5

ABLEST INC. Notes to Condensed Financial Statements (Unaudited)

1. In the opinion of Ablest Inc. (the Company) management, the accompanying condensed financial statements contain all normal recurring adjustments necessary to fairly present the Company's financial position as of June 30, 2002 and the results of its operations and cash flows for the twenty-six week periods ended June 30, 2002 and July 1, 2001.
2. The results of operations for the thirteen week period and twenty-six week period ended June 30, 2002 is not necessarily indicative of the results to be expected for the full year.

The condensed financial statements, including the condensed balance sheet as of December 30, 2001 (which has been derived from audited financial statements at that date) are presented in accordance with the requirements of form 10Q and consequently may not include all disclosures normally required by generally accepted accounting principles or those normally made in an annual report on form 10K. These interim condensed financial statements are unaudited and should be read in conjunction with the audited financial statements and footnotes included in form 10K.

During the second quarter, a misclassification in the company's first quarter statement of operations was identified. The misclassification relates to a tax benefit of approximately \$201,000, which was reflected as other income in the first quarter. The tax benefit resulted from the resolution of an IRS audit of the Company's fiscal 1998 tax return. As such amount relates to an income tax benefit it should have been classified on the tax provision line item of the statement of operations. This amount has now been reclassified to the tax provision line item in the statement of operations for the twenty-six week period ended June 30, 2002. This reclassification of first quarter had the impact of increasing the Company's first quarter loss before income taxes from \$327,000 to a loss of \$528,000. The income tax expense (benefit) line item changed from zero, to a benefit of \$201,000, and there was no impact on net income, as the Company did not reflect a tax benefit on the loss reported in first quarter.

There has been no significant change in accounting policy of the Company during the periods presented except as noted herein under note 6 to these Notes to Condensed Financial Statements. For a description of all policies, refer to Note 1 of the Notes to Financial Statements as included in the Company's 2001 Annual Report.

Certain reclassifications have been made to prior year balances, to conform to current period classifications.

3. Stockholders' Equity. The changes in stockholders' equity for the twenty-six week period ended June 30, 2002 are summarized as follows (in thousands, except shares):

Edgar Filing: ABLEST INC - Form 10-Q

	Common Stock -----	Additional Paid-in Capital -----	Retained Earnings -----	Treasury Shares -----	Stock Amount -----	Unear Restr Sto -----
Balance at December 30, 2001	\$ 165	\$ 4,936	\$ 11,048	387,239	\$ (1,756)	\$ (10
Net income	-	-	78	-	-	-
Stock compensation awards	-	-	-	-	-	5
Stock repurchase program	-	-	-	15,946	(71)	-
Balance at June 30, 2002	----- \$ 165 =====	----- \$ 4,936 =====	----- \$ 11,126 =====	----- 403,185 =====	----- \$ (1,827) =====	----- \$ (5) =====

4. Stock Options. For the 26 week period ended June 30, 2002, options to purchase 6,000 shares of common stock of the Company were granted upon the re-election of the independent directors to the Company's board of directors as per the terms of the Company's Independent Directors' Stock Option Plan. The options were granted and are exercisable at the closing market rate on May 23, 2002, the date of the Company's annual meeting of shareholders'. Options become 100% vested one year from the date of grant. At June 30, 2002 the Company had exercisable options outstanding to independent directors and former employees to purchase 54,008 common shares at prices ranging from \$4.60 to \$7.31 per share. The effect of unexercised stock options determined under the treasury method was anti-dilutive for all periods presented.

6

ABLEST INC.
Notes to Condensed Financial Statements
(Unaudited)

5. Industry Segments. The Company's sole business is in providing staffing services on a temporary and contract basis. Management of the Company views its operations as having two operating segments: Commercial staffing services, consisting mostly of clerical and light industrial staffing services and information technology staffing services, consisting mostly of programmers and systems documentation services. Staffing services for both segments are provided throughout the eastern United States and select southwestern U.S. markets.

