QUESTIONS AND ANSWERS FOR CUSTOMERS

NETEGRITY/COMPUTER ASSOCIATES ACQUISITION

CUSTOMER QUESTIONS AND ANSWERS

For Internal Use Only

October 6, 2004

GENERAL QUESTIONS

Q. WHAT ARE NETEGRITY AND COMPUTER ASSOCIATES ANNOUNCING?

A. We have announced that we have signed a definitive agreement for Computer Associates to acquire Netegrity in a cash transaction. The combined company is expected to provide customers with the broadest end to end security management solutions available in the market today. Netegrity's market leading identity and access management technology is expected to be a key complement to Computer Associates' eTrust security management solution.

Q. WHAT ARE THE TERMS OF THE DEAL?

A. Computer Associates will acquire Netegrity for \$10.75 per share or approximately \$430 million in cash.

Q. WHEN DO YOU EXPECT THE DEAL TO CLOSE? WHAT ARE THE APPROVALS THAT ARE REQUIRED FOR THE DEAL TO CLOSE?

A. The acquisition is subject to customary regulatory approvals and the approval of Netegrity's shareholders. While approval timelines are not under our control, the acquisition is expected to be completed in the next

Edgar Filing: NETEGRITY INC - Form DEFA14A

90 days.

Q. WHY DID NETEGRITY DECIDE TO WORK WITH COMPUTER ASSOCIATES ON AN ACQUISITION?

A. After extensive evaluations, Netegrity concluded that Computer Associates has significant global resources that could help accelerate our market penetration and drive rapid growth. Furthermore we believe there are a number of important synergies between Computer Associates and Netegrity.

The security market segment is one in which Computer Associates has made significant investment, and we believe this deal would further reinforce their focus on this key strategic area. We believe Netegrity's heterogeneous identity and access management solution would extend Computer Associates' ability to deliver on their Enterprise Infrastructure Management strategy which is designed to help our customers simplify management of their IT infrastructures, increase utilization rates, accommodate both real-time and on-demand needs and better

align IT infrastructure with the operations of their business. We also believe the addition of Netegrity's security offerings to CA's Identity and Access Management suite would enable the delivery of a complete, integrated and open solution.

From a resource perspective, Computer Associates' marketing and sales resources, along with a very large customer base, should allow us to penetrate companies and regions that we might not have been able to reach as quickly on our own. Like Netegrity, Computer Associates is located on the east coast, and has a number of development and sales offices throughout the world.

Q. WILL COMPUTER ASSOCIATES SUPPORT NETEGRITY'S CUSTOMERS WITH ITS TECHNICAL SUPPORT STAFF OR WILL I NEED TO GO TO NETEGRITY?

A. Until the acquisition is closed, Netegrity customers should continue to follow the current process to get technical support.

Q. WILL NETEGRITY CONTINUE TO FOCUS ON THE IDENTITY AND ACCESS MANAGEMENT SPACE OR ARE YOU MOVING AWAY FROM THAT?

A. Computer Associates is looking to take advantage of Netegrity's strong assets in the identity and access management market segment. Today Netegrity brings significant strength in solving major customer pains in identity and access management. We believe this complements Computer Associates' strength in the mainframe and distributed computing environments.

Q. DOES THIS ACQUISITION AFFECT ANY OF NETEGRITY'S CURRENT PRODUCT PLANS?

A. Until we get regulatory approval we cannot complete the integration plan. However, Computer Associates' interest in this acquisition was because of Netegrity's strong technology solutions, people expertise and strong customer base.

QUESTIONS ON COMPUTER ASSOCIATES

Q. WHAT DOES COMPUTER ASSOCIATES SPECIALIZE IN?

A. Computer Associates is a publicly traded software company with

Edgar Filing: NETEGRITY INC - Form DEFA14A

approximately 15,000 employees headquartered in Islandia, New York. They are a global company with operations in more than 50 countries. Computer Associates had \$3.2B in revenue for fiscal year 2004 with a market cap of \$16B. Computer Associates is a leading worldwide provider of solutions and services for the management of IT infrastructure, business information and application development. Computer Associates' solutions address an extensive range of management challenges across the full range of heterogeneous distributed and mainframe platforms found in today's enterprise environments. They are organized into six powerful brands: Unicenter for enterprise management, BrightStor for storage management, eTrust for security management, AllFusion for application life cycle management, Advantage for data management and application development, and CleverPath for portal and business intelligence.

Q. HOW MANY CUSTOMERS DOES COMPUTER ASSOCIATES HAVE AND WHO ARE SOME OF THEIR KEY CLIENTS?

A. They have approximately 95% of the Fortune 500 as customers and many other major accounts across the globe.

Q. DO NETEGRITY AND COMPUTER ASSOCIATES HAVE ANY JOINT CUSTOMERS TODAY?

A. Yes, we do have some joint customers today. For some time now we have worked collaboratively with a variety of Computer Associates' eTrust products including eTrust LDAP directory.

Q. HOW WILL THE COMBINATION OF NETEGRITY AND COMPUTER ASSOCIATES ENHANCE THE COMBINED COMPANY'S MARKET POSITION?

A. We believe there are a number of important synergies between Computer Associates and Netegrity. We expect the combination of our two companies would carry forward our commitment to solve customer's greatest enterprise security challenges. In addition, we anticipate that Computer Associates would bring significant sales and marketing reach to Netegrity and Netegrity may further solidify CA's leadership position in the Identity and Access Management space.

Q. WHAT DO I DO IF A CUSTOMER WANTS TO SPEAK WITH COMPUTER ASSOCIATES ABOUT THE ACQUISITION AND FUTURE PLANS?

A. We cannot speak about the joint plans between the two companies until we have received regulatory approval. After regulatory approval and as soon as we have the joint plans completed, we will provide those details.

Until the acquisition closes we must operate as independent companies. Customers who have questions about Netegrity and our products need to contact our sales executive. Customers who have questions about Computer Associates and their products need to contact Computer Associates sales executives.

LETTER TO CUSTOMERS

I would like to share with you some exciting news on how Netegrity is continuing the company's heritage of shaping the future of identity and access management and increasing our ability to more comprehensively solve your enterprise security challenges.

Today, October 6, we announced that Computer Associates has entered into a definitive agreement to acquire Netegrity. The security market is one in which Computer Associates has made significant investment and we believe that the combined companies would provide customers with the broadest end to end security solution available on the market today. We believe Netegrity's heterogeneous identity and access management solutions would extend Computer Associates' ability to address the heterogeneous web, distributed and mainframe security challenges facing today's largest enterprises. In addition, we believe that

While we won't have specific details around the integration of the companies' organizations and products until the acquisition has been approved by the appropriate regulatory agencies, which we anticipate will happen before the end of this year, we can assure you that Computer Associates is looking to leverage and further extend the Netegrity product lines which you have come to rely on. Until the acquisition is closed, please continue to follow the current processes for sales and technical support.

As a Netegrity customer, I value your business and believe that the combined solution would provide significant value to help you address your future enterprise security needs.

Sincerely,

Barry Bycoff
Chairman, President and CEO
