Applica Incorporated
401(k) Profit Sharing Plan and Trust

We have audited the accompanying statements of net assets available for benefits of the Applica Incorporated 401(k) Profit Sharing Plan and Trust (the Plan) as of December 31, 2001 and 2000 and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan 's administrator. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001 and 2000 and changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor 's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan 's administrator. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

December 31, 2001 and 2000

NOTE A - PLAN DESCRIPTION AND SUMMARY OF ACCOUNTING POLICIES

The financial statements of the Applica Incorporated 401(k) Profit Sharing Plan and Trust (the Plan) have been prepared in conformity with accounting principles generally accepted in the United States of America as applied to profit sharing trusts, and in accordance with the terms of the trust agreement. A description of the Plan and significant accounting policies follows. A more detailed description of the Plan and its provisions appears in the Summary Plan Description.

General

The Plan was established July 1, 1989 and was amended as of January 1, 2000 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Certain summary information relating to the Plan is provided in these footnotes.

Eligibility

All employees of Applica Incorporated (the Company) are eligible to become participants in the Plan on the later of the first day of any pay period following the completion of 90 days of service or attainment of age 21.

Contributions

Participating employees may contribute to the Plan an elected percentage of compensation up to a maximum amount which will not cause the Plan to violate the provisions of Section 404 of the Internal Revenue Code. Contributions are invested, at the direction of the participants, in the 11 funds shown in the supplemental schedule of assets held for investment purposes.

The Company may make matching or other contributions at its discretion, but these contributions may not exceed the maximum allowable for federal income tax purposes. Such contributions are invested among the 11 funds in the same manner selected by each participant.

The Company provides matching contributions of 100% of the first 3% of employee contributions and 50% of the next 3% contributed, up to a maximum of \$4,000 per employee. Employer contributions were \$786,766 and \$760,598 in 2001 and 2000, respectively.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE A - PLAN DESCRIPTION AND SUMMARY OF ACCOUNTING POLICIES - Continued

During 2000, the Plan received rollover contributions from the Household Products, Inc. Retirement Savings Plan totaling \$13,218,823. This amount is included in rollover contributions in the accompanying statement of changes in net assets available for plan benefits for the year ended December 31, 2000.

Participant Accounts and Vesting

Each participant's contributions as well as allocations of earnings thereon is credited to the specific fund or funds selected by the participant. Such amounts are fully vested. Company matching contributions are allocated to the participant's accounts based on the criteria established for such contributions. Such participant contribution amounts and future earnings thereon are fully vested on the date credited to each participant's account. Participants are 100% vested after one year of service on discretionary contributions made by the Company, if any.

Participants' Loans Receivable

Beginning July 1, 1999, a participant may obtain a loan from the Plan collateralized by the present value of a participant's vested account balance and mandatory payroll deductions. A loan cannot exceed the lesser of one-half the vested interest of a participant's account balance or \$50,000 and must be at least \$1,000. All loans bear a reasonable rate of interest as determined by the plan administrator based on the prevailing interest rate charged by persons in the business of lending money for loans which would be made under similar circumstances. Interest rates on loans outstanding as of December 31, 2001 and 2000 ranged between 5.75% and 10.95%. All loans must be repaid in level payments on at least a quarterly basis up to a five-year period unless it is for the purchase of a primary residence, which allows fifteen years for repayment.

Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated March 8, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The actual outcome of the estimates could differ from these estimates made in the preparation of the financial statements.
