	Year ended March 31,		
	2001	2002	2003
Rent charged by Mr. S. K. Lee and Mr. M. C. Tam	\$ 12,000	\$ 12,000	Nil

Lee and Tam continue as minority shareholders of Integrated each owning 12% (together 24%) of its outstanding shares and continue to serve as the executives in charge of administrative and manufacturing operations for the Company's contract manufacturing operations for electronic products and subassemblies. At the time of the closing of this transaction on January 20, 2003, the market value of the 251,880 Deswell shares issued to Messrs. Lee and Tam was \$4,423,000, based on the closing price on that date of \$17.56 per share as reported on The Nasdaq Stock Market. PROPOSAL 2

**TO APPROVE THE ADOPTION OF THE COMPANY'S 2003 STOCK OPTION PLAN TO AUTHORIZE
600,000 COMMON SHARES THAT CAN BE OPTIONED
AND SOLD UNDER THE 2003 STOCK OPTION PLAN**

The 2003 Stock Option Plan was adopted by the Company's Board of Directors on August 20, 2003. Six hundred thousand shares can be optioned and sold under the 2003 Stock Option Plan. The adoption of the 2003 Stock Option Plan is subject to the approval of shareholders, which the Company is seeking at the Annual Meeting.

The Board of Directors believes that the selective use of stock options is an effective means of attracting, motivating and retaining employees and that the availability of the number of shares covered by the 2003 Stock Option Plan is essential to the success of the Company. The Board of Directors recommends that the shareholders approve the adoption of the 2003 Stock Option Plan. **The affirmative vote of a majority of all shares of the Company present at the meeting in person or by proxy is required to approve the adoption of the 2003 Stock Option Plan.**

The summary of the provisions of the 2003 Stock Option Plan, which follows, is not intended to be complete. A copy of the 2003 Stock Option Plan is attached to this Proxy Statement as Exhibit A.

Summary of the Provisions of the 2003 Stock Option Plan

The purpose of the 2003 Stock Option Plan is to induce key employees to remain in the employ of the Company or of any subsidiary of the Company, and to encourage such employees to secure or increase on reasonable terms their stock ownership in the Company. The Board of

Table of Contents

Directors of the Company believes the 2003 Stock Option Plan will promote continuity of management and increased incentive and personal interest in the welfare of the Company by those who are primarily responsible for shaping and carrying out the long-range plans of the Company and securing its continued growth and financial success

The 2003 Stock Option Plan is administered by the Company's Board of Directors (the Board). Subject to the express provisions of the 2003 Stock Option Plan, the Board has complete authority, in its discretion, to determine those key employees (hereinafter referred to as participants) to whom, and the price at which options shall be granted, the option periods and the number of shares to be subject to each option. The Board also has the authority in its discretion to prescribe the time or times at which the options may be exercised and limitations upon the exercise of options (including limitations effective upon the death or termination of employment of the participant), and the restrictions, if any, to be imposed upon the transferability of shares acquired upon exercise of options. In making such determinations, the Board may take into account the nature of the services rendered by respective employees, their present and potential contributions to the success of the Company or its subsidiaries and such other factors as the Board in its discretion shall deem relevant.

Subject to the express provisions of the 2003 Stock Option Plan, the Board also has complete authority to interpret the 2003 Stock Option Plan, to prescribe, amend and rescind rules and regulations relating to the 2003 Stock Option Plan, to determine the terms and provisions of the respective option agreements (which need not be identical), to determine whether the shares delivered upon exercise of stock options will be treasury shares or will be authorized but previously unissued shares, and to make all other determinations necessary or advisable for the administration of the 2003 Stock Option Plan.

An option may be granted under the 2003 Stock Option Plan only to an officer or other key employee or a director of the Company and of its present and future subsidiary corporations. The granting of an option to any employee shall not confer upon the employee any right to continue in the employ of the Company or of any such subsidiary and shall not interfere in any way with the right of the Company or of any such subsidiary to terminate the employment of the employee at any time.

The option price is determined by the Board at the time the option is granted, but may not be less than the fair market value of the Common Shares as shall reasonably be determined by the Board as of the date the option is granted.

An option is considered granted on the date the Board acts to grant the option.

The Board of Directors, without approval of the shareholders may terminate the 2003 Stock Option Plan at any time, but no termination shall, without the participant's consent, alter or impair any of the rights under any option theretofore granted to him under the 2003 Stock Option Plan.

The term of each option granted under the 2003 Stock Option Plan will be for such option period not exceeding ten (10) years as the Board shall determine.

Options under the 2003 Stock Option Plan are not transferable otherwise than by will or the laws of descent or distribution, and may be exercised during the lifetime of a participant only by such participant.

Table of Contents

Options granted pursuant to the 2003 Stock Option Plan are to be evidenced by stock option agreements in such form as the Board shall adopt from time to time.

