NARRATIVE

Wabash National Corporation ("Wabash") could not file its Form 10-K for the period ended December 31, 2001, in a timely manner due to extensive negotiations with its banks and senior noteholders for refinancing of its revolving line of credit and senior notes. Wabash anticipates that closing on the refinancing will occur by April 15, 2002 at which time Wabash expects to be in a position to file its Form 10-K.

/X/ Yes / / No

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

As previously announced by Wabash in its press release on March 5, 2002, the change in results of operations for fiscal year 2001 from fiscal year 2000 is a result of 1) substantial charges associated with the completion of Wabash's previously announced restructuring activities, including the divestiture of international operations, accelerated sales efforts to normalize used trailer inventory levels and significant reductions in headcount; 2) certain charges that may be associated with Wabash's failure to be in compliance with its credit facilities at year end; 3) the impact on business and economic fundamentals during the fourth quarter as a result of the events of September 11, 2001, the ongoing economic recession and the resultant industry-wide downturn; and 4) charges associated with the continued effects of past legacy business practices. As announced on March 5, 2002, the following are the results Wabash anticipates reporting in the Form 10-K: For the year ended December 31, 2001, net sales were \$863.4 million compared to \$1.3 billion for 2000. Net loss for fiscal year 2001 is \$232.2 million, compared to a net loss of \$6.7 million in 2000. Diluted loss per share is (\$10.17) for the fiscal year ended December 31, 2001, compared to (\$0.38) in 2000. These results are subject to the completion of the definitive agreements between Wabash and its banks and senior noteholders.
