PRESIDENT'S LETTER

[PRESIDENT PHOTO]

Dear Shareholder:

Arriving at the Fund's fiscal year-end, we are pleased to report that the CALAMOS Convertible Opportunities and Income Fund provided a significant return to its shareholders. Due primarily to security selection and the significant narrowing of spreads during the period, the Fund's NAV delivered a total return of 46.48% for the twelve months ending October 31, 2003. We appreciate the confidence you have entrusted with us in the closed-end fund arena and as with all of our products and services, we remain focused on delivering long-term

Edgar Filing: CALAMOS CONVERTIBLE OPPORTUNITIES & INCOME FUND - Form N-CSR

performance and exceptional client service.

Looking towards its second year of operations, we believe the Fund remains well positioned to meet its investment objective. Our quantitative research and qualitative analysis of companies, industries, and the economic environment enable us to identify both risks and opportunities for the Fund, constructing an appropriate mix of securities that aims to provide shareholders with significant total return through a combination of capital appreciation and current income.

ONE WAY TO USE THE FUND'S DIVIDEND TO YOUR ADVANTAGE IS THROUGH THE FUND'S DIVIDEND REINVESTMENT PLAN. I encourage you to consider participating in this program as a means to increase your number of shares in the Fund at significant cost savings. For example, when the Fund's market price is at a premium to its net asset value (NAV), dividends automatically reinvested through the plan purchase shares either at NAV or at 95% of the market price, whichever is greater. With more shares, investors increase their power of compounding, and the plan's cost savings and convenience make that prospect even more attractive.

Thank you for entrusting your investment with the CALAMOS Convertible Opportunities and Income Fund. We pledge our continued commitment to serving you with Strategies for Serious Money.

Sincerely,

/S/ JOHN P. CALAMOS
 John P. Calamos, Sr.
 Chairman, Chief Executive Officer, and
 Chief Investment Officer

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION. CALAMOS Convertible Opportunities and Income Fund (the "Fund"), was organized as a Delaware statutory trust on April 17, 2002 and is registered under the Investment Company Act of 1940 as a diversified, closed-end management investment company. The Fund commenced operations on June 28, 2002.

The Fund's investment objective is to provide total return, through a combination of capital appreciation and current income. The Fund currently seeks to achieve its investment objective by investing substantially all of its assets in convertible securities and non-convertible income securities.

PORTFOLIO VALUATION. In computing the net asset value of the Fund, portfolio securities, including options, that are traded on a national securities exchange are valued at the last reported sale price. Securities quoted on the NASDAQ National Market System are valued at the Nasdaq Official Closing Price ("NOCP"),

Edgar Filing: CALAMOS CONVERTIBLE OPPORTUNITIES & INCOME FUND - Form N-CSR

as determined by Nasdaq, or lacking an NOCP, the last current reported sale price as of the time of valuation. Securities traded in the over-the counter market and listed securities for which no sales were reported are valued at the mean of the most recently quoted bid and asked prices. Short-term securities with maturities of 60 days or less are valued at amortized cost which approximates market value.

When market quotations are not readily available or when the valuation methods mentioned above are not reflective of the fair value of the security, the security is valued at a fair value following procedures approved by the board of trustees or a committee thereof. These procedures may utilize valuations furnished by pricing services approved by the board of trustees or a committee thereof, which may be based on market transactions for comparable securities and various relationships between securities that are generally recognized by institutional traders, a computerized matrix system, or appraisals derived from information concerning the securities or similar securities received from recognized dealers in those securities.

Securities that are principally traded in a foreign market are valued as of the close of the appropriate exchange or other designated time. Trading in securities on European and Far Eastern securities exchanges and over-the-counter markets is normally completed at various times before the close of business on each day on which the New York Stock Exchange ("NYSE") is open. Trading of these securities may not take place on every NYSE business day. In addition, trading may take place in various foreign markets on Saturdays or on other days when the NYSE is not open and on which the Fund's net asset value is not calculated.

INVESTMENT TRANSACTIONS AND INVESTMENT INCOME. Short term investment transactions are recorded on a trade date basis. Long term investment transactions are recorded on a trade date plus one basis, except for April 30th and October 31st, which are recorded on trade date. Realized gains and losses from investment transactions are reported on an identified cost basis. Interest income is recognized using the accrual method and includes accretion of original issue and market discount and amortization of premium. Dividend income is recognized on the ex-dividend date, except that certain dividends from foreign securities are recorded as soon as the information becomes available.

FOREIGN CURRENCY TRANSLATION. Values of investments denominated in foreign currencies are converted into U.S. dollars using a spot market rate of exchange. Purchases and sales of investments and dividend and interest income are translated into U.S. dollars using the spot market rate of exchange prevailing on the respective dates of such transaction.