In the event that a dividend shall be declared upon the Common Shares of the Company payable in Common Shares of the Company the number of Common Shares then subject to any such option and the number of shares reserved for issuance pursuant to the 2003 Stock Option Plan but not yet covered by an option, shall be adjusted by adding to each such share the number of shares which would be distributable thereon if such share had been outstanding on the date fixed for determining the shareholders entitled to receive such stock dividend. In the event that the outstanding Common Shares of the Company shall be changed into or exchanged for a different number or kind of shares of stock or other securities of the Company or of another corporation, whether through reorganization, recapitalization, stock split-up, combination of shares, merger or consolidation, then there shall be substituted for each Common Share reserved for issuance upon exercise of options pursuant to the 2003 Stock Option Plan, the number and kind of shares of stock or other securities into which each outstanding Common Share shall be so changed or for which each such share shall be exchanged. In the event there shall be any change, other than as specified above in the number or kind of outstanding Common Shares of the Company or of any stock or other securities into which such Common Shares shall have been changed or for which it shall have been exchanged, then if the Board shall in sole discretion determine that such change equitably requires an adjustment in the number or kind of shares theretofore reserved for issuance pursuant to the 2003 Stock Option Plan, but not yet covered by an option and of the shares then subject to an option or options, such adjustment shall be made by the Board and shall be effective and binding for all purposes of the 2003 Stock Option Plan and of each stock option agreement. The option price in each stock option agreement for each share of stock or other securities substituted or adjusted shall be determined by dividing the option price in such agreement for each share prior to such substitution or adjustment by the number of shares or the fraction of a share substituted for such share or to which such share shall have been adjusted. No adjustment or substitution shall require the Company in any stock option agreement to sell a fractional share, and the total substitution or adjustment with respect to each stock option agreement shall be limited accordingly.

The Board of Directors, without approval of the shareholders, may amend from time to time the 2003 Stock Option Plan in such respects as the Board may deem advisable. No amendment shall, without the participant's consent, alter or impair any of the rights or obligations under any option theretofore granted to him under the 2003 Stock Option Plan.

The granting of an option to any employee shall not confer upon the employee any right to continue in the employ of the Company or of any such subsidiary and shall not interfere in any way with the right of the Company or of any such subsidiary to terminate the employment of the employee at any time.

6. Option Price. The option price will be determined by the Board or the Committee, if so appointed, at the time the option is granted but may not be less than the fair market value of the Common Shares as shall reasonably be determined by the Board or the Committee, if so appointed, as of the date the option is granted.

7. Date of Option Grant. An option shall be considered granted on the date the Board or the Committee, if so appointed, acts to grant the option, or such date thereafter as the Board or the Committee, if so appointed, shall specify.

8. Term of Plan. The Board of Directors, without approval of the shareholders may terminate the Plan at any time, but no termination shall, without the participant's consent, alter or impair any of the rights under any option theretofore granted to him under the Plan.

9. Term of Options. The term of each option granted under the Plan will be for such period (hereinafter referred to as the option period) not exceeding ten (10) years as the Board or the Committee, if so appointed, shall determine. Each option shall be subject to earlier termination as described under exercise of options.

10. Exercise of Options. Each option granted under the Plan will be exercisable on such date or dates and during such period and for such number of shares as shall be determined pursuant to the provisions of the option agreement evidencing such option. Subject to the express provisions of the Plan, the Board or the Committee, if so appointed, shall have complete authority, in its discretion, to determine the extent, if any, and the conditions under which an option may be exercised in the event of the death of the participant or in the event the participant leaves the employ or as a director of the Company or has his or her employment terminated by the Company. An option may be exercised, by (a) written notice of intent to exercise the option with respect to a specified number of shares of stock, and (b) payment to the Company of the amount of the option purchase price for the number of shares of stock with respect to which the option is then exercised.

11. Nontransferability. Options under the Plan are not transferable otherwise than by will or the laws of descent or distribution, and may be exercised during the lifetime of a participant only by such participant.

12. Agreements. Options granted pursuant to the Plan shall be evidenced by stock option agreements in such form as the Board or the Committee, if so appointed, shall from time to time adopt.

13. Adjustment of Number of Shares. In the event that a dividend shall be declared upon the Common Shares of the Company payable in Common Shares of the Company, the number of Common Shares then subject to any such option and the number of shares reserved for issuance pursuant to the Plan but not yet covered by an option, shall be adjusted by adding to each such share the number of shares which would be distributable thereon if such share had been outstanding on the date fixed for determining the shareholders entitled to receive such stock dividend. In the event that the outstanding Common Shares of the Company shall be changed into or exchanged for a different number or kind of shares of stock or other securities of the Company or of another corporation, whether through reorganization, recapitalization, stock split-up, combination of shares, merger or consolidation, then there shall be substituted for each common share reserved for issuance pursuant to the Plan or option, the number and kind of shares of stock or other securities into which each outstanding common share shall be so changed or for which each such share shall be exchanged. In the event there shall be any change, other than as specified above in this paragraph in the number or kind of outstanding Common Shares of the Company or of any stock or other securities into which such Common Shares shall have been changed or for which it shall have been exchanged, then if the Board or the Committee, if so appointed, shall in its sole discretion determine that such change equitably requires an adjustment in the number or kind of shares theretofore reserved for issuance pursuant to the Plan, but not yet covered by an option and of shares then subject to an option or options, such adjustment shall be made by the Board or the Committee, if so appointed, and shall be effective and binding for all purposes of the Plan and of each stock option agreement. The option price in each stock option agreement for each share of stock or other securities substituted or adjusted as provided for in this paragraph shall be determined by multiplying the option price then in effect by the fraction, the numerator of which shall be the number of shares issuable upon exercise of the options prior to such substitution or adjustment, and the denominator of which shall be the number of shares or the fraction of a share substituted for such shares or to which such shares shall have been adjusted. No adjustment or substitution provided for in this paragraph shall require the Company in any stock option agreement to sell a fractional share, and the total substitution or adjustment with respect to each stock option agreement shall be limited accordingly.

14. Amendments. The Board of Directors, without approval of the shareholders, may from time to time amend the Plan in such respects as the Board may deem advisable. No amendment shall, without the participant's consent, alter or impair any of the rights or obligations under any option theretofore granted to him under the Plan.

In witness whereof, the Board of Directors of the Company has adopted this Plan on the 20th day of August, 2003.
