2003 Proxy Statement

GENERAL INFORMATION

APPOINTMENT OF PROXY HOLDERS

Your Board of Directors asks you to appoint David J. O Reilly, Charles A. James and Lydia I. Beebe as your proxy holders to vote your shares at the 2003 Annual Meeting of Stockholders. **You make this appointment by voting the enclosed proxy form using one of the voting methods described below.**

If appointed by you, the proxy holders will vote your shares as you direct on the matters described in this proxy statement. In the absence of your direction, they will vote your shares as recommended by your Board.

Unless you otherwise indicate on the proxy form or through the telephone or Internet voting procedures, you also authorize your proxy holders to vote your shares on any matters not known by your Board at the time this proxy statement was printed and which, under ChevronTexaco's By-Laws, may be properly presented for action at the Annual Meeting.

VOTING

Your Board strongly encourages you to exercise your right to vote. Voting early helps ensure that ChevronTexaco receives a quorum of shares necessary to hold the Annual Meeting without a second mailing. Stockholders of record (you own shares in your own name) can vote by telephone, on the Internet or by mail as described below. Street name stockholders (you own shares in the name of a bank, broker or other holder of record), please refer to the proxy form or the information you received from them to see which voting methods are available to you.

The telephone and Internet voting procedures are designed to authenticate you as a stockholder of record by use of a control number and to allow you to confirm that your voting instructions have been properly recorded. If you vote by telephone or on the Internet, you do not need to return your proxy form. Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day, and will close at 11:59 p.m., Eastern Time, on May 21, 2003.

Voting by Mail. You may vote by proxy by signing, dating and returning your proxy forms in the pre-addressed, postage-paid envelope provided.

Voting by Telephone. You may vote by proxy by using the toll-free number listed on the proxy form. Easy-to-follow voice prompts allow you to vote your shares and confirm that your instructions have been properly recorded.

Voting on the Internet. You may vote on the Internet. The web site for Internet voting is www.proxyvote.com. As with telephone voting, you can confirm that your instructions have been properly recorded. If you vote on the Internet, you can request electronic delivery of future proxy materials.

Voting at the Annual Meeting. The method by which you vote your proxy form will not limit your right to vote at the Annual Meeting, if you decide to attend in person. Your Board recommends that you vote using one of the

GENERAL INFORMATION *(Continued)*

other voting methods as it is not practical for most stockholders to attend the Annual Meeting. If you are a street name stockholder, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the Annual Meeting.

Revoking Your Voting Instructions to Your Proxy Holders. If you are a stockholder of record and you vote by proxy using the mail, the telephone, or the Internet, you may later revoke your proxy instructions by:

sending a written statement to that effect to the Corporate Secretary;

submitting a proxy form with a later date signed as your name appears on the stock account;

voting at a later time by telephone or the Internet; or

voting in person at the Annual Meeting.

If you are a street name stockholder, and you vote by proxy, you may later revoke your proxy instructions by informing the holder of record in accordance with that entity's procedures.

VOTE REQUIRED AND METHOD OF COUNTING

At the close of business on the Record Date, there were 1,068,349,357 shares of ChevronTexaco Stock outstanding and entitled to vote at the Annual Meeting. Each outstanding share is entitled to one vote.

A quorum, which is a majority of the outstanding shares as of the Record Date, must be present to hold the Annual Meeting. A quorum is calculated based on the number of shares represented by the stockholders attending in person and by their proxy holders. If you indicate an abstention as your voting preference in all matters, your shares will be counted toward a quorum but they will not be voted on any matter.

If you are a street name stockholder and don't vote your shares, your broker can vote your shares on any of the matters scheduled to come before the meeting, other than the stockholder proposals in Items 4 through 6. If you don't give your broker instructions on how to vote your shares on the stockholder proposals, your votes will be broker non-votes.

If you don't vote your shares that are held through employee benefits plans, your trustee will vote your shares in accordance with the terms of the particular plan.

The vote required and method of calculation is as follows for the various business matters to be considered at the Annual Meeting:

Item 1 Election of Directors

Each outstanding share of ChevronTexaco Stock is entitled to one vote for as many separate nominees as there are Directors to be elected. The nominees who receive the most votes for the number of positions to be filled are elected Directors. If you do not wish your shares to be voted for a particular nominee, you may so indicate in the space provided on the proxy form or withhold authority as prompted during the telephone or Internet voting instructions. Abstentions do not affect the voting calculation.

Item 2 Ratification of Independent Accountants; Item 3 Approval of the Non-Employee Directors' Equity Compensation and Deferral Plan; Items 4 through 6 Stockholder Proposals

These proposals are approved if the number of shares voted in favor of each exceeds the number of shares voted against. Abstentions

GENERAL INFORMATION *(Continued)*

and broker non-votes do not affect the voting calculations.

CONFIDENTIAL VOTING

ChevronTexaco has a confidential voting policy to protect our stockholders' voting privacy. Under this policy, ballots, proxy forms and voting instructions returned to brokerage firms, banks and other holders of record are treated as confidential. Only the proxy solicitor, the proxy tabulator and the Inspector of Election have access to the ballots, proxy forms and voting instructions. Anyone who processes or inspects the ballots, proxy forms and voting instructions signs a pledge to treat them as confidential. None of these persons is a ChevronTexaco Director, officer or employee.

The proxy solicitor and the proxy tabulator will disclose information taken from the ballots, proxy forms and voting instructions only in the event of a proxy contest or as otherwise required by law.

The proxy tabulator will forward comments written on the proxy forms to management but will not disclose your identity unless you request it in writing.

METHOD AND COST OF SOLICITING AND TABULATING VOTES

ChevronTexaco has retained ADP Investor Communication Services to assist in distributing these proxy materials. Georeson Shareholder Communications Inc. will act as our solicitor in soliciting votes at an estimated cost of \$25,000 plus their reasonable out-of-pocket expenses. ChevronTexaco employees, personally or by telephone, may solicit your proxy voting instructions.

ChevronTexaco will reimburse brokerage firms, banks and other holders of record for their reasonable out-of-pocket expenses for forwarding these proxy materials to you.

ADP Investor Communication Services will be the proxy tabulator and IVS Associates, Inc. will act as the Inspector of Election.

MULTIPLE COPIES OF ANNUAL REPORT

We have adopted a procedure approved by the Securities and Exchange Commission (SEC) called householding. Under this procedure, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of the Annual Report and proxy statement unless one or more of the stockholders notifies us in writing that they wish to continue receiving individual copies. This procedure will reduce our printing costs and postage fees.

Stockholders who participate in householding will continue to receive separate proxy forms. Householding will not affect your dividend check mailings.

If you or another stockholder of record with whom you share an address wish to receive a separate Annual Report or proxy statement in the future, you may contact Mellon Investor Services at 1-800-368-8357.

If you or another stockholder of record with whom you share an address receive multiple copies of our Annual Report and proxy statement and you wish to receive only one copy of our Annual Report or proxy statement, you may request householding by contacting Mellon Investor Services at 1-800-368-8357. If you are a street name stockholder, you can request householding by contacting the holder of record.

ELECTRONIC ACCESS TO PROXY STATEMENT AND ANNUAL REPORT

The Notice of Annual Meeting and proxy statement and the 2002 Annual Report are available on ChevronTexaco's web site at www.chevrontexaco.com.

GENERAL INFORMATION *(Concluded)*

Instead of receiving paper copies of the Annual Report and proxy statement in the mail, you can elect to receive an e-mail which will provide an electronic link to these documents. Opting to receive your proxy materials online will save us the cost of producing and mailing documents to your home or business, and also gives you an electronic link to the proxy voting site.

If you are a stockholder of record, you may vote on the Internet at www.proxyvote.com. Simply follow the prompts for enrolling in the electronic proxy delivery service. You may also enroll in the electronic delivery service by marking the appropriate box on your proxy form, or at any time in the future by going directly to www.icsdelivery.com/cvx.

If you are a street name stockholder, you may also have the opportunity to receive copies of the Annual Report and proxy statement electronically. Please check the information provided in the proxy materials mailed to you by the holder of record concerning the availability of this service.

If you choose to view future proxy statements and Annual Reports on the Internet, you will receive a proxy form in the mail with instructions containing the Internet address of those materials. Your choice will remain in effect until you call the Mellon Investor Services toll-free number and tell them otherwise. You do not have to elect Internet access each year, and you may request a paper copy of the proxy statement or Annual Report at any time.

STOCKHOLDER ACCOUNT MAINTENANCE

Our transfer agent is Mellon Investor Services. All communications concerning accounts of stockholders of record, including address changes, name changes, inquiries as to the requirements to transfer shares and similar issues can be handled by calling the ChevronTexaco Stockholder Services toll-free number, 1-800-368-8357, or by contacting Mellon Investor Services through their web site at www.melloninvestor.com.

In addition, you can access your account through Mellon Investor Services web site. You can view your current balance, access your account history, sell shares or request a certificate for shares held in the ChevronTexaco Investor Services Program and to obtain current and historical stock prices. To access your account on the Internet, visit www.melloninvestor.com. And enter your issue number, account number and password. These can be found on your account statement or dividend check stub.

CERTAIN BUSINESS RELATIONSHIPS BETWEEN CHEVRONTEXACO AND ITS DIRECTORS AND OFFICERS

Senator Nunn is a senior partner of the law firm of King & Spalding which provided legal services to ChevronTexaco. During 2002, the total fees paid to King & Spalding by ChevronTexaco and its subsidiaries was less than 5% of the law firm's gross revenue for that period. We expect that King & Spalding will continue to provide legal services to ChevronTexaco in the future.

DIRECTORS COMPENSATION

ChevronTexaco believes that non-employee Directors' compensation should provide total compensation that is competitive, links rewards to business results and stockholder returns and facilitates increased ownership of ChevronTexaco Stock. ChevronTexaco does not have a retirement plan for non-employee Directors. ChevronTexaco's executive officers are not paid additional compensation for their services as Directors.

Current compensation for non-employee Directors includes the following stock and cash elements:

STOCK COMPENSATION

On the date of the Annual Meeting, 400 shares of restricted ChevronTexaco Stock are granted under the ChevronTexaco Restricted Stock Plan for Non-Employee Directors (RSP). Dividends attributable to the restricted shares may be paid in cash or used by the Director to purchase additional shares of restricted ChevronTexaco Stock.