FEDERAL INCOME TAXES. No provision has been made for Federal income taxes since the Fund is taxed as a "regulated investment company" under Subchapter M of the Internal Revenue Code of 1986.

DIVIDENDS. Dividends payable to shareholders are recorded by the Fund on the ex-dividend date. Income and capital gain dividends are determined in accordance with income tax regulations, which may differ from accounting principles generally accepted in the United States. These differences are primarily due to differing treatments for foreign currency transactions and contingent payment debt instruments.

9

NOTES TO FINANCIAL STATEMENTS

USE OF ESTIMATES. The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from

Edgar Filing: CALAMOS CONVERTIBLE OPPORTUNITIES & INCOME FUND - Form N-CSR

those estimates.

NOTE 2 - INVESTMENT ADVISER AND TRANSACTIONS WITH AFFILIATES OR CERTAIN OTHER PARTIES

Pursuant to an investment advisory agreement with CALAMOS ASSET MANAGEMENT, INC. ("CAM"), the Fund pays an annual fee, payable monthly, equal to 0.80% based on the average weekly managed assets. "Managed Assets" means the total assets of the Fund (including any assets attributable to any leverage that may be outstanding) minus the sum of total liabilities (other than debt representing financial leverage). CAM has contractually agreed to waive a portion of its management fee at the annual rate of 0.25% of the average weekly managed assets of the Fund for the first five full years of the Fund's operation (through June 30, 2007) and a declining amount for an additional three years (0.18% of the average weekly managed in 2008, 0.11% of the average weekly managed in 2009, and 0.04% in 2010).

Under the terms of the Administration Agreement, CAM pays the Administrator, Princeton Administrators, L.P. a monthly fee at an annual rate of 0.125% of the Fund's average weekly managed assets, subject to a monthly minimum fee of \$12,500.

Certain portfolio transactions for the Fund may be executed through CALAMOS FINANCIAL SERVICES, INC. ("CFS") as broker, consistent with the Fund's policy of obtaining best price and execution. During the year ended October 31, 2003, the Fund paid no brokerage commissions to CFS on purchases or sales of Fund securities.

Certain officers and trustees of the Fund are also officers and directors of CFS and CAM. All officers and affiliated trustees serve without direct compensation from the Fund.

The Fund has adopted a deferred compensation plan (the "Plan"). Under the Plan, a trustee who is not an "interested person" of CAM and has elected to participate in the Plan (a "participating trustee") may defer receipt of all or a portion of his compensation from the Fund. The deferred compensation payable to the participating trustee is credited to the trustee's deferral account as of the business day such compensation would have been paid to the trustee. The value of a trustee's deferred compensation account at any time is equal to what would be the value if the amounts credited to the account had instead been invested in shares of one or more of the Funds of the Calamos Investment Trust as designated by the trustee. Thus, the value of the account increases with contributions to the account or with increases in the value of the measuring shares, and the value of the account decreases with withdrawals from the account or with declines in the value of the measuring shares. If a participating trustee retires, the trustee may elect to receive payments under the Plan in a lump sum or in equal installments over a period of five years. If a participating trustee dies, any amount payable under the Plan will be paid to the trustee's beneficiaries. Deferred compensation investments of \$14,779 are included in "Other Assets" on the Statement of Assets and Liabilities at October 31, 2003. The Fund's obligation to make payments under the Plan is a general obligation of the Fund.

NOTE 3 - INVESTMENTS

Purchases and sales of investments other than short term obligations for the year ended October 31, 2003 were as follows:

Purchases	\$366,347,909
Proceeds from sales	383,444,846

Edgar Filing: CALAMOS CONVERTIBLE OPPORTUNITIES & INCOME FUND - Form N-CSR

The following information is presented on an income tax basis as of October 31, 2003. Differences between amounts for financial statements and Federal income tax purposes are primarily due to timing differences. The cost basis of investments for Federal income tax purposes at October 31, 2003 was as follows:

Cost basis of investments	\$1,088,073,133
Gross unrealized appreciation	132,638,709
Gross unrealized depreciation	(1,686,160)

Net unrealized appreciation (depreciation) of investments	\$ 130,952,549
	=====

NOTES TO FINANCIAL STATEMENTS

NOTE 4 - FORWARD FOREIGN CURRENCY CONTRACTS

The Fund may engage in portfolio hedging with respect to changes in currency exchange rates by entering into foreign currency contracts to purchase or sell currencies. A forward foreign currency contract is a commitment to purchase or sell a foreign currency at a future date at a negotiated forward rate. Risks associated with such contracts include movement in the value of the foreign currency relative to the U.S. dollar and the ability to the counterparty to perform. The net unrealized gain, if any, represents the credit risk to the Fund on a forward foreign currency contract. The contracts are valued daily at forward exchange rates and an unrealized gain or loss is recorded. The Fund realizes a gain or loss upon settlement of the contracts. There were no open forward foreign currency contracts at October 31, 2003.

