PROXY STATEMENT

THE MANITOWOC COMPANY, INC.

SOLICITATION AND VOTING

This Proxy Statement is furnished by the Board of Directors (the "Board of Directors") of The Manitowoc Company, Inc., a Wisconsin corporation (referred to in this Proxy Statement as "we" or the "Company"), to the shareholders of the Company in connection with a solicitation of proxies for use at the Annual Meeting of Shareholders (the "Annual Meeting") to be held at 9:00 a.m., Central Daylight Time, on Tuesday, May 5, 2009, at the Holiday Inn Manitowoc located at 4601 Calumet Avenue, Manitowoc, Wisconsin 54220, and at any and all adjournments thereof. This Proxy Statement and the accompanying materials are being provided to shareholders on or about March 25, 2009.

On February 27, 2009, the record date for determining shareholders entitled to vote at the Annual Meeting, there were outstanding 130,550,954 shares of Company Common Stock, \$0.01 par value per share (the "Common Stock"). Each share outstanding on the record date is entitled to one vote on all matters presented at the meeting.

Any shareholder entitled to vote may vote in person or by duly executed proxy. Shareholders of record will have the option to vote by written proxy or electronically via either the Internet or a touch-tone telephone. Proxy voting through electronic means is valid under Wisconsin law, and the Company is offering electronic services both as a convenience to its shareholders and as a step towards reducing costs. Shareholders not wishing to utilize electronic voting methods may continue to cast votes by returning their signed and dated proxy card.

For this year's Annual Meeting, the Company has elected to use the Securities and Exchange Commission's ("SEC") Notice and Access model for distribution of proxy materials. Accordingly, all proxy materials for the 2009 Annual Meeting, including this Proxy Statement, are available on the Internet. All shareholders have been separately provided with an Important Notice Regarding the Availability of Proxy Materials. As indicated in that notice, the proxy materials, including this Proxy Statement and the Annual Report to Shareholders, are available online at www.proxydocs.com/mtw. Also as indicated in that notice, if you want to receive a paper or email copy of these documents, you must request one. There is no charge to you for requesting a copy. Please make your request as instructed in that notice on or before April 27, 2009 to facilitate timely delivery.

A proxy may be revoked at any time before it is exercised by filing a written notice of revocation with the Secretary of the Company, by delivering a duly executed proxy bearing a later date, or by voting in person at the Annual Meeting. Attendance at the Annual Meeting will not in itself constitute revocation of a proxy. The shares represented by all properly executed unrevoked proxies received in time for the Annual Meeting will be voted as specified on the proxies. Shares held for the accounts of participants in the Company Dividend Reinvestment Plan and The Manitowoc Company, Inc. 401(k) Retirement Plan (for which the proxies will serve as voting instructions for the shares) will be voted in accordance with the instructions of participants or otherwise in accordance with the terms of those Plans. If no direction is given on a properly executed unrevoked proxy, it will be voted **FOR** each of the two director nominees, and **FOR** ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2009.

The cost of soliciting proxies will be borne by the Company. Solicitation will be made principally by distribution via mail and the Internet pursuant to the Notice and Access rules, but also may be made by e-mail, telephone, facsimile, or other means of communication by certain directors, officers, employees, and agents of the Company. The directors, officers, and employees will receive no compensation for these proxy solicitation efforts in addition to their regular compensation but may be reimbursed for reasonable out-of-pocket expenses in connection with the solicitation. The Company will request persons holding shares in their names for the benefit of others or in the names of their nominees to send proxy material to and obtain proxies from their principals and will reimburse such persons for their expenses in so doing.

Table of Contents

To be effective, a matter presented for a vote of shareholders at the Annual Meeting must be acted upon by a quorum (i.e., a majority of the votes entitled to be cast represented at the Annual Meeting in person or by proxy). Abstentions, shares for which authority is withheld to vote for director nominees, and broker non-votes (i.e., proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owners or other persons entitled to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote) will be considered present for the purpose of establishing a quorum. Once a share is represented at the Annual Meeting, it is deemed present for quorum purposes throughout the meeting or any adjourned meeting, unless a new record date is or must be set for the adjourned meeting.

Required Vote

Proposal 1: Election of Directors. Directors are elected by a plurality of the votes cast by the holders of shares entitled to vote in the election at a meeting at which a quorum is present. A plurality means that the individuals who receive the largest number of votes are elected as directors up to the maximum number of directors to be chosen at the election (two at the Annual Meeting). Votes attempted to be cast against a director nominee are not given legal effect and are not counted as votes cast in an election of directors. Any shares not voted, whether by withheld authority, broker non-vote or otherwise, will have no effect on the election of directors except to the extent that the failure to vote for an individual results in another nominee receiving a larger number of votes.

Proposal 2: Ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009. Ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009, will be effective if the number of valid votes FOR ratification exceed the number of votes cast AGAINST ratification, provided that a majority of the outstanding shares of the Company's Common Stock are voted on the proposal. Assuming this proviso is met, any shares not voted (whether by broker non-vote or otherwise, except abstentions) have no impact on the vote. Shares of Common Stock as to which holders abstain from voting will be treated as votes against ratification.

The Board of Directors recommends a vote **FOR** the election of the two directors named in the proposal and **FOR** the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm.

1. PROPOSALS REQUIRING YOUR VOTE

PROPOSAL 1 ELECTION OF DIRECTORS

Two directors are to be elected at the Annual Meeting. The names of the nominees to the Board are set forth below, along with additional information regarding each nominee and the other directors continuing in office. If elected, Ms. Egnotovitch and Mr. Packard will hold office for a three-year term expiring in the year 2012, or until their respective successors are duly elected and qualified. Ms. Egnotovitch and Mr. Packard are presently serving as directors of the Company. Pursuant to the Company's Corporate Governance Guidelines, no director will stand for reelection if he/she will have reached the age of 72 by the date of the next annual meeting and in such event the director will resign from the Board effective as of the date of such next annual meeting. Because Mr. Daniel W. Duval has reached the age of 72 and his term as a director also expires at the upcoming Annual Meeting, Mr. Duval will not be nominated for re-election to the Board. Instead, Mr. Duval's service as a director of the company will end as of the date of the Annual Meeting on May 5, 2009. As previously announced, Mr. Growcock retired as Chairman of the Board and a director of the Company as of December 31, 2008.

The election will be determined by a plurality of the votes duly cast. Shares represented by proxies in the accompanying form will be voted for the election of the nominees listed below, unless a contrary direction is indicated. The two nominees have indicated that they are able and willing to serve as directors. However, if any of the nominees should be unable to serve, an eventuality which management does not contemplate, it is intended that the proxies will vote for the election of such other person or persons as management may recommend.

**PROPOSAL 2 RATIFICATION OF THE APPOINTMENT OF
PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S REGISTERED
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING
DECEMBER 31, 2009**

The Audit Committee and the Board of Directors have appointed PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009, and asks that the shareholders ratify that appointment. A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting to respond to appropriate questions and to make a statement if he or she desires to do so. Although ratification is not required by the Company's Bylaws or otherwise, the Board of Directors is submitting the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year December 31, 2009 to its shareholders for ratification as a matter of good corporate practice and because the Board values the input of its shareholders on this matter. As previously pointed out, ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ended December 31, 2009, will be effective if the number of valid votes FOR ratification exceeds the number of votes cast AGAINST ratification, provided that a majority of the outstanding shares of the Company's Common Stock are voted on the proposal. If the shareholders fail to ratify the appointment of PricewaterhouseCoopers LLP, the Audit Committee will consider it as a direction by shareholders to consider the appointment of a different audit firm. Nevertheless, the Audit Committee will still have the discretion to determine who to appoint as the Company's independent registered public accounting firm for the December 31, 2009, fiscal year. Even if the appointment of PricewaterhouseCoopers LLP is ratified, the Audit Committee, in its discretion, may select a different independent public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company.

The Board of Directors recommends a vote FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009.