Operating segment data as of and for the thirteen week periods and the twenty-six week periods ended June 30, 2002 and July 1, 2001, respectively, are provided below.

(in thousands)	Thirteen Week period Ended June 30, 2002 -----	Thirteen Week period Ended July 1, 2001 -----
----------------	---	--

Edgar Filing: ABLEST INC - Form 10-Q

Commercial Staffing Services:		
Net service revenues	\$ 24,041	18,32
Cost of services	19,701	14,54
Gross profit	4,340	3,77
Selling, general & administrative	2,796	3,00
Operating income	1,544	77
Trade receivables	\$ 12,869	9,75
Information Technology Staffing Services:		
Net service revenues	\$ 2,193	2,69
Cost of services	1,710	2,09
Gross profit	483	60
Selling, general & administrative	333	55
Operating income	150	4
Amortization	-	9
Trade receivables	\$ 1,032	1,51
Unallocated corporate expenses	\$ 1,275	1,27

Operating income on these segment statements differ from the operating income reported on the Condensed Statements of Operations because it does not include some corporate expenses. These corporate expenses include costs associated with providing executive, administrative, information technology and human resource services to field operations. These costs are not allocated for segment purposes but have been fully charged to continuing operations in the Condensed Statements of Operations.

6. New Accounting Pronouncements. In July 2001, the Financial Accounting Standards Board (SFAS) issued Financial Accounting Standards No. 142 (SFAS No. 142), "Goodwill and Other Intangible Assets". Under SFAS No. 142, goodwill and indefinite lived intangible assets are no longer amortized but are reviewed at least annually for impairment. At June 30, 2002, the Company did not have indefinite lived intangible assets other than goodwill and did not have any intangible assets with definite lives. The Company has adopted SFAS No. 142 effective December 31, 2001, the first day of fiscal 2002. SFAS No. 142 prescribes a two-phase process for impairment testing of goodwill. The first phase, required to be completed by June 30, 2002, screens for impairment; while the second phase (if necessary), required to be completed by December 29, 2002, measures the impairment. The Company completed its first phase impairment analysis during the first fiscal quarter of 2002 and found no instances of impairment of its recorded goodwill; accordingly, the second testing phase, absent future indicators of impairment, is not necessary during 2002.

6. New Accounting Pronouncement (continued).

Edgar Filing: ABLEST INC - Form 10-Q

The following is a reconciliation of reported net income to adjusted net income after adding back discontinued amortization:

(in thousands, except per share data)	Thirteen Week period Ended June 30, 2002 -----	Thirteen Week period Ended July 1, 2001 -----
Reported net income (loss)	\$ 405	(335)
Add back Goodwill amortization (net of tax)	-	31
	-----	-----
Adjusted net income (loss)	\$ 405	(304)
	=====	=====
Reported basic and diluted earnings (loss) per share	\$.14	(.12)
Add back Goodwill amortization (net of tax)	-	.01
	-----	-----
Adjusted basic and diluted earnings (loss) per share	\$.14	(.11)
	=====	=====

In June 2001, the Financial Accounting Standards Board issued Financial Accounting Standards No. 143, (SFAS No. 143), "Accounting for Asset Retirement Obligations." SFAS No. 143 applies to legal obligations associated with the retirement of long-lived assets, except for certain obligations of lessees. This Statement requires that the fair value of a liability for an asset retirement obligation be recognized in the period in which it is incurred if a reasonable estimate of fair value can be made. The associated asset retirement costs are capitalized as part of the carrying amount of the long-lived asset. This Statement is effective for financial statements issued for fiscal years beginning after June 15, 2002 with initial application required as of the beginning of an entity's fiscal year. The Company does not anticipate the financial impact of adoption of the new pronouncement to be material.

In October 2001, the Financial Accounting Standards Board issued Financial Accounting Standards No. 144, (SFAS No. 144), "Accounting for the Impairment or Disposal of Long-Lived Assets." SFAS No. 144 establishes a single accounting model for long-lived assets to be disposed of by sale. The Company adopted the provisions of SFAS No. 144 for its 2002 fiscal year started on December 31, 2001. Adoption of SFAS No. 144 did not have a material financial impact upon the Company.