NOTE 5 - DISTRIBUTIONS TO SHAREHOLDERS

The tax character of distributions paid during the periods ended October 31, 2003 and October 31, 2002 were as follows:

	OCTOBER 31, 2003	OCTOBER 31, 2002

Total taxable distribution	72,123,182	\$13,030,657
	=====	=====
As of October 31, 2003, the components of accumulated earnings/(losses) on a tax basis were as follows:		
Undistributed ordinary income -- net	22,302,635	
Undistributed long-term capital gains -- net	5,444,071	

Total undistributed earnings -- net	27,746,706	
Capital loss carryforward	--	
Unrealized gains/(losses) -- net	135,829,262*	

Total accumulated earnings/(losses) -- net	\$163,575,968	
	=====	

* The difference between book-basis and tax-basis unrealized gains/(losses) is

Edgar Filing: CALAMOS CONVERTIBLE OPPORTUNITIES & INCOME FUND - Form N-CSR

attributable to the difference between book and tax amortization methods for premiums and discounts on fixed income securities and other temporary book/tax differences.

NOTE 6 - COMMON STOCK

There are unlimited common shares of beneficial interest authorized and 43,904,538 shares outstanding at October 31, 2003. CAM owned 7,153 of the outstanding shares. Transactions in common shares were as follows:

	YEAR ENDED OCTOBER 31, 2003	PERIOD ENDED OCTOBER 31, 2002
Beginning shares	43,267,593	--
Shares sold	--	43,232,000
Shares issued through reinvestment of distributions	636,945	35,593
Ending shares	43,904,538	43,267,593

NOTE 7 - PREFERRED SHARES

There are unlimited shares of Auction Market Preferred Shares ("Preferred Shares") authorized. The Preferred Shares have rights as determined by the Board of Trustees. The 8,160 shares of Preferred Shares outstanding consist of four series, 2,040 shares of M, 2,040 shares of TU, 2,040 shares of W, and 2,040 shares of TH. The Preferred Shares have a liquidation value of \$25,000 per share plus any accumulated but unpaid dividends whether or not declared.

Dividends on the Preferred Shares are cumulative at a rate typically reset every seven and twenty-eight days based on the results of an auction. Dividend rates ranged from 0.95% to 1.95% for the year ended October 31, 2003. Under the Investment Company Act of 1940, the Fund may not declare dividends or make other distribution on shares of common stock or purchases any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding Preferred Shares would be less than 200%.

11

NOTES TO FINANCIAL STATEMENTS

The Preferred Shares are redeemable at the option of the Fund, in whole or in part, on any dividend payment date at \$25,000 per share plus any accumulated but the unpaid dividends. The Preferred Shares are also subject to mandatory redemption at \$25,000 per share plus any accumulated but unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of the Fund as set forth in the Statement of Preferences are not satisfied.

The holders of Preferred Shares have voting rights equal to the holders of common stock (one vote per share) and will vote together with holders of shares of common stock as a single class except on matters affecting only the holders of preferred shares or the holders of common shares.

NOTE 8 - INTEREST RATE TRANSACTIONS

The Fund may enter into interest rate swap or cap transactions to attempt to protect itself from increasing dividend or interest expense on its leverage resulting from increasing short-term interest rates. A decline in interest rates may result in a decline in the value of the swap or cap, which may result in a decline in the net asset value of the Fund. In addition, if the counterparty to

Edgar Filing: CALAMOS CONVERTIBLE OPPORTUNITIES & INCOME FUND - Form N-CSR

an interest rate swap or cap defaults, the Fund would not be able to use the anticipated receipts under the swap or cap to offset the dividend or interest payments on the Fund's leverage. At the time an interest rate swap or cap reaches its scheduled termination, there is a risk that the Fund would not be able to obtain a replacement transaction or that the terms of the replacement would not be as favorable as on the expiring transaction. In addition, if the Fund is required to terminate any swap or cap early due to the Fund failing to maintain a required 200% asset coverage of the liquidation value of the outstanding preferred shares or the Fund loses its credit rating on its preferred shares, then the Fund could be required to make a termination payment, in addition to redeeming all or some of the preferred shares. Details of the swap agreements outstanding as of October 31, 2003 were as follows:

COUNTERPARTY	TERMINATION DATE	NOTIONAL AMOUNT (000)	FIXED RATE
Merrill Lynch	July 3, 2006	\$65,000	1.910%
Merrill Lynch	July 3, 2007	65,000	2.325%
Merrill Lynch	July 3, 2008	70,000	2.685%