2. GOVERNANCE OF THE BOARD AND ITS COMMITTEES

Governance of the Company

Currently the Board is comprised of nine directors; however, pursuant to the Company's Corporate Governance Guidelines, no director will stand for reelection if he/she will have reached the age of 72 by the date of the next annual meeting and in such event the director will resign from the Board effective as of the date of such next annual meeting. Because Mr. Daniel W. Duval has reached the age of 72 and his term as a director also expires at the upcoming Annual Meeting, Mr. Duval will not be nominated for re-election to the Board. Instead, Mr. Duval's service as a director of the Company will end as of the date of the Annual Meeting on May 5, 2009. The Board of Directors has determined that none of the current eight non-employee directors has a material relationship with the Company and that each non-employee director (viz., Dean H. Anderson, Virgis W. Colbert, Daniel W. Duval,

Table of Contents

Stift) is independent as defined in the Company's Corporate Governance Guidelines (which may be viewed on the Company's website at www.manitowoc.com), under applicable law and the New York Stock Exchange listing standards. In determining whether a director has a material relationship with the Company, the Board has adopted nine criteria. Those criteria may be viewed on the Company's website at www.manitowoc.com. Any director who meets all of the nine criteria will be presumed by the Board to have no material relationship with the Company. All eight non-employee directors meet all nine of the criteria.

The Company has adopted Corporate Governance Guidelines in order to set forth internal Board policies and procedures. A copy of the current Corporate Governance Guidelines may be viewed on the Company's website at www.manitowoc.com. A copy of the Corporate Governance Guidelines is also available in print to any shareholder who requests a copy.

As set forth in the Corporate Governance Guidelines, all directors are strongly encouraged to attend all annual shareholder meetings of the Company. All of the directors attended the annual shareholders' meeting in 2008.

The Company has adopted a code of ethics that applies to the Company's principal executive officer, principal financial officer, and controller, which is part of the Company's Code of Business Conduct and Global Ethics Policy. A copy of these policies can be viewed at the Company's website at www.manitowoc.com and is also available in print to any shareholder who requests a copy.

During the fiscal year ended December 31, 2008, the Board of Directors met eight times. All members of the Board attended at least 75 percent of the meetings held by the Board and the committees on which they served. As required in the Corporate Governance Guidelines, the Board met in executive session at each regular Board meeting during 2008. The Corporate Governance Guidelines provide that the chairperson of the Corporate Governance Committee will serve as the presiding director for the executive session. If for any reason the chairperson of the Corporate Governance Committee is unable to attend or perform the presiding role at a particular executive session, he/she will designate the chairperson of either the Compensation Committee or the Audit Committee to assume the role of the presiding director for the particular executive session.

The Company has standing Corporate Governance, Audit, and Compensation Committees of the Board of Directors, comprised as follows:

Keith D. Nosbusch, Chairman

The Corporate Governance Committee has a charter that may be viewed on the Company's website at www.manitowoc.com and is available in print to any shareholder who requests a copy.

All members of the Corporate Governance Committee are independent as defined in the Company's Corporate Governance Guidelines (which may be viewed at the Company's website at www.manitowoc.com), applicable law, and the corporate governance listing standards of the New York Stock Exchange.

Anderson, Krueger, and Stift and Ms. Egnotovich as audit committee financial experts as defined in the Company's Audit Committee Charter and in the Securities and Exchange Commission regulations. The Board has further determined that all members of the Audit Committee are financially literate and that the designation of Messrs. Anderson, Krueger, and Stift and Ms. Egnotovich as audit committee financial experts does not mean that the other Audit Committee members do not meet the qualifications of a financial expert.

During the fiscal year ended December 31, 2008, the Audit Committee met five times. For further information see the Audit Committee Report below.

Compensation Committee

The Compensation Committee provides assistance to the Board of Directors in fulfilling its responsibility to achieve the Company's purpose of maximizing the long-term total return to shareholders by ensuring that officers, directors, and employees are compensated in accordance with the Company's philosophy, objectives, and policies. The Compensation Committee reviews and approves compensation and benefits policies, strategies, and pay levels necessary to support corporate objectives and provides an annual report on executive compensation for inclusion in the Company's Proxy Statement, in accordance with applicable rules and regulations. The Compensation Committee is primarily responsible for administering the Company's executive compensation program. As such, the Compensation Committee reviews and approves all elements of the executive compensation program that cover the named executive officers. To assist the Compensation Committee with its responsibilities regarding the executive compensation program, the Committee has retained Towers Perrin as its independent compensation consultant.

3. CORPORATE GOVERNANCE COMMITTEE REPORT

The Corporate Governance Committee has adopted the following policies and procedures regarding consideration of candidates for the Board.

Consideration of Candidates for the Board of Directors Submitted by Shareholders. The Corporate Governance Committee will only review recommendations for director nominees from any shareholder beneficially owning, or group of shareholders beneficially owning in the aggregate, at least 5% of the issued and outstanding Common Stock of the Company for at least one year as of the date that the recommendation was made (a "Qualified Shareholder"). Any Qualified Shareholder must submit its recommendation no later than the 120th calendar day before the date of the Company's proxy statement released to the shareholders in connection with the previous year's annual meeting, for the recommendation to be considered by the Corporate Governance Committee. Any recommendation must be submitted in accordance with the policy in the Corporate Governance Guidelines captioned "Shareholder/Interested Person Communications." In considering any timely submitted recommendation from a Qualified Shareholder, the Corporate Governance Committee shall have sole discretion as to whether to nominate the individual recommended by the Qualified Shareholder, except that in no event will a candidate recommended by a Qualified Shareholder who is not independent as defined in the Company's Corporate Governance Guidelines and who does not meet the minimum expectations for a director set forth in the Company's Corporate Governance Guidelines, be recommended for nomination by the Corporate Governance Committee.

The Corporate Governance Committee did not receive, prior to the deadline noted in the foregoing policy, any recommendations for director nominees from any Qualified Shareholder (as defined in the foregoing policy).

Consideration of Candidates for Board that are Incumbent Directors. The process of evaluating directors for re-election will include a peer review of each director wishing to stand for re-election at the expiration of his/her current term. The Corporate Governance Committee may engage an independent third party professional to assist in the process. The Corporate Governance Committee may also interview each candidate individually. The Corporate Governance Committee will make a recommendation to the Board for the Board's final decision on each candidate.

seeking re-election. The Corporate Governance Committee shall have sole authority to retain and terminate any search firm to be used to identify director candidates and any independent third party professional consultant used in the evaluation process for directors wishing to stand for re-election. Such authority shall include the sole authority to approve the search firm's and third party professional's fees and other retention terms.

Consideration of Candidates for Board that are Non-incumbent Directors. In the event of a vacancy in the Board of Directors that the Corporate Governance Committee anticipates will not be filled by an incumbent director, the Corporate Governance Committee will manage the process of searching for a suitable director. The Corporate Governance Committee will be free to use its judgment in structuring and carrying out the search process based on the Corporate Governance Committee's and the Board's perception as to what qualifications would best suit the Board's needs for each particular vacancy. The process may include the consideration of candidates recommended by officers, Board members, shareholders, and/or a third party professional search firm retained by

Table of Contents

the Corporate Governance Committee. The Corporate Governance Committee shall have sole authority to retain and terminate any third party to be used to identify director candidates and/or evaluate any director candidates. Any candidate should meet the expectations for directors set forth in the Company's Corporate Governance Guidelines. Strong preference should be given to candidates who are independent, as that term is defined in the Corporate Governance Guidelines and the New York Stock Exchange rules, and to candidates who are sitting or former executives of companies whose securities are listed on a national securities exchange and registered pursuant to the Securities Exchange Act of 1934. The Corporate Governance Committee is not required to consider candidates recommended by a shareholder except in accordance with the Policy captioned "Consideration of Candidates for the Board of Directors Submitted by Shareholders," set forth in the Corporate Governance Committee Charter. If the Corporate Governance Committee determines to consider a candidate recommended by a shareholder, the Committee will be free to use its discretion and judgment as to what deference will be given in considering any such candidate.