Restricted stock awards are subject to forfeiture if a non-employee Director does not serve as a ChevronTexaco Director for a minimum of five years after the award is granted. However, such forfeiture does not apply if a Director dies, reaches mandatory retirement age, becomes disabled, changes primary occupation or enters government service.

On the date of the Annual Meeting, 1,000 deferred stock units are granted under the RSP. Deferred stock units attract dividend equivalents that are reinvested into additional deferred stock units. Deferred stock units are not subject to forfeiture.

CASH COMPENSATION

Non-employee Directors receive:

\$100,000 annual retainer, of which \$75,000 is in cash and \$25,000 is in shares of restricted stock or deferred stock units.

\$10,000 annual cash retainer for each Board Committee chairperson.

DEFERRALS OF CASH COMPENSATION

The ChevronTexaco Corporation Deferred Compensation Plan for Directors (DCP) provides an opportunity for non-employee Directors to defer payment of their directors' fees. Under the plan, a non-employee Director may defer receipt of all or any portion of the annual cash retainer. Deferrals may be credited into accounts tracked with reference to any of the investment fund options available to participants in the ChevronTexaco Employee Savings Investment Plan, including a ChevronTexaco stock fund. Distribution from the plan is made in cash.

Any deferred amounts unpaid at the time of a Director's death are distributed to the Director's beneficiary.

EXPENSES

Non-employee Directors are reimbursed for out-of-pocket expenses that they incur in connection with the business and affairs of ChevronTexaco.

NEW PLAN

Subject to stockholder approval, the RSP and DCP will be merged into the ChevronTexaco Corporation Non-Employee Directors' Equity Compensation and Deferral Plan, which is presented beginning on page A-1 of this proxy statement.

CORPORATE GOVERNANCE GUIDELINES

These guidelines have been approved by the ChevronTexaco Board of Directors. The guidelines, in conjunction with the Restated Certificate of Incorporation, By-Laws and Board Committee charters, form the framework for governance of the Corporation.

ROLE OF THE BOARD OF DIRECTORS

The Board of Directors oversees and provides policy guidance on the business and affairs of the Corporation. It monitors overall corporate performance, the integrity of the Corporation's financial controls and the effectiveness of its legal compliance programs. The Board oversees management and plans for the succession of key executives. The Board oversees the Corporation's strategic and business planning process. This is generally a year-round process culminating in a day-long Board review of the Corporation's updated Corporate Strategic Plan, its business plan, the next year's capital expenditures budget plus key financial and supplemental objectives.

BOARD MEMBERSHIP CRITERIA

Members of the Board of Directors should have the highest professional and personal ethics and values, consistent with The ChevronTexaco Way. They should have broad experience at the policy-making level in business, government, education, technology or public interest. They should be able to provide insights and practical wisdom based on their experience and expertise. They should be committed to enhancing stockholder value and should have sufficient time to effectively carry out their duties. Their service on other boards of public companies should be limited to a reasonable number.

The Board Nominating and Governance Committee annually reviews the appropriate skills and characteristics required of Board members in the context of the current composition of the Board, the operating requirements of the Corporation and the long-term interests of the stockholders. In conducting this assessment, the Committee considers diversity, age, skills, and such other factors as it deems appropriate given the current needs of the Board and the Corporation, to maintain a balance of knowledge, experience and capability.

DIRECTOR INDEPENDENCE

A majority of the Board consists of independent Directors, as defined by the New York Stock Exchange. The standard for independence under the proposed New York Stock Exchange listing standards is the absence of any of the specifically enumerated disqualifications plus the absence of any material relationship with the company. In making its determination concerning the absence of a material relationship, the Board will presume independence of a Director if the required proxy statement disclosures of relationships or transactions between the Director and the Corporation do not require the disclosure of the specific dollar amounts of the transactions.

SELECTION OF NEW DIRECTORS

Directors are elected annually by the stockholders at the Annual Meeting. The Board of Directors proposes a slate of nominees for consideration each year. Between Annual Meetings, the Board may elect Directors to serve until the next Annual Meeting. The Board Nominating and Governance Committee identifies, investigates and recommends prospective directors to the Board with the goal of creating a balance of knowledge, experience and diversity. Stockholders may recommend a nominee by writing to the Corporate Secretary specifying the nominee's name and the qualifications for Board membership. All recommendations are brought to the attention of the Board Nominating and Governance Committee.

CORPORATE GOVERNANCE GUIDELINES *(Continued)*

BOARD SIZE

The By-Laws provide that the number of Directors is determined by the Board. The Board's size is assessed at least annually by the Board Nominating and Governance Committee and changes are recommended to the Board when appropriate. If any nominee is unable to serve as a Director, the Board may reduce the number of Directors or choose a substitute.

TERM OF OFFICE

Directors serve for a one-year term and until their successors are elected. They stand for election based on the Corporation's performance record, which is set forth in the Corporation's annual report and proxy statement.

BOARD MEMBERSHIPS

Directors limit their other board memberships to a number which permits them, given their individual circumstances, to responsibly perform all of their Director duties. The Board Nominating and Governance Committee reviews and concurs in the election of any employee Director to outside, for-profit board positions.

DIRECTOR RETIREMENT POLICY

Non-employee Directors may not stand for re-election after reaching age 72. Employee Directors may not serve as Directors once their employment with the Corporation ends. Mandatory retirement for employee Directors is age 65.

NUMBER AND COMPOSITION OF BOARD COMMITTEES

The Board has four committees: Audit, Board Nominating and Governance, Management Compensation and Public Policy. All Committees are comprised solely of non-employee Directors and members of the Audit, Board Nominating and Governance and Management Compensation committees are independent Directors, as defined by the New York Stock Exchange. In addition, all Audit Committee members meet the proposed requirement that they may not directly or indirectly receive any compensation from the Corporation other than their Directors compensation.

Each committee is chaired by an independent Director who determines the agenda, the frequency and length of the meetings and who has unlimited access to management, information and independent advisors, as necessary and appropriate. Each non-employee Director generally serves on one or two committees. Committee members serve staggered terms enabling Directors to rotate periodically to different committees. Four- to six-year terms for committee chairpersons facilitate rotation of committee chairpersons while preserving experienced leadership.

EXECUTIVE SESSIONS

Non-employee Directors meet in executive session at each regularly scheduled Board meeting. The sessions are chaired by the chairperson of the Board Nominating and Governance Committee. Any non-employee Director can request that an executive session be scheduled.

BUSINESS CONDUCT AND ETHICS CODE

The Board expects all Directors, as well as officers and employees, to display the highest standard of ethics, consistent with The ChevronTexaco Way. The Board also expects Directors, officers and employees to acknowledge their adherence to the Corporation's Business Conduct and Ethics Code. The Corporation has and will continue to maintain the Business Conduct and Ethics Code. The Board's Audit Committee periodically reviews compliance with this Code.

CORPORATE GOVERNANCE GUIDELINES *(Continued)*

SUCCESSION PLANNING

Annually, the non-employee Directors review candidates for all senior management positions to ensure that qualified candidates are available for all positions and that development plans are being utilized to strengthen the skills and qualifications of the candidates.

BOARD COMPENSATION

Non-employee Directors receive compensation that is competitive, links rewards to business results and stockholder returns, and facilitates increased ownership of the Corporation's stock. The compensation consists of cash and equity components. The Corporation does not have a retirement plan for non-employee Directors. Employee Directors are not paid additional compensation for their services as Directors. The Board Nominating and Governance Committee periodically reviews and recommends changes to Board compensation to ensure that the total compensation remains competitive and appropriate.

BOARD ACCESS TO SENIOR MANAGEMENT

Directors are encouraged and provided opportunities to talk directly to any member of management regarding any questions or concerns the Director may have.

DIRECTOR ORIENTATION AND EDUCATION

The Corporation has and will continue to maintain an orientation program that contains written material, oral presentations and site visits. In addition, the Corporation supports continuing Director education.

EVALUATION OF BOARD PERFORMANCE

The Board and each Board committee conduct a self-evaluation annually. The Board Nominating and Governance Committee oversees this self-evaluation process and assesses the full Board's performance. The Committee recommends changes to improve the Board, the Board committees and individual Director effectiveness. The Committee utilizes a periodic Board operations and governance questionnaire to gather input to assist the Committee's evaluation and recommendations.

CHIEF EXECUTIVE OFFICER PERFORMANCE REVIEW

The Board annually reviews the CEO performance. To conduct this review, the Board Nominating and Governance and Management Compensation Committee chairpersons gather and consolidate input from all Directors. The consolidated input is reviewed at a meeting in executive session with all non-employee Directors after which the chairpersons present the results of the review of the CEO.

DIRECTOR AND OFFICER STOCK OWNERSHIP GUIDELINES

The Board expects all Directors and executive officers to display confidence in the Corporation by ownership of a significant amount of stock. The Board has structured its compensation to result in ownership of at least 8,000 shares of stock or stock units after five years of service as a Director. The Board has also established stock ownership guidelines for executive officers of the Corporation. Targets are based on a multiple of base salary: CEO 5 times; Vice Chairman, Executive Vice Presidents and Chief Financial Officer 4 times; all other executive officers 2 times. Executives are expected to achieve targets within 5 years of assuming their positions. The Management Compensation Committee periodically assesses the guidelines and ownership relative to these guidelines, and makes recommendations as appropriate.

CORPORATE GOVERNANCE GUIDELINES *(Concluded)*

ACCESS TO INDEPENDENT ADVISORS

The Board and each Board committee have the right at any time to retain independent outside financial, legal or other advisors.

BOARD AGENDA AND MEETINGS

The Chairman in consultation with the other members of the Board determines the timing and length of the meetings of the Board. In addition to eight regularly scheduled meetings, unscheduled Board meetings may be called, upon proper notice, at any time to address specific needs of the Corporation.

The Chairman establishes the agenda for each Board meeting with input from the Directors. The Directors also provide input for additional pre-meeting materials. They make suggestions to the appropriate committee chair at any time. The agendas for Board meetings provide opportunities for the operating heads of the major businesses of the Corporation to make presentations to the Board. Each year the Board reviews the long-term strategic plan for the Corporation and the principal issues that the Corporation expects to face in the future.