NOTE 9 - OTHER

SECURITIES LENDING. During the period ended October 31, 2003, the Fund lent certain of its securities to broker-dealers and banks. Any such loan must be continuously secured by collateral in cash or cash equivalents maintained on a current basis in an amount at least equal to the market value of the securities loaned by the Fund. The Fund would continue to receive the equivalent of the interest or dividends paid by the issuer on the securities loaned, and would also receive an additional return that may be in the form of a fixed fee or a percentage of the collateral. The Fund may pay reasonable fees to persons unaffiliated with the Fund for services in arranging these loans. The Fund would have the right to call the loan and obtain the securities loaned at any time on notice of not more than five business days. The Fund would not have the right to vote the securities during the existence of the loan but generally would call the loan in an attempt to permit voting of the securities. In the event of bankruptcy or other default of the borrower, the Fund could experience both delays in liquidating the loan collateral or recovering the loaned securities and losses, including (a) possible decline in the value of the collateral or in the value of the securities loaned during the period while the Fund seeks to enforce its rights thereto, (b) possible subnormal levels of income and lack of access to income during this period, and (c) expenses of enforcing its rights. In an effort to reduce these risks, the investment manager will monitor the creditworthiness of the firms to which the Fund lends securities. At October 31, 2003, the Fund had securities valued at \$237,259,803 on loan to brokers, dealers and banks and \$247,000,350 in cash collateral.

NOTE 10 - SUBSEQUENT EVENT

On November 14, 2003, the Fund offered an additional 7,200 Preferred Shares. The additional Preferred Shares consisted of three additional series, 2,400 shares of Series W28, 2,400 shares of Series TH7, and 2,400 shares of Series F7. The terms of

12

NOTES TO FINANCIAL STATEMENTS

the additional Preferred Shares and all other series of Preferred Shares of the

Edgar Filing: CALAMOS CONVERTIBLE OPPORTUNITIES & INCOME FUND - Form N-CSR

Fund previously offered are substantially the same. The additional Preferred Shares have a liquidation preference of \$25,000 per share, plus any accumulated, unpaid dividends and also have priority over the Fund's common shares as to distribution of assets. The additional Preferred Shares pay dividends based on a rate set at auction, usually held weekly in the case of Series TH7 and Series F7 and every 28 days in the case of Series W28. Dividends on the additional Preferred Shares are cumulative. The additional Preferred Shares were offered with a rating of "Aaa" from Moody's and "AAA" from Fitch Ratings.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees and Shareholders
CALAMOS Convertible Opportunities and Income Fund

We have audited the accompanying statement of assets and liabilities of CALAMOS Convertible Opportunities and Income Fund (the "Fund"), including the schedule of investments, as of October 31, 2003, and the related statements of operations and of changes in net assets and the financial highlights for the year then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audit. The Fund's financial statements and financial highlights for the period ended October 31, 2002 were audited by other auditors whose report, dated December 16, 2002, expressed an unqualified opinion on those financial statements and financial highlights.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of October 31, 2003, by correspondence with the custodian and brokers. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of CALAMOS Convertible Opportunities and Income Fund at October 31, 2003, and the results of its operations and changes in its net assets and the financial highlights for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

INDEPENDENT ACCOUNTANT CHANGE

Effective April 14, 2003, the Fund's Audit Committee of its Board of Trustees selected Deloitte & Touche LLP as the Fund's independent accountant. Also effective April 14, 2003, the client-auditor relationship between the Fund and Ernst & Young LLP ceased. The cessation of this relationship was based on the desire to retain the same independent accountant for the Fund as an affiliated closed-end fund, and to diversify the expertise provided to the funds within the CALAMOS fund complex.

NON-FUNDAMENTAL INVESTMENT GUIDELINE CHANGE

During the period, the Board of Trustees approved a non-fundamental investment policy to increase the limitation on financial leverage from approximately 33% of managed assets to approximately 38% of managed assets.

TRUSTEES & OFFICERS

The management of the Fund, including general supervision of the duties performed for the Fund under the Investment Management Agreement, is the responsibility of its board of trustees.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

The registrant's Board of Trustees has determined that, for the period covered by the shareholder report presented in Item 1 hereto, it has three audit committee financial experts serving on its audit committee, each of whom is an independent Trustee for purpose of this N-CSR item: Richard J. Downen, John E. Neal and William Rybak. Under applicable securities laws, a person who is determined to be an audit committee financial expert will not be deemed an "expert" for any purpose, including without limitation for the purposes of Section 11 of the Securities Act of 1933, as a result of being designated or identified as an audit committee financial expert. The designation or identification of a person as an audit committee financial expert does not impose on such person any duties, obligation, or liabilities that are greater than the duties, obligations and liabilities imposed on such person as a member
