Assets Under Management Climb 66 Percent During Past Twelve Months

BOSTON (BUSINESS WIRE) State Street Global Markets LLC, an affiliate of State Street Global Advisors (State Street) (NYSE: STT - News), and World Gold Trust Services, LLC, a wholly-owned subsidiary of the World Gold Council, today announced that assets in the streetTRACKS® Gold Trust (NYSE: GLD - News), the issuer of streetTRACKS® Gold Shares, have surpassed $10 billion.

A weak dollar, renewed inflation fears, and heightened political tensions across the globe appear to be increasing investors appetite for exposure to gold, says James Burton, managing director of World Gold Trust Services. As the first US exchange traded fund to provide access to the portfolio diversification benefits of gold, the streetTRACKS® Gold Trust has proven to be a popular solution for a wide array of financial advisors and investors who want cheap and easy access to gold s unique investment properties.

Launched by State Street and World Gold Trust Services in November 2004, GLD, the first US commodity-based exchange-traded security, has emerged as one of the fastest growing ETFs in history. As of February 20, 2007, assets under management in the fund totaled approximately $10.2 billion, making it the seventh largest ETF by assets in the US.

The success of GLD exemplifies our commitment to providing investors with precise access to markets that have previously been inefficient or not readily accessible, says James Ross, senior managing director of State Street Global Advisors.