REPORTING OF CONCERNS REGARDING ACCOUNTING, INTERNAL ACCOUNTING CONTROLS OR AUDITING MATTERS

The ChevronTexaco Business Conduct and Ethics Code directs any employee having information or knowledge of any unrecorded fund or asset or any prohibited act to promptly report it to his or her management and to the Corporation's Auditing Department, which shall promptly advise the Comptroller, or the employee may call the toll-free 24-hour compliance Hotline. The Hotline is anonymous, administered by an outside firm and overseen by the Corporate Law Department. Information from the Hotline is brought to the attention of local or corporate legal or financial management. If there is a suggestion that financial management might be involved in the misconduct, the Chief Corporate Counsel will, based upon his or her judgment, bring the matter to the attention of the Chair of the Audit Committee. The Chief Corporate Counsel will periodically advise the Audit Committee of those items that were directed to local or corporate financial management for resolution.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board operates under a written charter adopted by your Board. Your Board adopted revisions to the Audit Committee's charter in December 2002 and the new charter is included as Appendix B to this proxy statement. All members of the Audit Committee meet the independence standards established by your Board, the New York Stock Exchange and the Sarbanes-Oxley Act of 2002.

The Audit Committee assists your Board in fulfilling its responsibility to oversee management's implementation of ChevronTexaco's financial reporting process. In discharging its oversight role, the Audit Committee reviewed and discussed the audited financial statements contained in the 2002 Annual Report on Form 10-K with ChevronTexaco's management and independent auditor. Management is responsible for the financial statements and the reporting process, including the system of internal controls and disclosure controls. The independent auditor is responsible for expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States.

The Audit Committee met privately with the independent auditor, and discussed issues deemed significant by the auditor, including those required by Statements on Auditing Standards No. 61 and No. 90 (Audit Committee Communications), as amended. In addition, the Audit Committee discussed with the independent auditor its independence from ChevronTexaco and its management, including the matters in the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and considered whether the provision of nonaudit services was compatible with maintaining the auditor's independence.

In reliance on the reviews and discussions outlined above, the Audit Committee has recommended to your Board that the audited financial statements be included in ChevronTexaco's Annual Report on Form 10-K for the year ended December 31, 2002, for filing with the SEC.

Respectfully submitted on March 13, 2003, by the members of the Audit Committee of your Board:

EXECUTIVE COMPENSATION

MANAGEMENT COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Management Compensation Committee of the Board of Directors (the Committee) makes this report to help you understand the Committee's objectives and the procedures used to determine the compensation of ChevronTexaco's Chief Executive Officer and other senior ChevronTexaco executives.

The Committee, which is responsible for ChevronTexaco's executive compensation program, is composed entirely of independent outside directors, as defined under section 162(m) of the Internal Revenue Code, who have never served as officers of the Corporation.

The Committee is advised on plan design by external compensation consultants. ChevronTexaco's compensation staff provides additional counsel, data and analysis as requested by the Committee. The Committee's outside consultant is retained by the Committee as necessary to make presentations during the year, including an annual review of ChevronTexaco's competitive compensation position.

In 2002, the Committee reviewed the ChevronTexaco Executive programs with respect to the provisions of the Sarbanes-Oxley Act and the proposed New York Stock Exchange listing requirements. In conjunction with the Board Nominating and Governance Committee, the Committee amended the Management Compensation Committee charter, which is included in Appendix D. The Committee believes that it is functioning within the parameters of, and the ChevronTexaco programs are in compliance with, all of the new provisions and requirements.

Compensation Philosophy And Objectives

The Committee believes that compensation of ChevronTexaco's key executives should:

- link rewards to business results and stockholder returns;

- encourage creation of long-term stockholder value and achievement of strategic objectives;

- target management range structure and award opportunities at the market median, with opportunity to pay in the upper quartile for superior performance results;

 - market defined as major oils (primary) and other large capital intensive businesses (secondary)

- maintain an appropriate balance between base salary, short-term and long-term incentive opportunities, with more compensation at risk at the higher salary grades;

- attract and retain the highest caliber personnel on a long-term basis; and,

- provide motivational programs to focus on long-term retention needs through pay management, leadership development and growth opportunities.

ChevronTexaco uses nine U.S. based oil companies in the industry group as its competition when determining competitive compensation practice: Amerada Hess, BP, ConocoPhillips, Exxon Mobil, Marathon, Occidental, Sunoco, Unocal and US Shell. The makeup of this peer group reflects the companies ChevronTexaco competes with for overall human resources talent. In addition, the Corporation's competitive position is reviewed against approximately 20 major capital-intensive international companies spanning a wide range of industries. The general industry comparators were chosen

EXECUTIVE COMPENSATION *(Continued)*

because of similar business characteristics as well as relatively equivalent scope and complexity of operations.

The competitors listed on the performance graph (page 27) as Peer Group II are considered by the Committee to be the primary competition in the marketplace where ChevronTexaco operates and comprise the competitor peer group for determining relative total stockholder return (TSR), which is stock price appreciation plus dividends on a reinvested basis. Royal Dutch Petroleum is used in place of US Shell because US Shell is not a publicly traded company.

Key Elements Of Executive Compensation

ChevronTexaco's executive compensation program consists of three elements: Base Pay, Short-Term Incentives and Long-Term Incentives. For senior executives, the Committee believes short-term and long-term incentive pay, linked to ChevronTexaco's financial performance, should represent half or more of their total compensation opportunity.

Base Pay

The executive salary structure targets the average pay levels of the oil competitors. When establishing the salary structure, the Committee also reviews non-oil pay information. This analysis is provided by its external consultant to ensure compensation opportunity is appropriate on a broad industry basis and with respect to local or geographic competitive markets.

Actual salaries vary by individual and are based on sustained performance toward achievement of ChevronTexaco's goals, objectives and strategic intents. The Committee reviews and approves corporate goals and objectives relevant to the compensation of the chief executive officer and other executive officers.

At least annually the Committee evaluates the chief executive officer's performance in light of such goals and objectives, leads a discussion of the full Board with respect to the evaluation, and communicates the results to the chief executive officer.

Executive salaries and proposed changes are reviewed and approved by the Committee. The Committee also considers experience and current salary compared to market rates when considering salary actions.

Short-Term Incentive (Management Incentive Plan)

The Management Incentive Plan (MIP) is an annual cash incentive plan which links awards to performance results of the prior year. Individual target awards vary by salary grade and are based on the competitive annual bonus practices of oil competitors, with reference to the award levels of the general industry comparator group. Actual individual awards vary from approximately 200% of target to zero, and reflect ChevronTexaco's business results and performance at the business unit and individual level.

Awards are based on the Committee's assessments of performance vs. objectives for two or three components: corporate results, operating company/staff results and in some larger operating companies strategic business unit results (SBU). Each component is weighted about the same. A leadership performance factor (LPF) is used as an overall modifier to the component ratings. The LPF is based on personal contribution in achieving business results and leadership behaviors demonstrated in achieving the results. Performance assessments within each of the components are aggregate judgments; there is no specific weighting formula for each factor within a component.

EXECUTIVE COMPENSATION *(Continued)*

Corporate, operating company and SBU financial and strategic objectives are set at the beginning of each year. Financial objectives are developed for: earnings, return on capital employed (ROCE), cash flow, operating expense and other key operating measures. Non-financial measures such as organizational safety performance versus objectives and reliable operations metrics are also included in the evaluation process. Results are measured against internal objectives and against external oil competitor results.

An individual's key job responsibilities and objectives are also established at the beginning of each year. Individual objectives include achievement of business unit financial goals as well as targets related to business operations (e.g., refinery throughput, production volumes, product quality, safety, environmental performance, etc.). Performance assessments are also made on other factors including diversity, leadership, teamwork, communication, developing employees, creativity and innovation, and building partnerships.

The corporate performance assessment is the same for all MIP participants. Individuals will have different operating company, SBU and leadership performance assessments.

Long-Term Incentive (Long-Term Incentive Plan)

The Long-Term Incentive Plan (LTIP) is designed to align the interests of executives with stockholders and to provide each executive with a significant incentive to manage the Corporation from the perspective of an owner with an equity stake in the business. Individual grants vary by salary grade, and are based on valuations of grants made by the oil competitors (these valuations are provided by the Committee's external consultant). Review of general industry grant levels is also done for calibration. Grants are typically in the form of non-qualified stock options and performance shares (formerly called performance units). Each year a limited number of above standard or below standard awards may be granted on a case-by-case basis to certain individuals when performance merits.

Non-Qualified Stock Options (NQSOs) are awarded at market price on the day of grant, vest one-third after one year, two-thirds after two years and 100% after three years. Options have a ten-year term. Their ultimate value depends entirely on appreciation of ChevronTexaco Stock. The Committee does not grant discounted options.

Performance Shares The ultimate value of performance shares (denominated in shares of ChevronTexaco Stock) is tied to Total Stockholder Return (TSR) as compared to TSRs for the peer group competitors. Performance shares have a three-year vesting period, with a performance modifier based on relative TSR ranking that can vary from 0% to 200%, as determined by the Committee

Executive Stock Ownership

ChevronTexaco has adopted guidelines for stock ownership. Targets are based on a multiple of base salary: CEO 5 times; Vice Chairman, Executive Vice Presidents and Chief Financial Officer 4 times; all other executive officers 2 times. Executives are expected to achieve targets within 5 years of assuming their positions. ChevronTexaco executive officers as a whole own shares equal to approximately 3 1/2 times their aggregate base salary.

EXECUTIVE COMPENSATION *(Continued)*

2002 CEO Compensation

Base Pay

ChevronTexaco executive level salary ranges are adjusted, as necessary, to maintain competitiveness with its competitor group. Individual salaries are maintained within the appropriate range for each position, and are reviewed annually.

The Committee increased Mr. O Reilly's annual salary in 2002 to \$1,100,000, in recognition of his accomplishments during 2001, including his leadership during the successful integration of Chevron and Texaco following the merger. This increase still left Mr. O Reilly's salary lower than the average CEO salary for both the oil competitor group and the general industry comparator group.

Annual Bonus (MIP)

ChevronTexaco's MIP awards are made under the same determination rules for all participants. The CEO, Vice Chairman and Executive Vice President awards are based on Corporation and individual performance. All other executives' awards will additionally be based on operating company and business unit performance.

