 3,641 shares).

The number of Restricted Shares awarded to Mr. Ernst noted above was determined based on the closing price of the Company's stock on June 28, 2002, the last trading day prior to the issue date, June 30, 2002. The restrictions lapse over a three-year period in one-third annual increments commencing on June 30, 2003.

Mr. Ernst was granted an option to purchase 90,000 shares of Common Stock at an option price of \$64.55 per share, the last quoted market price for the Company's Common Stock on June 30, 2001, the date of grant. As a result of the two-for-one stock split of the Company's stock on August 1, 2001, the option was converted to an option to purchase 180,000 shares of Common Stock at an option price of \$32.275. Such option has a term of ten years and vests in one-third annual increments beginning on the third anniversary of the date of grant. The stock option provides that the vesting of each one-third increment of the option will accelerate on the day immediately following the 30th consecutive trading day on which the closing price of the Company's Common Stock exceeds \$40, \$50 and \$60, respectively (post-stock-split numbers).

Tax Considerations. Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), and Treasury Regulations relating thereto limit to \$1 million the Company's federal income tax deduction for compensation paid to any one executive officer named in the Summary Compensation Table of the Company's proxy statement, subject to certain transition rules and exceptions for specified types of performance-based compensation.

The Committee believes that it is in the Company's and shareholders' best interests to maximize tax deductibility only when practicable and consistent with the Committee's overall compensation philosophy, the needs of the Company and shareholder interests. The Committee may award non-deductible compensation when it believes that such awards are in the best interest of the shareholders, balancing tax efficiency with long-term strategic objectives.

The Committee believes the 1993 Long-Term Executive Compensation Plan and the H&R Block Short-Term Incentive Plan satisfy the requirements for exemption under Section 162(m). With the Committee's primary focus on performance-based compensation under these Plans, it expects to continue to qualify most compensation paid to the named executive officers as tax deductible.

(a) Awards under the Plan may include, but need not be limited to, shares of Common Stock, Restricted Shares, Stock Options, Incentive Stock Options, Stock Appreciation Rights, Performance Shares and Performance Units. The amount of each Award may be based upon the market value of a share of Common Stock. The Committee may make any other type of Award which it shall determine is consistent with the objectives and limitations of the Plan.

(b) The Committee may establish performance goals to be achieved within such Performance Periods as may be selected by it using such measures of the performance of the Company as it may select as a condition to the receipt of any Award.

8. Vesting Requirements. The Committee may determine that all or a portion of an Award or a payment to a Recipient pursuant to an Award, in any form whatsoever, shall be vested at such times and upon such terms as may be selected by it.

9. Deferred Payments and Dividend and Interest Equivalents.

(a) The Committee may determine that the receipt of all or a portion of an Award or a payment to a Recipient pursuant to an Award, in any form whatsoever, shall be deferred. Deferrals shall be for such periods and upon such terms as the Committee may determine.

(b) The Committee may provide, in its sole and absolute discretion, that a Recipient to whom an Award is payable in whole or in part at a future time in shares of Common Stock shall be entitled to receive an amount per share equal in value to the cash dividends paid per share on issued and outstanding shares as of the dividend record dates occurring during the period from the date of the Award to the date of delivery of such share to the Recipient. The Committee may also authorize, in its sole and absolute discretion, payment of an amount which a Recipient would have received in interest on (i) any Award payable at a future time in cash during the period from the date of the Award to the date of payment, and (ii) any cash dividends paid on issued and outstanding shares as of the dividend record dates occurring during the period from the date of an Award to the date of delivery of shares pursuant to the Award. Any amounts provided under this subsection shall be payable in such manner, at such time or times, and subject to such terms and conditions as the Committee may determine in its sole and absolute discretion.

10. Stock Option Price. The purchase price per share of Common Stock under each Stock Option shall be determined by the Committee, but shall not be less than market value (as determined by the Committee) of one share of Common Stock on the date the Stock Option or Incentive Stock Option is granted. Payment for exercise of any Stock Option granted hereunder shall be made (a) in cash, or (b) by delivery of Common Stock having a market value equal to the aggregate option price, or (c) by a combination of payment of cash and delivery of Common Stock in amounts such that the amount of cash plus the market value of the Common Stock equals the aggregate option price.

11. Stock Appreciation Right Value. The base value per share of Common Stock covered by an Award in the form of a Stock Appreciation Right shall be the market value of one share of Common Stock on the date the Award is granted.

12. Continuation of Employment. The Committee shall require that a Recipient be an employee of the Company at the time an Award is paid or exercised. The Committee may provide for the termination of an outstanding Award if a Recipient ceases to be an employee of the Company and may establish such other provisions with respect to the termination or disposition of an Award on the death or retirement of a Recipient as it, in its sole discretion, deems advisable. The Committee shall have the sole power to determine the date of any circumstances which shall constitute a cessation of employment and to determine whether such cessation is the result of retirement, death or any other reason.

13. Registration of Stock. Each Award shall be subject to the requirement that if at any time the Committee shall determine that qualification or registration under any state or federal law of the shares of Common Stock, Restricted Shares, Stock Options, Incentive Stock Options, or other securities thereby covered or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of or in connection with the granting of such Award or the purchase of shares thereunder, the Award may not be paid or exercised

in whole or in part unless and until such qualification, registration, consent or approval shall have been effected or obtained free of any conditions the Committee, in its discretion, deems unacceptable.

14. Employment Status. No Award shall be construed as imposing upon the Company the obligation to continue the employment of a Recipient. No employee or other person shall have any claim or right to be granted an Award under the Plan.

