ITEM 5. OTHER EVENTS.

On January 11, 2003, the Company completed a further step in its previously announced financial restructuring when it completed certain definitive documentation related to the previously reported restructuring of certain debt obligations.

The Company has exchanged \$600,000 in notes payable by the Company in favor of a private investor note, plus accrued interest on that note, for a new note. The

new note has a principal balance of \$647,463 and a maturity of September 15, 2003. The Company also has amended its \$1,500,000 Loan Agreement with Bank One, N.A., dated October 12, 2001, that is also guaranteed by this private investor and expects to further amend that facility. The private investor has agreed to continue to provide an unconditional guarantee of the facility and the Company expects that the maturity of the facility will be extended to September 12, 2003. This same private investor has previously provided a \$3,000,000 letter of credit to secure the Company's \$2,700,000 credit agreement with Bank One, N.A.

The Company and the private investor have entered into a Reimbursement Agreement related to the credit support provided by the private investor. Pursuant to this agreement the Company has agreed to reimburse the private investor for all costs the investor may incur as a result of the guarantee and letter of credit provided. These costs include amounts that the investor would pay Bank One, N.A., as well as any amounts drawn under the letter of credit. Any such reimbursement obligations are due upon demand and bear interest at prime plus 2%. In the event of the occurrence of a reimbursement obligation under the agreement, the Company has agreed to grant the investor a security interest in certain accounts receivable and inventories. This Reimbursement Agreement supersedes reimbursement agreements previously entered into with this investor dated June 1, 2001 and October 19, 2001.

As consideration for the previous and on-going credit support the Company has issued to the private investor certain warrants for the purchase of the Company's common stock and has amended certain warrants previously issued to the investor as follows:

Description -----	Number of shares subject to warrant -----	Expiration Date -----	Exercise Price -----
Warrant Amended and Restated	960,000	October 31, 2004	\$0.12
Warrant Amended and Restated	600,000	October 31, 2004	\$0.12
Warrant Amended and Restated	360,000	October 31, 2004	\$0.12
Warrant Amended and Restated	720,000	May 31, 2004	\$0.12
Warrant Amended and Restated	150,000	December 31, 2003	\$0.12

On October 31, 2002 and December 20, 2002 the Company entered into Securities Purchase Agreements with two private investors for the purchase of 3,916,667 shares of the Company's common stock for \$470,000 cash. The sale of 1,000,000 shares of common stock was completed on November 29, 2002 and the sale of 1,250,000 shares of common stock was completed on December 27, 2002. The Company expects to complete the sale of the balance of the common stock completed on or before January 20, 2003.

The Company has entered into registration rights agreements with each of these investors, and has agreed to file a registration statement registering the 3,916,667 shares of common stock and the 2,790,000 shares of common stock to be issued upon exercise of the warrants.

Edgar Filing: TERAFORCE TECHNOLOGY CORP - Form 8-K/A

The Company's sales of common stock were exempt from registration pursuant to Section 4(2) of the Securities Act of 1933, as amended (the Securities Act), and pursuant to Rule 506 of Regulation D of the Securities Act. A Rule 506 exemption was available for these sales because the Company sold only to accredited investors; the Company did not solicit or advertise the sales; a restrictive legend was placed on each certificate issued describing the restrictions against resale; and a Form D was filed with the Securities and Exchange Commission and in each state where the individual investors reside.

The Company is currently pursuing discussions to raise additional equity capital, but there can be no assurance that the Company will be successful in its efforts.