Based on ChevronTexaco's 2002 performance, the Committee granted Mr. O Reilly a MIP award of \$700,000, which is a reduction of 86% from 2001 (a 61% reduction excluding his 2001 merger related bonus), and below Mr. O Reilly's target award.

The factors considered in determining Mr. O Reilly's award were:

Excellent progress towards merger integration goals and synergy targets,

Sustained high levels of safe and environmentally sound operations,

Lower-than-objective net income due in part to investment and other asset write-downs, and

Disappointing TSR performance in 2002.

The MIP awards granted to Mr. O Reilly and to the other four highest-paid officers for the past three performance years are presented in the Summary Compensation Table which follows this report.

Long-Term Incentives (LTIP)

ChevronTexaco's LTIP grants are made under the same determination rules for all LTIP participants. Mr. O Reilly received a stock option grant of 200,000, and 42,000 performance shares from the Committee in 2002. Based on data provided by their outside consultant, the Committee believes this grant is reasonable and well within competitive practice for his level of responsibilities.

Mr. O Reilly was granted 32,000 performance shares in 1999 for the performance period January 1, 2000 through December 31, 2002. ChevronTexaco's TSR relative to competition for this three-year period resulted in a performance share payout of \$2,154,240 to Mr. O Reilly.

Watson, \$500,000. In addition, the ChevronTexaco Management Compensation Committee of the Board of Directors recognized exemplary performance related to the successful merger of Chevron and Texaco. They granted special one-time supplemental cash awards in 2001 that will not be benefits bearing for retirement plan purposes as follows: D. J. O Reilly, \$3,200,000; P. J. Robertson, \$500,000; P. A. Woertz, \$500,000; G. L. Kirkland, \$500,000; and J. S. Watson, \$1,500,000.

The payout can vary depending on ChevronTexaco TSR vs. its peer group competitors. A performance modifier provides the incentive to maximize TSR relative to the competitor peer group by modifying the payout value (e.g., the modifier is 200% for the highest relative TSR and 0% for the lowest relative TSR). Payout (in dollars) is equal to the number of shares times a performance modifier based on relative TSR times the 20-day trailing average price of ChevronTexaco Stock at the end of the performance period. An election may be made to receive payment in stock.

TERMINATION OF EMPLOYMENT AND CHANGE-IN-CONTROL ARRANGEMENTS

In 2002, your Board adopted the Change-In-Control Benefit Protection Program to provide employees with benefit protection and to retain employees in the event of a change-in-control.

In the event of a change-in-control, executive officers of ChevronTexaco are generally entitled to the following enhanced benefits:

unvested benefits under retirement plans become fully vested,

outstanding stock options are converted into options of the acquiring company,

payouts on outstanding performance shares must be at least equal to target amounts, and

MIP bonuses for the year in which the change-in-control occurs must be at least equal to target amounts.

If executive officers are terminated other than for cause (or resigns as a result of a demotion), they will receive:

severance benefits up to a maximum of three years salary and MIP bonus,

immediate vesting of any unvested stock options,

immediate vesting on a pro rated basis for other incentive awards such as performance shares and MIP bonuses,

gross-up payments for excise tax liability, if any,

insurance coverage protected for two years, and

Edgar Filing: CHEVRONTEXACO CORP - Form DEF 14A

a trust fund established to secure payment of any vested, but unpaid benefits.
For the foregoing purposes, a change-in-control would occur if:

anyone acquired 20% or more of ChevronTexaco Stock (other than from ChevronTexaco itself); or

the current Directors and those elected in normal circumstances cease to be a majority; or

a merger or other business combination occurs and ChevronTexaco's stockholders receive less than 55% of the resulting equity.

* For plan purposes, this means (1) average annual salary over the highest paid 36 months plus (2) the average of the three highest MIP awards during the last ten years of employment.

Employees who meet the age, service, and other requirements of ChevronTexaco's pension plans are eligible for a pension after retirement. The table shows the approximate yearly benefit that would be paid to a ChevronTexaco employee in the top compensation and period of service categories. The table reflects a single life annuity form of payment. Retiring employees may also elect to receive an equivalent lump-sum payment instead of an annuity. The pension formula also includes a reduction for Social Security that is not a material portion of the benefit.

Under the ChevronTexaco plans, covered compensation for the named executive officers includes the amount shown in the Salary column of the Summary Compensation Table and the regular bonus (but not the 2001 special merger bonus) shown in the Bonus column of that table. At December 31, 2002, the covered compensation and years of service were D. J. O'Reilly \$2,490,000 (34 years); P. J. Robertson \$1,151,666 (29 years); P. A. Woertz \$957,973 (26 years); G. L. Kirkland \$704,583 (28 years); and J. S. Watson \$864,583 (22 years).

EXECUTIVE COMPENSATION *(Concluded)***PERFORMANCE GRAPH**

The stock performance graph below shows how an initial investment of \$100 in ChevronTexaco Stock would have compared to an equal investment in the S&P 500 Index or the Competitor Peer Group indexes. The Competitor Peer Group companies are those with which ChevronTexaco competes directly and against which for a number of years it has measured its performance for purposes of calculating grants under its Management Incentive Plan and its Long-Term Incentive Plan. To better reflect the primary competition in the marketplace where ChevronTexaco operates, the Management Compensation Committee changed the Peer Group from Peer Group I to Peer Group II in 2002. The SEC's rules require ChevronTexaco to show the performance of both of these Competitor Peer Groups for the five-year period from 1998-2002. The comparison covers a five-year period beginning December 31, 1997 and ending December 31, 2002 and is weighted by market capitalization as of the beginning of each year. It includes the reinvestment of all dividends that an investor would be entitled to receive. The interim measurement points show the value of \$100 invested on December 31, 1997 as of the end of each year between 1998 and 2002.

Peer Group I comprises Amoco ('98), ARCO ('98 - '00), BP-ADS ('99 - '02), Exxon Mobil, Mobil ('98 - '99), Royal Dutch Petroleum-ADR and Texaco ('98 - '00).

Peer Group II comprises BP-ADS, Exxon Mobil, Royal Dutch Petroleum-ADR and ConocoPhillips.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides certain information as of December 31, 2002 with respect to ChevronTexaco equity compensation plans:

Plan Category(1)	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)

Equity compensation plans not approved by security holders(6)	2,208,772(7)	\$76.31(8)	(9)
Total	16,498,571	\$78.32	

(1) The table does not include information for employee benefit plans of ChevronTexaco and subsidiaries intended to meet the qualification requirements of Section 401(a) of the Internal Revenue Code and foreign employee benefit plans which are similar to Section 401(a) plans. 401(a) plans can generally be described as retirement plans intended to meet the tax qualification requirements of the Internal Revenue Code.

The table also does not include information for equity compensation plans assumed by ChevronTexaco in mergers and outstanding at December 31, 2002. Securities to be issued upon exercise of outstanding options, warrants and rights under plans assumed in mergers and outstanding at December 31, 2002 were 11,986,771 and the weighted-average exercise price (excluding restricted stock units, performance units and other rights for which there is no exercise price) was \$87.84. No further grants or awards can be made under these assumed plans, however, certain of the assumed plans provide for restoration options when ChevronTexaco Stock or stock equivalents are tendered as consideration for the exercise price of the outstanding stock option grants.

(2) Consists of two plans: the ChevronTexaco Corporation Long -Term Incentive Plan (LTIP) and the ChevronTexaco Corporation Restricted Stock Plan for Non-Employee Directors (RSP). Stock options and performance shares are awarded under LTIP and deferred stock units are awarded under RSP.

(3) Consists of 13,871,534 stock options, 21,091 deferred stock units and 397,174 performance shares outstanding as of December 31, 2002. Performance shares are notional they may be paid out in cash or stock and the amount depends on application of a performance multiplier (from 0 to 2) determined based on the Corporation's TSR relative to a peer competition group over a three-year period.

(4) The weighted average exercise price does not include outstanding performance shares under LTIP or deferred stock units under RSP for which there is no exercise price.

(5) Under LTIP the maximum number of shares for which awards may be granted in each calendar year shall be 1% of the total issued and outstanding shares of ChevronTexaco Stock as of January 1 of such year. The total number of shares remaining available for awards under LTIP in any calendar year will be reduced by the number of shares subject to awards previously made under LTIP in that calendar year and by an imputed number of shares equal to the value of all other awards made in that calendar year.

No further securities remain available for issuance under RSP. Subject to stockholder approval, the RSP will be merged into the ChevronTexaco Corporation Non-Employee Directors Equity Compensation and Deferral Plan which is currently being presented for stockholder approval at the 2003 Annual Meeting.

Edgar Filing: CHEVRONTEXACO CORP - Form DEF 14A

This category consists of three plans: ChevronTexaco Corporation 1998 Stock Option Program for U.S. Dollar Payroll Employees (1998 Stock Option Program), ChevronTexaco Corporation Deferred Compensation Plan for Management Employees (Deferred Compensation Plan) and ChevronTexaco UK Share Incentive Plan (UK Plan).

(7) 1,789,325 stock options were outstanding as of December 31, 2002 under the 1998 Stock Option Program. The 1998 Stock Option Program is a broad based stock option plan adopted by the Board of Directors on January 28, 1998, effective February 11, 1998, under which a one-time grant of stock options was made to each eligible employee to purchase between 100 and 300 shares at an exercise price of approximately \$76.31 per share. Outstanding options vested under the plan on February 11, 2000, and expire on February 11, 2008 or 180 days after the date the option holder's employment with the Corporation ends. No further options can be granted under the 1998 Stock Option Program.

419,447 ChevronTexaco Stock Fund units were allocated to participant accounts as of December 31, 2002 under the Deferred Compensation Plan. The Deferred Compensation Plan is intended to qualify as an unfunded ERISA pension

EQUITY COMPENSATION PLAN INFORMATION *(Concluded)*

plan maintained by an employer for a select group of management or highly compensated employees, as described in 26 C.F.R. § 2520.104-23(d). The plan allows participants to defer receipt of earned salary and awards under certain Corporation benefit plans and to invest such deferred amounts in a range of deemed investment alternatives, including but not limited to, investment in notional units valued with reference to a ChevronTexaco Stock Fund. A participant may elect to transfer amounts already credited to his or her deferral account among any of the available investment funds by following the procedures prescribed by the Management Compensation Committee. A participant's deferral account is distributed in cash, except that amounts valued with reference to the ChevronTexaco Stock Fund will be distributed in stock.