In May 2001, the Financial Accounting Standards Board issued Financial Accounting Standards No. 145, (SFAS No. 145), "Rescission of SFAS Statements No. 4, 44 and 64, Amendment of SFAS Statement No. 13 and technical corrections as of April 2002." SFAS No. 145 rescinds SFAS No. 4, "Reporting Gains and Losses from Extinguishment of Debt", and an amendment of that Statement, SFAS No. 44, "Extinguishments of Debt Made to Satisfy Sinking-Fund Requirements". This Statement also rescinds SFAS No. 64, "Accounting for Intangible Assets of Motor Carriers" and amends SFAS No. 13, "Accounting for Leases", to eliminate an inconsistency between the required accounting for sale-leaseback transactions and the required accounting for certain lease modifications that have economic effects that are similar to sale-leaseback transactions. This Statement also amends

Edgar Filing: ABLEST INC - Form 10-Q

other existing authoritative pronouncements to make various technical corrections, clarify meanings, or describe their applicability under changed conditions. Adoption of SFAS No. 145 is for financial statements issued after May 15, 2002 and did not have a material financial impact upon the Company.

In June 2002, the Financial Accounting Standards Board issued Financial Accounting Standards No. 146, (SFAS No. 146), "Accounting for Exit or Disposal Activities". SFAS 146 addresses significant issues regarding the recognition, measurement, and reporting of costs that are associated with exit and disposal activities, including restructuring

8

ABLEST INC. Notes to Condensed Financial Statements (Unaudited)

6. New Accounting Pronouncement (continued).

activities that are currently accounted for pursuant to the guidance that the Emerging Issues Task Force (EITF) has set forth in EITF Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)". The scope of SFAS No. 146 also includes:

(1) costs related to terminating a contract that is not a capital lease and (2) termination benefits that employees who are involuntarily terminated receive under the terms of a one-time benefit arrangement that is not an ongoing benefit arrangement or an individual deferred-compensation contract. SFAS No. 146 will be effective for exit or disposal activities that are initiated after December 31, 2002. Early application is encouraged. The Company does not anticipate the financial impact of adoption of the new pronouncement to be material.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF THE RESULTS OF OPERATIONS AND FINANCIAL CONDITION

Statements made in this discussion, other than those concerning historical information, should be considered forward-looking and subject to certain risks and uncertainties that could cause actual results to differ materially from those anticipated. This notice is intended to take advantage of the safe harbor provided by the Private Securities Litigation Reform Act of 1995 with respect to such forward-looking statements. Risks and uncertainties include, but are not limited to, hiring and maintaining qualified employees, legislative and judicial reforms which could increase the cost of our services to our customers and make the use of staffing service providers less beneficial, the proper functioning of our management information systems and the continuing economic recession.

On January 1, 2001, the Company's subsidiaries Ablest Service Corp. (a Delaware corporation), Milestone Technologies, Inc. (an Arizona corporation) and PLP Corp. (an Alabama corporation) were formally merged into Ablest Inc. (a Delaware corporation), to form a single operating company under the Ablest Inc. name. The outstanding shares of the merging corporations were cancelled and no shares of Ablest Inc. were issued in

Edgar Filing: ABLEST INC - Form 10-Q

exchange. The outstanding shares of Ablest Inc. remain outstanding and were not affected by the merger.

For the past two years, the Company has reported the March 2000 sale of its industrial maintenance operations and associated reserves as separate line items on its financial statements, referenced as discontinued operations. Effective with fiscal year 2002, the Company no longer will report discontinued operations as a separate line item but will include remaining reserves in the various line items that they pertain to. Applicable balances on the fiscal 2001 financial statements have been reclassified to provide for a comparative basis.