Shareholder/Interested Person Communications. As set forth in the Company's Corporate Governance Guidelines, which may be viewed on the Company's website at www.manitowoc.com, any shareholder or interested person may communicate with the Board of Directors in accordance with the following process. If an interested party desires to communicate with the Board of Directors or any member of the Board of Directors, the interested party may send such communication in writing to the Company to the attention of the Director of Investor Relations and/or the General Counsel. Such communication must include the following information in order to be considered for forwarding on to the Board of Directors or the applicable director:

1. The name, address, and phone number of the interested party.
2. The basis of the party's interest in the Company, e.g., if the interested party is a shareholder, a statement to that effect with the number of shares owned by the shareholder and the length of time that such shares have been beneficially owned.
3. The identity of the director or directors for whom such communication is intended.
4. The address where any reply or questions may be sent by the Company, the Board or any Board member.
5. Whether such interested party requests that the Company let the interested party know whether or not such communication has been forwarded to the Board or the particular Board member.
6. Such other information that the Company may subsequently request in order to verify the foregoing information or to clarify the communication.

Any communication which the Company's Director of Investor Relations or General Counsel determines, in his or her discretion, to be or to contain any language which is offensive or to be dangerous, harmful, illegal, illegible, not understandable, or nonsensical, may, at the option of such person, not be forwarded to the Board or any particular director. Any communication from an interested party shall not be entitled to confidential treatment and may be disclosed by the Company or by any Board member as the Company or the Board member sees fit. Neither the Company nor the Board nor any Board member shall be obligated to send any reply or response to the interested party, except to indicate to the interested party (but only if the interested party specifically requested such an indication) whether or not the interested party's communication was forwarded to the Board or the applicable Board member.

5. EQUITY COMPENSATION PLANS

The following table summarizes, as of December 31, 2008, the number of shares of the Company's Common Stock that may be issued under the Company's equity compensation plans and the number of shares available under such plans pursuant to which grants of options, warrants, and rights to acquire shares may be made from time to time.

Equity Compensation Plan Information

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants, and Rights (A)	Weighted-Average Exercise Price of Outstanding Options, Warrants, and Rights (B)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column (A)) (C)
Equity compensation plans not approved by security holders ⁽¹⁾⁽³⁾	941,150 ⁽²⁾	\$5.6894 ⁽²⁾	0 ⁽²⁾
Equity compensation plans approved by security holders ⁽⁴⁾	2,937,626 ^{(4(a))} 186,800 ^{(4(b))} 216,000 ^{(4(c))(2)}	\$22.47 ^{(4(a))} \$22.78 ^{(4(b))} \$6.66 ^{(4(c))(2)}	8,929,366 ^{(4(a))} 589,000 ^{(4(b))} 0 ^{(4(c))(2)}
Total ⁽³⁾	4,281,576		9,518,366

(1) Consists of the Company's 1995 Stock Plan (which is the predecessor to the 2003 Incentive Stock and Awards Plan) and Deferred Compensation Plan. No additional awards are available for issuance under the 1995 Stock Plan. For a description of the key provisions of the Deferred Compensation Plan, see the discussion contained in

this Proxy Statement under section 8 - Compensation Discussion and Analysis and Compensation Committee Report under the subsection captioned *Deferred Compensation* and the discussion contained under section 7 Non-Employee Director Compensation.

- (2) Column (A) does not include 302,897 Common Stock units issued under the Deferred Compensation Plan as of December 31, 2008. Each Common Stock unit under the Deferred Compensation Plan represents the right to receive one share of Company Common Stock following the participant's death, disability, termination of service as a director or employee, a date specified by the participant, or the earlier of any such events to occur. Since the Common Stock units are acquired by participants through a deferral of fees or compensation, there is no exercise price associated with the Common Stock units. As a result, the weighted-average exercise price in column (B) is calculated solely on the basis of outstanding options issued under the 1995 Stock Plan, the 1999 Non-Employee Director Stock Option Plan, the 2003 Incentive Stock and Awards Plan, and the 2004 Non-Employee Director Stock and Awards Plan, and does not take into account the Common Stock units issued

under the Deferred Compensation Plan. The operation of the Deferred Compensation Plan requires the plan trustees to make available as and when needed a sufficient number of shares of Company Common Stock to meet the needs of the plan. Accordingly, since there is no specific number of shares reserved for issuance under the Deferred Compensation Plan, column (C) includes only those shares remaining available for issuance under the 1995 Stock Plan, the 1999 Non-Employee Director Stock Option Plan, the 2003 Incentive Stock and Awards Plan, and the 2004 Non-Employee Director Stock and Awards Plan.

- (3) Does not include the 8,660 shares underlying the outstanding stock options issued under the Grove Investors, Inc. 2001 Stock Incentive Plan, which were assumed by the Company in connection with the acquisition of Grove Investors, Inc. Those options have a weighted average exercise price of \$4.575. No additional options may be granted under the Grove Investors, Inc. 2001 Stock Incentive Plan.
- (4) Consists of (a) the Company's 2003 Incentive Stock and Awards Plan, (b) the 2004 Non-Employee Director Stock and Awards Plan, and (c) the 1999 Non-Employee Director Stock Option Plan. The 1999 Non-Employee Director Stock Option Plan (the "1999 Director Stock Plan") is the predecessor to the 2004 Non-Employee Director Stock and Awards Plan (the "2004 Director Stock Plan"). Upon the effective date of the 2004 Director Stock Plan no further awards can be made from the 1999 Director Stock Plan and all shares that would otherwise have been available for new grants under the 1999 Director Stock Plan are no longer available for granting. For a description of the key provisions of the 2003 Incentive Stock and Awards plan, see the discussion contained in this Proxy Statement under section 8 Compensation Discussion and Analysis and Compensation Committee Report under the subsection captioned *Long-Term Incentives*. For a description of the key provisions of the 2004 Director Stock Plan, see the discussion contained in this Proxy Statement under section 7 Non-Employee Director Compensation.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers and directors and persons owning more than ten percent of the Company's Common Stock to file reports of ownership and changes in ownership of equity and derivative securities of the Company with the Securities and Exchange Commission and the New York Stock Exchange. To the Company's knowledge, based on information provided by the reporting persons, all applicable reporting requirements for fiscal year 2008 were complied with in a timely manner except for a purchase by Mr. Dean Anderson of 2,000 shares of the Company's Common Stock on October 30, 2008, which he inadvertently failed to disclose at that time. This purchase was disclosed pursuant to a filing made on March 17, 2009.

7. NON-EMPLOYEE DIRECTOR COMPENSATION

The annual compensation package for non-employee directors is designed to attract and retain highly experienced and qualified individuals to serve on the Company's Board of Directors.

The 2008 compensation package consisted of cash (Board and committee annual retainers and meeting fees) and equity (stock options and restricted stock) awards. Directors are also entitled to reimbursement of their reasonable out-of-pocket expenses in connection with their travel to and from and attendance at Board and committee meetings and other Company events. The compensation package is intended to be competitive relative to general industrial companies of comparable size to the Company. The Compensation Committee typically reviews the market competitiveness of the non-employee director compensation program every two years. The last review of the program was conducted in 2008.

Approximately two-thirds of the target annual compensation package is delivered in the form of equity, which is designed to promote a greater alignment of interest between the Company's non-employee directors and its shareholders. In 2008, the Compensation Committee with the assistance of its compensation consultant, Towers Perrin, undertook an analysis of its non-employee director compensation. As a result of that analysis, upon recommendation from the Compensation Committee, the full Board approved changes to the non-employee director compensation to bring the compensation more in line with market median practices. These changes are summarized in the table below. In 2008, the equity grant was set based on the Company's recent average stock price ending in January 2008. The actual grant price and accounting expense was determined at the date of grant (February 15, 2008). An individual director's actual annual compensation will vary based on committee memberships, committee chair responsibilities, and the number of Board and committee meetings attended.