There are no outstanding rights under the UK Plan as of December 31, 2002. The UK Plan has been established effective January 1, 2003 by Chevron Texaco UK Limited (CT UK Ltd.) to give its and participating subsidiary company employees the opportunity to accumulate shares of ChevronTexaco Stock. The UK Plan succeeds certain prior plans established for the benefit of UK employees. The UK Plan allows employees to contribute to the plan pre-tax up to 10% of the employee's basic salary or, if less, £125 per month for the purchase of shares of ChevronTexaco Stock. Pursuant to the terms, CT UK Ltd. will contribute 2 matching shares for every 1 share purchased with employee contributions up to 2.5% of the employee's basic salary or, if less, the first £125 of monthly contributions. Each month, the trustee of the UK Plan will purchase the necessary shares in the open market at the current market value.

(8) Represents the exercise price for outstanding options under 1998 Stock Option Program. There is no exercise price for outstanding rights under the Deferred Compensation Plan. The UK Plan does not contain any outstanding rights as of December 31, 2002.

(9) No further options can be granted under the 1998 Stock Option Program.

The Deferred Compensation Plan provisions do not provide for a limitation on the number of shares available under the plan. The total actual distribution of stock under the Deferred Compensation Plan was 14,164 shares in 2002 and 30,108 shares in 2001.

The UK Plan provisions do not provide for a limitation on the number of shares to be purchased pursuant to the plan; however, as described in footnote (7), the UK Plan does contain limitations based on the percentage of salary that may be contributed annually under the plan. In addition, the shares purchased under the UK Plan are purchased in the open market and thus there should be no dilution based upon issuances under this plan; the Corporation currently estimates issuances per year over the next two to three years to be approximately 120,000 shares per year.

RATIFICATION OF INDEPENDENT ACCOUNTANTS

(Item 2 on the proxy form)

The Audit Committee, which is composed entirely of independent Directors, has selected PricewaterhouseCoopers LLP (PricewaterhouseCoopers) as independent accountants to audit the books, records and accounts of ChevronTexaco and its subsidiaries for the year 2003. Your Board has endorsed this appointment. PricewaterhouseCoopers previously audited the consolidated financial statements of ChevronTexaco and during the two years ended December 31, 2002 provided both audit and non-audit services.

Principal Accountant Fees and Services

Aggregate fees for professional services rendered for the Corporation by PricewaterhouseCoopers for the years ended December 31, 2002 and 2001, were as follows (millions of dollars):

Services Provided	2002	2001

Tax	10.8	8.8
All Other*	23.3	40.3
	—	—
Total	\$49.8	\$63.9
	—	—

* Included in the *All Other* fees above are \$21.8 million and \$36.9 million for 2002 and 2001, respectively, relating to services that PricewaterhouseCoopers no longer provides and, accordingly, are not expected to recur.

The *Audit* fees for the years ended December 31, 2002 and 2001 were for the audits of the consolidated financial statements of the Corporation, statutory and subsidiary audits, issuance of comfort letters and consents, and assistance with and review of documents filed with the SEC.

The *Audit Related* fees for the years ended December 31, 2002 and 2001 were for assurance and related services for employee benefit plan audits, due diligence related to mergers and acquisitions, accounting consultations and attest services that are not required by statute or regulation, and consultations concerning financial accounting and reporting standards.

Audit Committee Pre-Approval Policies and Procedures

The 2002 and 2001 audit and non-audit services provided by PricewaterhouseCoopers were approved by the Audit Committee. The non-audit services which were approved by the Audit Committee were also reviewed to ensure compatibility with maintaining the auditor's independence.

Effective January 2003, the Audit Committee implemented pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit Committee pre-approves both the type of services to be provided by PricewaterhouseCoopers and the estimated fees related to these services.

RATIFICATION OF INDEPENDENT ACCOUNTANTS *(Concluded)*

During the approval process, the Audit Committee considers the impact of the types of services and the related fees on the independence of the auditor. The services and fees must be deemed compatible with the maintenance of the auditor's independence, including compliance with SEC rules and regulations.

Throughout the year, the Audit Committee will review any revisions to the estimates of audit and non-audit fees initially approved.

Representatives of PricewaterhouseCoopers will be present at the Annual Meeting, will have an opportunity to make statements if they desire, and will be available to respond to appropriate questions. If the stockholders do not ratify the appointment of PricewaterhouseCoopers, the Audit Committee will select another firm of auditors for the following year.

Your Board unanimously recommends that you vote FOR the appointment of PricewaterhouseCoopers LLP as Independent Accountants.

APPROVAL OF THE NON-EMPLOYEE DIRECTORS' EQUITY COMPENSATION AND DEFERRAL PLAN

(Item 3 on the proxy form)

Your Board recommends you vote in favor of the ChevronTexaco Corporation Non-Employee Director's Equity Compensation and Deferral Plan (the Plan). The Board adopted the Plan on March 26, 2003, subject to stockholder approval. The Plan will allow non-employee Directors (Directors) to increase their equity interest in ChevronTexaco. The Board believes that such equity compensation is a significant factor in aligning the Directors' interests with those of ChevronTexaco's stockholders and in keeping ChevronTexaco's compensation competitive in order to attract and retain qualified individuals. The Plan will replace the RSP and the DCP.

Description of the Plan

The following is a summary of the principal features of the Plan. The summary, however, is not a complete description of all the provisions of the Plan. A copy of the Plan is included as Appendix A.

Eligibility

Only members of the Board who are not employees of ChevronTexaco or its subsidiaries or affiliates are eligible to participate in the Plan. Currently, there are 12 non-employee Directors. All non-employee Directors are expected to receive awards under the Plan.

Types of Awards

The Plan provides for three types of awards: stock options, restricted stock and stock units. These awards may be in addition to or in lieu of the annual cash retainer paid to Directors. The principal features of these awards are described below.

Shares Subject to the Plan

A total of 400,000 shares of ChevronTexaco Stock are reserved for issuance under the Plan. These 400,000 shares include the number of shares currently available for issuance under the RSP. Shares issued or subject to issuance upon the exercise of options and restricted stock awards and shares equaling the number of stock units granted will count in computing the total number of shares available for awards under the Plan. Dividends, dividend equivalents, interest and other amounts credited with respect to any award outstanding under the Plan do not apply against the limit. If awards under the Plan are forfeited or otherwise terminated before exercise or settlement, then the corresponding shares will again become available for awards under the Plan. ChevronTexaco Stock issued under the Plan may be either authorized and unissued shares or issued shares that have been reacquired.

Administration

Unless otherwise designated by the Board, the Board Nominating and Governance Committee (Committee) will have authority to administer and interpret the Plan and may adopt rules to do so (Rules).

Options

Grants

Directors may be awarded an option (Option) to purchase shares of ChevronTexaco Stock. All Options granted under the Plan will be nonstatutory options and have no special tax status. No incentive stock options will be granted under the Plan. The Committee has discretion to determine the number and terms of Options awarded under the Plan including the vesting schedule and the maximum term for which any Option is to remain outstanding. The number of shares subject to the Option will be set forth in an Option Agreement and shall be determined pursuant to Rules adopted by the Committee.

APPROVAL OF THE NON-EMPLOYEE DIRECTORS EQUITY COMPENSATION AND DEFERRAL PLAN *(Continued)*

Price; Stockholder Rights; Assignability and Transferability

Each Option will have an exercise price per share equal to the fair market value of a share of ChevronTexaco Stock on the date of grant. The fair market value will be the price per share at which shares were traded at the close of business on the date of grant as reported on ChevronTexaco's web site at chevrontexaco.com or, if no trading of ChevronTexaco Stock is reported for that day, the preceding day on which trading was reported.

No Director who has been awarded an Option will have any stockholder rights with respect to the shares covered by the Option until the interest in the shares is recorded as a book entry on the records of ChevronTexaco or a stock certificate is issued. An Option may only be assigned or transferred as permitted by the Committee.

Restricted Stock Awards

Grants

After each Annual Meeting, a Director who is elected to serve on the Board will receive an award of restricted stock. The number of shares will be determined by the Board on or before the date of the meeting.

The Committee has discretion to determine the terms of restricted stock awards, including vesting and forfeiture.

Restrictions and Conditions; Stockholder Rights; Assignability and Transferability

Except as provided by the Committee, the holders of restricted stock awards will have the same voting, dividend and other rights as ChevronTexaco's other stockholders. Generally, until all restrictions are removed, a Director will not be permitted to sell, transfer, pledge, assign or encumber restricted stock awarded under the Plan.

Stock Units

Grants

After each Annual Meeting, a Director who is elected to the Board will receive an award of a number of stock units determined by the Board on or before the date of that Annual Meeting. A stock unit is a right to receive a share of ChevronTexaco Stock.

The Committee has discretion to determine the terms of stock unit awards, including rules dealing with the disposition of stock unit awards in the event of a termination of an individual's status as a Director.

Stockholder Rights; Assignability and Transferability

Until a Director receives a distribution of a stock unit award in the form of shares of ChevronTexaco Stock, the Director will have no dividend rights, voting rights or other rights as a stockholder with respect to the shares covered by the stock units. Any stock unit awarded under the Plan may carry with it dividend equivalents.

Generally, a stock unit award may not be sold, assigned, transferred, pledged or otherwise encumbered prior to the date on which the shares are issued or the award becomes payable.

Deferred Compensation

Edgar Filing: CHEVRONTEXACO CORP - Form DEF 14A

The deferred compensation provisions of the Plan generally are a continuation of the deferral program previously implemented under the DCP. The Committee has the discretion to determine rules under which Directors may defer all or a portion of their annual cash retainer, the investments to be used to measure the value of such deferrals, the crediting of interest and earnings, and the time, form and value of distributions.

APPROVAL OF THE NON-EMPLOYEE DIRECTORS EQUITY COMPENSATION AND DEFERRAL PLAN *(Continued)*

Expected Operation of the Plan

ChevronTexaco intends to use the Plan to help administer its compensation program for Directors. For at least the next year, the Board expects the Plan to operate according to the following provisions as approved by the Committee, which are subject to amendment at any time by the Committee.