Results of Operations:

Service revenues for the second quarter of 2002 increased to \$26.2 million from \$21.0 million in 2001. Year to date service revenues were \$45.5 million in 2002 compared to \$42.9 million in 2001. Revenues in the commercial staffing services segment improved to \$24.0 million from \$18.3 million for the current quarter and to \$41.1 million from \$37.0 million for the year to date period. The change in commercial staffing revenues was mainly due to concentrated marketing efforts that resulted in increased business from large industrial customers.

Service revenues in the Company's information technology staffing services segment declined to \$2.2 million from \$2.7 million for the current quarter and to \$4.4 million from \$6.0 million for the year to date period. The information technology staffing services segment continues to feel the effect of the slow down in the United States economy and an overall decline in the information technology industry. Also contributing to this decline was the loss of a high volume, low gross margin customer in the fourth quarter of the prior year.

Gross profit for the second quarter of 2002 increased to \$4.8 million from \$4.4 million in 2001. Year to date gross profit declined to \$8.4 million from \$8.9 million in 2001. Gross margin for the current quarter declined to 18.4% from 20.8% in 2001 and to 18.6% from 20.8% for the year to date period. Gross profit in the commercial staffing

9

Results of Operations (continued).

services segment increased to \$4.3 million from \$3.8 million during the current quarter and decreased to \$7.5 million from \$7.6 million during the year to date period. Gross margin for commercial staffing declined to 18.1% from 20.6% and to 18.2% from 20.7% for the respective quarter and year to date periods. The decline in gross margin is the result of increased competition forcing downward pressure on pricing to secure business with the large industrial customers noted earlier. Also contributing to this lower gross margin was a decline in placement fees being generated by this segment.

Gross profit in the Company's information technology staffing services segment decreased to \$0.5 million from \$0.6 million during the current quarter and to \$1.0 million from \$1.3 million year to date, compared to the same periods one year earlier. Gross margin declined to 22.0% from 22.4% and increased to 21.9% from 21.6% for the respective quarter and year to date periods. The decline in gross profit is attributed to reduced service revenues while the change in gross margin is being driven by the loss of the major customer noted previously who was serviced at lower margins.

Edgar Filing: ABLEST INC - Form 10-Q

These increases were partially offset by increases in workers compensation and health insurance expenses associated with full time consultants.

Selling, general and administrative expenses, exclusive of amortization expense, declined to \$4.4 million from \$4.8 million for the current quarter and to \$8.6 million from \$10.0 million year to date, compared to one year earlier. Contributing to this decrease was the closing of seven field offices in the prior fiscal year and cost reductions in the Company's information technology staffing services offices. Additionally, amortization expense decreased by \$92,000 and \$183,000 for the current quarter and year to date period, respectively, due to the Company's adoption of SFAS 142 at the beginning of the current year. Under SFAS 142, goodwill and indefinite lived intangible assets are no longer amortized but are reviewed at least annually for impairment. SFAS 142 prescribes a two-phase process for impairment testing of goodwill. The first phase, required to be completed by June 30, 2002, screens for impairment while the second phase (if necessary) measures the impairment and is to be completed by the end of the Company's current fiscal year. The Company completed its first phase testing during the first quarter and found no instances of impairment of its recorded goodwill; accordingly, the second phase testing, absent future indicators of impairment, is not necessary during 2002.

Other income expense, net, decreased to a net other expense of \$14,000 from a net other income of \$13,000 for the current quarter compared to the same quarter one year ago. Net other income increased to \$39,000 from \$28,000 for the year to date period. The decrease in the current quarter is the result of interest expense on the Company's line of credit borrowings used to finance working capital requirements resulting from the growth in revenues. The year to date increase resulted from the interest income of \$32,000 received in conjunction with a federal income tax refund for the Company's amended 1998 Federal Income Tax return.

No tax benefit was recorded against the year to date loss based upon the deferred tax assets that are expected to be realized from projected future taxable income. The year to date benefit of \$201,000 represents the refund received with respect to the 1998 amended federal income tax noted above.