Stock awards in 2008 were granted out of the 2004 Non-Employee Director Stock and Awards Plan (the 2004 Director Stock Plan). The purpose of the 2004 Director Stock Plan is three-fold: (i) to promote the long-term growth and financial success of the Company; (ii) to attract and retain highly experienced and qualified individuals to serve on the Company's Board of Directors; and (iii) to assist the Company in promoting a greater alignment of interest between the Company's non-employee directors and its shareholders. The 2004 Director Stock Plan is designed to achieve these goals by providing non-employee directors of the Company with incentives to increase shareholder value by offering them the opportunity to acquire shares of the Company's Common Stock, receive incentives based on the value of such Common Stock, or receive other equity-based incentives as provided in the 2004 Director Stock Plan. Only non-employee directors of the Company are eligible to receive awards under the 2004 Director Stock Plan. The Compensation Committee of the Company's Board of Directors may, in its discretion, grant awards from time to time in such amounts as it determines and to such non-employee directors as it selects.

Table of Contents

The following tables summarize the 2008 compensation elements provided to the Company's non-employee directors. At its May 5, 2008 meeting, as reflected in the table below, the Board of Directors increased the annual Board member cash retainer and increased the annual chairperson retainer for the Audit Committee chairperson and the Compensation Committee chairperson. Commencing in 2009, the equity grant guidelines for non-employee director compensation will be targeted to provide an annual equity value of \$100,000.

Element	Amount Previous to May 5, 2008	Amount as of May 5, 2008
Annual Board Member Cash Retainer	\$30,000	\$60,000
Board Per-Meeting Fee	\$1,500	\$1,500
Committee Per-Meeting Fee	\$1,500	\$1,500
Audit Committee Chairperson Annual Retainer	\$7,500	\$15,000
Compensation Committee Chairperson Annual Retainer	\$7,500	\$9,000
Governance Committee Chairperson Annual Retainer	\$7,500	\$7,500
Annual Stock Option Grant ⁽¹⁾	2,600 options	no change
Annual Restricted Stock Grant ⁽²⁾	1,200 shares	no change

- (1) Stock options were granted to all non-employee directors other than Ms. Egnotovich on February 15, 2008. Ms. Egnotovich joined the board effective July 24, 2008. Ms. Egnotovich was awarded options for 2,000 shares on October 20, 2008. All options granted to non-employee directors in 2008 were granted with an exercise price equal to the fair market value on the grant date. The options fully vested upon granting and have a 10-year exercise term.
- (2) The restricted stock was granted to all non-employee directors other than Ms. Egnotovich on February 15, 2008. Ms. Egnotovich joined the Board effective July 24, 2008. Ms. Egnotovich was awarded 1,000 shares of restricted stock on October 20, 2008. The restrictions on all the shares of restricted stock granted to non-employee directors lapse on the third anniversary of the grant date.

Effective in 2005, the Board implemented stock ownership guidelines for non-employee directors, which require a non-employee director to acquire an amount of the Company's Common Stock with a value equal to five times such director's total annual Board member cash retainer (does not include meeting fees or the annual committee chairperson retainers). The guideline requires the stock ownership amount to be met by the later of the end of 2009 or the end of the fifth full calendar year after the director is first elected to the Board. As of December 31, 2007, each of the non-employee directors was in compliance or projected to be in compliance with his/her respective ownership guideline. However, due to the significant decline in the price of common stock of the Company as of December 31, 2008 when compared to the price as of December 31, 2007, several non-employee directors would no longer meet the guideline if it were required to have been met as of December 31, 2008.

In addition, under the Company's Deferred Compensation Plan, each non-employee director may elect to defer all or any part of the director's annual retainer and meeting fees for future payment upon death, disability, termination of service as a director, a date specified by the participant, or the earlier of any such date to occur. A director may use the Deferred Compensation Plan as a means of achieving the director's stock ownership guideline by electing to defer a portion of his/her compensation under the Company's Deferred Compensation Plan and investing in stock units (value equivalent to Manitowoc's stock price).

In 2008, stock options and restricted stock were granted at the February meeting of the Board of Directors. Stock options are granted with an exercise price equal to the closing stock price on the date of grant. The stock options have

a 10-year term and vest immediately. The restrictions on the restricted stock awards lapse on the third anniversary of the grant date. The restrictions provide that, unless the Compensation Committee in its discretion determines otherwise, (i) the restricted shares will be immediately forfeited if the director ceases to be a member of the Board prior to the restriction lapse date for any reason other than the director's retirement (due to reaching the mandatory retirement age established by the Board), death or disability; and (ii) the restricted shares are generally transferable, but may not be assigned, pledged or mortgaged prior to the restriction lapse date.

Robert C. Stift	\$ 89,828 ⁽²⁾	\$69,235	\$ 52,719	\$ 0 ⁽⁶⁾	\$ 0 ⁽⁶⁾	\$211,782

(1) Includes meeting fees for the December 2008 Board and Committee meetings which were paid in January 2009.

(2) Includes committee chairperson annual retainer of \$7,500 prior to May 5, 2008 and committee chairperson annual retainers in the following amounts as of May 5, 2008, Audit \$15,000, Compensation \$9,000 and Corporate Governance \$7,500. Mr. Nosbusch served as chair of the Corporate Governance Committee, Mr. Packard served as chair of the Compensation Committee, and Mr. Stift served as chair of the Audit Committee.

(3) Reflects the FAS 123R expense during 2008 for outstanding restricted stock awards as to which the restrictions had not lapsed at the beginning of 2008 (includes outstanding awards made in prior years (2005, 2006 and 2007)). The restrictions on restricted stock awards lapse on the third anniversary of the grant date. At year end, each non-employed director other than Ms. Egnotovich had 11,800 shares of restricted stock outstanding. At year end, Ms. Egnotovich had 1,000 shares of restricted stock outstanding.

- (5) Not included in these numbers are travel-related expenses of the director's spouse. From time to time, spouses may be invited to accompany the directors at a Company function at the Company's expense. During 2008, spouses of directors were invited to attend the February Board meeting and the October Board meeting. Mr. Nosbusch's spouse did not attend either event and Mr. Anderson's spouse did not attend the October event. Thus, there were no expenses incurred or reimbursed for those spouses at those events. At the February event the company reimbursed air fares for the spouses of Mr. Anderson, Mr. Colbert and Mr. Krueger at an average of \$732 per spouse. Meals and other expenses (other than airfare) reimbursed for the spouses attending the February event averaged \$250 per spouse. At the October event, the Company reimbursed air fares for the spouses of all directors other than Mr. Anderson and Mr. Nosbusch at an average of \$12,535 per spouse. Meals and other expenses (other than airfare) reimbursed for spouses attending the October event averaged \$3,500 per spouse.

Grove Investors, Inc.) (Grove). Prior to becoming a member of the Board of the Company, Mr. Stift served as an officer of Grove until his retirement in April 1998, and was a participant in the plan when Grove was acquired by the Company in 2002. The benefits Mr. Stift receives under the plan relate solely to his prior service as an officer of Grove and do not relate to his service as a member of the Board of Directors of the Company.

8. COMPENSATION DISCUSSION AND ANALYSIS AND COMPENSATION COMMITTEE REPORT

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The discussion and analysis below is designed to assist you with understanding the objectives of our executive compensation program (the executive compensation program), the different components of compensation paid to our named executive officers (the CEO, CFO, and three other most highly compensated executive officers other than the CEO and CFO) and the basis for our compensation decisions. This discussion and analysis should be read together with the compensation tables located elsewhere in this Proxy Statement.

Compensation Program Administration

The Compensation Committee of the Board of Directors (Compensation Committee) is primarily responsible for administering the Company s executive compensation program. As such, the Compensation Committee reviews and approves all elements of the executive compensation program that cover the named executive officers. Additional information about the role and processes of the Compensation Committee is presented in the *Governance of the Board and its Committees Compensation Committee* section.

Compensation Program Objectives and Philosophy

Our executive compensation program aligns the interests of our executives with the interests of our shareholders and motivates our executives to maximize long-term total returns to our shareholders. In addition, our executive compensation program provides competitive total compensation opportunities, at a reasonable cost, in order to attract, motivate and retain highly-qualified executives critical to the achievement of the Company s financial and strategic goals.

Our compensation program is intended to motivate executives by:

Paying for performance. A significant portion of the compensation paid to an executive is variable and at risk, and is earned based on the achievement of the Company s financial goals and/or stock price appreciation.