15. Assignability. No Award granted pursuant to the Plan shall be transferable or assignable by the Recipient other than by will or the laws of descent and distribution and during the lifetime of the Recipient shall be exercisable or payable only by or to him or her.

16. Dilution or Other Adjustments. In the event of any changes in the capital structure of the Company, including but not limited to a change resulting from a stock dividend or split-up, or combination or reclassification of shares, the Board of Directors shall make such equitable adjustments with respect to Awards or any provisions of this Plan as it deems necessary and appropriate, including, if necessary, any adjustment in the maximum number of shares of Common Stock subject to the Plan, the maximum number of shares that may be subject to one or more Awards granted to any one Recipient during a calendar year, or the number of shares of Common Stock subject to an outstanding Award.

17. Merger, Consolidation, Reorganization, Liquidation, Etc. If the Company shall become a party to any corporate merger, consolidation, major acquisition of property for stock, reorganization, or liquidation, the Board of Directors shall make such arrangements it deems advisable with respect to outstanding Awards, which shall be binding upon the Recipients of outstanding Awards, including, but not limited to, the substitution of new Awards for any Awards then outstanding, the assumption of any such Awards and the termination of or payment for such Awards.

18. Withholding Taxes. The Company shall have the right to deduct from all Awards hereunder paid in cash any federal, state, local or foreign taxes required by law to be withheld with respect to such Awards and, with respect to Awards paid in other than cash, to require the payment (through withholding from the Recipient's salary or otherwise) of any such taxes. Subject to such conditions as the Committee may establish, Awards under the Plan payable in shares of Common Stock may provide that the Recipients thereof may elect, in accordance with any applicable regulations, to have the Company withhold shares of Common Stock to satisfy all or part of any such tax withholding obligations, with the value of such withheld shares of Common Stock based upon their fair market value on the date the tax withholding is required to be made.

19. Costs and Expenses. The cost and expenses of administering the Plan shall be borne by the Company and not charged to any Award nor to any Recipient.

20. Funding of Plan. The Plan shall be unfunded. The Company shall not be required to establish any special or separate fund or to make any other segregation of assets to assure the payment of any Award under the Plan.

21. Award Contracts. The Committee shall have the power to specify the form of Award contracts to be granted from time to time pursuant to and in accordance with the

provisions of the Plan and such contracts shall be final, conclusive and binding upon the Company, the shareholders of the Company and the Recipients. No Recipient shall have or acquire any rights under the Plan except such as are evidenced by a duly executed contract in the form thus specified. No Recipient shall have any rights as a holder of Common Stock with respect to Awards hereunder unless and until certificates for shares of Common Stock or Restricted Shares are issued to the Recipient.

22. Guidelines. The Board of Directors of the Company shall have the power to provide guidelines for administration of the Plan by the Committee and to make any changes in such guidelines as from time to time the Board deems necessary.

23. Amendment and Discontinuance. The Board of Directors of the Company shall have the right at any time during the continuance of the Plan to amend, modify, supplement, suspend or terminate the Plan, provided that in the absence of the approval of the holders of a majority of the shares of Common Stock of the Company present in person or by proxy at a duly constituted meeting of shareholders of the Company, no such amendment, modification or supplement shall (i) increase the aggregate number of shares which may be issued under the Plan, unless such increase is by reason of any change in capital structure referred to in Section 16 hereof, (ii) change the termination date of the Plan provided in Section 24, (iii) delete or amend the market value restrictions contained in Sections 10 and 11 hereof, (iv) materially modify the requirements as to eligibility for participation in the Plan, or (v) materially increase the benefits accruing to participants under the Plan, and provided further, that no amendment, modification or termination of the Plan shall in any manner affect any Award of any kind theretofore granted under the Plan without the consent of the Recipient of the Award, unless such amendment, modification or termination is by reason of any change in capital structure referred to in Section 16 hereof or unless the same is by reason of the matters referred to in Section 17 hereof.

24. Termination. The Committee may grant Awards at any time prior to July 1, 2003, on which date this Plan will terminate except as to Awards then outstanding hereunder, which Awards shall remain in effect until they have expired according to their terms or until July 1, 2013, whichever first occurs. No Incentive Stock Option shall be exercisable later than 10 years following the date it is granted.

25. Approval. This Plan shall take effect upon due approval by the shareholders of the Company.

18. Withholding Taxes. The Company shall have the right to deduct from all Awards hereunder paid in cash any federal, state, local or foreign taxes required by law to be withheld with respect to such Awards and, with respect to Awards paid in other than cash, to require the payment (through withholding from the Recipient's salary or otherwise) of any such taxes. 23. Amendment and Discontinuance. The Board of Directors of the Company shall have the right at any time during the continuance of the Plan to amend, modify, supplement, suspend or terminate the Plan, provided that in the absence of the approval of the holders of a majority of the shares of Common Stock of the Company present in person or by proxy at a duly constituted meeting of shareholders of the Company, no such amendment, modification or supplement shall (i) increase the aggregate number of shares which may be issued under the Plan, unless such increase is by reason of any change in capital structure referred to in Section 16 hereof, (ii) change the termination date of the Plan provided in Section 24, (iii) delete or amend the market value restrictions contained in Sections 10 and 11 hereof, (iv) materially modify the requirements as to eligibility for participation in the Plan, or (v) materially increase the benefits accruing to participants under the Plan, and provided further, that no amendment, modification or termination of the Plan shall in any manner affect any Award of any kind theretofore granted under the Plan without the consent of the Recipient of the Award, unless such amendment, modification or termination is by reason of any change in capital structure referred to in Section 16 hereof or unless the same is by reason of the matters referred to in Section 17 hereof.
