e.) NEW EWG PROJECTS IN WHICH XCEL ENERGY INVESTED OR COMMITTED TO INVEST DURING THE SECOND QUARTER:

During the second quarter of 2002, Xcel Energy acquired all of the 26 percent of NRG shares not then owned by Xcel Energy through a tender offer and merger involving a tax-free exchange of 0.50 shares of Xcel Energy common stock for each outstanding share of NRG common stock. The NRG board of directors, on the recommendation of its Special Committee, recommended that NRG's stockholders tender their shares in the offer. SEC approval of the transaction was obtained on May 29, 2002. The transaction was effected on June 3, 2002.

The exchange of NRG common shares for Xcel common shares was accounted for as a purchase. The 25,764,852 shares of Xcel stock issued were valued at \$25.14 per share, based on the average market price of Xcel Energy shares for 3 days before and after April 4, 2002, when the revised terms of the exchange were announced and recommended by the independent members of the NRG Board. Including other costs of acquisition, this resulted in a total purchase price to acquire NRG's shares of approximately \$650 million as of June 30, 2002. Due to the acquisition occurring near quarter-end, some additional acquisition costs are expected to be recorded in the third quarter of 2002.

From January 2002 through June 30, 2002, Xcel Energy has provided NRG with cash equity infusions of \$502.9 million (including interest). In May 2002, Xcel Energy and NRG entered into a Support and Capital Subscription Agreement pursuant to which Xcel Energy agreed under certain circumstances to provide up to \$300 million to NRG. Xcel Energy has not, to date, provided funds to NRG under this agreement. Under limitations imposed by the Public Utility Holding Company Act of 1935, Xcel Energy could invest an additional \$415 million into NRG at June 30, 2002. Xcel Energy currently does not intend to make any additional

investments in NRG except possibly upon a restructuring of the debt of NRG.

Also during the second quarter of 2002, Xcel Energy contributed an additional \$8.5 million to Xcel Energy Argentina Inc. to provide financing for general corporate purposes.