During the second quarter, a misclassification in the Company's first quarter statement of operations was identified. The misclassification relates to a tax benefit of approximately \$201,000, which was reflected as other income in the first quarter. The tax benefit resulted from the resolution of an IRS audit of the Company's fiscal 1998 tax return. As such amount relates to an income tax benefit it should have been classified on the tax provision line item of the statement of operations. This amount has now been reclassified to the tax provision line item in the statement of operations for the twenty-six week period ended June 30, 2002. This reclassification of first quarter had the impact of increasing the Company's first quarter loss before income taxes from \$327,000 to a loss of \$528,000. The income tax expense (benefit) line item changed from zero, to a benefit of \$201,000, and there was no impact on net income, as the Company did not reflect a tax benefit on the loss reported in first quarter.

Edgar Filing: ABLEST INC - Form 10-Q

The following financial information is provided as of a balance sheet date of June 30, 2002.

The quick ratio was 2.3 to 1 and 3.4 to 1 at June 30, 2002 and December 30, 2001, respectively. The current ratio was 2.6 to 1 compared to 4.0 to 1, for the same respective periods. Net working capital increased by \$305,000 during the current year. Contributing to the increase was an increase in accounts receivable of \$3.5 million and prepaid expenses of \$163,000. These increases in working capital were partially offset by increases in accrued expenses of \$1.5 million and short-term line of credit borrowings of \$1.5 million, plus a decrease in cash of \$252,000. The increases in accounts receivable, accrued expenses and short-term line of credit borrowings are the result of the increased revenue being generated in the current period. The increase in prepaid expenses is the result of the renewal of the Company's insurance program at the beginning of the fiscal year. Reference should be made to the Statement of Cash Flows, which details the sources and uses of cash.

Capital expenditures of \$11,000 during the current quarter were used mainly for the purchase of computer hardware and software.

Open credit commitments at June 30, 2002 were \$3.5 million. The Company maintains a Standard LIBOR Grid Note Agreement ("LIBOR Agreement"). The LIBOR Agreement allows borrowing for general corporate needs of up to \$5.0 million with interest calculated at the bank's then prime lending rate or, at the Company's option, using a formula which adds 250 basis points or 2.5% to the 30, 60 or 90 day London Interbank Offered Rate. The LIBOR Agreement is a one-year demand note that has been renewed and extended until July 22, 2003 and is renewable annually thereafter with the consent of both parties. The LIBOR Agreement does not contain working capital or other financial covenants. However, since the Company must repay any borrowings under the LIBOR Agreement on demand, there is no guarantee that the Company will be able to maintain or obtain the desired funding if, for any reason, the financial institution does not wish to continue to extend credit to the Company. At the current time, given the Company's financial condition, the nature of its business which does not require attainment or maintenance of high levels of working capital and its historical relationship with the financial institution, the Company believes that it will be able to borrow required funds under the LIBOR Agreement. If, however, the financial institution were to demand repayment of the borrowings (or decline to provide funding) under the LIBOR Agreement for any reason, the Company would be in the position of having to secure, from other sources, funding to finance its working capital requirements. Such new sources could require commitment fees, financial covenants and other conditions, taking into consideration such factors as the health of the national economy, staffing industry performance and trends, and the Company's financial condition, performance and prospects. In such event, there is no guarantee that the Company would be able to secure such funding on favorable terms.

It is anticipated that existing funds, cash flows from operations and available borrowings will be sufficient to cover working capital requirements and capital expenditures for the remainder of fiscal 2002.

Quantitative and Qualitative Disclosure About Market Risk

The Company, in the normal course of business, has exposure to interest rate risk from its line of credit agreement. The Company does not believe that its exposure to fluctuations in interest rates is material. A 10% change in the interest rate utilized on its line of credit borrowings would have produced less than \$1,000 in additional interest

Edgar Filing: ABLEST INC - Form 10-Q

expense for the year to date period ending June 30,2002.

Due to the immateriality of the above noted market risk, the Company has decided not to utilize any form of financial instrument as a hedge against this risk.

11

PART II-OTHER INFORMATION