Retainer Options

Directors will be able to make an election to receive an Option in lieu of all or a portion of the annual cash retainer which would otherwise be paid in a 12-month period. Options are expected to be granted at the same time that ChevronTexaco makes stock option grants annually to eligible employees.

Restricted Stock

For the 2003 Annual Meeting, the Board expects to award 400 restricted shares to each Director.

Stock Units

For the 2003 Annual Meeting, the Board expects to award approximately 1,400 stock units to each Director. Distribution of stock units will be in shares of ChevronTexaco Stock, with cash to be distributed for any fractional share. Dividend equivalents will be credited to each outstanding stock unit.

Deferred Compensation

Directors who elects to defer all or a portion of the annual cash retainer will have the value of the deferral determined according to one or more of the funds used for a similar purpose under the ChevronTexaco Corporation Deferred Compensation Plan for Management Employees. Available funds include the ChevronTexaco Stock Fund. Generally, distribution of deferred amounts will be in the form of cash. However, that portion of a Director's account valued with respect to the ChevronTexaco Stock Fund will be distributed in shares of ChevronTexaco Stock, plus cash representing the value of any fractional share.

General Plan Provisions

Changes in Capitalization

In the event any change is made to the outstanding shares of ChevronTexaco Stock by reason of any stock dividend, stock split, or other subdivision or combination of shares, appropriate adjustments will be made to (i) the maximum number and/or class of securities issuable under the Plan, and (ii) the number and/or class or securities and exercise price (if applicable) for which awards are outstanding under the Plan. Such adjustments will be designed to preclude any dilution or enlargement of benefits under the Plan or the outstanding awards under it. In the event of a dissolution or liquidation of ChevronTexaco or a merger, consolidation or other reorganization, the nonvested award will be governed by the terms of the agreement of merger, consolidation or reorganization.

Amendment and Termination

The Board may amend or terminate the Plan at any time. Generally any revision or amendment that would cause the Plan to fail to comply with any law or regulation if such amendment were not approved by the stockholders will not be effective unless approval of the stockholders is obtained. Rights under any award granted before amendment of the Plan cannot be impaired without the consent of the affected Director.

Federal Income Tax Consequences

Edgar Filing: CHEVRONTEXACO CORP - Form DEF 14A

The following is a brief summary of the effect of U.S. federal income taxation on the award recipient and on the Corporation and does not discuss the income tax laws of any municipality or state in which a recipient lives.

APPROVAL OF THE NON-EMPLOYEE DIRECTORS EQUITY COMPENSATION AND DEFERRAL PLAN *(Concluded)*

Option Grants

Generally, a Director will not recognize taxable income upon the grant of an Option, nor will ChevronTexaco be entitled to a tax deduction at that time. A Director will in general recognize ordinary income when the Option is exercised, equal to the excess of the fair market value of the Option shares over the exercise price paid. ChevronTexaco will be entitled to an income tax deduction in the year of exercise equal to the amount of ordinary income recognized by a Director.

Restricted Stock Awards

Generally, a Director will not recognize taxable income at the time of grant of a restricted stock award, nor will ChevronTexaco be entitled to a tax deduction at that time. A Director will be subject to ordinary income tax on the fair market value of the shares at the time the restrictions lapse and ChevronTexaco will be entitled to a tax deduction of that amount.

Stock Unit Awards

Generally, a Director will not recognize taxable income at the time of award of stock units, nor will ChevronTexaco be entitled to a tax deduction. When stock units are distributed, a Director will be subject to ordinary income tax on the fair market value of the shares and the amount of cash received. ChevronTexaco will be entitled to a tax deduction equal to that ordinary income.

Deferred Compensation Program

In general, a Director will not be taxed on any amounts deferred under the Plan until they are distributed. When a Director receives a distribution, it will be taxable as ordinary income. ChevronTexaco will be entitled to a tax deduction equal to that ordinary income.

New Plan Benefits Table

The following table reflects the benefits proposed to be allocated under the Plan for the one-year period beginning May 22, 2003. All benefits under the Plan are for Directors. The number of shares or units awarded may change in subsequent years as determined by the Board. The dollar value figures given below are estimated based on the fair market value of a share of ChevronTexaco Stock as of March 24, 2003. Since the value and number of shares covered by the Option and deferred compensation components depend on Director elections and are not determinable, that information is not included.

Name and Position	Dollar Value \$	Number of Securities	Type of Security
*	\$25,992	400	Restricted Stock
	\$64,980	1,400	Stock Units

* Each Director receives the same benefit.

Vote Required

Approval of the Plan requires the affirmative vote of the holders of a majority of the outstanding shares of ChevronTexaco Stock present or represented and entitled to vote at the 2003 Annual Meeting.

Your Board unanimously recommends that you vote FOR the Non-Employee Directors Equity Compensation and Deferral Plan.

STOCKHOLDER PROPOSALS

STOCKHOLDER PROPOSAL TO SUBMIT THE RIGHTS PLAN TO A STOCKHOLDER VOTE

(Item 4 on the proxy form)

This topic won an average 60% yes vote at 50 companies in 2002.

This is to recommend that the Board of Directors redeem any poison pill previously issued (if applicable) and not adopt or extend any poison pill unless such adoption or extension has been submitted to a shareholder vote.

Harvard Report

A 2001 Harvard Business School study found that good corporate governance (which took into account whether a company has a poison pill) was positively and significantly related to company value. This study, conducted with the University of Pennsylvania's Wharton School, reviewed the relationship between the corporate governance index for 1,500 companies and company performance from 1990 to 1999.

Some believe that a company with good governance will perform better over time, leading to a higher stock price. Others see good governance as a means of reducing risk, as they believe it decreases the likelihood of bad things happening to a company.

Since the 1980s Fidelity, a mutual fund giant with \$800 billion invested, has withheld votes for directors at companies that have approved poison pills, *Wall Street Journal*, June 12, 2002.

Council of Institutional Investors Recommendation

The Council of Institutional Investors www.cii.org, an organization of 120 pension funds which invests \$1.5 trillion, called for shareholder approval of poison pills. In recent years, various companies have been willing to redeem existing poison pills or seek shareholder approval for their poison pill. This includes Columbia/HCA, McDermott International and Bausch & Lomb. I believe that our company should follow suit and allow shareholder participation.

STOCKHOLDER PROPOSALS *(Continued)*

YOUR BOARD'S RECOMMENDATION AGAINST THE PROPOSAL TO SUBMIT THE RIGHTS PLAN TO A STOCKHOLDER VOTE

Your Board recommends that you vote AGAINST this proposal. We believe it is not in the best interest of our stockholders and would actually limit our ability to respond quickly and rationally to an unsolicited offer. Furthermore, our existing stockholder rights plan is already set to terminate on November 23rd of this year.

The current stockholder rights plan was adopted to protect stockholders against abusive takeover tactics and to ensure that each stockholder would be treated fairly in an unsolicited offer to acquire ChevronTexaco. Rights plans have proven to give boards time to evaluate offers, investigate alternatives, and take steps necessary to maximize value for all stockholders.

We also have taken significant steps to address stockholder concerns about the nature of the plan:

Since 1998, the Board has mandated that a committee of experienced independent directors evaluate the plan at least once every three years to determine the value of its continuation.

The Board carefully reviewed the plan in 2002 and amended it to expire five years earlier than its initial, final expiration date. The plan will now expire on November 23, 2003.

Your Board continues to believe that it is important to retain the flexibility to adopt a stockholder rights plan without having to conduct a stockholder vote. This flexibility is designed to improve the Board's ability to protect the interests of ChevronTexaco and all of its stockholders by enhancing the Board's ability to negotiate with a potential acquirer and discouraging coercive takeover tactics. A requirement that the Board seek a stockholder vote on any stockholder rights plan could seriously weaken the Board's negotiating position in a hostile situation and leave it less able to protect stockholder interests.

When the stockholder rights plan expires later this year, the Board believes it will be able to best maximize stockholder value if it retains the ability to adopt a stockholder rights plan in the future, if warranted, to preserve and protect stockholder interests.

By implementing a periodic evaluation of the current plan and significantly shortening its term, the Board has demonstrated its willingness to be responsive to stockholder concerns about the powerful nature of such plans. For these reasons, we believe that the adoption of the proposal would not be in the best interest of our stockholders, and your Board recommends you vote AGAINST the proposal.

STOCKHOLDER PROPOSALS *(Continued)*

STOCKHOLDER PROPOSAL TO REPORT ON RENEWABLE ENERGY

(Item 5 on the proxy form)

WHEREAS:

Global mandates and goals for renewables are growing. Renewables are the fastest growing segment of the energy market.

The annual global development of wind and solar resources exceeds 25%. From 1992-2001 global wind capacity grew from nearly 2,300 MW to over 23,000 MW a ten-fold increase, while solar photovoltaics capacity grew nearly 400% from 370 MW to over 1,800 MW.

Several U.S. states including Texas (3%) and California (20%) have renewables requirements for electricity production. The U.K. adopted a 20% requirement for renewables by 2020; six other countries have proposed or implemented mandates.

In addition, the E.U. has a goal of 22% renewables by 2010, and six European and Middle Eastern countries have goals ranging from 3% to 100%. Recent forecasts indicate clean energy markets will grow to \$82 billion by 2010.

International energy companies will face unprecedented pressure to reduce emissions and meet clean energy demands, since 178 countries have signed the final emissions reductions rules for the Kyoto Protocol. Although US operations will not be subject to these requirements, our company will be subject to them in the countries that have ratified Kyoto. New laws will require both reductions in operational emissions, and utilizing or offering alternative low-carbon alternatives. Failure to do so may result in expensive requirements to purchase carbon credits while competitors with efficiencies such as renewables will generate a new revenue source through the sale of excess credits.

Two of our main international competitors, Royal Dutch/Shell and BP, have significantly increased their development of renewables.

In July 2002, BP announced its goal of being a new company able to offer global energy solutions through gasoline and diesel producing lower emissions and becoming the world's leading producer of solar power. BP stated in a March 11, 2002 press release that BP would continue to expand its solar business which is set to grow by 40% this year and already has a 17% share of the world market.

ChevronTexaco's initial step into renewables is promising but is nowhere near the scale of investment made by some of its competitors and we believe is insufficient to meet the needs created by growing political mandates.