Providing market competitive compensation. Compensation opportunities for executives are established based on a review of compensation offered to executives in comparable positions at general industrial companies of similar size.

Encouraging long service. The Company offers several retirement and savings plans, which are payable after retirement from the Company and provide employees with the opportunity to earn Company contributions or save pre-tax dollars for retirement.

Facilitating executive stock ownership. Long-term incentive awards are paid solely in Company stock, and executive officers are subject to minimum stock ownership guidelines.

It is the Compensation Committee's philosophy to set overall compensation and each element of compensation paid to our named executive officers and other executive officers to be within a competitive range of market median practices. In connection with its executive compensation determinations, the Company reviews survey data among comparable companies and broader market trends/developments, as provided by the Compensation Committee's compensation consultant, Towers Perrin. Given the range of its businesses, the Company reviews market pay data among comparably-sized general industrial companies; a specific peer group for pay benchmarking is not used.

Table of Contents

Survey data of comparable positions are analyzed annually in considering adjustments to base salaries and target short-term and long-term incentive award opportunities. Survey data are reviewed periodically for other elements of compensation.

Total Compensation

Overall target compensation for named executive officers is set to be within a competitive range of market median practices. In setting an individual executive's salary and target incentive award opportunities, the CEO (with respect to his team) and Compensation Committee also consider experience, length of service, individual and Company performance, current market practices, internal equity, and business/people needs. Actual total compensation can vary from target compensation based on the individual's and the Company's performance.

Compensation Elements

We believe the executive compensation program described below, by element and in total, best achieves our objectives.

Element	Purpose	Characteristics
<i>Base Salary</i>	Establish a certain element of pay for an individual's competencies, skills, experience and performance	Not at risk; eligible for annual merit increases and adjustments for changes in job responsibilities
<i>Short-Term Incentives</i>	Motivate and reward the achievement of annual Company financial goals, as assessed by Economic Value Added (EVA®) results, relative to targeted levels	Performance-based (variable) cash opportunity; amount earned will vary based on actual results achieved
<i>Long-Term Incentives</i>	Motivate and reward the achievement of stock price appreciation over time	Majority is performance-based opportunity; amount realized by the executive is dependent upon stock price performance
<i>Retirement Benefits</i>	Facilitate long service with the Company by providing a targeted replacement income level upon retirement	Both fixed and variable aspects; contributions drive growth of funds and future payments
<i>Benefits and Perquisites</i>	Provide additional financial security and other enhanced benefits for executives	Generally fixed; actual cost is based on participation and usage
<i>Change in Control (CIC) Continued Employment and Severance Benefits</i>	Provide continuity of the leadership team leading up to and after a change in control	Contingent component; provides for continued employment upon a CIC and severance benefits if an executive's employment is terminated following a CIC

In setting total compensation, a consistent approach is applied for all executive officers. Executive officers may also receive pay increases at the time of promotions, which, on May 1, 2007, occurred for Mr. Tellock (promoted to President and Chief Executive Officer). In connection with those promotions, the Compensation Committee increased base salary and target short-term incentive award percentages, and made additional long-term incentive grants.

Additional detail regarding each pay element is presented below. Other than the Change in Control Severance Arrangements (Contingent Employment Agreements) described below, the Company does not have employment agreements with any of the named executive officers.

Base Salary. Salaries are reviewed annually, and adjustments, if any, are based on consideration of the Company's overall budget for base salaries for the year, individual factors (competencies, skills, experience, and performance), internal equity, and market pay data. In 2008, based on consideration of the above mentioned factors, the annualized base salaries of our named executive officers in the same position as the prior year were increased, on

Table of Contents

average, by 7% from 2007. Based upon the survey data provided by the Compensation Committee's compensation consultant, the base salaries paid to the named executive officers in 2008, on average, approximated the median base salaries of comparable positions in considering an individual's experience, performance and other factors.

Short-Term Incentives. The Short-Term Incentive Plan (STIP) rewards eligible participants for maximizing shareholder value. The Company believes the creation of shareholder value is best measured by EVA[®], a technique developed by Stern Stewart & Co., which measures the economic profit generated by a business. EVA[®] is equal to the difference between:

- i. Net operating profit after tax (for certain participants who are likely to directly affect improvements in the Company's tax rate) or net operating profit before tax (for participants who are not likely to directly affect improvements in the Company's tax rate), defined as operating earnings adjusted to eliminate the impact of, among other things, certain accounting charges such as bad debt and inventory reserve expenses, and research and development costs; and
- ii. A capital charge, defined as capital employed multiplied by the weighted average cost of capital.

The weighting of an EVA[®] center for a particular executive depends upon the executive's primary operating unit responsibilities. The 2008 weightings for the named executive officers were as follows:

Corporate Officers: awards based 100% on Corporate EVA[®] performance

Business Segment Presidents: awards based 50% on Business Segment and 50% on Corporate EVA[®] performance

Participants under the STIP are divided into thirteen classifications, which in 2008 had target incentive award levels ranging from 5% to 80% of base salary. The classification assignment corresponds with what the Company believes is the relative effect of a participant's job on the Company's performance.

Awards under the STIP are based on results relative to target EVA[®] for the participant's EVA[®] center (or combination of centers in the case of business segment presidents). The target EVA[®] for 2008 varied among the various business units (or participating groups); in total in 2008 there were seven participating groups. The named executive officers were in the Corporate Group. For 2008 the target EVA[®] for all participating groups was determined by the actual EVA[®] achieved for the respective participating groups in 2007 plus the expected improvement in EVA[®] for 2008. For all participating groups in 2008, the Plan also set forth a maximum EVA[®] that could be earned which is determined by the actual EVA[®] achieved in the preceding year, plus the expected improvement in EVA[®] for the performance year and an amount equal to 150% of the leverage factor for the performance year.

Probabilities of achievement are considered in calibrating the expected improvement and leverage factors. The leverage factor is the amount of EVA[®] above the target EVA[®] that must be achieved before an incentive award of two times the target incentive award percentage is earned, or stated in the converse, it is the minimum amount of EVA[®] below the target EVA[®] that would result in a zero incentive award being earned. The expected improvement and leverage factors are evaluated and recalibrated no less than every three years, and were recalibrated in 2008 for 2009 performance. The Company retained the services of Stern Stewart & Co. to assist with the recalibration for 2009 performance.

The 2008 target annual incentive award percentages assigned to the Company's named executive officers ranged from 50% to 80% of the applicable officer's base salary, and based on the position's responsibilities and business impact. Awards earned under the STIP can range from 0% to 250% of an individual's target award opportunity based on actual

EVA[®] results versus the target EVA[®] for the year. Earned awards, if any, will be fully paid out after the end of the year.

2008 Awards Reflect Excellent Performance. The Company's actual 2008 EVA[®] performance for the Corporate Group was above target EVA[®] levels resulting in STIP payouts for 2008 performance for the named executive officers equal to the maximum potential award of 250% of their respective award targets. Presented below are the 2008 actual EVA[®] performance for the EVA[®] centers applicable to named executive officers and the award earned.

Table of Contents

EVA® Center	2008 Target EVA®	2008 Actual EVA®	Award Earned (As a % of Target Opportunity)
Corporate	\$211,373,000	\$268,087,000	250%

The actual incentive award payouts for the named executive officers are presented in the Summary Compensation Table, in the column, Non-Equity Incentive Plan Compensation. The potential dollar range of the 2008 annual incentive awards, by named executive officer, is presented in the Grants of Plan-Based Awards table.

Use of Discretion. The Compensation Committee does not use discretion to pay awards under the STIP that would not have otherwise been earned. However, on May 1, 2007, Mr. Tellock was promoted to President and Chief Executive Officer of the Company. In connection with that promotion, the Compensation Committee increased his base salary and target incentive award percentage. The effect of this incentive award was to provide Mr. Tellock with total short-term incentive compensation for 2007 as if his target award percentage were increased to 80% as of January 1 and was calculated as if his base salary had been increased as of January 1, rather than May 1. The STIP does include certain discretionary elements. The STIP allows the Compensation Committee to apply discretion in considering potential adjustments (e.g., certain accounting charges such as bad debt and inventory reserve expenses and research and development costs) presented by management in order to assess performance of continuing operations. In practice, the Compensation Committee has made a limited number of adjustments, which, for awards to be earned by executives during a particular year, must be determined no later than the Compensation Committee's February meeting. The Compensation Committee reviews the actual results for a year and considers and approves potential adjustments in accordance with the STIP. With respect to the officers of the Company, these adjustments for a plan year must be made no later than the February Compensation Committee meeting of that year.

