Percentages are calculated as a percentage of net assets applicable to common shares.

- * Zero coupon bond
- (a) The Trust owns 100% of the bond issuance.
- (b) Security includes a put feature allowing the Trust to periodically put the security back to the issuer at amortized cost on specified put dates. The interest rate shown represents the current interest rate earned by the Trust based on the most recent reset date.
- (c) All or a portion of these securities have been physically segregated in connection with open futures contracts.
- (d) These securities are restricted and may be resold only in transactions exempt from registration which are normally those transactions with qualified institutional buyers. Restricted securities comprise 0.3% of net assets applicable to common shares.
- (e) Security is a "step-up" bond where the coupon increases or steps up at a predetermined date.