ChevronTexaco has not told shareholders how it intends to keep pace with its competitors or how it intends to meet growing regulatory pressures for renewable energy.

RESOLVED: Shareholders request the Board to prepare a report (at reasonable cost and omitting proprietary information), by September 1, 2003 explaining how the company will respond to rising regulatory, competitive and public pressure to significantly develop renewable energy sources.

Supporting Statement

ChevronTexaco has partial ownership in a 22.4 MW wind farm, and appears to have some other investments, although small in comparison to BP and Shell. Supporting this resolution will indicate shareholder desire for full disclosure of the company's strategy to meet growing demand for diversified energy sources and to remain competitive in the new Kyoto Treaty-constrained energy markets.

STOCKHOLDER PROPOSALS *(Continued)*

YOUR BOARD'S RECOMMENDATION AGAINST THE PROPOSAL TO REPORT ON RENEWABLE ENERGY

Your Corporation is active in various areas of energy production including renewable and alternative energy and already communicates its efforts as part of its presentations and publications to customers, investors, employees, partners and other stakeholders. In addition, this information is routinely published through press releases, on our Internet web site www.ChevronTexaco.com, and in other company publications ranging from capability brochures to our Annual Report. Consequently, your Board believes this proposal is unnecessary and recommends you vote AGAINST the proposal.

ChevronTexaco is confident that its practices and communications around the development and commercialization of renewable and alternative energy technologies reflect an appropriate research and investment prioritization, as compared to our other opportunities to create stockholder value. We accept our responsibility to customers and the public to provide low-cost energy sources for the future and believe renewable and alternative energy sources are important in the overall mix of energy for the global economy. However, their widespread application will depend on many factors including the rate of technological development, market acceptance and demonstration of economic viability.

We have been actively involved in both renewable and alternative energy development. For example, along with our partners, the Corporation is investing in a wind farm that is now producing electricity at our refinery in Holland. It is designed around nine turbines capable of producing 22 megawatts of power enough for 20,000 homes. In another renewable energy project, ChevronTexaco is tapping into solar power through the installation of an array of flexible photovoltaic panels that provide 500 kilowatts of power to our oil field operations in California's San Joaquin Valley. Both of these projects make economic sense today and provide the Corporation sound learning about renewables and their ability to play a more significant, but still economic, role in our future global energy mix.

ChevronTexaco has also invested strongly in energy efficiency as a responsible way to conserve energy resources and reduce greenhouse gas emissions. This long-term commitment resulted in a 20 percent energy efficiency improvement over 10 years for Chevron facilities. It will continue to deliver significant improvements well into the future.

In the larger area of alternative energy, we have been actively involved in technology development, including advanced batteries, hydrogen storage and hydrogen infrastructure development. We are working to broaden the commercial application of high-performance nickel-metal hydride batteries, and one of our joint ventures is now manufacturing the advanced Ovonic™ nickel-metal hydride batteries. Also, ChevronTexaco's corporate headquarters in San Ramon uses the largest stationary fuel cell in Northern California to provide secure power for our information technology equipment.

The development and commercialization of renewable and alternative energy sources is the sole focus of two business units that are unique among oil companies: ChevronTexaco Technology Ventures for the development of alternative energy sources and Chevron Energy Solutions for the commercialization of promising new energy technologies.

ChevronTexaco is actively engaged in developing cleaner energy resources that are commercially competitive, and our efforts at doing so are well publicized. Because our current actions and communication efforts have made it unnecessary, your Board recommends you vote AGAINST the proposal.

STOCKHOLDER PROPOSALS *(Continued)*

STOCKHOLDER PROPOSAL TO REPORT ON CEO COMPENSATION

(Item 6 on the proxy form)

RESOLVED: The shareholders of ChevronTexaco Corporation (the Company) request that the Compensation Committee of the Board of Directors meet with the Company's Chief Executive Officer to review ways he can voluntarily reduce his compensation to more reasonable and justifiable levels and to report on the outcome of their review in next year's proxy statement.

Supporting Statement

William J. McDonough, President of the Federal Reserve Bank of New York, in a widely reported speech on Sept. 11, 2002, called on top corporate executives to cut their pay. Citing a study that found the average chief executive officer's pay has gone from 42 to 400 times that of the average production worker in the past 20 years, Mr. McDonough labeled the big jump in executive compensation "terribly bad social policy and perhaps even bad morals." He urged CEOs and their boards should simply reach the conclusion that executive pay is excessive and adjust it to more reasonable and justifiable levels.

There has been some movement in that direction already.

Jack Welch, former GE Chairman and CEO, asked the GE board of directors to modify his employment contract that was laden with extraordinarily lush retirement benefits to eliminate everything except the traditional office and administrative support given for decades to all retired GE Chairmen. Mr. Welch explained in a guest column in the Wall Street Journal that he did not want to look like someone who's out of touch in today's post-Enron world . . . and in these times when public confidence and trust have been shaken, I've learned the hard way that perception matters more than ever.

Gary Winnick, chairman of Global Crossing Ltd., pledged to contribute \$25 million to offset some of the retirement-plan losses sustained by thousands of his company's current and former employees as a result of his company's stock-price declines. This prompted Duke University law professor James Cox to comment in the Wall Street Journal that: "This sets a high moral bar, so I do think some other executives will take the cue and do it."

Cendant Corp. announced that the compensation of its chairman and CEO, Henry Silverman, would be more than halved after he voluntarily agreed to the elimination of his right to an annual stock option grant and more closely linked his overall pay to the company's earnings.

The compensation of the Company's CEO needs review. The Company's 2002 proxy statement showed in its performance graph that measured by the value of \$100 invested on December 31, 1996, as of the end of 2001 the Company had underperformed the S&P 500 Index and one Peer Group while beating another Peer Group by a mere 70-cents. Yet for 2001, according to the executive compensation charts in the 2002 proxy statement, the Company's CEO received a salary of \$970,833, a bonus of \$5 million, options on 150,000 shares (which after 10 years could be worth \$8,353,293 based on a 5% assumed compounded annual rate of stock price appreciation and \$21,168,884 million based on a 10% assumed compounded annual rate of stock price appreciation), \$1,143,581 of vested performance units, and \$141,853 in all other compensation.

We submit it is indisputable from those facts and figures that the Company's Compensation Committee should meet with the CEO to review ways to reduce his compensation to more reasonable and justifiable levels and to report to shareholders

STOCKHOLDER PROPOSALS *(Concluded)*

on the outcome of that review in next year's proxy statement.

If you agree, please vote for this proposal.

YOUR BOARD'S RECOMMENDATION AGAINST THE PROPOSAL TO REPORT ON CEO COMPENSATION

Your Board recommends you vote AGAINST the proposal because a comprehensive review of our Chief Executive Officer's compensation already is conducted each year by the Management Compensation Committee of the Board, with the assistance of an independent compensation consultant. Further, the Board feels the ChevronTexaco CEO's compensation should be competitive with peer group compensation and is not excessive.

The Committee, comprising five independent directors, meets at least four times each year and regularly reviews the CEO compensation package in light of particular business conditions and current Corporation performance. The Committee is charged with evaluating against multiple performance criteria the CEO's base pay, annual bonus, stock options and other direct and indirect benefits. It reviews and approves the corporate goals and objectives relevant to the compensation of the CEO, evaluates the CEO's relative performance in light of these goals and communicates the result of these evaluations to the CEO. The Committee, through its current practices, forges a close alignment between Corporation performance, stockholder interests and executive compensation.

As detailed in the Executive Compensation section of this proxy statement, compensation is tied to short- and long-term financial and operating performance, progress toward Corporation goals, objectives and strategic intents. The Committee links compensation to the creation of stockholder value and to experience and responsibility. It seeks to maintain an appropriate balance between base salary and pay-at-risk incentive opportunities, and to attract and retain the leadership team that will most contribute to stockholder value. For all these reasons your Board recommends you vote AGAINST the proposal.

SUBMISSION OF FUTURE STOCKHOLDER

PROPOSALS

ChevronTexaco's Restated Certificate of Incorporation precludes taking actions on any proposal that is not included in the proxy statement unless the Board decides to waive the restriction.

If a stockholder wishes to present a proposal for action at the Annual Meeting in 2004, the proponent and the proposal must comply with the proxy proposal submission rules of the SEC. One of the requirements is that the proposal be received by the Corporate Secretary no later than December 17, 2003. Proposals we receive after that date will not be included in the proxy statement or acted upon at the 2004 Annual Meeting. We urge stockholders to submit proposals by Certified Mail - Return Receipt Requested.

You may obtain a copy of the current rules for submitting stockholder proposals from the SEC at:

U.S. Securities and Exchange Commission

or through the Commission's Internet web site: www.sec.gov. Request SEC Release No. 34-40018, May 21, 1998.

ChevronTexaco prints qualifying proposals in the proxy statement in the form that we receive them. We will provide the name, address and share ownership of the stockholder submitting a qualifying proposal upon a stockholder's oral or written request.

OTHER MATTERS

Your Board does not know of any other matter that will be presented for consideration at the 2003 Annual Meeting. If any other matter does properly come before the 2003 Annual Meeting, your proxy holders will vote on it as they think best unless you direct otherwise in your proxy instruction.

No member of the Board or the Committee shall be liable for any action or determination made in good faith by the Board or the Committee with respect to the Plan or any Award under it.

(c) Administration of the Plan Following a Change-in-Control.

Within 30 days after the occurrence of a Change in Control, the Committee shall appoint an independent organization which shall thereafter administer the Plan and have all of the powers and duties formerly held and exercised by the Committee with respect to the Plan as provided in Section 3(a). Common Stock issued under the Plan may be either authorized and unissued Shares or issued Shares that have been reacquired by the Corporation, as determined in the sole discretion of the Committee.

APPENDIX A: NON-EMPLOYEE DIRECTORS EQUITY COMPENSATION AND DEFERRAL PLAN

No fractional Shares shall be issued under the Plan.

(a) Option Awards.

The terms of each Option shall be set forth in an Option Agreement, which shall contain such provisions not inconsistent with the terms of the Plan, including, without limitation, restrictions upon the exercise of the Option, as the Committee shall deem advisable in its sole discretion. Any Option may be sold, assigned, transferred, pledged or otherwise encumbered only as specifically permitted in the Rules.