Long-Term Incentives. Long-term incentive awards are granted under the Company's 2003 Incentive Stock and Awards Plan. The 2003 Incentive Stock and Awards Plan allows the Company to grant incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, performance share awards, and performance units. The Compensation Committee has full authority to make awards to executive officers of the Company under the 2003 Incentive Stock and Awards Plan. It determines the type, the number of shares, and the other terms of the awards.

Long-term incentive awards are granted to align the interests of executives with those of shareholders by allowing executives to share in the growth and financial success of the Company, as reflected in Manitowoc's stock price. In addition, long-term incentive awards facilitate the attraction, retention and motivation of executives and key employees.

In 2008, in order to achieve the executive compensation program's objectives, the Company granted officers (including named executive officers) 75% of their total long-term awards in stock options and the remaining 25% in restricted stock. Other employees received grants of stock options and/or restricted stock.

Stock Options. Stock options align executives' interests with those of shareholders, since options only have realizable value if the price of Manitowoc stock increases relative to the grant/exercise price.

Stock options granted to the named executive officers and other employees during fiscal 2008 have the following terms:

Exercise price is the closing trading price on the grant date.

Vest annually in 25% increments beginning on the second anniversary of the grant date and continuing on each subsequent anniversary until the fifth anniversary.

Expire 10 years from the grant date.

Restricted Stock. Restricted stock is granted to executives to facilitate retention and, for newly hired executives, recruitment. The restrictions on the restricted stock awards granted to executives in 2008 lapse on the third anniversary of the grant date. During the restrictive period, the executive is entitled to any dividends paid on the restricted stock. The restrictions generally provide that, unless the Compensation Committee in its discretion determines otherwise, during the term of the restrictions the shares may not be sold or otherwise transferred, and the

Table of Contents

shares will be immediately forfeited in the event of the executive's termination of employment for any reason other than death, disability or retirement.

The Compensation Committee sets award guidelines for each officer and job classification level based upon market median levels and the Company's recent average stock price. In 2008, equity grant guidelines were set based on the Company's 90-day average stock price ending January 2008. The actual grant price and accounting expense was determined at the date of grant (February 13, 2008). Grant guidelines for stock options and restricted stock awards are determined based on a methodology used in the consultant's survey data, which is consistently applied for market comparison purposes. This methodology is similar to, but not the same as, the accounting methodology used for determining the FAS 123R fair value that is disclosed in the Summary Compensation Table and Grants of Plan-Based Awards table.

The grant date accounting (FAS 123R) fair value of the 2008 stock option grants and restricted stock awards is presented in the Grants of Plan-Based Awards Table. The ultimate value, if any, which will be realized, is not determinable at the date of grant.

Stock Ownership Guidelines

Effective beginning in fiscal 2005, the Compensation Committee approved stock ownership guidelines for executive officers. The guidelines provide that by the end of 2009 (or within 5 years after the date that the executive officer commenced employment as an officer (or as CEO), whichever is later) each executive officer should hold an amount of stock with a value at least equal to the following:

CEO: 5x base salary

Other executive officers: 3x base salary

Stock ownership includes shares owned outright, restricted stock, and stock equivalents held in deferred compensation/retirement arrangements. Additionally, one-half of the guideline amounts can be met by vested, in-the-money stock options held by the executive. As of December 31, 2007, each of the named executive officers was in compliance or projected to be in compliance with his/her respective ownership guideline. However, due to the significant decline in the price of common stock of the Company as of December 31, 2008 when compared to the price on December 31, 2007, several officers would no longer meet the guideline if it were required to have been met as of December 31, 2008, notwithstanding an increase by each such officer of the number of shares held.

If an executive does not meet his/her ownership requirement measured as of the end of any given year (commencing in 2009 or the fifth anniversary of the date the executive officer was named an officer or became CEO), the executive may be required to acquire during the subsequent year, shares of the Company's stock having a dollar value equal to, at the time of acquisition, 50% of any earned STIP awards payable during such subsequent year, determined after tax, until compliance is achieved.

Other Pay Elements

The Company's executive officers are eligible to participate in the following other pay elements:

Retirement benefits

Deferred compensation

Perquisites/Other benefits

Change in control severance arrangements

Retirement Benefits. In order to facilitate the long service of highly-qualified executives, the Company provides retirement benefits. Executives may be selected by the Compensation Committee to be eligible to participate in the nonqualified Supplemental Executive Retirement Plan (SERP). An executive is not eligible to participate in the SERP until the executive has at least five years of credited service with the Company and/or its subsidiaries; additional criteria for participation may be considered by the Compensation Committee. As of

Table of Contents

January 1, 2008, all of the named executive officers were eligible to participate in the SERP. Benefits provided under the SERP are intended to provide a life annuity equal to 55% of a participant's five-year final average pay (salary plus STIP-related awards). When a participant becomes eligible for a distribution from the SERP, the participant may elect to receive the distribution in a single lump sum or over a period not to exceed ten years. As amended effective January 1, 2009 for any executive who becomes a participant after December 31, 2008 and whose projected total service at his or her target retirement date is less than 25 years, the 55% target retirement benefit will be prorated based on the projected total service years divided by 25.

In addition, active, regular, full-time, non-union, U.S.-based employees (including the named executive officers) are eligible to participate in The Manitowoc Company, Inc. 401(k) Retirement Plan, which allows employees to build retirement savings on a tax-deferred basis. The plan has a tax-qualified defined contribution savings component, the 401(k) Savings feature, in which participating employees receive a Company match. In addition, the plan has a Retirement Plan feature, in which the Company provides an annual contribution of at least 3% of eligible compensation to another defined contribution account. There are no employee contributions to the Retirement Plan feature. Contributions under the Retirement Plan feature are based on an EVA[®] formula, subject to a cap, and are reviewed and approved by the retirement committee.

The actuarial change from 2007 in the named executive officers' SERP benefits and the value of Company annual contributions to The Manitowoc Company, Inc. 401(k) Retirement Plan are presented in the Summary Compensation Table. Detailed information about the SERP is presented in the Pension Benefits Table.

Deferred Compensation. In order to further help in attracting and retaining highly-qualified employees, to facilitate stock ownership and to encourage saving for retirement, executive officers and other key employees are eligible to participate in the Deferred Compensation Plan. Eligible participants may elect to defer up to 40% of base salary and up to 100% of awards under the STIP.

Credits to deferred compensation accounts for key employees will also include a contribution by the Company. This contribution equals the amount of compensation deferred by the key employee for the plan year (subject to a maximum of 25% of eligible compensation) multiplied by a rate equal to the greater of 3% or the rate of variable retirement plan contributions that the participant has received from the Company for the year under the 401(k) Retirement Plan plus one percent.

Deferred amounts can be invested into a variety of accounts, which mirror the performance of several different mutual funds offered in the 401(k) Retirement Plan, as well as the Company Stock Fund (which includes only Common Stock of the Company). Transfers between the Company Stock Fund and the other funds are not permitted. Key employee participants are not required to direct any minimum amount of deferred compensation into the Company Stock Fund.

The value of the Company's annual contributions in 2008 to the Deferred Compensation Plan is presented in the Summary Compensation Table. Detailed information about this Plan is presented in the Non-Qualified Deferred Compensation Table.

Perquisites/Other Benefits. In order to provide a market competitive total compensation package, the Company provides certain perquisites to executives. In 2008, Manitowoc provided the following perquisites and supplemental benefits:

Supplemental long-term disability insurance: The Company paid for the amount of the annual premium for long-term disability coverage for each executive above the basic coverage amount.

Tax preparation: The Company paid for the fees incurred by the executive in preparing his or her tax return and in planning for the subsequent year.