(b) Number of Shares Covered by Option.

Each Option shall state the number of Shares to which it pertains and shall provide for the adjustment thereof in accordance with the provisions of Section 10. No fractional Shares shall be issued pursuant to the exercise of an Option.

(c) Exercise Price.

The exercise price of each Share covered by an Option shall be one hundred percent (100%) of the Fair Market Value of a Share on the date the Option is awarded.

(d) Rights as a Stockholder.

A Director who has been awarded an Option or any transferee of an Option (to the extent transfers of an Option are permitted under the Rules) shall have no rights with respect to any Shares covered by his or her Option until the earlier of the date such interest is recorded as a book entry on the records of the Corporation or the date of issuance of a stock certificate for such Shares. No adjustment shall be made for dividends (ordinary or extraordinary, whether in cash, securities or other property) or distributions or other rights for which the record date is prior to the date such stock certificate is issued, except as provided elsewhere in this Plan or in the Rules.

(e) Nonstatutory Stock Options.

All Options shall be designated as nonstatutory stock options which do not qualify as incentive stock options under Section 422 of the Code.

7. Restricted Stock.

Awards of Restricted Stock shall be subject to the following terms and conditions and to such additional terms and conditions, not inconsistent with the express provisions of the Plan, as the Committee in its sole discretion shall deem desirable.

(a) Awards.

As of the date of each Annual Meeting at which a Director is elected to serve on the Board, each such Director shall receive an Award of a specified number of shares of Restricted Stock, the number to be determined by the Board in its sole discretion by resolution adopted on or before the date of the applicable Annual Meeting. This annual Restricted Stock Award shall be subject to adjustment as provided in Section 10.

(b) Terms and Conditions of Awards.

The terms of each Restricted Stock Award shall be set forth in Rules, which Rules shall contain such provisions (including, without limitation, rules regarding vesting and forfeiture) as the Committee determines to be necessary or appropriate to carry out the intent of the Plan with respect to such Award. Except as otherwise provided in the Rules, any Restricted Stock Award may not be sold, assigned, transferred, pledged or otherwise encumbered prior to the date all applicable restrictions lapse. The Corporation shall maintain in its records a book entry account to which the Shares represented by each Restricted Stock Award shall be credited. The shares in the book entry account represented by such Restricted Stock Award shall be subject to the terms, conditions, and restrictions applicable to such Award. The Committee shall require that no change shall be made in the book entry account representing a Restricted Stock Award until the restrictions thereon shall have lapsed. At that time, a book entry shall be made in the records of the Corporation in the name of the Director in the amount of Shares as to which the restrictions have lapsed.

(c) Stockholders Rights.

Except as provided in the Rules, the holders of Restricted Stock Awards shall have the same voting, dividend and other rights as the Corporation's other stockholders.

8. Stock Units.

(a) Awards.

Each Stock Unit Award shall be subject to the terms and conditions set forth in the Rules.

(b) Number of Shares Covered by Stock Units.

As of the date of each Annual Meeting at which a Director is elected to serve on the Board until the following Annual Meeting, each such Director shall receive an Award of a specified number of Stock Units, the number and time of award to be determined by resolution adopted by the Board on or before the date of the applicable Annual Meeting. Stock Unit Awards shall be subject to adjustment as provided in Section 10.

(c) Terms and Conditions.

In addition to the terms and conditions specified in the Rules, Stock Unit Awards made pursuant to this Section 8 shall be subject to the following:

- (i) Except as otherwise provided in the Rules, any Stock Unit Award may not be sold, assigned, transferred, pledged or otherwise encumbered prior to the date on which the

APPENDIX A: NON-EMPLOYEE DIRECTORS EQUITY COMPENSATION AND DEFERRAL PLAN

Shares are issued or the Award becomes payable.

- (ii) The Rules shall contain provisions dealing with the disposition of Stock Unit Awards in the event of a termination of an individual's status as a Director.

(d) Stockholders' Rights.

The holders of Stock Units shall have no voting rights. Prior to settlement or forfeiture, if the Rules so provide, any Stock Unit awarded under the Plan may carry with it dividend equivalents. Such right entitles the holder to be credited with an amount equal to all cash dividends paid on one Share while such Stock Unit is outstanding. Dividend equivalents may be converted into additional Stock Units, as provided in the Rules.

(e) Stock Unit Accounts.

The stock unit account of each Director who received an award of stock units under the Chevron Corporation Restricted Stock Plan for Non-Employee Directors with respect to service as a Director prior to the 1997 Annual Meeting shall continue to be maintained pursuant to the terms of such plan as in effect prior to April 30, 1997.

In the event of a dissolution or liquidation of the Corporation or a merger, consolidation or other reorganization, the Shares subject to each non-vested Award shall be handled in accordance with the terms of the agreement of merger, consolidation or reorganization which may provide for the full vesting, cash-out or assumption of such Awards.

The Committee shall prescribe Rules governing the adjustment of the number of Shares covered by the Plan as provided in Section 4, the number of Shares covered by or referred to in each outstanding Award and the exercise price, if applicable, of each outstanding Award in the event that the preferred stock purchase rights issued pursuant to the Corporation's stockholder rights plan or any successor stockholder rights plan detach from the Common Stock and become exercisable.

Except as provided in this Section 10, a Director shall have no rights by reason of any subdivision or consolidation of shares of stock of any class, the payment of any dividend or any other increase or decrease in the number of shares of stock of any class. Except as provided in this Section 10, any issue by the Corporation of shares of stock of any class, or securities convertible into shares of stock of any class, shall not affect, and no adjustment by reason thereof shall be made with respect to, the number or exercise price of Shares subject to an Award. The grant of an Award pursuant to the Plan shall not affect in any way the right or power of the Corporation to make adjustments, reclassifications, or reorganizations or changes of its capital or business structure, to merge or consolidate or to dissolve, liquidate, sell or transfer all or any part of its business or assets.

11. Securities Law Requirements.

No Shares shall be issued and no Options shall become exercisable pursuant to the Plan unless and until the Corporation has determined that: (i) it and the Director have taken all actions required to register the Shares under the Securities Act of 1933, as amended, or perfect an exemption from the registration requirements thereof; (ii) any applicable listing requirement of any stock exchange on which the Common Stock is listed has been satisfied; and (iii) any other applicable provision of state or federal law has been satisfied.

12. Amendments of the Plan and Awards.

(a) Plan Amendments.

The Board may, insofar as permitted by law, from time to time and in its discretion, with respect to any Shares at the time not subject to Awards, suspend or discontinue the Plan or revise or amend it in any respect whatsoever without stockholder approval. However, unless the Board specifically otherwise provides, any revision or amendment that would cause the Plan to fail to comply with any requirement of applicable law or regulation if such amendment were not approved by the stockholders of the Corporation shall not be effective unless and until the approval of the stockholders of the Corporation is obtained.

APPENDIX A: NON-EMPLOYEE DIRECTORS EQUITY COMPENSATION AND DEFERRAL PLAN

(b) Amendments of Awards.

Subject to the terms and conditions and within the limitations of the Plan, the Board may amend, cancel, modify, extend or renew outstanding Awards granted under the Plan, or accept the exchange of outstanding non-vested Awards (to the extent not theretofore exercised) for the granting of new Awards in substitution therefor.

(c) Rights of Directors.

No amendment, suspension or termination of the Plan nor any amendment, cancellation or modification of any Award outstanding under it that would adversely affect the right of any Director in an Award previously granted under the Plan shall be effective without the written consent of the affected Director.

13. General Provisions.

(a) Application of Funds.

The proceeds received by the Corporation from the sale of Common Stock pursuant to the exercise of an Option shall be used for general corporate purposes.

(b) Creditors Rights.

Directors shall have no rights other than those of a general creditor of the corporation with respect to Stock Unit Awards and any Account established pursuant to Section 9. These interests shall represent unfunded and unsecured obligations of the Corporation, subject to the terms and conditions of the applicable Rules.

(c) No Obligation to Exercise Option.

The award of an Option shall impose no obligation upon the Director to exercise such Option.

(d) Costs of the Plan.

The costs and expenses of administering the Plan shall be borne by the Corporation.

(e) Director's Beneficiary.

The Rules may provide that a Director may designate a beneficiary with respect to any Award in the event of death of such Director. If such beneficiary is the executor or administrator of the estate of the Director, any rights with respect to such Award may be transferred to the person or persons or entity (including a trust, if permitted under the Rules) entitled thereto by bequest of or inheritance from the holder of such Award.

(f) Prohibition of Opposite Way Transactions.

To the extent any transactions executed by a Director in securities of the Corporation would be considered a non-exempt purchase or sale of an equity security of the Corporation for purposes of the short-swing profit recovery provisions of Section 16(b) of the Exchange Act, such Director shall be prohibited from executing, or electing to enter into, any transaction relating to or resulting from Awards under this Plan that would be considered an opposite way transaction within six months from such prior non-exempt transaction.

In addition, a Director shall be prohibited from engaging in, or

APPENDIX A: NON-EMPLOYEE DIRECTORS EQUITY COMPENSATION AND DEFERRAL PLAN

(g) Severability.

The provisions of the Plan shall be deemed severable and the validity or unenforceability of any provision shall not affect the validity or enforceability of the other provisions hereof.

(h) Binding Effect of Plan.

The Plan shall be binding upon and shall inure to the benefit of the Corporation, its successors and assigns and the Corporation shall require any successor or assign to expressly assume and agree to perform the Plan in the same manner and to the same extent that the Corporation would be required to perform it if no such succession or assignment had taken place. The term the Corporation as used herein shall include such successors and assigns. The term successors and assigns as used herein shall mean a corporation or other entity directly or indirectly acquiring all or substantially all the assets and business of the Corporation (including the Plan) whether by operation of law or otherwise.

(j) Authority to Establish Grantor Trust.

The Committee is authorized in its sole discretion to establish a grantor trust for the purpose of providing security for the payment of Awards under the Plan; provided, however, that no Director shall be considered to have a beneficial ownership interest (or any other sort of interest) in any specific asset of the Corporation or of its subsidiaries or affiliates as a result of the creation of such trust or the transfer of funds or other property to such trust.

14. Approval of Stockholders.

Adoption of the Plan shall be subject to approval by affirmative vote of the stockholders of the Corporation in accordance with applicable law.