Club membership: The Company paid for the executive's personal use of corporate memberships and in certain cases the executive's membership in a local country club that may be beneficial to the executive in fulfilling his or her responsibilities to meet with and/or entertain others in connection with his or her employment responsibilities. The taxable amount of this benefit is disclosed in the All Other Compensation Table.

Table of Contents

Car allowance: The Company paid each executive a car allowance in the amounts noted under the All Other Compensation Table.

Internet access: In order to facilitate the performance of his or her responsibilities, the Company will pay for internet access fees for the executive at one remote location.

Spousal travel: The Company paid for the expense of the executive's spouse in accompanying the executive at the February Board meeting and at certain other limited events.

The value of perquisites and supplemental benefits, in total and itemized, provided in 2008 are presented in the Summary Compensation Table and All Other Compensation Table.

Change in Control Severance Arrangements. In order to facilitate attraction and retention of highly-qualified executives, the Company has arrangements (Contingent Employment Agreements) with certain key executives (including the named executive officers) which provide for the executives' continued employment (for a period ranging from one to three years) upon a change in control. All Contingent Employment Agreements with named executive officers are for a period of three years. In addition, the arrangements provide for certain severance benefits in the event the executive is terminated without cause (as defined in the agreements) prior to the end of the employment period. For some named executive officers (Growcock, Tellock, Musial, Laurino and Jones) certain benefits are payable if the executive elects to terminate employment within 90 days of the change in control. Further detail regarding these agreements is presented in the Post-Employment Compensation section.

The Company does not have a formal severance plan for other forms of employment termination for the named executive officers. Whether and to what extent the Company will provide severance benefits to named executive officers upon termination (other than due to a change in control) depends upon the facts and circumstances.

Other Executive Compensation Policies

Stock Option Granting Policy. In 2008, based on the approval of the Compensation Committee, the Company granted stock awards (stock options and restricted stock) to its executive officers and other key employees. Stock awards were granted to key employees in February. Stock awards are also used to attract executives and key employees, and as such, stock awards are often made to executives and key employees at the time they become employees or officers of the Company. In such cases, the grant date would be the date employment commences or the date the Compensation Committee approves the awards. In all cases, the exercise price of stock options is the closing trading price on the grant date.

Securities Trading Policy. The Company maintains an Insider Trading Policy which imposes specific standards on directors, officers and key employees of the Company. The policy is intended not only to forbid such persons from trading in Company stock on the basis of inside information, but to avoid even the appearance of improper conduct on the part of such persons. In addition to the specific restrictions set forth in the policy, the policy requires that all transactions in Company stock by such persons and by others in their households be pre-cleared by the Corporate Secretary's office. The only exception to the pre-clearance requirement is regular, ongoing acquisitions of Company stock resulting from continued participation in employee benefit plans that the Company or its agents administer.

Tax Deductibility of Executive Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), limits the Company's federal income tax deduction to \$1,000,000 per year for compensation to its CEO and certain other highly compensated executive officers. Qualified performance-based compensation for the CEO and certain covered officers is not, however, subject to the deduction limit, provided certain requirements of

Section 162(m) are satisfied. Certain awards under the 1995 Stock Plan, the 2003 Incentive Stock and Awards Plan, and the Short-Term Incentive Plan (as amended effective January 1, 2008) are intended to qualify for the performance-based compensation exception under Section 162(m). It is the Compensation Committee's intent to preserve the deductibility of executive compensation to the extent reasonably practicable and consistent with the best interests of the Company and its shareholders. All of the named executive officers met the requirements of a covered officer under Section 162(m) in 2008.

Table of Contents**COMPENSATION COMMITTEE REPORT**

Management of the Company has prepared the foregoing Compensation Discussion and Analysis of the compensation program for named executive officers. The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis for fiscal year 2008 (included in this proxy statement) with the Company's management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors of the Company, and the Board has approved, that the Compensation Discussion and Analysis be included in the Company's proxy statement for the fiscal year ended December 31, 2008, for filing with the Securities and Exchange Commission.

(1) Reflects the FAS 123R expense during the year indicated for outstanding restricted stock awards as to which the restrictions have not lapsed. The restrictions on restricted stock awards lapse on the third anniversary of the grant date.

Table of Contents

- (2) Reflects the FAS 123R expense during the year indicated for outstanding stock option awards. The options expire ten years from the grant date and vest in 25% increments annually beginning on the second anniversary of the grant date and continuing on each subsequent anniversary until the fifth anniversary.
- (3) Consists of cash awards made under the Company's Short-Term Incentive Plan. The amount reflects (i) the amount earned for performance during the year indicated but not paid until the next year, and (ii) for 2006 and 2007 the individual's remaining portion of his positive bonus bank balance that existed at the commencement of the Company's 2005 fiscal year following the payment of the awards for the 2004 fiscal year. There were no bonus bank balances remaining after the payment of the 2007 award. Previous to fiscal year 2005, the Company's short-term incentive plan contained a bonus bank feature, which held back a portion of target incentive compensation awards or credited negative balances (if actual performance improvement was negative) to be applied to future awards. Previously accrued bonus bank balances were paid out/settled over a three-year period (fiscal year 2005 through fiscal year 2007, with the final settlements made with the incentive award payment for fiscal year 2007).
- (4) Consists of the change in the actuarial present value of the individual's accumulated benefit under the Company's Supplemental Executive Retirement Plan from December 31, 2007 to December 31, 2008. The Company does not provide above-market earnings on non-qualified deferred compensation.
- (5) Consists of compensation included in the All Other Compensation Table which follows this table.
- (6) On May 1, 2007, Mr. Tellock was promoted to President and Chief Executive Officer of the Company. In connection with that promotion, the Compensation Committee increased his base salary as of May 1 and increased his target incentive award percentage effective January 1 to 80% but calculated as if his base salary had been increased as of January 1, rather than May 1. Because the Short Term Incentive Plan does not allow for an increase in the incentive compensation subsequent to the February meeting of the Compensation Committee, a supplemental award was made to Mr. Tellock. The effect of the supplemental award was provided to Mr. Tellock with total short-term incentive compensation for 2007 as if his target incentive award percentage was increased to 80% as of January 1, 2007 and was calculated as if his base salary had been increased as of January 1, 2007, rather than May 1, 2007.
- (7) Mr. Growcock retired as President and Chief Executive Officer as of May 1, 2007, and he retired as Chairman of the Board as of December 31, 2008.

Table of Contents**OPTION EXERCISES AND STOCK VESTED**

The following table presents, for each named executive officer, the stock options exercised and the number of restricted shares as to which restrictions lapsed during 2008. The value realized from the exercise of stock options reflects the total pre-tax value realized by the officers (stock price at exercise minus the option's exercise price). Value from these option exercises was only realized to the extent Manitowoc's stock price increased relative to the stock price at grant (exercise price). These options were granted to the named executive officers prior to 2008, and options vest in 25% increments annually commencing on the second anniversary of the grant date. Consequently, the value realized by the executives upon exercise of the options was actually earned over several years.

(1) Reflects the number of years since the participant began participating in the plan. The plan was adopted by the Company in May of 2000. Currently an executive of the Company is not eligible to participate under the plan until the executive has at least five credited years of service with the Company. Mr. Growcock, Mr. Tellock and Mr. Musial became plan participants at the time of the plan's adoption in 2000. Mr. Jones began participating in the plan as of January 1, 2005. Mr. Laurino began participating under the plan as of January 1, 2007. As of December 31, 2008, the named executive officers had the following actual years of service with the Company: Glen E. Tellock 17.98 years, Carl J. Laurino 8.99 years, Terry D. Growcock 14.46 years, Thomas G. Musial 31.42 years, and Maurice D. Jones 9.46 years.

Table of Contents

earlier of normal retirement (age 65) or the first of the month following the date on which the participant s attained age plus years of service with the Company equals eighty (80). A participant s final five-year average pay is computed by averaging the participant s projected base salary (including elective deferrals) and STIP-related awards payable for each year (short-term incentive compensation plus LTIP payments for the year) for the five consecutive calendar year period when the participants receives or is projected to receive his or her highest average compensation prior to the earlier of normal retirement (age 65) or the first of the month following the date on which the participant s attained age plus years of service with the Company equals eighty (80). Benefits are computed using a straight-life annuity and are not reduced for social security or other offsets. Under the Plan, an account balance is maintained for each participant, which account reflects (a) an annual contribution credit that is determined by calculating the present value of the lump sum actuarial equivalent of fifty-five percent (55%) of the participant s five-year final average pay payable as a life annuity, at the earlier of (i) normal retirement (age 65) or (ii) the first of the month following the date on which the participant s attained age plus years of service with the Company equals eighty (80); and (b) an annual increase in the account balance at the end of each year equal to nine percent (9%) of the account balance at the beginning of the year. When a participant becomes eligible for a distribution under the plan, the participant may elect to receive his/her account balance in a lump sum or over a fixed number of years not to exceed ten (10) years. Currently, the Compensation Committee has determined that an executive will not be eligible to participate under the plan until the executive has five credited years of service with the Company and/or its subsidiaries. Additionally, as amended effective January 1, 2009 for any executive who becomes a participant after December 31, 2008 and whose projected total service at his or her target retirement date is less than 25 years, the 55% target retirement benefit will be prorated based on the projected total service years divided by 25.

Post-Employment Compensation

The Company has entered into Contingent Employment Agreements (the "Contingent Employment Agreements") with the named executive officers (and certain other key executives and employees of the Company and certain subsidiaries). The Contingent Employment Agreements provide generally that in the event of a change in control (as defined in the Agreements) of the Company, each executive will continue to be employed by the Company for a period ranging from one to three years. Under the Contingent Employment Agreements, each executive will remain employed at the same position held as of the change in control date, and will receive a salary at least equal to the salary in effect as of such date, plus all bonuses, incentive compensation, and other benefits extended by the Company to its executive officers and key employees. After a change in control, the executive's compensation would be subject to upward adjustment at least annually based upon his contributions to the Company's operating efficiency, growth, production, and profits. Each Contingent Employment Agreement terminates prior to the end of the applicable employment period, if the executive first attains the age of 65, voluntarily retires from the Company, or is terminated by the Company for cause, as defined in the Contingent Employment Agreement.

In the event the executive is terminated by the Company without cause, the executive would be entitled to receive a monthly amount equal to the base salary and benefits the executive would have otherwise been paid but for the termination, and the annual incentive compensation the executive would have otherwise been paid but for the termination, through the end of the applicable employment period. Upon a change in control, accelerated vesting of stock options and accelerated lapsing of restrictions on restricted stock is specified in the 2003 Incentive Stock and Awards Plan and the Contingent Employment Agreement. In the event the executive is terminated by the Company for cause, the executive is only entitled to the salary and benefits accrued and vested as of the effective date of the termination. A Contingent Employment Agreement is terminable by either party at any time prior to a change in control. There are two categories of Contingent Employment Agreements. These categories are:

Level A. This category provides, in addition to the other general rights that are common among all the Contingent Employment Agreements, (i) the executive has the right to terminate his or her employment at any time within ninety days following a change in control and receive an immediate payout essentially equal to three times the executive's base salary and three times the executive's average incentive compensation over the previous three years, (ii) if any of the payments to the executive constitute an excess parachute payment under Section 4999 of the Internal Revenue Code, the Company will pay the executive an amount necessary to offset any excise taxes or additional taxes resulting from the payment of any excess parachute payment, and (iii) if the executive exercises his/her rights outlined in clause (i) above, the executive will be prohibited from competing with the Company for the balance of the three-year period.

Level B. The Level B form is the basic Contingent Employment Agreement without the special rights and non-competition obligations described above for the Level A form. The employment period for executives under the Level B form may be for any agreed upon period up to three years.

Messrs. Tellock, Laurino, Growcock, Musial and Jones have Contingent Employment Agreements with the rights described in Level A.

Table of Contents**Estimated Payments Upon A Change In Control**

The following table presents the estimated payouts that would be made upon a change in control coupled with an executive's termination of employment (other than for cause or retirement), assuming the change in control occurred as of December 31, 2008. The calculations are intended to provide reasonable estimates, based on the noted assumptions, of the potential benefits payable. The actual amount of severance benefits, including excise tax gross-ups (if any); will depend upon the executive's pay, terms of a change in control transaction and the subsequent impact on the executive's employment.

	Base	Incentive-Based	Stock	Stock	Benefits ⁽⁵⁾	Tax Gross	Total
	Salary ⁽¹⁾	Compensation ⁽²⁾	Options ⁽³⁾	Awards ⁽⁴⁾		Up ⁽⁶⁾	
Glen E. Tellock	\$2,100,000	\$3,001,875	\$0	\$238,150	\$5,076,081	\$4,427,338	\$14,843,444
Carl J. Laurino	\$915,000	\$1,163,750	\$0	\$114,312	\$2,074,869	\$2,042,742	\$6,310,673
Terry D. Growcock	\$2,550,000	\$4,900,000	\$0	\$431,268	\$1,492,843	\$0	\$9,374,111
Thomas G. Musial	\$1,050,000	\$1,331,250	\$0	\$106,518	\$194,304	\$0	\$2,682,072
Maurice D. Jones	\$1,020,000	\$1,272,500	\$0	\$96,992	\$2,004,483	\$0	\$4,393,975

- (1) Represents 3 times the executive's base salary at the end of December 31, 2008.
- (2) Represents 3 times the executive's average earned incentive compensation under the Company's Short-Term Incentive Plan during the most recently completed 3 fiscal years (2006 through 2008) and in the case of Mr. Tellock, includes the supplemental bonus for 2007 as disclosed on the Summary Compensation Table.
- (3) Intrinsic value of unvested stock options based on the closing trading price (\$8.66) of the Company's Common Stock at December 31, 2008.
- (4) Represents the value of unvested restricted stock, on which restrictions would lapse upon a change in control, based on the closing price (\$8.66) of the Company's common stock at December 31, 2008.
- (5) Represents 3 times the value of the annual benefits provided to the executive and 3 years additional credited service under the SERP. Mr. Musial would not receive additional benefits under the SERP as Mr. Musial's benefit is fully accrued.
- (6) Represents the estimated amount payable for excise and related income taxes owed on potential severance-related payments following a change in control and termination of employment, as of December 31, 2008. The estimate was developed based on applicable provisions of the Internal Revenue Code.

As stated in the Compensation Discussion and Analysis, the Company does not have a formal severance plan or other forms of employment termination for any of the named executive officers. Whether and to what extent the Company will provide severance benefits to named executive officers upon termination (other than due to a change in control) depends upon the facts and circumstances. As such, the Company is unable to estimate the potential payouts under other employment termination scenarios.

Householding Information

We have adopted a procedure approved by the SEC called "householding." Under this procedure, shareholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Annual Report and Proxy Statement unless one or more of these shareholders notifies us that they wish to continue receiving individual copies. This procedure will reduce our printing costs and postage fees. Shareholders who participate in householding will continue to receive separate proxy cards. Also, householding will not in any way affect dividend check mailings. If you and other shareholders of record with whom you share an address currently receive multiple copies of Annual Reports and/or Proxy Statements, or if you hold stock in more than one account and in either case, you wish to receive only a single copy of the Annual Report or Proxy Statement for your household, please contact Maurice D. Jones, Senior Vice President, General Counsel and Secretary (in writing: The Manitowoc Company, Inc., 2400 South 44th Street, P. O. Box 66, Manitowoc, Wisconsin 54221-0066, by telephone: 920-652-1741) with the names in which all accounts are registered.

If you participate in householding and wish to receive a separate copy of the 2008 Annual Report or this Proxy Statement, please contact Maurice D. Jones at the above address or phone number. We will deliver the requested documents to you promptly upon your request. Beneficial shareholders can request information about householding from their banks, brokers, or other holders of record.

It is important that proxies be returned promptly. Whether or not you expect to attend the Annual Meeting in person, you are requested to complete, date, sign, and return the proxy card as soon as possible.
